5. Propose to the GMS the appointment of a Public Accountant and/or Public Accounting Firm to audit the Company's books;
6. Review and examine periodic reports and annual reports prepared by the Board of Directors and sign the annual report;
7. Provide explanations, opinions, and suggestions to the GMS regarding the Annual Report, if requested;
8. Prepare minutes of the Board of Commissioners' meetings and retain one copy;
9. Report to the Company regarding their share ownership and/or that of their family in the Company and other companies;
10. Submit a report on supervisory duties carried out during the past fiscal year to the GMS;
11. Provide explanations on any matters requested by the Series A Dwiwarna Shareholder, taking into account laws and regulations, particularly those in the Capital Market and Banking sectors;
12. Direct, monitor, and evaluate the implementation of integrated governance, risk management, compliance, and strategic policies of the Company in accordance with laws, the Articles of Association, and/or GMS resolutions;
13. Formulate the Board of Commissioners Charter and the Governance Framework between the Company's Board of Commissioners and the Boards of Commissioners of Subsidiaries, considering regulations, especially in the Banking and Capital Market sectors;
14. Perform other duties related to supervisory and advisory roles, provided they do not conflict with laws, the Articles of Association, and/or GMS resolutions;
15. Approve strategic matters in accordance with the Articles of Association;
16. Report to the Financial Services Authority (OJK) no later than five (5) days after discovering:
    1) Violation of the provisions of laws and regulations in the fields of finance, banking, and those related to the Bank's business activities; and/or
    2) Conditions or potential conditions that could endanger the Company's business continuity;
17. Safeguard all data and information related to the Bank provided by the Board of Directors, in accordance with applicable laws;

18. Provide written approval for legal actions undertaken by the Board of Directors as required by BNI Articles of Association No. 06 dated January 13, 2026, taking into account laws and regulations in the Capital Market and Banking sectors:
    a. To write off the Company's assets within certain value thresholds as determined by the Board of Commissioners, taking into account the prevailing laws and regulations governing State-Owned Enterprises, as follows:
        1. Write-offs due to the transfer/disposal of the Company's fixed assets;
        2. Write-offs due to the transfer/disposal of the Company's other assets;
        3. Write-offs of the Company's fixed assets and/or other assets other than those resulting from transfer/disposal;

        excluding the Company's assets in the course of carrying out its business activities in accordance with applicable laws and regulations, including but not limited to assets in the form of loans, securities, foreclosed collateral, movable assets, and other assets acquired in the course of the Company's business activities, with due regard to the regulations in the capital markets and banking sectors;
    b. To pledge the Company's assets as collateral within certain value thresholds as determined by the Board of Commissioners, excluding the Company's assets in the course of carrying out its business activities in accordance with applicable laws and regulations, including but not limited to assets in the form of loans, securities, foreclosed collateral, movable assets, and other assets acquired in the course of the Company's business activities, with due regard to the regulations in the capital markets and banking sectors;
    c. To enter into cooperation arrangements with business entities or other parties in the form of licensing agreements, management contracts, asset leases, Joint Operations (KSO), Build Operate Transfer (BOT), Build Own Transfer (BoT), Build Transfer Operate (BTO), and other similar cooperation arrangements that do not constitute the Company's ordinary course of business (day-to-day business as usual), within certain value or term limits as determined by the Board of Commissioners;
    d. To make equity investments in subsidiaries, joint ventures, and/or other companies, including investments for the establishment of subsidiaries and/or joint ventures, within certain value thresholds as determined by the Board of Commissioners, except in the context of debt recovery, with due regard to regulations in the capital markets and banking sectors;
    e. To reduce equity participation, including through dilution, in subsidiaries, joint ventures, and/or other companies within certain value thresholds as determined by the Board of Commissioners, except in the context of debt recovery, with due regard to regulations in the capital markets and banking sectors;
    f. To divest equity participation in subsidiaries, joint ventures, and/or other companies within certain value thresholds as determined by the Board of Commissioners, except in the context of debt recovery, with due regard to regulations in the capital markets and banking sectors;
    g. To undertake mergers, consolidations, acquisitions, spin-offs, and dissolution of subsidiaries and joint ventures within certain value thresholds as determined by the Board of Commissioners, with due regard to regulations in the capital markets and banking sectors;
    h. To undertake actions that constitute material transactions as defined under capital market regulations, within certain value thresholds as determined by the Board of Commissioners, except for transactions exempted under applicable capital market regulations;
    i. To determine and amend the Company's logo;
    j. To determine the organizational structure one level below the Board of Directors;
    k. To undertake actions not stipulated in the Company's Work Plan and Budget (RKAP).

The Board of Commissioners' approval regarding letters a, b, c, d, e, f, g, and h above with certain limitations and/or criteria, is determined after obtaining the approval of the Series A Dwiwarna Shareholder or the Holder of the Most Series B and Series C Shares. The limitations and/or criteria by the Board of Commissioners for matters referred to in letters a, b, c, d, e, f, g, and h above is determined after obtaining the approval of the Holder of the Most Series B and Series C Shares. The Board of Commissioners' approval regarding letter k above is determined after obtaining the approval of the Holder of the Most Series B and Series C Shares. The actions of the Board of Directors as referred to in point c above, as long as they are necessary for the implementation of business activities commonly carried out in the banking business sector with due regard to the provisions of laws and regulations, do not require the approval of the Board of Commissioners and/or the GMS.

POLICY ON CONCURRENT POSITIONS OF THE BOARD OF COMMISSIONERS [ACGS D.2.6, D.2.7]

Referring to BNI Board of Commissioners Charter and as stipulated in the Regulation of the Minister of State-Owned Enterprises No. PER-3/ MBU/03/2023 on the Organs and Human Resources of State-Owned Enterprises, each member of BNI Board of Commissioners is permitted to hold concurrent positions as a member of the Board of Commissioners in other business entities, provided it complies with sectoral laws and regulations. Furthermore, in accordance with the Financial Services Authority Regulation (OJK) No. 17 of 2023 concerning Governance Implementation for Commercial Banks, all members of the Bank's Board of Commissioners are prohibited from holding concurrent positions as:

1. A member of the Board of Directors, Board of Commissioners, Sharia Supervisory Board, or Executive Officer in financial institutions or financial companies, whether banking or nonbanking;
2. A member of the Board of Directors, Board of Commissioners, Sharia Supervisory Board, or Executive Officer in more than one (1) nonfinancial institution or company, whether domiciled domestically or abroad;
3. A functional position in banking financial institutions and/or non-banking financial institutions, whether domiciled domestically or abroad;
4. Any other position that may cause a conflict of interest in the performance of duties as a member of the Board of Commissioners; and/or
5. Any other position as stipulated by prevailing laws and regulations.

However, the concurrent positions as referred to above do not include the following:

1. Members of the Board of Commissioners serving as members of the Board of Directors, members of the Board of Commissioners, or executive officers performing supervisory functions in one (1) non-bank subsidiary controlled by the Bank;
2. Non-Independent Commissioners carrying out functional duties on behalf of the Bank's shareholders in the form of legal entities within the Bank and/or the Bank's business group; and/or
3. Members of the Board of Commissioners holding positions in non-profit organizations or institutions, provided that such roles do not cause them to neglect their duties and responsibilities as members of the Board of Commissioners.

POLICY ON CONCURRENT POSITIONS FOR THE BOARD OF COMMISSIONERS, INCLUDING INDEPENDENT COMMISSIONERS [ACGS D.2.6]

To ensure the implementation of Good Corporate Governance principles in carrying out its duties and functions, the Board of Commissioners has established a policy prohibiting concurrent positions for its members. This policy is further regulated in the Board of Commissioners Charter pursuant to the Board of Commissioners Decree No. KEP/017/DK/2025 dated September 19, 2025. Additionally, the prohibition of concurrent positions for the Board of Commissioners is stipulated in BNI GCG Guidelines, which specify that members of the Board of Commissioners are prohibited from holding concurrent positions as:

1. Members of the Board of Directors, members of the Board of Commissioners/Supervisory Board, or Executive Officers in financial institutions or financial companies, both banking and non-banking;
2. Members of the Board of Directors, members of the Board of Commissioners, or Executive Officers in more than one (1) non-financial institution or company, whether publicly listed or non-listed, domiciled domestically or abroad;
3. Holding functional roles in banking financial institutions and/or non-banking financial institutions domiciled domestically or abroad;
4. Administrators of political parties and/or candidates/members of the House of Representatives (DPR), Regional Representative Council (DPD), Provincial Regional House of Representatives (DPRD), and Regency/Municipal Regional House of Representatives;
5. Candidates for regional heads/deputy regional heads and/or regional heads/deputy regional heads, including acting regional heads/deputy regional heads;
6. Other positions that may create conflicts of interest in performing duties as members of the Board of Commissioners; and/or
7. Other positions as stipulated by applicable laws and regulations.

Information regarding the concurrent positions of the Bank's Board of Commissioners as of December 31, 2025, is outlined as follows:

Name	Position at the Bank	Member of the Board of Directors of State-Owned Enterprises, Regional Owned Enterprises, Private Owned Enterprises	Management Board of Political Parties and/or Candidates/ Member of DPR, DPD, DPRD Level I, and DPRD Level II and/or Candidates for Regional Head/ Deputy Regional Head	Other Positions in Accordance with the Provisions of Laws and Regulations	Other Positions that Can Cause a Conflict of Interest	Position in a Subsidiary
Omar Sjawaldy Anwar	President Commissioner/ Independent Commissioner	No	No	No	No	No
Tedi Bharata	Vice President Commissioner	No	No	No	No	No
Vera Febyanthy	Independent Commissioner	No	No	No	No	No
Didik Junaedi Rachbini	Independent Commissioner	No	No	No	No	No
Donny Hutabarat	Commissioner	No	No	No	No	No
Febrio Nathan Kacaribu[1)]	Commissioner	No	No	No	No	No

[1)] Served as a member of the Board of Commissioners since December 15, 2025, and as of December 31, 2025, is still undergoing a fit and proper test by the OJK.

MANAGEMENT OF CONFLICT OF INTEREST FOR THE BOARD OF COMMISSIONERS [ACGS A.8.2]

The policy for managing conflicts of interest within the Bank's Board of Commissioners is clearly outlined in the Conflict of Interest Handling Guidelines No. IN/013/CMP/004 dated May 09, 2025. In these guidelines, the Bank encourages all members of the Board of Commissioners to avoid situations that may potentially create conflicts of interest between personal interests and the interests of the Bank. In the event of a conflict of interest, the Board of Commissioners is prohibited from taking actions that could harm or reduce the Bank's benefits and is required to disclose any potential conflicts of interest in every decision making process. To prevent activities that may lead to conflicts of interest, each member of the Board of Commissioners must always:

1. Prioritize the interests of the Company and avoid actions that may compromise the Company's financial standing in the event of a conflict of interest;
2. Refrain from participating in decision-making processes in situations where conflicts of interest exist;
3. Disclose any familial, financial, managerial, or ownership relationships with other members of the Board of Commissioners and/or members of the Board of Directors and/or the Bank's controlling shareholders and/or other parties related to the Company's business activities; and
4. Make the necessary disclosures if decisions must still be made under circumstances involving a conflict of interest.

PARTICIPATION OF THE BOARD OF COMMISSIONERS IN ASSOCIATIONS AND/OR PROFESSIONAL ORGANIZATIONS

Several members of BNI Board of Commissioners are registered as active members in various associations or professional organizations. The active participation of Board members in such associations or organizations does not interfere with the fulfillment of their duties and responsibilities as members of the Bank's Board of Commissioners, and as such, it is not categorized as holding concurrent positions.

Details of the participation of current members of the BNI Board of Commissioners in professional associations or organizations are presented as follows:

Name	Position	Position at the Association/Organization
Omar Sjawaldy Anwar	President Commissioner/ Independent Commissioner	-
Tedi Bharata	Vice President Commissioner	Member of the Higher Education Council
Vera Febyanthy	Independent Commissioner	-

Name	Position	Position at the Association/Organization
Didik Junaedi Rachbini	Independent Commissioner	Chairman of the Supervisory Board at the Institute for Development of Economics and Finance (INDEF) Foundation
Donny Hutabarat	Commissioner	-
Febrio Nathan Kacaribu[1)]	Commissioner	-

1) Served as a member of the Board of Commissioners since December 15, 2025, and as of December 31, 2025, is still undergoing a fit and proper test by the OJK.

LOAN POLICY FOR THE BOARD OF COMMISSIONERS [ACGS A.8.3]

BNI does not prohibit and has established a loan policy for the Board of Commissioners, which is implemented in accordance with BNI prevailing credit policies, guided by applicable regulations, and subject to the same terms and conditions as loans granted to non-affiliated parties. The loan policy for the Board of Commissioners is applied based on the principles of an arm's length basis and at market rates, as stipulated in the Corporate Guidelines for Business and Consumer Banking Credit.

Independence of the Board of Commissioners

All members of BNI Board of Commissioners consistently perform their duties and responsibilities independently from management to ensure the effective execution of their functions. Accordingly, at least 50% (fifty percent) of the total members of the Board of Commissioners are Independent Commissioners, which is in line with the Bank's Governance Policy. The involvement of independent parties within the Board of Commissioners in every decision-making process is believed to help ensure that governance bodies are not influenced by conditions that may give rise to conflicts of interest, thereby enabling decisions to be made in the strategic interests of shareholders and the Bank.

At the beginning of each year, every member of the Board of Commissioners signs an independence declaration to affirm their independent status. Additionally, the Board of Commissioners reconfirms whether any situations involving conflicts of interest with the Bank occurred in the past year related to their actions. If there is any change in status that affects the independence of a Board member during their term of office including changes in personal or family share ownership in BNI or in other banks, non-bank financial institutions, or companies, the concerned Board member is required to report and disclose such conflicts of interest to the Bank.

Share Ownership of the Board of Commissioners [ACGS C.1.3]

All members of the Bank's Board of Commissioners have disclosed their share ownership transparently, both in BNI and in other banks or companies. The share ownership of each member of the Board of Commissioners is presented in the table below:

Share Ownership of the Board of Commissioners as of December 31, 2025

Name	Position	Share Ownership	
		BNI	Other Bank or Company
Omar Sjawaldy Anwar	President Commissioner/Independent Commissioner	Nihil	Nihil
Tedi Bharata	Vice President Commissioner	Nihil	Nihil
Vera Febyanthy	Independent Commissioner	Nihil	Nihil
Didik Junaedi Rachbini	Independent Commissioner	Nihil	Nihil
Donny Hutabarat	Commissioner	200	Nihil
Febrio Nathan Kacaribu[1)]	Commissioner	Nihil	Nihil

[1)] Served as a member of the Board of Commissioners from December 15, 2025, and until December 31, 2025, is still undergoing a fit and proper test by the OJK.

Board of Commissioners Meeting Including Joint Meeting with the Board of Directors

Policies and Implementation of Board of Commissioners Meetings

Based on the Decree of the Board of Commissioners No. KEP/017/DK/2025, dated September 19, 2025, concerning the Board of Commissioners Charter, which is further elaborated in the applicable Rules and Procedures governing the Board of Commissioners and the Joint Meetings of the Board of Commissioners and the Board of Directors of PT Bank Negara Indonesia (Persero) Tbk, forming an integral and inseparable part of the said Decree, the Board of Commissioners has established the procedures and mechanisms for the conduct of meetings of the Board of Commissioners and the Board of Directors, which principally stipulate provisions regarding the following matters:

hedule of Meetings;
2. Meeting Agenda;
3. Meeting Venue;
4. Meeting Participants;
5. Proxies and Representation;
6. Meeting Notifications;
7. Attendance and Decision-Making Process;
8. Documentation and Administrative Management of Meeting Minutes;
9. Meeting Confidentiality;
10. Board of Commissioners' Resolutions Outside of Meetings;
11. Board of Commissioners Meetings via Teleconference Media; and
12. Format and Presentation Materials for Meetings.

As stipulated in the Procedures and Mechanisms for Board of Commissioners Meetings, the Bank categorizes meetings into the following types:

1. Board of Commissioners Meetings (Radekom), Including Internal Meetings of the Board of Commissioners and Board of Commissioners Meetings with Invitees Directors of specific Divisions/Sectors or Senior Executive Vice Presidents (SEVP); and
2. Joint Meetings of the Board of Directors and Board of Commissioners (Radikom), attended by both Boards along with the Corporate Secretary and the Secretary to the Board of Commissioners.

In general, the implementation of the Board of Commissioners Meetings is conducted in accordance with the provisions of the Financial Services Authority Regulation (POJK) No. 33/POJK.04/2014 concerning the Board of Directors and the Board of Commissioners of Issuers or Public Companies, as well as with reference to the BNI Board of Commissioners Charter:

Meeting Organization	1. All decisions of the Board of Commissioners are taken in a Board of Commissioners meeting. 2. The Board of Commissioners must hold a periodic Board of Commissioners Meeting at least 1 (one) time every 2 (two) months. 3. The Board of Commissioners must hold a Board of Commissioners and the Board of Directors Meeting periodically at least 1 (one) time every 4 (four) months. 4. The Board of Commissioners Meeting as referred to in points 2 and 3 is held if attended by the majority of members of the Board of Commissioners. 5. The Board of Commissioners must determine the rules of procedure for the Board of Commissioners meeting. 6. The Board of Commissioners may hold a meeting at any time at the request of 1 (one) or several members of the Board of Commissioners or the Board of Directors, stating the matters to be discussed. 7. The Board of Commissioners may also make valid decisions without holding a Board of Commissioners Meeting provided that all members of the Board of Commissioners have been notified in writing and all members of the Board of Commissioners give their approval regarding the proposal submitted in writing and sign the approval. Decisions taken in this manner have the same force as decisions taken validly in a Board of Commissioners Meeting. 8. In the event that a member of the Board of Commissioners is unable to attend the Meeting physically, then the member of the Board of Commissioners may attend the Meeting of the Board of Commissioners face-to-face by utilizing information technology. 9. Every member of the Board of Commissioners who personally in any way, either directly or indirectly, has an interest in a transaction, contract or proposed contract in which the Company is a party, must declare the nature of his/her interest in a Meeting of the Board of Commissioners and shall not be entitled to participate in voting on matters relating to the transaction or contract.

Meeting Summons	1. The summons for the Board of Commissioners Meeting must be made by the President Commissioner, in the event that the President Commissioner is unable to attend, the summons for the Meeting must be made by the Deputy President Commissioner. However, in the event that the Deputy President Commissioner is unable to attend for any reason, the summons for the Meeting must be made by one of the members of the Board of Commissioners. 2. The summons for the Board of Commissioners Meeting must be made in writing and delivered or submitted directly to each member of the Board of Commissioners with adequate receipt or by registered mail or by courier service or by telex, facsimile, or electronic mail (e-mail) no later than 5 (five) working days before the meeting is held, excluding the date of the summons and the date of the meeting or in a shorter time if in urgent circumstances. [ACGS D.3.4] 3. The summons for the Board of Commissioners Meeting must include the agenda, date, time, and place of the meeting. The Board of Commissioners Meeting is held at the Company's domicile or at another place within the territory of the Republic of Indonesia or at the Company's place of business activities 4. The materials for the Board of Commissioners Meeting shall be distributed to all meeting participants no later than 5 (five) working days before the meeting is held, unless the meeting is held outside the schedule, the meeting materials may be delivered before the meeting is held. [ACGS D.3.6] 5. The summons as mentioned above is not required for meetings that have been scheduled based on the decision of the Board of Commissioners Meeting held previously.
Attendance and Chairmanship of Board of Commissioners Meetings	1. The Board of Commissioners Meeting is led by the President Commissioner, if the President Commissioner is absent or prevented, then the Deputy President Commissioner who leads the Meeting of the President Commissioner or a member of the Board of Commissioners appointed in writing by the President Commissioner who leads the Meeting if at the same time the Deputy President Commissioner is absent or prevented, or a member of the Board of Commissioners appointed by the Deputy President Commissioner who leads the Meeting of the Board of Commissioners if at the same time the President Commissioner is absent or prevented and does not make an appointment. 2. In the event that the Deputy President Commissioner does not make an appointment, then one of the Board of Commissioners who has served the longest as a member of the Board of Commissioners acts as the Chair of the Board of Commissioners Meeting. In the event that the member of the Board of Commissioners who has served the longest as a member of the Company's Board of Commissioners is more than 1 (one) person, then the member of the Board of Commissioners as referred to in number 2 above who is the oldest in age acts as the Chair of the Board of Commissioners Meeting. 3. The implementation of the Board of Commissioners Meeting must be attended by all members of the Board of Commissioners physically at least 2 (two) times in 1 (one) year.
Quorum and Decision Making [ACGS D.3.4]	1. The Board of Commissioners Meeting is valid and has the right to make binding decisions if attended and/or represented by more than 1/2 (one half) of the total number of members of the Board of Commissioners. 2. In the event that there is more than one proposal, a re-election shall be held so that one of the proposals obtains more than 1/2 (one half) of the total number of votes cast. [ACGS D.3.4] 3. In the Board of Commissioners Meeting, each member of the Board of Commissioners has the right to cast 1 (one) vote and an additional 1 (one) vote for each other member of the Board of Commissioners legally represented at the meeting. 4. Blank votes (abstain) are considered to agree to the proposal submitted at the meeting. Invalid votes are considered non-existent and are not counted in determining the number of votes cast at the meeting. 5. Voting regarding a person is carried out using a closed ballot without a signature, while voting regarding other matters is carried out verbally, unless the Chairperson of the Meeting determines otherwise without any objection based on the majority of votes from those present. 6. Decisions of the Board of Commissioners Meeting must be taken based on deliberation to reach consensus. If a decision based on deliberation for consensus is not reached, then the decision must be taken by voting based on the affirmative votes of more than 1/2 (one half) of the total valid votes cast at the relevant meeting. 7. All decisions of the Board of Commissioners are binding on all members of the Board of Commissioners.
Minutes of Meeting	1. The results of the Board of Commissioners Meeting must be stated in the Minutes of Meeting. The Minutes of Meeting must be made by a person present at the meeting appointed by the Chairperson of the Meeting and then signed by all members of the Board of Commissioners present and submitted to all members of the Board of Commissioners. 2. The results of the Board of Commissioners and the Board of Directors Meeting must be stated in the Minutes of Meeting. The Minutes of Meeting must be made by a person present at the meeting appointed by the Chairperson of the Meeting and then signed by all members of the Board of Commissioners and members of the Board of Directors present and submitted to all members of the Board of Commissioners and members of the Board of Directors. The Minutes of Meeting as referred to in points 1 and number 2 above contain the matters discussed including dissenting opinions that occur along with the reasons for the differences of opinion, if any, and the matters decided. 3. In the event that there are members of the Board of Commissioners and/or members of the Board of Directors who do not sign the results of the meeting as referred to in points 1 and 2 above, the person concerned must state the reasons in writing in a separate letter attached to the Minutes of Meeting. 4. The Minutes of Meeting as referred to in points 1 and number 2 above must be documented by the Company. 5. Minutes of the Board of Commissioners Meeting are valid evidence for members of the Board of Commissioners and for third parties regarding the decisions taken at the relevant Meeting.
Decision Outside the Board of Commissioners Meeting	The Board of Commissioners may also adopt valid decisions without convening a Board of Commissioners meeting, provided that all members of the Board of Commissioners have been notified in writing and all members have given their written approval of the proposed resolution and signed the said approval. Decisions made in this manner shall have the same legal force as decisions validly made in a Board of Commissioners meeting.

Attendance of the Board of Commissioners in Board of Commissioners Meetings, Joint Meetings with the Board of Directors, and General Meeting of Shareholders (GMS) [ACGS D.3.2, D.3.3]

In 2025, the Board of Commissioners held a total of 36 (thirty-six) Board of Commissioners Meetings, including 8 (eight) joint Meetings with the Board of Directors, 1 (one) Annual General Meeting of Shareholders (AGM), and 1 (one) Extraordinary General Meeting of Shareholders (EGM). The following is the frequency and attendance of each member of the Board of Commissioners at the Meetings:

[7] Effective as a member of the Board of Commissioners since October 16, 2025
[8] Served as a member of the Board of Commissioners since December 15, 2025, but not yet effective as it is still undergoing the OJK Fit & Proper Test

Agenda, Dates, and Participants of the Board of Commissioners Meetings in 2025

Based on the recapitulation results throughout 2025, the Board of Commissioners of BNI has held 36 (thirty-six) Board of Commissioners Meetings, including 8 (eight) joint Meetings with the Board of Directors. During the period from March 26, 2025 to June 29, 2025, the Board of Commissioners was unable to hold meetings due to the absence of an effective Board of Commissioners as they were still undergoing the

OJK Fit & Proper Test. However, during that period, the Board of Commissioners actively held 11 (eleven) internal consolidation meetings and discussions with the Directors in order to orient themselves and gain a deeper understanding of BNI condition in preparation for carrying out the duties and functions of the Board of Commissioners. The attendance rate of the Board of Commissioners at these meetings was high, with an average attendance of 97%, reflecting the commitment of all members of the Board of Commissioners to consistently and effectively carry out their supervisory role and provide strategic advice to the Board of Directors.

The following is a description of the agenda, dates of implementation, and attendance rates of each member of the Board of Commissioners in the meetings held throughout this year:

No.	Date	Meeting Agenda	Meeting Participants	Attendance	Notes
1	January 9, 2025	**Board of Commissioners Meeting invites relevant Directors** 1. Credit Consultation to the Board of Commissioners 2. Approval of DPLK BNI Risk Management Policy Review 3. Supervisory Report on DPLK BNI Business Plan for Semester 2 - 2024 4. Approval of Updates to BNI APU, PPT, and PPPSPM Policies and Procedures 5. Approval of Updates to DPLK BNI APU, PPT, and PPPSPM Policies and Procedures	1. Pradjoto[1)] 2. Pahala Nugraha Mansury[2)] 3. Sigit Widyawan[2)] 4. Askolani[2)] 5. Asmawi Syam[1)] 6. 1) Effectively served as a member of the Board of Commissioners until February 20, 2025.
2) Effectively served as a member of the Board of Commissioners until March 26, 2025.
3) Effectively served as a member of the Board of Commissioners since June 30, 2025.
4) Effectively served as a member of the Board of Commissioners since June 5, 2025.
5) Effectively served as a member of the Board of Commissioners since August 13, 2025.
6) Effective as a member of the Board of Commissioners from August 13, 2025 to October 8, 2025
7) Effective as a member of the Board of Commissioners from October 16, 2025
8) Appointed as a member of the Board of Commissioners from December 15, 2025, but not yet effective as the OJK Fit & Proper Test is still ongoing

Scheduled Meetings for 2026 [ACGS D.3.1]

The Board of Commissioners has prepared the schedule for the Board of Commissioners Meetings and Joint Meetings with the Board of Directors for 2026 based on the Board of Commissioners' Work Plan and Budget (RKA) established at the beginning of the year. The 2026 meeting plan outlines that, in general, the duties, authorities, and responsibilities of BNI's Board of Commissioners in overseeing management policies, the course of management both regarding the company and the company's business carried out by the Board of Directors based on statutory regulations including duties, authorities and obligations, and responsibilities related to matters which include but are not limited to ensuring the implementation/supervising/ evaluating/ giving direction/assessment of:

a. Bank's strategic policies, including the duties and responsibilities and achievements of the Board of Directors' work plan.
b. Bank Business Plan & Corporate Work Plan and Budget.
c. Bank's Soundness Level, including BNI's Risk Profile and the risk profile of Financial Service Institutions within BNI's Financial Conglomeration.
d. Recovery Action Plan.
e. Internal Control System.
f. Internal audit functions, including follow-ups on audit findings and recommendations from the Bank's internal audit unit, external auditors, supervision results from the Financial Services Authority (OJK), and/or other regulatory authorities.
g. Internal audits in Subsidiaries.
h. Risk Management and Risk Management strategies.
i. Integrated Risk Management within the Financial Conglomeration.
j. Corporate Governance.
k. Integrated Governance within the Financial Conglomeration.
l. Integrated Capital Management.
m. Bank Compliance Function.
n. Implementation of Anti-Money Laundering and Counter-Terrorism Financing (AML/CTF) programs, as well as the Prevention of the Financing of Proliferation of Weapons of Mass Destruction (PPPSPM).
o. Implementation of Anti-Fraud Strategy, Whistle Blowing System (WBS), and Significant Fraud Reports.
p. Human Resources.
q. Anti-Bribery Management System (ABMS).
r. Appointment of Public Accounting Firms.
s. Resolution Plan.
t. Implementation of Consumer and Public Protection at BNI.
u. Provision of Payment Services at BNI.
v. Bank Information Technology, covering IT strategic planning, IT governance, IT risk management policies, IT audit planning and implementation, and the management of reliable and effective IT security to ensure the availability, confidentiality, and accuracy of information.
w. Remuneration policy for the Board of Directors, Board of Commissioners, and employees.
x. Macroprudential Inclusive Financing Ratio (RPIM) and RPIM Development Strategy.
y. General Policy on Internal Control Systems (KUSPI) and Internal Control Over Financial Reporting (ICOFR).

TRAINING AND/OR COMPETENCY ENHANCEMENT FOR BOARD OF COMMISSIONERS MEMBERS IN 2025

Policy on Ongoing Training and/or Competency Development [ACGS D.5.2]

In line with rapid industrial transformation and changes in market behavior, BNI is required to be adaptive in responding to these dynamics in order to formulate relevant and competitive business strategies. To address these challenges, BNI requires all employees, including the Board of Commissioners, to continuously improve their competencies through education programs, certification, training, workshops, and sharing sessions. All of these development programs are facilitated by BNI, both internally and through cooperation with external parties (expertise), including the involvement of the Board of Commissioners in competency improvement programs organized by other parties.

By formulating a Board of Commissioners Competency Development Program plan that is aligned with OJK Regulation No. 24 of 2022 concerning the Development of the Quality of Human Resources in Commercial Banks, BNI hopes that each member of the Board of Commissioners can continue to hone their knowledge, skills, and expand their understanding so that they are able to provide strategic direction and effective supervision to the Board of Directors.

Training and/or Competency Enhancement in the 2025 Fiscal Year [ACGS D.5.2]

In 2025, all members of BNI's Board of Commissioners actively participated in several training and/or competency development activities as follows:

No	Training/Workshop/Conference/ Seminar	Date	Venue	Type of Education	Organizer
Omar Sjawaldy Anwar

*) Appointed as a member of the Board of Commissioners since December 15, 2025, but not yet effective as he is still undergoing the OJK Fit & Proper Test.

ORIENTATION AND INTRODUCTION PROGRAM FOR NEW BOARD OF COMMISSIONERS MEMBERS [ACGS D.5.1]

Orientation and Introduction Program Policy for New Commissioners

Based on the Board of Commissioners Decree No. KEP/024/DK/2024 dated October 22, 2024, regarding the Charter of the Board of Commissioners as the Guideline and Code of Conduct for the Board of Commissioners, it is stipulated that every newly appointed member of the Board of Commissioners must undergo an orientation and introduction program concerning the performance of their duties and responsibilities at the Bank.

The purpose of this program is to provide a comprehensive understanding and overview of the Bank's general conditions, values, vision and mission, business activities, and subsidiaries, as well as to socialize the policies, procedures, and implementation of good corporate governance within the Bank. The program also demonstrates the Bank's compliance with the Ministry of State-Owned Enterprises Regulation No. PER-2/MBU/03/2023 dated March 3, 2023, regarding the Governance Guidelines and Significant Corporate Activities of State-Owned Enterprises, Article 43, which mandates that newly appointed members of the Board of Commissioners/Supervisory Board and the Board of Directors must receive an introduction program regarding the respective State-Owned Enterprise. The orientation program for new members of the Board of Commissioners should at least receive materials in the form of document delivery, presentation, or explanation that can be done by the Board of Directors, Corporate Secretary, related divisions or units, as well as experts from external sources, which in general include the following information or matters:

1. The Bank's vision, mission, organizational structure, business activities, and operational network;
2. The Annual Report, the Company's Work Plan and Budget (RKAP), the Bank's Business Plan (RBB), the Company's Code of Ethics, BNI's Work Culture, the Board of Commissioners' Code of Conduct, the Corporate Governance Handbook, and the Company's Articles of Association;
3. Good Corporate Governance (including multiple positions, share ownership, and Independent Commissioners);
4. The duties, authority, and responsibilities of the Board of Commissioners and the Board of Directors, delegation of authority, and the limitations of the Board of Commissioners' authority in overseeing the Company based on applicable laws and regulations;

5. The Committees under the Board of Commissioners that are formed and directly accountable to the Board of Commissioners, the Secretary of the Board of Commissioners, and the Secretariat of the Board of Commissioners that support the smooth execution of the Board of Commissioners' duties; and
6. The remuneration and benefits provided to members of the Board of Commissioners.

Implementation of the Orientation and Introduction Program for New Commissioners in 2025

During 2025, BNI facilitated an orientation and introduction program for members of the Board of Commissioners, which was carried out as follows:

Name	Position	Subject/Material
Omar Sjawaldy Anwar	President Commissioner/ Independent Commissioner	1. Briefing on the duties and responsibilities of the BNI Board of Commissioners on April 10, 2025, covering: • BNI's vision, mission, and organizational structure; • Duties and functions of the Board of Commissioners; • Good Corporate Governance of the Board of Commissioners; • Committees under the Board of Commissioners, as well as the Secretary of the Board of Commissioners and the Secretariat of the Board of Commissioners, which assist in the smooth running of the Board of Commissioners' duties; • Risk Management Certification; • Provisions regarding remuneration, facilities, and allowances for members of the Board of Commissioners. 2. Briefing on the development of BNI's internal conditions on April 30, 2025, and May 2, 2025, including: • Corporate Plan • Bank Business Plan (RBB) and Company Work Plan and Budget (RKAP) • Financial Performance of BNI and Subsidiaries • BNI Business • Risk Management, Legal, Audit & Compliance Issues 3. Briefing on General Banking Knowledge on April 22-24, 2025, including: • Prudential Banking & Indonesian Banking System (SPI) • Good Corporate Governance (Role of the Board of Commissioners), Risk Management and Compliance (GRC) • Asset Liability Management • Internal Audit • Sharing session related to the Fit & Proper Test process for Commissioner Candidates
Tedi Bharata	Vice President Commissioner	
Vera Febyanthy	Independent Commissioner	
Didik Junaedi Rachbini	Independent Commissioner	
Donny Hutabarat	Commissioner	
Febrio Nathan Kacaribu*	Commissioner	1. Briefing on the duties and responsibilities of the BNI Board of Commissioners on December 23, 2025, covering: • BNI's vision, mission, and organizational structure; • Duties and functions of the Board of Commissioners; • Good Corporate Governance of the Board of Commissioners; • Committees under the Board of Commissioners, as well as the Secretary of the Board of Commissioners and the Secretariat of the Board of Commissioners, which assist in the smooth running of the Board of Commissioners' duties; • Risk Management Certification; • Provisions regarding remuneration, facilities, and allowances for members of the Board of Commissioners. 2. Briefing on the development of BNI's internal conditions on December 30, 2025, including: • Corporate Plan • Bank Business Plan (RBB) and Company Work Plan and Budget (RKAP) Other briefings will be held in 2026.

*) Appointed as a member of the Board of Commissioners since December 15, 2025, but not yet effective as he is still undergoing the OJK Fit & Proper Test.

RISK MANAGEMENT CERTIFICATION

BNI is committed to improving the capacity and supervisory role of the Board of Commissioners by encouraging the active participation of each member in the Risk Management certification and alignment program. All of these initiatives are carried out in accordance with POJK Regulation No. 24/2022, SEOJK Regulation No. 28/2022, and OJK Letter No. S-11/D.3/2024, as a manifestation of BNI's seriousness in ensuring high-quality governance and risk management.

In addition, the Bank also requires the Board of Commissioners to participate in the Risk Management Certification Refreshment Program with the aim of maintaining and improving the competence of Risk Management Certificate holders in the field of banking risk management. The maintenance program is implemented with reference to the following provisions:

1. Conducted periodically at least once every year after the Risk Management Certificate is issued; and
2. The forms of maintenance program activities include in-house training, seminars, dissemination of regulations from the competent authorities, workshops, e-learning, and/or work portfolios related to the Bank's risk management field.

As of December 31, 2025, the majority of BNI Board of Commissioners members have passed and hold valid Risk Management Certification with a qualification level of JK-6, as detailed below:

Name	Position	Qualification Level (JK)	Certificate Issuing Institution	Certificate Issue Date	Expiration Date	Validity Period
Omar Sjawaldy Anwar	President Commissioner/ Independent Commissioner	JK 6	Professional Certification Institution Risk Management Certification Agency (LSP BSMR)	April 21, 2025	April 21, 2028	3 years
Tedi Bharata	Vice President Commissioner	JK 6	Professional Certification Institution Banking Professional Certification Agency (LSP LSPP)	June 3, 2024	June 3, 2027	3 years
Vera Febyanthy	Independent Commissioner	JK 6	Professional Certification Institution Risk Management Certification Agency (LSP BSMR)	April 21, 2025	April 21, 2028	3 years
Didik Junaedi Rachbini	Independent Commissioner	JK 6	Professional Certification Body Risk Management Certification Agency (LSP BSMR)	April 21, 2025	April 21, 2028	3 years
Donny Hutabarat	Commissioner	JK 6	Professional Certification Body Risk Management Certification Agency (LSP BSMR)	April 21, 2025	April 21, 2028	3 years
Febrio Nathan Kacaribu	Commissioner	In the process of fulfilling certification				

*) Appointed as a member of the Board of Commissioners since December 15, 2025, but not yet effective as he is still undergoing the OJK Fit & Proper Test.

BASIS FOR IMPLEMENTING THE DUTIES OF THE BOARD OF COMMISSIONERS

The Board of Commissioners is required to prepare a Work Plan and Budget (RKA) every year as a reference in carrying out its duties, authorities, and responsibilities as a supervisory body. The RKA is prepared and submitted to the Board of Directors at the beginning of the fiscal year, and has been prepared in accordance with the following regulatory provisions:

1. Regulation of the Minister of State-Owned Enterprises No. PER-2/MBU/03/2023 dated 3 2023 concerning Guidelines for Governance and Significant Corporate Activities of State-Owned Enterprises Article 14 paragraph (8) stipulates that the Board of Commissioners/Supervisory Board is required to prepare an annual work plan and budget for the Board of Commissioners/ Supervisory Board which is an inseparable part of the Company's Work Plan and Budget (RKAP); and
2. BNI's Articles of Association stipulates that the Board of Commissioners is required to prepare a work program for the Board of Commissioners which is an inseparable part of the Company's Annual Work Plan and Budget prepared by the Board of Directors.

MECHANISM FOR IMPLEMENTING THE BOARD OF COMMISSIONERS' SUPERVISORY DUTIES

The procedures and mechanisms for performing the functions, duties, and obligations of the BNI Board of Commissioners are regulated as follows:

1. The Board of Commissioners holds Board of Commissioners meetings, including internal Board of Commissioners meetings, meetings with invited Sector Directors and Senior Executive Vice Presidents regarding the discussion agenda, or routine meetings with the Board of Directors;
2. The active role of the committees under the Board of Commissioners in assisting and supporting the smooth execution of the Board of Commissioners' duties includes conducting committee meetings, as well as carrying out evaluations, studies, or reviews of matters that are part of the Board of Commissioners' responsibilities;
3. Providing suggestions, advice or decisions of the Board of Commissioners in writing to the Board of Directors as:
   a. Follow-up to the results of the Board of Commissioners Meeting or the Board of Commissioners' meeting with the Board of Directors; and
   b. Responses to reports on the implementation of the Board of Directors' duties or requests for approval, consultation or proposals submitted by the Board of Directors to the Board of Commissioners, as well as information regarding strategic and significant problems based on the results of the Board of Commissioners' evaluation and review of written reports on the implementation of the Board of Directors' duties to the Board of Commissioners.
4. Implementation of working visits by the Board of Commissioners to BNI work unit environments and provision of advice and suggestions by the Board of Commissioners to the Board of Directors based on the results of the Board of Commissioners' working visits.

REPORT ON THE IMPLEMENTATION OF THE DUTIES OF THE BOARD OF COMMISSIONERS IN 2025

In 2025, the Board of Commissioners collectively performed its supervisory function over the Bank's policies and management in accordance with laws and regulations, the Articles of Association, and the Work Plan. To support the effectiveness of its supervision, the Board of Commissioners routinely held internal meetings, joint meetings with the Board of Directors, and conducted visits to divisions, regional offices, branches, and overseas offices, both offline and online. The implementation of the supervisory function carried out by the Board of Commissioners is explained in detail as follows:

1. **Supervision of the Bank's Business Plan (RBB)/ Corporate Work Plan and Budget (RKAP) and Financial Performance**
   The Board of Commissioners carried out comprehensive oversight of the Bank's Business Plan (RBB) and BNI's strategic policies, including directing, monitoring, and evaluating the implementation of the Corporate Plan, monthly financial performance, and the achievement of the Bank's financial targets. The Board of Commissioners also reviewed and evaluated the realization of the RBB reported to the Financial Services Authority (OJK) on a semi-annual basis. In addition, the Board of Commissioners routinely reviewed consolidated financial performance reports, financial information to be disclosed, as well as the implementation of audits conducted by Public Accounting Firms, including proposing the appointment of external auditors. Throughout 2025, the Board of Commissioners approved the Revision of the 2025 RBB/RKAP and the RBB/ RKAP for 2026.

2. **Internal Control, Risk Management, and Compliance**
   To ensure effective governance, the Board of Commissioners supervised the implementation of the internal control system, monitored the effectiveness of the Internal Audit Unit, and ensured follow-up on findings from internal and external audits, as well as examinations conducted by OJK, the Supreme Audit Agency (BPK), and other authorities. The Board of Commissioners also evaluated BNI's risk management policies and the implementation of integrated risk management, including the Bank's soundness level, risk profile, capital adequacy, and periodic risk mitigation strategies. Compliance oversight was exercised through evaluations of the implementation of the compliance function, reports from the Director of Compliance, and the implementation of the Anti-Bribery Management System (ABMS), Anti-Fraud Strategy, Whistleblowing System, as well as AML/CFT and Counter-Proliferation Financing programs.

3. **Technology, Human Resources, and Consumer Protection**
   The Board of Commissioners also supervised the implementation of the Information Technology Strategic Plan, IT development plans, and digital initiatives such as wondr by BNI, BNIdirect, and credit-related tools. In addition, oversight was conducted over human capital management,

remuneration policies for the Board of Directors, the Board of Commissioners, and employees, as well as the management of outsourcing arrangements. Evaluations were carried out on consumer protection, the provision of payment system services, the achievement of the Payment System Infrastructure Roadmap (RPIM), and the implementation of internal control over financial reporting (ICOFR).

4. **Strengthening GCG, Oversight of Subsidiaries, and Credit Quality**
   The Board of Commissioners ensured the implementation of Good Corporate Governance (GCG) principles at all levels of BNI and its subsidiaries within the Financial Conglomeration, including reviewing GCG implementation reports, self-assessments, evaluating the performance of subsidiaries, and encouraging continuous improvements in governance practices in accordance with prevailing regulations and best practices. The Board of Commissioners approved various strategic policies, including the Corporate Plan, RBB/RKAP, Sustainable Finance Action Plan (RAKB), Risk Appetite Statement (RAS), organizational changes, as well as integrated risk management and governance policies. The Board of Commissioners also monitored developments in credit portfolio quality and the realization of write-offs to ensure the consistent application of prudential principles.

5. **Supervisory Reports on the Implementation of the Bank's Business Plan Submitted to OJK and Responses to the Achievement of the Bank's Performance and KPIs Submitted to BP BUMN (formerly the Ministry of State-Owned Enterprises)**
   The Board of Commissioners submitted the Supervisory Report on the Implementation of the Bank's Business Plan to OJK on a semi-annual basis and delivered responses regarding the achievement of the Bank's performance and Key Performance Indicators (KPIs) to BP BUMN (formerly the Ministry of State-Owned Enterprises) on a quarterly basis.

LIST OF RECOMMENDATIONS/ SUGGESTIONS/ADVICE FROM THE BOARD OF COMMISSIONERS IN 2025

Throughout 2025, the Board of Commissioners has issued several important Recommendations/Advice to the Board of Directors regarding the management and administration of the Bank, including:

1. **General Performance**
   a. Performance achievements should take into account the growth of the banking industry, especially in facing peer group challenges and future market trends. This is necessary for banks to maintain and improve their positioning in the banking industry. Therefore, the Board of Directors should continue to explore breakthroughs and innovations that can be implemented and have a positive impact on improving the Company's performance.
   b. The Board of Directors should continue to strive to improve internal business processes through the creation of appropriate policies, quality human resources, and adequate technology so as to produce quality performance.
   c. In implementing the Company's strategy, the Board of Directors is expected to continue to improve the implementation of adequate risk management and prepare possible scenarios, by conducting business prudently and guided by applicable laws and regulations, and implementing the principles of Good Corporate Governance (GCG).
   d. All government program financing initiatives must continue to be implemented in accordance with the principles of prudential banking, credit risk control, and compliance with OJK Regulations, Bank Indonesia Regulations, and other Government Regulations specifically governing government program financing.
   e. The Board of Directors is requested to take advantage of the momentum to strengthen BNI's position as a major global bank amid reciprocal tariff negotiations between Indonesia and the United States, including approaching Danantara regarding the centralization of settlement transactions for all state-owned enterprises with foreign partners.

2. **Credit**
   a. BNI is the only Indonesian bank with branches in several global financial centers; therefore, the Board of Commissioners requests the Board of Directors to closely examine opportunities related to Offshore NDF, which can also support BNI's custodian business and reach international investors, with the hope that BNI can act as a channeling agent to attract domestic inflows.
   b. Given the increasingly uncertain economic conditions, additional efforts are required to intensely monitor the condition/business progress of debtors whose loans have been restructured so they can return to performing status. It is advised that CKPN (Allowance for Impairment Losses) be formed gradually in accordance with regulations for loans that have been restructured under relaxation programs but show no signs of improvement.

c. The Board of Commissioners reminds the Board of Directors of the importance of conducting the credit granting process prudently by strictly implementing the 5C Principles and the four-eyes principle in every process. These principles include evaluating Know Your Customer (KYC), business conditions directly related to repayment capacity as the first way-out, ensuring the collateral adequacy ratio as the second way-out, meeting the minimum requirements according to the Bank's Credit Policy (KPB), monitoring the use of credit facilities, and tracking debtor business growth.
d. In order to increase BNI's competitiveness against its main competitors regarding SLA, the Board of Commissioners requests the Board of Directors to establish end-to-end SLA standards for all credit segments, starting from the credit application process, verification, and analysis, through to credit disbursement, while still maintaining precautionary aspects and risk management.
e. In connection with the implementation of the end-to-end credit process improvement program, a comprehensive evaluation should be conducted to determine the effectiveness of the program. Additionally, improvements must be made to achieve the program's objectives. The Board of Commissioners reminds the Board of Directors that credit process improvements should pay attention to internal and external audit findings.
f. The Board of Directors is also urged to enhance supervision protocols and risk mitigation implemented appropriately, as well as to diversify with loans in other segments, particularly consumer, small, and commercial. This is an anticipation that should a macro-economic downturn occur, loans from the corporate segment do not become a source of risk for BNI bank-wide.
g. Regarding existing credit analysts, in terms of both competency/knowledge and character, the Board of Commissioners advises that a thorough evaluation be conducted, including an adequate assessment process, as well as an evaluation of the history of credits they have recommended, covering their credit portfolio performance, specifically the percentage of performing and non-performing loans.
h. The Board of Commissioners encourages the integration of risk management implementation with technological support, including the utilization of Artificial Intelligence (AI) and behavior assessment, to respond to the declining risk profile in the medium segment and to identify financing tenors and the relocation of liquid assets that can be optimized, which is expected to reduce NPL and LaR.
i. The Board of Commissioners urges the Board of Directors to pay attention to the increase in the cost of funds, and such increase must be balanced with efficiency in the opex cost components, considering the future challenges in obtaining liquidity.

3. Liquidity

a. The Board of Commissioners regards it necessary to have further engagement with corporate and institutional customers with the expectation of acquiring the ecosystem of these customers, so that the Retail, Consumer, and Commercial segments can benefit in the form of both funding and financing.
b. Regarding the allocation of the Excess Budget Balance (SAL) from the Government of Indonesia through the Ministry of Finance to BNI, the Board of Commissioners requests the Board of Directors to conduct periodic stress tests and implement risk mitigation steps in the event of a total withdrawal of SAL funds, which poses a risk to BNI's LDR surge.
c. The Board of Commissioners advises the Board of Directors to encourage credit growth more aggressively yet remains controlled, by utilizing the still-large national liquidity space, including optimizing the momentum of stricter Export Proceeds (DHE) policies.
d. Regarding the carbon footprint issue, the Board of Commissioners suggests that the Board of Directors utilize the issue as an entry point for developing green products and services capable of creating new transactions, increasing income, and strengthening the bank's position in the green economy ecosystem.

4. Digital Banking and Technology.

a. The Board of Directors should optimize the utilization of information technology to enhance banking services and transactions for BNI and its subsidiaries, thereby providing a positive impact on the business performance of BNI and its subsidiaries through thorough preparation of reliable and adequate IT infrastructure (including data centers) capable of adapting to business growth and changing market needs.
b. The Board of Commissioners supports the strengthening of Artificial Intelligence (AI) and Big Data utilization across all of BNI's business processes as part of strengthening

digital business competencies, with a focus on increasing transparency, productivity, and efficiency. Such development should be implemented in alignment with areas of improvement in human capital aspects and is expected to support the provision of fast and accurate data analytics, particularly regarding market developments, while simultaneously strengthening the generating idea process to support the accuracy and speed of the Company's business strategy execution.

c. In the framework of information technology development at subsidiaries, it is expected to be fully integrated. In connection with this, the Board of Directors is requested to comprehensively review its strategic planning, including but not limited to the adequacy of resources, specifically human capital covering skill sets, capacity, and capabilities, as well as considering development options conducted directly by BNI based on a cost-and-benefit analysis.
d. Regarding the IT infrastructure improvements that have commenced for the wondr by BNI and BNI Direct applications, the Board of Commissioners requests the Board of Directors to conduct an evaluation and measure the success rate of both applications against business growth, including the increase in low-cost funds (CASA) and fee-based income, so that they may ultimately increase profit.
e. The Board of Directors is expected to continuously increase engagement for the wondr by BNI application in order to increase the number of active customers/merchants more aggressively yet remains controlled, which can strengthen CASA-based deposits.
f. In the future, the Board of Directors should develop features to analyze customer behavior, including classifications for customers with red-flag transactions.
g. In terms of maintaining the Bank's system security to support safe customer transactions and business, the Board of Commissioners emphasizes the need to formulate proactive steps in strengthening cybersecurity to prevent potential ransomware threats, protect data and critical infrastructure from cyberattacks, and focus on maintaining the integrity of the bank's systems.

5. Human Capital Policies and Procedures

a. A company's competitive advantage is influenced not only by technology and infrastructure but also significantly by Human Capital; therefore, the Board of Commissioners requests the Board of Directors to ensure that Human Capital at BNI is prepared by considering three aspects, namely: knowledge, skill set, and capabilities.
b. The Board of Directors is expected to ensure the integration of all employee data (including Medical Check-Up and psychological test results) into a single integrated system.
c. The Board of Commissioners requests the Board of Directors to pay attention to employee well-being, including the improvement of employee facilities both at the head office and in the regions.
d. In terms of developing an adaptive work environment, particularly for Gen Z, the Board of Commissioners encourages accelerating its development by considering 4 (four) main aspects: the provision of work hubs, transformation of work culture, flexible benefits, and digital learning (flexible e-learning).
e. In order to support skill development for BNI's Human Capital, the Board of Commissioners encourages BNI University to act as an enabler for development and learning that can drive the acceleration of BNI's business.

6. Bank Intermediation

a. Management's strategic steps that have successfully increased profit deserve appreciation and should be continued by prioritizing a fund-raising strategy that focuses on low-cost funds with efficient sources of funds. This can strengthen profitability with minimal funding costs, thereby creating a strong and sustainable foundation for growth while remaining mindful of the prudential principle in order to increase quality credit.
b. The Board of Directors should maintain a healthy balance between profit and risk in the Bank's intermediation activities and continuously improve corporate governance and strengthen internal controls to manage risks more effectively.

7. Implementation of Anti-Fraud Strategy

a. The Board of Directors is expected to develop a Fraud Detection System (FDS) that integrates people, process, and technology, so that early detection of potential fraud can be further optimized.
b. The Board of Commissioners views it necessary to impose strict sanctions, both on fraud perpetrators and on parties involved in the case as well as those who commit violations of regulations that create opportunities for fraud. This aims to provide a

deterrent effect that can reduce the chances of fraud occurring.

c. The implementation of the fraud framework based on four pillars (prevention, investigation, detection, and evaluation) should be strengthened with a primary focus on strengthening the detection pillar through systems, processes, and behavior monitoring.
d. KnowYour Employee (KYE) conducted by Unit Heads with HC support needs to be carried out for all employees as a means of detecting fraud through changes in employee behavior.
e. The Board of Commissioners directs the Board of Directors to formulate the company's risk architecture as a guideline for all divisions in implementing risk management and anti-fraud strategies in daily business processes (holistic risk view).
f. Operational risk management, fraud control, and the enhancement of internal control functions need to be improved and receive special attention from the Board of Directors, especially regarding incidents that impact BNI's achievements and stakeholder trust.

8. **Overseas Branches (KLN)**
   a. The Board of Directors should conduct comprehensive supervision across various aspects, including Risk Management, Compliance Function, Internal Control, Audit, and Anti-Fraud, towards Overseas Branches so that corrective efforts can be properly implemented to support sustainable business development and ensure that Overseas Branches operate in accordance with established standards and minimize risks associated with international activities.
   b. The Board of Commissioners encourages the Board of Directors to continuously improve and develop BNI's business and international network to ensure that the mandate from the Ministry of SOEs to BNI as a Global Bank is successfully executed.
   c. The Board of Commissioners encourages the Board of Directors to optimize the role of Overseas Branches in attracting investors to the country, as this presents business potential for BNI.
   d. The Board of Commissioners suggests the Board of Directors to examine opportunities related to offshore NDF, which can support BNI's custodian business and reach international investors. The expectation is that BNI can act as a channeling agent to attract domestic inflows.

9. **Integrated Governance and Risk Management**
   a. The Board of Commissioners provides input to the Board of Directors to ensure that BNI Group products are packaged and created comprehensively so that customers have various holistic options; it is expected that an integrated approach to the BNI Group ecosystem and value chain can serve as an effort toward customer retention.
   b. The Board of Commissioners emphasizes the importance of maintaining quality and consistency in the implementation of Integrated Governance (TKT) and Integrated Risk Management. Improvements in internal control and governance are critical steps that support the healthy and sustainable business growth and performance of Subsidiaries.
   c. The Board of Directors is encouraged to be more comprehensive in formulating Risk Profiles across all Subsidiaries by paying attention to operational risks that do not yet reflect a crisis mode. The operational risk framework is expected to serve as a guide in ensuring that the Three Lines Model functions effectively, internal processes run well, and to drive improvements in Compliance and Risk Management (KPMR) throughout all Subsidiaries.
   d. The Board of Directors should create a roadmap related to development according to the business priorities of each Subsidiary, including recovery and improvement efforts particularly regarding credit risk, liquidity risk, strategic risk, and performance decline, increasing provisions, decreasing financing quality, and fraud in subsidiaries that are still recording losses.

10. **Implementation of Anti-Money Laundering, Prevention of Terrorism Financing, and Prevention of Financing of the Proliferation of Weapons of Mass Destruction (APU PPT and PPPSPM)**
    a. The implementation of APU PPT and PPPSPM, which has been carried out well, should be continuously evaluated and updated in line with the latest policies and trends. Furthermore, the policies or guidelines that have been formulated must be socialized to all employees.
    b. The Board of Commissioners emphasizes the importance of increasing the knowledge and precision of Branch officers in inputting customer data according to the standards set in the account opening system to prevent inaccurate data. Additionally, the Board

of Commissioners also urges the Board of Directors to set strict target times for completing data updates as a step to improve overall efficiency and accuracy of customer data.

c. The Board of Directors is expected to ensure that all branch offices and business units directly dealing with customers consistently apply Enhanced Due Diligence (EDD) for customers categorized as "High Risk," including Politically Exposed Persons (PEP) and parties related to PEP, and perform screening of Walk-in Customers (WIC) through the provided platforms.
d. The Board of Commissioners reminds the importance of systems that support the analysis of Suspicious Financial Transaction Reports (LTKM) being equipped with LTKM scenarios and containing all points that must be executed. This aims to ensure that all data included in LTKM can be properly identified by the system.
e. Regarding Subsidiaries, the Board of Commissioners reminds them to ensure the timely and optimal fulfillment and updating of APU PPT and PPPSPM data, particularly for Subsidiaries whose achievements are still inadequate.

11. Subsidiaries

a. The Board of Directors is expected to routinely evaluate the work programs of each Subsidiary, oversee the transformation process, and continuously carry out improvement efforts so that Subsidiaries can provide a larger contribution to the Bank's overall performance through consolidation.
b. IT support for Subsidiaries is expected to lower the risk levels in each Subsidiary. Utilizing a technological approach, especially in supporting the Subsidiaries' businesses, can also act as a booster in improving performance.
c. The implementation of AI and Agentic AI can support BNI in terms of financial, risk areas, and business automation; therefore, the availability of human resources in the AI Roadmap must be ensured through synergy and communication with BNI Modal Ventura, which has networks and business relationships with IT startups.
d. The Board of Commissioners pays attention to the vacancies of strategic leadership positions in several Subsidiaries. Accelerating the filling of these vacant positions is necessary as this potentially poses a risk to the Subsidiaries.
e. The Board of Commissioners expects that the implementation of the 2025 Integrated Risk Appetite Statement (RAS) across all Subsidiaries be ensured and monitored periodically, including the implementation of early warning systems, particularly regarding fraud using an IT approach, as well as the implementation of periodic audits.
f. The Zero Fraud Tolerance commitment should be a value agreed upon by the entire Bank Financial Conglomerate, from the Main Entity (i.e., PIKK) to the Subsidiaries, in order to create a work environment with integrity and send a clear message that fraudulent acts will not be tolerated within the entire corporate organizational structure.
g. The Board of Commissioners urges that improvements and performance enhancements of Subsidiaries be carried out by reviewing scoring models, human resources, KPI operationalization, the ecosystem with the parent Company, and the synergy between BNI and its Subsidiaries.

BOARD OF DIRECTORS DECISIONS REQUIRING APPROVAL FROM THE BOARD OF COMMISSIONERS [ACGS D.1.2]

The Board of Directors may issue Board of Directors Decrees to regulate specific matters related to the operational and business management of the Bank. However, there are exceptions for certain matters where the Board of Directors must obtain prior approval from the Board of Commissioners before issuing such decrees, as stipulated in the Board of Commissioners Decree within specific limits and/or criteria that have been approved by the Series A Dwiwarna Shareholder. Referring to the Bank's Articles of Association and the Board of Commissioners Decree, while observing applicable laws and regulations in the Capital Market and Banking sectors, the scope of the Board of Directors' decisions that require written approval from the Board of Commissioners is as follows:

1. Write off the Company's assets within a certain value limit determined by the Board of Commissioners with due consideration of regulatory provisions on State-Owned Enterprises, as follows:
   a. Write off due to the transfer/assignment of the Company's Fixed Assets;
   b. Write off due to the transfer/assignment of other Company Assets;
   c. Write off the Company's Fixed Assets and/or other Assets other than due to transfer/assignment;

except for the Company's assets held for the purpose of carrying out the Company's business activities in accordance with applicable laws and regulations, including assets in the form of credit, securities, foreclosed collateral, movable property, and other assets acquired in the course of the Company's business activities with due consideration of regulatory provisions in the capital market and banking sectors;
2. Pledge the Company's assets as collateral with certain value limits determined by the Board of Commissioners, except for the Company's assets in the context of carrying out the Company's business activities in accordance with applicable laws and regulations, which include assets in the form of credit, securities, foreclosed collateral, movable goods, and other assets obtained in the context of the Company's business activities, with due regard to provisions in the capital market and banking sectors;
3. Entering into partnerships with business entities or other parties in the form of licensing agreements, management contracts, asset leases, Joint Operations (KSO), Build Operate Transfer (BOT), Build Own Transfer (BOWT), Build Transfer Operate (BTO), and other similar partnerships that are not part of the Company's day-to-day business as usual activities, with a specific value or time period determined by the Board of Commissioners;
4. Making equity participation in subsidiaries, joint ventures, and/or other companies, including participation to establish subsidiaries and/or joint ventures with certain value limits determined by the Board of Commissioners, except for the purpose of rescuing receivables, taking into account provisions in the Capital Market and Banking sectors;
5. Reducing equity participation, including dilution, in subsidiaries, joint ventures, and/or other companies with certain value limits determined by the Board of Commissioners, except for the purpose of rescuing receivables, taking into account provisions in the Capital Market and Banking sectors;
6. Releasing Equity participation in subsidiaries, joint ventures, and/or other companies with a certain value limit determined by the Board of Commissioners, except for the purpose of rescuing receivables, taking into account provisions in the Capital Market and Banking sectors;
7. Merging, consolidating, acquiring, separating, and dissolving subsidiaries and joint ventures with a certain value determined by the Board of Commissioners, taking into account provisions in the Capital Market and Banking sectors;
8. Taking actions that constitute material transactions as stipulated by laws and regulations in the Capital Market sector with a certain value determined by the Board of Commissioners, unless such actions constitute material transactions exempted by laws and regulations in the Capital Market sector;
9. Establishing and changing the Company's logo;
10. Establishing the organizational structure one level below the Board of Directors;
11. Taking actions not covered in the Company's Work Plan and Budget (RKAP).

Relinquishing the right to collect or not collect principal bad debts that have been written off for credit settlement, either in part or in full, which is implemented based on policies established by the Board of Directors with the approval of the Board of Directors. The Board of Commissioners and within the amount of the write-off ceiling (limit) that has been determined by the GMS, which will remain in effect until a new ceiling (limit) is determined by the GMS, provided that prior approval is obtained from BPI Danantara in accordance with laws and regulations in the BUMN sector is obtained.

The Board of Commissioners' approval regarding points 1, 2, 3, 4, 5, 6, 7 and 8 above with certain limitations and/or criteria, is determined after obtaining the approval of the Series A Dwiwarna Shareholder or the Holder of the Most Series B and Series C Shares. The determination of limitations and/or criteria by the Board of Commissioners for matters referred to in points 1, 2, 3, 4, 5, 6, 7 and 8 above is carried out after obtaining the approval of the Holder of the Most Series B and Series C Shares. The Board of Commissioners' approval regarding point 11 above is determined after obtaining the approval of the Holder of the Most Series B and Series C Shares. The Board of Directors' actions as referred to in point 3 above, as long as they are necessary for the implementation of business activities commonly carried out in the banking business sector with due regard to the provisions of laws and regulations, do not require the approval of the Board of Commissioners and/or the GMS.

IMPLEMENTATION OF BOARD OF COMMISSIONERS' DECISIONS IN 2025

The Board of Commissioners has the authority to issue Board of Commissioners Decrees related to strategic matters to assist and support the execution of its duties and responsibilities as the supervisory organ of the Board of Directors, as well as to enforce the application of good governance principles in the Bank. Below is a list of the Board of Commissioners' Decrees that have been implemented during 2025, including:

1. Appointment of Mr. Alwi Abdurrahman Shihab as a Member of the Integrated Governance Committee

2. Termination of the Appointment of Ms. Demy Marizka Inriani and the Appointment of Mr. Ryan Alief Putra as Secretariat Staff of the Board of Commissioners
3. Termination of the Appointment of Mr. Anas Puji Istanto as Secretary of the Board of Commissioners
4. Termination of the Appointment of Mr. Anas Puji Istanto as Secretary of the Nomination and Remuneration Committee
5. Appointment of Mr. Sarpi as Secretary of the Board of Commissioners
6. Appointment of Mr. Sarpi as Secretary of the Nomination and Remuneration Committee
7. Appointment of a Member of the Board of Commissioners as a Member of the Nomination and Remuneration Committee
8. Appointment of a Member of the Board of Commissioners as a Member of the Integrated Governance Committee
9. Appointment of a Member of the Board of Commissioners as a Member of the Risk Monitoring Committee
10. Appointment of a Member of the Board of Commissioners as a Member of the Audit Committee
11. Honorable Termination of Ms. Nurani Raswindriati as an Independent Member of the Integrated Governance Committee
12. Honorable Termination of Mr. Sarpi as Secretary of the Board of Commissioners
13. Honorable Termination of Mr. Sarpi as Secretary of the Nomination and Remuneration Committee
14. Appointment of Mr. Muhammad Yusuf as Secretary of the Board of Commissioners
15. Appointment of Mr. Muhammad Yusuf as Secretary of the Nomination and Remuneration Committee
16. Honorable Termination of Ms. Tri Kartika Dewi and the Appointment of Mr. Muhammad Daffa Nasution as Secretariat Staff of the Board of Commissioners
17. Charter of the Board of Commissioners of PT Bank Negara Indonesia (Persero) Tbk
18. Rules of Procedure for Meetings of the Board of Commissioners and Joint Meetings of the Board of Commissioners with the Board of Directors of PT Bank Negara Indonesia (Persero) Tbk
19. Allowances, Facilities, and Benefits for Members of the Board of Directors and Board of Commissioners
20. Honorable Termination of Mr. Bambang Setyogroho as an Independent Member of the Risk Monitoring Committee
21. Honorable Termination of Mr. Human Brilianto as an Independent Member of the Audit Committee
22. Charter of the Integrated Governance Committee
23. Charter of the Risk Monitoring Committee
24. Charter of the Nomination and Remuneration Committee
25. Charter of the Audit Committee and Code of Ethics of the Audit Committee
26. Appointment of Ms. Retno Murwani as an Independent Member of the Risk Monitoring Committee
27. Appointment of Mr. Donny Hutabarat as a Member of the Nomination and Remuneration Committee
28. Appointment of Mr. Donny Hutabarat as a Member of the Risk Monitoring Committee
29. Appointment of Mr. Donny Hutabarat as a Member of the Integrated Governance Committee
30. Confirmation of the Termination of Appointment of Mr. Suminto as a Member of the Nomination and Remuneration Committee
31. Confirmation of the Termination of Appointment of Mr. Suminto as a Member of the Risk Monitoring Committee
32. Confirmation of the Termination of Appointment of Mr. Suminto as a Member of the Integrated Governance Committee
33. Honorable Termination of Mr. Suhendi Muharam as an Independent Member of the Audit Committee
34. Appointment of Mr. Alih Suasono as an Independent Member of the Audit Committee
35. Appointment of Mr. Alih Suasono as an Independent Member of the Integrated Governance Committee
36. Appointment of Mr. Jhon F. Tamba as an Independent Member of the Audit Committee
37. Appointment of Mr. Jhon F. Tamba as an Independent Member of the Integrated Governance Committee
38. Honorable Termination of Ms. Dwita Suherlina as an Independent Member of the Risk Monitoring Committee

BOARD OF COMMISSIONERS' ASSESSMENT OF THE PERFORMANCE OF COMMITTEES UNDER THE BOARD OF COMMISSIONERS [ACGS D.5.7]

In order to enhance the role of the Board of Commissioners in carrying out its supervisory and advisory functions to the Board of Directors, the Board of Commissioners has formed 4 (four) supporting committees under it, namely:

1. Audit Committee;
2. Risk Monitoring Committee;
3. Nomination and Remuneration Committee; and
4. Integrated Governance Committee.

The four committees above execute clear mandates in accordance with prevailing laws and regulations as well as their respective work guidelines, thereby providing objective and independent input and recommendations to the Board of Commissioners. At least once a year, the Board of Commissioners conducts a performance evaluation of the committees under its authority to ensure that the execution of functions, duties, and responsibilities is running optimally. The evaluation is conducted by taking into account key performance indicators,

including the achievement of work plans/programs, the attendance and participation rates of members in meetings, as well as the submission of reports on the implementation of duties and activities by the Audit Committee, the Nomination and Remuneration Committee, the Risk Monitoring Committee, and the Integrated Governance Committee.

Assessment Procedures and Criteria Used

[ACGS D.5.7]

The Board of Commissioners conducts an evaluation of the performance of the committees under its authority to ensure that the execution of functions, duties, and responsibilities is carried out effectively. The performance assessment is conducted based on a number of criteria, which at a minimum include:

a. The realization of the committee's work plan/ program achievements during the fiscal year;
b. The attendance and participation rates of members in meetings;
c. Member competencies; and
d. The submission of reports on the implementation of duties.

Party Conducting Performance Assessment of Committees of the Board of Commissioners [ACGS D.5.7]

The Board of Commissioners periodically assesses the performance of committees under the Board of Commissioners, including the Audit Committee, Risk Monitoring Committee, Nomination and Remuneration Committee, Risk Monitoring Committee, and Integrated Governance Committee. At least once a year, the Board of Commissioners provides a performance assessment of the committees at the Board of Commissioners level to ensure the implementation of activities carried out by the Audit Committee, Nomination and Remuneration Committee, Risk Monitoring Committee, and Integrated Governance Committee.

In addition, the performance assessment of all committees under the Board of Commissioners also involves an independent external party at least once every 3 (three) years.

Result of Committee Performance Assessment in 2025

In 2025, the Board of Commissioners conducted a performance assessment of the committees under its authority based on established indicators or criteria. The results of the assessment show that each committee member actively participated in internal meetings as well as joint meetings with the Board of Commissioners, as reflected in the high level of attendance. Furthermore, the assessment was also based on the reports on the implementation of duties submitted periodically and in writing to the Board of Commissioners. In supporting the execution of the supervisory function, each committee played a part in providing recommendations that served as considerations and complemented the Board of Commissioners' perspective in carrying out its duties and responsibilities.

The following are the results of the Board of Commissioners' assessment of the performance of the supporting committees throughout 2025:

- Audit Committee
  The Audit Committee has carried out its oversight duties and responsibilities related to the review of financial information issued by the Bank to the public and/or to the Authorities. In addition, the Audit Committee also conducted reviews to ensure compliance with laws and regulations relevant to the Bank's activities, provided recommendations to the Board of Commissioners regarding the appointment of Public Accountants (AP) and Public Accounting Firms (KAP), and evaluated the effectiveness of the implementation of audits/services provided by Public Accountants (AP) and Public Accounting Firms (KAP). The Audit Committee also reviewed the annual internal audit plan, monitored the execution and results of audits by BNI's Internal Audit (IAD) and external audits, and oversaw the completion of follow-up actions by Management.

- Risk Monitoring Committee
  The Risk Monitoring Committee has assessed the suitability between risk management policies and the implementation of Bank policies, and also monitors and evaluates the implementation of tasks by the risk management committee and risk management work unit. The results of this assessment are used to provide recommendations to the Board of Commissioners. The Risk Monitoring Committee evaluates the implementation of risk management for the Bank's 8 (eight) main risks, namely Credit Risk, Market Risk, Liquidity Risk, Operational Risk, Strategic Risk, Legal Risk, Compliance Risk, Reputation Risk, and an additional 2 (two) other risks included in integrated risk management, namely Insurance Risk and Intragroup Transaction Risk.

- Nomination and Remuneration Committee
  The Nomination and Remuneration Committee has also carried out its role in carrying out supervisory duties and obligations, which include evaluating and formulating recommendations to the Board of Commissioners regarding regulations and policies related to nomination and remuneration for members of the Board of Commissioners, Board of Directors, executive officers and employees as a whole. This also includes examining and assessing the company's

talent management policies, as well as evaluating organizational development proposed by the Board of Directors in accordance with applicable regulations.

- Integrated Governance Committee
  The Board of Commissioners assesses that the Integrated Governance Committee has carried out its oversight function optimally throughout 2025, as evidenced by the implementation of comprehensive evaluations regarding the effectiveness of internal controls, the integration of the compliance function, and the performance of the Integrated Governance Guidelines. During this period, the Committee played an active role in providing strategic recommendations to the Board of Commissioners of the Main Entity (i.e., PIKK), which included proposals for guideline refinements as well as in-depth assessments of the suitability between policies and their implementation in the field. This proactive step was taken to ensure that governance standards are applied consistently, effectively, and accountably across all Financial Services Institutions within the BNI Financial Conglomeration ecosystem.

  Throughout 2025, the execution of programs and work plans by the committees under the Board of Commissioners was demonstrated by the level of participation, the number of meetings attended, and the reports detailing the activities carried out by the Audit Committee, Nomination and Remuneration Committee, Risk Monitoring Committee, and Integrated Governance Committee. This indicates that these committees have effectively fulfilled their duties and responsibilities.

COMPLETENESS OF THE BOARD OF COMMISSIONERS' ORGAN

To support the effective execution of the Board of Commissioners' duties and responsibilities, particularly in overseeing the management of the Bank by the Board of Directors, BNI establishes supporting organs under the Board of Commissioners, which consist of committees under the Board of Commissioners and the Board of Commissioners Secretariat. The establishment and implementation of the Secretariat of the Board of Commissioners and the supporting committees under the Board of Commissioners have taken into account the provisions of applicable laws and regulations, including:

1. Regulation of the Minister of State-Owned Enterprises No. PER-2/MBU/03/2023 dated March 3, 2023, concerning Guidelines for Governance and Significant Corporate Activities of State-Owned Enterprises and Regulation of the Minister of State-Owned Enterprises No. PER-3/MBU/03/2023 dated March 20, 2023, concerning Organs and Human Resources of State-Owned Enterprises, the organs of the Board of Commissioners may consist of the Audit Committee, Nomination and Remuneration Committee, Risk Monitoring Committee, and Integrated Governance Committee, as well as the Secretariat of the Board of Commissioners;
2. Regulation of the Financial Services Authority No. 18/POJK.03/2014, dated November 18, 2014, concerning the Implementation of Integrated Governance for Financial Conglomerates, in order to support the effectiveness of the implementation of its duties, the Board of Commissioners of the Main Entity is required to form an Integrated Governance Committee;
3. Financial Services Authority Regulation No. 45/POJK.03/2015, dated December 23, 2015, concerning the Implementation of Governance in the Provision of Remuneration for Commercial Banks, in carrying out the task of supervising the implementation of the Remuneration policy and periodically evaluating the Remuneration policy, the Board of Commissioners is required to form a Remuneration Committee;
4. Financial Services Authority Regulation No. 55/POJK.04/2015, dated December 23, 2015, concerning the Establishment and Guidelines for the Implementation of the Audit Committee, Issuers or Public Companies are required to have an Audit Committee and
5. Financial Services Authority Regulation No. 17 of 2023, dated September 14, 2023, concerning the Implementation of Governance for Commercial Banks, in order to support the effectiveness of the implementation of duties and responsibilities, the Board of Commissioners is required to form at least an Audit Committee, a Risk Monitoring Committee, and a Nomination and Remuneration Committee.

Working Mechanism of Committees Under the Board of Commissioners

The implementation of the duties of the committees under the Board of Commissioners must be guided by the respective Committee Charters as established through the Board of Commissioners Decree and published on the Bank's official website, namely:

1. Decree of the Board of Commissioners No. KEP/022/DK/2024 dated September 19, 2025, concerning the "Integrated Governance Committee Charter";
2. Decree of the Board of Commissioners No. KEP/023/DK/2024 dated September 19, 2025, concerning the "Risk Monitoring Committee Charter";
3. Decree of the Board of Commissioners No. KEP/024/DK/2024 dated September 19, 2025, concerning the "Nomination and Remuneration Committee Charter"; and

4. Decree of the Board of Commissioners No. KEP/025/DK/2025 dated September 19, 2025, concerning the "Audit Committee Charter and Code of Ethics of the Audit Committee of PT Bank Negara Indonesia (Persero) Tbk."

At the beginning of each year, all committees under the Board of Commissioners prepare their respective Work Plan Programs to be used as guidelines in executing their duties to support the implementation of the Board of Commissioners' duties, whether through monitoring activities, reviews, or providing advice or recommendations to the Board of Commissioners regarding matters related to the functions and duties of the respective committees through the following mechanisms:

1. The Committee holds meetings both internally and by inviting the relevant Director, unit and/or division and/or related unit;
2. The Committee conducts a review/evaluation/review and discussion/discussion outside the meeting forum, which, if necessary, is conducted with related units or divisions/units;
3. The results of the meeting or evaluation/review and discussion/discussion outside the meeting forum are submitted by the Committee Chair to the Board of Commissioners as a report either in writing or in the Board of Commissioners Meeting forum discussing the related agenda; and
4. The Committees under the Board of Commissioners submit a report on the realization of their work programs/activities every quarter to the Board of Commissioners.

Further information related to each Committee is presented separately in a separate sub-chapter, Committees Under the Board of Commissioners.

Performance Assessment of Committees Under the Board of Commissioners

Information related to the performance assessment of the committees under the Board of Commissioners has been presented separately in a separate subchapter, Committees Under the Board of Commissioners.

Performance Assessment or Evaluation of Independent Committee Members

The committee chair conducts performance evaluations of independent committee members annually or as needed at any time. The performance evaluation includes Performance Assessment Indicators that cover but are not limited to, the competence and expertise, quality of output, discipline, and attendance of the respective committee members at the Bank, as well as the execution of duties and responsibilities in accordance with the committee charter and work procedures applicable to independent committee members under the Board of Commissioners. Furthermore, the results of the evaluation and assessment, as referred to, are submitted as recommendations to the Board of Commissioners to extend or terminate the appointment of the committee members concerned at the Bank. The assessment factors used as the basis for assessing the performance of committee members under the Board of Commissioners who come from independent parties (not the Board of Commissioners), are as follows:

1. Duties according to the Committee Charter (weight 25%);
2. Competence and Skill (weight 30%);
3. Output Quality (weight 30%); and
4. Attendance Level (15%).

Obligation of Attendance of Committee Members Coming from Independent Parties

Independent committee members from outside the Bank are required to be present regularly during the Bank's working days and hours, in accordance with the schedule determined by the Board of Commissioners and/or the committee chairperson. This includes attending Committee Meetings and performing other assigned duties. Additionally, they are required to sign the attendance register at the Bank when carrying out tasks beyond attending Committee Meetings. If necessary, at the request of the Board of Commissioners and/or the committee chairperson, independent committee members must also be present at the Bank, during Board of Commissioners Meetings or Committee Meetings, or at specific activities that require the presence of the Board of Commissioners. This requirement applies outside the previously established frequency and schedule of routine attendance. Information regarding the committees under the Board of Commissioners and the Secretary of the Board of Commissioners is provided in a separate subchapter.

Board of Commissioners Secretariat Organ

The BNI Board of Commissioners Secretariat is headed by the Secretary of the Board of Commissioners, an external appointee, supported by the staff of the Board of Commissioners Secretariat. The functions and duties of the Board of Commissioners Secretariat and the Secretary of the Board of Commissioners are carried out in accordance with the Regulation of the Minister of State-Owned Enterprises No. PER-3/MBU/03/2023, dated March 20, 2023, concerning the Organs and Human

Resources of State-Owned Enterprises. Information regarding the Secretariat of the Board of Commissioners and the Secretary of the Board of Commissioners is presented in a separate subchapter, Supporting Organs of the Board of Commissioners.

Independent Commissioner

Independent Commissioners are members of the Board of Commissioners who have no financial, management, share ownership, and or family relationships with members of the Board of Directors, other members of the Board of Commissioners, and or controlling shareholders, including the ultimate controlling shareholder, nor any relationship with the Bank that could give rise to potential conflicts of interest that may impair their independence in decision making. The role of Independent Commissioners is to promote a more objective working climate and environment, while upholding fairness and equality among various interests, including the interests of minority shareholders and other Stakeholders. This role also strengthens the integrity of corporate governance through oversight of management and the strategic decision making process at BNI. The presence of Independent Commissioners at BNI represents the Bank's compliance with the provisions of OJK Regulation No. 17 of 2023 on the Implementation of Corporate Governance for Commercial Banks and OJK Circular Letter No. 14/SEOJK.03/2025 on the Implementation of Corporate Governance for Commercial Banks.

CRITERIA AND NUMBER OF INDEPENDENT COMMISSIONERS

As of December 31, 2025, BNI had 3 (three) Independent Commissioners, representing 50% of the total 6 (six) members of the Board of Commissioners. Accordingly, the number of Independent Commissioners at BNI has met the requirements stipulated under OJK Regulation No. 17 of 2023 and OJK Circular Letter No. 14/SEOJK.03/2025 on the Implementation of Corporate Governance for Commercial Banks, as well as international governance standards under the ASEAN Corporate Governance Scorecard, which require at least 50 percent of the total members of the Board of Commissioners.[ACGS (B).D.4.1, D.2.4]

The following are the Independent Commissioners serving as of the end of the 2025 financial year:

Name	Position	Legal Basis of Appointment	Term of Office
Omar Sjawaldy Anwar	President Commissioner/Independent Commissioner [ACGS D.4.2]	AGMS March 26, 2025	2025-2030
Vera Febyanthy	Independent Commissioner	AGMS March 26, 2025	2025-2030
Didik Junaedi Rachbini	Independent Commissioner	AGMS March 26, 2025	2025-2030

The Bank always pays attention to the individual criteria that Independent Commissioners must fulfill, especially regarding the requirements and criteria for Independent Commissioners as further regulated through other applicable laws and regulations, in particular:

1. Law No. 40 of 2007 concerning Limited Liability Companies as amended by Law No. 6 of 2023 concerning the Stipulation of Government Regulations in Lieu of Law Number 2 of 2022 concerning Job Creation into Law, which regulates that:
   a. The Company's Articles of Association may regulate the existence of 1 (one) or more independent commissioners and 1 (one) delegate commissioner; and
   b. Independent commissioners are appointed based on GMS resolutions from parties who are not affiliated with the major shareholders, members of the Board of Directors, and/or other members of the Board of Commissioners.
2. Financial Services Authority Regulation No. 33/POJK.04/2014 dated December 8, 2014 concerning the Board of Directors and the Board of Commissioners of Issuers or Independent Commissioner of Public Companies, which regulates that:
   a. Independent Commissioners are members of the Board of Commissioners who come from outside the Issuer or Public Company and fulfill the requirements as Independent Commissioners as referred to in the POJK;
   b. Independent Commissioners must fulfill the following requirements:
      i. Not a person who works or has the authority and responsibility to plan, lead, control or supervise the activities of an Issuer or Public Company within the last 6 (six) months, except for reappointment as an Independent Commissioner of an Issuer or Public Company in the following period;

ii. Does not own shares, either directly or indirectly, in the Issuer or Public Company;
iii. Does not have affiliation with the Issuer or Public Company, member of the Board of Commissioners, member of the Board of Directors, or major shareholder of the Issuer or Public Company; and

c. Does not have any direct or indirect business relationships related to the business activities of the Issuer or Public Company.

3. Financial Services Authority Regulation No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks, which regulates that:
   a. Candidates for Independent Commissioners must have:
      i. Knowledge in the banking sector that is adequate and relevant to the position as Independent Commissioner; and
      ii. Experience in banking and/or finance.
   b. Former members of the Board of Directors or Executive Officers of the Bank or parties who have a relationship with the Bank who may influence the person's ability to act independently must undergo a cooling-off period of at least 1 year before becoming an Independent Commissioner at the Bank concerned.
   c. Non-Independent Commissioners can change to become Independent Commissioners at the Bank or bank business group concerned by fulfilling the requirements as an Independent Commissioner.
   d. Non-Independent Commissioners who will transition to become Independent Commissioners at the Bank concerned are required to undergo a cooling-off period of at least 1 (one) year.
   e. The transition from Non-Independent Commissioner to Independent Commissioner must obtain OJK approval through a fit and proper test in accordance with POJK regarding fit and proper tests for financial services institutions.
4. Financial Services Authority Circular No. 14/SEOJK.03/2025 concerning the Implementation of Governance for Commercial Banks, which regulates that:
   a. An Independent Commissioner is a member of the Board of Commissioners who has no financial, management, ownership, and or family relationships with other members of the Board of Commissioners, members of the Board of Directors, and or controlling shareholders, including the ultimate controlling shareholder, or any relationship with the Bank that may affect the ability to act independently;
   b. The definitions of financial, management, ownership, and or family relationships with other members of the Board of Commissioners, members of the Board of Directors, and or controlling shareholders, or relationships with the Bank that may affect the ability to act independently, are determined in accordance with the provisions set out in the applicable laws and regulations, in particular the OJK Circular Letter on the Implementation of Corporate Governance for Commercial Banks.
5. Financial Services Authority Circular No. 28/SEOJK.03/2022 concerning Risk Management Certification for Commercial Bank Human Resources, which regulates that Ownership of a Risk Management Certificate is one aspect of assessing competency factors in assessing the ability and suitability of prospective members of the Board of Directors and prospective members of the Board of Commissioners in accordance with provisions of the Financial Services Authority regarding the fit and proper test for the main parties of financial services institutions.

6. Circular Letter of PT Danantara Asset Management (Persero) No. SE/002/DI-DAM/DO/2025 concerning Guidelines on Conduct and Professionalism of the Board of Directors and Board of Commissioners, which, inter alia, encourages:
   a. Continuously enhance capabilities, knowledge, and strategic insight to strengthen leadership effectiveness and the implementation of Good Corporate Governance.
   b. Participate in relevant leadership development programs and professional certifications, including those in finance, risk management, sustainability and ESG, digital transformation, as well as cross generational and cross-cultural leadership.
   c. Undertake training to strengthen oversight and internal control competencies, enabling the effective, independent, and risk-oriented performance of oversight functions.

STATEMENT OF INDEPENDENCE OF INDEPENDENT COMMISSIONERS

In line with the provisions of Article 25 paragraph (1) OJK Regulation No. 33/POJK.04/2014 concerning the Board of Directors and Board of Commissioners of Issuers or Public Companies, BNI ensures that all Independent Commissioners in office have fulfilled the independence requirements as evidenced by the absence of financial, management, share ownership, and/or familial relationships with members of the Board of Directors, other members of the Board of Commissioners, and/or controlling shareholders, or relationships with other companies that may affect the person's ability to act independently. The following is a statement of independence from each Independent Commissioner:

Name	Has no financial relationship with the Board of Commissioners and Directors	Has No Management Relationship in BNI, Subsidiary, or Affiliated Companies	Has no Share Ownership Relationship in BNI	No Family Relationship with the Board of Commissioners, Board of Directors, and/ or Fellow Members of the Nomination and Remuneration Committee
Omar Sjawaldy Anwar	√	√	√	√
Vera Febyanthy	√	√	√	√
Didik Junaedi Rachbini	√	√	√	√

Each Independent Commissioner of BNI has signed a Statement Letter confirming the fulfillment of all eligibility criteria and the independence of the position in accordance with applicable laws and regulations, and has submitted such statement to the Financial Services Authority (OJK) as one of the requirements to participate in the fit and proper test process. During 2025, the Independent Commissioners in office were as follows:

Independence Attachment

Omar Sjawaldy Anwar
President Commissioner/
Independent Commissioner

Vera Febyanthy
Independent Commissioner

Didik Junaedi Rachbini
Independent Commissioner

Board of Directors

The Board of Directors is the primary organ within BNI's governance structure, which collectively assumes holding full authority and responsibility for the management of the Bank to achieve its goals aims and objectives. The Board of Directors also represents the Bank both inside and outside the courts, in accordance with the Articles of Association and applicable laws and regulations. In carrying out its duties and responsibilities, the Board of Directors has the authority to direct the Bank's operations, take strategic steps, and establish policies necessary to ensure the Bank's operational efficiency and effectiveness.

In discharging its duties, each member of the Board of Directors fulfils carries out their responsibilities in accordance with the division of duties and authorities, to ensure effective management and deliver optimal results. All of these duties shall be discharged in good faith in accordance with the Articles of Association, prioritizing the principles of banking prudence, professional ethics, the code of ethics, national and international banking conventions, and compliance with all applicable laws and regulations in Indonesia, including Bank Indonesia, the Financial Services Authority, and other relevant regulations.

LEGAL BASIS

The basis for the formation and appointment of BNI's Board of Directors refers to a number of laws, regulations, Articles of Association, and related regulations, including:

1. Law No. 40 of 2007 concerning Limited Liability Companies as amended by Law No. 6 of 2023 concerning Stipulation of Government Regulations in Lieu of Law No. 2 of 2022 concerning Job Creation becomes law;
2. Law of the Republic of Indonesia No. 19 of 2003 concerning State-Owned Enterprises, as amended by Law No. 16 of 2025 concerning the Fourth Amendment to Law No. 19 of 2003 on State-Owned Enterprises;
3. Financial Services Authority Regulation No. 33/POJK.04/2014 concerning the Board of Directors and the Board of Commissioners of Issuers or Public Companies;
4. Regulation of the Minister of SOE Number PER-2/MBU/03/2023 concerning Guidelines for Governance and Significant Corporate Activities of State-Owned Enterprises;
5. Regulation of the Minister of SOE Number PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises;
6. Bank Articles of Association; and
7. The Board of Directors' Decree Number KP/339/DIR dated August 6, 2024, concerning the Charter of the Board of Directors of PT Bank Negara Indonesia (Persero)Tbk.

BOARD OF DIRECTORS' CHARTER [ACGS D.1.1]

In fulfilling its responsibilities, the Board of Directors is guided by the Board of Directors' Charter, which was ratified through BNI Board of Directors' Decree No. KP/339/DIR dated August 6, 2024. This Board of Directors' Charter is a comprehensive framework containing guidelines and a code of ethics, is binding, and must be adhered to by all members of the Board of Directors.

The Bank's Board of Directors' Charter regulates various matters, including:

1. General Provisions;
2. Accountability and Responsibility of the Board of Directors;
3. Number, Composition, and Independence of the Board of Directors;
4. Guidelines for Ethics and Conduct of the Board of Directors, Requirements for Board Members;
5. Signing of Management Contracts for Board Members;
6. Procedures for Appointing Board Members;
7. Dismissal of Board Members;
8. Resignation of Board Members;
9. Expiration of a Board Member's Term of Office;
10. Company Management Policies by the Board of Directors;
11. Division of Duties and Authorities of the Board of Directors;
12. Arrangement of Authority and Decision-Making Procedures of the Board of Directors;
13. Duties, Authorities, and Obligations of the Board of Directors;
14. Actions of the Board of Directors that require written approval from the Board of Commissioners;
15. Actions of the Board of Directors that require approval from the GMS. These actions may only be carried out by the Board of Directors after receiving a written response from the Board of Commissioners and approval from the GMS.

16. Board of Directors Meeting;
17. Annual Management Contract and Key Performance Indicators;
18. Board of Directors Remuneration;
19. Board of Directors Succession Policy;
20. Income for Concurrent Positions;
21. Working Relationship between the Board of Directors and the Board of Commissioners;
22. Working Hours;
23. Leave of Directors Members;
24. Company Induction Program;
25. Competency Improvement for Board of Directors Members;
26. Transparency Aspects of the Board of Directors; and
27. Prohibition on Taking Personal Gain and Conflicts of Interest.

The Board of Directors Charter is periodically evaluated and updated in accordance with applicable Indonesian laws and regulations. The last update was made on January 28, 2026, and the document can be accessed through the official BNI website.

CRITERIA OR QUALIFICATIONS OF THE BOARD OF DIRECTORS [ACGS D.3.9, D.3.11]

BNI's Board of Directors is appointed through a selection process based on criteria and qualifications in accordance with statutory regulations, the application of GCG principles, and the Bank's strategic needs in realizing its vision, mission, and business plan. Each member of the Board of Directors must possess high integrity, adequate competence, extensive experience, and a relevant professional track record in the banking sector and other business areas that support the Bank's sustainable management.

The criteria for BNI's Board of Directors are shown in the following table:

Criteria or Requirement	Putrama Wahju Setyawan	Alexandra Askandar	Hussein Paolo Kartadjoemena	Corina Leyla Karnalies	David Pirzada	Ronny Venir	Toto Prasetio	Agung Prabowo	Muhammad Iqbal	Rian Eriana Kaslan	Abu Santosa Sudradjat	Eko Setyo Nugroho	Munadi Herlambang
1. Integrity, at least including:													
a) Proficient in performing legal actions in the 5 (five) years before appointment and during their term of office: • Has never been declared bankrupt; or • Has never been a member of the Board of Directors or a member of the Board of Commissioners found guilty of causing a company to be declared bankrupt based on a court decision.	√	√	√	√	√	√	√	√	√	√	√	√	√
b) Has good character and morals;	√	√	√	√	√	√	√	√	√	√	√	√	√
c) Has the commitment to comply with prevailing laws and regulations;	√	√	√	√	√	√	√	√	√	√	√	√	√
d) Has the commitment to develop sound Bank operations;	√	√	√	√	√	√	√	√	√	√	√	√	√
e) Has not been included in the list of those failing to pass the fit and proper test;	√	√	√	√	√	√	√	√	√	√	√	√	√
f) Has a commitment to not take and/or repeat certain actions and/or actions, for candidates for members of the Board of Directors or candidates for members of the Board of Commissioners who have not passed the fit and proper test and have undergone sanctions;.	√	√	√	√	√	√	√	√	√	√	√	√	√
2. Competencies, at least including:													
a) Sufficient knowledge in banking relevant to the position;	√	√	√	√	√	√	√	√	√	√	√	√	√

Criteria or Requirement	Putrama Wahju Setyawan	Alexandra Askandar	Hussein Paolo Kartadjoemena	Corina Leyla Karnalies	David Pirzada	Ronny Venir	Toto Prasetio	Agung Prabowo	Muhammad Iqbal	Rian Eriana Kaslan	Abu Santosa Sudradjat	Eko Setyo Nugroho	Munadi Herlambang
b) Has the experience and expertise in banking and/ or finance; and	√	√	√	√	√	√	√	√	√	√	√	√	√
c) The ability to carry out strategic management in the context of developing the company and its subsidiaries.	√	√	√	√	√	√	√	√	√	√	√	√	√
3. Has a good financial reputation with no bad loans;	√	√	√	√	√	√	√	√	√	√	√	√	√
4. Complies with the laws and regulations in the field of Banking, Capital Market, other laws and regulations and the Company's Articles of Association;	√	√	√	√	√	√	√	√	√	√	√	√	√
5. Between fellow members of the Board of Directors, and between members of the Board of Directors and members of the Board of Commissioners, it is prohibited to have blood relationship up to the third degree either in a straight line or a sideways line or an affair (son-in-law or brother-in-law).	√	√	√	√	√	√	√	√	√	√	√	√	√
6. Time commitment to the company	√	√	√	√	√	√	√	√	√	√	√	√	√

TERM OF OFFICE OF THE BOARD OF DIRECTORS [ACGS D.2.5]

The term of office of the BNI Board of Directors is set for a maximum of 2 (two) consecutive periods, with the following provisions and details:

1. The Board of Directors members are appointed for a period commencing from the date determined by the GMS that appoints them and ends at the closing of the 5 (fifth) Annual GMS after the date of appointment on condition that it should not exceed a period of 5 (five) years, by observing the laws and regulations in the Capital Market sector, but without reducing the right of the GMS to dismiss at any time any members of the Board of Directors before their term of office ends; and
2. Dismissal is effective from the closing of the GMS, unless otherwise determined by the GMS.

COMPOSITION, NUMBER, AND COMPOSITION (INCLUDING LEGAL BASIS FOR APPOINTMENT) OF THE BOARD OF DIRECTORS IN 2025

The number and composition of BNI's Board of Directors are determined proportionally, taking into account the Bank's strategic needs and aligning them with the Bank's characteristics, capacity, and business scale. This determination also prioritizes the principle of diversity within the Board of Directors, in terms of background, expertise, and experience, to ensure balanced representation that supports effective management, supervision, and decision-making at the Board of Directors level.

By 2025, all members of the Board of Directors are guaranteed to have met the requirements for number, composition, and other provisions as stipulated in the BNI Board of Directors' Guidelines and Work Procedures, namely:

1. The number of members of the BNI Board of Directors serving as of December 31, 2025, is 12 (twelve) people, consisting of 1 (one) President Director, and 1 (one) Deputy President Director;
2. 1 (one) Director who concurrently serves as Compliance Director and 9 (nine) other Directors;
3. The number of members of the BNI Board of Directors is greater than the number of members of the BNI Board of Commissioners;
4. All members of the BNI Board of Directors are domiciled in Jakarta, Indonesia;
5. The majority of members of the BNI Board of Directors have at least 5 (five) years of experience in the operational field as Bank executive officers;
6. The Board of Directors is led by the President Director, who comes from a party that is independent of the Controlling Shareholders, other members of the Board of Directors, and members of the BNI Board of Commissioners;
7. There placement and/or appointment of members of the BNI Board of Directors has considered the recommendations of the Nomination and Remuneration Committee and obtained approval from shareholders, including non-controlling shareholders, and obtained OJK approval; [ACGS A.2.2]

8. All members of the BNI Board of Directors do not have familial relationships up to the third degree with fellow members of the Board of Directors and/or Board of Commissioners or Controlling Shareholders; and
9. All members of the BNI Board of Directors have passed the Fit and Proper Test.

In connection with the dismissal, changes in position nomenclature, transfer of duties, and appointment of member of the Board of Directors based on the resolution of the 2025 Annual GMS held on March 26, 2025, the number and composition of the BNI Board of Directors underwent changes with the following description:

* The Board of Directors is effective after obtaining OJK Approval on the Fit and ProperTest.This is in accordance with OJK regulation No. 27/POJK.03/2016 dated July 22, 2016 concerning Fit and ProperTest for Key Parties of Financial Services Institutions.

Based on the disclosure table above, it can be seen that the BNI Board of Directors is led by the President Director and does not include the position of Independent Director in connection with the implementation of the two-board system principle in BNI's governance structure. In this system, the functions and roles of the Independent Director are transferred to the Deputy President Director. The procedures for the selection and appointment of BNI's Directors always refer to the Director Succession Policy applicable within the Bank. As of December 31, 2025, no Director had previously served as President Director of BNI within the last 2 years. [ACGS D.4.3, D.4.5]

BNI's commitment to promoting leadership and the active role of women at the top management level is reflected in the election of Alexandra Askandar as Deputy President Director of the Bank, based on the resolutions of the 2025 Annual General Meeting of Shareholders. Based on the composition of the Board of Directors as of December 31, 2025, BNI has three female Directors with superior capacity, competence, and experience in their respective fields, as follows: [ACGS (B).D.1.1]

1. Alexandra Askandar: Deputy President Director
2. Corina Leyla Karnalies: Consumer Banking Director
3. Rian Eriana Kaslan: Network & Retail Funding Director

BNI consistently ensures the independence of each member of the Board of Directors in carrying out their duties and responsibilities. This is reflected in the fact that no member of the Board of Directors has served more than two terms of five years in the same capacity. Further information regarding the career history and complete profile of each member of the Board of Directors can be found in the Company Profile chapter, sub-chapter "Director's Profile" in the 2025 Annual Report.

MECHANISM FOR APPOINTMENT, DISMISSAL, AND RESIGNATION OF THE BOARD OF DIRECTORS [ACGS D.3.10]

The procedures and procedures for the dismissal and resignation of members of the Board of Directors are clearly regulated in BNI's Articles of Association, while still referring to the provisions of POJK No. 33/POJK.04/2014 and POJK No. 15/POJK.04/2020. The provisions in question cover the following:

1. The GMS may dismiss members of the Board of Directors at any time by stating the reasons.
2. The reasons for dismissing a member of the Board of Directors is based on fact that the concerned member of the Board of Directors:
   a. Did not perform/under performed in fulfilling the obligations agreed upon in the management contract.
   b. Did not perform their duties properly.
   c. Violated the provisions of Articles of Association and/or laws and regulations.
   d. Engaged in actions that harmed the Company and/or the State
   e. Committed actions that violated ethics and/or properness that must be upheld as Board of Directors.
   f. Convicted by a Court decision that has permanent legal force.
   g. Resigned.
   h. Other reasons considered appropriate by the GMS in the interests and objectives of the Company.
3. A decision for dismissal shall be made after the related person has had the opportunity to defend themself, except for reasons as referred to in item 2 letter f and g.
4. Dismissal for reasons as referred to in item 2, letter d and f shall constitute dishonorable dismissal.
5. A member of the Board of Directors may resign from their post before their term of office expires. In this matter, the member of the Board of Directors who resigns must submit a resignation request to the Company.
6. BNI must convene a GMS to resolve the resignation proposal of members of the Board of Commissioners no longer than 90 (ninety) days after receipt of the resignation letter.
7. Members of the Board of Directors who resign before or after their term of office ends, unless due to death, the person concerned shall still be responsible to submit accountability for actions not yet received by the GMS.
8. Members of Board of Directors may be dismissed temporarily by the Board of Commissioners by stating the reasons in the event that such a member acts in contrary to the Articles of Association or there is an indication of doing an action that harms the Company or is neglect in performing obligations or there are compelling reasons for the Company by considering the following provisions:
   a. Such temporary dismissal shall be notified in writing to the concerned member of the Board of Directors together with the reasons causing such action with a copy to the Board of Directors;
   b. The notification as referred to in item 8 letter a shall be delivered no later than 2 (two) business days after the determination of such temporary dismissal;
   c. The temporarily dismissed member of the Board of Directors is not authorized to perform Company management in the Company's interest in accordance with the Company's purposes and objectives nor represent the Company, either inside or outside court;
   d. Within a period of no later than 90 (ninety) days after such temporary dismissal, the Board of Commissioners shall convene a GMS to withdraw or enforce such temporary dismissal resolution;
   e. In the event that the time period to convene the GMS as referred to in item 8 letter d has passed or the GMS cannot adopt a resolution, then such temporary dismissal shall become void
   f. The limitation of authority in item 8 letter c shall be effective from the decision of temporary dismissal by the Board of Commissioners until:
   g. There is a GMS decision confirming or revoking the temporary dismissal in item 8 letter d; or
   h. The time period in item 8 letter d has passed.
   i. In the GMS as referred to in item 8 letter d, the related members of the Board of Directors are given an opportunity to defend themselves.
   j. Such temporary dismissals cannot be extended or reestablished for the same reasons, in the event that such temporary dismissal is declared void as referred to in item 8 letter e.

k. In the event that the GMS cancels a temporary dismissal or there are circumstances as referred to in item 8 letter e, then the related member of the Board of Directors must resume their duties properly.
l. In the event that the GMS reaffirms the temporary dismissal resolution, then the related member of the Board of Directors shall be dismissed going forward.
m. DUTIES AND RESPONSIBILITIES OF THE BOARD OF DIRECTORS [ACGS D.1.3]

The Board of Directors has the duties, responsibilities, and authority to manage and administer the Bank to ensure the achievement of the Bank's operational objectives, while always adhering to applicable laws and regulations and based on GCG principles. In general, the Board of Directors assumes full responsibility as the authorized body to represent the Bank, both inside and outside the courts, in all legal actions and events, while adhering to the limitations stipulated in regulations, the Articles of Association, and GMS resolutions.

The following is a description of the Board of Directors' duties and responsibilities as a collegial body, as set out in the Board of Directors Charter:

1) The Company's Board of Directors is fully responsible for managing and conducting all actions on behalf of the Company in the best interests of the Company and in line with its purposes and objectives. In carrying out this mandate, the Board of Directors represents the Company both inside and outside the court in all matters and circumstances, while consistently observing and complying with applicable laws and regulations, the Articles of Association, and resolutions of the General Meeting of Shareholders (GMS).
2) Implementing sound corporate governance, robust risk management, and integrated compliance across the Company, aligned with developments in the banking ecosystem and supported by digitalization and technological innovation.
3) Striving for and ensuring that the Company's business and activities are carried out in accordance with its purposes, objectives, and business activities;
4) Preparing an Annual Report, including a Financial Statement as a manifestation of accountability for the Company's management, as well as the Company's financial documents as referred to in the Law on Company Documents;
5) Preparing a Financial Statement based on Financial Accounting Standards and submitting it to a Public Accountant for audit;
6) Submit the Balance Sheet and Profit and Loss Statement approved by the GMS to the Head of the State-Owned Enterprises Supervisory Agency (BP BUMN) in accordance with statutory provisions;
7) Prepare annual reports and other required reports in accordance with the mechanisms and provisions of statutory regulations;
8) Prepare the Company's organizational structure, complete with details and duties;
9) Provide explanations on all matters requested or inquired by members of the Board of Commissioners and Series A Dwiwarna Shareholders, in due observance of prevailing laws and regulations, particularly those applicable to the banking and capital market sectors.
10) Carry out other obligations in accordance with the provisions stipulated in statutory regulations, the Company's Articles of Association, and/or those stipulated by the GMS.

A more detailed description of the duties and responsibilities of the Board of Directors is set out in the Board of Directors Work Guidelines, which are available and accessible on the BNI website.

DIVISION OF DUTIES AND RESPONSIBILITIES OF EACH MEMBER OF THE BOARD OF DIRECTORS [ACGS D.1.3]

Each member of the BNI Board of Directors has distinct roles and responsibilities based on their respective areas of expertise, experience, and competencies, enabling them to provide complementary contributions to the Bank's management. This diversity of backgrounds and expertise is a key strength in supporting the effectiveness of the decision-making process, business strategy formulation, and the implementation of GCG principles. Through solid synergy among members of the Board of Directors, BNI continuously strives to innovate, improve performance, and create sustainable added value for all stakeholders.

The division of work scope and responsibilities of each member of the BNI Board of Directors is periodically determined through a Board of Directors Decree concerning Organizational Restructuring. For the period from January 1, 2025, to March 26, 2025, the implementation of the Board of Directors' duties refers to Board of Directors Decree No. KP/235/DIR/R dated June 7, 2024. Following changes in the composition and nomenclature of Board of Directors positions based on the resolutions of the 2025 Annual General Meeting of Shareholders held on March 26, 2025, the division of Board of Directors' duties for the period from March 26, 2025, to March 26, 2025, will be amended. December 31, 2025, The division of duties among the Board of Directors for the period from March 26, 2025 to December 31, 2025 was established through the Board of Directors' decree Number KP/377/DIR/R dated August 1, 2025.

The main duties and authorities of each member of the BNI Board of Directors throughout 2025 are as follows:

AUTHORITY OF THE BOARD OF DIRECTORS

In carrying out its duties and responsibilities, the Board of Directors has a number of authorities regulated and established in accordance with the provisions of the Bank's Articles of Association. The Board of Directors' authorities are as follows:

1. Set up the Company's management policies, taking into account applicable regulations;
2. Set up policies for synergy between the Company and the Majority Series B and Series C Shareholders, guided by the policies established by the Majority Series B and Series C Shareholders;
3. Arrange the transfer of the Board of Directors' authority to represent the Company, both inside and outside the Court, to a person or persons specifically appointed for that purpose, including Company employees, either individually or jointly, and/or other bodies;
4. Regulate provisions regarding Company employees, including determining wages, pensions, old-age security, and other income for Company employees in accordance with applicable laws and regulations;
5. Appoint and dismiss Company employees in accordance with applicable labor regulations and laws and regulations;

6. Appoint and dismiss the Corporate Secretary and/or Head of the Internal Audit Unit with the approval of the Board of Commissioners after first obtaining the approval of the Majority Series B and Series C Shareholders;
7. Write off the Company's Fixed Assets and/or other Assets in accordance with the provisions stipulated in these Articles of Association and which will then be reported to the Board of Commissioners and accounted for in the Annual Report;
8. Relinquish the right to collect or not collect interest, fines, fees, and other receivables other than the principal amount incurred in the context of restructuring and/or settlement of receivables, as well as other actions in the context of settling the Company's receivables, provided that prior approval from BPI Danantara is obtained in accordance with laws and regulations in the field of State-Owned Enterprises;
9. Relinquish the right to collect or not collect bad principal receivables that have been written off in the context of credit settlement, either in part or in full, which will be implemented based on policies established by the Board of Directors with the approval of the Board of Commissioners and within the write-off ceiling (limit) determined by the GMS, which will remain in effect until a new ceiling (limit) is determined by the GMS, provided that prior approval from BPI Danantara is obtained in accordance with laws and regulations in the field of State-Owned Enterprises;
10. Establish the Company's write-off and receivables write-off policies with the approval of the Board of Commissioners and the majority shareholders of Series B and Series C shares, taking into account applicable provisions, and propose the write-off limit as referred to in point 9) to be determined by the GMS;
11. Establish Committees as needed;
12. Carry out all other actions and deeds regarding the management and ownership of the Company's assets, bind the Company with other parties and/or other parties with the Company, and represent the Company inside and outside the court regarding all matters and all events, with limitations as stipulated in laws and regulations, these Articles of Association, and/or GMS decisions.

BOARD OF DIRECTORS' RESPONSIBILITIES

As regulated in the BNI Board of Directors' Work Guidelines and Procedures, the Board of Directors is responsible for:

1. Promoting and ensuring the implementation Promoting and ensuring the implementation
2. Establishing on time the Company's Long Term Plan, the Company's Annual Work Plan and Budget, and other work plans, and any amendments to be submitted to the Board of Commissioners for approval;
3. Preparing the Shareholders Register, Special Register, GMS Minutes, and Minutes of the Board of Directors' meetings;
4. Preparing the Annual Report, which contains the Financial Statements, as a form of accountability of the Company's management as well as the Company's financial documents as referred to in Law on Company Documents;
5. Preparing the Financial Statements based on the Financial Accounting Standards and submit them to Public Accountant to be audited;
6. Delivering the Annual Report after review by the Board of Commissioners within a maximum period of 5 (five) months after the Company's fiscal year ends to the GMS for approval and ratification;
7. Providing explanation to the GMS on the Annual Report;
8. Delivering the Balance Sheet and Income Statement after approval by the GMS to the Minister in charge of Law in accordance with the provisions of laws and regulations;
9. Submit reports on the implementation of write-offs and write-offs in accordance with laws and regulations;
10. Prepare other reports required by laws and regulations;
11. Keep the Shareholder Register, Special Register, Minutes of the GMS, Minutes of Board of Commissioners Meetings, and Minutes of Board of Directors Meetings, the Annual Report and the Company's financial documents as referred to in these Articles of Association, as well as other Company documents;
12. File and manage, both physically and/or electronically at the Company's domicile, the following: the Shareholder Register, Special Register, Minutes of the GMS, Minutes of Board of Commissioners Meetings, and Minutes of Board of Directors Meetings, the Annual Report and the Company's financial documents, as well as other Company documents;
13. Do and maintain the Company's bookkeeping and administration in accordance with applicable corporate practice;
14. Establish an accounting system in accordance with Financial Accounting Standards and based on the principles of internal control, particularly the management, recording, storage, and oversight functions;
15. Provide periodic reports in a manner and on a time frame consistent with applicable laws and regulations, as well as other reports whenever requested by the Board of Commissioners and/or

Series A Dwiwarna Shareholders and/or Series B and Series C Shareholders with the largest number of shares, taking into account laws and regulations, particularly provisions in the Capital Market and Banking sectors;
16. Prepare the Company's organizational structure, complete with details and duties;
17. Provide explanations on all matters inquired or requested by members of the Board of Commissioners, Series A Dwiwarna Shareholders and/or Series B and Series C Shareholders with the largest number of shares, taking into account laws and regulations, particularly provisions in the Banking and Capital Market sectors;
18. Implement integrated governance, risk management, and capital requirements for the Financial Conglomerate;
19. Prepare a Board of Directors Charter, Risk Management Charter, Internal Audit Charter, and other documents, with due consideration all regulatory provisions especially those in the Banking and Capital Market sectors;
20. Carry out other obligations in accordance with the provisions - which are regulated in laws and regulations, these Articles of Association - and/or those determined by the GMS.

BOARD OF DIRECTORS' ACTIONS THAT MUST OBTAIN GMS APPROVAL

In carrying out management functions, there are a number of specific actions that can only be carried out by the Board of Directors after obtaining approval from the GMS, namely as follows:
1. The Board of Directors is responsible for requesting approval from the GMS to:
   a. Transfer the Company's assets; or
   b. Make collateral for debts of the Company's assets, which constitute more than 50% (fifty percent) of the Company's net assets in 1 (one) or more transactions, whether related to each other or not, except for the implementation of the Company's business activities in accordance with Article 3 of the Articles of Association.
2. Actions carried out without the approval of the GMS remain binding on the Company as long as the other parties to the legal action have good intentions; and
3. The GMS may reduce restrictions on the actions of the Board of Directors as regulated in these Articles of Association or determine other restrictions on the Board of Directors other than those regulated in the Articles of Association.

BOARD OF DIRECTORS' ACTIONS THAT MUST OBTAIN WRITTEN APPROVAL FROM THE BOARD OF COMMISSIONERS [ACGS D.1.2]

The following is a list of actions or decisions of the Board of Directors that must obtain written approval from the Board of Commissioners:
1. Write off the Company's assets within certain value thresholds as determined by the Board of Commissioners, taking into account the prevailing laws and regulations governing State-Owned Enterprises, as follows:
   a. Write-offs due to the transfer/disposal of the Company's fixed assets;
   b. Write-offs due to the transfer/disposal of the Company's other assets;
   c. Write-offs of the Company's fixed assets and/or other assets other than those resulting from transfer/disposal;

   excluding the Company's assets in the course of carrying out its business activities in accordance with applicable laws and regulations, including but not limited to assets in the form of loans, securities, foreclosed collateral, movable assets, and other assets acquired in the course of the Company's business activities, with due regard to regulations in the capital markets and banking sectors;
2. Pledge the Company's assets as collateral within certain value thresholds as determined by the Board of Commissioners, excluding assets utilized in the ordinary course of the Company's business activities in accordance with applicable laws and regulations, including but not limited to loans, securities, foreclosed collateral, movable assets, and other assets acquired in the course of business, with due regard to regulations in the capital markets and banking sectors.
3. Enter into cooperation arrangements with business entities or other parties in the form of licensing agreements, management contracts, asset leases, Joint Operations (KSO), Build Operate Transfer (BOT), Build Own Transfer (BoT), Build Transfer Operate (BTO), and other similar arrangements that do not constitute the Company's day-to-day business activities, within certain value or term limits as determined by the Board of Commissioners.
4. Make equity investments in subsidiaries, joint ventures, and/or other companies, including the establishment of subsidiaries and/or joint ventures, within certain value thresholds as determined by the Board of Commissioners, except in the context of debt recovery, with due regard to capital market and banking regulations.
5. Reduce equity participation, including through dilution, in subsidiaries, joint ventures, and/or other companies within certain value thresholds as determined by the Board of Commissioners,

except in the context of debt recovery, with due regard to capital market and banking regulations.
6. Divest equity participation in subsidiaries, joint ventures, and/or other companies within certain value thresholds as determined by the Board of Commissioners, except in the context of debt recovery, with due regard to capital market and banking regulations.
7. Undertake mergers, consolidations, acquisitions, spin-offs, and dissolution of subsidiaries and joint ventures within certain value thresholds as determined by the Board of Commissioners, with due regard to capital market and banking regulations.
8. Undertake actions that constitute material transactions as defined under capital market regulations, within certain value thresholds as determined by the Board of Commissioners, except for transactions exempted under applicable capital market regulations.
9. Determine and amend the Company's logo.
10. Determine the organizational structure one level below the Board of Directors.
11. Undertake actions not stipulated in the Company's Work Plan and Budget (RKAP)

Relinquish or no longer keep the right to collect interest receivables, fines, fees, and other receivables outside the principal amount carried out in the context of restructuring and/or settlement of receivables and other actions in the context of settling the Company's receivables on condition that approval from BPI Danantara shall be obtained first in accordance with laws and regulations in the field of BUMN.

Determine policies on write-off and write-off claim of the Company's receivables with the approval of the Board of Commissioners and Series B Shareholders and Majority Series C Shareholders by taking into account applicable provisions, and to propose the above write-off ceiling (limit) amount to be determined by the GMS.

Approval of the Board of Commissioners in relation to items 1, 2, 3, 4, 5, 6, 7 and 8 above with certain limits and/or criteria shall be determined after obtaining approval from the Series A Dwiwarna Shareholder or Series B Shareholders and Majority Series C Shareholders. Determination of limits and/or criteria by the Board of Commissioners for matters as referred to in items 1, 2, 3, 4, 5, 6, 7 and 8 above shall be carried out after obtaining approval from Series B Shareholders and Majority Series C Shareholders. Approval of the Board of Commissioners in relation to item 11 above shall be determined after obtaining approval from Series B Shareholders and Majority Series C Shareholders. Actions of the Board of Directors as referred to in item 3 above insofar as required in the framework of carrying out business activities commonly carried out in the banking business sector by taking into account provisions of laws and regulations, shall not require approval from the Board of Commissioners and/or the GMS.

BOARD OF DIRECTORS' ACTIONS THAT MUST GET A RESPONSE FROM THE BOARD OF COMMISSIONERS

In order to maintain a balance between the supervisory function and strategic decision-making, there are several actions of the Board of Directors whose implementation requires a written response from the Board of Commissioners and approval from the GMS, namely:
1. Carry out actions that are included in material transactions as stipulated by statutory regulations in the Capital Market sector with a value above 50% (fifty percent) of the Company's equity, unless such actions are included in material transactions that are excluded by statutory regulations that apply in the Capital Market sector;
2. Carrying out transactions that contain a conflict of interest as determined in the applicable laws and regulations in the Capital Market;
3. Carrying out other transactions to comply with applicable laws and regulations in the Capital Market.

If within 30 (thirty) days of receiving the request or complete explanation and documents from the Board of Directors, the Board of Commissioners does not provide a written response, then the GMS can decide without a written response from the Board of Commissioners. Actions carried out without the approval of the GMS remain binding on the Company as long as the other parties to the legal action have good intentions.

DIRECTOR IN CHARGE OF COMPLIANCE FUNCTIONS

In order to ensure that all Bank operational activities are carried out in accordance with the provisions of applicable laws and regulations and to mitigate the risk of non-compliance that could potentially cause losses to the Bank and stakeholders, BNI implements preventive measures

(ex-ante) to prevent violations from occurring, as well as curative measures (ex-post) as a handling effort if deviations are found. To strengthen the implementation of the compliance function, BNI has appointed a Director who specifically oversees the compliance function (Compliance Director), namely Mr. Munadi Herlambang. The appointment of the BNI Compliance Director has fulfilled the independence requirements as stipulated in POJK No. 46 / POJK.03 / 2017, without overseeing other functions that are not permitted.

As part of BNI's commitment to strengthening governance and compliance, the Compliance Director is primarily responsible for ensuring that all Bank policies and operational activities are implemented in accordance with regulatory requirements. In addition to overseeing compliance, the Compliance Director is also responsible for ensuring the Bank's compliance is consistently maintained, fostering a culture of compliance at all levels of the organization, and ensuring compliance risks are managed effectively and sustainably.

Further details regarding the Compliance Function's implementation and achievements in implementing Compliance Programs and Activities throughout 2025 are provided in more detail in the Compliance Work Unit sub-chapter within this Annual Report.

REQUIREMENTS FOR THE DIRECTOR IN CHARGE OF THE COMPLIANCE FUNCTION

Each Director candidate proposed to oversee the Compliance Function at BNI is required to meet individual criteria and requirements as stipulated by the regulator, to ensure integrity, independence, and competence in carrying out the compliance function. These criteria include:

1. Prospective Directors who are in charge of the compliance function must have integrity and adequate knowledge regarding the provisions of the Financial Services Authority, Bank Indonesia, and applicable laws and regulations; and
2. The Director in charge of the Compliance Function is required to fulfill independence requirements. "Independence requirements" are not having financial, management, share ownership, and/or familial relationships up to the third degree with members of the Board of Commissioners, the Board of Directors, and/or controlling Shareholders or relationships with the Bank that could affect their ability to act independently as intended in provisions regarding the Implementation of Good Corporate Governance for Commercial Banks.

DUTIES AND RESPONSIBILITIES OF THE DIRECTOR IN CHARGE OF THE COMPLIANCE FUNCTION

The duties and responsibilities of the Director in charge of the Compliance Function include at least:

1. Formulate a strategy to encourage the creation of a Bank Compliance Culture;
2. Propose a compliance policy or compliance principles that will be determined by the Board of Directors;
3. Establish compliance systems and procedures that will be used to develop Bank internal regulations and guidelines;
4. Ensure that all regulatory policies, systems and procedures, as well as business activities carried out by the Bank are in accordance with the provisions of the Financial Services Authority, Bank Indonesia, and applicable laws and regulations;
5. Minimizing Bank Compliance Risk;
6. Take preventive measures so that policies and/or decisions taken by the Bank's Board of Directors do not deviate from the provisions of the Financial Services Authority, Bank Indonesia, and applicable laws and regulations;
7. In order to implement theAnti-Money Laundering Program, Counter Terrorism Financing, and Prevention of Financing for the Proliferation of Weapons of Mass Destruction (APU PPT and PPPSPM), the Compliance Director has the duties and responsibilities of at least:
   a. Proposing strategic written policies and procedures regarding the implementation of the APU PPT and PPPSPM programs to the Board of Commissioners;
   b. Ensure that the implementation of APU PPT and PPPSPM is carried out in accordance with established written policies and procedures;
   c. Ensure that the scope of active supervision of the Board of Directors is fulfilled adequately;
   d. Monitor and maintain the Bank's compliance Monitor and maintain the Bank's compliance the Financial Services Authority, including commitments in the Action Plan, Data Update Activity Plan Report, and the results of Bank Indonesia supervision related to the implementation of the APU PPT and PPPSPM Programs;
   e. Monitor the implementation of the duties of the Special Work Unit and/or Bank officials responsible for the implementation of APU PPT and PPPSPM;
   f. Provide recommendations to the President Director regarding officials who will lead the Special Work Unit or officials responsible for implementing the APU PPT and PPPSPM Programs;

g. Providing approval for Suspicious Financial Transaction Reports (LTKM);
h. Propose an Action Plan Report and Data Update Plan Report before submitting it to the Financial Services Authority; and
i. Ensure that officials and/or employees, especially from related work units and new employees, have attended training related to the implementation of APU PPT and PPPSPM once a year.

8. The Director in charge of the Compliance function is obliged to submit a report to the Financial Services Authority regarding the implementation of his duties, including:
   a. Compliance Work Plan contained in the Bank Business Plan;
   b. Compliance Report; and
   c. Special reports regarding policies and/or decisions of the Board of Directors, which, according to the Director in charge of the Compliance function, have deviated from the provisions of the Financial Services Authority and/or applicable laws and regulations as part of the duties of the Director in charge of the Compliance function.
9. Report the implementation of duties and responsibilities to the President Director with a copy to the Board of Commissioners at least quarterly;
10. Perform other tasks related to the Compliance function.

ORGANIZATIONAL STRUCTURE OF THE DIRECTOR IN CHARGE OF THE COMPLIANCE FUNCTION

To ensure the effectiveness of the implementation of the compliance function, BNI has established an organizational structure that is under the direct supervision of the Director in charge of the Compliance Function, as explained below:

1. The President Director and/or Deputy President Director are not permitted to hold concurrent positions as Directors in charge of the Compliance function.
2. The Director who is in charge of the Compliance function is prohibited from being in charge of the following functions:
   a. Business and operations;
   b. Risk management, which makes decisions on the Bank's business activities;
   c. Treasury;
   d. Finance and accounting;
   e. Logistics and procurement of goods/ services;
   f. Information Technology; and
   g. Internal audit.
3. Replacement of the Director in charge of the Compliance function:
   a. In the event that the Director in charge of the Compliance function is unable to carry out his/her office duties for more than 7 (seven) consecutive working days then the relevant Director must be temporarily replaced by another Director until the Director in charge of the Compliance function is able to carry out his/her office duties again;
   b. In the event that the Director in charge of the Compliance function is permanently absent, resigns, or his/her term of office has expired, the Bank is obliged to immediately appoint a replacement for the Director in charge of the Compliance function, no later than 6 (six) months after the Director in charge of the Compliance function is permanently absent, resigns, or his/her term of office expires;
   c. During the process of replacing the Director in charge of the Compliance function, the Bank is obliged to appoint or assign another Director to temporarily carry out the duties of the Director in charge of the Compliance function;
   d. Directors carrying out temporary duties as Directors in charge of the Compliance function are required to fulfill the above requirements. This is excepted if there is no Director in the Company who fulfills these requirements; and
   e. The temporary replacement of the position of Director in charge of the Compliance function must be reported to the Financial Services Authority.

POLICY ON CONCURRENT POSITIONS OF THE BOARD OF DIRECTORS [ACGS D.2.6, D.2.7]

BNI is committed to maintaining the professionalism and independence of its Board of Directors through the implementation of a strict policy regarding concurrent positions. This policy was formulated to ensure that each member of the Board of Directors can optimally carry out their duties and responsibilities without any conflicts of interest that could affect objectivity in decision-making. This policy aligns with the Regulation of the Minister of State-Owned Enterprises No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises, which emphasizes that members of the Board of Directors are only permitted to hold concurrent positions within the limits stipulated by applicable laws and regulations.

As a form of compliance with the provisions of applicable laws and regulations, all members of the BNI Board of Directors are prohibited from holding concurrent positions as members of the Board of Commissioners, Directors, or Executive Officers

at other banks, companies, and/or institutions, except for positions expressly permitted by applicable regulations. However, there are exceptions that are not included in the category of concurrent positions, if a member of the Board of Directors has responsibility for supervision at a Bank Subsidiary Company, carries out functional duties as a member of the Board of Commissioners at a non-bank Subsidiary Company controlled by the Bank, as long as the concurrent position does not result in the person concerned neglecting the implementation of duties and responsibilities as a member of the Bank Board of Directors

General provisions regarding concurrent positions for the Board of Directors are regulated in the following regulations:

1. Based on SOE Ministerial Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises, members of the Board of Directors are prohibited from holding concurrent positions as:
   a. Board of Directors of SOE, Regional Owned Enterprises, Private Owned Enterprises;
   b. Board of Commissioners/Supervisory Board at SOE and other companies;
   c. Other structural and functional positions in central and/or regional government agencies/institutions;
   d. Other positions in accordance with provisions in statutory regulations;
   e. Political party administrators, legislative members and/or regional heads/deputy regional heads;
   f. Other positions that may give rise to a conflict of interest; and/or
   g. Become a legislative candidate or candidate for regional head/deputy regional head.

2. In addition to the concurrent positions mentioned above, members of the BNI Board of Directors are prohibited from holding concurrent positions as members of the Board of Commissioners in other companies, except:
   a. The Board of Commissioners of the relevant SOE subsidiary/SOE-affiliated company, provided that they are only entitled to the highest income from the position held concurrently, unless otherwise determined by the Minister; and
   b. Board of Commissioners in other companies to represent/stand for the interests of SOE as long as they obtain permission from the Minister of SOE.

As a form of transparency and implementation of the principle of accountability in good corporate governance, the following information is presented regarding the concurrent positions of members of the BNI Board of Directors as of December 31, 2025:

Name	Position in the Bank	Member of Board of Directors of State-Owned Enterprises, Regional Owned Enterprises, Private Owned Enterprises	Political Party Management and/or Candidates Members of DPR, DPD, DPRD Level I, and DPRD Level II and/or Regional Head/ Deputy Regional Head Candidates	Other Positions in Accordance with the Provisions of Laws and Regulations	Other Positions that can Cause a Conflict of Interest	Position in Subsidiary

MANAGEMENT OF CONFLICTS OF INTEREST OF THE BOARD OF DIRECTORS

[ACGS A.8.2]

In implementing the principles of good corporate governance, BNI consistently upholds the values of integrity and transparency, including in managing potential conflicts of interest at the Board of Directors level. Each member of the Board of Directors is required to act independently and professionally, prioritizing the interests of the Company above their personal interests or those of any affiliated parties. If a potential conflict of interest situation is identified, the relevant Director is required to publicly declare their involvement and withdraw from the decision-making process.

The provisions and mechanisms for managing conflicts of interest for BNI's Board of Directors are stipulated in the Conflict of Interest Handling Guidelines No. IN/119/CMP/001 dated December 27, 2024. The steps required by members of the Board of Directors to address conflict of interest situations include:

1. Must prioritize the economic interests of the Company above the economic interests of personal or family or other parties;
2. Not to use his/her position for personal interests or for the interests of other people or parties that conflict with the interests of the Company;
3. Must fill out a Special List containing his/her and/or his/her family's share ownership of 5% (five percent) or more in banks or other companies domiciled at home and abroad;
4. Must disclose financial and familial relationships with other members of the Board of Commissioners, members of the Board of Directors, and/or controlling shareholders of the Company;
5. Prohibited from taking actions that could harm the Company or reduce the Company's profits and must disclose conflicts of interest in every decision in the event of a conflict of interest; and
6. Not to participate in discussions and decision-making that contain elements of conflict of interest.

PARTICIPATION OF BOARD OF DIRECTORS MEMBERS IN PROFESSIONAL ASSOCIATIONS AND/OR ORGANIZATIONS

Several members of the BNI Board of Directors actively participate in various industry associations and professional organizations as a way of contributing to the development of the banking sector and enhancing professional competence. All of these engagements are carried out without neglecting their primary duties and responsibilities as members of the Bank's Board of Directors, and therefore do not fall under the category of concurrent positions.

The details of the current BNI Board of Directors' participation are presented below:

No.	Name	Position in Bank	Position in Association/Organization

13	Munadi Herlambang	Human Capital & Compliance Director	• Funding Coordinator - Association of State-Owned Banks (HIMBARA) • Head of Division 1 Organization Development & Workforce Planning

POLICY ON THE PROVISION OF LOANS FOR THE BOARD OF DIRECTORS [ACGS A.8.3]

BNI does not prohibit the provision of loan facilities to members of the Board of Directors as long as it is carried out in accordance with the credit policies in force at BNI and is guided by the provisions of applicable laws and regulations. All loans provided to the Board of Directors must meet the same terms and conditions as those applicable to non-affiliated parties. This policy is implemented by upholding the principles of arm's length basis and at market rates, as stipulated in the Company Guidelines for Business Banking Credit Procedures for the Corporate & Enterprise Segment, Book I, Chapter on Credit Approval, and the Board of Directors' Charter.

INDEPENDENCE OF THE BOARD OF DIRECTORS [ACGS A.8.2]

BNI ensures that each member of the Board of Directors carries out their duties independently, upholding professionalism and objectivity. All strategic and operational decisions must be taken without intervention from any party, so that the Bank's management is always oriented towards the interests of BNI, shareholders, and other stakeholders in accordance with GCG principles. Likewise, each member of the Board of Directors is also obliged to disclose to the Bank if they have a material interest, whether directly, indirectly, or on behalf of a third party, in transactions or issues that directly impact the Bank. This obligation also

includes disclosure of any changes in share ownership, whether in the name of an individual or a family, in BNI or in other banks, non-bank financial institutions, and other companies. As a form of commitment to the implementation of the principle of independence, each member of the BNI Board of Directors is required to sign a Statement of Acting Independently in the Implementation of the Company's Operational Management at the beginning of each year as evidence of integrity and a statement of independence in carrying out their duties.

Statement of Independence of Members of the Board of Directors

BOARD OF DIRECTORS MEETING

Policies and Implementation of Board of Directors Meetings

In carrying out business activities and managing the Bank, the BNI Board of Directors maintains a regular communication forum through Board of Directors Meetings, which are held periodically at least once a month. Furthermore, Board of Directors Meetings may be held at any time deemed necessary by one or more members of the Board of Directors, or upon written request from one or more members of the Board of Commissioners.

The policy for implementing these Board of Directors Meetings is in accordance with the provisions of POJK No. 33/POJK.04/2014 concerning the Board of Directors and Board of Commissioners of Issuers or Public Companies, as well as Article 13 of BNI's Articles of Association and the Board of Directors Charter. The following is a description of the policy for implementing BNI's Board of Directors Meetings:

Meeting Implementation	1. The Board of Directors is obliged to hold regular Board of Directors Meetings at least once per month. 2. The Board of Directors is obliged to hold regular Board of Directors and Board of Commissioners meetings at least once every 1 (one) months. 3. The Board of Directors is obliged to determine the rules for the Board of Directors' meetings. 4. Board of Directors Meetings can be held at any time if: a. Deemed necessary by one or more members of the Board of Directors; b. Upon written request from one or more members of the Board of Commissioners.
Meeting Summon	1. Meetings can be held at the Company's domicile or at other places within the territory of the Republic of Indonesia or at the Company's place of business activities. 2. Summons for Board of Directors Meetings must be made by members of the Board of Directors who have the right to represent the Board of Directors. 3. Summons for Board of Directors Meetings must be made in writing and conveyed or delivered directly to each member of the Board of Directors with adequate receipt or by registered post or by courier service or by telex, fax, or electronic mail (e-mail) no later than 5 (five) working days before the meeting is held without taking into account the date of summons and the date of the meeting or within a shorter time if in urgent circumstances. 4. Summons for the Board of Directors Meeting must include the agenda, date, time, and place of the meeting. Board of Directors meetings can be held at the Company's domicile or at other places within the territory of the Republic of Indonesia or at the Company's place of business activities. [ACGS D.3.6] 5. Board of Directors' meeting materials are distributed to all meeting participants no later than 5 (five) working days before the meeting is held, and in case the meeting is held outside the schedule, meeting materials can be submitted before the meeting is held.
Chairman of the Board of Directors Meeting	1. All Board of Directors Meetings are chaired by the President Director, and in case the President Director is absent or unable to attend, then the Deputy President Director who chairs the Board of Directors Meeting or a Director appointed in writing by the President Director who chairs the Board of Directors Meeting if at the same time the Deputy President Director is absent or is unavailable, or the Director is appointed by the Deputy Director who chairs the Board of Directors Meeting if at the same time the President Director is absent or unavailable and does not make the appointment. 2. If the GMS does not appoint a Deputy President Director, then in the event that the President Director is absent or unavailable, one of the Directors appointed in writing by the President Director will chair the Board of Directors Meeting. 3. In the event that the President Director does not make an appointment, then one of the Directors who has served the longest as a member of the Board of Directors shall chair the Board of Directors Meeting. 4. In the event that the Director who has served the longest as a member of the Company's Board of Directors is more than 1 (one) person, then the Director referred to in number 3 above is the oldest in age who acts as chairman of the Board of Directors Meeting.
Attendance	1. A member of the Board of Directors may be represented at a Board of Directors Meeting only by another member of the Board of Directors based on a power of attorney. A member of the Board of Directors can only represent another member of the Board of Directors. 2. Members of the Board of Directors who are unable to attend a Board of Directors Meeting can submit their opinion in writing and sign it, then convey it to the President Director or Deputy President Director or to other members of the Board of Directors who will chair the Board of Directors Meeting, regarding whether they support or do not support the matters to be discussed, and opinions will be considered as valid votes cast at the Board of Directors Meeting. 3. In the event that members of the Board of Directors are unable to attend the meeting physically, members of the Board of Directors can attend the meeting via teleconference, video conference, or other electronic media, in accordance with applicable regulations. 4. Every member of the Board of Directors who personally in any way, either directly or indirectly, has an interest in a transaction, contract, or proposed contract in which the Company is a party must have the nature of his interest declared at a Board of Directors Meeting and therefore has no right to take part in voting on matters relating to the transaction or contract.

Quorum and Decision Making [ACGS D.3.4]	1. A Board of Directors meeting is valid and has the right to make binding decisions if attended and/or represented by more than 2/3 (two thirds) of the total members of the Board of Directors. 2. In the event that there is more than one proposal, a re-election is carried out so that one of the proposals receives more than 2/3 (two thirds) of the total votes cast. 3. Decisions at Board of Directors Meetings must be taken based on deliberation to reach consensus. If a decision based on deliberation to reach a consensus is not reached, then the decision must be taken by voting based on the affirmative votes of more than 2/3 (two thirds) of the number of valid votes cast at the relevant meeting. 4. At the Board of Directors Meeting, each member of the Board of Directors has the right to cast 1 (one) vote and an additional 1 (one) vote for each other member of the Board of Directors whom he or she legally represents at the meeting. 5. A blank vote (abstain) is deemed to approve the proposal submitted at the meeting. Invalid votes are considered non-existent and are not counted in determining the number of votes cast at the meeting. 6. Voting regarding individuals is carried out using closed ballot papers without signatures, while voting regarding other matters is carried out verbally, unless the Chairman of the Meeting determines otherwise without any objection based on the majority of votes from those present. 7. Every policy and strategic decision must be decided through a Board of Directors meeting with due regard to supervision in accordance with the duties and responsibilities of the Board of Commissioners.
Minutes of Meetings	1. The results of the Board of Directors Meeting must be stated in the Minutes of Meeting. The minutes of the meeting must be drawn up by someone present at the meeting appointed by the Chairman of the Meeting and then signed by all members of the Board of Directors present and submitted to all members of the Board of Directors. 2. The results of the Board of Directors and Board of Commissioners meetings must be included in the Minutes of Meeting. The minutes of the meeting must be drawn up by someone present at the meeting appointed by the Chairman of the Meeting and then signed by all members of the Board of Directors and members of the Board of Commissioners present and submitted to all members of the Board of Directors and members of the Board of Commissioners. 3. In the event that there are members of the Board of Directors and/or members of the Board of Commissioners who do not sign the results of the meeting as referred to in points 1 and 2 above, the person concerned is obliged to state the reasons in writing in a separate letter attached to the Minutes of Meeting. 4. The minutes of the meeting as referred to in points 1 and 2 above must be documented by the Company. 5. Minutes of the Board of Directors' Meetings are valid evidence for members of the Board of Directors and for third parties regarding the decisions taken at the relevant Meeting. 6. Board of Directors is required to prepare minutes of Board of Directors' meetings and document them in accordance with statutory regulations and articles of association. 7. Dissenting opinions that occur at Board of Directors meetings must be stated clearly in the minutes of the meeting along with the reasons for the difference of opinion.
Decisions Outside Board Meetings	The Board of Directors can also make valid decisions without holding a Board of Directors Meeting provided that all members of the Board of Directors have been notified in writing and all members of the Board of Directors have given their approval regarding the proposal submitted in writing and signed the approval. Decisions taken in this way have the same force as decisions legally taken at a Board of Directors Meeting.

Level of Attendance of the Board of Directors Members at the Board of Directors Meetings, Joint Meetings of the Board of Directors and the Board of Commissioners, and GMS [ACGS D.3.2, D.3.3]

In 2025, the Board of Directors held 46 (forty-six) Board of Directors Meetings and 8 (eight) Board of Directors Meetings with the Board of Commissioners, as well as 1 (one) Annual General Meeting of Shareholders. The following is a description of the frequency and attendance of each member of the Board of Directors at the Meetings:

12	December	1. Performance and Financial Evaluation 2. Target Achievement Evaluation 3. Strategy & Transformation Evaluation 4. BNI Share Performance Evaluation 5. ESG Implementation Evaluation

TRAINING AND/OR COMPETENCY IMPROVEMENT FOR THE BOARD OF DIRECTORS IN 2025

Continuous Training and/or Competency Development Policy [ACGS D.5.2]

As part of the continuous commitment to strengthening leadership capabilities, BNI proactively plans and implements various competency development activities for the Board of Directors, through education, training, seminars, and workshops relevant to the field of duties of each member of the Board of Directors. All BNI Board of Directors' competency development programs are designed not only to enhance technical knowledge but also to broaden strategic perspectives, enabling the Board of Directors to respond appropriately to the challenges and opportunities in the banking industry.

Annually, BNI prepares a plan for the Board of Directors' Competency Development Program based on the latest learning topics relevant to macroeconomic developments, dynamics of the banking industry, market trends, and good Corporate Governance principles. The education and training programs can be organized internally or in collaboration with external parties, provided that the materials provided are in accordance with the competency needs of each member of the Board of Directors. BNI ensures that every program is facilitated by competent instructors from both external and internal parties and is designed comprehensively to support the enhancement of the Board of Directors' capabilities in carrying out their strategic duties.

Training and/or Competency Improvement in Financial Year 2025 [ACGS D.5.2]

In 2025, all members of the BNI Board of Directors participated in various training and competency development activities to strengthen the Bank's supervisory capacity and strategic direction, as follows:

ORIENTATION AND INDUCTION PROGRAM FOR NEW MEMBER OF THE BOARD OF DIRECTORS [ACGS D.5.1]

New Director Orientation and Introduction Program Policy

Every new member of the Board of Directors is facilitated with an orientation and induction program designed to provide a comprehensive understanding of BNI. This program aligns perceptions and work standards, and give more insights into the Bank's vision, mission, strategy, and values. The orientation covers relevant technical and governance aspects, which allow new Directors to adapt quickly and do their duties effectively, in line with the Bank's strategic direction and objectives. The program's implementation is regulated in the Board of Directors Charter Document to ensure that every new member of the Board of Directors fully understands their roles, responsibilities, and contributions in supporting the Bank's performance and progress.

Policies regarding the orientation and induction program for new members of the Board of Directors are regulated in the Board of Directors Charter Document. The implementation of this program is intended so that all new members of the Board of Directors can better understand their duties and responsibilities and are able to work in harmony with other Bank Governance organs, in accordance with GCG principles.

Implementation of the Orientation and Induction Program for New Directors in 2025

Throughout 2025, BNI facilitated an orientation and induction program for several newly appointed members of the Board of Directors and transferred directors. The implementation of this activity is intended so that each Director has a comprehensive understanding of the vision, mission, strategy, and corporate governance, so that each individual is expected to carry out their roles and responsibilities effectively. The description of the orientation program implementation is as follows:

Name	Position	Development Program
Putrama Wahju Setyawan	President Director	- Development Program related to the Directorship Program - Development Program related to BNI Business

Eko Setyo Nugroho	Institutional Banking Director	- Development Program related to the Directorship Program - Development Program related to BNI Business

RISK MANAGEMENT CERTIFICATION

In order to fulfill HR competency in the field of Bank risk management, BNI carries out Risk Management Certification and/or Refreshment programs for the Board of Directors in accordance with POJK No. 24 of 2022 concerning the Development of the Quality of Human Resources for Commercial Banks and OJK Circular No. 28/SEOJK.03/2022 concerning Risk Management Certification for Commercial Bank Human Resources. All serving members of the BNI Board of Directors have Level 5 Risk Management Certification as one of the requirements for taking the fit and proper test conducted by the Financial Services Authority. This demonstrates BNI's commitment to ensuring that the Board of Directors possesses adequate competence and capability to manage risks professionally.

The following is information on the Risk Management Certification held by each member of the BNI Board of Directors that remained valid until the end of 2025:

Name	Position	Qualification Level (JK)	Certifying Institution	Certificate Issuance Date	Expiry Date	Validity Period
Putrama Wahju Setyawan	President Director	7	LSPP	29/04/24	29/04/27	3 years

BOARD OF DIRECTORS' DUTIES IMPLEMENTATION REPORT IN 2025

Throughout 2025, the BNI Board of Directors discharged its responsibilities with full dedication, consistently adhering to the applicable laws and regulations as well as the Bank's Articles of Association. The following is the report on the implementation of the Board of Directors' duties in general:

1. Preparation of Bank planning including Corporate Plan and RBB/RKAP;
2. Fulfillment of Bank performance targets;
3. Asset and financial management;
4. Organizing Board of Directors Meetings;
5. Attend Board of Commissioners Meetings;
6. Organizing General Meeting of Shareholders;
7. Monitoring and improving internal business processes; and
8. Carrying out other tasks related to Bank management.

A more detailed description of the 2025 Board of Directors' task implementation report can be found in the Board of Directors' Report chapter.

LIST OF BOARD OF DIRECTORS' DECISIONS IN 2025

Throughout 2025, the BNI Board of Directors issued various strategic decisions regarding the management and strategic management of the Bank's business activities, as detailed below:

No.	Subject
1	Board of Directors Meeting Conduct Guidelines (Radisi)
2	Authority to Decide on Credit
3	Temporary Authority to Decide on Credit

56	New Region, Area, and Branch Market Implementation Project
57	SME Banking Revamp Project
58	Wholesale LMS Implementation Project
59	Correction of Retirement Preparation Period (MPP)
60	BNI 79th Anniversary Committee Decree
61	Decree on Dispensation Permit
62	Power of Attorney
63	Task Force for 2025 POJK Implementation
64	Task Force for Acceleration of SME Banking Credit Tools Development
65	Task Force for Value Chain Execution
66	Project Update: Branch Transformation - Intelligent Branch
67	Proposed Interns for Ministry of SOE (KBUMN) Talent Secondment Period July to December 2025

BOARD OF DIRECTORS' ASSESSMENT OF THE PERFORMANCE OF COMMITTEES UNDER THE BOARD OF DIRECTORS [ACGS D.5.7]

In order to support the effective implementation of the duties and responsibilities of the Board of Directors, BNI has established a number of strategic committees that have been aligned with the characteristics and business needs of the Bank, primarily to support the Board of Directors in the strategic decision-making process, ensure the Bank's compliance with banking regulations or applicable laws, and uphold the implementation of GCG principles. The existence of these committees also contributes to improving the quality of supervision, transparency, and the application of prudential principles in all of the Bank's business activities. The following are the committees under the Board of Directors:

1. Integrated Risk Management Committee (KMRT);
2. Risk Management & Anti-Fraud Committee (KRA);
3. Asset & Liability Committee (ALCO);
4. Business Committee (KBI);
5. Credit Policy Committee (KRB);
6. Human Capital Committee (KHC);
7. Subsidiary Company Committee (KPA);
8. Performance Management Committee (PMC);
9. Technology Management Committee (KMT); and
10. Credit Committee.

All committees under the Board of Directors fulfil; a clear and structured mandate. At least once a year, the Board of Directors evaluates the performance of the committees to ensure the effectiveness of the implementation of their functions and responsibilities with due consideration of various key performance indicators, including the work program target achievement, the level of attendance and participation of members in meetings, and the quality and accuracy of the submission of the duty implementation reports of each committee.

Assessment Procedures Used [ACGS D.5.7]

Throughout 2025, the Board of Directors periodically evaluated the performance of the supporting committees under it in accordance with the applicable assessment criteria. The assessment procedure is carried out by:

1. The assessment is carried out by each permanent member of the Board of Directors and SEVP who are members of the Committee based on the assessment proposal from the Division as secretary of the Committee. The assessment used is the combined value and average value of all assessors.
2. The assessment consists of quantitative and qualitative elements.
3. The final score can be discussed and discussed in a Committee Meeting or Board of Directors Meeting as a form of evaluation and input as well as future direction.
4. The final score will be documented by the Division as Committee secretary and copied to the Corporate Secretary

In assessing the performance of committees under the Board of Directors, BNI has a number of criteria that serve as the basis for the assessment, including at least:

1. The frequency of meetings is compared with the work plan/minimum obligations;
2. Speed of preparation and delivery of minutes of Committee meetings;
3. Percentage of follow-up and speed of follow-up time to Committee meeting decisions;
4. The percentage of member attendance (quorum) and active participation of members in meetings;
5. Banking performance ratios (key ratios) related to the Committee's functions;
6. Member competence; and
7. Agenda and scheduling of strategic issues facing the company (sense of urgency).

In addition to referring to the general criteria above, BNI also has special assessment criteria to assess the performance of each committee, which is tailored to the functions, duties, and responsibilities under its authority.

Party Conducting the Performance Assessment of Board of Directors Committees [ACGS D.5.7]

The performance of the committees under the Board of Directors is appraised by the permanent members of the Board of Directors and SEVPs who are members of the committee, based on proposals from the Division acting as the committee secretary. In summary, the parties involved in the performance assessment process of the committees under the Board of Directors are as follows:

No.	Performance Assessment	Assessment Conducted by
1.	Committee on a Collegial basis	Each member of the Committee for the performance of the Committee
2.	Committee Member on an individual basis	Each Committee member provides an assessment for each other Committee member.
3.	Chairman of the Committee	Each Committee member is related to the performance of their Chairman of the Committee

Each assessor shall submit their assessment objectively, based on data, and on a confidential and anonymous basis. The assessment results are submitted directly through an online survey and subsequently presented to the Nomination and Remuneration Committee for review with the Board of Commissioners at a Board of Commissioners meeting. The results of the discussion will be followed up in the form of improvements or action plans, if necessary. Meanwhile, the final results of the performance evaluation are discussed in a Committee Meeting or Board of Directors Meeting as a basis for evaluation and future direction.

In addition, the performance assessment of all committees under the Board of Directors also involves an independent external party at least once every 3 (three) years.

2025 Committee Performance Assessment Results [ACGS D.5.7]

No.	Supporting Committees under the Board of Directors	Score
1.	Integrated Risk Management Committee (KMRT)	Good
2.	Risk Management & Anti-Fraud Committee (KRA)	Good
3.	Asset & Liability Committee (ALCO)	Good
4.	Business Committee (KBI)	Good
5.	Credit Policy Committee (KRB)	Good
6.	Human Capital Committee (KHC)	Good
7.	Subsidiary Company Committee (KPA)	Good
8.	Performance Management Committee (PMC)	Good
9.	Technology Management Committee (KMT)	Good

Performance Assessment of the Board of Directors and the Board of Commissioners [ACGS D.5.5, D.5.6]

PERFORMANCE ASSESSMENT OF THE BOARD OF DIRECTORS (INCLUDING THE PRESIDENT DIRECTOR)

Procedure for Performance Assessment of the Board of Directors (Including the President Director)

The process of implementing the assessment of the Board of Directors' performance refers to the provisions of the Minister of State-Owned Enterprises Regulation No. PER-3/MBU/03/2023 concerning the Organs and Human Resources of State-Owned Enterprises, the Minister of State-Owned Enterprises Regulation No. PER-2/MBU/03/2023 concerning Guidelines for Governance and Significant Corporate Activities of State-Owned Enterprises, and the Letter of the Ministry of State-Owned Enterprises No. S-491/MBU/04/2023 dated September 29, 2023. Based on this, BNI ensures that the process of assessing the Board of Directors' performance is carried out objectively, transparently, and accountably, in line with the principles of GCG.

The performance assessment procedures for the Board of Directors that apply within BNI are carried out with the following mechanisms or provisions:

1. Collegial performance assessment of the Board of Directors is conducted at least twice a year.
2. Individual performance assessment of the Board of Directors, including the President Director, is conducted at least twice a year; and [ACGS D.5.4]
3. Annually, the collegial and individual performance achievements of the Board of Directors are reviewed by a public accounting firm auditing the company's financial statements.

The performance assessment of the Board of Directors, both collegially and individually, is conducted through a self-assessment method which is then reviewed by a Public Accounting Firm (KAP). This assessment is confidential and anonymous, and serves as evaluation material for the continuous improvement of the Board of Directors' performance. Meanwhile, regarding the assessment of individual performance - including the President Director, BNI applies the Balanced Scorecard method which covers 4 (four) perspectives, namely Financial, Customer, Internal Business Process, and Learning and Growth. This approach is designed to align with BNI's strategy and the duties and responsibilities of each member of the Board of Directors, taking into account both collegial and individual aspects, both from a financial and non-financial perspective.

Performance Assessment Criteria For The Board of Directors (Including The President Director)

Management of the Key Performance Indicators (KPI) for the Board of Directors, both collegial and individual, refers to applicable government regulations, strategic initiatives/Management Work Plans (RKM) for the directorate, and the Bank's Business Plan (RBB)/Corporate Work and Budget Plan (RKAP) for the fiscal year. The performance assessment criteria for the Board of Directors (including the President Director) are as follows:

1. Collegial KPI [ACGS D.5.5]
   The Bank uses 5 (five) main perspectives to measure and assess collegial KPI performance:
   a. Economic and social value for Indonesia, covering financial and social aspects.
   b. Business Model Innovation.
   c. Technology Leadership. Governance Framework
   d. Investment Enhancement.
   e. Talent Development

   These five main perspectives are then translated into both financial and non-financial performance targets, which are aligned with the strategic initiatives that have been set by the Bank.

2. Individual KPI [ACGS D.5.6]
   Individual KPIs for the Board of Directors are designed based on the duties, core functions, and responsibilities of each member. The criteria used by BNI to measure the performance of Individual Directors (including the President Director) uses the Balance Scorecard which consists of 4 (four) perspectives as follows:
   a. Financial.
   b. Customer.
   c. Internal Business Process.
   d. Learning & Growth

Parties Conducting The Assessment

The Board of Directors' performance is assessed through a self-assessment mechanism by each Director based on Key Performance Indicators (KPIs) that have been established and agreed upon at the beginning of the year. To maintain objectivity and ensure independent assessment results, BNI also involves an independent external party, namely a Public Accounting Firm (KAP), which conducts an audit of the Bank's financial statements. The audit results serve as one of the bases for assessing the Board of Directors' performance, both collegially and individually, to ensure that performance achievements are in line with the principles of transparency, accountability, and good corporate governance. The results of the review are submitted to the Board of Commissioners through the Nomination and Remuneration Committee and reported to BP BUMN as the Bank's controlling shareholder.

Results of The Board of Directors' Performance Assessment (Including The President Director) In 2025

In 2025, BNI conducted an independent assessment of the Board of Directors' performance by measuring both the collegial KPI of the Board of Directors and the individual KPI of each Director, including the President Director. The assessment results are as follows:

1. Collegial KPI Achievement [ACGS D.5.5]

Perspective	No	KPI	Weight	Unit	Achievement in 2025
Economic and social value for Indonesia (57%)	1	PPOP Consolidation	12%	IDR Trillion	96.2%
	2	Consolidated ROE Tier 1	10%	%	92.2%
	3	Total Shareholder Return (TSR)	8%	Percentile (P)	100.0%
	4	Cost of Credit (CoC)	8%	%	102.8%
	5	Consolidated Cost to Income Ratio (CIR)	7%	%	96.8%
	6	KUR Distribution Realization	7%	%	104.5%
	7	NPS for Bank	5%	%	110.0%
Business Model Innovation (10%)	8	Consolidated CASA Ratio	5%	%	94.6%
	9	Average credit growth in the Corporate and Consumer segments	5%	%	110.0%
Technology Leadership (10%)	10	Number of Active Users of BNI Mobile Banking and wondr	5%	User	110.0%
	11	Cyber Security Breach	5%	Report	110.0%
Increased Investment (15%)	12	Environment, Social, Governance (ESG) Rating	5%	Rating	110.0%
	13	Export Financing	5%	IDR Billion	103.2%
	14	Sustainable Financing/Credit	4%	IDR Trillion	100.9%
Talent Development (8%)	15	Human Capital Transformation	8%	%	105.3%
Total Achievements					**101.95%**

2. Achievement Of Individual KPIS [ACGS D.5.6]

Assessment of the individual KPIs of each member of the Board of Directors is carried out based on the achievement of KPI targets in each Directorate, with the following description:

President Director [ACGS D.5.4]

- Achieving the realization of the Business Plan in accordance with RKAP/RBB.
- Ensuring compliance with regulations as a public company.
- Maintaining the bank's soundness level.
- Achieving the implementation and distribution of TJSL.
- Enhancing BNI's brand image.
- Increasing Market Share of Low-Cost Funds
- Improving asset quality.
- Fulfilling internal control implementation at each line of defense.

Deputy President Director
- Achieving the realization of the Business Plan in accordance with RKAP/RBB.
- Improving BNI's brand image.
- Fulfillment of ESG standards in bank operations
- Increasing Market Share of Low-Cost Funds
- Improving asset quality.
- Fulfilling internal control implementation at each line of defense.

Risk Management Director
- Ensuring effective implementation of risk management in accordance with the articles of association, risk management policies, internal control system policies, standard procedures, and external regulations.
- Achieving of End to End Debtor Monitoring.
- Increasing Low-Cost Fund Market Share
- Maintaining asset quality improvement.
- Fulfilling internal control implementation in each line of defense.

Treasury & International Banking Director
- Increased profitability and business volume for the International channel and Treasury products.
- Increased fee-based income for the International channel and Treasury products.
- Increased transaction volume for International channel and Treasury product customers.
- Achieved Financial Institution Pension Fund (DPLK) business growth.
- Business growth through value chain execution.
- Increased market share of low-cost funds.
- Maintained asset quality for the International channel.
- Fulfilled internal control implementation across all lines of defense.

Commercial Banking Director
- Increased profitability and business volume for the Middle & Small segment
- Increased fee-based income for the Middle & Small segment
- Increased transaction volume for Middle & Small segment customers
- Business growth through value chain execution
- Increased low-cost fund market share
- Maintained asset quality for the Middle & Small segment
- Fulfilled internal control implementation across all lines of defense.

Human Capital & Compliance Director
- Achieving human capital management strategies and targets.
- Improving employee capabilities and productivity.
- Implementing Compliance at BNI Bank.
- Reducing the number of regulatory sanction penalties.
- Fulfilling business procedure and policy needs.
- Increasing Low-Cost Fund Market Share
- Fulfilling internal control implementation in each line of defense.

Consumer Banking Director
- Increased profitability and business volume for the Consumer segment
- Increased fee-based income for the Consumer segment
- Increased transaction volume for Consumer segment customers
- Business growth through value chain execution
- Increased low-cost funds market share
- Maintained asset quality for the Consumer segment
- Fulfilled internal control implementation across all lines of defense.

Finance & Strategy Director
- Achieving the Company's Business Realization in accordance with the Company's Work Plan (RKAP/RBB).
- Achieving the business performance of Subsidiaries.
- Achieving Procurement Process Effectiveness and Asset Optimization
- Increasing Low-Cost Fund Market Share
- Fulfilling the implementation of internal controls at every line of defense.

Operations Director
- Improving Operational Excellence.
- Achieving customer satisfaction and resolving complaints.
- Increasing Low-Cost Fund Market Share
- Ensuring internal control implementation across all lines of defense.

Corporate Banking Director
- Increased profitability and business volume for the Corporate Banking segment
- Increased fee-based income for the Corporate Banking segment.
- Increased transaction volume for Corporate Banking customers
- Business growth through value chain execution

- Increased low-cost funds market share
- Maintained asset quality for the Corporate Banking segment
- Fulfilled internal control implementation across all lines of defense.

Institutional Director
- Increased profitability and business volume for the Institutional Banking segment.
- Increased funding for Institutional Banking.
- Increased transaction volume for Institutional Banking customers.
- Support for government programs.
- Business growth through value chain execution.
- Increased Market Share of Low-Cost Funds.
- Achieved internal control implementation across all lines of defense.

Information Technology Director
- Implementation of effective technology and information governance.
- Completion of Information Technology Projects in accordance with the project charter.
- Increased Low-Cost Funds Market Share
- Fulfillment of internal control implementation at every line of defense.

Network & Retail Funding Director
- Achieved increased profitability and business volume in the Region
- Achieved increased Regional Fee-Based Income
- Increased transaction volume by Retail Banking segment customers
- Business growth through value chain execution
- Increased Low-Cost Funds Market Share
- Maintained Regional Asset Quality
- Fulfilled internal control implementation at every line of defense.

BOARD OF COMMISSIONERS PERFORMANCE ASSESSMENT

The performance assessment of the Board of Commissioners is a crucial element in the implementation of corporate governance, which objectively measures the effectiveness of the oversight and advisory functions of the Board of Directors. This assessment process is based on several indicators, including contribution to the achievement of the Bank's strategic objectives, the quality of strategic direction provided, and compliance with applicable laws and regulations. This performance assessment serves not only as an evaluation instrument but also as a foundation for enhancing the role of the Board of Commissioners in addressing business dynamics and the challenges of the banking industry.

The Board of Commissioners' performance assessment is conducted collectively and reported to shareholders at the Annual General Meeting of Shareholders (GMS) through the presentation of the Board of Commissioners' performance, outlined in the Board of Commissioners' Supervisory Report. Based on this report, the GMS then grants full release and discharge (volledig acquit et de charge) to the Company's Board of Commissioners for their supervisory actions carried out during the fiscal year ending at the end of the fiscal year.

Referring to the Regulation of the Minister of State-Owned Enterprises No. PER-2/MBU/03/2023 dated March 3, 2023 concerning Guidelines for Governance and Significant Corporate Activities of State-Owned Enterprises, the Board of Commissioners at the beginning of the year prepares an Annual Work Plan which is an integral part of the Company's Work Plan and Budget (RKAP). As part of the evaluation mechanism, the Board of Commissioners conducts a collegial performance assessment through a self-assessment method. This assessment is intended to measure the effectiveness of the implementation of supervisory duties and providing strategic direction throughout the financial year, as well as serving as a basis for continuous improvement in order to enhance the quality of corporate governance.

Policy and Procedure for the Board of Commissioners' Performance Assessment

The Board of Commissioners' performance is assessed periodically using a self-assessment method twice a year, scheduled every June and December of the current year. This is done as part of an ongoing evaluation mechanism to ensure the effectiveness of the Board of Commissioners' oversight function. The results of the assessment are then reported to Shareholders at the Annual General Meeting of Shareholders as part of an accountability mechanism and to improve the quality of corporate governance.

Board of Commissioners' Performance Assessment Criteria [ACGS D.5.5]

The collegial performance assessment of the Board of Commissioners is conducted by measuring the achievement level of the annual collegial KPIs established at the beginning of the year and approved by the Ministry of State-Owned Enterprises (BP BUMN), as the holder of the Series A Dwiwarna Share. For the 2025 financial year, this performance assessment will take into account several relevant strategic aspects, including:

1. Planning Aspect – Weight: 10%
2. Supervision and Advisory Aspect – Weight: 55%
3. Reporting Aspect – Weight: 17%
4. Dynamic Aspect – Weight: 18%

Parties Conducting the Board of Commissioners' Performance Assessment

The collegial performance assessment of the Board of Commissioners is conducted through a self-assessment process, proposed by the Nomination and Remuneration Committee and approved by the Board of Commissioners. This mechanism is part of the Bank's commitment to ensuring objective and transparent performance evaluation, as well as being the basis for increasing the effectiveness of the supervisory function.

Board of Commissioners' Performance Assessment Results In 2025

The performance of the Board of Commissioners is measured based on several key aspects that reflect the quality and effectiveness of its supervisory function and strategic direction, which significantly impacts the Bank's business continuity. This assessment includes the ability to provide relevant strategic direction, the accuracy of anticipating and managing risks, and the accuracy of ensuring policy alignment with the Bank's vision, mission, and values. The following details the results of the Board of Commissioners' performance assessment for the 2025 financial year:

No.	Aspek dan Parameter	Weight	Achievement
1.	Planning Aspect Conducting discussions and providing recommendations/approval on the preparation of the Board of Commissioners' work plan for the coming year	10.00%	100%
2.	Supervision and Advice Aspect a. Providing approval/response/recommendation to Shareholders on the Bank's Business Plan for the coming year and the Revision of the Bank's Business Plan for the current year, Annual Report, and Quarterly Performance Analysis. b. Providing approval and advice to the Board of Directors according to the Board of Commissioners' field of duty. c. Board of Commissioners Meeting d. Board of Commissioners Committee Meeting with the Board of Directors/Related Units e. Board of Commissioners Working Visit f. Realization of the Board of Commissioners Committee Work Plan	55.00%	104.11%
3.	Reporting Aspect a. Board of Commissioners KPI Realization Report b. Board of Commissioners Supervision Report to the Authorities and the Ministry of State-Owned Enterprises.	17.00%	100%
4.	a. Proposal of External Auditors to Shareholders b. Competency Improvement through Seminars, Workshops, etc. c. GCG Assessment Results	18.00%	103.33%
Total		**100,00%**	**103.35%**

Nomination and Remuneration of Members of the Board of Commissioners and the Board of Directors

PROCEDURE FOR NOMINATION OF MEMBERS OF THE BOARD OF COMMISSIONERS

Nomination Policy for Members of the Board of Commissioners

The nomination policy for members of the Board of Commissioners is governed under the Good Corporate Governance Policy, Company Guideline No. IN/006/CMP/001 dated January 24, 2025, which regulates, among others, the system and procedures for the selection and/or replacement of members of the Board of Commissioners to be submitted to the GMS.

NOMINATION PROCESS FOR BOARD OF COMMISSIONERS MEMBERS

Criteria for Members of the Board of Commissioners

A candidate may be selected and appointed as a member of the BNI Board of Commissioners if they meet the established criteria for Board of Commissioners members, which are as follows:

1. Have good character, morals, and integrity and are capable of carrying out legal actions.
2. Within the last 5 (five) years before appointment and during his/her tenure:
    1) Never declared bankruptcy.
    2) Never been a member of the Board of Directors and/or a member of the Board of Commissioners who was found guilty of causing a company to be declared bankrupt.
    3) Never been convicted of committing a criminal act that is detrimental to state finances and/or related to the financial sector.
    4) Never been a member of the Board of Directors and/or member of the Board of Commissioners during his/her tenure:
        a) Never held an annual GMS;
        b) His/her accountability as a member of the Board of Directors and/or Board of Commissioners has never been accepted by the GMS or has never provided his/her accountability as a member of the Board of Directors and/or member of the Board of Commissioners to the GMS; and
        c) Has ever caused a company that obtained a permit, approval, or registration from the OJK to not fulfill its obligation to submit an annual report and/or financial statement to the OJK, and/or the annual report and/or financial statement was not approved and/or ratified by the GMS.
3. Have a commitment to comply with statutory regulations.
4. Have knowledge and/or expertise in the field required by the Company.
5. Not currently holding a position that has the potential to cause a conflict of interest.
6. Not serving as a member of the Board of Commissioners/Supervisory Board of a SOE or Board of Commissioners of the Subsidiary Company concerned for 2 (two) periods;
7. Not currently holding a position that is prohibited from holding a position as a member of the Board of Commissioners;
8. Physically and mentally healthy, who is not suffering from an illness that could hinder the performance of his/her duties as a member of the Board of Commissioners, as proven by a health certificate from the hospital;
9. Have a Taxpayer Identification Number (NPWP) and have carried out the obligation to pay taxes for the last 2 (two) years;
10. For prospective candidates from technical ministries or other government agencies, they must be based on a letter of proposal from the head of the agency concerned; and
11. Prospective candidates for members of the Board of Commissioners who come from State Administrators must report the State Administrator's Wealth Report (LHKPN) for the last 2 (two) years as proven by proof of the LHKPN report to the authorized institution.
12. Appointment of members of the Board of Commissioners who come from employees or officials in institutions that carry out regulatory and/or supervisory functions of Banks and/or other financial service institutions is carried out after the person concerned has effectively ceased to be an employee or official and has undergone a cooling-off period of at least 6 (six months).

13. Former members of the Board of Directors or Executive Officers or parties who have a relationship with the Bank who may influence the person's ability to act independently must undergo a cooling-off period of at least 1 (one) year before becoming an Independent Commissioner at the Bank concerned.

Procedures for Election, Appointment, Replacement, and Dismissal of Members of the Board of Commissioners

Explained below is the procedures for the selection, appointment, replacement, and dismissal of members of the BNI Board of Commissioners:

1. The selection of candidates for members of the Board of Commissioners is carried out using procedures and mechanisms in accordance with those regulated in SOE Ministerial Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises, which, among other things, regulates provisions for sources, selection and assessment of prospective candidates, as well as proposals for appointment.
2. Banks can use the services of independent and reputable third parties in the selection process for candidates for the Board of Commissioners. In carrying out the nomination process for the BNI Board of Commissioners in 2025, the Nomination and Remuneration Committee did not collaborate with independent professionals.
3. Every proposal for replacement and/or appointment of members of the Board of Commissioners to the GMS must consider the recommendations of the committee that carries out the nomination function.
4. Replacement and/or appointment of members of the Board of Commissioners prioritizes professional composition, independence, and suitability of competence and pays attention to diversity in terms of education (field of study), work experience, age, and expertise, without distinction of ethnicity, religion, and race, which is required in carrying out the duties and responsibilities of the Board of Commissioners. Further explanation regarding the diversity policy of the Board of Commissioners is outlined in this Annual Report on page 827.
5. Members of the Board of Commissioners are appointed and dismissed by a GMS, which must be attended by Series A Dwiwarna Shareholders, and the resolutions of the GMS must be approved by Series A Dwiwarna Shareholders, taking into account the provisions in the Articles of Association.
6. Procedures for appointing members of the Board of Commissioners refer to OJK regulations concerning the Board of Directors and Board of Commissioners of Issuers or Public Companies as well as regulations of the Minister of SOE concerning SOE Organs and Human Resources. Procedures for appointing members of the Board of Commissioners include:
7. Sources of prospective members of the Board of Commissioners come from:
   a. Former SOE Board of Director;
   b. Board of Commissioners/Supervisory Board of SOE;
   c. Structural Officials and Functional Government Officials; or
   d. Other sources.
8. The GMS/Minister can determine candidates proposed by the Nomination and Remuneration Committee at the Ministry of SOE to become members of the Board of Commissioners.
9. Determination of a person as a member of the Board of Commissioners can be done after being declared to have passed the Fit and Proper Test (UKK) in accordance with sectoral provisions.
10. In the event that the appointment of members of the Board of Commissioners is carried out before the UKK is in accordance with sectoral provisions, the actions, duties, and functions as a member of the Board of Commissioners are calculated from the time they are declared to have passed the UKK in accordance with sectoral provisions.
11. Members of the Board of Commissioners, as referred to in point 9, have terms of office that are effective as of the date determined by the GMS/Minister.
12. Curriculum vitae of prospective members of the Board of Commissioners who will be proposed for appointment at the GMS must be available and announced at the time of the GMS before making a decision regarding appointment as members of the Board of Commissioners.
13. The GMS resolution regarding the appointment and dismissal of members of the Board of Commissioners also determines when the appointment and dismissal will take effect. In the event that the GMS does not determine, then the appointment and dismissal of members of the Board of Commissioners shall take effect from the closing of the GMS.
14. Members of the Board of Commissioners are appointed for a period starting from the date determined by the GMS that appointed them and ending at the close of the 5th (fifth) Annual GMS after the date of appointment, provided that the period cannot exceed 5 (five) years, taking into account the regulations and legislation in the fields of Capital Markets and Banking, but without prejudice to the rights of the GMS to dismiss members of the Board of Commissioners at any time before their term of office ends. After their term of office ends, members of the Board of Commissioners can be reappointed by the GMS for one term of office.

15. A member of the Board of Commissioners has the right to resign from his position by notifying the Company in writing of his intention.
16. The Company is obliged to hold a GMS to decide on requests for resignation of members of the Board of Commissioners within a period of no later than 90 (ninety) days after receipt of the letter of resignation.
17. The Company is obliged to disclose information to the public and submit it to the OJK no later than 2 (two) working days after receiving the request for resignation of a member of the Board of Commissioners.
18. Before the resignation becomes effective, the relevant member of the Board of Commissioners is still obliged to complete his duties and responsibilities in accordance with the articles of association and applicable laws and regulations.
19. The term of office of a member of the Board of Commissioners ends if:
    a. His/her resignation is effective.
    b. Deceased.
    c. His/her term of office ends.
    d. Dismissed due to GMS resolution.
    e. Declared bankrupt by the Commercial Court, which has permanent legal force, or placed under guardianship based on a court decision.
    f. No longer meets the requirements as a member of the Board of Commissioners based on the provisions of the Articles of Association and applicable laws and regulations.
    g. Dismissed due to a GMS resolution at any time if a member of the Board of Commissioners:
        1) Unable to carry out his/her duties properly.
        2) Violates the provisions of the articles of association and/or statutory regulations.
        3) Being involved in actions that are detrimental to the Bank and/or the country.
        4) Carrying out actions that violate the ethics and/or propriety that should be respected as a member of the Board of Commissioners.
        5) Declared guilty by a court decision that has permanent legal force.
        6) Resign.

PROCEDURE FOR NOMINATION OF MEMBERS OF THE BOARD OF DIRECTORS

Board of Directors' Member Nomination Policy

Policies related to the nomination of Board members are regulated in the Good Corporate Governance Policy and Company Guidelines No. IN/006/CMP/001 dated January 24, 2025. This policy serves as the basis for a transparent, objective, and accountable nomination process to ensure the quality of leadership at the Board level.

Criteria for Members of the Board of Directors

A candidate may be selected and appointed as a member of the BNI Board of Directors if they meet the established criteria for Board of Directors membership, which are as follows:

1. Have character, morals, expertise, integrity, leadership, experience, honesty, and good behavior and are capable of carrying out legal actions;
2. Domiciled in Indonesia.
3. Within the last 5 (five) years before appointment and during his/her tenure:
    a. Never declared bankruptcy;
    b. Never been a member of the Board of Directors and/or a member of the Board of Commissioners who was found guilty of causing a company to be declared bankrupt;
    c. Never been convicted of committing a criminal offense that is detrimental to state finances and/or related to the financial sector;
    d. Never been a member of the Board of Directors and/or member of the Board of Commissioners who during his/her tenure:
        1) Never held an annual GMS;
        2) His/her accountability as a member of the Board of Directors and/or Board of Commissioners has never been accepted by the GMS or he/she has never provided his/her accountability as a member of the Board of Directors and/or member of the Board of Commissioners to the GMS; and
        3) Has caused a company that has obtained a permit, approval, or registration from the OJK to fail to fulfill its obligation to submit an annual report and/or financial statement to the OJK.
4. Have a commitment to comply with statutory regulations.
5. Have knowledge and/or expertise in the field required by the Company.
6. Not currently holding a position that has the potential to cause a conflict of interest;
7. Not serving as a member of the Board of Directors of the relevant SOE or Subsidiary Company for 2 (two) periods;
8. Not currently holding a position that is prohibited from holding a position as a member of the Board of Directors according to statutory regulations;
9. Have dedication and devote full time to carrying out their duties, as stated in a statement letter from the person concerned;
10. Physically and spiritually healthy, that is, not currently suffering from an illness that could hinder the performance of their duties as a Director, as proven by a health certificate from the hospital; and
11. Have a Taxpayer Identification Number (NPWP) and have carried out the obligation to pay taxes for the last 2 (two) years.

12. Appointment of members of the Board of Directors who come from employees or officials at institutions that carry out regulatory and/ or supervisory functions of Banks and/or other financial service institutions is carried out after the person concerned has effectively ceased to be an employee or official and has undergone a cooling-off period of at least 6 (six) month.

PROCEDURES FOR SELECTION, APPOINTMENT, REPLACEMENT, AND DISMISSAL OF THE BOARD OF DIRECTORS

The following is a description of the procedures for the selection, appointment, replacement, and dismissal of members of the BNI Board of Directors:

1. The selection of prospective members of the Board of Directors is carried out using procedures and mechanisms in accordance with those regulated in the Regulation of the Minister of SOE No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises, which, among other things, regulates provisions for sources, selection and assessment of prospective candidates, as well as proposals for appointment.
2. The bank may use the services of an independent third party with a good reputation in the selection process for Board of Directors candidates. In 2025, BNI collaborated with a professional independent consultant, PT Daya Dimensi Indonesia, to carry out the process of identifying and assessing the quality of Board of Directors candidates. The fee for independent consultant services is set at Rp20,165,000 per candidate, as a form of implementing the principles of transparency and good corporate governance.
3. Every proposal for replacement and/or appointment of members of the Board of Directors to the GMS must consider the recommendations of the committee that carries out the nomination function.
4. Replacement and/or appointment of members of the Board of Directors prioritizes professional composition, independence, and suitability of competency and pays attention to diversity in terms of education (field of study), work experience, age, expertise, and representation of women, without distinction of ethnicity, religion, and race, which are needed appropriately in carrying out the duties and responsibilities of the Board of Directors. An explanation of the Board of Directors' Diversity Policy is outlined in this Annual Report on page 827.
5. Members of the Board of Directors are appointed and dismissed by the GMS, where the GMS is attended by Series A Dwiwarna shareholders, and the GMS resolutions must be approved by the Series A Dwiwarna shareholders, taking into account the provisions in the Articles of Association. This provision also applies to GMS held in order to revoke or confirm the decision to temporarily dismiss a member of the Board of Directors.
6. Procedures for appointing members of the Board of Directors refer to OJK regulations concerning the Board of Directors and Board of Commissioners of Issuers or Public Companies as well as regulations of the Minister of SOE concerning SOE Organs and Human Resources.
7. Sources of prospective members of the Board of Directors come from:
   a. Former SOE Board of Director;
   b. Board of Commissioners/Supervisory Board of SOE;
   c. Structural Officials and Functional Government Officials; or
   d. Other sources.
8. The GMS/Minister can appoint candidates proposed by the Nomination and Remuneration Committee at the Ministry of SOE to become members of the Board of Directors.
9. Determination of a person as a member of the Board of Directors can be done after being declared to have passed the Fit and Proper Test (UKK) in accordance with sectoral provisions.
10. In the event that the appointment of members of the Board of Directors is carried out before the UKK is in accordance with sectoral provisions, the actions, duties, and functions as a member of the Board of Directors are calculated from the time they are declared to have passed the UKK in accordance with sectoral provisions.
11. Members of the Board of Directors, as referred to in point 8, have terms of office that are effective as of the date determined by the GMS/Minister.
12. Curriculum vitae of prospective members of the Board of Directors who will be proposed for appointment at the GMS must be available and announced at the time of the GMS before making a decision regarding appointment as a member of the Board of Directors.
13. The GMS resolution regarding the appointment and dismissal of members of the Board of Directors also determines when the appointment and dismissal will take effect. In the event that the GMS does not determine, then the appointment and dismissal of members of the Board of Directors will take effect from the closing of the GMS.
14. Members of the Board of Directors are appointed for a period starting from the closing of the GMS or the date determined by the GMS appointing them and ending at the close of the 5th (fifth) Annual GMS after the date of appointment, provided that the period cannot exceed 5 (five) years, taking into account the laws and regulations in the fields of Capital Markets and Banking, but without prejudice to the rights of the GMS to dismiss

members of the Board of Directors at any time before their term of office ends.
15. Such termination takes effect from the closing of the GMS unless otherwise determined by the GMS.
16. After their term of office ends, members of the Board of Directors can be reappointed by the GMS for one term of office.
17. Members of the Board of Directors may resign from their positions before their term of office ends. In the event that a member of the Board of Directors resigns, the relevant member of the Board of Directors is obliged to submit a written resignation request regarding his/her intentions to the Company.
18. The Company is obliged to hold a GMS to decide on requests for resignation of members of the Board of Directors no later than 90 (ninety) days after receipt of the resignation letter.
19. Members of the Board of Directors who resign as mentioned above can still be held accountable as members of the Board of Directors from the time of their appointment until the date of approval of their resignation at the GMS.
20. The term of office of a member of the Board of Directors ends if:
    a. His/her resignation is effective.
    b. Deceased;
    c. His/her term of office ends;
    d. Declared bankrupt by the Commercial Court, which has permanent legal force, or placed under guardianship based on a court decision;
    e. No longer meets the requirements as a member of the Board of Directors based on the provisions of the Articles of Association and statutory regulations;
    f. Dismissed by resolution of the GMS at any time if a member of the Board of Directors:
        1) Unable to fulfill the obligations agreed upon in the management contract;
        2) Unable to carry out their duties properly;
        3) Violates the provisions of the Articles of Association and/or statutory regulations;
        4) Being involved in actions that are detrimental to the Company and/or the country;
        5) Carrying out actions that violate the ethics and/or propriety that should be respected as the Board of Directors;
        6) Resign;
        7) Other reasons deemed appropriate by the GMS for the interests and objectives of the Company.

The nomination of candidates for the Board of Directors is carried out through a structured and accountable mechanism, involving the Board of Commissioners and the Nomination and Remuneration Committee as the parties responsible for assessing the competence, integrity, and suitability of candidates for the Bank's strategic needs. This process is designed as part of transparent and accountable governance to ensure that all candidates for the Board of Directors meet the formal and material requirements in accordance with laws and regulations and have passed the Fit and Proper Test based on banking regulations and State-owned Enterprise provisions. Subsequently, the official appointment of candidates for the Board of Directors is carried out through a GMS decision. [ACGS (B).D.2.2]

Board of Directors' Succession Policy [ACGS D.5.3]

To ensure leadership continuity in the future, BNI implements a succession policy for the Board of Directors and/or Senior Management that has been aligned with the Regulation of the Minister of State-Owned Enterprises (SOEs) No. PER-2/MBU/03/2023 concerning Guidelines on Governance and Significant Corporate Activities of SOEs, as well as Regulation of the Minister of SOEs No. PER-3/MBU/03/2023 concerning Organs and Human Resources of SOEs.

This policy is designed to identify and develop high-potential employees included in the Talent Pool to prepare them for future strategic positions. They are facilitated through various competency development programs covering management, business strategy, strategic planning, analysis of business risks and opportunities, as well as evaluations of operational and financial performance.

In the Board of Directors nomination process, the Board of Commissioners reviews internal candidates who are assessed to have outstanding talent based on the recommendations of the Nomination and Remuneration Committee, while ensuring that the process is transparent, objective, and in accordance with regulations. In 2025, BNI collaborated with a professional independent consultant, PT Daya Dimensi Indonesia, to carry out the process of identifying and assessing the quality of Board of Directors candidates in line with the Company's strategic direction. This collaboration aims to ensure that assessments are conducted comprehensively, objectively, and based on competence. The fee for independent consultant services is set at IDR 20,165,000 per candidate, as a form of implementing the principles of transparency and good corporate governance. [ACGS (B).D.2.2]

PROCEDURES AND IMPLEMENTATION

Remuneration Policy

In determining its remuneration policy, the Bank upholds the principle of prudence and ensures regulatory compliance in both the banking and state-owned enterprise (SOE) sectors. The primary

regulatory references include OJK Regulation No. 45/POJK.03/2015 concerning the Implementation of Governance in the Provision of Remuneration for Commercial Banks, OJK Circular Letter No. 40/SEOJK.03/2016 as its implementation guideline, Regulation of the Minister of SOEs No. PER-3/MBU/03/2023 concerning Organs and Human Resources of SOEs, as well as OJK Regulation No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks.

BNI's Remuneration Policy is formulated in a transparent and balanced manner and in accordance with the principles of good corporate governance to support business sustainability and the interests of all stakeholders, as stipulated in the Good Corporate Governance Policy, Company Guideline No. IN/097/CMP/001 dated 28 August 2024, which has been updated and approved by the Board of Commissioners through BNI Board of Commissioners Letter No. DK/237 dated December 31, 2024, which generally regulates matters relating to:

1. The remuneration structure includes at least a remuneration scale based on level and position, as well as remuneration components, and
2. Methods and mechanisms for determining remuneration for the Board of Directors, Board of Commissioners, and Bank employees.

Corporate facilities are provided in accordance with the principles of good corporate governance and are used solely for purposes related to the position held, and must not conflict with prevailing laws and regulations. BNI consistently applies good corporate governance principles in the provision of remuneration by taking into account various aspects, namely:

1. Creating effective risk management;
2. Bank financial stability;
3. Adequacy and strengthening of Bank capital;
4. Short-term and long-term liquidity needs; and
5. Potential income in the future.

REMUNERATION POLICY SCOPE

The Bank provides remuneration to the Board of Directors, the Board of Commissioners, and employees in the form of:

1. Fixed remuneration, namely remuneration that is not linked to performance and risk, including basic salary, facilities, housing allowance, health allowance, education allowance, holiday allowance, and pension. Determination of remuneration must always consider business scale, business complexity, peer group, inflation rate, condition, and financial capacity and does not conflict with applicable laws and regulations.
2. Variable remuneration, namely remuneration that is linked to performance and risk, including bonuses or other equivalent forms. Variable remuneration is carried out to encourage prudent risk taking.

Remuneration Policy Linked to Risk

The Remuneration Policy prepared in the context of creating effective risk management is reflected in:

1. Application of the prudent principle in providing remuneration.
2. The role of the Board of Commissioners in supervising the implementation of remuneration policies.
3. The role of the Board of Commissioners in carrying out regular evaluations of remuneration policies.
4. Risk-linked remuneration policy aims to:
   a. Prevent the emergence of moral hazard and prioritize prudential elements in bank management.
   b. Maintaining the health of the Bank individually.
   c. Mitigating excessive risk taking by decision-makers.
5. Determination of income in the form of salary or honorarium, allowances, and permanent facilities is carried out by considering risks, business scale factors, business complexity factors, inflation rates, company financial conditions and capabilities, and other relevant factors, and must not conflict with legislation.
6. Variable remuneration in the form of tantiem/performance incentives/Long Term Incentives (LTI), which consider, among other things, risk, performance factors, and the Company's financial capabilities, as well as other relevant factors.
7. Implementation of deferred variable remuneration (Malus) or withdrawing variable remuneration that has been paid (Clawback) to officials classified as Material RiskTakers (MRT), in accordance with the provisions of Article 26 POJK No. 45/POJK.03/2015 concerning the Implementation of Governance in Providing Remuneration for Commercial Banks. Malus and/ or Clawback against MRT is applied in the case of: [ACGS D.3.13]
   a. It is legally proven that there was abuse of position and/or authority and/or committing a criminal act by the recipient of the suspended Tantiem, which resulted in losses for the Company.
   b. Restatement of the Company's financial statement, which is the basis for determining the award of Tantiem.
   c. The risk rating in the last quarter before the implementation of the suspended Tantiem was 4 (Moderate to High) or worse.

d. The Annual GMS decided to reject the responsibility of the Board of Directors and/ or the Board of Commissioners for the Company's performance for the financial year as decided at the Annual GMS.
e. Other considerations deemed important by the GMS.

Determination of Material Risk Takers (MRT)

Determination of Material Risk Takers (MRT) is categorized as follows:

1. Material Risk Takers (MRT) can be determined using qualitative methods according to the portion of responsibility that influences the main risk profile, which will be determined in accordance with the risk profile evaluation determined by the Company every year.
2. Determining the MRT category can also be done quantitatively through a comparison of variable remuneration between MRT and nonMRT employees, taking into consideration the performance and risk level of the position concerned.

BNI appointed members of the Board of Commissioners, the Board of Directors, and Senior Executive Vice President (SEVP) as MRT.

Remuneration Linked to Risk and Performance [ACGS C.3.3 (B).B.1.5, (B).B.1.6]

BNI implements a remuneration policy that is fair, competitive, and aligned with the achievement of the Bank's short-term and long-term performance targets. The determination of remuneration is based on the results of Key Performance Indicators (KPIs), while also taking into account the risk profile, compliance, and Good Corporate Governance (GCG) principles. Based on these achievements, the Nomination and Remuneration Committee submits recommendations to the Board of Commissioners, which are subsequently presented to the shareholders through the General Meeting of Shareholders (GMS) for approval.

As part of the application of the prudential principle, BNI also implements a risk-based remuneration system through the designation of Material Risk Takers (MRT) and the application of deferred remuneration schemes. The relevant key risks are reviewed annually in accordance with market conditions, industry developments, and the Bank's financial capacity, ensuring that variable remuneration policies remain aligned with business sustainability. All of these policies are periodically evaluated to ensure their continued relevance to the Bank's needs and the dynamics of the banking industry.

The implementation of Bank remuneration is linked to performance and risks, including:

1. Suspension of variable remuneration with the following conditions:
   a. For parties designated as MRT, part of the variable remuneration will be deferred.
   b. The amount of suspension for MRTs who are members of the Board of Directors and Board of Commissioners is a minimum of 10%.
2. The suspension (malus) or withdrawal (clawback) policy determination applies if the following conditions occur:
   a. It is proven that there is Individual Fraud.
   b. Restatement of the company's financial statement, which is the basis for determining variable remuneration.
   c. The risk rating in the last quarter before the payment of deferred variable remuneration is 4 (Moderate to High) or worse. [ACGS D.3.13, (B).B.1.6]

In addition to paying attention to risk, determining remuneration also pays attention to performance, the implementation of which is carried out through:

1. Determination of increases in remuneration for the Board of Directors, Board of Commissioners, and employees considers the previous year's performance evaluation.
2. Determination of variable remuneration considering the achievement of Key Performance Indicators (KPI) of at least 80%.

Variable Remuneration for the Board of Commissioners, the Board of Directors and Employees

Variable remuneration is remuneration that is linked to performance and risk, which is given in the form of bonuses or other equivalent forms.

1. Form and Reasons for Selecting Variable Remuneration
   Variable compensation determined based on performance achievements, namely as follows:
   a. For the Board of Commissioners and the Board of Directors
      Performance Bonuses for the Board of Commissioners and the Board of Directors constitute variable compensation that is committed by the Company at the beginning of the year. This compensation aims to motivate members of the Board of Directors and the Board of Commissioners, as well as to provide direct rewards for achieving and exceeding individual targets, work unit targets, and overall Company targets.
   b. For Employees
      Bonuses are variable compensation that is not guaranteed by the Company. Bonuses are granted to employees as a form of appreciation for the achievement of the Company's performance.

2. Reasons for differences in variable remuneration given to employees:
   a. BNI applies the Position Group concept, which consists of Support, Business, and Marketer Advisor. The provision of variable remuneration will differ between job groups, which is adjusted to a constant amount per position group in question.
   b. The Company provides greater variable compensation for marketers due to the following:
      a) Marketers are profit makers.
      b) Encourage marketers to exceed predetermined targets.
      c) Appreciation for marketers.

The factors causing differences in variable compensation are based on considerations of performance and competency achievements, including work unit performance and company performance.

Guaranteed Variable Remuneration without Conditions for Candidates for Board of Commissioners, Candidates for Board of Directors, and/or Candidates for Employees

There is no variable remuneration that is unconditionally guaranteed by BNI to prospective Board of Directors, prospective Board of Commissioners, and/or prospective employees during the first 1 (one) year of employment.

Remuneration Policy Linked to Company Sustainability Performance

Remuneration for the Board of Directors and the Board of Commissioners is determined by considering Environmental, Social, and Governance (LST) aspects. In 2025, the remuneration of the Board of Directors and Board of Commissioners is linked to the achievement of the Board of Directors' KPIs for 2025, which include:

1. ESG Rating, which includes, among others:
   a. Financing environmental impact
   b. Consumer financial protection
   c. Human capital development
   d. Access to finance
   e. Privacy and data security
   f. Corporate governance
   g. Corporate behaviour
2. Social and Environmental Responsibility (TJSL).
3. Averaged diversity in nominated talent (women and young).
4. Realization of Distribution of People's Business Credit (KUR).
5. Sustainability Credit (Green Financing).

Independent Monitoring of Remuneration Policy Implementation

To ensure independence in the implementation of remuneration policies, BNI assigns the Internal Audit function as the main controller that conducts comprehensive supervision of its implementation. In addition, the effectiveness and compliance of remuneration policies are also evaluated independently through audits by external auditors. With this multi-layered control mechanism, BNI ensures that remuneration policies are implemented transparently, accountably, and in accordance with applicable regulations.

Remuneration Policy Review

Management periodically conducts reviews of the employee remuneration and welfare system. The assessment is carried out by considering business scale factors, business complexity factors, inflation rates, company financial conditions and capabilities, and including generally accepted income levels in similar industries.

External Consulting Services and Consultant Duties Related to Remuneration Policy [ACGS (B).D.3.1]

BNI uses independent consultants in the field of remuneration for the Board of Commissioners, Board of Directors, and Employees to determine and adjust remuneration policies in line with market conditions. In 2025, BNI collaborated with Wilis Towers Watson Indonesia to obtain objective input and effective recommendations for improving its remuneration policy.

Procedure for Determining Remuneration for the Board of Commissioners and the Board of Directors

The remuneration of the Board of Commissioners and the Board of Directors is determined by the GMS, first through the following procedures:

1. An independent remuneration consultant prepares a study of the structure and nominal remuneration based on market data and considering the provisions of laws and regulations, then submits it to the Nomination and Remuneration Committee (KNR).
2. The results of the independent consultant's study are discussed at the KNR Meeting, and then recommended to the Board of Commissioners.
3. KNR recommendations are discussed at the Board of Commissioners Meeting.
4. Remuneration proposals are submitted by the Board of Commissioners to Series A Dwiwarna Shareholders to be proposed on the GMS agenda.
5. The GMS gives approval to the proposed Remuneration for the Board of Directors and Board of Commissioners and/or gives authority and power to Series A Dwiwarna Shareholders to

determine the remuneration of members of the Board of Commissioners, and approves the granting of authority and power to the Board of Commissioners by first obtaining written approval from the Series A Dwiwarna Shareholders to determine the Board of Directors' Remuneration. [ACGS D.3.12]

6. In the event that the GMS gives authority, the Series A Dwiwarna Shareholders determine the Remuneration of the Board of Commissioners and the Board of Directors.
7. By taking into account the GMS resolution, the Board of Commissioners determines the Remuneration for the Board of Directors based on the determination of Remuneration by Series A Dwiwarna Shareholders

Remuneration Policy for the Board of Commissioners and the Board of Director

1. The income of the Board of Directors and the Board of Commissioners is determined by the GMS.
2. Determination of income in the form of salary or honorarium, allowances, and permanent facilities is carried out by considering business scale factors, business complexity factors, inflation rates, company financial conditions and capabilities, and other relevant factors, and must not conflict with statutory regulations.
3. The determination of income in the form of variable tantiem/performance incentives/Long Term Incentives (LTI) (merit rating) is carried out by considering the Company's performance factors and financial capabilities, as well as other relevant factors, including the generally accepted level of income in the similar industry.

Indicators for Determining Remuneration for the Board of Commissioners and the Board of Directors

Based on SOE Ministerial Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises, determining the remuneration of the Board of Commissioners must consider the following indicators:

1. Business scale factor.
2. Business complexity factor.
3. Inflation rate.
4. The Company's financial condition and capabilities; and
5. Other relevant factors, and must not conflict with statutory regulations.

Board of Commissioners Remuneration Structure [ACGS C.3.1, C.3.2]

The determination of remuneration components for members of the Bank's Board of Commissioners refers to the provisions of Minister of State-Owned Enterprises Regulation No. PER-3/MBU/03/2023 concerning State-Owned Enterprises' Organs and Human Resources and Circular Letter of PT Danantara Asset Management (Persero) Number SE/002/DI-DAM/DO/2025 dated October 31, 2025 concerning Guidelines on the Conduct and Professionalism of the Board of Directors and Board of Commissioners. The disclosure of the types of remuneration and facilities to which the Bank's Board of Commissioners is entitled is explained as follows:

Remuneration Structure for the Board of Commissioners

Type of Remuneration/ Facility	Description
Honorarium	
Honorarium Composition	• President Commissioner is 45% of the President Director's salary; • Vice President Commissioner at 42.5% of the President Director's salary; • Commissioners amounting to 90% of the President Commissioner's honorarium.

Variable Remuneration for the Board of Commissioners [ACGS C.3.3]

In 2025, the Bank has allocated Tantiem/Performance Incentives for Fiscal Year 2024 to the Board of Commissioners. The Tantiem/Performance Incentives will be distributed to members of the Board of Commissioners using a proportion calculated based on the President Director's bonus, in accordance with applicable regulations, namely: 45% for the President Commissioner, 42.5% for the Vice President Commissioner, and 90% for other Commissioners relative to the Performance Bonus of the President Commissioner.

In order to comply with Article 23 of OJK Regulation No. 45/POJK.03/2015 on the Implementation of Governance in the Provision of Remuneration for Commercial Banks, the Bank will pay a portion of the total allocated Tantiem/Performance Incentives as Deferred Variable Remuneration.

In accordance with prevailing regulations, the Bank may defer the payment of Deferred Variable Remuneration (malus) or reclaim Variable Remuneration that has already been paid (clawback) to parties designated as Material Risk Takers (MRT) under certain conditions. [ACGS D.3.13]

Board of Directors' Remuneration Structure

[ACGS C.3.1, C.3.2]

The determination of remuneration components for members of the Bank's Board of Directors refers to the provisions of Minister of State-Owned Enterprises Regulation No. PER-3/MBU/03/2023 concerning the Organization and Human Resources of State-Owned Enterprises and Circular Letter of PT Danantara Asset Management (Persero) Number SE/002/DI-DAM/DO/2025 dated October 31, 2025 concerning Guidelines on the Conduct and Professionalism of the Board of Directors and Board of Commissioners. The types of remuneration and benefits that BNI directors are entitled to receive are explained in the table below:

Remuneration Structure for Member of the Board of Directors

* Variable remuneration for MRTs in 2025 (Fiscal Year 2024) is still being formulated by Danantara BNI applies a Malus and Clawback policy on variable remuneration given to parties categorized as Material Risk Takers (MRTs). This policy is part of efforts to strengthen risk management by providing the Bank with the opportunity to review and, if necessary, withdraw or defer remuneration payments in the event of violations or certain conditions that trigger the application of Clawback. Throughout the 2024 and 2025 reporting periods, there were no reductions in remuneration as there were no events that met the criteria for applying Clawback to MRT.

Highest and Lowest Salary Ratio

BNI upholds the principle of fairness in its remuneration policy by ensuring competitive and proportional compensation to attract the best talent, as well as maintaining employee loyalty and motivation in the long term. All remuneration policies implemented are in line with applicable laws and regulations, ensuring that their implementation remains within the corridor of good governance. The following is a comparison between the highest and lowest salaries within the Bank:

Subject	2025	2024
Highest and lowest Board of Commissioners salary ratio	1.11:1	1.11:1
Highest and lowest Board of Directors salary ratio	1.18:1	1.18:1
Highest Board of Directors salary ratio and highest employee salary ratio	1.97:1	2.53:1
Highest and lowest employee salary ratio	44.55:1	38.29:1

Total Severance Pay Given and Total Employees Receiving Severance Pay

In 2025, a number of employees were terminated because they have reached retirement age or applied for early retirement at their own request. In this regard, the Bank has paid nominal severance pay in accordance with the applicable statutory provisions with the following description:

No.	Nominal Amount of Severance Pay	Total Employee
1.	> Rp1 billion	162
2.	> Rp500 million - Rp1 billion	288
3.	< Rp500 million	359

Diversity of the Board of Commissioners and the Board of Directors [ACGS (B)E.1.2]

BOARD OF COMMISSIONERS AND BOARD OF DIRECTORS DIVERSITY POLICY

The determination of the composition of the Board of Commissioners and the Board of Directors is a strategic aspect in establishing strong and balanced leadership, while also ensuring a diversity of perspectives in strategic decision making. In this regard, BNI, through the Nomination and Remuneration Committee, carefully reviews and proposes the slate of candidates for members of the Board of Commissioners and the Board of Directors to the GMS. The nomination process takes into account diversity in educational background, experience, expertise, gender, and age range, with the objective of forming a management body that is professional, inclusive, and aligned with the Bank's needs and strategic direction. The formal appointment of members of the Board of Directors and the Board of Commissioners is subsequently carried out by the GMS, while continuing to uphold the principles of diversity and balanced competencies. [ACGS D.4.6]

All mechanisms for proposing candidates and implementing diversity principles within BNI's governing bodies are regulated under the Diversity Policy for the Board of Commissioners and the Board of Directors, which is formulated in accordance with capital market and banking regulations as well as international best practices. This policy is set out in the Good Corporate Governance Policy and Corporate Guidelines IN 001 CMP 001 and IN 005/ CMP/005 dated January 24, 2025. The policy affirms that every appointment and or replacement process for members of the Board of Commissioners and the Board of Directors prioritizes professionalism, independence, and suitability of competencies, while also considering diversity principles covering educational background, work experience, age, expertise, and female representation, without distinction based on ethnicity, religion, or race. In addition, this diversity policy serves as the foundation for the implementation of the succession policy, ensuring the availability of a talent pool aligned with the targeted composition and strategic direction of BNI's governing bodies.

As of December 31, 2025, the composition of BNI's Board of Directors and Board of Commissioners had been structured in accordance with the diversity principles set out in the Company's internal policies. This composition reflects balance across age, gender, educational background, and relevant professional experience.The application of these diversity principles is intended to enrich strategic perspectives, strengthen the effectiveness of decision making, and ensure the consistent implementation of good corporate governance across all levels of the organization.

Diversity in The Composition of Members of the Board of Commissioners

The diversity aspects of the composition of BNI's Board of Commissioners refer to the diversity requirements as stipulated in OJK Circular Letter No. 32/SEOJK.04/2015 on Corporate Governance Guidelines for Issuers or Public Companies and OJK Circular Letter No. 14/SEOJK.03/2025 on the Implementation of Corporate Governance for Commercial Banks, which have been incorporated into the Articles of Association as well as the Good Corporate Governance (GCG) Policy, Company Guideline No. IN/006/CMP/001 dated January 24, 2025. Based on these provisions, the diversity aspects of BNI's Board of Commissioners are determined as follows:

1. Education/skills/work experience, must have at least:
   a. 1 (one) member who has an educational background/expertise/work experience in the field of economics/business/finance;
   b. 1 (one) member who has educational background/skills/work experience in the banking industry;
   c. 1 (one) member who has an educational background/expertise/work experience in the field of risk management.
2. Gender
   Considering the gender diversity of members of the Board of Commissioners, with at least 1 (one) member of the Board of Commissioners being female.
3. Age
   a. The majority of members of the Board of Commissioners are over 50 years old (experienced and mature).
   b. There are members of the Board of Commissioners aged less than 50 years old (young leader).
4. Independence
   a. At least 50% (fifty percent) of the members of the Board of Commissioners are Independent Commissioners.

b. Former members of the Board of Directors or Executive Officers or parties who have a relationship with the Bank who may influence the person's ability to act independently must undergo a cooling-off period of at least 1 (one) year prior to becoming an Independent Commissioner.

Diversity in The Composition of Board of Directors Members

In line with the Board of Commissioners Diversity Policy, the diversity of the composition of the Board of Directors has been regulated under the Good Corporate Governance Policy and Corporate Guidelines No. IN/001/CMP/001 dated January 24, 2025, with the diversity aspects of the Board of Directors determined as follow:

1. Education/skills/work experience, having at least:
   a. 1 (one) member who has an educational background/expertise/work experience in the field of economics/business/finance;
   b. 1 (one) member who has educational background/skills/work experience in the banking industry;
   c. 1 (one) member who has an educational background/expertise/work experience in the field of risk management.
2. Gender
   Considering the gender diversity of members of the Board of Directors, with at least 1 (one) member of the Board of Directors being female.
3. Age
   a. The majority of members of the Board of Directors are over 50 years old (experienced and mature).
   b. There are members of the Board of Directors aged less than 50 years (young leaders).
4. Independence
   The majority of members of the Board of Directors are parties who are independent of the Bank's controlling shareholders.

ACHIEVEMENTS OF THE BOARD OF COMMISSIONERS AND BOARD OF DIRECTORS' COMPOSITION DIVERSITY POLICY [ACGS (B).D.1.2]

The composition of BNI's Board of Commissioners and Board of Directors in 2025 has reflected the implementation of diversity principles in accordance with applicable laws and regulations as well as the Board of Commissioners and Board of Directors Diversity Policy. The implementation of this policy ensures balance across various aspects, including age, gender, educational background, experience, and expertise:

Achievements of Diversity in the Composition of Members of the Board of Commissioners

	Objectives	Achievement
Work Experience [ACGS D.4.6]	Diverse work experience, including: 1. Experience in economics/business: Experience as a Member of Commission XI of the House of Representatives of the Republic of Indonesia, University Rector and Professor of Economics, Head of Department at Bank Indonesia, member of the Board of Directors or Board of Commissioners, or Executive Officer in financial services and banking institutions. 2. Experience in the banking sector: Experience as a member of the Board of Directors or Board of Commissioners, Executive Officer, or senior management position holder in banks or other financial services institutions. 3. Experience in Government: Experience as Deputy Head of the State Owned Enterprises Regulatory Body and Director General at the Ministry of Finance. 4. Experience in the field of Risk Management: All members of the Board of Commissioners hold Banking Risk Management Competency Certification Qualification Level 6. There is a member of the Board of Commissioners with experience serving on the Code of Ethics Board of the Risk Management Certification Body.	√
Independence	There are 3 (three) Independent Commissioners out of a total of 6 (six) members of the Board of Commissioners.	√
Age	The majority of members of the Board of Commissioners are over 50 years of age, with 2 (two) members aged under 50 years.	√

	Objectives	Achievement
Gender	There is 1 (one) female member of the Board of Commissioners out of a total of 6 (six) members. In performing its oversight function, the Board of Commissioners is also supported by Independent Members of the Board Committees consisting of both men and women. Overall, there is 1 (one) woman out of a total of 3 (three) Independent Members of the Board Committees, reflecting BNI's commitment to the implementation of diversity and gender equality principles within the corporate governance structure. Each proposal for the replacement and or appointment of members of the Board of Commissioners takes into account the recommendations of the Nomination and Remuneration Committee, which consistently consider diversity aspects, including gender.	√

Achievements of Diversity in the Composition of the Board of Directors

	Objectives	Achievement
Education	The educational levels of members of the Board of Directors are varied, including Bachelor and Master levels, with various educational fields such as economics and development studies, financial management, business, accounting, risk management, forestry, agriculture, physics, engineering, animal husbandry, and agribusiness.	√
Work Experience	Members of the Board of Directors have a variety of work experiences, namely as members of the Board of Directors and Board of Commissioners of banks, non-bank financial services institutions, and non-financial services companies.	√
Independence	All members of the Board of Directors are independent parties from the controlling shareholders of the Bank and have no affiliation with fellow members of the Board of Directors and Board of Commissioners.	√
Age	The majority of members of the Board of Directors are over 50 years old, and there are 3 (three) members of the Board of Directors who are less than 50 years old.	√
Gender	There are 3 (three) female members of the Board of Directors out of a total of 13 (thirteen) members.	√

Disclosure of Affiliation Relationships Among the Board of Commissioners, Board of Directors, and Controlling Shareholders

BNI consistently upholds the principle of transparency as one of the main pillars in the implementation of Good Corporate Governance (GCG), in line with the provisions of POJK No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks. To ensure information dis-closure, BNI always discloses all material information, including management and ownership relationships among members of the Board of Commissioners, Board of Directors, and Control-ling Shareholders, in a comprehensive, accurate, timely, and easily accessible manner to the public and regulators. By identifying and openly disclosing any potential affiliated relationships, the Bank proactively manages potential conflicts of inter-est, ensures independent and objective decision-making processes, and strengthens trust and credibility among all stakeholders.

To safeguard the principles of independence and objectivity in the execution of supervisory functions and strategic decision-making, BNI stipulates that each member of the Board of Commissioners and Board of Directors must be free from familial relationships up to the second degree, whether through direct lineage or collateral line-age, including relationships arising from marriage. This provision is applied from the nomination and selection process of prospective members of management and is reviewed periodically to ensure compliance with prevailing regulations and to maintain high GCG standards throughout all levels of the organization.

In this annual report, the Bank transparently dis-closes information regarding the affiliation relationships of the Board of Commissioners and Board of Directors, including:

1. Affiliation relationships among members of the Board of Directors;
2. Affiliation relationships between members of the Board of Directors and members of the Board of Commissioners;
3. Affiliation relationships between members of the Board of Directors and the Major and/or Controlling Shareholders;
4. Affiliation relationships among members of the Board of Commissioners; and
5. Affiliation relationships between members of the Board of Commissioners and the Major and/or Controlling Shareholders.

The Bank ensures that all members of the Board of Directors and Board of Commissioners do not have any financial relationships, management relationships, share ownership, and/or familial relationships with other members of the Board of Directors, the Board of Commissioners, and/or Controlling Shareholders, or any relationships with the Bank, thereby enabling them to carry out their duties and responsibilities independently.

Board of Commissioners

The transparency of the BNI Board of Commissioners' affiliate relationships can be seen in the table below:

Affiliated Relationships with Other Members of the Board of Commissioners, Members of the Board of Directors, and Controlling Shareholders

Committees under the Board of Commissioners

To enhance the effectiveness of its supervisory and advisory functions for the Board of Directors, the Board of Commissioners is authorized to establish several committees under its oversight, namely the Audit Committee, the Remuneration and Nomination Committee, the Risk Monitoring Committee, and the Integrated Governance Committee. The establishment of these committees has been carried out in compliance with applicable laws and regulations governing publicly listed companies, the banking sector, and State-Owned Enterprises (BUMN). Through these committees, the Board of Commissioners can perform its role more optimally, purposefully, and independently in ensuring transparent, prudent, and highly ethical governance.

AUDIT COMMITTEE [ACGS D.2.18]

The Audit Committee is a supporting committee under the Board of Commissioners that plays a strategic role in supporting the effectiveness of oversight functions and the implementation of GCG principles. Through the performance of its duties, the Audit Committee provides independent views to the Board of Commissioners on the integrity of financial reports, the effectiveness of internal controls, compliance with regulations, and the results of internal and external audits. Thus, the Audit Committee plays an important role in ensuring that the oversight process is transparent, accountable, and in accordance with applicable governance standards.

LEGAL BASIS FOR THE ESTABLISHMENT OF THE AUDIT COMMITTEE

The legal basis for the establishment of BNI's Audit Committee refers to the following regulations:

1. Financial Services Authority (OJK) Regulation No. 55/POJK.04/2015 concerning the Establishment and Implementation Guidelines for the Audit Committee;
2. Financial Services Authority (OJK) Regulation No. 1/POJK.03/2019 concerning the Implementation of the Internal Audit Function in Commercial Banks;
3. Financial Services Authority (OJK) Regulation No. 9 of 2023 concerning the Use of Public Accountants and Public Accounting Firms in Financial Services Activities;
4. Financial Services Authority (OJK) Regulation No. 17 of 202 concerning the Implementation of Governance for Commercial Banks;
5. Financial Services Authority (OJK) Regulation No. 15 of 2024 concerning the Integrity of Financial Reporting;
6. Regulation of the Minister of State-Owned Enterprises of the Republic of Indonesia No. PER-2/MBU/03/2023 concerning Governance Guidelines and Significant Corporate Activities for State-Owned Enterprises;
7. Regulation of the Minister of State-Owned Enterprises of the Republic of Indonesia No. PER3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises; and
8. Board of Commissioners' Decree No. KEP/05/DK/2000 dated July 28, 2000, concerning the Establishment of the Audit Committee.

AUDIT COMMITTEE CHARTER [ACGS D.2.21]

The functions and responsibilities of the BNI Audit Committee are comprehensively outlined in the Audit Committee Charter, which was ratified through Board of Commissioners Decree No. KEP/025/DK/2025 dated September 19, 2025, concerning the Audit Committee Charter and Code of Ethics of PT Bank Negara Indonesia (Persero) Tbk. This charter serves as the main reference in the implementation of the Audit Committee's duties, while also reinforcing BNI's commitment to the principles of accountability and transparency. Through this document, the Audit Committee has clear guidelines in carrying out its supervisory functions so that it can assist the Board of Commissioners in ensuring the Bank's compliance with applicable regulations, as well as maintaining the integrity of the financial reporting process and the effectiveness of the Bank's internal control system.

The BNI Audit Committee Charter regulates several matters, including:

1. Legal basis;
2. Organizational structure and membership of the Audit Committee;
3. Membership requirements of the Audit Committee;

4. Duties and responsibilities of the Audit Committee;
5. Term of office of the Audit Committee;
6. Authority of the Audit Committee;
7. Audit Committee meetings; and
8. Reporting.

Taking into account business developments, the complexity of business activities, and changes in applicable regulations, the BNI Audit Committee Charter is evaluated and updated periodically to ensure that it remains relevant and in line with current governance requirements. The latest update was implemented on September 19, 2025, and has been published on BNI's official website (https://www.bni.co.id/Portals/1/BNI/Perusahaan/Docs/KA-Piagam-Komite-Audit-Tahun-2025.pdf). This step was taken as part of the Bank's commitment to transparency and openness of information to all stakeholders.

DUTIES AND RESPONSIBILITIES OF THE AUDIT COMMITTEE

The duties and responsibilities of the Audit Committee as stipulated in the Audit Committee Charter are as follows:

1. Reviewing financial information to be disclosed by the Bank to the public and/or regulatory authorities, including financial statements, projections, and other reports related to the Bank's financial information.
2. Monitoring and evaluating the implementation of internal control policies and procedures in the Bank's financial reporting process.
3. Monitoring and evaluating the compliance of the Financial Statements with Indonesian Financial Accounting Standards (SAK) and OJK regulations regarding the recording of financial transactions.
4. Reviewing compliance with laws and regulations related to the Company's business activities.
5. Providing independent opinions on:
   i. Differences of opinion between management and the Accountant regarding the services provided; and/or
   ii. Non-compliance of audit implementation by the Public Accounting Firm with applicable auditing standards.
6. Providing recommendations to the Board of Commissioners regarding the appointment of the Public Accountant and Public Accounting Firm to be submitted to the General Meeting of Shareholders (GMS) as regulated by the authorities.
   The Audit Committee must ensure that the report on the appointment of the Public Accountant and/or Public Accounting Firm for the audit of the Company's annual historical financial information reported to the OJK, no later than 10 working days after such appointment, is accompanied by the Audit Committee's recommendation and the considerations used in issuing the recommendation;
7. Providing recommendations to the Board of Commissioners based on evaluation results regarding the appointment, reappointment, dismissal, or replacement of the Public Accountant and/or Public Accounting Firm that will audit the financial statements, based on independence, scope of assignment, and audit fees. [ACGS D.2.24]
8. Evaluating the implementation of audit services on annual historical financial information by the Public Accountant and/or Public Accounting Firm, at a minimum through:
   i. Compliance of the audit implementation with applicable auditing standards;
   ii. Adequacy of fieldwork duration;
   iii. Review of the scope of services provided and adequacy of sampling; and
   iv. Recommendations for improvements provided by the Public Accountant and/or Public Accounting Firm.
   The Audit Committee must ensure that the evaluation report on the implementation of audit services on annual historical financial information by the Public Accountant and/or Public Accounting Firm is reported by the Company to the Financial Services Authority annually no later than six months after the end of the financial year, and to the SOE Regulatory Body no later than one month after the Public Accounting Firm completes its work.
9. Reviewing the implementation of examinations conducted by internal auditors and external auditors, and overseeing the follow-up actions taken by the Board of Directors on audit findings, in order to provide recommendations to the Board of Commissioners.
10. Reviewing complaints related to the Company's accounting and financial reporting processes.
11. Conducting examinations of alleged errors in decisions of the Board of Directors' Meetings or deviations in the implementation of such decisions. These examinations may be conducted by the Audit Committee or independent parties proposed by the Audit Committee and approved by the Board of Commissioners at the Company's expense.
12. Reviewing and providing advice to the Board of Commissioners regarding potential conflicts of interest involving the Company.
13. Providing recommendations to the Board of Commissioners regarding the appointment and dismissal of the Head of the Internal Audit Division (IAD), and ensuring that reports on such appointment or dismissal, signed by the President Director and the President Commissioner, are

submitted to the Financial Services Authority no later than 10 (ten) working days after the date of appointment or dismissal.

14. Providing recommendations to the Board of Commissioners regarding the establishment of the Internal Audit Charter. The Audit Committee must ensure that the Internal Audit Charter is reviewed at least once every three years.
15. In carrying out the internal audit function, the Audit Committee is responsible for:
    i. Monitoring and reviewing the effectiveness of the Bank's internal audit implementation;
    ii. Evaluating the performance of the IAD;
    iii. Ensuring that the IAD communicates with the Board of Directors, the Board of Commissioners, external auditors, and the Financial Services Authority;
    iv. Ensuring that the IAD operates independently;
    v. Providing recommendations to the Board of Commissioners regarding the preparation and determination of the audit plan, scope, and budget of the IAD;
    vi. Reviewing audit reports and ensuring that the Board of Directors takes prompt corrective actions to address control weaknesses, fraud, non-compliance with policies, laws, and regulations, or other issues identified and reported by the IAD;
    vii. Providing recommendations to the Board of Commissioners regarding the overall annual remuneration of the IAD and performance incentives; and
    viii. Ensuring that the IAD upholds integrity in the performance of its duties.
16. Providing recommendations to the Board of Commissioners regarding the appointment of an independent external quality assurance party to conduct a review of the performance of the Internal Audit Department (IAD). The Audit Committee is required to ensure that the report on the results of the review by the independent external party, signed by the President Director and the President Commissioner, is submitted to the Financial Services Authority no later than 2 (two) months after the end of the review period.
17. Ensuring that a special report on any internal audit findings that are expected to endanger the Bank's business continuity, signed by the President Director and the Chair of the Audit Committee, is submitted to the Financial Services Authority no later than three working days after the findings are identified.
18. Ensuring that reports on the implementation of the main results of internal audits, signed by the President Director and the Chair of the Audit Committee, are submitted to the Financial Services Authority on a semi-annual basis no later than:
    i. July 31 of the current year for the first semester; and
    ii. January 31 of the following year for the second semester.
19. Providing recommendations to the Board of Commissioners regarding the appointment of a Rating Agency to conduct the Bank Soundness Level Assessment.
20. Maintaining the confidentiality of the Company's documents, data, and information.
21. Performing duties related to risk management as stipulated in prevailing laws and regulations.
22. Coordinating with other committees under the Board of Commissioners to avoid overlapping duties and to enhance cooperation in carrying out tasks.

AUDIT COMMITTEE CODE OF ETHICS

In carrying out its duties and responsibilities, the Audit Committee always adheres to the Audit Committee Code of Ethics, which serves as a reference for professional conduct in performing its supervisory functions and providing recommendations to the Board of Commissioners. This code of ethics regulates standards of integrity, independence, objectivity, and confidentiality of information, so that all members of the Audit Committee can carry out their roles ethically, transparently, and in accordance with the principles of good corporate governance.

The scope of the Audit Committee Code of Ethics covers the following matters:

1. Integrity
   Audit Committee members are committed to consistently aligning thoughts, words, and actions with fundamental ethical principles. In executing their duties, they must:
   i. Act honestly, diligently, and responsibly;
   ii. Comply with legal regulations and make disclosures in accordance with legal and professional standards;
   iii. Uphold professionalism and encourage others to act professionally;
   iv. Respect and support BNI's established Vision and Mission;
   v. Refrain from engaging in illegal activities or actions that could undermine the credibility of the Audit Committee; and
   vi. Avoid intentional misrepresentation or manipulation in carrying out their assigned duties and responsibilities.

2. Objectivity and Independence
   Audit Committee members provide fair and balanced assessments based on relevant conditions without being influenced by personal or external interests. In carrying out their duties, Audit Committee Members must:
   i. Maintain impartiality and prioritize stakeholders' interests above personal interests;
   ii. Disclose all material facts that, if withheld, could obscure the accuracy of reports;
   iii. Declare any relationships that could affect their judgment and create conflicts of interest; and
   iv. Not accept anything that could compromise or influence professional judgment.
3. Competence
   Audit Committee members utilize their knowledge, skills, and experience to fulfill their duties, responsibilities, and authority. They must:
   i. Carry out the duties, responsibilities and authority given in accordance with the competencies possessed;
   ii. Maintain and improve knowledge and skills continuously.
4. Confidentiality
   Audit Committee members safeguard confidential Bank information and uphold professional secrecy in accordance with the Bank's policies and applicable regulations. In carrying out their duties, Audit Committee Members must:
   i. Exercise prudence in using and protecting information obtained in their role; and
   ii. Not use confidential information for personal or external interests unless legally or professionally required.

AUTHORITY OF THE AUDIT COMMITTEE

The BNI Audit Committee has the authorities to:
1. Accessing corporate documents, data, and information on employees, funds, assets, and resources, including all Bank activities;
2. Communicating directly with employees, including the Board of Directors, as well as internal audit, risk management, and external auditors regarding their responsibilities;
3. Engaging independent external parties as needed to support its tasks (if necessary); and
4. Exercising other authorities granted by the Board of Commissioners.

APPOINTMENT, DISMISSAL, AND TERM OF OFFICE OF AUDIT COMMITTEE MEMBERS

In accordance with POJK No. 17 of 2023 and the BNI Audit Committee Charter, the term of office of Audit Committee members appointed in the middle of a management period shall end concurrently with the term of office of the Board of Commissioners that appointed them, and shall not exceed the term of office of the said Board of Commissioners. Audit Committee members may be reappointed for one subsequent term. Meanwhile, Audit Committee members from independent parties may serve for a maximum period of 3 (three) years and may be extended once for an additional 2 (two) years, resulting in a maximum total term of 5 (five) years. These provisions do not reduce the authority of the Board of Commissioners to dismiss Audit Committee members at any time prior to the end of their term, if deemed necessary based on performance evaluations or other considerations.

In practice, if a member of the Board of Commissioners serving as Chairperson of the Audit Committee resigns before the end of their term as Commissioner, the position of Chairperson of the Audit Committee shall be assumed by another Independent Commissioner. Furthermore, the Chairperson and members of the Audit Committee are appointed and dismissed by the Board of Commissioners. Every appointment and dismissal of Audit Committee members must be reported to the GMS/the Head of the State-Owned Enterprises Supervisory Body and submitted to the Financial Services Authority (OJK) no later than 2 (two) working days after the appointment or dismissal decision is made. The President Commissioner is not permitted to concurrently serve as Chairperson of the Audit Committee, except under extraordinary circumstances, which must be accompanied by a written explanation in the Annual Report.

STRUCTURE, MEMBERSHIP, AND EXPERTISE OF THE AUDIT COMMITTEE

The composition of the BNI Audit Committee has been structured in accordance with applicable laws and regulations as well as the BNI Audit Committee Charter, thereby ensuring the fulfillment of the principles of independence, competence, and professionalism in the performance of its duties. The composition of the BNI Audit Committee is as follows:

1. The Audit Committee is established by and accountable to the Board of Commissioners;
2. Members of the Audit Committee are appointed and dismissed by the Board of Commissioners;
3. The Audit Committee shall consist of at least:
   a. 1 (one) Independent Commissioner serving concurrently as Chairperson;
   b. 1 (one) Independent Party with expertise in finance or accounting, who is assessed as meeting the following criteria:
      1) Possesses a competency certificate in the field of finance and/or accounting issued by recognized domestic or international institutions; and
      2) Has a minimum of 5 (five) years of working experience in the field of finance and/or accounting.
   c. 1 (one) Independent Party with expertise in law or banking, who is assessed as meeting the following criteria:
      1) Possesses a competency certificate in:
         a) The legal field, including but not limited to legal auditor, notary, and/or contract specialist; and/or
         b) The banking field, including but not limited to risk management as applicable to the Board of Commissioners, compliance, public accountant, accountant, general banking, wealth management, strategic planning, information technology, treasury, banking-related audit, corporate finance, payment systems and rupiah currency management, consumer protection, and capital market aspects, issued by recognized domestic or international institutions; and
      2) Has a minimum of 5 (five) years of working experience in the field of law and/or banking.
4. All members of the Audit Committee must be independent (Independent Commissioners and Independent Parties);
5. An Independent Party is a party outside the Bank who has no financial, management, ownership, and/or family relationship with members of the Board of Directors, members of the Board of Commissioners, and/or controlling shareholders, including ultimate shareholders (PSPT), or any relationship with the Bank that may affect the ability to act independently;
6. The Audit Committee is chaired by an Independent Commissioner who also serves as a member;
7. The Chairperson of the Audit Committee may concurrently serve as chairperson of no more than 1 (one) other committee;
8. The Board of Commissioners is required to conduct an evaluation of the committee's performance at least at the end of each financial year.

NUMBER, STRUCTURE, AND COMPOSITION OF AUDIT COMMITTEE MEMBERSHIP

As of December 31, 2025, the BNI Audit Committee consisted of 5 (five) members, comprising 3 (three) Independent Commissioners—one of whom served as the Chairperson of the Committee—and 2 (two) Independent Parties appointed pursuant to Board of Commissioners' Decrees No. KEP/010/DK/2025 dated September 2, 2025, No. KEP/034/DK/2025 dated December 18, 2025, and No. KEP/036/DK/2025 dated December 18, 2025. This membership structure reflects the implementation of the principles of independence and competence as stipulated in the Bank's GCG provisions. With such composition, the BNI Audit Committee is able to perform its oversight functions and provide recommendations to the Board of Commissioners in an objective, professional, and independent manner, free from the influence of any vested interests. [ACGS D.2.19, D.2.20]

The number, structure, composition, and independence of all Audit Committee members have been ensured to comply with the provisions set forth in the Audit Committee Charter. The following is the composition of the BNI Audit Committee throughout 2025:

Period January 1, 2025 – March 26, 2025

Name	Position	Term of Office	Period	Position at the Bank [ACGS D.2.20]
Asmawi Syam*)	Chairman	July 20, 2020 - March 26, 2025	First	Independent Commissioner
Sigit Widyawan	Member	September 8, 2020 - March 26, 2025	Second	Independent Commissioner
Iman Sugema*)	Member	September 8, 2020 - February 20, 2025	First	Independent Commissioner

Name	Position	Term of Office	Period	Position at the Bank [ACGS D.2.20]
Human Brillianto	Independent Member	January 25, 2021 – September 30, 2025	Second	-
Suhendi Muharam	Independent Member	July 5, 2021 – December 18, 2025	Second	-

*) Effectively serving as a member of the Board of Commissioners until February 20, 2025, in connection with the expiration of the term of office as a member of the Board, which has been 5 (years) since the date of appointment.

In order to comply with the provisions of Financial Services Authority Regulation (POJK) No. 55/POJK.04/2015 dated December 29, 2015 concerning the Establishment and Implementation Guidelines of the Audit Committee, BNI has made adjustments to the composition of the Audit Committee. The changes were stipulated through BNI Board of Commissioners Decree No. KEP/010/DK/2025 dated September 2, 2025 concerning the Appointment of the Board of Commissioners as Members of the Audit Committee, with the following membership composition:

Period March 26, 2025 – December 18, 2025

Name	Position	Term of Office	Period	Position at the Bank [ACGS D.2.20]
Didik Junaedi Rachbini	Chairman	September 2, 2025 - present	First	Independent Commissioner
Omar Sjawaldy Anwar	Member	September 2, 2025 - present	First	President Commissioner/ Independent Commissioner
Vera Febyanthy	Member	September 2, 2025 - present	First	Independent Commissioner
Human Brillianto	Independent Member	January 25, 2021 – September 30, 2025	Second	-
Suhendi Muharam	Independent Member	July 5, 2021 – December 18, 2025	Second	-

In order to comply with the Regulation of the Minister of State-Owned Enterprises Number PER-3/MBU/03/2023 concerning State-Owned Enterprises' Organs and Human Resources, BNI has made adjustments to the composition of the Audit Committee as stipulated in BNI Board of Commissioners Decree No. KEP/034/DK/2025 and KEP/036/DK/2025 dated December 18, 2025, concerning the Appointment of Independent Members of the Audit Committee, as follows:

Period December 18, 2025 – December 31, 2025

Name	Position	Term of Office	Period	Position at the Bank [ACGS D.2.20]
Didik Junaedi Rachbini	Chairman	September 2, 2025 - present	First	Independent Commissioner
Omar Sjawaldy Anwar	Member	September 2, 2025 - present	First	President Commissioner/ Independent Commissioner
Vera Febyanthy	Member	September 2, 2025 - present	First	Independent Commissioner
Alih Suasono	Independent Member	December 18, 2025–present	First	Independent Party
Jhon Fernando Tamba	Independent Member	December 18, 2025–present	First	Independent Party

The composition of the Audit Committee membership as listed in the table above shows that all individuals appointed as Chair and members are independent parties, either as Independent Commissioners or external professionals who have no interest relationship with the Bank. In compliance with the provisions of POJK No. 55/POJK.04/2015 dated December 23, 2015 concerning the Establishment and Guidelines for the Implementation of the Audit Committee, BNI has submitted information regarding the appointment and/or dismissal of Audit Committee members to the OJK within a maximum period of 2 (two) working days from the date the decision was made, and has published this information on the Indonesia Stock Exchange website and the Bank's official website. [ACGS D.2.19, D.2.20]

AUDIT COMMITTEE PROFILE

More detailed information regarding the profiles of the Audit Committee members as members of the Bank's Board of Commissioners can be found in the Company Profile chapter, sub-chapter Board of Commissioners Profile, in this Annual Report. QUALIFICATIONS, EDUCATION, AND WORK EXPERIENCE OF THE AUDIT COMMITTEE

The membership requirements for BNI's Audit Committee include the following:

1. Must possess high integrity, good character and morals, competence, knowledge, and experience relevant to their field of work, as well as strong communication skills.
2. Must not be an individual who has worked for or held authority and responsibility in planning, leading, controlling, or supervising the Company's activities within the past six (6) months, except for Independent Commissioners.
3. Must not be affiliated with a Public Accounting Firm, Law Firm, Public Appraisal Service Office, or any other party providing assurance services, non-assurance services, appraisal services, and/or other consulting services to the Company within the past six (6) months.
4. Must have a thorough understanding of financial statements, the Company's business—particularly in relation to its services or business activities—audit processes, risk management, and capital market regulations, as well as other relevant laws and regulations.
5. Must comply with the Audit Committee Code of Ethics established by the Company.
6. Must be willing to continuously enhance their competencies through education and training.
7. Must not hold direct or indirect shares in the Company.
8. In the event that an Audit Committee member acquires shares in the Company, whether directly or indirectly, due to a legal event, such shares must be transferred to another party within no more than six (6) months from the date of acquisition.
9. Must not have any affiliation with members of the Board of Commissioners, members of the Board of Directors, or the Company's Major Shareholders.
10. Must not have any direct or indirect business relationships related to the Company's business activities.
11. The committee must sign an integrity pact, which is a statement and commitment to comply with all laws and regulations and the principles of good corporate governance.

QUALIFICATIONS, EDUCATION AND FIELDS OF EXPERTISE OF THE AUDIT COMMITTEE

The expertise of the Audit Committee, particularly those from independent parties, must be demonstrated by holding at least one competency certification that supports the committee's functions and responsibilities. These may include certifications in risk management, public accounting, accountancy, and auditing. In accordance with these requirements, the Bank ensures that the Chairman and all serving members of the Audit Committee meet the educational and professional experience qualifications outlined in the table below:

STATEMENT OF INDEPENDENCE OF THE AUDIT COMMITTEE

BNI guarantees that all members of the Audit Committee are independent parties, with no financial, management, share ownership, and/or family relationships with members of the Board of Commissioners, Board of Directors, and/or Controlling Shareholders. Furthermore, there are no connections with the Bank that could affect independence and objectivity in the performance of duties, so that the monitoring and evaluation process can be carried out free from conflicts of interest.

All members of the Audit Committee have also signed a statement of independence as a form of commitment that every decision, review result, and recommendation submitted is always based on professional and objective considerations, to support the best interests of the Bank and the implementation of GCG. Furthermore, the composition of the BNI Audit Committee is in accordance with the provisions of OJK Regulation No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks, while the policies and criteria for independence are regulated in detail in the BNI Audit Committee Code of Ethics.

Table of Audit Committee Independency

Vera Febyanthy	Member and Independent Commissioner	None	None	None
Alih Suasono	Independent Member	None	None	None
Jhon Fernando Tamba	Independent Member	None	None	None

AUDIT COMMITTEE MEETINGS

Meeting Implementation Policy [ACGS D.2.23]

As stipulated in the Audit Committee Charter, BNI Audit Committee Meetings are held in accordance with established policies and procedures, as follows:

1. The Audit Committee must hold meetings at least once a month.
2. An Audit Committee meeting is considered valid if attended by the majority of committee members.
3. Decisions in committee meetings are made based on deliberation and consensus. If consensus is not reached, decisions are made by a majority vote.
4. Meetings are chaired by the Chairman of the Audit Committee or by an Audit Committee member who is an Independent Commissioner if the Chairman is unable to attend.;
5. Every Audit Committee meeting must be documented in minutes of the meeting, signed by all attending members. Any dissenting opinions must be explicitly recorded along with the reasoning behind the disagreement.
6. Meetings may be conducted physically or via video conference or other media that allow all participants to see and hear each other directly and actively participate in the meeting.
7. The attendance of committee members in meetings is reported in the quarterly and annual reports of the Committee.

Meeting Frequency and Attendance of Committee Members [ACGS D.2.23]

Throughout 2025, the BNI Audit Committee held 20 (twenty) meetings. During the period from March 26, 2025 to September 2, 2025, there were no effective members of the Audit Committee on the Board of Commissioners because they were still undergoing the OJK Fit & Proper Test. However, during that period, the Audit Committee held eight (8) internal consolidation and discussion sessions with the relevant directors to provide orientation and in-depth information on BNI's condition in preparation for the Audit Committee to carry out its duties and functions. The frequency of these meetings was in accordance with the provisions set forth in the Audit Committee Charter. All of these meetings were held to ensure the effectiveness of the supervisory and coordination functions, particularly in discussing strategic issues and important findings that require immediate follow-up by the Board of Commissioners.

The following is the attendance data of BNI Audit Committee members in Audit Committee meetings during 2025, which reflects the level of participation and commitment of members in carrying out their supervisory duties and responsibilities effectively and consistently:

Name	Position	Number of Meetings [ACGS D.2.23]	Attended [ACGS D.2.23]	Percentage [ACGS D.2.23]
Asmawi Syam[1)]	Chairman	5	5	100%
Iman Sugema[1)]	Member	5	5	100%
Sigit Widyawan[2)]	Member	7	7	100%
Didik Junaedi Rachbini[3)]	Chairman	5	5	100%
Omar Sjawaldy Anwar[3)]	Member	5	4	80%
Vera Febyanthy[3)]	Member	5	5	100%
Human Brillianto[4)]	Independent Member	8	8	100%
Suhendi Muharam[5)]	Independent Member	12	12	100%
Alih Suasono[6)]	Independent Member	-	-	-
Jhon Fernando Tamba[6)]	Independent Member	-	-	-

[1)] Effectively serving as Chairperson/Member of the Audit Committee until February 20, 2025, in connection with the expiration of the Board's term of office 5 (years) from the date of appointment
[2)] Effectively serving as a Member of the Audit Committee until March 26, 2025
[3)] Effectively serving as Chair/Member of the Audit Committee since September 2, 2025
[4)] Effectively serving as a Member of the Audit Committee until September 30, 2025
[5)] Effective as a Member of the Audit Committee until December 18, 2025
[6)] Effective as a Member of the Audit Committee since December 18, 2025

Meeting Agenda [ACGS D.2.23]

In 2025, the Audit Committee held 12 (twelve) meetings and 8 (eight) internal consolidations and discussions with relevant directors (during the period from March 26, 2025 to September 2, 2025) with the following agenda:

No.	Meeting Dates	Meeting Agenda	Audit Committee Member	Invited

No.	Meeting Dates	Meeting Agenda	Audit Committee Member	Invited
20.	December 18, 2025	Progress Meeting on the Audit of BNI's Consolidated Financial Statements and Other Reports for the Fiscal Year Ending on December 31, 2025 by KAP Rintis, Jumadi, Rianto, and Partners (KAP RJRR)	• Didik Junaedi Rachbini[3)] • Omar Sjawaldy Anwar[3)] • Vera Febyanthy[3)] • Suhendi Muharam[5)] • Alih Suasono[6)] • Jhon Fernando Tamba[6)]	• Finance & Strategy Director • KAP Rintis, Jumadi, Rianto, and Partners (KAP RJRR/PwC Global Network Firm) • Relevant Division

Internal consolidation and discussions conducted during this period did not involve any members of the Audit Committee (neither the Chair nor the Audit Committee Members) of the Board of Commissioners, as they were still undergoing the OJK Fit & Proper Test.

1) Effective as Chair/Member of the Audit Committee until February 20, 2025, in connection with the expiration of the Board's term of office of 5 (years) from the date of appointment
2) Effective as Member of the Audit Committee until March 26, 2025
3) Effectively serving as Chairman/Member of the Audit Committee since September 2, 2025
4) Effectively serving as Member of the Audit Committee until September 30, 2025
5) Effective as a Member of the Audit Committee until December 18, 2025
6) Effective as a Member of the Audit Committee since December 18, 2025

AUDIT COMMITTEE REPORTING

The Audit Committee shall periodically prepare and submit reports to the Board of Commissioners at least once every three (3) months, which shall include, among other things, the results of the performance of its duties, evaluations, and recommendations on issues that require the attention of the Board of Commissioners. In addition, the Audit Committee shall be required to report to the Board of Commissioners on every assignment given.

AUDIT COMMITTEE MEMBER COMPETENCY IMPROVEMENT PROGRAM IN 2025

Throughout 2025, all members of the Audit Committee participated in various education and training programs aimed at updating their knowledge, improving their competencies, and strengthening their understanding of, among other things, the latest developments in governance, risk management, auditing, and compliance. The details of the training activities attended by each member of the Audit Committee are as follows:

Types of Training and Competency Development Materials/Training	Implementation Date	Organizer

Jhon Fernando Tamba – Member of the Audit Committee (Independent Party)		
Audit Committee Onboarding	December 18, 2025	BNI Corporate Secretary

AUDIT COMMITTEE KPI ACHIEVEMENTS IN 2025

The Audit Committee's performance is assessed based on Key Performance Indicators (KPIs) that have been agreed upon at the beginning of the year as a benchmark for performance achievement. In 2025, the Audit Committee successfully achieved 166.67% of its KPI targets. This achievement reflects the success of the Audit Committee in carrying out its duties and responsibilities, including assisting the Board of Commissioners in performing its internal control functions, improving the transparency of financial reporting, and ensuring compliance with applicable accounting standards. This success is not only measured by the number of audit findings, but also through qualitative indicators that reflect the effectiveness of supervision, the accuracy of recommendations, and the tangible contribution to improving GCG principles.

WORK PROGRAM AND IMPLEMENTATION OF AUDIT COMMITTEE DUTIES IN 2025

The BNI Audit Committee has developed an annual work program that serves as a strategic guide in carrying out its supervisory functions and providing recommendations to the Board of Commissioners. This work program was developed taking into account the Bank's policy direction, regulatory developments, and the dynamics of risks faced by the banking industry. During 2025, the Audit Committee carried out various monitoring and evaluation activities on the effectiveness of internal controls, the quality of financial reporting, and the level of compliance with applicable regulations. Each evaluation result and recommendation were systematically communicated to the Board of Commissioners to support the strengthening of governance and improvement of organizational performance.

In 2025, the Audit Committee held 20 (twenty) meetings and/or internal discussions, and 38 (thirty-eight) evaluations/studies/reviews. Furthermore, the description of the BNI Audit Committee's task implementation report for the current year is presented as follows:

1. Reviewing financial information to be disclosed by the Company to the public and/or regulatory authorities.
2. Reviewing the Company's monthly performance reports.
3. Reviewing compliance with laws and regulations related to the Company's business activities.
4. Providing recommendations to the Board of Commissioners regarding the appointment of a Public Accountant (AP) and a Public Accounting Firm (KAP) for auditing the Consolidated Financial Statements and other reports for the 2025 financial year.
5. Evaluating the audit services performed by the appointed KAP for the Consolidated Financial Statements and other reports for the 2024 financial year, including assessing the independence and objectivity of the KAP, for submission to the Financial Services Authority (OJK) and the Ministry of State-Owned Enterprises (BUMN).
6. Implementation of tasks related to the Bank Business Plan (RBB)/Company Budget Work Plan (RKAP) and Sustainable Financial Action Plan, including review of BNI's RBB/RKAP for 2026, the 2026-2030 Company Long-Term Plan (RJPP), and the 2026 Sustainable Financial Action Plan (RAKB).
7. Reviewing the audit findings from both internal and external auditors and overseeing the followup actions by the Board of Directors, covering:
   a. Reviewing the audit results conducted by OJK, BPK, KAP, BI, BPKP, and other regulators, as well as monitoring the follow-up actions taken based on these audit findings.
   b. Monitoring, advising, and overseeing the preparation of key audit findings reports for submission to OJK.
   c. Reviewing the planning and execution of compliance functions through assessments conducted by the Compliance Division, as well as overseeing follow-up actions based on these reviews.
   d. Monitoring the progress of employee case resolutions and follow-up actions related to fraud cases.
8. Carrying out assignments related to the Company's Internal Audit function, with the results forming the basis of the Audit Committee's recommendations to the Board of Commissioners for their approval or consideration, including:
   a. Reviewing proposals from the Board of Directors regarding the dismissal and appointment of the Internal Audit Head.
   b. Assessing the planning and execution of Internal Audit's 2025 audit and consultation functions.
   c. Reviewing proposed updates to BNI's Internal Audit Charter.
   d. Reviewing the proposal for appointing an external consultant to conduct an independent review of the Internal Audit function in 2025.
9. Evaluating BNI's Internal Control System, including.
   a. Assessing the implementation of the Whistleblowing System (WBS).
   b. Evaluating the implementation of the AntiFraud Strategy Program.
10. Conducting assignments related to the implementation of Internal Control Over Financial Reporting (ICOFR).
11. Implementation of tasks related to BNI's Financial Institution Pension Fund (DPLK), namely:
    a. Conducting a review of the realization of BNI's DPLK Business Plan for the second semester of 2024.
    b. Reviewing updates to BNI's Anti-Money Laundering, Counter-Terrorism Financing, and Counter-Proliferation Financing (AML, CTF, and CPF) policies.
12. Implementation of tasks related to BNI Financial Institution Pension Fund (DPLK), namely:
    a. Reviewing the realization of BNI DPLK business as a recommendation for the Board of Commissioners in submitting a Supervisory Report on the realization of BNI DPLK business to the Financial Services Authority for Non-Bank Financial Industry (OJK IKNB);

b. Reviewing the implementation of BNI DPLK governance;
c. Reviewing updates to BNI DPLK's Anti-Money Laundering, Counter-Terrorism Financing, and Counter-Proliferation Financing (AML, CTF, and CPF) policies;

13. Conducting Audit Committee Working Visits to BNI Regional Offices and BNI Overseas Branches in order to evaluate, among other things:
    a. Operational management
    b. Performance
    c. Implementation of established business strategies
    d. Risk management and compliance with local banking regulations and internal Bank policies
    e. Market conditions and business development opportunities in the covered areas.
14. Conducting Audit Committee Working Visits in the context of Commercial Banking Segment Credit Evaluation to BNI Regional Offices and Commercial Business Centers (CMCs).
15. Reviewing reports/proposals/letters from Management and/or letters from Regulators as directed by the Board of Commissioners, including:
    a. BNI's Anti-Money Laundering, Counter-Terrorism Financing, and Counter-Proliferation Financing (AML, CTF, CPF) reports;
    b. Proposals for Credit Write-Off Plans;
    c. Audit Reports;
    d. Reports and/or Letters from Regulators and/or External Auditors (OJK, BPK, KAP, KBUMN).

In carrying out its duties and responsibilities, the BNI Audit Committee also continuously builds effective working relationships with various stakeholders, both internal and external, to ensure comprehensive and objective oversight functions. These working relationships include coordination with the Internal Audit Unit (SKAI/IAD), Management, Public Accountants and/or Public Accounting Firms (KAP), as well as supervisory authorities such as the Financial Services Authority (OJK), Bank Indonesia (BI), and other relevant authorities, including the Financial Institution Pension Fund (DPLK).

Synergy with these parties is carried out in order to ensure the effectiveness of internal controls, the accuracy of financial reporting, and compliance with applicable regulations. The following is the realization of the implementation of the BNI Audit Committee's tasks in 2025 regarding working relationships with each of the interested parties:

Implementation of the Audit Committee's Working Relationship with Internal Audit (IAD)

		8) Discussion of Audit Committee Review Results	June 23, 2025
		9) Discussion of Audit Committee Review Results	August 5, 2025

As a follow-up to the suggestions and recommendations made in various meetings during 2025, the Audit Committee also held in-depth discussions with relevant parties on a number of strategic and operational aspects that require special attention. These discussions covered key issues related to the quality of financial reporting, the effectiveness of internal controls, the results of external and internal audits, and the level of compliance with applicable regulations.

The main points of discussion between the Audit Committee and relevant parties during 2025 are as follows:

1. Management
   The Audit Committee reviews audited and unaudited financial statements published in 2025 to ensure that the content and disclosure of information are in accordance with accounting standards and applicable statutory provisions. Evaluation of the effectiveness of audit implementation by external auditors, independence, objectivity, and the adequacy of the scope of the audit is also carried out by the Audit Committee through discussions with Management. The Audit Committee also discusses and monitors the follow-up to the completion of audit findings, both internal audits and external audits, monitors the follow-up to the resolution of cases that occur in order to encourage accelerated resolution, and takes necessary administrative sanctions. In addition, the Audit Committee reviews and provides recommendations to the Board of Commissioners on proposals from Management that require approval or consultation with the Board of Commissioners.

2. External Auditor
   a. Public Accounting Firm (KAP) Implementing Audit Services for BNI Consolidated Financial Statements and Other Reports for Financial Year 2025
      With regard to the series of audit processes for the BNI Consolidated Financial Statement and Other Reports for the 2025 Financial Year by the Public Accounting Firm (KAP), the Audit Committee conveyed its concerns, suggestions and advice through holding a joint Committee Meeting with the Board of Directors and KAP, with discussions regarding the audit plan (including sampling, scope, model/methodology, use of Technology and AI, as well as the composition of the audit team) in the Audit Kick Off Meeting Agenda for the Audit of the BNI Consolidated Financial Statement and Other Reports for the 2025 Financial Year; Monitoring Progress on the implementation of the KAP Audit including findings that require further adjustments and/or confirmation; and Audit Clearance Meeting, presentation of all KAP audit results after the 2025 Financial Statement audit process has been completed.

   b. Implementing Consultant for the Review of BNI's Internal Audit Function in 2025
      The Audit Committee carries out its duties in evaluating BNI's Internal Audit Function, namely attending interview invitations from Independent Consultants, which is a series of review processes to obtain views from the Audit Committee regarding conditions that need to be improved in BNI's Internal Audit Function. Apart from that, holding a meeting with the Consultant Implementing the Review of BNI's Internal Audit Function to discuss the results of the Independent Consultant's review of BNI's Internal Audit Function in accordance with applicable laws and regulations and best practice. The Audit Committee provides constructive suggestions and advice to improve the effectiveness of BNI's Internal Audit Function, which is also in line with the results of the Independent Consultant's review.

   c. Implementing Consultant for Diagnostic Internal Control Over Financial Reporting (ICoFR) in 2025
      In order to comply with applicable laws and regulations and follow up on Shareholder Aspirations, BNI, which is included in Systemic A SOE, is required to carry out an Internal Control Over Financial Reporting (ICoFR) Diagnostic carried out together with an Independent Consultant, which aims to improve the quality of internal control over financial reporting.

      The role of the Audit Committee in implementing the ICOFR Diagnostics includes participating in a series of processes carried out by the Independent Consultant, namely attending interview invitations to convey the duties and functions of the Audit Committee

that have been carried out, especially in terms of reviewing the integrity of financial statements. Apart from that, the Audit Committee also reviews the results of the ICoFR Diagnostics and the proposed ICoFR Guidelines, which then become the Audit Committee's Recommendations to the Board of Commissioners, which are submitted at the Board of Commissioners Meeting forum.

d. Others
In addition, the Audit Committee is also active in attending Audit Exit Meeting invitations from the Financial Services Authority and the Financial Audit Agency.

e. Monitoring
In order to carry out the monitoring function of audit results by Regulators and external auditors (OJK, BPK, BI, KAP, etc.), the Audit Committee has carried out an evaluation of the follow-up actions carried out by Management. Review and evaluation of the results of the Regulator and external auditors for the period up to the end of 2025 are as follows:
1) Progress in completing the Bank Indonesia (BI) audit results is 100%;
2) Progress in completing the Financial Services Authority (OJK) audit results is 100%;
3) Progress in completing the Supreme Audit Agency (BPK) audit results is 70.25%, with 166 recommendations pending out of a total of 558 recommendations;
4) Progress in completing the Management Letter from KAP Rintis, Jumadi, Rianto dan Rekan (a member firm of PricewaterhouseCoopers) is 100%.
5) Progress in completing the audit results of the Financial and Development Supervisory Agency (BPKP) is 100%.

In order to comply with applicable laws and regulations, both POJK and Minister of SOE Regulations, the Audit Committee has prepared a Report on the Results of the Audit Committee's Evaluation of the Implementation of Audit Services for Annual Historical Financial Information for the 2024 Financial Year period by KAP Tanudiredja, Wibisana, Rintis, and Partner (a member firm of the PricewaterhouseCoopers network), which was submitted to the Ministry of SOE in April 2025 and to the OJK in June 2025.

3. Internal Audit
The Audit Committee reviews the annual internal audit plan, monitors the implementation and audit results from BNI Internal Audit (IAD), and follows up to its completion by Management. The Audit Committee also holds discussions with Internal Audit in an effort to encourage effectiveness and strengthen the Internal Audit function.

Based on the 2025 Internal Audit Annual Work Plan and Budget (RKAT), the realization of the planned activities carried out by Internal Audit is as follows:

No.	Activity	Plan	Realization
1.	Delivery Channel Audit including KLN	30	31
2.	Mandatory Audit	14	14
3.	Division Audit	1	1
4.	Subsidiaries Audit	3	3
5.	Non-IT/Thematic Audit	34	46
6.	IT/Application/Project Activity Audit	25	29
7.	Advisory	16	23
8.	Surprise Audit	2	2
	Total	125	149

The realization of Internal Audit activities reached 119.20% of the planned target based on the 2025 Annual Work and Budget Plan (RKAT).

Internal Audit conducted a total of 9 investigative audits (4 assignments were for credit examinations, 5 assignments were for non-credit examinations).

Follow-Up on Internal Audits until the End of 2025

	December 31, 2025	December 31, 2024	December 31, 2023
Total Due	2,237	5,003	6,833
Completed	2,211	4,998	6,830
Progress	**99.83%**	**99.88%**	**92.16%**

Whistleblowing System (WBS) Report

Number of Reports by Reporting Channel	2025	2024
WBS Channel	356	289
Outside WBS Channel	3	7
Total Reports	**359**	**296**

Follow-up Results	2025	2024
Proven	99*)	65
Unproven	142	230
Still under investigation	118	1

* Of the 99 proven reports, the criteria for included customer complaints (52 reports), confidential employee complaints (35 reports), violations of the code of ethics/ unethical behavior (5 reports), violations of regulations/laws (5 reports), and fraud (2 reports).

4. Compliance Director
   Based on the Audit Committee's review of the Compliance Report on adherence to banking regulations and other relevant laws and regulations, the following conclusions were conveyed:
   a. Throughout 2025, the Company regularly submitted reports to the Financial Services Authority (OJK) in accordance with OJK Regulation No. 46/POJK.03/2017 concerning the Implementation of the Compliance Function for Commercial Banks. In addition, the Audit Committee conducted reviews and discussions on the Compliance Division's work plan, the progress of employee case handling, and the implementation of the Anti-Fraud Strategy Program.
   b. Discussions on the Compliance Division's work plan were conducted to enhance the effectiveness of synergy among the Compliance Division, the Anti-Fraud function, and Internal Audit in carrying out supervisory functions, particularly in ensuring the Company's compliance with applicable regulations.
   c. Based on the examination and evaluation of the employee case resolution process in 2025, a total of 106 cases were recorded, consisting of 86 cases that had been resolved and 20 cases that were still in the process of resolution. For cases that had been resolved, employees proven to have committed violations and/or fraud were subject to administrative sanctions, including: termination of employment for 38 employees; demotion for 11 employees; severe written warnings for 20 employees; written warnings for 57 employees; and coaching letters for 71 employees.
   d. The implementation of the Anti-Fraud Strategy for the second semester of 2025 was reported to OJK in January 2026, while the implementation of the Anti-Fraud Strategy for the first semester of 2025 was reported to OJK in July 2025. In 2025, there were 42 internal fraud incidents (one of which constituted significant fraud and was reported to OJK on an incidental basis), while the number of external fraud incidents amounted to 15 cases.
5. Board of Commissioners
   The Audit Committee's duties, responsibilities, and recommendations are periodically reported to the Board of Commissioners, with key highlights including:
   a) The review of the proposed appointment of KAP for 2025 and the Audit Committee has provided recommendations to the Board of Commissioners to appoint the Public Accounting Firm KAP Rintis, Jumadi, Rianto & Partners (a member firm of the PricewaterhouseCoopers network) to audit the Consolidated Financial Statements and Other Reports ending December 31, 2025, and to evaluate the effectiveness of the implementation of Public Accounting Firm Audit Services in 2024 (including aspects of independence and objectivity);
   b) Reviewing the Bank's published financial statements;
   c) Assessing the effectiveness of the Internal Audit function concerning the realization of RKAT, audit findings and recommendations, compliance with Internal Control, risk management processes, and corporate governance (GCG) implementation;
   d) Evaluating the effectiveness of follow-ups on Internal and External Auditor findings and recommendations;

e) Reviewing the company's monthly performance reports, proposed revisions to the 2025 RBB/RKAP, and proposed RBB/RKAP for 2025–2028 and RAKB for 2026 submitted by Management;
f) Reviewing and providing input on the proposal for credit write-offs within a range of IDR 100 billion to IDR 200 billion;
g) Examining management proposals requiring approval from the Board of Commissioners; and
h) Formulating key recommendations and advice from the Audit Committee meetings and recommending that the Board of Commissioners communicate these recommendations to Management for followup actions.

AUDIT COMMITTEE STATEMENT ON THE ADEQUACY OF INTERNAL CONTROL AND RISK MANAGEMENT SYSTEMS

The Audit Committee assesses that the internal control and risk management systems implemented within BNI's internal environment are effective, adequate, and capable of managing risks and business opportunities to support the Bank's business objectives without compromising financial performance, compliance, or reputation. The Bank's internal control and risk management systems provide tools to anticipate and manage risks by considering changes in risk profiles due to shifts in business strategy, external factors, and regulatory requirements. This is reflected in the effectiveness of internal control and risk management functions, including internal audit, compliance, financial, and operational controls.

AUDIT COMMITTEE WORK PLAN FOR 2026

The Audit Committee has prepared and established a work plan for the upcoming year 2026, which will be carried out in the form of committee meetings, reviews, and reports to the Board of Commissioners, with the following strategic priorities:

1. Reviewing financial information to be disclosed to the public and/or regulatory authorities (Quarterly);
2. Reviewing financial information (Monthly);
3. Reviewing the procurement of KAP and recommending the appointment of a KAP for the 2026 financial year audit to the Board of Commissioners;
4. Evaluating the general audit services provided by KAP for the 2025 Consolidated Financial Statements and other reports; Reviewing internal and external audit examinations and overseeing management's follow-up actions on audit findings;
5. Reviewing and recommending the Annual Audit and Consultation Plan to the Board of Commissioners;
6. Review of the implementation of Good Corporate Governance (GCG) in the Company;
7. Assessing compliance with laws and regulations related to the company's activities;
8. Reviewing the implementation of the Compliance Division's review and monitoring the follow-up on the review results;
9. Evaluating the implementation of the Anti-Fraud Strategy program;
10. Recommending a rating agency appointment to evaluate the company's financial health;
11. Reviewing the Company Work Plan and Budget (RKAP)/Bank Business Plan (RBB) and any changes thereto (if any);
12. Reviewing and updating the Audit Committee Charter;
13. Reviewing and updating corporate policies requiring Board of Commissioners' approval;
14. Participating in education and training programs; and
15. Following up on directives from the Board of Commissioners regarding reports/letters submitted to them.

AUDIT COMMITTEE MEMBER REMUNERATION [ACGS C.3.4]

The remuneration policy for committee members from the Board of Commissioners is integrated with their honorarium, with no special remuneration allocated for each committee member. Meanwhile, the remuneration for independent (non Commissioner) committee members is determined by the Board of Commissioners, with a maximum limit of 20% of the President Director's salary and no additional income beyond this honorarium. This policy aligns with the provisions of Minister of SOEs Regulation No. PER-3/MBU/03/2023 dated March 20, 2023, regarding the Organization and Human Resources of State-Owned Enterprises.

NOMINATION AND REMUNERATION COMMITTEE
[ACGS D.2.8, D.2.13]

The establishment of the Remuneration and Nomination Committee at BNI aims to strengthen the supervisory function of the Board of Commissioners in ensuring that the nomination process and the determination of remuneration for strategic management positions are carried out objectively, efficiently, and effectively. In line with GCG principles, OJK regulates the establishment of this committee to ensure compliance with the principles of transparency, accountability, responsibility, independence, and fairness, particularly in providing recommendations related to the nomination and remuneration processes for members of the Board of Commissioners, the Board of Directors, committee members at the Board of Com-missioners level, as well as all employees of the Bank.

In line with its strategic role in ensuring that the nomination and remuneration determination processes are conducted objectively, efficiently, and effectively, the Nomination and Remuneration Committee is also responsible for conducting a comprehensive review and evaluation of the Bank's talent management systems and policies. It includes re-viewing career development mechanisms, leadership development programs, and the organizational structure, as well as evaluating organizational development proposals submitted by the Board of Directors, to en-sure alignment with the Bank's long-term business strategy, GCG principles, and future competency requirements.

LEGAL BASIS FORTHE ESTABLISHMENT OF THE NOMINATION AND REMUNERATION COMMITTEE

The establishment of the Nomination and Remuneration Committee refers to the following regulations:
1. Financial Services Authority Regulation No. 17 of 2023, dated September 14, 2023, on Governance Implementation for Commercial Banks;
2. Financial Services Authority Regulation No. 34/POJK.04/2014, dated December 8, 2014, on the Nomination and Remuneration Committee for Issuers or Public Companies;
3. Minister of State-Owned Enterprises Regulation No. PER-3/MBU/03/2023, dated March 20, 2023, on the Organs and Human Resources of State-Owned Enterprises;
4. Minister of State-Owned Enterprises Regulation No. PER-2/MBU/03/2023, dated March 3, 2023, on Governance Guidelines and Significant Corporate Activities of State-Owned Enterprises; and
5. Board of Commissioners Decree No. Kep/01/DK/2002, dated December 2, 2002, on the Establishment of the Nomination and Remuneration Committee.

THE NOMINATION AND REMUNERATION COMMITTEE CHARTER [ACGS D.2.11, D.2.16]

BNI Nomination and Remuneration Committee carries out its duties and responsibilities based on its Charter, which has been aligned with Financial Services Authority Regulation No. 34/POJK.04/2014 on the Nomination and Remuneration Committee of Issuers or Public Companies and with good corporate governance practices.The BNI Nomination and Remuneration Committee Charter was enacted through the Board of Commissioners Decree of PT Bank Negara Indonesia (Persero) Tbk. No. KEP/024/DK/2025 dated September 19, 2025, concerning the Nomination and Remuneration Committee Charter.

The Nomination and Remuneration Committee Charter serves as a written and binding working guideline for each Committee member to ensure that all nomination and remuneration processes within the Bank are conducted in a transparent, objective, and structured manner. The role of the Nomination and Remuneration Committee is not limited to nomination and remuneration determination since it also covers the responsibility to review and evaluate the Bank's talent management systems and policies, including the evaluation of organizational development proposals submitted by the Board of Directors. This aims to ensure alignment between human capital management policies and the Bank's long-term business strategy as well as GCG principles.

The BNI Nomination and Remuneration Committee Charter regulates several matters, including:
1. Legal foundation;
2. Organizational structure and membership of the Nomination and Remuneration Committee;
3. Membership requirements for the Nomination and Remuneration Committee;
4. Responsibilities of the Nomination and Remuneration Committee;
5. Duties of the Nomination and Remuneration Committee;
6. Authority, rights, and obligations of the Nomination and Remuneration Committee;
7. Meetings of the Nomination and Remuneration Committee; and
8. Term of office for members of the Nomination and Remuneration Committee.

Taking into account business developments, the complexity of business activities, and regulatory

changes, the BNI Nomination and Remuneration Committee Charter is evaluated and updated periodically to ensure that it remains relevant and in line with current governance requirements. The latest update was implemented on September 19, 2025, and has been published on BNI's official website https://www.bni.co.id/Portals/1/BNI/Perusahaan/Docs/KNR-Piagam-Komite-Nominasi-Remunerasi-Tahun-2025.pdf). This step was taken as a form of the Bank's commitment to transparency and openness of information to all stakeholders.

DUTIES AND RESPONSIBILITIES OF THE NOMINATION AND REMUNERATION COMMITTEE

The duties and responsibilities of the Nomination and Remuneration Committee as stipulated in the Nomination and Remuneration Committee Charter are as follows:

1. Related to the nomination function:
   a. Provide recommendations to the Board of Commissioners regarding:
      1) Composition of positions of members of the Board of Directors and/or members of the Board of Commissioners;
      2) Policies and criteria required in the Nomination process; and
      3) Performance evaluation policies for members of the Board of Directors and/or members of the Board of Commissioners.
   b. Assist the Board of Commissioners in assessing the performance of members of the Board of Directors and/or members of the Board of Commissioners based on benchmarks that have been prepared as evaluation materials;
   c. Provide recommendations to the Board of Commissioners regarding the program for developing the capabilities of members of the Board of Directors and/or members of the Board of Commissioners;
   d. Conduct evaluations of candidates for BUMN representatives who will be proposed as members of the Board of Directors or members of the Board of Commissioners of Subsidiaries, before being submitted to the GMS/Minister;
   e. Prepare and provide recommendations to the Board of Commissioners regarding the system and procedures for selecting and/or replacing members of the Board of Commissioners and the Board of Directors to the Board of Commissioners to be submitted to the General Meeting of Shareholders;
   f. Prepare and provide recommendations to the Board of Commissioners regarding the management process and implementation of talent development for the needs of BUMN executives (Board of Directors and BOD-1).
   g. Provide recommendations to the Board of Commissioners regarding Independent Parties who will become members of the Audit Committee and Risk Monitoring Committee.
2. Regarding the Remuneration function:
   a. Conducting evaluations of the remuneration system/policy based on performance, risk, fairness with peer groups, targets, and longterm strategies of the Bank, fulfillment of reserves as stipulated in laws and regulations and the Bank's potential income in the future.
   b. Preparing and providing recommendations to the Board of Commissioners regarding:
      1) Remuneration structure;
      2) Remuneration policy; and
      3) Amount of remuneration;
      The structure, policy and amount of remuneration for the Board of Commissioners and Board of Directors mentioned above are evaluated by the Nomination and Remuneration Committee at least once a year.
   c. Delivering evaluation results and providing recommendations to the Board of Commissioners regarding:
      1) Remuneration policy for the Board of Directors and Board of Commissioners to be submitted to the General Meeting of Shareholders.
      2) Remuneration policy for executive officers and employees as a whole to be submitted to the Board of Directors.
   d. Ensuring that the remuneration policy is in accordance with applicable provisions.
   e. Conducting periodic evaluations of the implementation of the remuneration policy.
   f. Assisting the Board of Commissioners in assessing performance with the appropriateness of the remuneration received by each member of the Board of Directors and/or member of the Board of Commissioners.
3. Related to the Talent Management function:
   a. Conducting evaluations of the Talent Classification system and procedures carried out by the Board of Directors;
   b. Conducting periodic reviews of the company's Talent Management System and monitoring and evaluating its implementation;
   c. Validate and calibrate the Talents proposed by the Board of Directors to the Board of Commissioners/Supervisory Board (Selected Talent), to produce a list of Talents to be nominated by the Board of Commissioners/Supervisory Board to the GMS/Minister (Nominated Talent).
4. In appointing the President Commissioner, the Nomination and Remuneration Committee prepares a description of the job specifications, including time commitment requirements that also consider the need for time commitment

during a crisis. The existence of other significant commitments outside the corporation must be disclosed to the board of commissioners prior to appointment and disclosed in the annual report. Changes in commitments must be immediately reported to the board of commissioners and their impact explained in the next annual report.

5. In appointing Commissioners Members, the Nomination and Remuneration Committee determines the terms and conditions for appointing Commissioners Members. These terms and conditions are available for review. The expected time commitment is stated in the Letter of Appointment of Commissioners Members and Commissioners Members must have sufficient time to fulfill the expected time commitment. The existence of other significant commitments outside BNI must be disclosed to the Board of Commissioners prior to appointment, along with an indication of the time commitment required and the Board of Commissioners must be notified if there are changes to such commitments.
6. Develop guidelines to ensure that all members of the Board of Commissioners allocate sufficient time to the Bank to be able to carry out their responsibilities effectively. The guidelines include among others:
   a. The President Commissioner is committed to providing sufficient time and also considering the need for time commitments during times of crisis. Other significant commitments outside the Bank must be disclosed to the Board of Commissioners prior to appointment and disclosed in the annual report. Changes in commitments must be immediately reported to the Board of Commissioners and their impact explained in the next annual report.
   b. Members of the Board of Commissioners are committed to providing the expected time. Other significant commitments outside the Bank must be disclosed to the Board of Commissioners prior to appointment, along with an indication of the time commitment required and the Board of Commissioners must be notified if there are changes to such commitments.
7. Carrying out other tasks assigned by the Board of Commissioners related to the nomination and remuneration function.
8. The procedure for carrying out the duties and functions of the Nomination and Remuneration Committee is carried out based on the Financial Services Authority Regulation governing the Nomination and Remuneration Committee of Commercial Banks, the Financial Services Authority Regulation governing the Nomination and Remuneration Committee of Issuers or public companies and the Financial Services Authority Regulation governing the implementation of governance in providing remuneration for commercial banks, which are applicable.

AUTHORITY, RIGHTS, AND OBLIGATIONS OF THE NOMINATION AND REMUNERATION COMMITTEE

The BNI Nomination and Remuneration Committee has a number of authorities to:

1. Access records or information about employees, funds, assets, and other resources belonging to BNI related to the implementation of its duties. The Nomination and Remuneration Committee is required to report in writing the results of the assignment to the Board of Commissioners.
2. Cooperate with the Human Resources Division, Development and Learning Division, Budgeting and Financial Management Division, and other related Divisions.
3. In performing its duties, the Nomination and Remuneration Committee is authorized to recommend the appointment of an independent consultant, as proposed by the Board of Directors, to be appointed by the Board of Commissioners in order to support the Committee's functions and responsibilities, including the preparation of remuneration proposals based on benchmark data. In this regard, the Committee is responsible for the selection process and the terms of engagement of the consultant, as well as for disclosing the consultant's identity and service fees. Accordingly, the independent consultant engaged was PT Daya Dimensi Indonesia, with consulting fees set at IDR20,165,000 (twenty million one hundred sixty-five thousand Rupiah) per candidate, as part of the implementation of the principles of transparency and good corporate governance.
4. Must carry out its duties properly and maintain the confidentiality of all documents, data and information of the Company, both from internal and external parties and only used for the benefit of carrying out the duties of the Committee.
5. In carrying out its duties and responsibilities related to the remuneration policy, the Nomination and Remuneration Committee must pay attention to at least:
   a. Financial performance and fulfillment of reserves as stipulated in applicable laws.
   b. Individual work performance.
   c. Fairness with peer groups, and
   d. Consideration of the Bank's long-term goals and strategies.
6. Before the current fiscal year, the Nomination and Remuneration Committee must prepare and submit an Annual Work Plan and Budget to the Board of Commissioners for determination, a copy of which is submitted by the Board of Commissioners to the Board of Directors for their information. The implementation of the Nomination and Remuneration Committee's Annual Work Plan and Budget is reported to the Board of Commissioners.

7. The Nomination and Remuneration Committee is required to prepare and submit a report on the implementation of its duties, responsibilities and nomination and remuneration procedures to the Board of Commissioners.

POLICY ON APPOINTMENT, DISMISSAL, AND TERM OF OFFICE OF THE NOMINATION AND REMUNERATION COMMITTEE MEMBERS

The term of office of members of the Nomi-nation and Remuneration Committee originating from the Board of Commissioners shall automatically end upon the expiration of their tenure as Commissioners. Should a member resign or cease to serve before the end of their term, a replacement shall be appointed from among the other members of the Board of Commissioners. In the event that the Chair of the Committee steps down, the position must be filled by another Independent Commissioner no later than 30 (thirty) days from the end of the respective term. The replacement of Nomination and Remuneration Committee members who are not part of the Board of Commissioners must be carried out no later than 60 (sixty) days after the concerned member is no longer able to perform their duties. The term of office for independent Committee members is a maximum of 3 (three) years and may be extend-ed once for an additional 2 (two) years, resulting in a total maximum tenure of 5 (five) years, without prejudice to the right of the Board of Commissioners to dismiss Committee members at any time.

STRUCTURE, MEMBERSHIP, AND EXPERTISE OF THE NOMINATION AND REMUNERATION COMMITTEE MEMBERS

The composition of the BNI Nomination and Remuneration Committee is determined in accordance with applicable regulations and the Nomination and Remuneration Committee Charter, to ensure that the principles of independence, competence, and professionalism are fulfilled. The following are the provisions related to the composition of the BNI Nomination and Remuneration Committee:

1. The Nomination and Remuneration Committee is established by the Board of Commissioners. The Board may form the Committee as a separate entity.
2. The Committee must act independently and report directly to the Board of Commissioners.
3. The appointment of Committee members is carried out by the Board of Directors based on a Board of Commissioners' resolution.
4. The Nomination and Remuneration Committee consists of at least 3 (three) members, namely 1 (one) Independent Commissioner who also serves as Chair, 1 (one) Commissioner and 1 (one) executive officer who oversees the human resources function or a party who holds a managerial position under the Board of Directors who oversees human resources at BNI.
5. Other members of the Nomination and Remuneration Committee other than the minimum members as stated in point 4) above may come from other members of the Board of Commissioners and parties from outside BNI.
6. If the Nomination and Remuneration Committee members are determined to consist of more than 3 (three) person, then the committee members who are Independent Commissioners must number at least 2 (two) person.
7. The majority of additional Committee members, as referred to in point (5), must not be managerial level officers below the Board of Directors responsible for human resources.
8. The Chair of the Nomination and Remuneration Committee must be an Independent Commissioner at BNI.
9. The Chairperson of the Nomination and Remuneration Committee is prohibited from holding concurrent positions as chair of more than 1 (one) committee in another committee and may only hold concurrent positions as Chairperson of a Committee in a maximum of 1 (one) other committee at BNI.
10. Committee members must not be members of the Board of Directors, either at BNI or at any other bank.
11. If deemed necessary, the Committee may appoint a Committee Secretary, whose assignment, rights, authority, and responsibilities are determined by the Committee Chair.

NUMBER, STRUCTURE, AND COMPOSITION OF MEMBERSHIP OF THE NOMINATION AND REMUNERATION COMMITTEE

As of the end of 2025, BNI's Nomination and Remuneration Committee consisted of six (6) members as stipulated in the Board of Commissioners Decree No. KEP/024/DK/2025 dated September 19, 2025. The composition of the Committee comprised 3 (three) members, namely 1 (one) Independent Commissioner who also served as Chair, 1 (one) Commissioner, and 1 (one) executive officer who supervised human resources functions or a party who held a managerial position under the Board of Directors in charge of human resources at BNI. This composition reflects BNI's commitment to maintaining a majority of independent members.

[ACGS D.2.9, D.2.10, D.2.14, D.2.15, (B).D.2.1]

The Bank ensures that the current structure and composition of the Nomination and Remuneration Committee comply with the provisions set out in the Nomination and Remuneration Committee Charter. The following is the composition of BNI's Nomination and Remuneration Committee throughout 2025:

January 1, 20245– March 26, 2025 Period

QUALIFICATIONS, EDUCATION, AND WORK EXPERIENCE OF THE NOMINATION AND REMUNERATION COMMITTEE

The membership requirements for BNI's Nomination and Remuneration Committee are as follows:
1. Possess high integrity, adequate capability, knowledge, and work experience in the Committee's areas of responsibility, as well as an understanding of the banking sector.
2. Have no personal interests or affiliations that could create negative impacts or conflicts of interest with the company.
3. Be able to allocate sufficient time to fulfill their duties.
4. Demonstrate strong collaboration and effective communication skills.

In addition to meeting the requirements as described above, all members of the Nomination and Remuneration Committee who are Independent Parties must meet the following additional criteria:
1. Have no affiliation, financial, managerial, ownership, or family relationships with members of the Board of Commissioners, the Board of Directors, and/or holders of BNI's Series A Dwiwarna shares, or any other relationships with BNI that may affect their ability to act independently. The definition of an independent party in this charter follows the applicable regulations governing independent committee members under the Board of Commissioners, particularly the Financial Services Authority (OJK) Circular Letter on Governance Implementation for Commercial Banks and the OJK Regulation on the Nomination and Remuneration Committee for Issuers or Public Companies.
2. Have relevant experience in nomination and/or remuneration.
3. Not be an employee of BNI.
4. Not hold concurrent positions as:
   a. A member of the Board of Commissioners/ Supervisory Board in a State-Owned Enterprise (SOE) or other company.
   b. A secretary or staff member of the Board of Commissioners/Supervisory Board in an SOE or other company.
   c. A member of any other committee within the company.
5. The executive officer overseeing human resources must have knowledge of remuneration and/or nomination systems and the bank's succession planning.
6. BNI must verify the accuracy of all documents or supporting data related to the independent status requirements, including a personal integrity statement from the independent party.

By adhering to both the general and specific requirements outlined in the Nomination and

Remuneration Committee Charter, the Bank ensures that the current Chair and all members of the Committee meet the educational qualifications and work experience criteria, as detailed in the table below:

Educational Qualifications, Work Experience, and Areas of Expertise of the Nomination and Remuneration Committee as of December 31, 2025

INDEPENDENCE STATEMENT OF THE NOMINATION AND REMUNERATION COMMITTEE

BNI ensures that all members of the Remuneration and Nomination Committee who are independent parties have no financial, managerial, share ownership, and/or family relationships with the Board of Commissioners, Board of Directors, or Controlling Shareholders. This reflects the Remuneration and Nomination Committee's commitment to upholding the principles of GCG and maintaining integrity in the Bank's nomination and remuneration oversight process. All members of the Nomination and Remuneration Committee have signed a statement of independence in accordance with the provisions of OJK Regulation No. 17 of 2023 concerning the Implementation of Corporate Governance for Commercial Banks.

NOMINATION AND REMUNERATION COMMITTEE MEETINGS [ACGS D.2.12, D.2.17]

Meeting Policy

The Nomination and Remuneration Committee Charter clearly regulates the policies and procedures for conducting BNI Nomination and Remuneration Committee Meetings, including the following matters:

1. Meetings of the Nomination and Remuneration Committee are held as needed by the Bank, with a minimum of four meetings per year.
2. The Nomination and Remuneration Committee Meeting may only be held if attended by a majority of the members of the Nomination and Remuneration Committee and of the majority, one is the Chairperson of the Nomination and Remuneration Committee and 1 (one) Executive Officer in charge of Human Resources or a party holding a managerial position under the Board of Directors in charge of human resources.
3. Meetings are chaired by the Chairperson of the Nomination and Remuneration Committee. If the Chairperson is unable to attend, the meeting is led by the most senior committee member designated/agreed upon in the meeting.
4. Decision-making at the Nomination and Remuneration Committee meeting is based on consensus. In the event that consensus is not reached, decision-making is based on majority vote with the principle of 1 (one) person 1 (one) vote.
5. If in the decision-making process carried out by voting there are an equal number of votes, then the decision is taken based on the majority vote with the principle of 1 (one) person 1 (one) vote, without counting the votes of members who are Human Resources Executive Officers or parties who hold managerial positions under the Board of Directors who are in charge of human resources.
6. The results of the Nomination and Remuneration Committee meetings are recorded in minutes of

the meeting, signed by all committee members, and properly documented.
7. Any dissenting opinions expressed in the meeting must be clearly recorded in the minutes, along with the reasons for the disagreement.
8. The minutes of the meeting, as referred to in point 6 above, are submitted in writing by the Nomination and Remuneration Committee to the Board of Commissioners.
9. The attendance of Nomination and Remuneration Committee members in meetings is reported in the committee's quarterly and annual reports.

Meeting Frequency and Attendance Rate of the Nomination and Remuneration Committee Members

Throughout 2025, the BNI Nomination and Remuneration Committee held 12 (twelve) meetings. During the period from March 26, 2025 to June 5, 2025, the Nomination & Remuneration Committee was unable to hold meetings due to the absence of effective members of the Nomination & Remuneration Committee (both the Chair and members of the Nomination & Remuneration Committee) as they were still taking the OJK Fit & Proper Test. However, during that period, the Nomination & Remuneration Committee held one internal consolidation and discussion with the relevant directors to provide orientation and in-depth information on BNI's condition in preparation for carrying out the duties and functions of the Nomination and Remuneration Committee. The frequency of these meetings has met the provisions stipulated in the Charter of the Nomination and Remuneration Committee. The following is the attendance data of the members of the BNI Nomination and Remuneration Committee in these meetings throughout 2025, which reflects the level of participation and commitment of members in carrying out their supervisory duties and responsibilities effectively and consistently.

Name	Position	Number of Meetings [ACGS D.2.12, D.2.17]	Attended [ACGS D.2.12, D.2.17]	Percentage [ACGS D.2.12, D.2.17]

Internal consolidation and discussions conducted during this period, no members of the Board of Commissioners serving on the Nomination and Remuneration Committee were effectively in place, as they were still undergoing the OJK Fit and Proper Test.

NOMINATION AND REMUNERATION COMMITTEE REPORTING

The Nomination and Remuneration Committee submits reports to the Board of Commissioners on every assignment given and/or on any issues deemed to require the Board of Commissioners' attention, at least four (4) times a year, or more frequently if necessary based on special assignments or the identification of strategic issues requiring the Board's attention. The reports are subsequently submitted in written form and discussed at meetings of the Board of Commissioners, either directly or through written documentation. All reporting documentation must be properly filed in the Company's official archives for audit and corporate governance evaluation purposes.

COMPETENCY ENHANCEMENT PROGRAM FOR MEMBERS OF THE NOMINATION AND REMUNERATION COMMITTEE IN 2025

Throughout 2025, all members of the Nomination and Remuneration Committee participated in various education and training pro-grams aimed at enhancing their understanding and competencies in carrying out their duties and responsibilities efficiently, transparently, independently, and accountably, particularly in supervising and providing recommendations regarding nomination and remuneration policies for the Board of Commissioners, the Board of Directors, and executives, thereby strengthening the implementation of good corporate governance.

The details of training activities attended by each member of the Nomination and Remuneration Committee throughout 2025 are as follows:

Name of Training/Workshop/ Conference/Seminar	Implementation Time	Organizer
Omar Sjawaldy Anwar - Chairman of the KNR/Independent Commissioner		
Competency development/training can be found in Section of the Training and/or Competency Improvement of Board of Commissioners Members in 2025.

Competency development/training can be found in Section of the Training and/or Competency Improvement of Board of Commissioners Members in 2025.		
Yenni Sari Dewi - KNR Member/Human Capital Strategy Division Head		
Competency development/training can be found in Certification and/or Training Human Capital Division Head		

NOMINATION AND REMUNERATION COMMITTEE KPI ACHIEVEMENT IN 2025

The performance assessment of the Nomi-nation and Remuneration Committee is con-ducted based on the KPIs that were mutually agreed upon at the beginning of the year as benchmarks for performance achievement. In 2025, the Nomination and Remuneration Committee held 12 (twelve) meetings against the target of 4 (four) meetings as stipulated. This achievement reflects the Committee's success in carrying out its duties and responsibilities, including assisting the Board of Commissioners in performing its supervisory function and providing recommendations re-lated to the determination of nomination and remuneration policies, salary recommendations, as well as the performance evaluation of the Board of Commissioners and the Board of Directors.

WORK PROGRAM AND IMPLEMENTATION OF DUTIES OF THE NOMINATION AND REMUNERATION COMMITTEE IN 2025

In 2025, the Nomination and Remuneration Committee submitted a report on the implementation of its duties and responsibilities to the Board of Commissioners and provided several recommendations, including the following:

1. Talent Development Policy related to the BUMN Talent Pool
2. Outsourcing Workforce Management Policy & Procedures
3. Remuneration of the Board of Directors and Board of Commissioners in 2025
4. Target KPI of the Board of Directors in 2025 (including the KPI of the Collegial Board of Directors in 2025)

5. Proposal for Nominated Talent in 2025
6. Proposal for Subsidiary Management
7. Sanctions Policy
8. Changes to Pension Fund Regulations
9. Restructuring of the Board of Directors Organization (Directorate Division) of BNI
10. Changes to Allowances and Facilities for members of the Board of Directors and Board of Commissioners
11. Employee Remuneration
12. Proposed performance targets promised for the next 3 years related to Long Term Incentives (LTI) and discussion of governance LTI
13. Internal talent and employee development
14. Proposed KPI of the Board of Directors Collegiate in 2025

EVALUATION OF THE NOMINATION AND REMUNERATION COMMITTEE ON THE IMPLEMENTATION OF THE NOMINATION AND REMUNERATION POLICY AT THE BANK

The Nomination and Remuneration Committee consistently conducts evaluations of the implementation of nomination and remuneration policies within BNI to ensure alignment with business strategy, prevailing regulations, and the principles of good corporate governance. In 2025, such evaluations were carried out comprehensively by assessing the adequacy of the policies, the effectiveness of their implementation, and their conformity with market conditions and best practices in the banking industry. The results of these evaluations were subsequently used as the basis for the Nomination and Remuneration Committee in providing recommendations to the Board of Commissioners regarding improvements and enhancements to nomination and remuneration policies.

NOMINATION AND REMUNERATION COMMITTEE WORK PLAN FOR 2026

The Nomination and Remuneration Committee has set a work plan for 2026 with the following strategic priorities:

1. Internalization of Performance Culture and Branch Productivity as an impact of Human Capital and Branch Transformation
2. Talent Development Plan
3. Remuneration of the Board of Directors, Board of Commissioners, and Employees
4. IT Human Capital Policy
5. People Analytics
6. Evaluation of Collegial and Individual KPI Achievement of the Board of Directors
7. Evaluation of Prospective Directors and Prospective Board of Commissioners of SOEs
8. Evaluation of Prospective Directors and Prospective Board of Commissioners of Subsidiaries

REMUNERATION OF MEMBERS OF THE NOMINATION AND REMUNERATION COMMITTEE [ACGS C.3.4]

The honorarium for members of the Nomination and Remuneration Committee who also serve as members of the Board of Commissioners is included as part of the overall honorarium of the Board of Commissioners; therefore, no separate honorarium is provided. Meanwhile, for Committee members from independent parties (non-Commissioners), the Board of Commissioners determines the honorarium at a maximum amount of 20% of the President Director's salary, without any additional income. This policy is in line with the provisions of the Minister of State-Owned Enterprises Regulation No. PER-3/MBU/03/2023 concerning the Organs and Human Resources of State-Owned Enterprises.

RISK MONITORING COMMITTEE
[ACGS (B).D.6.1]

The Board of Commissioners has established the Risk Monitoring Committee to support the execution of its supervisory duties, particularly in providing guidance and advice to the Board of Directors. Through this Committee, the Bank ensures that its risk management framework, procedures, and methodologies remain robust and adequate, so that the implementation of risk management is consistently aligned with applicable standards and methodologies as well as with Good Corporate Governance (GCG) principles. The existence of the Risk Monitoring Committee plays a vital role in ensuring that the Bank's business activities are conducted within acceptable risk limits while optimizing opportunities in line with the Bank's strategic objectives. This role ensures that business operations are carried out in a controlled manner, supporting sustainable growth and maintaining the Bank's longterm stability.

LEGAL BASIS FOR THE ESTABLISHMENT OF THE RISK MONITORING COMMITTEE

The establishment of the Risk Monitoring Committee refers to the following regulations:

1. Financial Services Authority Regulation No. 17 of 2023 on the Implementation of Corporate Governance for Commercial Banks.
2. Financial Services Authority Circular Letter No. 14/SEOJK.03/2025 on Governance Implementation for Commercial Banks.
3. Regulation of the Minister of State-Owned Enterprises of the Republic of Indonesia No. PER-3/MBU/03/2023 on the Organization and Human Resources of State-Owned Enterprises.

4. Regulation of the Minister of State-Owned Enterprises of the Republic of Indonesia Number PER-2/MBU/03/2023 concerning Guidelines on Corporate Governance and Significant Corporate Activities of State-Owned Enterprises.
5. Decision of the Deputy for Finance and Risk Management of the Ministry of State-Owned Enterprises No. SK-3/DKU.MBU/05/2023 dated May 26, 2023, regarding Technical Guidelines on the Composition and Qualifications of Risk Management Bodies within State-Owned Enterprises.
6. Regulations of the Financial Services Authority regarding Risk Management for Commercial Banks and Integrated Risk Management for Financial Conglomerates.
7. The Company's Articles of Association.
8. Decision of the Board of Commissioners No. Kep/002/DK/2004 dated March 1, 2004, regarding the Establishment of the Risk and Compliance Committee.

RISK MONITORING COMMITTEE CHARTER

The BNI Risk Monitoring Committee has prepared a Risk Monitoring Committee Charter, which was established through the Board of Commissioners' Decree No. KEP/023/DK/2025 dated 19 September 2025 concerning the Risk Monitoring Committee Charter of PT Bank Negara Indonesia (Persero) Tbk. This Charter is binding and serves as the principal basis for determining the direction, responsibilities, and working procedures of the Risk Monitoring Committee at BNI. The scope of work of the Risk Monitoring Committee is clearly defined, covering its authorities, duties, meeting mechanisms, and reporting of work results to the Board of Commissioners.

With this Charter, each member of the Risk Monitoring Committee shall be able to carry out their supervisory functions effectively and provide constructive views and recommendations to the Board of Commissioners in order to support the enhancement of the Bank's risk management quality. The Risk Monitoring Committee Charter includes, among others:

1. The foundation for the establishment and duties of the Risk Monitoring Committee.
2. The objectives of the Risk Monitoring Committee.
3. The structure and membership of the Risk Monitoring Committee.
4. Membership requirements for the Risk Monitoring Committee.
5. Duties of the Risk Monitoring Committee.
6. Authorities of the Risk Monitoring Committee.
7. Rights and obligations of the Risk Monitoring Committee.
8. Meetings of the Risk Monitoring Committee, and
9. The tenure of Risk Monitoring Committee members.

The BNI Risk Monitoring Committee Charter is evaluated and updated regularly to ensure that it remains relevant and in line with business developments, increased risk profiles, and current corporate governance aspects. The latest update was carried out on September 19, 2025, and has been published on the official BNI website (https://www.bni.co.id/Portals/1/BNI/Perusahaan/Docs/KPR-Piagam-Komite-Pemantau-Risiko-Tahun-2025.pdf). This step was taken as part of the Bank's commitment to transparency and openness of information to all stakeholders.

DUTIES AND RESPONSIBILITIES OF THE RISK MONITORING COMMITTEE

The duties and responsibilities of the BNI Risk Monitoring Committee as stipulated in the Risk Monitoring Committee Charter are as follows:

1. Evaluating the alignment between risk management policies and their implementation, specifically:
   a. Assessing the consistency between the Bank's risk management policies and their execution, covering credit risk, market risk, liquidity risk, operational risk, strategic risk, legal risk, compliance risk, and reputational risk.
   b. Reviewing the alignment of integrated risk management policies with their implementation, encompassing the eight risks mentioned above, along with insurance risk and intra-group transaction risk.
   c. Providing recommendations to the Board of Commissioners on the adequacy of risk management policies and their implementation to ensure effective risk control.
   d. Reviewing and providing opinions to the Board of Commissioners on the General Credit Policy and other regulatory-required policies submitted by the Board of Directors for approval.
2. Monitoring and evaluating the performance of the risk management committee and the risk management unit to provide recommendations to the Board of Commissioners, including:
   a. Monitoring the execution of the Risk Management Unit's work plan and the duties of the Risk Management Committee.
   b. Monitoring the implementation of the Integrated Risk Management Unit's work plan and the duties of the Integrated Risk Management Committee.

c. Recommending improvements to the effectiveness of risk management at BNI, including the integrated risk management with its subsidiaries.
d. Evaluating and reporting regulatory risk assessments to the Board of Commissioners.

3. Carrying out other specific duties related to the functions and scope of the Risk Monitoring Committee as assigned by the Board of Commissioners.

AUTHORITIES OF THE RISK MONITORING COMMITTEE

To support the implementation of supervisory duties over the Bank's risk management, the Risk Monitoring Committee is delegated a number of authorities, as follows:

1. Accessing records or information related to employees, funds, assets, and other resources of BNI relevant to its duties, with a written report submitted to the Board of Commissioners.
2. Conducting random tests and inspections of BNI branches, representative offices, regional offices, and business units as necessary.
3. Communicate directly with parties related to the duties of the Risk Monitoring Committee, including communicating matters related to financial and management information.
4. Collaborating with the Risk Management Committee, Integrated Risk Management Committee, Risk Management Unit, and other relevant units.

RIGHTS AND RESPONSIBILITIES OF THE RISK MONITORING COMMITTEE

The Risk Monitoring Committee Charter outlines the rights and obligations of all members of the Risk Monitoring Committee, with the following details:

1. Performing duties in accordance with the Risk Monitoring Committee Charter.
2. Independent committee members are entitled to honorariums from BNI, the amount of which determined by the Board of Commissioners in compliance with applicable regulations.
3. Maintaining the confidentiality of all documents, data, and information related to the Risk Monitoring Committee activities.
4. Preparing and submitting the Annual Work Plan and Budget to the Board of Commissioners before the start of the financial year, a copy of which is submitted by the Board of Commissioners to the Board of Directors for their information. The implementation of the Risk Monitoring Committee's Annual Work Plan and Budget is reported to the Board of Commissioners.
5. Prepare and submit a report to the Board of Commissioners signed by the Committee Chairperson and Committee Members as follows:
   a. Reports on the execution of duties, with recommendations if necessary.
   b. Quarterly and annual reports.
6. Reporting to the General Meeting of Shareholders (GMS) through the Board of Commissioners regarding responsibilities, achievements, and other relevant matters.
7. Prohibited from accepting gifts or benefits related to their position.
8. Allocating sufficient time to fulfill their duties effectively.
9. In order to avoid overlapping implementation of tasks among the committees under the Board of Commissioners and cooperation in implementing tasks, the Risk Monitoring Committee is required to coordinate with other Committees under the Board of Commissioners.

APPOINTMENT, DISMISSAL, AND TERM OF OFFICE OF THE RISK MONITORING COMMITTEE MEMBERS

The term of office of members of the Risk Monitoring Committee who are members of the Board of Commissioners is the same as their term of office as members of the Board of Commissioners and ends at the same time as that term. With this provision, members of the Risk Monitoring Committee who are members of the Board of Commissioners automatically resign from the Committee when their term of office as members of the Board of Commissioners ends. In practice, if the chair of the Committee resigns before the end of their term of office, the position of Chair shall be replaced by another Independent Commissioner. Members of the Committee from independent parties have a maximum term of office of 3 (three) years and may be extended once for 2 (two) years, bringing the total maximum term of office to 5 (five) years, without prejudice to the Board of Commissioners' right to dismiss them at any time.

Taking into account the recommendation of the Chair of the Risk Monitoring Committee, the Board of Commissioners has the authority to dismiss independent Committee members at any time if they are deemed unable to carry out their duties and obligations in accordance with the provisions of the appointment decree or employment agreement, as well as applicable regulations. If the Chair of the Risk Monitoring Committee re-signs as a member of the Board of Commissioners, the replacement of the Chair of the Committee must be carried out by other members of the Board of Commissioners no later than 30 (thirty) days.

STRUCTURE, MEMBERSHIP, AND EXPERTISE OF THE RISK MONITORING COMMITTEE

The requirements and criteria for the composition and membership of the BNI Risk Monitoring Committee are outlined as follows:

1. The Risk Monitoring Committee is formed based on the decision of the Board of Commissioners meeting and is placed in a Decree of the Board of Commissioners.
2. The Risk Monitoring Committee is under the coordination of the Board of Commissioners and is directly responsible to the Board of Commissioners.
3. The appointment of Risk Monitoring Committee Members is carried out by the Board of Directors based on the Decision of the Board of Commissioners Meeting.
4. The membership of the Risk Monitoring Committee consists of at least:
   a. 1 (one) Independent Commissioner who also serves as chairman
   b. 1 (one) person from an independent party who has expertise in the field of risk management
   c. 1 (one) person from an independent party who has expertise in the field of finance
   d. Committee members who are not members of the Board of Commissioners/Supervisory Board of BUMN are a maximum of 2 (two) people, where one of the committee members has knowledge and/or expertise in the field of risk management
   e. The expertise of the Independent Party as referred to in points b) and c) above is proven by having a risk management certificate as applicable to the Board of Directors and having a competency certificate that supports the implementation of the functions and responsibilities of the committee.
5. Independent commissioners and independent parties who are members of the Risk Monitoring Committee must be at least 50% (fifty per hundred) of the total number of members of the Risk Monitoring Committee.
6. The Chairperson of the Risk Monitoring Committee is an Independent Commissioner who also serves as a member as determined in a decision of the Board of Commissioners meeting, and is positioned in a Decree of the Board of Commissioners.
7. The Chairperson of the Risk Monitoring Committee may only serve as Chairperson of a Committee in a maximum of 1 (one) other Committee at BNI.
8. Former members of the Board of Directors and former executive officers of BNI or parties who have a relationship with BNI that can affect the ability to act independently who will become independent members of the Risk Monitoring Committee are required to undergo a cooling off period of at least 6 (six) months. The cooling off period provisions do not apply to former members of the Board of Directors and former executive officers of BNI whose duties are only to carry out supervisory functions for at least 6 (six) months. What is meant by the cooling off period is the cooling off period as regulated in the Regulations and Circulars of the Financial Services Authority concerning the Implementation of Governance for Commercial Banks in force.
9. Members of the Risk Monitoring Committee who come from independent parties are not permitted to hold concurrent positions as:
   a. Members of the Board of Commissioners/ Supervisory Board at State-Owned Enterprises (BUMN)/other companies;
   b. Secretary/staff of the Secretary of the Board of Commissioners/Supervisory Board at BUMN/ other companies.
   c. Other committee members at BNI; and/or
   d. Committee members at other state-owned enterprises/companies.
10. The Board of Directors carries out the appointment and dismissal of members of the Risk Monitoring Committee who come from independent parties based on the decision of the Board of Commissioners meeting and the Decree of the Board of Commissioners.
11. The Chairperson of the Risk Monitoring Committee has the right to propose the replacement of members of the Risk Monitoring Committee to the Board of Commissioners if one of the members of the Risk Monitoring Committee ends his/her term of office, resigns or is dismissed.
12. Members of the Risk Monitoring Committee are prohibited from coming from members of the Board of Directors of BNI or other banks. The Risk Monitoring Committee works collectively to carry out its duties to assist the Board of Commissioners.
13. The Risk Monitoring Committee is independent both in carrying out its duties and in reporting, and is directly responsible to the Board of Commissioners.
14. In carrying out its daily duties, the Committee may be assisted by staff from outside BNI or the Committee's secretary. The staff or Committee Secretary are appointed based on the decision of the Board of Commissioners Meeting and are listed in the Board of Commissioners' Decree.

NUMBER, COMPOSITION, AND COMPOSITION OF MEMBERSHIP OF THE RISK MONITORING COMMITTEE

As of December 31, 2025, the BNI Risk Monitoring Committee consists of 3 (three) members appointed based on Board of Commissioners Decrees No. KEP/009/DK/2025 dated August 21, 2025, No. KEP/026/DK/2025 dated October 1, 2025, and No. KEP/028/DK/2025 dated October 16, 2025. Of these, 1 (one) person is an Independent Commissioner who also acts as the chair of the Committee, 1 (one) person is a Non-Independent Commissioner, and 1 (one) other person is an Independent Party who has competence and qualifications in the field of risk and financial management.

BNI ensures that the structure and composition of the Risk Monitoring Committee in office as of December 31, 2025, complies with the provisions set forth in the Risk Monitoring Committee Charter. The following is the composition of the BNI Risk Monitoring Committee members throughout 2025:

QUALIFICATIONS, EDUCATION, AND WORK EXPERIENCE OF THE RISK MONITORING COMMITTEE

The following are the general and specific criteria that must be met in order to be appointed as chair and/or member of the BNI Risk Monitoring Committee:

1. General Requirements
   a. Have integrity, good character and morals and sufficient work experience related to the duties of other committees.
   b. Have no personal interests/connections that can have a negative impact and conflict of interest on BNI.
   c. Not currently having any bad credit/financing at any Financial Institution.

2. Competency Requirements
   a. Have adequate expertise, ability, knowledge and experience in the fields of economics, finance and banking or risk management in accordance with the requirements stipulated in the Financial Services Authority Regulation governing the requirements for members of the Risk Monitoring Committee.
   b. Be able to work together and have the ability to communicate well and effectively and provide sufficient time to carry out their duties.
   c. Have sufficient knowledge and understanding of laws and regulations in the fields of banking, Capital Markets, BUMN and other laws and regulations, especially those related to BNI's operational activities, implementation of GCG and risk management.

Transparency in the fulfillment of educational and work experience qualification criteria for the Chair and members of the BNI Risk Monitoring Committee is presented in the following table:

Educational Qualifications and Work Experience, and Fields of Expertise of the Risk Monitoring Committee

Name	Position	Education	Work Experience	Areas of Expertise
Vera Febyanthy	Chairman	Work experience can be found in the Board of Commissioners Composition Diversity Section	Work experience can be found in the Board of Commissioners Composition Diversity Section	• Public Administration • Public Policy • Finance
Donny Hutabarat	Member	Work experience can be found in the Board of Commissioners Composition Diversity Section	Work experience can be found in the Board of Commissioners Composition Diversity Section	• Economy • Market & Treasury
Retno Murwani	Member	• Bachelor of Agriculture from Brawijaya University • Master of Social Sciences from Gadjah Mada University	Has work experience in areas including credit business, business risk, and remedial & recovery in banking.	Risk Management and Finance

STATEMENT OF INDEPENDENCE OF THE RISK MONITORING COMMITTEE

Each member of the Risk Monitoring Committee works objectively, free from intervention or interests of other parties, and has no financial, management, share ownership, or family relationships with members of the Board of Commissioners, Board of Directors, or Controlling Shareholders that could influence decision-making. This principle of independence is the foundation for ensuring that all recommendations, assessments, and oversight by the Committee are objective and reflect actual conditions.

The aspects of independence of the Risk Monitoring Committee members are outlined in the following table:

Table of Risk Monitoring Committee Independence

Name	Independency Aspect				
	No financial Relationship With the Board of Commissioners And the Board of Directors	No Management Relationship in BNi, Subsidiaries, or Affiliated Companies	No shares in BNi	No familial Relationship With the Board of Commissioners, the Board of Directors And/or fellow Members of Risk Monitoring Committee	Not serving on Boards of Political Parties, Government Officials

RISK MONITORING COMMITTEE MEETINGS

Meeting Policy

The policies and procedures for conducting Risk Monitoring Committee meetings as stipulated in the Risk Monitoring Committee Charter are outlined as follows:

1. The Risk Monitoring Committee shall hold a meeting at least 1 (one) time in 1 (one) month.
2. Risk monitoring committee meetings may only be held if attended by a majority (i.e., more than 50% (fifty percent)) of the committee members.
3. Meetings are chaired by the Chairman of the Risk Monitoring Committee or the most senior member if the Chairman is unavailable.
4. If necessary, the Risk Monitoring Committee may invite relevant parties to attend the meeting.
5. Decisions are made based on consensus.
6. In the event that no consensus is reached, decisions are made based on a majority vote with the principle of 1 (one) person, 1 (one) vote.
7. The decision of the Risk Monitoring Committee meeting is considered valid if approved by more than 1/2 (one half) of the number of members of the Risk Monitoring Committee present. The regulation of the voting rights of Committee members adheres to the principle of 1 (one) person 1 (one) vote.
8. The results of the Committee meeting must be stated in the minutes of the meeting signed by all members of the Committee present and documented in accordance with laws and regulations.
9. Dissenting opinions that occur in the committee meeting must be clearly stated in the minutes of the meeting along with the reasons for the dissenting opinions.
10. Meeting minutes are prepared by the Committee Secretary.
11. The Risk Monitoring Committee submits meeting minutes in writing to the Board of Commissioners.
12. Attendance of committee members is reported in the committee's quarterly and annual reports.

Meeting Frequency and Attendance

Throughout 2025, the BNI Risk Monitoring Committee held a total of 14 (fourteen) meetings. During the period from 26 March 2025 to 13 August 2025, the Risk Monitoring Committee was unable to convene formal meetings as there were no effective members of the Board of Commissioners serving on the Committee (either as Chairperson or Commissioner Members), since they were still undergoing the OJK Fit and Proper Test process. Nevertheless, during this period, the Risk Monitoring Committee conducted 7 (seven) Internal Consolidation sessions and/or discussions with the relevant Director to carry out orientation and deepen its understanding of BNI's conditions in preparation for performing the duties and functions of the Risk Monitoring Committee. The frequency of meetings complied with the provisions stipulated in the Risk Monitoring Committee Charter. The following presents the attendance data of BNI Risk Monitoring Committee members at the meetings throughout 2025, reflecting the level of participation and commitment of the members in carrying out their supervisory duties and responsibilities effectively and consistently.

Name	Position	Number of Meetings [ACGS D.2.12, D.2.17]	Attended [ACGS D.2.12, D.2.17]	Percentage [ACGS D.2.12, D.2.17]
Erwin Rijanto Slamet[1)]	Chairman	5	5	100%
Pahala Nugraha Mansury[1)]	Member	5	4	80%
Fadlansyah Lubis[1)]	Member	5	5	100%
Septian Hario Seto[2)]	Member	3	3	100%
Vera Febyanthy[3)]	Chairman	9	9	100%
Suminto[4)]	Member	3	2	67%
Donny Hutabarat[5)]	Member	6	6	100%
Dwita Suherlina[8)]	Member	14	14	100%
Bambang Setyogroho[6)]	Independent Member	7	7	100%
Retno Murwani[7)]	Independent Member	7	7	100%

1) Effective as Chair/Member of the Risk Monitoring Committee until March 26, 2025
2) Effectively serving as a Member of the Risk Monitoring Committee until February 20, 2025, in connection with the expiration of the term of office as a Board of Commissioners of 5 (five) years from the date of appointment.
3) Effective as Chair of the Risk Monitoring Committee since August 13, 2025
4) Effective as a Member of the Risk Monitoring Committee from August 13, 2025 to October 8, 2025
5) Effective as a Member of the Risk Monitoring Committee from October 16, 2025
6) Effective as a Member of the Risk Monitoring Committee until September 30, 2025
7) Effective as a Member of the Risk Monitoring Committee since October 1, 2025
8) Effective as a Member of the Risk Monitoring Committee until December 18, 2025

Meeting Agenda

In 2025, the Risk Monitoring Committee held 14 (fourteen) meetings and 7 (seven) internal consolidations and discussions with relevant directors (during the period from March 26, 2025 to August 13, 2025), with the following agenda:

No.	Meeting Date	Meeting Agenda	Audit Committee Member	Invitee
1	January 14, 2025	Discussion of BNI Individual Health Level and Risk Profile as of December 31, 2024	• Erwin Rijanto Slamet[1)] • Pahala Nugraha Mansury[1)] • Septian Hario Seto[2)] • Fadlansyah Lubis[1)] • Dwita Suherlina[8)] • Bambang Setyogroho[6)]	Audit Committee, Risk Management Director, and relevant Division Heads
2	January 14, 2025	Internal KPR Meeting	• Erwin Rijanto Slamet[1)] • Pahala Nugraha Mansury[1)] • Septian Hario Seto[2)] • Fadlansyah Lubis[1)] • Dwita Suherlina[8)] • Bambang Setyogroho[6)]	Chair of the KPR and all KPR Members
3	February 11, 2025	Evaluation of Integrated Risk Profile and Integrated KPMM for Semester II/2024	• Erwin Rijanto Slamet[1)] • Pahala Nugraha Mansury[1)] • Septian Hario Seto[2)] • Fadlansyah Lubis[1)] • Dwita Suherlina[8)] • Bambang Setyogroho[6)]	Integrated Governance Committee, Risk Management Director, and relevant Division Heads
4	March 18, 2025	• Progress of BNI Risk Appetite Statement (RAS) Review Results • Evaluation of Credit Expansion Framework Guidelines	• Erwin Rijanto Slamet[1)] • Pahala Nugraha Mansury[1)] • Fadlansyah Lubis[1)] • Dwita Suherlina[8)] • Bambang Setyogroho[6)]	Risk Management Director, and relevant Division Heads
5	March 25, 2025	Evaluation of the 2024 Tactical Account Plan (TAP) achievements and plans for TAP improvement/development in 2025	• Erwin Rijanto Slamet[1)] • Fadlansyah Lubis[1)] • Dwita Suherlina[8)] • Bambang Setyogroho[6)]	Wholesale & International Banking Director, SEVP Corporate Banking, and relevant Division Heads
6	April 29, 2025	Internal Consolidation of KPR	• Vera Febyanthy[3)] • Donny Hutabarat[5)] • Dwita Suherlina[8)] • Bambang Setyogroho[6)]	All KPR Members
7	June 3, 2025	Discussion of the conditions of the Middle segment (Enterprise and Commercial) and the Small segment (i.e. Retail Productive) of BNI	• Vera Febyanthy[3)] • Donny Hutabarat[5)] • Dwita Suherlina[8)] • Bambang Setyogroho[6)]	President Commissioner, Commercial Banking Director, Risk Management Director, and relevant Division Heads
8	July 1, 2025	Internal Consolidation of Mortgage Loans	• Vera Febyanthy[3)] • Donny Hutabarat[5)] • Dwita Suherlina[8)] • Bambang Setyogroho[6)]	All KPR Members
9	July 15, 2025	Discussion of compliance functions and APU-PPT PPPSPM as well as compliance risks (including KLN) for Semester I/2025; and Discussion of Anti-Fraud function governance for Semester I/2025	• Vera Febyanthy[3)] • Donny Hutabarat[5)] • Dwita Suherlina[8)] • Bambang Setyogroho[6)]	Audit Committee, Risk Management Director, Human Capital & Compliance Director, SEVP Remedial & Recovery, and relevant Division Heads
10	July 15, 2025	Discussion of Loan at Risk (LaR) conditions in all Credit segments for the position in June 2025	• Vera Febyanthy[3)] • Donny Hutabarat[5)] • Dwita Suherlina[8)] • Bambang Setyogroho[6)]	Audit Committee, Risk Management Director, Consumer Banking Director, Commercial Banking Director, SEVP Wholesale Solutions & Value Chain, SEVP Credit Risk, SEVP Remedial & Recovery, and relevant Division Heads

No.	Meeting Date	Meeting Agenda	Audit Committee Member	Invitee
11	July 29, 2025	Discussion of Government Credit Program Support and Implementation at BNI	• Vera Febyanthy[3)] • Donny Hutabarat[5)] • Dwita Suherlina[8)] • Bambang Setyogroho[6)]	President Commissioner, Vice President Commissioner, Commercial Banking Director, Consumer Banking Director, Risk Management Director, SEVP Credit Risk, and relevant Division Heads
12	August 5, 2025	Discussion of Integrated Risk Profile and Integrated KPMM for the First Semester of 2025	• Vera Febyanthy[3)] • Donny Hutabarat[5)] • Suminto[4)] • Dwita Suherlina[8)] • Bambang Setyogroho[6)]	Integrated Governance Committee, Risk Management Director, and relevant Division Heads
13	August 26, 2025	Evaluation of risks related to transactions in Treasury, as well as updates on Market and Liquidity Risk management at BNI	• Vera Febyanthy[3)] • Dwita Suherlina[8)] • Bambang Setyogroho[6)]	Treasury & International Banking Director, Risk Management Director, SEVP Treasury, and relevant Division Heads
14	September 23, 2025	Evaluation of Sustainable Finance Policies and Implementation (GRC-ESG)	• Vera Febyanthy[3)] • Suminto[4)] • Dwita Suherlina[8)] • Bambang Setyogroho[6)]	Deputy President Director, Risk Management Director, Human Capital & Compliance Director, and relevant Division Heads
15	October 7, 2025	Evaluation of the Strategy for Managing Government SAL Fund Placements at BNI	• Vera Febyanthy[3)] • Suminto[4)] • Dwita Suherlina[8)] • Retno Murwani[7)]	Risk Management Director, Corporate Banking Director, Consumer Banking Director, Treasury & International Banking Director, Finance & Strategy Director, SEVP Treasury, SEVP Credit Risk, SEVP Commercial & SME, SEVP Wealth Management, and relevant Division Heads
16	October 21, 2025	Evaluation of BNI's Loan at Risk (LaR) position for September 2025 (Third Quarter of 2025)	• Vera Febyanthy[3)] • Donny Hutabarat[5)] • Dwita Suherlina[8)] • Retno Murwani[7)]	Risk Management Director, Corporate Banking Director, Commercial Banking Director, Consumer Banking Director, SEVP Wholesale Solutions & Value Chain, SEVP Commercial & SME, SEVP Credit Risk, SEVP Remedial & Recovery, and relevant Division Heads
17	October 21, 2025	In-depth evaluation of credit in BNI's Corporate Banking segment	• Vera Febyanthy[3)] • Donny Hutabarat[5)] • Dwita Suherlina[8)] • Retno Murwani[7)]	Corporate Banking Director, Risk Management Director, SEVP Wholesale Solutions & Value Chain, SEVP Credit Risk, and relevant Division Heads
18	November 4, 2025	Evaluation of BNI's Remedial & Recovery (RR) performance and Legal Issues related to RR Activities	• Vera Febyanthy[3)] • Donny Hutabarat[5)] • Dwita Suherlina[8)] • Retno Murwani[7)]	Risk Management Director, Human Capital & Compliance Director, SEVP Remedial & Recovery, SEVP Legal & Governance, relevant Division Heads
19	November 26, 2025	Internal Mortgage Meeting	• Vera Febyanthy[3)] • Donny Hutabarat[5)] • Dwita Suherlina[8)] • Retno Murwani[7)]	Chair of the KPR and all KPR Members
20	December 12, 2025	Evaluation of Integrated Risk Profile and Integrated KPMM for the Second Half of 2025	• Vera Febyanthy[3)] • Donny Hutabarat[5)] • Dwita Suherlina[8)] • Retno Murwani[7)]	Integrated Governance Committee, Risk Management Director, and relevant Division Heads

No.	Meeting Date	Meeting Agenda	Audit Committee Member	Invitee
21	December 18, 2025	Discussion of BNI Individual Health Levels and Risk Profiles as of December 31, 2025	• Vera Febyanthy[3)] • Donny Hutabarat[5)] • Dwita Suherlina[8)] • Retno Murwani[7)]	Audit Committee, Risk Management Director, and relevant Division Heads

Internal consolidation and discussions conducted during the period did not involve any members of the Risk Monitoring Committee (neither the Chair nor the members of the Risk Monitoring Committee) as they were still undergoing the OJK Fit & Proper Test.
1) Effective as Chair/Member of the Risk Monitoring Committee until March 26, 2025.
2) Effectively serving as Chair of the Nomination and Remuneration Committee until February 20, 2025, in connection with the expiration of his term as a member of the Board of Commissioners after 5 (five) years since his appointment.
3) Effectively serving as a member of the Risk Monitoring Committee since August 13, 2025
4) Effective as a member of the Risk Monitoring Committee since August 13, 2025 and ending on October 8, 2025
5) Effective as a member of the Risk Monitoring Committee since October 16, 2025
6) Effective as a Member of the Risk Monitoring Committee until September 30, 2025
7) Effective as a Member of the Risk Monitoring Committee since October 1, 2025
8) Effective as a Member of the Risk Monitoring Committee until December 18, 2025

RISK MONITORING COMMITTEE REPORTING

The Risk Monitoring Committee reporting mechanism is carried out by submitting reports to the Board of Commissioners on every assignment given and/or issue that requires the attention of the Board of Commissioners, at least twice a year, or more frequently if necessary based on special assignments or the identification of strategic issues. Reports are submitted in writing and discussed at Board of Commissioners meetings, either directly or through written documents.

2025 RISK MONITORING COMMITTEE MEMBER COMPETENCY IMPROVEMENT PROGRAM

All active members of the Risk Monitoring Committee participate in various educational and/or training activities to enhance their competencies and knowledge regarding best practices in governance when addressing current risk developments relevant to the banking industry. The following is a list of training programs and competency development materials that the Risk Monitoring Committee has participated in throughout 2025:

Name of Training/Workshop/ Conference/seminar	Implementation Date	Organizer
Vera Febyanthy – Chairman of KPR/Independent Commissioner		
Competency development/training can be found in the section on Training and/or Competency Improvement for Board of Commissioners Members in 2025.		
Donny Hutabarat – Member of KPR/Vice President Commissioner		
Competency development/training can be found in the section on Training and/or Competency Improvement for Board of Commissioners Members in 2025.		
Retno Murwani – Member of KPR/Independent Commissioner		
Risk Monitoring Committee Onboarding	October 1, 2025	BNI Corporate Secretary
Banking Risk Management Briefing Program for Qualification Level 7	December 17, 2025	BNI University

RISK MONITORING COMMITTEE KPI ACHIEVEMENTS IN 2025

The Risk Monitoring Committee's performance is assessed based on KPIs that have been agreed upon at the beginning of the year as a benchmark for performance achievement. In 2025, the Risk Monitoring Committee successfully achieved 117% of its KPI targets. This achievement demonstrates the active role of the Risk Monitoring Committee in providing effective support to the Board of Commissioners, particularly in ensuring that the Bank's risk management has been carried out comprehensively, measurably, and in accordance with the principle of prudence.

DESCRIPTION OF ACTIVITIES IN THE 2025 FISCAL YEAR

Throughout 2025, the BNI Risk Monitoring Committee has carried out its duties and responsibilities in accordance with the provisions of the applicable Charter. The Committee consistently evaluates the effectiveness of risk management implementation across all business lines, monitors compliance with internal policies and regulatory requirements, and submits relevant recommendations for improvement to the Board of Commissioners. In addition, the Committee also reviewed the Bank's risk profile, which includes credit risk, market risk, operational risk, and strategic risk, to ensure that risk management is carried out carefully and in line with BNI's business strategy. All results of meetings and monitoring activities, including reviews and evaluations conducted by the Risk Monitoring Committee, were submitted to the Board of Commissioners in the form of written reports and through Board of Commissioners meetings.

In 2025, the Risk Monitoring Committee held 14 (fourteen) meetings, 7 (seven) discussions, and conducted 74 (seventy-four) evaluations/studies/reviews, which aimed to ensure the effectiveness of risk management and compliance with the Bank's policies, regulations, and business strategy direction. Furthermore, the description of the BNI Risk Monitoring Committee's task implementation report throughout the current year is presented as follows:

1. Meetings and reviews concerning BNI's Bank Soundness Level, Risk Profile, Integrated Risk Profile, and the execution of the Risk Management Committee and Integrated Risk Management Committee's duties;
2. In-depth discussions on key issues related to Operational Risk, Legal Risk, Compliance Risk, Strategic Risk, Reputation Risk, Credit Risk, Market Risk, Liquidity Risk, Insurance Risk, and Intra-Group Risk.
3. Implementation of credit-related duties:
   a. Meetings and reviews on the handling of Loan at Risk (LaR) and credit restructuring at the BNI-wide and regional levels across Corporate, Enterprise, Commercial, Small (including KUR), and Consumer segments:
   b. Meetings and reviews of credit consultations submitted by the Board of Directors to the Board of Commissioners;
   c. Meetings and reviews of credit approvals to Related Parties submitted by the Board of Directors to the Board of Commissioners;
   d. Meetings and reviews on Remedial & Recovery discussions.;
   e. Meeting and review regarding the Implementation of BNI Support for Government Credit Programs;
   f. Meeting and review regarding the Management and Distribution of Budget Surplus (SAL) funds placed by the Government in BNI;g. Meeting on the Evaluation and Improvement of BNI's Tactical Account Plan (TAP);
4. Review of updates to BNI's General Risk Management Policy and General Integrated Risk Management & Integrated Capital Policy proposed by the Board of Directors to the Board of Commissioners;
5. Meetings and reviews of updates to the Bank's Credit Policy (KPB) proposed by the Board of Directors to the Board of Commissioners.
6. Review of updates to BNI's 2024/2025 Recovery Plan Document submitted by the Board of Directors for the Board of Commissioners' approval.;
7. Review of BNI's 2026 Business Plan (RBB)/ Company Budget Work Plan (RKAP), as well as revisions to BNI's 2025 RBB/RKAP;
8. Meeting and review of BNI's 2025 Risk Appetite Statement proposed by the Board of Directors for approval by the Board of Commissioners;
9. Meeting and review of the Implementation of Sustainable Finance (Environmental, Social, & Governance/ESG) at BNI;
10. Review of BNI's DPLK Risk Management Policy;
11. Review of the Risk Monitoring Committee Charter.

EVALUATION OF THE RISK MONITORING COMMITTEE ON THE IMPLEMENTATION OF RISK MANAGEMENT AT THE BANK

In 2025, the Risk Monitoring Committee conducted a comprehensive evaluation of the implementation of risk management across all of the Bank's business lines. The results showed that risk management was carried out in accordance with regulatory requirements and internal policies, with reference to the established risk limits. Improvements in the adequacy of the risk monitoring system also support faster and more accurate decision-making. The Committee assessed the Bank's overall risk health as "Healthy" and concluded that risk management implementation has been adequate, despite some minor weaknesses that can be resolved through normal business activities.

RISK MONITORING COMMITTEE'S WORK PLAN FOR 2026

The Risk Monitoring Committee has formulated a roadmap for 2026, which is based on the evaluation of the implementation of tasks in 2025 and projections of the Bank's future business needs. The work plan includes holding meetings, conducting reviews, and submitting reports to the Board of Commissioners, with a focus on strategic priorities that are in line with the Bank's business development and risk

dynamics. The following are the priorities for the implementation of BNI's Risk Monitoring Committee activities for 2026:

1. Evaluation of the Bank's Soundness Level every six months (semi-annually).
2. Evaluation of the Individual Risk Profile every three months (quarterly).
3. In-depth evaluation of issues and reports to the Board of Commissioners concerning Credit Risk, Market Risk, Liquidity Risk, Operational Risk, Legal Risk, Strategic Risk, Compliance Risk, and Reputation Risk (individually), as well as Intra Group Transaction Risk and Insurance Risk (on an integrated basis).
4. Monitoring and evaluation of the Risk Management Unit (SKMR), Integrated Risk & Capital Management Unit (SKMRT), Risk Management Committee (KMR), and Integrated Risk Management Committee (KMRT).
5. Periodic or annual review of General Policies and Documents that require approval from the Board of Commissioners, including: Bank Credit Policy (KPB), General Risk Management Policy (KUMR), General Integrated Risk Management Policy (KUMRT), Good Corporate Governance Policy, Integrated Governance Policy, Updates to the Recovery Action Plan, and so on in accordance with the Board of Directors' proposals to the Board of Commissioners.
6. Review/discussion of proposals/requests from the Board of Directors that require approval from the Board of Commissioners and follow-up of the Board of Commissioners' dispositions regarding reports/letters submitted to the Board of Commissioners and reports to the Board of Commissioners.
7. Review and update of the Risk Monitoring Committee Charter as needed, in response to regulatory developments and changing conditions.

REMUNERATION OF RISK MONITORING COMMITTEE MEMBERS [ACGS C.3.4]

The remuneration policy for Risk Monitoring Committee members who are also members of the Board of Commissioners is integrated into the honorarium provided to the Board of Commissioners, with no additional remuneration for committee membership. Meanwhile, the honorarium for independent (non-Commissioner) committee members is determined by the Board of Commissioners, with a maximum amount set at 20% of the President Director's salary. No additional income is provided beyond this honorarium. This policy aligns with the provisions of the Indonesian Ministry of SOEs Regulation No. PER-3/MBU/03/2023, dated March 20, 2023, regarding the Governance and Human Resources of State-Owned Enterprises.

INTEGRATED GOVERNANCE COMMITTEE

The Integrated Governance Committee is formed by and is directly responsible to the BNI Board of Commissioners who represents the Parent Company of the Financial Conglomerate (PIKK), to strengthen oversight over the implementation of Integrated Governance within the BNI Financial Conglomerate in accordance with applicable laws and regulations. This Committee holds a strategic role in supporting the Board of Commissioners to ensure the implementation of good corporate governance within the scope of the BNI Financial Conglomerate, as well as providing strategic advice and recommendations to the Board of Directors regarding the implementation and continuous evaluation of the Integrated Governance Guidelines, including input for the improvement of governance policies and practices within the Bank.

LEGAL BASIS FOR THE ESTABLISHMENT OF THE INTEGRATED GOVERNANCE COMMITTEE

The establishment of the BNI Integrated Governance Committee is based on applicable laws and regulations as well as best practices in the Indonesian banking industry, including:

1. Financial Services Authority Regulation Number 30 of 2024 dated December 23, 2024, concerning Financial Conglomerates and Parent Companies of Financial Conglomerates.
2. Financial Services Authority Regulation Number 17 of 2023 dated September 14, 2023, concerning the Implementation of Governance for Commercial Banks.
3. Financial Services Authority Regulation Number 45/POJK.03/2020 dated October 16, 2020, concerning Financial Conglomerates.
4. Financial Services Authority Regulation Number 18/POJK.03/2014 dated November 18, 2014, concerning the Implementation of Integrated Governance for Financial Conglomerates.
5. Regulation of the Minister of State-Owned Enterprises of the Republic of Indonesia Number PER 2/MBU/03/2023 dated March 03, 2023, concerning Guidelines for Governance and Significant Corporate Activities of State-Owned Enterprises.
6. Regulation of the Minister of State-Owned Enterprises of the Republic of Indonesia Number PER 3/MBU/03/2023 dated March 20, 2023, concerning Organs and Human Resources of State-Owned Enterprises.
7. Financial Services Authority Circular Letter No. 14/SEOJK.03/2025 dated June 24, 2025, concerning the Implementation of Governance for Commercial Banks.

8. Financial Services Authority Circular Letter No. 15/SEOJK.03/2015 dated May 25, 2015, concerning the Implementation of Integrated Governance for Financial Conglomerates.
9. Articles of Association of the Company and its amendments.
10. Decree of the Board of Commissioners of PT Bank Negara Indonesia (Persero) Tbk No. KEP/006/DK/2015 dated June 22, 2015, concerning the Establishment of the Integrated Governance Committee.

INTEGRATED GOVERNANCE COMMITTEE CHARTER

In discharging their duties and responsibilities, all members of the Integrated Governance Committee are guided by the Integrated Governance Committee Charter stipulated through the Decree of the Board of Commissioners No. KEP/022/DK/2025 dated September 19, 2025. This Charter holds a central role in maintaining alignment in the implementation of governance within the Bank and its Subsidiaries in accordance with applicable regulations.

Substantially, the BNI Integrated Governance Committee Charter regulates, among others:
1. Basis for the establishment and implementation of the duties of the Integrated Governance Committee;
2. Definitions used in the Integrated Governance Committee;
3. Establishment and Structure of the Integrated Governance Committee;
4. Membership requirements of the Integrated Governance Committee;
5. Membership of the Integrated Governance Committee;
6. Duties and responsibilities of the Integrated Governance Committee;
7. Authority of the Integrated Governance Committee;
8. Term of office of members of the Integrated Governance Committee;
9. Meetings of the Integrated Governance Committee;
10. Reporting of the Integrated Governance Committee; and

The BNI Integrated Governance Committee Charter is evaluated and updated periodically, with the latest update performed on September 19, 2025, which has been published on the BNI official website (https://www.bni.co.id/id-id/perseroan/tata-kelola/komite-dewan-komisaris). The Bank takes this step as a form its commitment to transparency and information disclosure to all stakeholders.

DUTIES AND RESPONSIBILITIES OF THE INTEGRATED GOVERNANCE COMMITTEE

The BNI Integrated Governance Committee has duties and responsibilities that at least include:
1. Evaluating the implementation of Integrated Governance at least through an assessment of the adequacy of internal control, the implementation of integrated compliance functions, and the implementation of Integrated Governance Guidelines. In conducting the evaluation, the Integrated Governance Committee obtains information in the form of evaluation results on the implementation of internal audits, the implementation of risk management, and the compliance function of each Financial Services Institution from members of the Board of Commissioners of each Financial Services Institution who are members of the Integrated Governance Committee.
2. Providing recommendations to the Board of Commissioners of the PIKK regarding the results of the evaluation of the implementation of Integrated Governance and the improvement of the Integrated Governance Guidelines.
3. Carrying out the duties of the Board of Commissioners of the PIKK to review and evaluate materials related to the duties of the Integrated Governance Committee and/or other duties determined by the Board of Commissioners of the PIKK.
4. Evaluating the suitability between the Integrated Governance policy and the implementation of said policy and providing recommendations to the Board of Commissioners of the PIKK regarding the Integrated Governance policy and its implementation to ensure that Integrated Governance management has been carried out adequately.
5. Before the current fiscal year, the Integrated Governance Committee must prepare and submit an Annual Work Plan and Budget to the Board of Commissioners of the PIKK for determination, a copy of which is submitted by the Board of Commissioners of the PIKK to the Board of Directors of the PIKK for information. The implementation of the Integrated Governance Committee's Annual Work Plan and Budget is reported to the Board of Commissioners of the PIKK.
6. Members of the Integrated Governance Committee must carry out their duties properly and maintain the confidentiality of all documents, data, information, and everything related to the implementation of the Integrated Governance Committee's Duties, which are only to be used for the purpose of carrying out their duties.

AUTHORITY OF THE INTEGRATED GOVERNANCE COMMITTEE

As part of its duties to assist the Board of Commissioners of the PIKK, the Integrated Governance Committee is delegated the following authorities:

1. The Integrated Governance Committee may request explanations or necessary information regarding employees, funds, assets, and other resources related to the implementation of its duties to the Financial Services Institutions within the BNI financial conglomerate, while still observing applicable regulations. The Committee is required to report the results of such assignments in writing to the Board of Commissioners of the PIKK.
2. Members of the Integrated Governance Committee are authorized to communicate with work units in the PIKK, for functions including Internal Audit, Legal and Compliance, Finance and Risk Management, Human Resources, and necessary aspects of Business Operations functions, to obtain information, clarification, and request required reports in an integrated manner and/or to fulfill the duties of the Integrated Governance Committee.
3. To carry out its duties, the Integrated Governance Committee may cooperate or coordinate with other Committees under the Board of Commissioners of the PIKK, as well as relevant divisions/units/work units within the PIKK or other Financial Services Institutions within the BNI Financial Conglomerate.

POLICY ON APPOINTMENT, DISMISSAL, AND TERM OF OFFICE OF THE INTEGRATED GOVERNANCE COMMITTEE MEMBERS

Policies regarding the appointment, dismissal, and term of office of the BNI Integrated Governance Committee are described as follows:

1. The Chairperson and members of the Integrated Governance Committee are appointed and dismissed by the Board of Commissioners of the PIKK.
2. Members of the Integrated Governance Committee who are members of the Board of Commissioners of the PIKK, or the Board of Commissioners and Supervisory Board of Financial Services Institutions:
   a. Serve a term that aligns with their appointment as members of the Board of Commissioners or Supervisory Board, as determined by the GMS.
   b. Automatically cease to hold office when their term as a member of the Board of Commissioners or Supervisory Board ends.
3. The term of office of members of the Integrated Governance Committee who come from independent parties is a maximum of 3 (three) years and can be extended once for a period of 2 (two) years so that the total term of office of members of the Integrated Governance Committee who come from independent parties in the company is a maximum of 5 (five) years, without reducing the rights of the Board of Commissioners of the PIKK to dismiss the relevant committee members at any time.
4. The Board of Commissioners of the PIKK may dismiss members of the Integrated Governance Committee at any time if they are deemed to have failed to perform their duties as stipulated in the Decree of appointment/assignment of the relevant committee members.
5. If the member of the Board of Commissioners of the PIKK serving as Chairperson of the Integrated Governance Committee resigns from their position as a member of the Board of Commissioners of the PIKK, the Chairperson must be replaced by another Independent Commissioner of the PIKK who also serves as Chairperson of one of the Committees within the PIKK, within a maximum of 30 (thirty) days.
6. The dismissal and appointment of Committee members are reported to the GMS.

STRUCTURE, MEMBERSHIP, AND EXPERTISE OF THE INTEGRATED GOVERNANCE COMMITTEE

Requirements and criteria regarding the structure and membership of the BNI Integrated Governance Committee are described as follows:

a. The Integrated Governance Committee consists of at lea:
   1) An Independent Commissioner who serves as Chairperson of one of the committees within the PIKK, as the Chairperson as well as a member;
   2) Independent Commissioners representing and appointed from each Financial Services Institution within the BNI Financial Conglomerate, as members;
   3) An independent party as a member. The independent party may come from independent party members of the Committees within the PIKK;
   4) Members of the Sharia Supervisory Board from Financial Services Institutions that carry out business activities based on Sharia principles within the BNI Financial Conglomerate as members, the number of whom is adjusted to the needs of the BNI Financial Conglomerate as well as the efficiency and effectiveness of the Integrated Governance Committee's duties.

b. The number and composition of Independent Commissioners who are members of the Integrated Governance Committee as referred to in point a.2 above are adjusted to the needs of the BNI Financial Conglomerate and the efficiency and effectiveness of the Integrated Governance Committee's duties, considering at least the representation of each financial services sector.
c. The membership of Independent Commissioners in the Integrated Governance Committee as referred to in point a.2 above may consist of permanent and non-permanent membership, in accordance with the needs of the BNI Financial Conglomerate, whereby if necessary, the PIKK may add non-permanent membership of Independent Commissioners from Financial Services Institutions that have not yet become members of the Integrated Governance Committee.
d. The membership of Independent Commissioners, independent parties, and members of the Sharia Supervisory Board in the Integrated Governance Committee within the BNI Financial Conglomerate as referred to in point a. above is not considered as holding concurrent positions.

NUMBER, STRUCTURE, AND COMPOSITION OF THE INTEGRATED GOVERNANCE COMMITTEE MEMBERS

The membership composition of the BNI Integrated Governance Committee as of December 31, 2025, consisted of 13 (thirteen) members, with the latest changes based on the BNI Board of Commissioners' Decree No. KEP/035/DK/2025 and No. KEP/037/DK/2025 dated December 18, 2025. BNI confirms that the number and structure of the Integrated Governance Committee are in alignment with the provisions regulated in the Integrated Governance Committee Charter.

The composition of the BNI Integrated Governance Committee members for the 2025 period is as follows:

January 1, 2025 – March 26, 2025 Period

Name	Position	Term of Office	Period	Position in Main Entity (i.e., PIKK) and Subsidiary Company
Pradjoto[1]	Chairman	October 30, 2023 - March 26, 2025	First	President Commissioner/Independent Commissioner of the Main Entity (i.e. PIKK)
Askolani[2]	Member	March 10, 2020 - March 26, 2025	Second	Commissioner of Main Entity (i.e. PIKK)

QUALIFICATIONS, EDUCATION, AND WORK EXPERIENCE OF THE INTEGRATED GOVERNANCE COMMITTEE

BNI ensures that all members of the Integrated Governance Committee have met the individual requirement criteria, both general and specific, as stipulated in the Integrated Governance Committee Charter, which are as follows:

A. General Requirements
   1) Have integrity, good character and morals and sufficient work experience related to the committee's duties;
   2) Have no personal interests/connections that can have a negative impact and conflict of interest on Financial Services Institutions in the BNI Financial Conglomerate.

B. Competency Requirements
   1) Have adequate educational background, skills, knowledge and experience in banking or other financial services institutions;
   2) Be able to work together, have good and effective communication skills, and provide sufficient time to carry out their duties;
   3) Have sufficient knowledge and understanding of the principles and processes of implementing GCG in general, as well as laws and regulations in the banking sector and other financial services institutions, especially those related to the operational activities of banking and other financial services institutions.

QUALIFICATIONS, EDUCATION, AND WORK EXPERIENCE OF THE INTEGRATED GOVERNANCE COMMITTEE

With reference to the provisions above, the Bank ensures that the current chairman and all members of the Integrated Governance Committee have met the educational qualification and work experience criteria as explained in the table below:

STATEMENT OF INDEPENDENCE OF THE INTEGRATED GOVERNANCE COMMITTEE

The Integrated Governance Committee discharges its duties and reporting independently and is directly responsible to the Board of Commissioners of the Parent Company of the Financial Conglomerate (i.e., PIKK). BNI ensures that all Committee members from independent parties have met the following independence requirements:

1. Are parties outside BNI who do not have financial, management, share ownership and/or family relationships with the Board of Commissioners, Supervisory Board, Board of Directors and/or Controlling Shareholders of Financial Services Institutions in the BNI Financial Conglomerate, or relationships with Financial Services Institutions in the BNI Financial Conglomerate that may affect their ability to act independently. The financial, management, share ownership and/or family relationships referred to are in accordance with the definition set forth in the applicable laws and regulations;
2. Do not have any direct or indirect business relationships related to the business activities of Financial Services Institutions in the BNI Financial Conglomerate.
3. The Committee is required to sign an integrity pact which is a statement and commitment to comply with all provisions of laws and regulations and GCG principles.

By fulfilling all aspects of Independence above, all members of the Integrated Governance Committee are always able to provide fair and balanced assessments of all relevant conditions and are not influenced by personal interests or other parties in expressing their opinions.

Integrated Governance Committee Independency

INTEGRATED GOVERNANCE COMMITTEE MEETING

Meeting Implementation Policy

The meetings of the Integrated Governance Committee are conducted in accordance with the policies and procedures regulated in the Integrated Governance Committee Charter, as follows:

1. The Integrated Governance Committee must hold a meeting at least 1 (one) time in 2 (two) months.
2. The Integrated Governance Meeting can only be held if attended by at least 51% (fifty one per hundred) of the total number of members.
3. The Integrated Governance Committee Meeting is led by the Chairperson of the Integrated Governance Committee or the most senior member of the Integrated Governance Committee if the Chairperson of the Integrated Governance Committee is unable to attend.
4. If deemed necessary, the Integrated Governance Committee may invite other parties related to the agenda/discussion of the meeting to attend the Integrated Governance Committee Meeting.
5. The committee meeting must be attended by each Independent Commissioner from the Financial Services Institution in the BNI Financial Conglomerate who is a member of the Integrated Governance Committee. In the event that the relevant independent Commissioner is unable to attend the Integrated Governance Committee meeting, then another Commissioner who is not a member of the Integrated Governance Committee or an official at the relevant Financial Services Institution may be asked to attend the Integrated Governance Committee meeting by filling in the meeting attendance list, but is not counted in the attendance quorum and the number of votes taken to reach a decision at the meeting.
6. Decisions at the Committee meeting are made based on consensus.
7. In the event that consensus does not occur, decisions are made based on a majority vote. Meeting decisions are considered valid if approved by more than ½ (one half) of the total number of members of the Integrated Governance Committee present. The regulation of the voting rights of Committee members adheres to the principle of 1 (one) person 1 (one) vote.
8. Committee meetings may be held via teleconference, video conference, or other electronic media.
9. The results of the Committee meeting must be stated in the minutes of the meeting signed by all members of the Committee present and properly documented.
10. Dissenting opinions that occur in the meeting are clearly stated in the minutes of the meeting along with the reasons for the differences of opinion.
11. The attendance of Committee members in meetings is reported in the quarterly report and the annual report of the committee.

Frequency and Level of Attendance of Integrated Governance Committee Members in Meetings

Throughout 2025, the Integrated Governance Committee held 11 (eleven) meetings and 1 (one) internal consolidation. The internal consolidation was conducted due to the vacancy of the committee chairman/member from the PIKK (who was undergoing the OJK Fit & Proper Test) and was not calculated as a committee meeting agenda. The frequency of these meetings has complied with the provisions stipulated in the Integrated Governance Committee Charter. The following is the attendance data of BNI's Integrated Governance Committee members in these meetings throughout 2025, reflecting the level of participation and commitment of the members in performing their supervisory duties and responsibilities effectively and consistently.

Frequency and Level of Attendance of Integrated Governance Committee Members in Meetings

Name	Position	Number of Meetings	Attended	Percentage
Omar Sjawaldy Anwar[1]	Chairman	8	7	88%
Tedi Bharata[2]	Member	8	6	75%

KPI ACHIEVEMENT OF THE INTEGRATED GOVERNANCE COMMITTEE 2025

The performance of the Integrated Governance Committee is evaluated based on the KPIs mutually agreed upon at the beginning of the year as the performance benchmark. In 2025, the Integrated Governance Committee successfully achieved 100% of its set KPI targets. This achievement demonstrates the Committee's success in ensuring that integrated governance principles are implemented effectively across all business group entities, aligning policies and procedures between entities, and improving the quality of coordination and governance reporting to the Board of Commissioners and regulators.

WORK PROGRAM AND IMPLEMENTATION OF COMMITTEE DUTIES 2025

Throughout 2025, the Integrated Governance Committee performed its supervisory and monitoring functions regarding governance implementation within the BNI Financial Conglomerate through periodic meetings, discussions of management reports, and evaluations of entity compliance with integrated governance principles. The Committee demonstrated its commitment by providing strategic recommendations to the Board of Commissioners of the Parent Company of the Financial Conglomerate (i.e., PIKK) regarding the strengthening of governance structures, risk mitigation, and the enhancement of inter-entity coordination. All results of the Committee's work were submitted periodically to the Board of Commissioners as a form of accountability and transparency.

The following are the key activities of the Integrated Governance Committee in 2025:

1. Enhancing the quality of the integrated compliance function by conducting self-assessments of the compliance culture implementation in each BNI Subsidiary, evaluating the implementation of anti-fraud strategies, the Whistleblowing System, Anti-Money Laundering, Prevention of Terrorism Financing, and Prevention of Proliferation Financing of Weapons of Mass Destruction (AML-CFT-PPWMP) within the BNI financial conglomerate, and evaluating the implementation of the integrated compliance function.
2. Improving the quality of integrated internal control by ensuring that the quality and quantity of auditors in Subsidiaries are adequate, evaluating the effectiveness of the integrated internal control system, and evaluating the internal audit results of Subsidiaries along with their follow-up actions.
3. Enhancing the quality of integrated risk management implementation by monitoring action plans, correcting root causes in integrated risk management, evaluating the integrated risk profile and the Quality of Integrated Risk Management Implementation (KPMR), and reviewing the General Policy for Integrated Risk Management.
4. Maintaining the quality of Integrated Governance implementation by evaluating the structure, process, and results of integrated governance, reviewing and evaluating the Integrated Governance Guidelines, and increasing knowledge of best practices in integrated governance implementation.
5. Monitoring the effectiveness of integrated governance results by evaluating integrated financial performance, as well as evaluating synergy plans between BNI and Subsidiaries, and synergies between Subsidiaries.

Referring to the strategy and work program of the Integrated Governance Committee, the execution of the Committee's activities and duties was carried out through the following mechanisms:

1. Holding Integrated Governance Committee Meetings, including inviting relevant Directors and relevant divisions/units;
2. Attending meetings of the Board of Commissioners and joint meetings of the Board of Commissioners and Board of Directors on agendas related to the duties of the Integrated Governance Committee;
3. Conducting studies/evaluations/reviews outside of meeting forums.

All meeting results as well as monitoring, evaluation, and review activities conducted by the Integrated Governance Committee were submitted to the Board of Commissioners in the form of reports and recommendations, both in writing and within meeting forums. The Committee also submitted suggestions, opinions, and recommendations in writing to the Board of Directors for follow-up. Throughout 2025, the Integrated Governance Committee held 11 (eleven) meetings and 1 (one) internal consolidation. The internal consolidation was conducted due to the vacancy of the committee chairman/member from the PIKK (who was undergoing the OJK Fit & Proper Test).

The activities of the Integrated Governance Committee during 2025 generally covered the following matters:

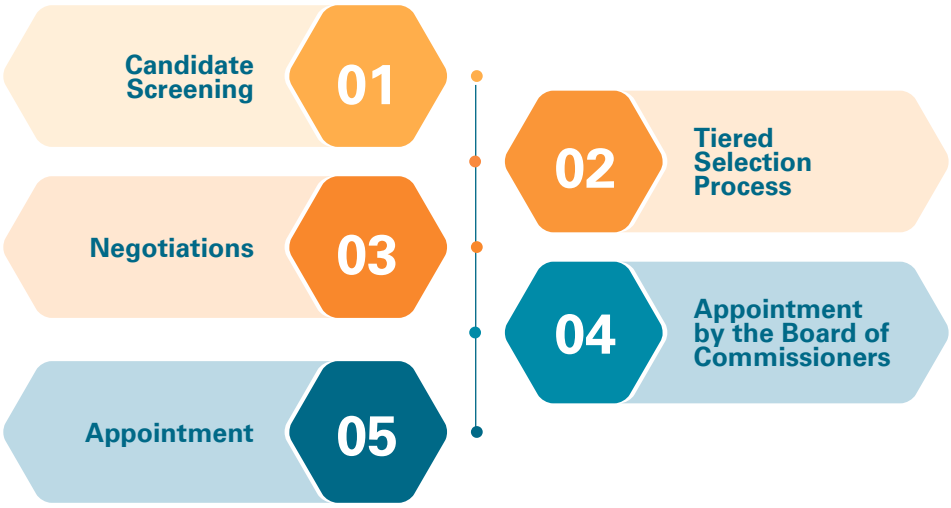
1. Performance Evaluation & Strategic Planning:
   Supervision through a comprehensive evaluation of integrated financial performance and synergy between the parent company and subsidiaries throughout 2024, as well as discussions on strategic plans, business plans, and inter-company synergy plans for 2025.
2. Risk Management & Governance:
   Supervision through the evaluation of the Integrated Risk Profile and Integrated Minimum Capital Adequacy Requirement (KPMM), as well as evaluating the results of self-assessments on the implementation of Integrated Governance.
3. Internal Control:
   Supervision through evaluating the effectiveness of the Internal Control System (SPI) and the Integrated Audit Work Unit, and discussing improvements in the quality/quantity of auditors and the follow-up of internal audit results in subsidiaries.
4. Information Technology & Cybersecurity:
   Supervision of the evaluation of Information Technology implementation, Cyber Security, and follow-up on IT audits in subsidiaries, as well as monitoring integrated strategy by evaluating integrated technology strategies and BNI's guidelines for subsidiaries.
5. Compliance & Anti-Fraud:
   Compliance Program implementation through the evaluation of the integrated compliance function and the implementation of the AML-CFT and PPWMP programs. This also included discussing the roadmap for strengthening anti-fraud strategies, including evaluations and future development plans.

INTEGRATED GOVERNANCE COMMITTEE EVALUATION OF THE IMPLEMENTATION OF INTEGRATED GOVERNANCE OF BNI FINANCIAL CONGLOMERATE

Throughout 2025, the Integrated Governance Committee conducted a comprehensive evaluation of the implementation of integrated governance within the BNI Financial Conglomerate. This evaluation was carried out in accordance with the mandate of the Integrated Governance Committee Charter and OJK regulations regarding financial conglomerate governance. The review results indicate that governance principles—encompassing transparency, accountability, responsibility, independence, and fairness—have been consistently applied by the Parent Company of the Financial Conglomerate (i.e., PIKK) and its subsidiaries. All entities also maintained alignment in policies and procedures, particularly in risk management, compliance, and internal control.

INTEGRATED GOVERNANCE COMMITTEE WORK PLAN FOR 2026

The Integrated Governance Committee has established its 2026 work plan with a focus on the following strategic priorities:



1. Strengthening the Governance Pillar: Aimed at encouraging the achievement of integrated governance with a "Good" rating through monitoring financial performance, evaluating strategic plans, and increasing synergy between the Parent Company of the Financial Conglomerate (i.e., PIKK) and Subsidiaries.
2. Improving the Quality of the Risk & Compliance Pillar: To ensure the effective implementation of integrated risk management, including the evaluation of risk profile self-assessments and minimum capital adequacy requirements, as well as compliance functions covering the implementation of Anti-Money Laundering and Countering the Financing of Terrorism (AML-CFT) programs, Anti-Bribery Management Systems (SMAP), and anti-fraud strategies.
3. Optimizing the Internal Control Pillar: Focusing on improving the quality of integrated internal control and the effectiveness of audits at Subsidiaries to ensure reporting reliability and operational compliance.
4. Enhancing the Performance Effectiveness of the Integrated Governance Committee

REMUNERATION OF MEMBERS OF THE INTEGRATED GOVERNANCE COMMITTEE

[ACGS C.3.4]

The remuneration policy for members of the Integrated Governance Committee who are part of the Board of Commissioners of the Parent Entity, the Board of Commissioners of Subsidiaries, and the Sharia Supervisory Board of Subsidiaries is integrated with the honorarium provided to the Board of Commissioners and/or the Sharia Supervisory Board of Subsidiaries, with no special honorarium allocated to individual committee members. Meanwhile, the honorarium for independent (NonCommissioner) committee members is determined by the Board of Commissioners, with a maximum amount set at 20% of the President Director's salary, and no additional income beyond this honorarium is provided. This policy aligns with the provisions of Minister of SOEs Regulation No. PER-3/MBU/03/2023 dated March 20, 2023, concerning the Organization and Human Resources of State-Owned Enterprises.

Procedures for Replacing Members of Committees Under the Board of Commissioners

In order to strengthen the supervisory function and ensure sustainable corporate governance, the Company maintains a systematic mechanism for the replacement of Independent Committee members for committees under the Board of Commissioners. This procedure is conducted transparently and accountably through the following stages:

- **Candidate Recruitment,** The process begins with the identification and sourcing of candidates by the Company's Recruiter. The primary focus of this stage is to attract professional candidates with credible track records, ensuring the fulfillment of competency and eligibility requirements in accordance with regulations, as well as fostering a diversity of perspectives and independence within the committee structure.
- **Multi-Tiered Selection Process,** Sourced candidates are required to undergo a series of selection processes to ensure their competencies align with regulatory requirements and organizational needs. This includes administrative screening, technical competency assessments related to the committee's specific scope of duties, and interviews conducted by the Board of Commissioners.
- **Negotiation of Employment Terms and Remuneration**, After passing the competency selection stage, the selected candidate enters the negotiation phase. This process involves discussions regarding rights, obligations, working terms, and the remuneration package, which is structured with due regard to industry standards and the Company's applicable regulations.
- **Deliberation and Approval by the Board of Commissioners**, The Board of Commissioners conducts an internal deliberation to review the overall results of the selection and negotiation process. The outcome of these discussions is formalized in a Board of Commissioners Decree (SK), which serves as the legal basis for the appointment of the selected candidate.
- **Appointment by the Board of Directors,** This is the final stage of the appointment procedure. Based on the Board of Commissioners Decree, the Board of Directors shall officially

Supporting Organs of the Board of Commissioners

The Board of Commissioners is assisted by the Board of Commissioners Secretariat, led by the Secretary of the Board of Commissioners, to facilitate seamless administrative process and operational activities related to the oversight and advisory functions. The establishment of this supporting organ refers to the applicable laws and regulations governing public companies, the banking sector, and state owned enterprises.

SECRETARY OF THE BOARD OF COMMISSIONERS

The Secretary of the Board of Commissioners is a supporting organ appointed and dismissed by the Board of Commissioners through the latter's Decree to, and is directly accountable to the Board of Commissioners. The position is held by an external party to the Bank and leads the BNI Board of Commissioners Secretariat, which is responsible for providing administrative and operational support to ensure the effective performance of the Board of Commissioners' functions. In carrying out its duties, the Secretary of the Board of Commissioners is assisted by staff drawn from both external parties and internal employees of the Bank.

Legal Basis for Establishment

The establishment and existence of the Secretary of the Board of Commissioners within BNI's corporate governance structure refer to Regulation of the Minister of State Owned Enterprises No. PER 3/ MBU/03 2023 on the Organs and Human Resources of State Owned Enterprises, which regulates the Board of Commissioners Secretariat and the staff of the Secretary of the Board of Commissioners.

Work Guidelines and Procedures

In carrying out secretarial duties and responsibilities, the Secretary of the Board of Commissioners and staff are required to comply with the Guidelines and Procedures and Regulations of the Secretariat of the Board of Commissioners, which have been stipulated in the Board of Commissioners Decree No. KEP/041/ DK/2017 dated September 28, 2017, concerning Guidelines and Procedures for the Secretariat of the Board of Commissioners. In general, the charter regulates the following matters:

1. Appointment and Position of Secretary to the Board of Commissioners;
2. Term of Office of the Secretary to the Board of Commissioners, who is from outside the bank, and the Board of Commissioners' Secretariat Staff;
3. Requirements for Secretary to the Board of Commissioners;
4. Remuneration of the Secretary to the Board of Commissioners, who is from outside the bank, and the Board of Commissioners' Secretariat Staff;
5. Duties of the Secretariat and Secretary to the Board of Commissioners;
6. Access to and confidentiality of information;
7. Working time of the Secretary to the Board of Commissioners, who is from outside the bank, and the Board of Commissioners' Secretariat Staff;
8. Performance assessment of the Board of Commissioners Secretariat;
9. Prohibition of concurrent positions;
10. Mechanism for Coordinating the Board of Commissioners' Secretariat with the Corporate Secretary and committees under the Board of Commissioners.

Profile of the Secretary of the Board of Commissioners

The Secretary of the Board of Commissioners of BNI is currently held by Muhammad Yusuf, who was appointed pursuant to the Board of Commissioners' Decree No. KEP/14/DK/2025 dated August 21, 2025.

Secretary of the Board of Commissioners Requirements

BNI has established individual criteria and requirements that must be met by the Secretary of the Board of Commissioners, as follows:

1. Understand SOE management, monitoring, and development systems;
2. Has good integrity;
3. Understands the secretariat function;
4. Has the ability to communicate and coordinate properly; and
5. Has sufficient time to perform the duties at the Bank.

Secretary of the Board of Commissioners Duties and Responsibilities

In accordance with the Guidelines and Rules of Procedure of the Board of Commissioners Secretariat, the Secretary of the BNI Board of Commissioners performs the following duties and responsibilities:

1. Coordinating the Board of Commissioners Secretariat duties in performing the following duties:
   a. Preparing meetings, including briefing sheets for the Board of Commissioners;
   b. Preparing minutes of the Board of Commissioners' meeting according to the Bank's Articles of Association, including attending and preparing Minutes of joint meetings of the Board of Commissioners and the Board of Directors;
   c. Administering the Board of Commissioner's documents either incoming letters, outgoing letters, minutes of meetings, or any other documents;
   d. Drafting the Board of Commissioners Work Plan and Budget; and
   e. Drafting the Board of Commissioners' Reports.
2. In addition to performing duties stated in number 1 above, the Secretary of the Board of Commissioners as the head of the Board of Commissioners Secretariat performs the following duties:
   a. Ensuring that the Board of Commissioners complies with the laws and regulations and implements Good Corporate Governance principles;

b. Providing information needed by the Board of Commissioners periodically or at any time when requested;
c. Coordinating Committee members, if necessary, to ensure the ease of the Board of Commissioners' duties;
d. Becoming the liaison officer between the Board of Commissioners and other parties;
e. Performing other duties given by the Board of Commissioners, among others but not limited to:
   i. Coordinating the preparation of draft Decrees for the Board of Commissioners;
   ii. Coordinating the studies/reviews required by the Board of Commissioners;
   iii. Accompanying the Board of Commissioners on work visits/official trips to work units within the Company, and coordinating with committees under the Board of Commissioners in preparing the Board of Commissioners reports on the work visits/official trips; and
   iv. Accompanying the Board of Commissioners in meetings with the regulators or the Bank supervisors related to the Board of Commissioners duties and obligations as the Company's supervisor.

3. In the framework of administrative order and good corporate governance implementation, the Board of Commissioners Secretariat must ensure that documents reflect the Board of Commissioners' activities, and are well kept at the Bank.

Secretary of the Board of Commissioners Prohibition of Concurrent Positions

Secretaries and staff of the BNI Board of Commissioners Secretariat who come from external parties are not permitted to concurrently serve as:

1. Members of the Board of Commissioners/ Supervisory Board of another BUMN/Company;
2. Secretary/Staff Secretary to the Board of Commissioners in State-Owned Enterprises (BUMN) or other companies;
3. Other committee members in the Company; and/or;
4. Committee members in BUMN/other companies.

Board of Commissioners Secretary Competency Improvement Program 2025

In 2025, the Secretary of the Board of Commissioners and staff have carried out the following education or training:

Type of Training and Competency Development Program	Date of Implementation	Location	Organizer
Merger and Its Impact on Enhancing Corporate Performance: A Plenary Study on the Urgency of Integration A Case Study of Pelindo and the Urgency of Maritime Integration	April 30, 2025	Jakarta	Ministry of State-Owned Enterprises

Implementation of the Duties of Secretary of the Board of Commissioners in 2025

Throughout 2025, the Secretary of the Board of Commissioners played an active role in ensuring that all oversight and advisory activities of the Board of Commissioners were carried out effectively. This role was manifested through the following series of duties and activities:

1. Assist in preparing the 2025 Board of Commissioners Work Plan and the 2025 Board of Commissioners Work Plan Realization Report;
2. Assist in the preparation of the draft Report of the Board of Commissioners, which is the obligation of the Board of Commissioners in accordance with applicable regulatory provisions, including:
   a. Reports to the Ministry of SOE Republic of Indonesia quarterly;
   b. Report to the Financial Services Authority;
   c. Report to Bank Indonesia;
   d. Board of Commissioners work visit report.
3. Monitor, review, and inform the development of the latest statutory regulations to be submitted to the Board of Commissioners, including the creation, renewal, or adjustment of Board of Commissioners Decrees based on applicable statutory regulations.

4. Coordinate and organize Board of Commissioners Meetings and Joint Board of Commissioners Meetings with the Board of Directors, including preparing meeting schedules and meeting materials, compiling and administering minutes of Board of Commissioners meetings, conveying suggestions and opinions of the Board of Commissioners based on the results of Board of Commissioners meetings to the Board of Directors, and monitoring the follow-up to the Board of Commissioners' suggestions and opinions.
5. Assist and support the implementation of the duties of committees under the Board of Commissioners as part of the duties of the Board of Commissioners based on applicable regulations, including:
   a. Coordinating the division of tasks of committees under the Board of Commissioners;
   b. Coordinate and prepare meetings for committees under the Board of Commissioners, including preparing meeting materials, compiling and administering minutes of meetings, and conveying suggestions and opinions on the results of evaluations and committee meetings to the Board of Commissioners as input;
   c. Monitor the implementation of the Work Plan of committees under the Board of Commissioners; and
   d. Ensure completion of reports from committees under the Board of Commissioners.
6. Carry out administrative duties related to the smooth running of the Board of Commissioner's duties, namely management, storage, and administration of Minutes of Meetings of the Board of Commissioners and Meetings of the Board of Commissioners with the Board of Directors, as well as Minutes of meetings of committees under the Board of Commissioners, documents/correspondence from the Commissioner to the Board of Directors, and other parties, including preparing drafts of approval letters as well as strategic input/suggestions from the Board of Commissioners, which are submitted to the Board of Directors.
7. Accompany work visits/official trips (online) of the Board of Commissioners to work units within the Company at meetings with regulators or bank supervisors related to the duties and obligations of the Board of Commissioners.

Remuneration of the Secretary to the Board of Commissioners [ACGS C.3.4]

In order to ensure the professional execution of secretarial functions in alignment with the principles of good corporate governance, the remuneration of the Secretary of the Board of Commissioners is determined by the Board of Commissioners, taking into account the Bank's financial capacity. As stipulated in the Regulation of the Minister of State Owned Enterprises No. PER-3/MBU/03/2023 on the Organs and Human Resources of State Owned Enterprises, the honorarium received by the Secretary of the Board of Commissioners of BNI is capped at a maximum of 15% (Fifteen percent) of the President Director's salary, a transportation allowance of 20% (Twenty percent) of the monthly honorarium, and a religious holiday allowance paid once a year in an amount equal to one time the monthly honorarium.

Committees under the Board of Directors

In carrying out its duties, the Board of Directors is supported by the Corporate Secretary and Committees that provide input and recommendations related to policies and strategic directions. BNI has 10 (ten) committees under the Board of Directors, including:

1. Credit Committee
2. Integrated Risk Management Committee
3. Asset & Liability Committee (ALCO)
4. Risk Management & Anti-Fraud Committee
5. Business Committee
6. Performance Management Committee
7. Technology Management Committee
8. Credit Policy Committee
9. Human Capital (HR) Committee
10. Subsidiary Committee

CREDIT COMMITTEE

BNI has established Credit Committees comprising from the Head Office, Division, and Regional levels. These committees are designed to support the Board of Directors in decision-making related to lending activities, including the origination, augmentation, reduction, or extension of credit facilities within stipulated authority limits. In discharging their duties, the Credit Committees are authorized to determine or modify credit structures and ensure that the entire lending process is conducted prudently and objectively, maintaining a strategic balance between business interests and risk management.

The Credit Committees operate based on the 'four-eyes principle' to ensure a robust system of checks and balances between business and risk functions. This principle is implemented to guarantee an objective decision-making process, free from conflicts of interest, and to prevent any single-party dominance. In every decision, the Credit Committees adhere to BNI's prevailing credit policies and procedures, taking into account the debtor's condition, credit security levels, and the application of GCG principles. Beyond approving or rejecting credit applications, these committees assess risks, set exposure limits, and periodically monitor portfolio quality. Through these roles, the Credit Committees contribute to maintaining asset quality and mitigating credit risk to support the stability and sustainability of the Bank's financial performance.

CREDIT COMMITTEE CHARTER

In discharging its duties and responsibilities, the Credit Committee adheres to the Credit Guidelines, which govern authority regarding credit decisions, committee responsibilities, work procedures, and meeting mechanisms. The core provisions set forth in the BNI Credit Committee Charter are as follows:

1. Approving or rejecting credit proposals in accordance with the authority limits or credit types established by the Board of Directors;
2. Assuming accountability for credit decisions based on factors including business feasibility, credit security considerations, and compliance with credit policies, procedures, and limit provisions;
3. Coordinating with relevant divisions regarding credit funding aspects;
4. Rejecting requests and/or influence from parties interested in the credit applicant that would render the credit approval a mere formality;
5. Executing its duties, particularly regarding credit approvals within its authority, with professional proficiency, integrity, objectivity, prudence, and due diligence.

CREDIT COMMITTEE STRUCTURE AND MEMBERSHIP

The Credit Committee is tasked with making credit decisions and comprises officials from both business and risk functions. It operates based on the 'four-eyes principle' to guarantee objectivity and prevent conflicts of interest. The Credit Committee's structure spans three levels: Head Office, Division, and Regional Credit Committees. Throughout the decision-making process, the Credit Committee consistently considers the debtor's condition, credit security levels, credit policies and procedures, and the implementation of GCG principles.

PERIOD AND TENURE OF CREDIT COMMITTEE

The tenure of Credit Committee members is established in alignment with the respective structural term of office for each official at BNI.

CREDIT COMMITTEE MEMBERS PROFILE

More detailed information regarding the profiles of each Credit Committee member is extensively described in the Company Profile Chapter, under the Board of Directors Profile Sub-Chapter, Senior Executive Vice President (SEVP) Profile Sub-Chapter, and Executive Officers Sub-Chapter.

CREDIT COMMITTEE MEMBER CERTIFICATION

Each member of the Credit Committee is required to possess proven competencies verified through certification programs in accordance with prevailing regulations. In 2025, Members of the Credit Committee are certified in accordance with applicable regulations.

CREDIT COMMITTEE INDEPENDENCE STATEMENT

All members of the Credit Committee declare their commitment, capability, and willingness to discharge their duties and responsibilities independently, objectively, and in compliance with prevailing laws and GCG principles. This commitment is formalized in an Integrity Pact, which is signed and periodically updated by all members of the Credit Committee.

CREDIT COMMITTEE MEETINGS

Meeting Policy

The policy for convening Credit Committee meetings is regulated under the BNI Corporate Credit Guidelines, which encompass provisions regarding Credit Decision-Making Authority and committee meeting procedures.

Frequency and Attendance

Throughout 2025, the Credit Committee convened a series of meetings attended by the Board of Directors, totaling 865 Credit Committee sessions, with the following breakdown: 469 sessions for the Corporate Segment (including International and Institutional Banking), 278 sessions for the Enterprise Segment, 117 sessions for the Commercial Segment, and 1 session for the SME Business Segment.

CREDIT COMMITTEE TRAINING AND/OR COMPETENCY IMPROVEMENT IN 2025

Throughout 2025, the Chair and members of the Credit Committee participated in various training programs, seminars, and workshops to maintain and enhance their expertise and competencies in supporting the effective performance of their duties. Information in this regard has been presented in the Company Profile Chapter, under the subsection on the Competency Development Policy in the discussion titled Competency Development Based on Position Level and Gender Equality in 2025, as well as in the Corporate Governance Chapter, under the Board of Directors subsection in the discussion titled Training and/or Competency Improvement.

INTEGRATED RISK MANAGEMENT COMMITTEE (KMRT)

BNI as the Parent Company of a Financial Conglomeration, has established its vision to become a financial institution distinguished by excellence in service and sustainable performance. This vision is attainable, in part, through the implementation of integrated risk and capital management, managed in a prudent, effective, and efficient manner. In line with this objective, a mechanism for integrated risk and capital management is required, including the governing arrangements for the relevant executive committees.

The Integrated Risk Management Committee (KMRT) is one of BNI's permanent committees, which serves as a forum for discussing policies/ strategies for integrated risk management and risk appetite, as well as capitalization for the Financial Conglomerate. The Integrated Risk Management Committee (KMRT) of BNI was established pursuant to the Board of Directors' Decree No. KP/453/DIR/R dated September 10, 2025.

INTEGRATED RISK MANAGEMENT COMMITTEE CHARTER

To ensure that the members of BNI's Integrated Risk Management Committee (KMRT) discharge their duties and responsibilities in compliance with prevailing regulations, the Company has established the Integrated Risk Management Committee Charter as an official working guideline. This Charter is periodically reviewed, refined, and updated in alignment with recent developments and changes in applicable laws and regulations.

The most recent amendment to the Integrated Risk Management Committee Charter was enacted by the Board of Directors through Decree No. KP/453/DIR/R, dated September 10, 2025.

DUTIES AND RESPONSIBILITIES OF INTEGRATED RISK MANAGEMENT COMMITTEE

BNI's KMRT is tasked with and responsible for providing recommendations to the Board of Directors of the Parent Entity (i.e., PIKK) in order to:

1. The formulation, improvement, or refinement of Integrated Risk and Capital Management policies based on implementation evaluation results;
2. Establishing methodologies and procedures used to identify, measure, monitor, and control risks arising from all activities of the BNI Financial Conglomeration;
3. Providing recommendations regarding the determination of methodologies and assessments of the integrated risk profile and Minimum Capital Requirement (KPMM) for the BNI Financial Conglomeration.

INTEGRATED RISK MANAGEMENT COMMITTEE STRUCTURE AND MEMBERSHIP

BNI's KMRT consists of members of the Board of Directors, along with Executive Officers at one level below the Board who have been appointed. The structure of KMRT's membership is determined by a Board of Directors Decree, which also serves as the official assignment of the Chairperson, Deputy Chairperson, and Committee Members.

The most recent amendment to the Integrated Risk Management Committee Charter was enacted by the Board of Directors through Decree No. KP/453/DIR/R, dated September 10, 2025.

Position on the Committee	Filled In by	Voting Rights Status
Chairman	Risk Management Director	Holds voting rights

Non-Permanent Members	Directorate Directors/SEVPs/Management/Subsidiary Directors/Heads of Divisions/Units/Functional Units related to the meeting agenda, from both BNI and Subsidiaries/Financial Services Institutions included in the Financial Conglomeration.	As stipulated in the committee working guidelines

*) The number of BNI Directors supervising Subsidiaries refers to the prevailing Composition of Directors Supervising Subsidiaries.
**) The number of Subsidiary Directors/Management refers to the List of Financial Institutions included in the BNI Financial Conglomeration.
***) Specifically, the Human Capital & Compliance Director has specific duties and responsibilities stipulated in the Committee Working Guidelines.

PERIOD AND TENURE OF INTEGRATED RISK MANAGEMENT COMMITTEE

The term of office of KMRT membership is determined following each structural term of office at BNI.

PROFILE OF CHAIRMAN AND MEMBERS OF INTEGRATED RISK MANAGEMENT COMMITTEE

More detailed information on the profiles of BNI KMRT committees and members has been fully described in the Company Profile Chapter, Board of Directors Profile Sub-chapter, Senior Executive Vice President (SEVP) Profile Sub-chapter and Executive Officers Sub-chapter.

CERTIFICATION OF INTEGRATED RISK MANAGEMENT COMMITTEE

All members of BNI's KMRT Committee possess relevant certifications to support the competency requirements necessary for discharging their duties and responsibilities. These certifications serve as a fulfillment of the mandatory professional expertise standard.

STATEMENT OF INDEPENDENCE OF INTEGRATED RISK MANAGEMENT COMMITTEE

All members of the Integrated Risk Management Committee have carried out their duties and responsibilities independently. Statement of Independence of the Integrated Risk Management Committee has been disclosed in the Integrity Pact which is regularly updated and signed by all committee personnel.

INTEGRATED RISK MANAGEMENT COMMITTEE MEETING

Implementation of the Integrated Risk Management Committee Meeting

In accordance with the provisions stipulated in the Integrated Risk Management Committee Charter, the policies and procedures for the implementation of BNI KMRT meetings are as follows:

1. The Committee convenes meetings at least 2 (two) times in 1 (one) year or in accordance with exigencies, at a determined venue, time, and date, thereby enabling all members to schedule their attendance.
2. The committee may hold an emergency meeting considering the importance of the issue that requires immediate decision.
3. The Committee Quorum accounts for the Chairperson and Permanent Members (voting members) at the designated Board of Directors and SEVP level. A meeting quorum is achieved if attended by more than 1/2 (one-half) of the Committee quorum and must be attended by the Committee Chairperson.
4. In terms of decision-making, only all voting members consisting of Permanent Members and Non-Permanent Members of the Committee at the Director & SEVP level shall be present at the meeting and have voting rights.

Frequency and Attendance Rate

In 2025, BNI held 2 (two) KMRT meetings attended by the Board of Directors and committee members. More detailed information on the implementation of KMRT meetings and the attendance rate of committee members in these meetings is described in the following table:

No.	Date of Meeting	Meeting Agenda	Attendance Quorum (%)
1	January 24, 2025	a. Results of the Integrated Risk Profile Self-Assessment as of December 31, 2024 b. Integrated Minimum Capital Requirement as of December 31, 2024	87.5% (Fulfilled)
2	August 1, 2025	a. Results of the Integrated Risk Profile Self-Assessment as of June 30, 2025 b. Integrated Minimum Capital Requirement (KPMM) as of June 30, 2025 c. Results of the 2025 Integrated Risk Appetite Statement Review	87.5% (Fulfilled)

TRAINING AND/OR COMPETENCY IMPROVEMENT OF INTEGRATED RISK MANAGEMENT COMMITTEE IN 2025

Throughout 2025, BNI's Integrated Risk Management Committee (IRMC) participated in various training programs, seminars, and workshops to maintain professionalism while enhancing analytical capabilities in managing integrated risks. This reflects BNI's commitment to building human resource capacity at the strategic level.

Related information is described in the Company Profile chapter, Competency Development Policy subchapter in the discussion titled Senior Executive Vice President (SEVP) Competency Development, as well as in the Corporate Governance chapter, Board of Directors subchapter, in the discussion titled Training and/or Competency Improvement for the Boards of Directors Members in 2025.

IMPLEMENTATION OF INTEGRATED RISK MANAGEMENT COMMITTEE DUTIES IN 2025

Throughout 2025, KMRT has carried out its duties in accordance with the following responsibilities:

a. The Committee has formulated and established a General Integrated Risk Management Policy in a timely manner and in line with regulatory requirements.
b. The Committee consistently evaluates and refines policies based on the results of implementation monitoring to ensure the effectiveness and relevance of integrated risk management.
c. The Committee has established methodologies and comprehensively implemented Integrated Risk Profile and Integrated Minimum Capital Adequacy Requirement (KPMM) assessments to support conglomerate-wide strategic decision-making.

INTEGRATED RISK MANAGEMENT COMMITTEE WORK PLAN FOR 2026

The Integrated Risk Management Committee (KMRT) has established its work plan for 2026 with the following strategic priorities:

1. Integrated Risk Management Committee 01-2026 (Q1/2026)
   a. Approval of Integrated Risk Profile Self-Assessment Results as of December 31, 2025;
   b. Approval of Integrated Risk Profile Self-Assessment Results as of December 31, 2025.

2. Integrated Risk Management Committee 02-2026 (Q3/2026)
   a. Approval of Integrated Risk Profile Self-Assessment Result as of June 30, 2026;
   b. Approval of the Calculation Result of the Integrated Capital Adequacy Requirement (CAR) as of June 30, 2026;
   c. Approval of the Integrated Risk Appetite Review Year 2026.

ASSET & LIABILITY COMMITTEE (ALCO)

The Asset & Liability Committee (ALCO) is one of BNI's strategic committees that supports the Board of Directors in managing the balance sheet structure, liquidity, as well as market and interest rate risks. ALCO plays a critical role in ensuring an appropriate balance between the Bank's assets and liabilities in line with profitability objectives and the Bank's defined risk appetite.

ALCO is responsible for formulating funding strategies, managing liquidity, determining product pricing policies, and monitoring developments in financial markets that may affect BNI's financial position. In addition, ALCO evaluates cash flow projections, controls interest rate and foreign exchange risks, and optimizes the efficient use of capital.

ALCO regularly convenes meetings to discuss current financial conditions, market trends, and stress testing scenarios to ensure BNI's readiness in addressing economic dynamics. Through its roles and functions, ALCO serves as an essential instrument in maintaining financial stability, strengthening risk management, and supporting sustainable business growth.

ASSET & LIABILITY COMMITTEE CHARTER

The ALCO Committee operates under a work guideline outlined in the Asset & Liability Management Committee (ALCO) Charter, which was ratified by the Board of Directors through Decree No. KP/455/DIR/R dated September 10, 2025. This charter is periodically reviewed and updated to align with evolving regulatory requirements and legal changes.

DUTIES AND RESPONSIBILITIES OF THE ASSET & LIABILITY COMMITTEE

The Asset & Liability Committee (ALCO) has the following duties and responsibilities:

a. Determine the objectives and targets of BNI's Asset & Liability Management (ALMA) and to formulate the necessary policies and strategies.
b. Provide guidance on the management of BNI's assets and liabilities.
c. Determine and maintain an adequate level of liquid instruments in accordance with liquidity requirements and regulatory provisions.
d. Maintain a balanced structure between the use of funds and sources of funds.
e. Establish policies for fund placements, including Primary Reserve, Secondary Reserve, Tertiary Reserve, and Loans.
f. Analyze the balance sheet structure and assess all risks arising from BNI's exposures, including interest rate risk, foreign exchange risk, and liquidity risk.

g. Analyze the development and outlook of economic indicators and their impact on deposit and loan positions, foreign exchange positions, interest rates, exchange rates, and BNI's profitability.
h. To determine lending interest rates (base rates) and deposit interest rates for demand deposits, savings, and time deposits.

ASSET & LIABILITY COMMITTEE STRUCTURE AND MEMBERSHIP

BNI's ALCO consists of members of the Board of Directors, along with appointed Executive Officers at one level below the Board. The structure of ALCO's membership is determined by a Board of Directors Decree, which also serves as the official assignment of the Chairperson, Deputy Chairperson, and Committee Members.

The composition of BNI ALCO Committee as of December 31, 2025, based on Decree No. KP/455/ DIR/R dated September 10, 2025 regarding Asset & Liability Committee Arrangement (ALCO), is as follows:

Position on the Committee	Filled In by	Voting Rights Status
Chairman	President Director	Holds voting rights
Vice Chairman	Deputy President Director	Holds voting rights
Secretary	Treasury Division Head (concurrently serving as a permanent member)	Holds no voting rights
Permanent Members at the Director & SEVP Level	1. Treasury & International Banking Director 2. Corporate Banking Director 3. Institutional Director 4. Commercial Banking Director 5. Consumer Banking Director 6. Network & Retail Funding Director 7. Finance & Strategy Director 8. Risk Management Director 9. SEVP Treasury	Holds voting rights
Permanent Members at the Director Level	Human Capital & Compliance Director*	Holds no voting rights
Permanent Members at the Division/Unit Level	1. International & Financial Institutions Division Head 2. Corporate Banking 1 Division Head 3. Corporate Banking 2 Division Head 4. Corporate Banking 3 Division Head 5. Corporate Banking 4 Division Head 6. Syndication & Structured Finance Division 7. Institutional Banking 1 Division Head 8. Institutional Banking 2 Division Head 9. Enterprise Banking 1 Division Head 10. Enterprise Banking 2 Division Head 11. Commercial Banking 1 Division Head 12. Commercial Banking 2 Division Head 13. SME Business Division Head 14. Business Program Division Head 15. Wholesale Transaction Product & Value Chain Division Head 16. Wholesale Transaction Digital Channel Division Head 17. Retail Digital Product & Partnership Division Head 18. Retail Digital Channel Division Head 19. Consumer Product Division Head 20. Consumer Segment Division Head 21. Wealth Management Division Head 22. Corporate Credit Risk Division Head 23. Enterprise Credit Risk Division Head 24. Commercial Credit Risk Division Head 25. Retail Credit Risk Division Head 26. Retail Collection & Recovery Division Head 27. Corporate Remedial & Recovery Division Head 28. Enterprise & Commercial Remedial & Recovery Division Head 29. Network Strategy & Development Division Head 30. Subsidiaries Management Division Head 31. Head of Office of the Chief Economist Division 32. Corporate Planning & Performance Management Division Head 33. Accounting Division Head 34. Policy Governance Division Head 35. Enterprise Risk Management Division Head 36. Compliance Division Head 37. Internal Audit Unit 38. Card Business Division Head 39. Agen46 Division Head	Holds no voting rights
Non-permanent Members	Directors / SEVPs / Heads of Divisions, Units, or Functional Units relevant to the topics under discussion	As stipulated in the Committee's Work Guidelines

*) Specifically, Human Capital & Compliance Director has special duties and responsibilities as stipulated in the committee's work guidelines.

TERM AND TENURE OF ASSET & LIABILITY COMMITTEE

The tenure of ALCO Committee membership is determined in accordance with the respective structural terms of office at BNI.

PROFILE OF THE CHAIR AND MEMBERS OF THE ASSET & LIABILITY COMMITTEE

Detailed information regarding the profile of the ALCO Committee and its members is comprehensively outlined in the Company Profile chapter, specifically in the sub-chapters on the Profile of the Board of Directors, the Profile of Senior Executive Vice Presidents (SEVP), and the Profile of Executive Officers.

ASSET & LIABILITY COMMITTEE CERTIFICATION

BNI ensures that all members of the ALCO Committee meet the required qualification standards and competency certifications in accordance with applicable regulations. In 2025, the ALCO Committee successfully completed the designated certification program.

ASSET & LIABILITY COMMITTEE INDEPENDENCE STATEMENT

All members of BNI's ALCO are assured to meet the independence criteria and individual requirements as professionals in carrying out their duties and responsibilities objectively and independently, free from any conflicts of interest with the Bank. The ALCO Independence Statement is disclosed in the Integrity Pact, which is periodically updated and signed by all ALCO personnel.

ASSET & LIABILITY COMMITTEE MEETING

Implementation of the Asset & Liability Committee Meeting

As stipulated in the Asset & Liability Management Committee (ALCO) Charter, the policies and procedures for conducting BNI ALCO Committee meetings are as follows:

1. The Committee meets at least once every 3 months (quarterly) or as required at a certain place, time and date that has been determined so that all members can arrange time for attendance.
2. The Committee may schedule meetings outside of the items mentioned in point 1 above, as follows:
   a. Schedule an emergency meeting, considering the importance of issues requiring immediate decisions.
   b. Hold a limited meeting with the relevant Division/Unit/Functional Unit to formulate operational policies aligned with the Committee's established policies.
   c. Conduct a Mini ALCO attended by at least three Directors: Treasury & International Banking Director, Risk Management Director, and Finance & Strategy Director.
3. The Committee quorum takes into account the Chair, Vice Chair, and permanent voting members at the Director and SEVP (Senior Executive Vice President) levels. A Committee meeting quorum is met if attended by more than half of the Committee quorum, and the Chair and/or Vice Chair must be present.
4. In terms of decision-making, only all voting members consisting of Permanent Members and Non-Permanent Members of the Committee at the Director & SEVP level shall be present at the meeting and have voting rights.

Frequency and Attendance

In 2025, BNI held 14 ALCO Committee meetings which were attended by the Board of Directors and committee members. More detailed information on the implementation of ALCO Committee Meetings and the attendance rate of committee members in the meetings is described in the following table:

No.	Date Meeting	Agenda	Attendance Quorum
1	January 13, 2025	Review of ALCO 2024 Decisions and Determination of DPK and Credit Programs for 2025	100% (Fulfilled)
2	March 10, 2025	Review of Foreign Currency Credit Disbursement Plans through December 2025 and Credit Repricing	100% (Fulfilled)
3	April 9, 2025	Action Plan from Stress Test Results in Anticipation of Recession and Stagflation Conditions Following US Tariff Policy	100% (Fulfilled)
4	May 5, 2025	Review of Medium Segment Credit Acceleration Program	100% (Fulfilled)
5	June 4, 2025	Changes in Authority to Decide on Special Rate DPK	100% (Fulfilled)
6	August 11, 2025	Review of Current Account and Savings Counter Rates	100% (Fulfilled)

No.	Date Meeting	Agenda	Attendance Quorum
7	August 28, 2025	Q4-2025 Credit Acceleration Quota	100% (Fulfilled)
8	September 15, 2025	Discussion of the Distribution of the Ministry of Finance's Budget Surplus (SAL) Funds	100% (Fulfilled)
9	September 19, 2025	Review of Rupiah Deposit Counter Rates	100% (Fulfilled)
10	September 23, 2025	Review of USD Deposit Counter Rates	100% (Fulfilled)
11	September 29, 2025	Evaluation of Financial Market Conditions on DPK Interest Rate Policy	92% (Fulfilled)
12	October 27, 2025	Review of Q4-2025 Credit Acceleration Quota	92% (Fulfilled)
13	November 17, 2025	Credit and DPK Expansion Plan until December 2025 and Non-Conventional Funding (FNK) Principle Permit for 2026	83% (Fulfilled)
14	December 17, 2025	Monitoring of Credit and DPK Expansion until December 2025 and Credit and DPK Acceleration Program Decisions for 2026	100% (Fulfilled)

IMPLEMENTATION OF ASSET & LIABILITY COMMITTEE DUTIES IN 2025

Throughout 2025, the ALCO Committee has effectively carried out its management duties and work programs in accordance with its assigned responsibilities.

TRAINING AND/OR COMPETENCY IMPROVEMENT OF ASSET & LIABILITY COMMITTEE IN 2025

By 2025, the chair and members of the ALCO Committee participated in a number of training activities/seminars/workshops in order to maintain their level of expertise and competence to support the performance of their duties.

WORK PLAN OF THE ALCO COMMITTEE FOR 2025

The ALCO has established its work plan for 2026 with the following strategic priorities:

1. Growth strategies for Third-Party Funds (DPK) and Credit, in line with the Bank's Business Plan for 2025.;
2. Pricing strategies for DPK and Credit;
3. Liquidity management strategy and non-DPK funding requirements.

RISK MANAGEMENT & ANTI-FRAUD COMMITTEE (KRA)

The Risk Management & Anti-Fraud Committee (KRA) is a permanent committee under the Board of Directors, authorized to provide recommendations regarding the formulation, establishment, and management of risk policies. These encompass Credit Risk, Market Risk, Liquidity Risk, Operational Risk, Legal Risk, Reputational Risk, Strategic Risk, and Compliance Risk; Establishment of anti-fraud policies and management strategies across all organizational units; establishment of BNI's Environmental, Social & Governance (ESG) policies and management; and conducting credit risk portfolio assessments. The Risk Management & Anti-Fraud Committee (KRA) was established through Board of Directors Decree No. KP/454/DIR/R, consisting of 4 subcommittees, namely the Risk Management Sub-committee (RMC), Anti-Fraud Sub-committee (KAF), Environmental, Social & Governance Sub-committee (ESG), and Credit Risk Portfolio Subcommittee (CRO).

CHARTER OF THE RISK MANAGEMENT & ANTIFRAUD COMMITTEE (KRA)

In carrying out its roles and responsibilities, the Risk Management & Anti-Fraud Committee (KRA) adheres to the Risk Management & Anti-Fraud Committee (KRA) Work Guidelines, which regulate the scope, duties, authorities, and working procedures of the Risk Management & Anti-Fraud Committee (KRA).

The Risk Management & Anti-Fraud Committee (KRA) Work Guidelines are continuously evaluated and reviewed on a regular basis to maintain their relevance to industry dynamics and the Bank's needs. The latest update to these guidelines was made by the Board of Directors through Board of Directors Decree No. KP/454/DIR/R dated September 10, 2025 concerning the Structuring of Risk Management & Anti-Fraud (KRA).

DUTIES AND RESPONSIBILITIES OF THE RISK MANAGEMENT SUB-COMMITTEE (RMC)

1. Risk Management Sub-Committee (RMC)
   In executing its functions, the members of the RMC Sub-Committee are tasked with evaluating and providing recommendations regarding risk management, which at a minimum includes:
   a. Formulating Risk Management Policies and Strategies and any changes thereto;
   b. Developing a Risk Management framework and contingency plans to anticipate abnormal conditions;

c. Periodically or incidentally improving the Risk Management process due to changes in the Bank's external and internal conditions that affect Capital Adequacy, Risk Profile, and ineffective Risk Management implementation based on evaluation results;
d. Establishing policies and/or business decisions that deviate from normal procedures, such as exceeding significant business expansion compared to the previously set Business Plan or taking positions/exposures that exceed established limits; and
e. Establishing policies for managing capital adequacy to mitigate risks and support the Bank's business strategy, including measurement, structure (tier 1/tier 2), allocation, and capital contingency plans.

2. Duties and Responsibilities of the Anti-Fraud Sub-Committee
The Anti-Fraud Subcommittee has the following main duties:
a. Formulating Anti-Fraud Policies and Strategies and their amendments;
b. Developing a culture and awareness of anti-fraud throughout the organization;
c. Monitoring the implementation of Anti-Fraud Policies and Strategies at BNI and periodically reviewing the impact of the policies and strategies implemented;
d. Identify, evaluate, and determine follow-up actions for fraud incidents originating from activities in all BNI work units.

3. Environmental, Social, & Governance (ESG) Sub-Committee
The ESG Sub-Committee is tasked with the following responsibilities:
a. Formulating Environmental, Social, and Governance (ESG) management policies and strategies, including any amendments thereto;
b. Identifying potential ESG risks that may have an impact on BNI and its stakeholders;
c. Monitoring the implementation of the Sustainable Finance strategy;
d. Monitoring, evaluating, and providing recommendations on the results of BNI's ESG assessments;
e. Evaluating the implementation of ESG strategies across all of BNI's business lines;
f. Coordinating among units to formulate objectives and implementation guidelines for the Corporate Social and Environmental Responsibility (TJSL) Program;
g. Mapping and developing BNI's TJSL Program; and
h. Conducting evaluations of the implementation of BNI's TJSL Program.

4. Credit Risk Portfolio (CRO) Sub-Committee
The CRO Sub-Committee has a number of duties and responsibilities, including the following:
a. Discussing the credit risk assessment as the basis for determining the adequacy of provisioning.
b. Discussing related matters the development of the condition and quality of the credit portfolio.
c. Determine strategies, mitigation and follow-up on credit risk management that may affect the Bank's soundness.

STRUCTURE AND MEMBERSHIP OF RISK MANAGEMENT & ANTI-FRAUD COMMITTEE

The structure, membership, and voting status of KRA as of December 31, 2025, based on the Decree of the Board of Directors No. KP/454/DIR/R dated September 10, 2025 regarding the Arrangement of the Risk Management and Anti-Fraud Committee (KRA), are as follows:

1. Risk Management Sub-Committee (RMC)

Position in the Committee	Filled In by	Voting Rights Status
Chairman	Vice President Director	Holds voting rights

International & Financial Institutions Division Head 22. Treasury Division Head 23. Consumer Product Division Head 24. Card Business Division Head 25. Agen46 Division Head 26. Compliance Division Head 27. Policy Governance Division Head 28. Human Capital Strategy Division Head 29. Human Capital Services Division Head 30. BNI University Division Head 31. Corporate Secretary Division Head	Holds no voting rights
Non-permanent Members	Directors/SEVPs/Heads of Divisions, Units, or Functional Units relevant to the topics under discussion	As stipulated in the committee's working guidelines

*) Specifically, the Director of Human Capital & Compliance has special duties and responsibilities as stipulated in the committee's work guidelines.

4. Credit Risk Portfolio (CRO) Sub-Committee

Position in the Committee	Filled In by	Voting Rights Status
Chairman	Director of Risk Management	Holds voting rights
Vice Chairman	Director of Finance & Strategy	Holds voting rights
Secretary	Head of Corporate Credit Risk Division (concurrently serving as a permanent non-voting member)	Holds no voting rights
Permanent Members at the Director & SEVP Level	1. Senior Executive Vice President (SEVP) Credit Risk 2. Senior Executive Vice President (SEVP) Remedial & Recovery	Holds voting rights
Permanent Members at the Division/Unit Level/ Functional Unit	1. Enterprise Risk Management Division Head 2. Commercial Credit Risk Division Head 3. Retail Credit Risk Division Head 4. Corporate Remedial & Recovery Division Head 5. Enterprise & Commercial Remedial & Recovery Division 6. Retail Collection & Recovery Division Head 7. Corporate Planning & Performance Management Division Head 8. Accounting Division Head 9. Treasury Division Head	Holds no voting rights
Non-permanent Members	Directors/SEVPs//Heads of Divisions, Units, or Functional Units relevant to the topics under discussion	As stipulated in the committee's working guidelines

RISK MANAGEMENT & ANTI FRAUD COMMITTEE TERM AND OFFICE

The term of office of the Risk Management & Anti Fraud Committee membership is determined following each structural term of office at BNI.

PROFILE OF THE CHAIRMAN AND MEMBERS OF THE RISK MANAGEMENT & ANTI FRAUD COMMITTEE

Detailed information on the profile of the committee and members of the BNI Risk Management & Anti Fraud Committee has been fully described in the Company Profile Chapter, Directors Profile Subchapter, Senior Executive Vice President (SEVP) Profile Sub-chapter and Executive Officers Subchapter.

RISK MANAGEMENT & ANTI-FRAUD COMMITTEE CERTIFICATION

BNI ensures that all Risk Management & Anti Fraud personnel have met the qualification standards and competency certification in accordance with applicable regulations. In 2025, Risk & Anti-Fraud Management has met the established certification program.

INDEPENDENCE STATEMENT OF RISK MANAGEMENT & ANTI-FRAUD COMMITTEE

BNI ensures that all KRA members have met the independence criteria and individual requirements as objective and independent parties in carrying out their duties and responsibilities objectively and free from any conflict of interest with the Bank. The Independence Statement of the chairman and members of KRA has been disclosed in the Integrity Pact which is regularly updated and signed by all committee personnel.

RISK MANAGEMENT & ANTI-FRAUD COMMITTEE MEETING

Implementation of the Risk Management & Anti Fraud Committee Meeting

1. Each Sub-Committee shall convene meetings at least four (4) times in one (1) year or as required, at a designated place, time, and date, so that all members may arrange their schedules to attend.
2. The Sub-committee may hold emergency meetings considering the importance of issues that require immediate decisions.
3. The quorum of the Sub-committee consists of the Chair, Vice Chair, and permanent members at the level of Directors & SEVP as determined. The quorum of the Sub-committee is achieved if at least more than ½ (half) of the sub-committee quorum is present and must be attended by the Chair and/or Vice Chair.
4. In decision-making, only all voting members, consisting of Permanent and Non-Permanent Members at the Director and SEVP levels, shall be present at the meeting and shall have voting rights.

Frequency and Attendance Rate

1. Risk Management Sub-Committee (RMC)
   In 2025, BNI held 5 (five) RMC Sub-Committee meetings attended by the Board of Directors and committee members. More detailed information on the implementation of RMC Sub-Committee meetings and the attendance rate of committee members in these meetings is described in the following table:

No.	Date	Meeting Agenda	Attendance Quorum (%)
1	January 10, 2025	KRA-RMC 01/2025 BNI Individual Risk Profile as of December 31, 2024	82% (Fulfilled)
2	March 10, 2025	KRA-RMC 02/2025 Discussion of the Results of the Review of BNI's Risk Appetite Statement (RAS) for 2025	91% (Fulfilled)
3	April 16, 2025	KRA-RMC 03/2025 BNI Individual Risk Profile as of March 31, 2025	91% (Fulfilled)
4	July 11, 2025	KRA-RMC 04/2025 BNI Individual Risk Profile as of June 30, 2025	91% (Fulfilled)
5	October 10, 2025	KRA-RMC 05/2025 BNI Individual Risk Profile as of September 30, 2025	82% (Fulfilled)

2. Anti Fraud Sub-Committee (KAF)

No.	Date	Meeting Agenda	Attendance Quorum (%)
1	January 17, 2025	Significant changes in fraud reporting criteria	87.5% (Fulfilled)
2	September 19, 2025	1. Fraud trends from 2022 to August 2025 (frequency and nominal losses) 2. Trends in case disclosure 3. Improvements that have been and will be made to prevent fraud from recurring	62.5% (Fulfilled)
3	October 10, 2025	1. Improvements to API Management Security 2. Updating progress on the development of the FDS (Fraud Detection System)	87,5% (Fulfilled)
4	November 6, 2025	1. Request for approval of the Company's Anti-Fraud Strategy Policy Guidelines 2. Request for approval of the Company's SIPELAKU Procedure Guidelines 3. Request for approval of SIPELAKU for the employment process	75% (Fulfilled)

3. Environmental, Social & Governance (ESG) Sub-Committee

4. Credit Risk Portfolio (CRO) Sub-Committee

No.	Date	Meeting Agenda	Attendance Quorum (%)
1	January 31, 2025	Risk Management & Anti-Fraud Committee Credit Risk Portfolio Subcommittee January 2025 (KRA-CRO 01/2025)	75% (Fulfilled)
2	February 26, 2025	Risk Management & Anti-Fraud Committee Credit Risk Portfolio Subcommittee February 2025 (KRA-CRO 02/2025)	75% (Fulfilled)
3	March 24, 2025	Risk Management & Anti-Fraud Committee Credit Risk Portfolio Subcommittee March 2025 (KRA-CRO 03/2025)	75% (Fulfilled)
4	April 30, 2025	Risk Management & Anti-Fraud Committee Credit Risk Portfolio Subcommittee April 2025 (KRA-CRO 04/2025)	75% (Fulfilled)
5	May 26, 2025	Risk Management & Anti-Fraud Committee Credit Risk Portfolio Subcommittee May 2025 (KRA-CRO 05/2025)	75% (Fulfilled)
6	June 25, 2025	Risk Management & Anti-Fraud Committee Credit Risk Portfolio Subcommittee June 2025 (KRA-CRO 06/2025)	75% (Fulfilled)
7	July 28, 2025	Risk Management & Anti-Fraud Committee Sub-Committee Credit Risk Portfolio July 2025 (KRA-CRO 07/2025)	75% (Fulfilled)
8	August 29, 2025	Risk Management & Anti-Fraud Committee Sub-Committee Credit Risk Portfolio August 2025 (KRA-CRO 08/2025)	100% (Fulfilled)
9	September 29, 2025	Risk Management & Anti-Fraud Committee Credit Risk Portfolio Subcommittee September 2025 (KRA-CRO 09/2025)	100% (Fulfilled)
10	October 29, 2025	Risk Management & Anti-Fraud Committee Credit Risk Portfolio Subcommittee October 2025 (KRA-CRO 10/2025)	100% (Fulfilled)
11	November 27, 2025	Risk Management & Anti-Fraud Committee Credit Risk Portfolio Subcommittee November 2025 (KRA-CRO 11/2025)	75% (Fulfilled)
12	December 29, 2025	Risk Management & Anti-Fraud Committee Credit Risk Portfolio Subcommittee December 2025 (KRA-CRO 12/2025)	75% (Fulfilled)

TRAINING AND COMPETENCY DEVELOPMENT FOR THE RISK MANAGEMENT & ANTI-FRAUD COMMITTEE (KRA) IN 2025

In 2025, the chairman and members of KRA participated in a number of training activities/ seminars/ workshops in order to maintain their level of expertise and competence to support the implementation of their daily duties. Information related to this has been described in the Company Profile Chapter, Competency Development Policy subchapter in the discussion entitled Senior Executive Vice President (SEVP) Competency Development, as well as in the Corporate Governance Chapter, Board of Directors subchapter, in the discussion entitled Training and/or Competency Improvement of the Board of Directors Members in 2025.

IMPLEMENTATION OF THE RISK MANAGEMENT & ANTI-FRAUD SUB-COMMITTEE'S TASKS IN 2025

1. Risk Management Sub-Committee (RMC)
   Throughout 2025, the RMC Sub-Committee has carried out its duties in accordance with its established responsibilities, namely as follows:
   a. Strengthening Risk Management Policies and Strategies;
   b. Strengthening the Risk Management framework and contingency plans to anticipate abnormal conditions;
   c. Improving the Risk Management process;
   d. Strengthening capital adequacy management policies to protect against risk and support the Bank's business strategy.

2. Anti Fraud Sub-Committee (KAF)
   In carrying out its management duties during 2025, the Anti Fraud Sub-Committee has realized the work program that was set at the beginning of the year, including the following:
   a. Strengthening of the Anti-Fraud Strategy policy;
   b. Strengthening of the fraud prevention pillar in the form of employee profile monitoring as part of the Know Your Employee program;

c. Changes to the criteria for reporting significant fraud;
d. Evaluation and follow-up on fraud incidents through the aspects of system, procedure, and people;
e. Strengthening of the detection pillar through the development of an FDS (Fraud Detection System).

3. Environmental, Social, & Governance (ESG) Sub-Committee
Throughout 2025, the ESG Sub-Committee has realized work programs, among others:
a. Supervision function on the implementation of ESG at BNI, including the achievement and improvement of BNI's MSCI ESG rating.
b. Implementation of Climate Risk Stress Test (CRST) for 50% of BNI's credit portfolio in accordance with OJK direction, along with the development of CRST tools.
c. Development of BNI Waste Management with the concept of zero waste to landfill;
d. Distribution of BNI Green Bond in accordance with BNI Green Bond framework and POJK No. 60/POJK.04/2017 concerning the Issuance and Requirements of Environmentally Friendly Debt Securities (Green Bonds);
e. Development of BNI's function as a debtor partner in the transition journey through the organization of BNI ESG Sustainability & Transition (BEST) Event and TKBI Technical Assistant Workshop for BNI debtors in the energy sector;
f. Implementation of the Indonesian Taxonomy of Sustainable Finance (TKBI) in the energy sector in accordance with OJK's directives.

4. Credit Risk Portfolio (CRO) Sub-Committee
In carrying out its management duties during 2025, the realization of the CRO Sub-Committee work program is as follows:
a. Followed up on developments in debtor conditions that affect the quality of the credit portfolio and the adequacy of monthly provisions;
b. Established strategies, mitigation measures, and follow-up actions for credit risk management that may affect the bank's health;
c. Re-modeled the calculation of provision adequacy, adjusting it to IFRS 9 and the nature of business in each segment;
d. Monitored the updating of internal debtor ratings as a form of periodic monitoring of debtor quality and performance.

RISK MANAGEMENT & ANTI-FRAUD SUBCOMMITTEE WORK PLAN 2026

1. Risk Management Sub-Committee (RMC)
The RMC Subcommittee has developed a work plan for 2026 with a primary focus on conducting a comprehensive evaluation of the effectiveness of risk management across all of the Bank's business lines. This plan includes monitoring the implementation of risk management policies and procedures, analyzing the risk profile, and reviewing the appropriateness of the established risk appetite and risk tolerance.

In addition, the RMC Subcommittee is committed to providing strategic recommendations to the Board of Directors to ensure that risk management runs optimally, supports the achievement of business objectives, and is in line with regulatory requirements and best practices in the banking industry. These efforts are expected to strengthen the Bank's resilience in facing external and internal dynamics, while improving the quality of risk governance on an ongoing basis.

2. Anti Fraud Sub-Committee (AAF)
The Anti Fraud Sub-Committee has prepared a work plan and program for 2026 in order to implement the 4 Pillars of Anti Fraud Strategy as stipulated in POJK No. 12 of 2024, especially strengthening the Prevention Pillar. Evaluation of the implementation of the work program is reported in the Anti Fraud Sub-Committee forum.

3. Environmental, Social, & Governance (ESG) Sub-Committee
The ESG Sub-Committee has established a work plan for 2026, as follows:

Related to Sustainability Products and Services
a. Increased Green Loan portfolio with a target increase of 5% - 10% per year.
b. Development of Sustainability Finance Framework.
c. Partnership with institutions to develop ESG programs.
d. Development of MSME program:
1) Eco-friendly MSMEs:
- BUMI program with target market of MSME players who use materials and produce environmentally friendly products.

- Jejak Kopi Khatulistiwa (JKK) program empowers coffee farmers through the use of Social Forest land.

2) MSMEs Go Global:
- Encouraging BUMI and JKK programs to enter the export market.
- Education and capability building program to support MSMEs to enter the export market with a target of 27,700 MSMEs.

e. Expansion of "Ayo Menabung dengan Sampah" Program to 640 schools.
f. Development of an Environmentally Friendly Credit Card program for the purchase of sustainable goods, in collaboration with WWF.
g. Gradual expansion of Agen46 in 3T areas, so that by 2028, 25,000 agents in 3T areas will be reached.
h. Digitalization of outlets for all BNI outlets.
i. Optimization of digital channels for SME transactions, Agen46, and Digital Banking customers.

Related to Sustainable Finance Management in Risk Management
a. Establish Debtor Transition Advisory framework and program for high emission sectors.
b. Alignment of portfolio management with transition plan in high emission sector.
c. Debtor Transition Program education for high emission sector.
d. Operational emissions platform to achieve Operational NZE.
e. Implementation of Climate Risk Stress Test for 100% of loan portfolio.
f. Implementation of Waste Management with the concept of Zero Waste to Land-fill (ZWTL) and circular economy in all BNI and Subsidiary Company offices.
g. Implementation of IFRS S1 & S2.
h. Adoption of PCAF methodology in the calculation of Financing Emissions.
i. Adoption of international best practice standards.
j. Development of Climate Risk Framework with TCFD principles.
k. Development of Decarbonization Roadmap and establishment of annual operational emission decarbonization targets with SBTi principles.
l. Planning and Implementation of Conservation Project (Carbon Project) for emission offset.
m. Determination of SDGs Focus and Refocusing CSR programs & targets according to SDGs Focus.

Related to Internal Capacity Development
a. ESG Refreshment program for employees.
b. ESG certification for ESG Management managers: ESG Investing, Climate Risk and GRI Standard.
c. Establishment of ESG Academy.
d. ESG Campaign through Green LifeStyle for employees and Establishment of ESG Ambassador.
e. ESG Campaign for Customers/Debtors through BNI ESG Sustainability & Transition (BEST) Event.
f. BNI participation in national and international ESG events.

4. Sub-Committee on Credit Risk Portfolio (CRO)
The Sub-Committee on CRO has established its work plan for 2026, focusing on enhancing the execution of the Credit Risk Portfolio SubCommittee. This initiative aims to improve credit risk assessment as the basis for determining the adequacy of provisioning, evaluating the quality of the credit portfolio, and formulating credit risk management strategies that may impact the Bank's financial health.

BUSINESS COMMITTEE (KBI)

The Business Committee (KBI) is a committee within BNI authorized to provide recommendations to the Board of Directors regarding product/activity management policies, marketing strategies, and business ecosystem execution.

The Business Committee was established through Board of Directors Decree No. KP/456/DIR/R. It consists of three subcommittees: the Product Subcommittee (PRC), the Ecosystem Subcommittee (ECO), and the Marketing Strategy Subcommittee (MKT).

BUSINESS COMMITTEE CHARTER

The Business Committee carries out its duties and responsibilities based on the Business Committee Charter, which was established by the Board of Directors through Decree No. KP/456/DIR/R dated September 10, 2025. This charter is periodically reviewed and updated to align with regulatory developments and changes in applicable laws.

DUTIES AND RESPONSIBILITIES OF THE BUSINESS COMMITTEE

1. Product Sub-Committee (PRC)
   The Product Sub-Committee (PRC) is responsible for the following tasks:
   a. Establishing business scale strategies and development plans through BNI's products and activities;
   b. Conducting a comprehensive assessment and determining the "feasibility" of new products or activities, particularly those involving cross-sectoral/segment alliances and strategic partnerships with subsidiaries or external companies, by inviting the relevant Sector Director;
   c. Monitoring the implementation of products/ activities at BNI and making decisions regarding their continuity based on recommendations from the Supporting Working Group/product owners;
   d. Acting as an arbitration body for cross-sectoral issues related to the Performance Management System (PMS) in the implementation of new products or activities.

2. Ecosystem Sub-Committee (ECO)
   The ECO Sub-Committee is responsible for the following key tasks:
   a. Establishing execution strategies for the business ecosystem of selected customers/ debtors/prospective customers/prospective debtors along with their value chains;
   b. Defining and deciding on cross-selling strategies and programs, pricing optimization, and product package deals for the business ecosystem of selected customers/debtors/ prospective customers/prospective debtors, in accordance with prevailing authorities;
   c. Setting and monitoring strategic business collaboration strategies, including cooperation among Divisions/Units/ Functional Units/ Regional Offices/Sentra/ Branches and Subsidiaries; and
   d. Overseeing and evaluating the execution strategies for the business ecosystem of selected customers/debtors/prospective customers/prospective debtors along with their value chains.

3. Marketing Strategy Sub-Committee (MKT)
   The Marketing Strategy Sub-Committee (MKT) is responsible for the following key tasks:
   a. Establishing BNI's marketing and corporate branding strategies aligned with BNI's strategic business plans (i.e., Corporate Plan & RBB).
   b. Prioritizing marketing and corporate branding strategy initiatives that significantly impact BNI's business and operations, in line with BNI's planning and budgeting.
   c. Reviewing plans and monitoring the realization of BNI's marketing and corporate branding strategies.

STRUCTURE AND MEMBERSHIP OF THE BUSINESS COMMITTEE

The Business Committee consists of members of the Board of Directors, along with appointed Executive Officers at one level below the Board of Directors. The structure of the Business Committee's membership is determined based on a Board of Directors' Decree, which also serves as the formal assignment of the Chairperson, Deputy Chairperson, and Committee Members.

The structure, membership, and voting rights status of the Business Committee as of December 31, 2025, are outlined in Board of Directors' Decree No. KP/456/DIR/R dated September 10, 2025, regarding the Issuance of the Board of Directors' Decree on the Structuring of the Business Committee (KBI), as follows:

1. Product Sub-Committee (PRC)

Position in the Committee	Filled In by	Voting Rights Status
Chairman	President Director	Holds voting rights
Vice Chairman	Finance & Strategy Director	Holds voting rights
Secretary	Corporate Planning & Performance Management Division Head (also Permanent Member)	Holds no voting rights
Permanent Member at the Director & SEVP level	1. Network & Retail Funding Director 2. Risk Management Director 3. Information Technology Director 4. Operations Director	Holds voting rights
Permanent Member at the Board of Directors level	Human Capital & Compliance Director*	Holds no voting rights

Position in the Committee	Filled In by	Voting Rights Status
Permanent Member at the Division/Unit/Functional Unit level	1. Policy Governance Division Head 2. Network Strategy & Development Division Head 3. Enterprise Risk Management Division Head 4. Operational Risk Management Division Head 5. Anti Fraud Unit Head 6. IT Strategy & Architecture Division Head 7. Banking Operations Division Head 8. Compliance Division Head 9. Legal Division Head 10. Customer Experience Center Division Head	Holds no voting rights
Non-permanent Member (Non-voting member)	Director of Division/SEVP/Division Head/Unit/Functional Unit related to the topic or product under discussion.	As stipulated in the committee working guidelines

*) Specifically, the Director of Human Capital & Compliance has special duties and responsibilities as stipulated in the committee's work guidelines.

2. Ecosystem Sub-Committee (ECO)

Corporate Secretary Division Head	Holds no voting rights
Non-permanent Member	Director of Division/SEVP/Division Head/Unit/Functional Unit/ Regional Office/Branch/Center/Subsidiary related to the topic of discussion.	As stipulated in the committee working guidelines

*) Adjusted to the topic of discussion

TERM AND TENURE OF THE BUSINESS COMMITTEE

The tenure of the Business Committee members is determined in alignment with their respective structural terms within BNI.

PROFILE OF THE CHAIRPERSON AND MEMBERS OF THE BUSINESS COMMITTEE

Information about the profiles of the members of the Business Committee is described in detail in the Company Profile Chapter, the Board of Directors Profile Subchapter, the Senior Executive Vice President (SEVP) Profile Subchapter, and the Executive Officers Subchapter.

BUSINESS COMMITTEE CERTIFICATION

BNI ensures that all personnel of the Business Committee meet the required qualifications and competency certifications in accordance with applicable regulations. In 2025, the Business Committee has participated in a certification program in accordance with applicable regulations.

STATEMENT OF INDEPENDENCE OF THE BUSINESS COMMITTEE

The Business Committee consistently upholds the principles of independence in exercising its duties, responsibilities, and authorities. All members of the Business Committee are committed to acting objectively, professionally, and free from any external influence. This independence is formally manifested through a statement of independence signed by each committee member.

BUSINESS COMMITTEE MEETINGS

Implementation of Business Committee Meeting

1. The Sub-Committees convene meetings at predetermined locations, times, and dates to allow all members to manage their attendance. The meeting frequency is as follows:
   a. The Product Sub-Committee holds meetings at least 2 (two) times a year and/or as needed.
   b. The Ecosystem Sub-Committee holds meetings at least 4 (four) times a year and/or as needed.
   c. The Marketing Strategy Sub-Committee holds meetings at least 2 (two) times a year and/or as needed.
2. The Sub-Committee may hold impromptu meetings to consider the importance of issues that require immediate decisions.
3. The Sub-Committee quorum consists of the Chairperson, Vice Chairperson, and permanent members at the Director & SEVP level. A Sub-Committee quorum is achieved if at least ½ (half) of the sub-committee quorum is present, and the Chairperson and/or Vice Chairperson must be present.
4. In decision-making, only all voting members, consisting of Permanent and Non-Permanent Members at the Board of Directors and SEVP levels, shall be present at the meeting and shall have voting rights.

Meeting Frequency and Attendance

1. Product Sub-Committee (PRC)

No.	Date	Meeting Agenda	Attendance Quorum (%)	Notes
1	March 21, 2025	Progress of the 2025 RPPB and Proposal of the RPPB for the March 2025 Period	80%	The Product Sub-Committee approved the RPPB agenda
2	June 10, 2025	Approval of the June 2025 RPPB	100%	Resolution: Approval of the Business Plan (RBB), including the RPPB
3	September 22, 2025	Approval of the proposed RPPB for the September 2025 period and update on wondr R5	100%	Resolution: The proposed RPPB for September 2025 was approved
4	October 22, 2025	Approval of the 2026 RPPB	100%	Resolution: Approval of the Business Plan (RBB) / Corporate Work Plan and Budget (RKAP), including the RPPB
5	November 17, 2025	wondr: Overview of ticketing services and development status	100%	Resolution: Discussion on wondr product

2. Ecosystem Sub-Committee (ECO)
   Due to the establishment of the Ecosystem Sub-Committee (ECO) at the end of 2025, there were no meetings held by this sub-committee during the current year.

3. Marketing Strategy Sub-Committee (MKT)
   Information regarding the MKT Sub-Committee meetings and member attendance rates is detailed in the following table:

No.	Date	Meeting Agenda	Attendance Quorum (%)
1	February 19, 2025	wondr Rejeki BNI 2025	100% (Fulfilled)
2	February 19, 2025	SOGO Partnership	100% (Fulfilled)*
3	June 13, 2025	Proposal for UI Endowment Fund	100% (Fulfilled)*
4	June 19, 2025	Proposal for ITB Ultra Marathon 2025	100% (Fulfilled)
5	July 2, 2025	Proposal for BNI Expo/wondr X 2025	100% (Fulfilled)
6	July 28, 2025	Proposal for wondr is Everywhere	100% (Fulfilled)
7	September 30, 2025	Proposal for Sponsorship of the MotoGP Pertamina Grand Prix of Indonesia 2025	100% (Fulfilled)*
8	October 6, 2025	Review of the Implementation of ITB Ultra Marathon	100% (Fulfilled)

15	November 28, 2025	Addition of Out-of-Home (OOH) Media and Update on Media Partnerships	100% (Fulfilled)
16	December 29, 2025	Budget Proposal for Mass KUR Contract Signing Activities for 800,000 Debtors	100% (Fulfilled)*

*) Meetings were conducted through a circular resolution, which requires approval from all Chairpersons, Vice Chairpersons, and permanent members with voting rights.

TRAINING AND/OR COMPETENCY ENHANCEMENT OF THE BUSINESS COMMITTEE IN 2025

In 2025, all member of the Business Committee participated in various training, seminars, and workshops to maintain their expertise and competencies, ensuring effective execution of daily responsibilities. Information related to this has been described in the Company Profile Chapter, Competency Development Policy subchapter in the discussion entitled Senior Executive Vice President (SEVP) Competency Development, as well as in the Corporate Governance Chapter, Board of Directors subchapter, in the discussion entitled Training and/or Competency Improvement of the Board of Directors Members in 2025.

IMPLEMENTATION OF THE DUTIES OF THE BUSINESS SUB-COMMITTEES IN 2025

1. Product Sub-Committee (PRC)
   In 2025, the PRC Sub-Committee carried out its duties and responsibilities in accordance with its functions and implemented all work programs, including:
   a. Monitoring and reporting on the realization of the Bank Product Implementation Plan for the March 2025 period
   b. Monitoring and reporting on the realization of the Bank Product Implementation Plan for the June 2025 period;
   c. Monitoring and reporting on the realization of the Bank Product Implementation Plan for the September 2025 period;
   d. Submission of the Bank Product Implementation Plan for 2026.

2. Ecosystem Business Sub-Committee (ECO)
   Throughout 2025, the Ecosystem Business Sub-Committee (ECO) carried out its duties in accordance with the established responsibilities.

3. Marketing Strategy Sub-Committee (MKT)
   Throughout 2025, the MKT Sub-Committee held sixteen (16) meetings, with the objectives to:
   1. Determine the scale and direction of BNI's marketing and corporate branding strategy.
   2. Prioritize marketing and corporate branding strategic initiatives that have a significant impact on BNI's business and operations and are aligned with BNI's planning and budgeting.
   3. Review plans and monitor the realization of marketing strategies

BUSINESS COMMITTEE WORK PLAN FOR 2026

1. Product Sub-Committee (PRC)
   The PRC Sub-Committee has prepared its work plan for 2026, as follow:
   a. Evaluation of the progress of Bank Product Development for September 2025 period & the Plan for Bank Product Implementation for March 2026 period.
   b. Evaluation of the progress of Bank Product Development for March 2025 period & discussion of the Plan for Bank Product Implementation for June 2026 period.
   c. Evaluation of the progress of Bank Product Development for June 2025 period & the Plan for Bank Product Implementation for September 2026 period.
   d. Evaluation of the progress of Bank Product Development for September 2025 period and submission of the Bank Product Implementation Plan for 2026.

2. Ecosystem Sub-Committee (ECO) The ECO Sub-Committee has prepared its work plan for 2026, focusing on defining the scale of strategy related to the execution of business ecosystems for selected customers/debtors/prospective customers/prospective debtors along with their value chains.

3. Marketing Strategy Sub-Committee (MKT) The MKT Sub-Committee has prepared its work plan for 2026 in line with its duties and responsibilities, as follows:
   1. Determining the scale of BNI's marketing and corporate branding strategy for 2026.
   2. Prioritizing marketing and corporate branding strategic initiatives that have a significant impact on BNI's business and operations, in line with BNI's 2026 planning and budgeting.

PERFORMANCE MANAGEMENT COMMITTEE (PMC)

The Performance Management Committee (PMC) is one of the Permanent Committees at BNI, serving as a forum for budget monitoring policy management and streamlining the performance management process within BNI. This ensures the alignment of strategic planning while facilitating target setting and performance appraisals. The formation of this committee refers to Board of Directors Decree No. KP/460/DIR/R dated September 10, 2025, regarding the Restructuring of the Performance Management Committee.

PERFORMANCE MANAGEMENT COMMITTEE CHARTER

All PMC members are required to carry out their duties and responsibilities professionally and independently in order to achieve the Bank's targets by referring to the matters stipulated in the Performance Management Committee Charter. These guidelines have been stipulated by the Board of Directors through Decree of the Board of Directors No. KP/460/DIR/R dated September 10, 2025. The Performance Management Committee Charter is reviewed periodically, and if necessary, can be updated later in accordance with developments/changes in applicable legal regulations.

DUTIES AND RESPONSIBILITIES OF THE PERFORMANCE MANAGEMENT COMMITTEE

The description of the duties of the BNI PMC are as follows:

1. Strategic Planning
   a. Reviewing and ensuring alignment between the Corporate Plan, General Policy of the Board of Directors, the Bank's Business Plan and Budget Determination, and suggesting adjustments if necessary;
   b. Reviewing and approving the Bank's strategy and recommending changes to the Corporate Plan/Bank's Business Plan;
   c. Reviewing the performance review process that is carried out periodically.

2. Target Setting
   a. Approving and setting the annual schedule (timeline) and being responsible for Planning & Budgeting;
   b. Supervising and monitoring the progress of Planning & Budgeting activities;
   c. Reviewing and approving the suggested targets and/or budget adjustments (forecasting);
   d. Deciding on Capex proposals with certain criteria (business cases).

3. Performance Assessment
   a. Review, provide insight and approve KPIs at the Sectoral and Division/Unit/Functional Unit levels;
   b. Reviewing and providing recommendations for BNI's Board of Directors (BOD) KPIs;
   c. Reviewing and providing recommendations for BNI's SEVP KPIs;
   d. Providing recommendations to Sectoral & Divisions/Units/Functional Units regarding the determination and cascading of KPIs and targets;
   e. Reviewing the implementation of the performance management process on a sustainable basis;
   f. Providing recommendations for policy amendment initiatives to enhance the effectiveness of performance management;
   g. Reviewing and deciding the PMS scores for the Q4 period (whereas PMS scores for Q1, Q2, and Q3 periods are reviewed and decided by the Director supervising the PMS function);
   h. Acting as an arbitration body for issues related to performance measurement.

STRUCTURE AND MEMBERSHIP OF THE PERFORMANCE MANAGEMENT COMMITTEE

The Performance Management Committee (PMC) consists of members of the Board of Directors, along with Executive Officers one level below the Board who are appointed to serve. The structure and membership of the Performance Management Committee are determined by a Board of Directors Decree, which also serves as the official assignment of the Chairperson, Deputy Chairperson, and Committee Members.

The structure, membership, and voting rights status of the PMC as of December 31, 2025, pursuant to Board of Directors Decree No. KP/460/DIR/R dated September 10, 2025, are as follows:

Position in the Committee	Filled In by	Voting Rights Status
Chairman	President Director	Holds voting rights
Vice Chairman	Deputy President Director	Holds voting rights
Secretary	Corporate Planning & Performance Management Division Head (concurrently Permanent Member)	Holds no voting rights
Permanent Member at the Director & SEVP level	All Board of Directors & SEVP Members	Holds voting rights
Permanent Member at the Board of Directors level	Human Capital & Compliance Director	Holds no voting rights
Permanent Member at the Division/Unit/Functional Unit level	1. Internal Audit Unit Head 2. Human Capital Strategy Division Head 3. Treasury Division Head 4. AI & Big Data Analytics Division Head 5. Network Strategy & Development Division Head 6. Corporate Development & Transformation Division Head 7. Human Capital Business Partner Head	Holds no voting rights
Non Permanent Member	Division Head/Unit/Functional Unit related to the topic of discussion	Holds no voting rights

TERM AND TENURE OF THE PERFORMANCE MANAGEMENT COMMITTEE

The tenure of PMC membership follows the respective structural terms of office within BNI.

PROFILE OF THE CHAIRPERSON AND MEMBERS OF THE PERFORMANCE MANAGEMENT COMMITTEE

Comprehensive information on the profiles of PMC members is provided in the Company Profile chapter, specifically in the sub-chapters on the Board of Directors' Profile, Senior Executive Vice President (SEVP) Profile, and Executive Officers Profile.

CERTIFICATION OF THE PERFORMANCE MANAGEMENT COMMITTEE

BNI ensures that all PMC personnel meet the required qualification and competency certification standards in accordance with applicable regulations. In 2025, the PMC Committee has participated in a certification program in accordance with applicable regulations.

INDEPENDENCE STATEMENT OF THE PERFORMANCE MANAGEMENT COMMITTEE

All PMC members declare their ability and commitment to fulfilling their duties and responsibilities in compliance with prevailing regulations and Good Corporate Governance (GCG) principles.

MEETINGS OF THE PERFORMANCE MANAGEMENT COMMITTEE

Implementation of Performance Management Committee Meeting

The policies and procedures governing PMC meetings at BNI are as follows:

1. The Committee convenes meetings at least 2 (two) times per year or as necessary, at a designated venue, time, and date, to ensure all members are able to manage their attendance accordingly.
2 The Committee quorum shall include the chairperson, vice chairperson, and designated permanent members at the Director and SEVP levels. A quorum for a committee meeting is achieved if at least half of the committee's quorum is present, and the Chairperson and/or Vice Chairperson shall also be present.
3. In decision-making, only all voting members, consisting of Permanent and Non-Permanent Members at the Director and SEVP levels, shall be present at the meeting and shall have voting rights.

Meeting Frequency and Attendance Rate

No.	Date	Meeting Agenda	Attendance Quorum (%)
1	February 3, 2025	January 2025 Financial Performance	100% (Fulffiled)
2	February 13, 2025	Finalization of Q4 2024 Unit PMS	100% (Fulffiled)
3	March 17, 2025	2025 Performance Review	100% (Fulffiled)
4	July 11, 2025	June 2025 Financial Performance	100% (Fulffiled)
5	August 12, 2025	July 2025 Financial Performance	100% (Fulffiled)
6	September 15, 2025	August 2025 Financial Performance	100% (Fulffiled)
7	October 14, 2025	September 2025 Financial Performance	100% (Fulffiled)
8	December 1, 2025	October 2025 Financial Performance	100% (Fulffiled)
9	December 22, 2025	2026 Unit KPI Governance	100% (Fulffiled)
10	December 1, 2025	Financial Performance Oktober 2025	100% (Fulffiled)
11	December 22, 2025	Governance KPI Unit 2026	100% (Fulffiled)

TRAINING AND/OR COMPETENCY ENHANCEMENT OF THE PERFORMANCE MANAGEMENT COMMITTEE IN 2025

All members of the PMC Committee have participated in several training activities, seminars, and workshops to enhance their competence and knowledge in relevant fields. Information related to this has been described in the Company Profile Chapter, Competency Development Policy subchapter in the discussion entitled Senior Executive Vice President (SEVP) Competency Development, as well as in the Corporate Governance Chapter, Board of Directors subchapter, in the discussion entitled Training and/or Competency Improvement of the Board of Directors Members in 2025

WORK PLAN OF THE PERFORMANCE MANAGEMENT COMMITTEE FOR 2025

Throughout 2025, BNI's PMC Committee undertook several initiatives and implemented work programs, including:

1. Reviewing and ensuring alignment between the Corporate Plan, the Board of Directors' General Policy, the Bank's Business Plan, and Budget Allocation.
2. Approving the RBB (Bank Business Plan) and RKAP (Work Plan and Budget) for 2025–2027.
3. Supervising and monitoring developments in Planning & Budgeting activities.
4. Providing recommendations on the determination and cascading of KPIs and targets for 2025.
5. Reviewing and finalizing the PMS (Performance Management System) scores for Q4 2023.

WORK PLAN OF THE PERFORMANCE MANAGEMENT COMMITTEE FOR 2026

PMC has outlined its work plan for 2026, focusing on the following strategic priorities:

1. Conducting a review of the 2026 RBB and RKAP.
2. Conducting Monthly Performance Reviews for 2026.
3. Reviewing and ensuring the alignment of KPIs with the Bank-wide strategy and targets for 2026.
4. Reviewing and evaluating PMS scores for Q1, Q2, and Q3.
5. Reviewing and finalizing the PMS scores for Q4 2025.
6. Reviewing and approving the 2027 – 2029 RBB and RKAP for 2026–2030.

TECHNOLOGY MANAGEMENT COMMITTEE (KMT)

In the midst of this era of rapid digital transformation, the Technology Management Committee (KMT) serves as a guide and guardian to ensure that technology is used optimally, thereby increasing the effectiveness of business strategies and responding to customer needs. This committee reviews the direction of technology development, from infrastructure investment and information systems to increasingly crucial cybersecurity policies.

The arrangement of the Technology Management Committee (KMT) was established through the Board of Directors Decree No. KP/461/DIR/R dated September 10, 2025, by adding new 3 (three) Subcommittees, namely the IT Project Committee (ITPC) Subcommittee, the Release Control Board (RCB) Subcommittee, and the IT Steering Committee (ITSC) Subcommittee.

TECHNOLOGY MANAGEMENT COMMITTEE CHARTER

The Technology Management Committee Charter was established as the primary governance framework guiding the Committee in overseeing the Bank's digital transformation. The Charter provides a clear mandate for the TMC to evaluate, direct, and ensure that all technology initiatives and innovations are fully aligned with business objectives, data security requirements, and applicable regulatory standards.

This Charter is subject to periodic review and update to ensure continued alignment with applicable regulations and the Bank's needs. In 2025, the BNI Technology Management Committee Charter was updated and formally enacted pursuant to Decree No. KP/461/DIR/R dated 10 September 2025.

DUTIES AND RESPONSIBILITIES OF THE TECHNOLOGY MANAGEMENT COMMITTEE

a. Technology Management Committee (TMC)

1) Establish IT policies, including but not limited to IT governance, IT architecture, IT risk management, cyber resilience & security, the use of IT service providers, electronic system placement, data management & personal data protection, internal control & internal audit, assessment of IT operations, IT development, IT operations, and IT activities within the financial conglomeration.
2) Establish the IT Strategic Plan (ITSP).
3) Establish the initial annual list of (bank-wide) IT development initiatives, by considering their alignment with the Bank's business strategy based on cost & benefit analysis.
4) Conduct evaluations, provide direction to Management, monitor, and provide recommendations regarding all IT activities, IT performance, IT performance improvement efforts, and the measurement of effectiveness & efficiency of IT governance implementation.

b. Sub-Committee: IT Project Committee (ITPC)

1) Establish the proposed initial annual list (prioritization) of IT development initiatives to be subsequently decided upon by the Technology Management Committee (TMC).
2) Establish ongoing annual (insertion) IT development project initiatives for implementation, considering their alignment with the Bank's business strategy based on cost & benefit analysis.

c. Sub-Committee: Release Control Board (RCB)

1) Approve proposed deployments of IT developments or IT system fixes to the production environment according to decision criteria, considering IT risk management.
2) Conduct evaluations, monitor, and provide recommendations regarding proposed deployments, considering IT risk management

d. Sub-Committee: IT Steering Committee (ITSC)

1) Conduct discussions/evaluations/decisions regarding the execution of IT projects (timeline, progress, scope, budget, resources).
2) Conduct discussions/evaluations/decisions regarding specific IT topics.

STRUCTURE AND MEMBERSHIP OF THE TECHNOLOGY MANAGEMENT COMMITTEE

KMT comprises all members of the Board of Directors, along with designated Executive Officers one level below the Board. The structure of BNI's KMT is determined based on its Terms of Reference (TOR), which also serves as the official designation of the Chairman, Deputy Chairman, and Committee Members.

Based on the Appendix to the Board of Directors' Decree No. KP/461/DIR/R dated September 10, 2025, regarding the Organization of the Technology Management Committee (KMT), the structure, membership, and voting rights status of the KMT as of December 31, 2025, are as follows:

1. Technology Management Committee (KMT)

Position on the Committee	Filled In by	Voting Rights Status
Chairman	President Director	Holds voting rights
Vice Chairman	Deputy President Director	Holds voting rights
Secretary	IT Strategy & Architecture Division Head (concurrently serves as a Permanent Member)	Holds no voting rights
Permanent Members at the Director & SEVP Level	1. Deputy President Director 2. Treasury & International Banking Director 3. Commercial Banking Director 4. Risk Management Director 5. Finance & Strategy Director 6. Network & Retail Funding Director 7. Institutional Director 8. Corporate Banking Director 9. Consumer Banking Director 10. Operations Director 11. SEVP of Information Technology	Holds voting rights
Permanent Members at the Director Level	Human Capital & Compliance Director*	Holds voting rights
Permanent Members at the Division/Unit Level/ Functional Unit	1. IT Strategy & Architecture Division Head 2. Application Development Division Head 3. Wholesale Digital Delivery Division Head 4. Retail Digital Delivery Division Head 5. IT Application Services Division Head 6. IT Infrastructure Management Division Head 7. CISO Division Head 8. AI & Big Data Analytics Division Head 9. Retail Digital Channel Division Head 10. Wholesale Digital Channel Division Head 11. Enterprise Risk Management Division Head 12. Head of Operational Risk Management Division 13. Head of Compliance Division 14. Head of Corporate Planning & Performance Management Division 15. Head of Procurement & Fixed Assets Division 16. Human Capital Business Partner 17. Senior Operational Risk Executive Technology, Digital & Operations 18. Head of Internal Audit Unit	Holds no voting rights
Non-permanent Members (Non-voting Member)	Directors/SEVPs/Heads of Divisions, Units, or Functional Units relevant to the topics under discussion	As stipulated in the Committee's Work Guidelines

*) Specifically, the Director of Human Capital & Compliance has special duties and responsibilities as stipulated in the committee's work guidelines.

2. IT Project Committee (ITPC) Sub-Committee

Position on the Committee	Filled In by	Voting Rights Status
Chairman	Information Technology Director	Holds voting rights
Secretary	IT Strategy & Architecture Division Head (concurrently serves as a Permanent Member)	Holds no voting rights
Permanent Members at the Director & SEVP Level	1. Director overseeing IT development initiatives or relevant Director based on the discussion topic 2. Finance & Strategy Director 3. SEVP of Information Technology	Holds voting rights
Permanent Members at the Division/Unit Level/ Functional Unit	1. Corporate Planning & Performance Management Division Head 2. Division Head related to IT development initiatives or relevant to the discussion topic 3. Senior Operational Risk Executive Technology	Holds no voting rights
Permanent Members at the Director & SEVP Level	Director/SEVP related to the discussion topic	Holds no voting rights
Non-permanent Members	Head of Division/Unit/Functional Unit related to the discussion topic	Holds no voting rights

3. Release Control Board (RCB) Sub-Committee

Position on the Committee	Filled In by	Voting Rights Status
Chairman	Information Technology Director	Holds voting rights
Secretary	IT Strategy & Architecture Division Head (concurrently serves as a Permanent Member)	Holds no voting rights
Permanent Members at the Director & SEVP Level	1. Director and/or SEVP overseeing IT development initiatives 2. Finance & Strategy Director 3. SEVP of Information Technology	Holds voting rights
Permanent Members at the Division/Unit Level/ Functional Unit	1. IT Infrastructure Management Division Head 2. CISO Division Head 3. Senior Operational Risk Executive Technology, Digital & Operations 4. Head of Division related to IT development initiatives or relevant to the discussion topic 5. Enterprise Risk Management Division Head 6. Operational Risk Management Division Head 7. IT Strategy & Architecture Division Head	Holds no voting rights
Permanent Members at the Director & SEVP Level	Director/SEVP related to the discussion topic	Holds voting rights
Non-permanent Members	Head of Division/Unit/Functional Unit related to the discussion topic	Holds no voting rights

4. IT Steering Committee (ITSC) Sub-Committee

Position on the Committee	Filled In by	Voting Rights Status
Chairman	Information Technology Director	Holds voting rights
Secretary	Head of SKTI* Division (concurrently serves as a Permanent Member)	Holds no voting rights
Permanent Members at the Director & SEVP Level	1. The Director and/or SEVP overseeing IT development initiatives and/or the Director and/or SEVP relevant to the topic of discussion 2. SEVP of Information Technology	Holds voting rights
Permanent Members at the Director & SEVP Level	Director/SEVP related to the discussion topic	Holds no voting rights
Non-permanent Members	Head of Division/Unit/Functional Unit related to the discussion topic	Holds no voting rights

TERM AND TENURE OF THE TECHNOLOGY MANAGEMENT COMMITTEE

In accordance with the charter established through Director's Decree No. KP/461/DIR/R dated September 10, 2025, the tenure of KMT membership follows the term of office in the structural positions at BNI.

PROFILE OF THE CHAIRPERSON AND MEMBERS OF THE TECHNOLOGY MANAGEMENT COMMITTEE

Comprehensive information regarding the profiles of KMT members is provided in the Company Profile chapter, under the sub-chapters: Profile of the Board of Directors, Profile of Senior Executive Vice Presidents (SEVPs), and Profile of Executive Officers.

CERTIFICATION OF THE TECHNOLOGY MANAGEMENT COMMITTEE

BNI ensures that all KMT personnel meet the required qualification and competency certification standards in accordance with applicable regulations. In 2025, KMT has fulfilled the established certification program.

INDEPENDENCE STATEMENT OF THE TECHNOLOGY MANAGEMENT COMMITTEE

BNI guarantees that all KMT members meet the required independence criteria and are capable of carrying out their duties independently, upholding the best interests of the Bank, and remaining free from any external influence. The KMT's statement of independence has been expressed in a Pledge of Integrity that is periodically renewed and signed by all KMT members.

MEETINGS OF THE TECHNOLOGY MANAGEMENT COMMITTEE

Implementation of Technology Management Committee

The policies and procedures for conducting KMT meetings at BNI are as follows:

1. Committee Meetings
   a. The committee shall convene meetings at least four (4) times a year.
   b. The IT Project Committee Subcommittee, Release Control Board Subcommittee, and IT Steering Committee Subcommittee shall be held as needed at a specific place, time, and date that has been determined.
2. The Committee/Subcommittee is allowed to hold an unexpected meeting considering the importance of the issue that requires immediate decision.
3. The quorum of the Committee/Subcommittee shall include the chairperson, vice chairperson, and standing members at the level of the Board of Directors and SEVP as determined. The quorum of the Committee/Subcommittee shall be achieved if at least more than ½ (half) of the quorum of the Committee/Subcommittee is present and must be attended by the Chairperson and/or Vice Chairperson.
4. In decision-making, only all voting members, consisting of Permanent and Non-Permanent Members Committee/Subcommittee at the Director and SEVP levels, shall be present at the meeting and shall have voting rights.

Frequency and Attendance Rate

Period January 1, 2025 – September 9, 2025

1. Technology Management Committee

No.	Date	Meeting Agenda	Attendance Quorum (%)
1	February 24, 2025	KMT: Knowledge Management System with Gen AI; LMS Retail Update	90% (Fulfilled)
2	March 10, 2025	KMT: Approval of the 2025–2029 SOE IT Strategic Plan (RSTI); and 2025 Eid Readiness Update	100% (Fulfilled)
3	April 21, 2025	KMT: Review of 2025 Eid Holiday Activities; and Core Banking Modernization Update	90% (Fulfilled)
4	July 14, 2025	KMT: Progress of IT Project Implementation & Automation CAPEX Realization; Cybersecurity Threats & How We Protect Customers	100% (Fulfilled)
5	March 6, 2025	ITPC: Establishment of IT project development initiatives including Autodebit, JITU application enhancement, Pre-Production Infrastructure and Critical Application Testing, Operational Infrastructure Tools Development, Security Preventions 2025, Govtech 2025, Acceptance of Mastercard Payment Gateway Services (MPGS) in BNI Acquiring, RPA Enhancement 2025, Security Operations 2025, Axway Development, Avatar 2025, WEM Investment System Enhancement 2025, HCMS Core Upgrade, ECM (Enterprise Content Management) – EPP Development, Citynet Rec 7 Reconciliation Engine Enhancement, ODS & ODW Professional Services, Virtualization Server License, IT Development Support Services	100% (Fulfilled)

No.	Date	Meeting Agenda	Attendance Quorum (%)
6	May 14, 2025	ITPC: Establishment of IT project development initiatives including Emission Management Platform, Blockchain-Based Credit Document Integrity System	100% (Fulfilled)
7	May 22, 2025	ITPC: Establishment of IT project development initiatives including Retail Billing Payment, PSAK 71 Application License, Balance Sheet & Liquidity Risk System (BaSeLS), Risk Management Information System (RMIS), ATM Replacement with CRM – 2025, Transaction-Based Lending (BWU Pandu Mikro – Value Chain, Digital, Agency, Invoice Financing), Agricultural Sector Credit Process Digitalization, Big Data License, BNI Corporate Website Revamp, Treasury Surrounding System Enhancement, Metadata Management Solution, Enhancement for PPATK Regulatory Requirements 2025	100% (Fulfilled)
8	June 23, 2025	ITPC: Establishment of IT project development initiatives including Graph Database Technology, Wondr Project Development License	100% (Fulfilled)
9	July 2, 2025	ITPC: Establishment of IT project development initiatives including eLo Bridging Enhancement, BNI Fleksi Digital Loan Wondr Feature, BNI Kasbon and BNI PayLater	100% (Fulfilled)
10	July 10, 2025	ITPC: Establishment of IT project development initiatives including Join Financing Enhancement, Multi-Currency Savings, Database System Capability & Availability and Recovery	100% (Fulfilled)
11	August 2, 2025	ITPC: Establishment of IT project development initiatives including KFTC Electronic Banking, IT QA Support for System/Application Testing (Test Engineer & Functional Tester), BNIMove RPB, Tableau Server Core Software License, Enterprise Event Bus (EEB) Subscription	100% (Fulfilled)
12	January 22, 2025	ITSC: Treasury Management System Project – System Integration Test (SIT) Report	100% (Fulfilled)
13	February 18, 2025	ITSC: LMS Retail Project – Interim Solution Follow-Up	100% (Fulfilled)
14	March 3, 2025	ITSC: International Wealth Management System (i-Wealth) Project – Singapore Compliance Approval	100% (Fulfilled)
15	March 6, 2025	ITSC: Avatar Project – Scoping, Prioritization, Target, Governance & Risk	100% (Fulfilled)
16	March 7, 2025	ITSC: Centralization of Overseas Branches System Project – Progress Report and KLN Go-Live Target Determination	100% (Fulfilled)

27	July 21, 2025	ITSC: Treasury Management System Project – Runbook Implementation Report and Go/No-Go	100% (Fulfilled)
28	August 8, 2025	ITSC: Treasury Management System Project – Application Switch Over / Switch Back Activities	100% (Fulfilled)
29	August 12, 2025	ITSC: Avatar Project – Limit Mechanism and Flow, and Outstanding Limit	100% (Fulfilled)
30	August 25, 2025	ITSC: Wondr Project – Onboarding Evaluation	100% (Fulfilled)
31	August 29, 2025	ITSC: Wondr Project – Fraud Detection Update and Release 4.2	100% (Fulfilled)

Period September 10, 2025 – December 31, 2025

1. Technology Management Committee

No	Date	Meeting Agenda	Attendance Quorum (%)
1	October 14, 2025	Progress of IT Project Implementation as of Q3 2025, and IT Planning Session 2026	95.8% (Fulfilled)
2	November 24, 2025	Update on Subsidiaries Synergy; Proposed Revision of the 2024–2028 IT Strategic Plan (RSTI); Proposed 2026 IT Project Portfolio; Proposed 2026 IT Development Plan (RPTI)	100% (Fulfilled)
3	December 22, 2025	Year-End/Nataru Operational Update; Update on Fraud Detection System Improvement Crash Plan	83.3% (Fulfilled)

2. IT Project Committee (ITPC) Sub-Committee

No	Date	Meeting Agenda	Attendance Quorum (%)
1	September 12, 2025	Establishment of IT project development initiatives including Professional Services for Enterprise Data Platform Development, Development of Storage and Backup Devices to support capacity enhancement of ODS, ODW, THE and ETL systems, Wondr by BNI Development Release 5 – Release 8, Red and White Village Cooperative Financing Program (KDKMP)	100% (Fulfilled)
2	October 9, 2025	Establishment of IT project development initiatives including Enhancement of Acquiring System, Modernization of Klingon Features to WebMethods, Enhancement of Credit Card Issuing System	100% (Fulfilled)
3	October 15, 2025	Establishment of IT project development initiatives including HC Strategic Module, Notification Engine	100% (Fulfilled)
4	November 18, 2025	Establishment of IT project development initiatives including Operational Risk Management System (ORMS), Enhancement of e-Polis	100% (Fulfilled)
5	December 12, 2025	Establishment of IT project development initiatives including Test Data Management, Development and Refreshment of Network Devices at Branches and BNI Buildings, Enhancement of Compliance Information Management System (CIMS), Enterprise License Agreement Microfocus	100% (Fulfilled)
6	December 31, 2025	Establishment of IT project development initiatives including Pooling of IT Strategic Partner Support Services, Core Service Segmentation, IBM WebMethods Advisory Services, Additional API Gateway Capacity (Axway) – Wondr Project	100% (Fulfilled)

3. Release Control Board (RCB) Sub-Committee

Throughout 2025, there were no decisions taken under the authority of the RCB Sub-Committee.

4. IT Steering Committee (ITSC) Sub-Committee

No	Date	Meeting Agenda	Attendance Quorum (%)
1	September 30, 2025	Enterprise Financial System (EFS) Project – Wave 1 Report (End User Training)	100% (Fulfilled)
2	November 4, 2025	Enterprise Financial System (EFS) Project – Wave 1 Report (Parallel Run)	100% (Fulfilled)
3	December 12, 2025	Enterprise Financial System (EFS) Project – Wave 2 Report (Development)	83.3% (Fulfilled)

TRAINING AND/OR COMPETENCY ENHANCEMENT FOR THE TECHNOLOGY MANAGEMENT COMMITTEE IN 2025

In 2025, the Chairperson and members of the Technology Management Committee (KMT) participated in various training programs, seminars, and workshops to maintain their expertise and competencies in support of their daily responsibilities. Information related to this matter has been described in the Company Profile Chapter, Competency Development Policy subchapter in the discussion entitled Senior Executive Vice President (SEVP) Competency Development, as well as in the Corporate Governance Chapter, Board of Directors subchapter, entitled Training and/or Competency Improvement of the Board of Directors Members in 2025.

IMPLEMENTATION OF THE TECHNOLOGY MANAGEMENT COMMITTEE'S DUTIES IN 2025

Throughout 2025, BNI's Technology Management Committee (KMT) carried out various activities and implemented work programs in accordance with its assigned duties and responsibilities.

TECHNOLOGY MANAGEMENT COMMITTEE'S WORK PLAN FOR 2026

The Technology Management Committee (KMT) has outlined its work plan for 2026, prioritizing the following strategic areas:

1. IT Project Portfolio 2026; IT Project Implementation and IT CAPEX Realization Progress H1/2026;
2. IT Operation Updates H1/2026;
3. IT Project Implementation and IT CAPEX Realization Progress H2/2026, and IT Planning 2027;
4. IT Operation Updates H2/2026.

CREDIT POLICY COMMITTEE (KRB)

The Credit Policy Committee (KRB) is one of the committees at BNI that plays a role in providing recommendations to the Board of Directors regarding the Bank's credit policy to improve the quality of the credit portfolio and oversee the implementation of credit granting.

The Credit Policy Committee (KRB) consists of 2 (two) subcommittees, namely the Credit Policy Sub-committee (KKP) and the Credit Procedures Sub-committee (KKP), that have the authority to provide input on policy formulation and make decisions on credit procedures in accordance with the duties and responsibilities of each subcommittee. The Credit Policy Committee underwent restructuring through Board of Directors Decree No. KP/457/DIR/R dated September 10, 2025, regarding the Restructuring of the Credit Policy Committee (KRB).

CREDIT POLICY COMMITTEE CHARTER

To enhance the effectiveness of the Credit Policy Committee's duties and responsibilities, BNI has established the Credit Policy Committee Charter, which was formalized through Board of Directors Decree No. KP/457/DIR/R dated September 10, 2025. This charter is periodically reviewed and updated in accordance with applicable legal and regulatory developments.

DUTIES AND RESPONSIBILITIES OF THE CREDIT POLICY COMMITTEE

1. Credit Policy Sub-Committee (KKP)
   a. Establishing the Bank's Credit Policy (KPB), particularly in relation to prudential credit principles, for submission to the Board of Commissioners for approval.
   b. Overseeing the implementation and execution of Bank Credit Policy, Treasury & International/Financial Institution Business, and Trade Business in a consistent and coherent manner, as well as conducting reviews if there are obstacles/constraints in the implementation of Bank Credit Policy, Treasury & International/Financial Institution Business, and Trade Business.
   c. Conducting periodic reviews of Bank Credit Policies, Treasury & International/Financial Institution Business, and Trade Business and, if necessary, determining changes/improvements to Bank Credit Policies, Treasury & International/Financial Institution Business, and Trade Business.
   d. Monitoring and evaluating, among other things:
      1) Drive operational efficiency and scalability by accelerating the digitalization of business processes and customer service, including the development of e-Policy, bPOS, Mobile DigiClaim, and Face Recognition technology.
      2) Improve decision-making accuracy and service speed by implementing Robotic Process Automation (RPA) and Artificial Intelligence (AI) technology in the Underwriting and Claims functions.
      3) Strengthen risk management and compliance through systematic control testing to ensure the effectiveness of internal controls and regulatory compliance.
      4) Maintain organizational relevance and resilience through periodic evaluation and refinement of the organizational structure and business process reviews.
      5) Expand the marketing reach of productive credit life insurance products for the MSME segment.
      6) Improve the quality of customer service with a data-driven approach and customer satisfaction feedback.
      7) Optimize data analytics and data management capabilities to support more targeted business segmentation in developing cross-selling opportunities.

e. Submitting periodic written reports to the Board of Directors, with a copy to the Board of Commissioners, regarding the results of supervision of the implementation and execution of the Bank's Credit Policy and the results of monitoring and evaluation of the matters referred to in point 1.a. above.
f. Formulating and recommending steps to improve the implementation of Bank Credit activities, Treasury & International/Financial Institution Business, and Trade Business.
c. Monitoring and evaluating the following aspects:
   1) The overall development and quality of the credit portfolio.
   2) The proper exercise of credit approval authority.
   3) The accuracy of credit granting processes, particularly for related parties and large corporate debtors.
   4) Compliance with Legal Lending Limits (BMPK), Good Corporate Governance (GCG), and Risk Management Implementation.
   5) Adherence to regulatory and legal provisions in credit operations.
   6) The resolution of non-performing loans in line with the Bank's Credit Policy.
   7) The Bank's efforts in maintaining an adequate level of credit loss provisions.

2. Credit Procedures Sub-Committee (KPP)
   a. Establishing credit procedures and operational guidelines.
   b. Defining the Lending Model, which refers to specific operational policies and credit procedures tailored for particular market segments, industries, or regions while adhering to prudential banking principles and Good Corporate Governance (GCG).
   c. Formulating procedures and operational guidelines for Treasury, International Business, and Financial Institutions.

STRUCTURE AND MEMBERSHIP OF THE CREDIT POLICY COMMITTEE

The Credit Policy Committee (KRB) comprises members from the Board of Directors, along with executive officers one level below the Board, who are appointed by decree. The membership structure of KRB is formalized through a Board of Directors Decree, which also determines the roles of the Chairperson, Vice Chairperson, and Committee Members.

As of December 31, 2025, the structure, membership, and voting rights within the Credit Policy Committee are outlined in Board of Directors Decree No. KP/457/DIR/R dated September 10, 2025, regarding the Restructuring of the Credit Policy Committee (KRB):

1. Credit Policy Sub-Committee (KKP)

Position on the Committee	Filled In by	Voting Rights Status
Chairman	President Director	Holds voting rights
Vice Chairman	Deputy President Director	Holds voting rights
Secretary	Policy Governance Division Head (concurrently serves as a permanent member)	Holds no voting rights
Permanent Members at the Director & SEVP Level	1. Risk Management Director 2. Corporate Banking Director 3. Treasury & International Banking Director 4. Institutional Director 5. Commercial Banking Director 6. Consumer Banking Director 7. Network & Retail Funding Director 8. Operations Director 9. SEVP of Legal & Governance	Holds voting rights
Permanent Members at the Director Level	Human Capital & Compliance Director*	Holds no voting rights
Permanent Member (Division/ Unit/ Functional Unit Head level)	1. Enterprise Risk Management Division Head 2. Legal Division Head 3. Compliance Division Head 4. Head of Internal Audit Unit	Holds no voting rights
Non-permanent Members	Directors/SEVPs/Heads of Divisions, Units, or Functional Units relevant to the topics under discussion	As stipulated in the Committee's Work Guidelines

*Specifically, the Director of Human Capital & Compliance has special duties and responsibilities as stipulated in the committee's work guidelines.

2. Credit Procedure Sub-Committee (KPP)

Position on the Committee	Filled In by	Voting Rights Status
Chairman	President Director	Holds voting rights
Vice Chairman	Deputy President Director	Holds voting rights
Secretary	Policy Governance Division Head (concurrently serves as a non-voting permanent member)	Holds no voting rights
Permanent Members at the Director & SEVP Level	1. Risk Management Director 2. Sector Director (according to the proposing unit and/or relevant to the discussion topic) 3. SEVP of Legal & Governance	Holds voting rights
Permanent Member (Division/ Unit/ Functional Unit Head level)	1. Legal Division Head 2. Compliance Division Head 3. Head of Internal Audit Unit 4. Head of Division/Unit/Functional Unit relevant to the discussion topic	Holds no voting rights
Non-permanent Members	Head of Division/Unit/Functional Unit related to the discussion topic	As regulated in the committee's work guidelines

TERM AND DURATION OF SERVICE FOR THE CREDIT POLICY COMMITTEE

The tenure of the members of the Credit Policy SubCommittee (KKP) is determined in alignment with their respective structural terms at BNI.

PROFILE OF THE CHAIRPERSON AND MEMBERS OF THE CREDIT POLICY COMMITTEE

Comprehensive information on the profiles of the members of the Credit Policy Committee (KKP) is detailed in the Company Profile Chapter, under the subchapters Profile of the Board of Directors, Profile of the Senior Executive Vice President (SEVP), and Profile of Executive Officers.

CERTIFICATION OF THE CREDIT POLICY COMMITTEE

BNI ensures that all personnel of the Credit Policy Committee meet the required qualification standards and competency certifications in accordance with prevailing regulations. In 2025, the Credit Policy Committee will have participated in the designated certification program.

INDEPENDENCE STATEMENT OF THE CREDIT POLICY COMMITTEE

The Credit Policy Committee is fully capable of performing its duties, responsibilities, and authority professionally and independently, without interference from any party that is not in accordance with applicable laws and regulations. All members of the Credit Policy Committee declare that they meet the independence criteria and are capable of carrying out their responsibilities independently, upholding the best interests of the Bank, and remaining uninfluenced by any external party. The Independence Statement of the Credit Policy Committee is disclosed in the Integrity Pact, which is periodically updated and signed by all committee personnel.

MEETINGS OF THE CREDIT POLICY COMMITTEE

Implementation of Credit Policy Committee Meeting

The policies and procedures for conducting Credit Policy Committee meetings are as follows:

1. The sub-committees hold meetings at designated locations, times, and dates to allow all members to arrange their attendance. The meeting frequency is as follows:
   a. The Credit Policy Subcommittee (KKP) shall meet at least once every three (3) years or as needed at a specific place, time, and date that has been determined so that all members can arrange their schedules to attend.
   b. The Credit Procedures Subcommittee (KPP) shall meet at least four (4) times a year or as needed at a specific place, time, and date that has been determined so that all members can arrange their time to attend.
2. The Subcommittee may hold emergency meetings considering the importance of issues that require immediate decisions.
3. The quorum of the Subcommittee shall consist of the Chair, Vice Chair, and standing members at the level of Director & SEVP as determined. The quorum of the Subcommittee meeting shall be reached if at least more than ½ (half) of the Subcommittee quorum is present and the Chair and/or Vice Chair must be present.
4. In decision-making, only all voting members, consisting of Permanent and Non-Permanent Members at the Director and SEVP levels, shall be present at the meeting and shall have voting rights.

TRAINING AND COMPETENCY ENHANCEMENT OF THE CREDIT POLICY COMMITTEE IN 2025

In 2025, the chairman and members of the Credit Policy Committee have participated in various training activities, seminars, and workshops to maintain and improve their skill and competency levels, thereby supporting the effective implementation of their daily tasks. More detailed information on these training and competency development activities is described in the Company Profile Chapter, Competency Development Policy Sub-chapter in the discussion entitled Competency Development Based on Job Level and Gender Equality in 2025, as well as in the Corporate Governance Chapter, Board of Directors Sub-chapter, in the discussion entitled Training and/or Competency Improvement.

IMPLEMENTATION OF THE CREDIT POLICY COMMITTEE'S DUTIES IN 2025

1. Credit Policy Sub-Committee (KKP)
   In 2025, the Credit Policy Sub-Committee (KKP) carried out its duties and responsibilities in accordance with its functions, while taking into account market conditions and the principles of prudence and Good Corporate Governance.
2. Credit Procedures Sub-Committee (KPP)
   Throughout 2025, the Credit Procedures Subcommittee (KPP) carried out its duties and responsibilities in establishing procedures and provisions while adhering to the principles of prudence and good corporate governance.

WORK PLAN OF THE CREDIT POLICY COMMITTEE FOR 2026

1. Credit Policy Sub-Committee (KKP)
   In order to ensure the effectiveness of the Bank's Credit Policy (KPB), BNI consistently conducts periodic reviews of the policy. These reviews take into account developments in external regulations and business dynamics, while continuing to prioritize the application of prudential banking principles and caution in order to support sustainable performance and sound risk management.
2. Credit Procedures Sub-Committee (KPP)
   The Credit Procedures Subcommittee (KPP) has established a work plan for 2026, which includes reviewing credit procedures, lending models, institutional business, treasury, international business, and trade business.

HUMAN CAPITAL COMMITTEE (KHC)

The Human Capital Committee (KHC) is one of BNI's committees, authorized to formulate human capital management strategies aligned with BNI's vision, mission, and strategy to develop high-performing and competent human resources.

The Human Capital Committee consists of two subcommittees:
1. Human Capital Strategy & Policy Sub-Committee (HSP).
2. Executive Talent Sub-Committee (ETC).

HUMAN CAPITAL COMMITTEE CHARTER

The Human Capital Charter serves as a guideline for the committee to formulate policies on how to treat, develop, and empower every individual, enabling them to deliver their best contribution while achieving sustainable self-development.

The Human Capital Committee (KHC) operates under a charter that defines its membership, structure, authority, duties, responsibilities, meetings, activities, and governance procedures. The KHC Charter was established by the Board of Directors through Decree No. KP/458/DIR/R dated September 10, 2025, and is periodically reviewed to ensure alignment with prevailing regulations and the Bank's needs.

DUTIES AND RESPONSIBILITIES OF THE HUMAN CAPITAL COMMITTEE

1. Human Capital Strategy & Policy Sub-Committee (HSP)
   The Human Capital Strategy & Policy Sub-Committee is responsible for setting the strategic direction for human capital management in alignment with BNI's overall strategy.

2. Executive Talent Sub-Committee (ETC)
   The Executive Talent Sub-Committee (ETC) is responsible for managing the talent cycle for Division Heads, Regional Manager, Overseas Offices General Manager, and equivalent positions. This includes the appointment of management teams within subsidiaries, in accordance with applicable governance and authority structures.

STRUCTURE AND MEMBERSHIP OF THE HUMAN CAPITAL COMMITTEE

The Human Capital Committee (KHC) consists of members of the Board of Directors, supplemented by appointed Executive Officers one level below the Board of Directors. The KHC membership structure is established through a Board of Directors Decree, which concurrently serves as, or is recognized as, the official assignment of the Chairperson, Vice-Chairperson, and Committee Members.

Based on the Board of Directors' Decree No. KP/458/DIR/R dated September 10, 2025, regarding the Structuring of the Human Capital Committee (KHC), the composition, membership, and voting rights status of the Human Capital Committee as of December 31, 2025, are as follows:

1. Human Capital Strategy & Policy Sub-Committee (HSP)

Position in the Committee	Filled In by	Voting Rights Status
Chairman	President Director	Holds voting rights
Secretary	Human Capital Strategy Division Head (concurrently permanent member)	Holds no voting rights
Permanent Member at the Board of Directors level	1. Deputy President Director 2. Human Capital & Compliance Director 3. Finance & Strategy Director 4. SEVP Human Capital	Holds voting rights
Non Permanent Member	Director of the relevant Directorate /SEVP/Head of Division/Unit/ Functional Unit related to the discussion topic	As stipulated in the committee working guidelines

2. Executive Talent Committee Sub-Committee (ETC)

Position in the Committee	Filled In by	Voting Rights Status
Chairman	President Director	Holds voting rights
Secretary	Human Capital Strategy Division Head (concurrently a permanent member)	Holds no voting rights
Permanent Member at the Board of Directors level	1. Deputy President Director 2. All Members of the Board of Directors	Holds voting rights
Non Permanent Member	SEVP related to the discussion topic	As stipulated in the committee working guidelines

TERM AND TENURE OF THE HUMAN CAPITAL COMMITTEE

The tenure of the Human Capital Committee members follows the respective structural tenure periods within BNI.

PROFILE OF THE CHAIRPERSON AND MEMBERS OF THE HUMAN CAPITAL COMMITTEE

Comprehensive information on the profiles of the Human Capital Committee (KHC) members is detailed in the Company Profile Chapter, under the subchapters Board of Directors Profile, Senior Executive Vice President (SEVP) Profile, and Executive Officers Profile.

CERTIFICATION OF THE HUMAN CAPITAL COMMITTEE

BNI ensures that all personnel within the Human Capital Committee (KHC) meet the required qualification standards and competency certifications in accordance with applicable regulations. In 2025, the Human Capital Committee has participated in the established certification program.

INDEPENDENCE STATEMENT OF THE HUMAN CAPITAL COMMITTEE

The Human Capital Committee (KHC) at BNI carries out its duties, responsibilities, and authority professionally and independently, free from any undue influence that contradicts prevailing laws and regulations. The committee's independence statement is formally documented in an Integrity Pact, which is periodically reviewed and signed by all committee personnel.

MEETINGS OF THE HUMAN CAPITAL COMMITTEE

Implementation of Human Capital Committee Meeting

The policies and procedures for holding Human Capital Committee meetings at BNI are as follows:

1. The Human Capital Committee (KHC) must convene at least twice a year or as needed at a predetermined location, date, and time to ensure all members can schedule their attendance.
2. The Sub-Committee may hold emergency meetings considering the importance of issues that require immediate decisions.
3. The Sub-Committee quorum shall include the Chair and permanent members at the level of Directors & SEVP as determined. The Sub-Committee meeting quorum shall be achieved if at least more than ½ (half) of the Sub-Committee quorum is present and the Chair must be present.
4. In decision-making, only all voting members, consisting of permanent and non-permanent members of the Sub-committee at the Director and SEVP level, who are present at the meeting shall have voting rights.

Frequency and Attendance Rate

1. Human Capital Strategy & Policy Sub-Committee (HSP)

2. Executive Talent Sub-Committee (ETC)

No.	Date	Meeting Agenda	Attendance Quorum (%)
1.	January 13, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)
2.	February 03, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)
3.	February 17, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)
4.	March 10, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)
5.	March 17, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)
6.	April 09, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)
7.	June 02, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)
8.	June 10, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)
9.	June 25, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)
10.	July 28, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)
11.	August 04, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)
12.	August 22, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)
13.	September 08, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)
14.	September 17, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)
15.	September 24, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)
16.	October 27, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)
17.	November 03, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)
18.	December 22, 2025	Executive Talent Committee (ETC)	100% (Fulfilled)

TRAINING AND/OR COMPETENCY DEVELOPMENT OF THE HUMAN CAPITAL COMMITTEE IN 2025

Throughout 2025, the Human Capital Committee continued to strengthen its role as a strategic partner of the company by ensuring that each of its members had the latest competencies in line with industry dynamics and modern employment challenges. Information related to this is outlined in the Company Profile chapter, Sub-chapter Competency Development Policy in the discussion entitled Senior Executive Vice President (SEVP) Competency Development, as well as in the Corporate Governance Chapter, Sub-chapter Board of Directors, in the discussion entitled Training and/or Competency Improvement of Board Members in 2025.

IMPLEMENTATION OF HUMAN CAPITAL COMMITTEE DUTIES IN 2025

Throughout 2025, the Human Capital Committee (KHC) has carried out its responsibilities, including:

1. Establishing Employee Performance Assessment, Employee Classification, and Annual Bonus policies;
2. Managing the promotion, rotation, and transfer of Division Heads, Regional Manager, Overseas Office General Manager, or equivalent positions, including the appointment of management in subsidiaries, in accordance with applicable governance and authority;
3. Conducting performance evaluations for Acting Officials (PJ) and Grade Evaluations for Division Heads, Regional Heads, Overseas Branch Heads, or equivalent positions, including the appointment of management in subsidiaries under the applicable governance framework;
4. Designating Nominated Talent for State-Owned Enterprises (SOEs) Financial Services Cluster;

HUMAN CAPITAL COMMITTEE WORK PLAN FOR 2026

The Human Capital Committee (KHC) has formulated its 2025 work plan, aligned with BNI's Human Capital Roadmap, which includes:

1. Implementation of the Human Capital Strategy & Policy (HSP) Sub-Committee, as part of the initiatives outlined in the 2026 – 2030 Human Capital Long-Term Corporate Plan (RJPP)
2. Implementation of the Executive Talent Sub-Committee (ETC), as part of the initiatives outlined in the 2026 – 2030 Human Capital Long-Term Corporate Plan (RJPP).

SUBSIDIARIES COMMITTEE (KPA)

The Subsidiaries Committee holds a strategic mandate to formulate, establish, and manage policies as well as corporate actions relating to all BNI subsidiaries. In carrying out its role, the Committee ensures that each subsidiary delivers added value, sustainable competitiveness, and long term growth within the BNI Group ecosystem.

SUBSIDIARIES COMMITTEE CHARTER

In fulfilling its functions and responsibilities, all members of the Subsidiaries Committee adhere to the Subsidiaries Committee Charter, which serves as a working guideline. This charter clearly defines the structure, authority, duties and responsibilities, meeting procedures, activities, and operational framework of the Subsidiaries Committee. The Subsidiaries Committee Charter was established by the Board of Directors through Decree No. KP/459/DIR/R dated September 10, 2025, and is periodically reviewed to ensure its alignment with applicable regulations and the Bank's evolving needs. The currently valid Subsidiaries Committee Charter remains relevant to current conditions.

DUTIES AND RESPONSIBILITIES OF THE SUBSIDIARIES COMMITTEE

The duties and responsibilities of the Subsidiaries Committee include:

1. Defining strategies and targets for subsidiaries.
2. Establishing business initiatives for BNI's capital participation in subsidiaries.
3. Approving Corporate Actions and capital participation within BNI Incorporated.
4. Evaluating financial performance of subsidiaries.
5. Setting remuneration policies for subsidiary management.
6. Approving Subsidiaries' Annual Budget and Business Plan (RKAP).
7. Determining the execution and agenda of General Meetings of Shareholders (GMS) for subsidiaries.
8. Appointing Proxies to represent BNI as a Shareholder in subsidiaries.

STRUCTURE AND MEMBERSHIP OF THE SUBSIDIARIES COMMITTEE

The Subsidiaries Committee consists of members from the Board of Directors, along with designated executive officers at one level below the Board of Directors. The committee's membership structure is determined by a Board of Directors Decree, which also serves as the official appointment of the Chairperson, Vice Chairperson, and Committee Members.

Pursuant to Decree No. KP/459/DIR/R dated September 10, 2025 concerning the Reorganization of the Subsidiaries Committee (KPA), the structure, membership, and voting rights status of the Subsidiaries Committee as of December 31, 2025, are as follows:

Position in the Committee	Filled In by	Voting Rights Status
Chairman	President Director	Holds voting rights
Vice Chairman	Finance & Strategy Director	Holds voting rights
Secretary	Subsidiaries Management Division Head (serving as a permanent member)	Holds no voting rights
Permanent Member at the Director & SEVP level	1. Risk Management Director 2. Director of Subsidiary Company Development related to the material to be discussed	Holds voting rights
Permanent Member at the Board of Directors level	Human Capital & Compliance Director*	Holds no voting rights
Non Permanent Member at the Board of Directors level	Director of Division/SEVP/Division Head/Functional Unit Head related to the topic of discussion.	As stipulated in the committee's work guidelines

*) Specifically, Human Capital & Compliance Director has specific duties and responsibilities that are regulated in the committee's work guidelines.

PERIOD AND TERM OF OFFICE OF SUBSIDIARY COMMITTEE

The term of office of the KPA Committee membership is determined following each structural term of office at BNI.

PROFILE OF THE CHAIRMAN AND MEMBERS OF THE SUBSIDIARY COMMITTEE

Information on the profile of the members of the Subsidiary Committee has been described in full in the Company Profile Chapter, Sub-chapter Profile of the Board of Directors, Sub-chapter Profile of the Senior Executive Vice President (SEVP) and Sub-chapter Executive Officers.

SUBSIDIARY COMMITTEE CERTIFICATION

BNI ensures that all personnel of the Subsidiary Committee have met the qualification standards and competency certification in accordance with applicable provisions. In 2025, the Subsidiary Committee has participated in the certification program.

SUBSIDIARY COMMITTEE INDEPENDENCE STATEMENT

In discharging its duties and responsibilities, the Subsidiaries Committee (KPA) upholds the principle of independence. All members of the Committee discharge their roles free from any influence, pressure, or intervention from any party that could otherwise compromise independence in the decision making process.

SUBSIDIARIES COMMITTEE MEETING

Implementation of Subsidiaries Committee Meeting

The policy and procedures for implementing BNI Subsidiary Committee meetings are as follows:

1. The Committee holds meetings at least 4 (four) times in 1 (one) year or according to needs at a certain place, time and date that has been determined so that all members can arrange their attendance time.
2. The Sub-Committee may hold emergency meetings considering the importance of issues that must be decided immediately.
3. The Committee quorum includes the chairperson, vice chairperson, and designated permanent members (voting members) at the Director and SEVP levels. A quorum for a committee meeting is achieved if at least half of the committee's quorum is present, and the Chairperson and/or Vice Chairperson shall also be present.
4. In decision-making, only all voting members, consisting of permanent and non-permanent members of the Committee at the Director and SEVP levels, who are present at the meeting shall have voting rights.

Frequency and Attendance Level

In 2025, BNI held 3 (three) meetings of the KPA Committee attended by the Board of Directors and committee members. More detailed information on the implementation of the KPA Committee Meeting and the level of attendance of committee members in the meeting is described in the following table:

No.	Date	Meeting Agenda	Attendance Quorum (%)
1	February 05, 2025	Subsidiary Performance Review for 2024	100% (Fulfilled)
2	June 02, 2025	Extraordinary General Meeting of Shareholders (EGMS) of BNI Life	100% (Fulfilled)
3	June 02, 2025	Proposed Agenda and Resolutions of the Annual GMS for Fiscal Year 2024 of Subsidiaries	100% (Fulfilled)
4	September 22, 2025	Evaluation of the Integrated Internal Control System – First Semester of 2025	100% (Fulfilled)
5	November 03, 2025	Proposed Business Plan of Subsidiaries for 2026	100% (Fulfilled)
6	November 10, 2025	Evaluation of Business Improvement of BNI Finance for 2026	100% (Fulfilled)

TRAINING AND/OR COMPETENCY IMPROVEMENT OF KPA COMMITTEE IN 2025

In 2025, the chair and members of the KPA Committee participated in a number of training activities/seminars/workshops in order to maintain their level of expertise and competence to support the implementation of their daily tasks. Information related to this has been outlined in the Company Profile Chapter, Competency Development Policy sub-chapter in the discussion entitled Senior Executive Vice President (SEVP) Competency Development, as well as in the Corporate Governance Chapter, Board of Directors sub-chapter, in the discussion entitled Training and/or Competency Improvement of Board Members in 2025.

IMPLEMENTATION OF DUTIES OF THE COMMITTEE ON SUBSIDIARY COMPANIES IN 2025

Throughout 2025, the Committee on Subsidiary Companies has carried out its duties in accordance with its established responsibilities.

WORK PLAN OF THE COMMITTEE ON SUBSIDIARY COMPANIES IN 2026

The Subsidiary Companies Committee has established a work plan for 2026 as follows:

1. Proposed Agenda of Annual General Meeting of Shareholders (AGMS) of Subsidiary Companies for Financial Year 2025;
2. Judiciary of Subsidiary Companies for the achievement of 2025;
3. Performance Review of Subsidiary Companies
4. Consultation on Business Plan of Subsidiary Company for 2026;
5. Strategic plan for the development of Subsidiary Companies.

Supporting Organ of the Board of Directors

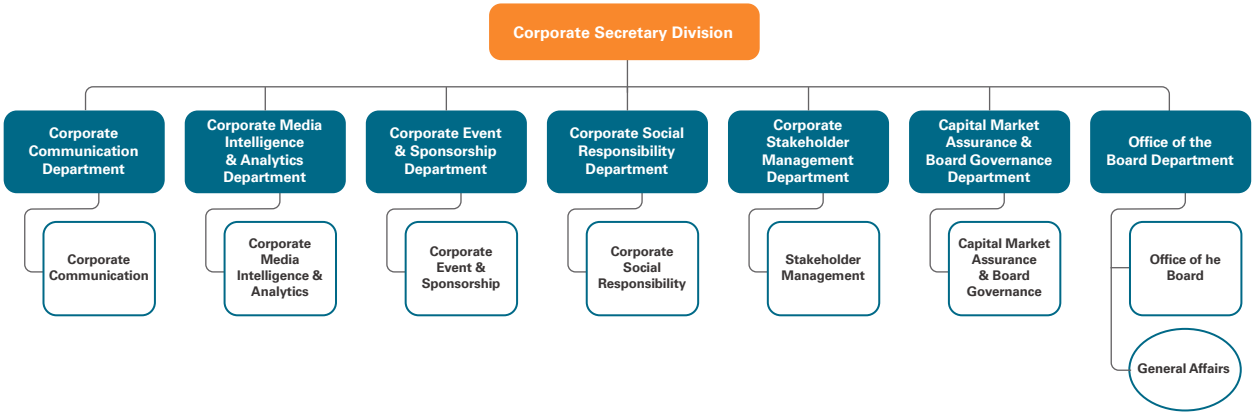
The Board of Directors has supporting organs that assist it with its executive and management duties and responsibilities of the Bank, including the Corporate Secretary, Investor Relations, Internal Audit Unit, Compliance Division, Enterprise Risk Management Division, and Operational Risk Management Division.

CORPORATE SECRETARY [ACGS D.3.7]

The Corporate Secretary plays a strategic role as the Company's representative and liaison with shareholders, authorities, and all stakeholders. The Corporate Secretary is responsible for managing the Company's material information, organizing General Meetings of Shareholders, assisting the Board of Commissioners and Board of Directors, and preparing periodic and incidental reports as required by regulators. The Corporate Secretary also plays a key role in building the Bank's image and reputation through constructive relationships with the media, the public, and other stakeholders [ACGS D.3.7]

BNI ensures that the Corporate Secretary has the qualifications and competencies to carry out their duties and responsibilities, as well as a commitment to continuous learning and improvement to enhance their expertise. The Corporate Secretary is trained in legal, accounting, or corporate secretarial practices and stays abreast with relevant developments. [ACGS D.3.8]

LEGAL BASIS



The regulations and legislation that serve as the basis for the establishment, appointment, and implementation of the Corporate Secretary at BNI are as follows:

1. Law No. 19 of 2003 concerning State-Owned Enterprises, as amended several times, most recently by Law No. 16 of 2025 concerning the Fourth Amendment to Law No. 19 of 2003 concerning State-Owned Enterprises
2. Law No. 8 of 1995 concerning Capital Markets, as amended by Law No. 4 of 2023 concerning the Development and Strengthening of the Financial Sector;
3. Minister of State-Owned Enterprises Regulation No. PER-2/MBU/03/2023 regarding Guidelines for Governance and Significant Corporate Activities of State-Owned Enterprises;
4. Financial Services Authority Regulation No. 35/POJK.04/2014 regarding the Corporate Secretary of Issuers or Public Companies ("POJK 35/2014");
5. BNI's Articles of Association.

ORGANIZATIONAL STRUCTURE OF THE CORPORATE SECRETARY

According to the Decree of the Board of Directors No. KP/136/DIR/R dated April 12, 2023, and the Memo of the Corporate Development & Transformation Division No. CDV/2/364/R dated April 27, 2023, the organizational structure, functions, and roles of the Corporate Secretary at BNI are currently carried out by the Head of the Corporate Secretary Division, overseeing the following departments: Corporate Communication Department, Corporate Media Intelligence & Analytics Department, Corporate Event & Sponsorship Department, Corporate Social Responsibility Department, Corporate Stakeholder Management Department, Capital Market Assurance & Board Governance Department, and the Office of the Board Department.

Position of Corporate Secretary in BNI Organizational Structure

Structurally, the BNI Corporate Secretary reports and is directly responsible to the President Director. The Corporate Secretary is appointed and dismissed by the Board of Directors through a Board of Directors decree with the prior written approval of the Board of Commissioners and is notified to the public in accordance with POJK 35/POJK.04/2014 concerning Corporate Secretaries and Public Issuers (POJK 35/2014). [ACGS D.3.7]

DUTIES AND RESPONSIBILITIES OF THE CORPORATE SECRETARY [ACGS D.3.7]

In accordance with the provisions of POJK 35/2014, the Corporate Secretary of BNI bears the following duties and responsibilities:

1. To monitor developments in the Capital Market, particularly the applicable laws and regulations in the Capital Market sector;
2. To advise the Board of Directors and the Board of Commissioners on compliance with applicable laws and regulations in the Capital Market;
3. To assist the Board of Directors and the Board of Commissioners in implementing corporate governance, including:
   a. Transparency of information to the public, including the availability of information on the BNI website;
   b. Timely submission of reports to the Financial Services Authority (OJK);
   c. Organizing and documenting the General Meeting of Shareholders (GMS);
   d. Organizing and documenting meetings of the Board of Directors and/or the Board of Commissioners;
   e. Implementing the company's orientation program for the Board of Directors and/or the Board of Commissioners.
4. To act as a liaison between BNI and its shareholders, the Financial Services Authority, and other stakeholders.
5. To provide information needed by shareholders and stakeholders related to the condition of BNI.
6. To attend Board of Directors meetings, Board of Commissioners meetings, joint meetings of the Board of Directors and Board of Commissioners, and to prepare meeting minutes.
7. To manage the Shareholders Register and Special Shareholders Register.
8. To be responsible for organizing the GMS. To prepare necessary materials related to the reports/routine activities of the Board of Directors to be presented to external parties and to prepare materials for matters requiring the Board of Directors' decisions concerning BNI's management;
9. To organize meetings within the Board of Directors, both routine and non-routine.
10. To conduct activities related to shareholders and stakeholders through analyst meetings, public expos, conference calls, non-deal roadshows, and meetings with shareholders.

In line with POJK 35/2014 and to achieve the vision and mission of the Corporate Secretary, which aligns with BNI's vision and mission, the Corporate Secretary body of BNI has functions and duties outlined in the Company's Guidelines for the Corporate Secretary Division, including the following:

1. **Capital Market Assurance and Board Governance Function**
   To carry out activities related to the Corporate Secretary's role concerning applicable regulations in the capital market, corporate law for BNI, and contract law within the scope of the Corporate Secretary Division. The Corporate Secretary also monitors the implementation of BNI's Good Corporate Governance (GCG) practices (GMS, Board of Directors, and Board of Commissioners) to ensure compliance with regulations and best practices.

2. **Corporate Communication Function**
   To carry out internal and external communication activities, research and development of internal communication tools, publication of internal media, communication media for the Board of Directors, internal communication media in print and electronic forms (BNI website and internal communication portal), and manage media relations.

3. **Corporate Media Intelligence and Analytics Function**
   To carry out corporate media intelligence and analytics activities and manage systems and tools related to follow-up on negative media coverage of BNI Group.

4. **Corporate Event and Sponsorship Function**
   To manage BNI's sponsorship activities comprehensively, including corporate identity, BNI branding, as well as promotional activities, and corporate events.

5. **Corporate Social Responsibility Function**
   To develop strategies for optimizing the implementation, monitoring, evaluation, and realization of the Social and Environmental Responsibility Program (TJSL) and community development.

6. **Corporate Stakeholder Management Function**
   To carry out activities related to institutions and collaborate with relevant agencies to enhance BNI's Corporate Image. The Corporate Secretary also manages activities related to the media, establishing cooperation with mass media and institutions to improve BNI's Corporate Image.

7. **Office of the Board Function**
   To carry out activities related to the smooth execution of the duties of the Board of Commissioners in ensuring the implementation of GCG, supporting the needs of the Board of Directors, and managing secretarial activities, protocol, housekeeping, and general affairs activities.

Incidental Reports

In addition to submitting mandatory periodic reports, the Corporate Secretary has submitted 51 (fifty-one) Incidental Reports to regulators. These reports are detailed in the Transparency in Report Submission sub-chapter.

Information regarding these Periodic Reports and Incidental Reports has also been published on the BNI website at https://www.bni.co.id/id-id/investor/berita-investor/keterbukaan-informasi.

INVESTOR RELATIONS

In order to maximize the company's market capitalization, BNI established the Investor Relations Division, which is fully tasked and responsible for the execution of the Bank's Investor Relations functions. Investor Relations facilitates engagement with shareholders and the capital market community to provide a realistic and transparent overview of the company's condition.

FUNGSI DAN TUGAS POKOK INVESTOR RELATIONS

BNI's Investor Relations function has been effectively operational since BNI officially became a public company through its Initial Public Offering (IPO) in 1996, originally under the Corporate Secretary Division. Over time, an organizational restructuring led to the separation of the Investor Relations function from the Corporate Secretary function.

Consequently, pursuant to No. KP/289/R dated June 28, 2021 and No. KP/136/R dated April 12, 2023, BNI established a dedicated organization to manage the Investor Relations function. This initiative was undertaken considering the vital role of Investor Relations in managing communication between management and shareholders, aligned with the steadily increasing interest of shareholders in BNI.

In line with the provisions set by BNI, the Investor Relations Division has the following main functions:

1. Managing working relationships with stakeholders in the Indonesian capital market, including fund managers, analysts, stockbrokers, investment bankers, rating agencies, as well as parties affiliated with the Indonesian Issuers Association (AEI);
2. Communicating the Company's performance and strategy to capital market analysts and investors to achieve optimal long-term valuation of BNI's shares through analyst meetings, conference calls, roadshows, and related events;
3. Representing BNI's management in meetings with analysts and investors, both one-on-one and through public presentations, to communicate views, positions, and responses to the Company's challenges and/or opportunities, as well as to convey strategic follow-ups for BNI's management;
4. Managing activities related to BNI's performance and ratings;
5. Monitoring and analyzing developments in BNI's share performance, the stock exchange, and peer groups;
6. Managing databases related to BNI's performance, shares, investors, contact reports, mailing lists of fund managers, and other relevant parties;
7. Maintaining transparency, accuracy, and timeliness in the disclosure of information to capital market participants.

9	Understanding Financial Statement	PPM Manajemen	December 2025

2025 INVESTOR RELATIONS DIVISION ACTIVITY REPORT

Throughout 2025, the Investor Relations Division effectively and efficiently performed its core functions, particularly in delivering accurate and timely information regarding the company's performance, business prospects, and other pertinent details required by investors, potential investors, analysts, the financial community, and the capital markets to support informed decision-making. Investor relations activities have been conducted in adherence to confidentiality principles and with equal treatment for all investors. Internally, the Investor Relations Division has also worked to enhance communication with various divisions to strengthen alignment between BNI's strategies and the concerns of investors, thus improving the overall performance of the bank.

In line with its primary functions, the Investor Relations Division has also intensified monitoring of BNI's stock performance and the prevailing market sentiment, while optimizing the corporate rating review activities to ensure that BNI's rating remains within the investment-grade category. The division has been actively involved in enhancing the frequency and quality of information regarding the implementation of ESG (Environmental, Social, and Governance) aspects to investors, as well as participating in the ESG Rating Review and conveying emerging ESG-related issues in the market to the relevant divisions.

Throughout 2025, BNI has conducted analyst meetings and public expos to present its annual performance results. BNI has also actively participated in various conferences, both online and offline, as well as non-deal roadshows organized by securities firms or brokers, to improve the quality of its investor base by increasing the number of top tier global institutional investors with a long-term investment horizon. These activities have facilitated interactions between BNI and domestic as well as international investors or potential investors. In 2025, the Investor Relations Division conducted a total of 335 meetings, comprising 16 Conferences & Non-Deal Roadshows, 4 Earnings Calls, as well as other agendas including Public Exposes, Retail Webinars/Seminars, Regular Meetings, and Annual Rating Review Meetings. In every investor engagement, we consistently communicate BNI's strategies, including our adaptation to dynamic and volatile market conditions, to ensure the provision of transparent information. This is aligned with our focus on enhancing the quality of engagement, investor confidence, and investor interest.

Beyond focusing on institutional investors, BNI consistently maintains close relationships with retail investors. By leveraging social media and collaborating with brokers who possess an extensive retail investor base, the Investor Relations Division proactively provides the latest updates regarding the company's developments. This approach not only enhances communication accessibility but also broadens retail investors' understanding of BNI's future strategic direction.

The following table provides a detailed breakdown of BNI's Investor Relations activities over the past two years:

BNI Investor Relations Activity Statistics for 2025 and 2024

Address: Grha BNI 21st Floor, Jl. Jenderal Sudirman Kav 1 Jakarta.

INTERNAL AUDIT UNIT [ACGS: D.3.14]

In order to ensure the sound conduct of banking operations that is supported by a strong control environment, BNI has established the Internal Audit Division as one of its internal control functions reporting directly to the President Director. The Internal Audit Division acts as a strategic partner to management by performing the role of a Risk Assurance Unit within the Third Line Model under the Internal Control System framework. Beyond its oversight function, the Internal Audit Division actively collaborates with other work units to help create value aligns well with the interests of all stakeholders.

The implementation of BNI's internal audit function encompasses independent and objective assurance and advisory activities aimed at enhancing the Bank's value while improving operational effectiveness. The Internal Audit Division systematically evaluates and strengthens risk management, internal control, and governance processes, thereby supporting the achievement of more resilient and sustainable banking operations.

In carrying out its duties and responsibilities, BNI's Internal Audit Division is granted full, unrestricted, and independent access to records, information, personnel, funds, assets, locations or areas, and other resources of BNI that are relevant to the performance of assurance and advisory activities. Such access is exercised responsibly, with due regard for maintaining the confidentiality of all information obtained. As part of its monitoring activities, the Internal Audit Division regularly assesses the adequacy and effectiveness of risk management, the quality of internal controls, and prevailing governance practices.These assessments are conducted using a risk based audit approach, namely an audit methodology that focuses on the Bank's key risks as the basis for audit planning and execution. This approach enables the Internal Audit Division to allocate resources more efficiently while identifying potential issues that may affect the achievement of organizational objectives. In addition to its assurance role, the Internal Audit Division also provides advisory services, both formally and informally, including independent reviews of the launch of new products or activities in accordance with OJK and BI regulations, as well as special assignments undertaken at the request of management or based on internal initiatives.

Legal Basis and Guidelines for Internal Audit Implementation

The implementation of all Internal Audit activities carried out within the scope of BNI is guided by a number of regulations, including:

1. POJK No. 1/POJK.03/2019 dated January 28, 2019, regarding the Implementation of Internal Audit Functions in Commercial Banks;
2. POJK No. 11/POJK.03/2022 dated July 6, 2022, regarding the Organization of Information Technology by Commercial Banks;
3. SEOJK No. 21/SEOJK.03/2017 dated June 6, 2022, regarding the Application of Risk Management in the Use of Information Technology by Commercial Banks;
4. Financial Services Authority Regulation Number 30 of 2024 concerning Financial Conglomerates & Financial Conglomerate Parent Companies.

In addition to the regulations mentioned above, the implementation of BNI's internal audit function also refers to the standards issued by The Institute of Internal Auditors, namely the International Professional Practices Framework (IPPF) 2017 and the Global Internal Audit Standards (GIAS) 2024.

Internal Audit Charter

In carrying out its duties and authorities, the Internal Audit function adheres to the ethical standards and code of conduct set out in BNI's Internal Audit Charter, which is aligned with the regulations of the Financial Services Authority No. 1/POJK.03/2019 and applicable professional auditing standards. The Internal Audit Charter is reviewed and updated on a regular basis in accordance with the Bank's needs and regulatory developments, with the most recent update completed and approved on August 9, 2024.

The Audit Charter is established as a formal document that sets out the foundation, objectives, position, functions, scope of work, authorities, and working relationships of the Internal Audit function with relevant parties within the organization.Through this charter, the Internal Audit function is expected to operate optimally in providing independent and objective assurance and advisory services, with a clear focus on enhancing the Bank's overall value.

Duties and Responsibilities of the Internal Audit Unit

As stipulated in the BNI Internal Audit Charter, the scope of the Internal Audit assignment is as follows:

1. Assisting the President Director and the Board of Commissioners in conducting supervision by describing the planning, implementation and monitoring of audit results in operational terms;

2. Examining and assessing the efficiency and effectiveness of finance, accounting, operations, human resources, marketing, information technology and other activities through audits;
3. Identifying all possibilities to improve and increase the efficiency of the use of resources and funds used;
4. Providing recommendations for improvements and objective information on the examination results in the form of an Audit Report and submit the report to the President Director and the Board of Commissioners with copies to the Audit Committee and the Director in charge of the Compliance function;
5. Providing advisory services to BNI internally to add value and improve the quality of control, risk management, and corporate governance as long as it does not affect the independence and objectivity of the IAU, and adequate resources are available;
6. Carrying out follow-up monitoring of audit results as well as periodically submit a Pending Follow-up Report on Audit Results to the President Director and the Board of Commissioners with copies to the Audit Committee, as well as the Director in charge of the Compliance function;
7. Conducting an in-depth audit at the request of the Board of Directors and/or Commissioners, or as a follow-up to the general audit results of an object or event that is suspected to contain indications of violation and/or fraud if necessary; and
8. Internal Audit works closely with work units that perform other internal control functions.

Duties and Responsibilities of the Head of Internal Audit Unit

As stipulated in the BNI Internal Audit Charter, the scope of the Internal Audit assignment is as follows:

1. Ensuring the internal audit function is in accordance with the Internal Audit Function in Commercial Banks and the Internal Audit Code of Ethics;
2. Allocating audit resources, determining the objectives, scope, and audit plans or schedules and techniques;
3. Determining strategies, methodologies, tools, audit approaches as well as implementation of quality control in carrying out predetermined main tasks, including subsidiaries/affiliates/financial service institutions owned by BNI, relating to the implementation of audits and consultations;
4. Ensuring that IAD Auditors follow continuous professional development and adequate training in their fields in order to keep abreast of company developments;
5. Preparing and reviewing the internal audit charter periodically;
6. Preparing the Annual Audit Plan and Annual Consultation together with the President Director and Board of Commissioners approved budget allocation by considering the Audit Committee recommendations and monitoring its implementation;
7. Reporting significant audit findings to the President Director and the Director overseeing the compliance function to ensure prompt corrective actions are taken, while actively monitoring the follow-up process;
8. Providing periodic reports on the monitoring of audit follow-up actions to the President Director and the Board of Commissioners, with copies submitted to the Audit Committee and the Director responsible for the compliance function, and;
9. Ensuring the use of external party for internal audit activities:
   a. Facilitate the transfer of knowledge from external parties to members of the Internal Audit Division (SKAI), with consideration given to the temporary nature of external expert services.
   b. Does not affect the independence and objectivity of the Internal Audit function.
   c. The use of external services is in accordance with the BNI Internal Audit Charter.

Authority of the Internal Audit Unit

In order to the duties and responsibilities can run with optimal results, the Internal Audit Unit is given the authority to:

1. Have full, free and unlimited access to BNI records, information, employees, funds, assets, locations/areas, and other resources, including BNI's subsidiaries/affiliates/financial service institutions, relating to the implementation of audits and consultation;
2. Conduct verification, interviews, confirmations, and other audit techniques with customers or other parties related to the implementation of audits and consultations;
3. Communicate directly with the Board of Directors, the Board of Commissioners and Audit Committee;
4. Conduct regular and incidental meetings with the Board of Directors, the Board of Commissioners and the Audit Committee;
5. Attend strategic meetings;
6. Request assistance from other work units or use the services of external parties in conducting audits if deemed necessary; and
7. Coordinate and build synergistic relationships with other assurance units/functions (Compliance

Unit, Risk Management, Senior Operation Risk Executive, Anti-Fraud Unit, and SKAI Subsidiary Companies) to obtain comprehensive and optimal audit results.

Audit Quality Control

To ensure that audit activities are conducted in accordance with applicable ethical standards and best practices, BNI implements a Quality Assurance and Improvement Program (QAIP). This program includes, among others, the development of audit methodologies and continuous enhancement of audit practices. QAIP is carried out through assessments or reviews conducted by both external and internal parties.

External assessments are required to be performed at least once every three years, as stipulated in Financial Services Authority Regulation No. 1/POJK.03/2019. BNI conducted its most recent external assessment in 2024, performed by PT RSM Konsultan Indonesia. The results concluded that BNI's Internal Audit activities were generally in compliance with OJK Regulation No. 1/POJK.03/2019, No. 11/POJK.03/2022, No. 38/POJK.03/2016, No. 21/SEOJK.03/2017, as well as the International Standards for the Professional Practice of Internal Auditing (IPPF) 2017.

Internal assessments, or self-assessments, are conducted on an annual basis. The results indicate that the implementation of the Internal Audit function falls under the "Generally Conforms" category, in accordance with OJK Regulation No. 1/POJK.03/2019, the International Standards for the Professional Practice of Internal Auditing (IPPF) 2017, and the Global Internal Audit Standards (GIAS) 2024.

Audit Methodology

In carrying out its duties, Internal Audit prepares a comprehensive annual audit plan using a Risk Based Audit (RBA) approach. This methodology focuses on identifying and assessing key risks that may affect the achievement of the organization's objectives. Through the implementation of RBA, all stages of audit activities, from planning and execution to audit reporting, are conducted based on risk priorities that have been determined in coordination with operational management, including through risk assessments.

This approach ensures that significant risks are managed effectively and remain within management's acceptable risk tolerance, enabling the Bank to maintain operational stability while ensuring that potential obstacles do not hinder the achievement of the Bank's strategic objective.

The following are the stages of the Risk Based Audit methodology implemented by BNI:

1. Preparation of the Audit and Consulting Plan (RAT), based on a risk based audit approach through Macro and Micro Assessments, as follows:
   a. Macro Assessment is an assessment based on BNI's performance indicators and activity risks, referring to the Corporate Plan, Board of Directors' General Policy (KUD), Bank Business Plan (RBB 2024–2026), BNI Risk Profile, input and or directions from the Board of Directors and Senior Management, as well as prevailing conditions and issues in line with business developments, including the results of external and internal audits and fraud incidents.

      The Macro Assessment aims to identify critical issues in order to determine themes or activities that will become the focus of audit, with an orientation toward business process improvement.
   b. Micro Assessment is the process of determining audit objects (critical units) based on unit level risk assessments.
   c. In addition to the Macro and Micro Assessments, BNI Internal Audit also conducts regulatory assessments to ensure that areas or activities required by regulations are subject to internal review by Internal Audit.

2. Audit execution, conducted to ensure the adequacy and effectiveness of the Bank's governance, risk management, and internal control, supported by the application of an audit rating methodology for risk management and internal control. The rating scale applied consists of satisfactory, good, needs improvement, and unsatisfactory, along with rating components covering both credit activities and non-credit or operational activities. The audit rating mechanism is generated systematically through the Audit Monitoring System (FAST), based on the significance level of each finding (low, medium, high, and critical).

   In addition to risk based audits, Internal Audit also conducts mandatory audits (regulatory based audits) to fulfill external or regulatory requirements.

3. Audit reporting, which includes Audit Reports on the implementation of all audit activities and the Summary of Audit Results (PPHA), which are reported on a quarterly basis to the President Director, the Board of Commissioners, the Audit Committee, and the Financial Services Authority (OJK).

Internal Audit Information System

In line with the increasingly dynamic development of information technology and its impact on the working environment, IAD continues to innovate both in methodology and in the use of tools to strengthen the effectiveness of assurance and advisory activities. One concrete manifestation of this innovation is the implementation of an internally developed Audit Management System (AMS). This application is an integrated digital system that manages the entire audit process on an end to end basis, covering risk assessment, planning, execution, reporting, and monitoring of follow up actions on audit recommendations. The use of AMS ensures that audit processes are conducted in a more systematic, effective, and efficient manner, while also mitigating potential conflicts of interest, thereby enhancing the maturity and reliability of BNI's internal control environment.

Independence, Objectivity, & Cooling-Off Period Policy

Internal auditors are required to remain free from any form of intervention, influence, or personal interest that may compromise their professionalism in delivering objective assessments. One of the measures implemented to safeguard and strengthen independence is BNI's Cooling Off Period policy, which stipulates a defined waiting period before an internal auditor may be reassigned to a work unit that he or she has previously audited. The following are several key provisions that must be observed by IAD:

1. Head of Internal Audit and Auditors are prohibited from:
   a. Holding authority or responsibility for, or participating in, operational activities of BNI or its subsidiaries, affiliates, or financial service institutions owned by BNI.
   b. Simultaneously performing operational tasks or hold positions within the bank, subsidiaries, affiliates, or financial service institutions owned by BNI.
   c. Initiating or approving accounting transactions, except for internal transactions.
   d. Engaging in decision-making processes regarding BNI's operational activities.
2. Internal Audit must establish provisions governing the execution of audit assignments to ensure objectivity and prevent conflicts of interest involving auditors and Internal Audit leadership with respect to the audited entity. Among these provisions is the implementation of a cooling-off period policy.

   In this regard, auditors are excluded from audit assignments involving a particular entity or auditee under the following circumstances:
   a. There are employees in the auditee unit who have familial relationships with the internal auditor up to the second degree, whether horizontal or vertical;
   b. An internal auditor has previously served as an employee in the auditee unit, either in a leadership or non-leadership role. Such auditors may be assigned to audit the unit provided that an audit of the said auditee unit has been conducted at least once and/or after a minimum period of one year has elapsed;
   c. Internal auditors are not permitted to audit the same auditee consecutively as team leader for two assignments
   d. Internal auditors are not allowed to audit an object where they were previously involved in providing consultancy services or other assignments related to that object.
3. The Head of Internal Audit holds the authority to determine the resources and budget necessary to perform duties and functions in accordance with the annual audit plan.
4. Internal auditors are required to disclose any information or circumstances that may impair their independence and objectivity in carrying out audit and consultancy assignments to the Head of Internal Audit.
5. The execution and reporting processes of audit and consultancy activities are subject to review by both internal and external parties.
6. BNI ensures that every member of the Internal Audit Unit meets the independence criteria stipulated by applicable regulations. This independence is upheld through specifically designed audit procedures that prevent conflicts of interest, enabling the audit process to be conducted objectively and transparently. The Internal Audit Unit operates independently from the work units and activities it audits, allowing it to provide professional and objective opinions to the President Director regarding the Bank's business and operational activities. By maintaining these independence standards, the Internal Audit Unit can deliver accurate assessments and support the implementation of Good Corporate Governance (GCG) practices across all of BNI's operational activities.

Structure and Position of the Internal Audit Unit

Within BNI's organizational structure, the IAD reports directly to the President Director, with a direct communication line (dotted line) to the Board of Commissioners. In carrying out its duties, IAD may communicate directly and hold meetings with the Board of Directors, the Board of Commissioners, and the Audit Committee, thereby ensuring that audit assignments are conducted effectively and smoothly. The composition of IAD as of December 31, 2025 was established pursuant to the Board of

Directors Decree No. KP/377/DIR/R dated August 1, 2025. The Internal Audit organizational structure has been aligned with the Bank's business segmentation framework in order to strengthen its role in safeguarding business activities through an integrated, value adding, risk based audit approach.

The organizational structure of the Internal Audit Unit as of December 31, 2025, is outlined in the following chart:

*) In compliance with the limited centralization policy of the Head Office General Affairs Division

Authority for Appointment and Dismissal of the Head of the Internal Audit Unit [ACGS D.3.16]

The Head of Internal Audit is appointed and dismissed by the President Director, subject to approval from the Board of Commissioners, taking into account the recommendations of the Audit Committee. The appointment or dismissal must be reported to the Financial Services Authority (OJK) in person no later than ten (10) working days after the date of the appointment or dismissal.

The President Director may dismiss the Head of Internal Audit, with the approval of the Board of Commissioners and based on the recommendations of the Audit Committee, if the individual fails to meet the requirements to lead BNI's internal audit function as stipulated by applicable regulations and/or is deemed incapable or ineffective in performing their duties.

Head of Internal Audit Unit Profile [ACGS D.3.15]

Internal Audit is headed by Hedmon Yusfid, effective as of August 28, 2025, pursuant to the Appointment Letter of Hedmon Yusfid as Head of Internal Audit of BNI No. SDK/68 dated September 24, 2025, which has been duly reported to the Financial Services Authority (OJK). The brief profile of the Head of Internal Audit of BNI is as follows:

Hedmon Yusfid
Head of Internal Audit Unit

Age
52 years old as of December 31, 2025

Citizenship
Indonesian

Domicile
Jakarta, Indonesia

Educational Background
- Bachelor of Accounting from Andalas University;
- Master of Management and Business from Bogor Agricultural University

Legal Basis of Appointment
Board of Directors Decree No. KP/147/DIR/R dated August 28, 2025.

Term of Office
August 28, 2025 – present.

Professional Certification and/or Training
1. Indonesia Internal Audit Practitioner Certification (IIAP).
2. Certified Bank Auditor Certification (BNI).
3. Risk Management Competency Certification Level 6 (BNI).
4. Digital Forensics in Internal Audit From Data to Evidence, Indonesia Institute of Internal Auditors (IIA).
5. Digital Forensics in Internal Audit From Data to Evidence, BPKP.
6. Auditor Training on Corruption Crimes and Banking Crimes (BNI).
7. Leadership Development Program Middle Management – LDP Top 1000 (BNI);
8. Internal Control Over Financial Reporting/ICoFR (BNI);
9. Agile Audit (BNI);
10. General Management Program (BNI);
11. ACIIA Regional Conference 2024 (IIA).

Work Experience
At BNI
1. Head of Corporate Business Audit Group (2013 – 2014)
2. Head of Planning & Development Group (2015 – 2016);
3. Head of Audit Quality Control Group (2017 – 2018);
4. Regional Audit Group Leader (2019 – 2020);
5. Head of Audit Area 1 Group (2021)5.
6. Head of Audit Area 2 (2022 – July 2023);
7. Head of Wholesale & International Business Audit Department (August 2023 – July 2025)
8. Head of Internal Audit Unit (August 2025 – present)

Concurrent Position
Does not hold concurrent positions both internally and externally BNI.

Affiliation Relationship
Has no affiliation with members of the Board of Directors, Board of Commissioners, or Majority/Controlling Shareholders.

Internal Audit Human Resources Composition

In performing its functions, the Internal Audit Division of BNI is supported by competent human resources with high integrity and adequate qualifications. As of December 31, 2025, Internal Audit had a total of 178 employees, including the Head of Internal Audit. All personnel are selected through a rigorous process that takes into account diversity aspects, including professional background, areas of expertise, and possession of professional certifications relevant to the internal audit function.

The presence of professionals with diverse competencies reflects BNI's commitment to building a technically robust internal audit team, further strengthened by continuous competency development programs. The composition of Internal Audit human resources as of December 31, 2025 is presented below:

Position	Number (Person)
Internal Audit Head	1
Department Head	6
Lead Auditor	16
AVP Unit Supporting Audit	5
Senior Auditor	33
MGR Unit Supporting Audit	9
MGR BUM	1
Auditor	78
AMGR Unit Supporting Audit	6
Administrative Assistant	4
Surveillance	8
Whistleblowing	3
Retirement Preparation Period (MPP)	4
Total	175
Total	**175**

Internal Auditor Certification

In striving for the continuous professional development of auditors, Internal Audit is committed to consistently enhancing the competence and knowledge of auditors who proactively participate in various development programs and competency improvement activities. These include certified educational programs, both national and international, as well as relevant training, seminars, and workshops that support audit performance. This ongoing initiative is carried out consistently to ensure that the unit meets adequate qualifications as an independent and objective work unit.

The certifications that IAD employees have obtained during 2025 are as follows:

International Professional Certification	Realization in 2025
Indonesia Internal Audit Practitioner (IIAP)	1
Certified Information System Auditor (CISA)	3
Certified Data Science for Manager (CDSM)	7
Certified Information Technology Auditor (CITA)	43

National Professional Certification	Realization in 2025
ISO 27001: 2022	7
Risk Management Certification JK 6	1
Certified Bank of Internal Audit - Auditor	6
Certified Bank of Internal Audit - Supervisor	28
Compliance JK 5	8

Code of Ethics for Internal Auditors

In carrying out their duties and responsibilities, Internal Audit must act professionally and uphold the established code of ethics, which must be adhered to by all auditors, as follows:

1. Integrity
   a. Perform duties honestly, diligently, and responsibly;
   b. Comply with laws and make disclosures in accordance with applicable regulations and professional standards;
   c. Not intentionally or knowingly engage in prohibited or illegal activities, nor take actions that may damage the credibility of Internal Audit and the profession of Internal Auditors; and
   d. Support the goals of BNI and Internal Audit.

2. Objectivity
   a. Not engage in activities or have relationships that may create a conflict of interest;
   b. Not accept anything that could or is perceived to affect professional judgment;
   c. Always exercise professional judgment in the performance of duties in any situation or condition; and
   d. Disclose all known facts.

3. Confidentiality
   a. Be cautious in using and safeguarding information obtained during the performance of duties; and
   b. Not use information for anyone's benefit and/or in any way that would violate the law and/or company regulations.

4. Competence
   a. Perform duties in accordance with the knowledge, skills, and experience possessed;
   b. Conduct audits in accordance with the Application of Internal Audit Functions in Commercial Banks and/or other applicable audit standards; and
   c. Continuously improve competence.

Internal Audit Meetings with the Board of Commissioners, the Board of Directors, and Audit Committee

Meeting Policy

The Internal Audit Charter stipulates that IAD has the authority to communicate directly and hold meetings, both regularly and incidentally, with the Board of Directors, Board of Commissioners, and the Audit Committee. This is done to support the effective and smooth execution of duties. These meetings are part of the authority of the Internal Audit Unit to ensure the effectiveness of assignments.

Meeting Agenda

In 2025, 103 (one hundred and three) Board of Commissioners and Board of Directors meetings were held involving Internal Audit, discussing various agendas as outlined in the following table:

No.	Meeting Date	Meeting Agenda	Participants
1	January 7, 2025	Steering Committee on Personal Data Protection Law and IT Hygiene	Board of Directors
2	January 9, 2025	Joint Meeting Agenda 2 Discussion on Request for Approval of Risk Management Policy Review	Board of Directors, Board of Commissioners
3	January 9, 2025	Joint Meeting Agenda 3 Discussion on Supervisory Report of DPLK BNI Business Plan Realization for Semester II of 2024	Board of Directors, Board of Commissioners
4	January 9, 2025	Joint Meeting Agenda 4 Discussion on Review and Approval of the Renewal of AML, CFT, and CPP of WMD Policies and Procedures of DPLK BNI	Board of Directors, Board of Commissioners
5	January 14, 2025	Board of Directors Clearance Meeting with the Public Accounting Firm	Board of Directors, Audit Committee
6	January 16, 2025	Joint Meeting Agenda 1 Clearance Meeting of the Board of Commissioners with the Public Accounting Firm	Board of Commissioners
7	January 16, 2025	Joint Meeting Agenda 2 Discussion on BNI Performance, Subsidiaries Performance, and Q4 2024 Business Plan Realization	Board of Commissioners
8	January 16, 2025	Joint Meeting Agenda 3 Discussion on Self-Assessment of BNI Soundness Level and Risk Profile as of December 31, 2024	Board of Commissioners
9	January 17, 2025	Anti Fraud Committee Meeting 2025	Board of Directors, SEVP
10	January 23, 2025	Audit Committee Invitation on Key Audit Findings	Audit Committee
11	January 24, 2025	Integrated Risk Management Committee Meeting 01 of 2025	Board of Directors
12	February 4, 2025	Meeting with Director of TOP regarding Debtor Confirmation	Board of Directors
13	February 4, 2025	Follow up on Integrated Risk Management Committee Concerns related to BNI Finance	Board of Directors
14	February 6, 2025	Meeting with SCR regarding Debtor Confirmation	Board of Directors
15	February 13, 2025	Board of Directors Meeting Agenda 2 Finalization of PMS Score 2024	Board of Directors
16	February 14, 2025	Meeting with Vice President Director and External Parties	Board of Directors
17	February 27, 2025	Joint Meeting Agenda 1 Discussion on Debtor Follow Up	Board of Commissioners
18	March 5, 2025	Meeting with President Director at BNI Mataram Branch	Board of Directors
19	March 10, 2025	Board of Directors Meeting Agenda 2 Approval of IT Strategic Plan of SOEs 2025 to 2029	Board of Directors
20	March 10, 2025	Board of Directors Meeting Agenda 4 ALCO and Financial Forecast March 2025	Board of Directors
21	March 18, 2025	Integrated Governance Committee Meeting Evaluation of Integrated Internal Control System and Integrated Internal Audit Effectiveness Semester II 2024	Board of Directors
22	March 18, 2025	OJK Preliminary Examination 2025 Corporate Credit Process and Watchlist Determination	Board of Directors
23	March 19, 2025	OJK Preliminary Examination 2025 Implementation of AML, CFT, and CPP of WMD Program	Board of Directors
24	March 20, 2025	OJK Preliminary Examination 2025 Examination Plan for Overseas Branches in Tokyo and Osaka	Board of Directors

No.	Meeting Date	Meeting Agenda	Participants
25	March 20, 2025	Discussion on Follow Up of the Board of Commissioners Recommendations on Credit Write Off Realization for 2024	Board of Directors, Board of Commissioners
27	April 11, 2025	Meeting with Director of Finance regarding BNI Finance	Board of Directors
28	April 25, 2025	Joint Meeting Agenda 3 Discussion on BNI Risk Profile as of March 31, 2025	Board of Directors, Board of Commissioners
29	April 25, 2025	Preparation for Fit and Proper Test of Board of Directors Members	Board of Directors
30	April 30, 2025	Preparation for Fit and Proper Test of Board of Commissioners Credit Aspects	Board of Directors
31	May 2, 2025	Preparation for Fit and Proper Test of Board of Commissioners Credit Aspects	Board of Commissioners
32	May 14, 2025	Audit Committee Agenda Discussion on Audit Results of Single Customer View Management	Board of Commissioners
33	May 20, 2025	Discussion between Independent Committee Members and Audit Committee with IAD regarding Preparation for Joint Meeting Materials	Independent Committee
34	May 22, 2025	Discussion on Key Audit Findings and Follow Up of Audit Results for 2024 and Q1 2025	Board of Commissioners
35	June 2, 2025	External Audit Entry Meeting	Board of Directors
36	June 3, 2025	Joint Meeting Agenda 1 Discussion on Subsidiaries Financial Performance and Risk Issues Q1 2025	Board of Commissioners
37	June 4, 2025	ALCO Board of Directors Meeting June 2025	Board of Directors
38	June 5, 2025	Joint Meeting Agenda 1 Discussion on BNI Performance as of April 30, 2025	Board of Commissioners
39	June 19, 2025	KPK Invitation Workshop and Relaunch of SOE Internal Control Training Program	Board of Directors
40	June 19, 2025	Joint Meeting Agenda 2 Discussion on Restructured Debtors across All Segments	Board of Directors, Board of Commissioners
41	June 24, 2025	Joint Meeting Agenda 3 Discussion on Credit Write Off Plan	Board of Directors, Board of Commissioners
42	June 26, 2025	Exit Meeting with BPKP	Board of Directors
43	July 1, 2025	Integrated Governance Committee Meeting Agenda II	Board of Directors, Board of Commissioners
44	July 3, 2025	Joint Meeting Agenda 1 Review of Bank Credit Policy	Board of Directors, Board of Commissioners
45	July 11, 2025	Board of Directors Meeting Agenda 2 Review of Derivative Procedures of Bank Credit Policy	Board of Directors, Board of Commissioners
46	July 14, 2025	Board of Directors Meeting Agenda 4 Update on Temporary Suspension of Dormant Account Transactions	Board of Directors
47	July 15, 2025	Risk Monitoring Committee Meeting Evaluation of Loan at Risk	Risk Monitoring Committee
48	July 17, 2025	Joint Meeting Agenda 3 Discussion on Internal Control Over Financial Reporting	Board of Directors, Board of Commissioners
49	July 31, 2025	Joint Meeting Agenda 1 Discussion on BNI IT Implementation	Board of Directors, Board of Commissioners
50	August 1, 2025	Integrated Risk Management Committee Meeting 02 of 2025	Board of Directors
51	August 5, 2025	Integrated Governance Committee Self Assessment Semester I 2025	Integrated Governance Committee

No.	Meeting Date	Meeting Agenda	Participants
52	September 1, 2025	Board of Directors Kick Off Meeting for Consolidated Financial Statement Audit FY 2025	Board of Directors
53	September 2, 2025	Audience with OJK regarding Change of Chief Audit Executive	Board of Directors
54	September 4, 2025	Town Hall Meeting Project Intelligent Branch	Board of Directors
55	September 4, 2025	Meeting on IT Services with the President Director	Board of Directors
56	September 9, 2025	Audit Committee Kick Off Meeting for FY 2025 Financial Statement Audit	Audit Committee
57	September 9, 2025	Whistleblowing System Report related to Human Capital	Board of Commissioners
58	September 10, 2025	Risk Awareness and Direction by Director of Finance and Strategy	Board of Directors
59	September 12, 2025	Submission of Audit Result Reports of BNI IT and BNI Life to BPK RI	Board of Directors
60	September 22, 2025	Discussion on Subsidiaries Follow Up on Integrated Internal Control Evaluation Semester I 2025	Board of Directors
61	September 24, 2025	Steering Committee Meeting Project Branch Transformation Intelligent Branch	Board of Directors

Meeting Frequency and Attendance Rate

During 2025, IAD attended 103 (one hundred and three) meetings with the Board of Directors, Board of Commissioners, Audit Committee, and other committees, either as a participant or to present materials. The frequency and attendance rate of IAD meetings are outlined in the following table:

Number of Meetings	Total Attendace	% Attendace
103	103	100

Description	BOD Meeting	BOC Meeting	Audit Committee Meeting	Other Committee Meeting
IAD Attendance Frequency	80	33	5	7

Competency Development and/or Internal Audit Training in 2025

Development of Internal Audit Human Resources Competencies

IAD is committed to developing the competencies and capabilities of its auditors. To support this development, IAD has established a training/refreshment policy requiring all auditors to participate in a capability enhancement program at least once a year. The competency development programs implemented by IAD throughout 2025 are as follows:

Competency Development/Training Materials	Implementation Time	Organizer
Annual Training		
Annual Auditor Training	January 13 – February 03, 2025	BNU
Online/Offline Sharing Session & Webinar		
Race Talk Series: Next Level Integrated Credit Tool in Wholesale Banking	January 03, 2025	CRRCOB 4
Webinar with Theme: Ready to Implement CTAS: Digital Tax to Better Support Customer Business	January 22, 2025	WPPWDC
Strategy and Synergy of BNI Agen46 Towards 2025	January 24, 2025	Agen 46 Team – BNI

In 2025, several institutions conducted benchmarking against BNI Internal Audit, as follows:

No	Benchmarking Date	Institution	Focus of Discussion
1	April 18, 2025	BSI	Audit Management Benchmark
2	August 26, 2025	Bank Jakarta	Audit Methodology
3	November 26, 2025	hibank	Overview of IT Audit Methodology

Internal Audit Work Plan for 2025

The Internal Audit Division (IAD) formulated a number of strategic initiatives as set out in the IAD Business Plan 2025. These initiatives were further elaborated operationally in the 2025 Annual Audit Plan as a guideline for the implementation of the work program. The strategies and plans were prepared in an integrated manner to ensure the effectiveness of IAD's supervisory role. The strategic initiatives implemented in 2025 are as follows:

1. Oversight of performance and business processes across all BNI segments to enhance asset quality;
2. Oversight of the strengthening of BNI's technology ecosystem to support the enhancement of digital technology capabilities;
3. Strengthening BNI's risk culture and risk awareness through the optimization of IAD's value-added services by conducting audits to support BNI's strategy, including:
   a. Audits using sprint audit methods for both general activities and IT audits;
   b. Audits of delivery channels (domestic) and overseas branches;
   c. Mandatory Audit;
   d. Audits of subsidiaries;
   e. Integrated Internal Audit Units.
4. Oversight of BNI's strategic activities through:
   a. Formal consultations on issues determined in the Annual Audit Plan or arising during its implementation
   b. Improvement programs on risk and fraud awareness, governance, and procedures through informal consultations, sharing sessions, or memoranda/letters to other units;
   c. Assignment of IAD personnel to oversee BNI's strategic projects;
5. Conducting in-depth audits for all incoming requests and audit results requiring further investigation;
6. Optimization of the early warning system function through increased automation of detection processes and follow-up actions in the form of limited reviews;
7. Encouraging improvements in the quality of internal audit through:
   a. Implementation of the QAIP for the internal audit function;
   b. Completion of recommendation targets resulting from internal audit function reviews;
   c. Upgrading the Audit Management System (AMS) technology;
8. Enhancing the quality of audit results through:
   a. Optimization and refinement of audit methodologies and tools;
   b. Zero corrections on Audit Result Reports submitted to the General Manager;
   c. Strengthening and developing auditors to support audit activities.
9. Improving flexibility and accessibility of data analytics surveillance to support the optimization of the early warning system function.

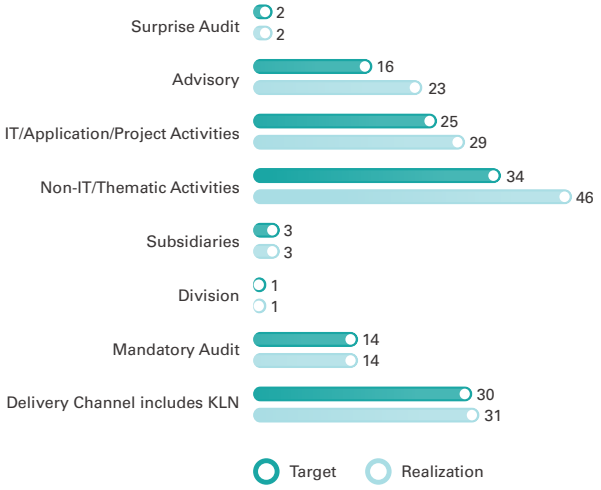
Based on an assessment of BNI's strategic policy direction for 2025, the Internal Audit Division formulated audit implementation strategies aligned with the Company's vision and mission. This assessment covered several key aspects, including risk assessment results, audit priority setting, available resources, and challenges faced by IAD in supporting the achievement of corporate objectives. IAD also considered developments in banking digitalization trends, particularly the shift in customer needs toward increasingly dominant digital-based transactions.

Taking these factors into account, Internal Audit established the following oversight strategies for 2025:

1. Optimal collaboration with assurance functions, namely SORX, CMP, ORM, ERM, AFR, and the Internal Audit Units of subsidiaries, including:
   a. Optimization of SORX data output as risk mapping data for IAD;
   b. Utilization of exception reports and selected reports from IAD Surveillance Units to support SORX examinations as BNI's internal assurance provider;
   c. Division of investigation functions with SORX;
   d. Optimization of ERM and ORM data output as risk mapping data for IAD;
   e. Establishment of audit investigation forums to determine investigation execution;
   f. Division of investigation functions with AFR;
   g. Integration between subsidiary Internal Audit Units and BNI Parent Internal Audit Unit.
2. Audit focus directed at the strategic level aligned with stakeholder concerns and BNI's 2025 strategic direction.

a. Increasing audits on strategic activities and issues to provide recommendations and improve BNI's business processes;
b. Optimizing consultation functions, including independent reviews of new product or activity launches, reviews and oversight of digital business development projects, and assignment of IAD personnel to specific project teams while maintaining independence, objectivity, and adherence to the Internal Audit Code of Ethics;
c. Conducting mandatory audits to comply with regulatory requirements.

3. Business process improvement through continuous monitoring and surveillance audits, including:
   a. Optimization of data analytics surveillance for general and thematic audits with more focused audit sampling.
   b. A reviewable Annual Audit Plan adjusted to developments in BNI's business.



4. Optimization of in-depth audits using mandays from the Investigation & System Whistleblowing Department.
5. Optimization of available mandays for continuous auditing, consultation, audit sharing, and auditee monitoring.
6. Enhancement of the Audit Management System (FAST) through the Enhancement Data & Technology Refreshment Audit Management System process, currently conducted by the Information Technology Work Unit (SKTI).

Report on the Realization of Internal Audit and Consultation Activities in 2025

In 2025, IAD determined the focus of audit and consultation activities as "Oversight of healthy and sustainable business growth across all segments, with a focus on increasing productivity and improving business processes through platform strengthening."

During the year, Internal Audit carried out 149 assignments, consisting of surprise audits, thematic audits, IT audits, subsidiary audits, divisional audits, mandatory audits, delivery channel audits, and advisory services. This realization exceeded the initial assignment plan of 125 assignments, achieving an audit realization rate of 119.20%, while mandatory audits reached 100% completion:

Audit & Consulting Realization 2025
(%)

In implementing the 2025 audit plan, Internal Audit conducted two types of audit activities, namely regular audits and ad-hoc audits. Regular audits were systematically planned under the Annual Audit Work Plan and implemented using a Risk-Based Audit (RBA) approach, focusing audit efforts on areas with significant risk to the achievement of the Bank's objectives. Meanwhile, ad-hoc audits were conducted outside the annual plan in response to emerging needs, based on discussions with management, auditee requests, or IAD's own initiative. Through the combination of regular and ad-hoc audits, IAD actively ensured the effectiveness of governance, risk management, and internal control systems in an adaptive manner aligned with business dynamics.

The implementation of regular and ad-hoc audits during 2025 is described as follows:

1. IAD conducted five ad-hoc assignments, namely:
   a. Review of credit utilization to the Ministry of Finance of the Republic of Indonesia at the London Overseas Branch;
   b. Review of IT application promotion processes;
   c. Review of follow-up actions from BI Coaching Clinic – LBUT;
   d. Thematic audit on the implementation of the Frontliner Revolution;
   e. Review of One-Time Password (OTP) management.

2. IAD conducted 9 investigative audits, consisting of 5 (five) credit-related examinations and 4 (four) non-credit examinations.

3. IAD also provided consultation services, both formally and informally, including independent reviews of new product or activity launches to fulfill OJK requirements, oversight of specific events at the request of auditees or management, or on IAD's own initiative. Advisory consultation services in 2025 included:
   a. Advisory on the New Channel Model;
   b. Consultation on Social and Environmental Responsibility;
   c. Advisory on the Branch Transformation Back Office Project;
   d. ISO 27001:2022 Information Security API;
   e. Digital Maturity Assessment Bank (DMAB) 2025;
   f. Audit review of intra-group risk;
   g. Review of operational risk management;
   h. Risk Maturity Index;
   i. ICAAP audit;
   j. Review of cyber resilience and security maturity levels;
   k. Audit of KJPP management;
   l. Consultation for the Java Jazz Festival 2025 event;
   m. Preliminary assessment of Representative Offices in Amsterdam and Sydney for the preparation of the 2026 Annual Audit Plan;
   n. Review of credit utilization to the Ministry of Finance of the Republic of Indonesia at the London Overseas Branch;
   o. Evaluation of internal control systems at overseas branches;
   p. Review of follow-up actions from BI Clinic – LBUT;
   q. Audit of the implementation of the Commercial Segment Credit Risk Organization;
   r. Evaluation of BNI's Internal Control System (ICS) for 2024/2025;
   s. Evaluation of the Integrated Internal Control System (ICS) for 2024/2025.

Audit and consultation results in the form of Audit Result Reports were submitted and reported to the President Director, Board of Commissioners, Audit Committee, Director of Human Capital & Compliance, and the Directors overseeing the audited sectors.

Follow-Up on Audit Results

As part of the audit process, after audit reporting is completed, IAD is required to monitor audit results. Monitoring activities are conducted to ascertain and ensure the implementation of audit follow-up actions, including the completion of Internal Audit recommendations by auditees and other related parties.

On a quarterly basis, IAD submits updates on the completion of audit follow-up actions in the form of a Pending Audit Follow-Up Report to the Board of Directors, SEVPs, and the Board of Commissioners through the Audit Committee. This report plays a crucial role in monitoring progress, accelerating the completion of follow-up actions, and serving as a basis for evaluation and performance monitoring at BNI.

Number of Internal Audit Findings and Follow-up in 2025

The level of completion of pending follow-up, Audit Recommendations and Directors' Disposition on audit results for 2023-2025 are as follows:

Description	December 31, 2025	December 31, 2024	December 31, 2023
Total Due	2,237	5,003	6,833
Completed	2,211	4,998	6,830
Completion Progress	99.83%	99.88%	92.16%

In relation to the role of Internal Audit as a liaison for external parties, such as the OJK, BI, BPK, and KAP, BNI's IAD also monitors the follow-up on the results of external audits. Throughout 2025, the follow-up on external audit results is reflected in the table below:

External Audit	2025	
	Completed	In Progress
Bank Indonesia (BI)	130	0
Financial Services Authority (OJK)	1,418	0
Indonesian Audit Board (BPK RI)	392	166
Financial and Development Supervisory Agency (BPKP)	21	0
Public Accountant Firm (KAP)	10	0

Assessment and Evaluation of the Internal Audit Unit's Performance in 2025

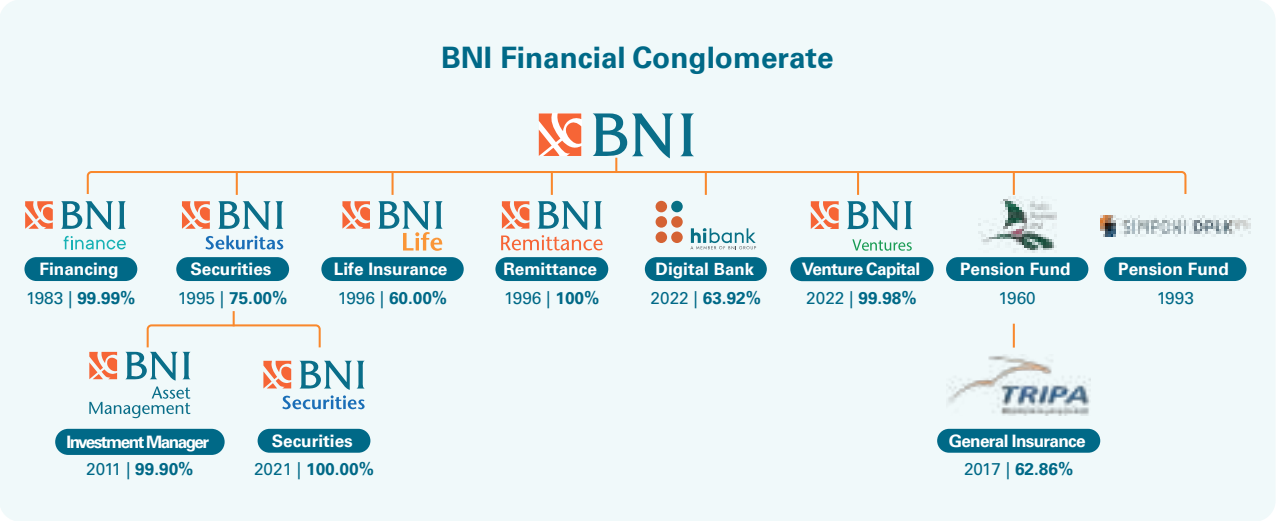
In 2025, the Internal Audit User Satisfaction Survey (USS) Index was recorded at 3.82, compared to 3.90 in the previous year, in line with increasing stakeholder expectations of the Internal Audit function's role as a strategic business partner in supporting the achievement of BNI's business objectives.

Performance evaluation was also conducted through the distribution of questionnaires to auditees and their supervisors after the audit process. The assessment covered various aspects, including audit management, audit execution, reporting of audit findings and IAD recommendations, as well as the competency, professionalism, and communication of the audit team. The evaluation yielded an average score of 4.57 out of a maximum of 5.

Internal Audit Work Plan for 2026

To ensure the sustainable implementation of work programs and the achievement of optimal performance on an annual basis, the Internal Audit work plan for 2026 is outlined below. This plan is prepared based on the evaluation of performance in 2025 as well as directives from the Board of Directors, so that the planned programs are aligned with the Company's strategy and support the achievement of long-term targets. The details of the work programs to be implemented are as follows:

1. Intensifying risk-based assurance and advisory functions through the implementation of thematic audits, unit-based audits, and surprise audits to provide more focused and responsive monitoring of high-risk areas.
2. Strengthening strategic oversight of the resilience, security, and reliability of information technology systems, ensuring that infrastructure capabilities and technology controls adequately support the continuity of the Bank's operations.
3. Continuing the implementation of agile audit methodologies with a streamed cycle approach, enabling audit coverage across functions, segments/channels, and products in a more adaptive and relevant manner.
4. Optimizing the Early Warning System through enhanced data analytics capabilities, strengthened surveillance activities, and the implementation of Continuous Auditing and Continuous Monitoring (CACM) to proactively support the internal control system and risk detection.
5. Enhancing synergy and cross-unit coordination, including in the areas of governance, risk management, and internal control, as well as strengthening collaboration with SKAI of the Financial Conglomeration through initiatives such as joint audits, buddy supervision, and knowledge sharing.
6. Developing auditor competencies on an ongoing basis through certification programs, structured training, and cross-functional assignments to broaden perspectives and improve the quality of audit execution.



INTEGRATED INTERNAL AUDIT WORK UNIT (SKAIT)

To strengthen the comprehensive and effective implementation of Integrated Governance (TKT), BNI, as the Main Entity (in its capacity as the Financial Conglomeration Parent Entity or PIKK), has incorporated an integrated internal audit function into its Internal Audit Division's organizational structure. This function ensures consistent monitoring and oversight of internal audit work across all Financial Services Institutions (LJKs) within the BNI Financial Conglomeration. As a professional, independent, and objective business partner to Management, BNI's Internal Audit Division runs both assurance and advisory functions in collaboration with the Financial Conglomeration's Internal Audits.

The integrated internal audit's activities are carried out in accordance with Financial Services Authority Regulation (POJK) No. 30 of 2024 on Financial Conglomerations and Financial Conglomeration Parent Entities regarding the Implementation of Integrated Governance for Financial Conglomerations. In discharging its duties and responsibilities, the Integrated Internal Audit Unit at BNI Financial Conglomeration is guided by the Integrated Audit Implementation Procedures and the BNI Financial Conglomeration Integrated Governance Guidelines 2023. The written guidelines offer operational foundation for the Internal Audit Division, as the Main Entity (PIKK) and the Internal Audit Units of each Financial Services Institution within the BNI Financial Conglomeration, for implementing integrated monitoring and oversights. With the guidelines in place, the integrated internal audit function is expected to enhance consistency, improve control effectiveness, and promote the overall quality of governance implementation across the BNI Financial Conglomeration.

Organizational Structure of the Integrated Internal Audit Unit in BNI's Financial Conglomerate

The organizational structure of the Integrated Internal Audit Unit (SKAI) within the BNI Financial Conglomeration as of December 31, 2025, is as follows:

In performing its duties, the Internal Audit Unit of the Main Entity (PIKK) may give assurance and advices to members of the BNI Financial Conglomeration, either on an individual basis, through joint audits, buddy supervision, and/or by leveraging audit results from the Internal Audit Units of Financial Conglomeration members. In addition, the Internal Audit Unit of the Main Entity (PIKK) also monitors the follow up on audit findings and recommendations issued by the Main Entity's Internal Audit Unit, internal auditors, external auditors, as well as the results of supervision by the Financial Services Authority (OJK) and/or other regulatory authorities, to ensure that such findings and recommendations have been duly addressed by members of the BNI Financial Conglomeration.

Duties and Responsibilities of the Integrated Internal Audit Unit

The Internal Audit Unit of the Main Entity (PIKK) has the following duties and responsibilities, among others:

1. Evaluating and providing input on the adequacy of the audit methodology, policies, and procedures of the Internal Audit Units of Financial Services Institution members of the Financial Conglomeration, taking into account the size, characteristics, and complexity of each member institution, across all stages of the audit process, including audit planning, audit execution, audit reporting, and monitoring of follow up actions.
2. Submitting reports on key findings of integrated audit results to the President Director and the Board of Commissioners of the Main Entity (PIKK), with a copy to the Director overseeing the Compliance Function of the Main Entity (PIKK).
3. Monitoring the follow up of internal audit results on an integrated basis and reporting the outcomes to the President Director and the Board of Commissioners of the Main Entity (PIKK), with a copy to the Director overseeing the Compliance Function of the Main Entity (PIKK).
4. Submitting integrated internal audit reports to the President Director, the Director appointed to oversee the Financial Services Institution members of the Financial Conglomeration, the Board of Commissioners of the Main Entity (PIKK), and the Director overseeing the Compliance Function of the Main Entity (PIKK).
5. Monitoring and following up on the implementation of recommendations issued by the Integrated Governance Committee.
6. Acting as the Third Line of Defense, the Internal Audit Unit of the Main Entity (PIKK) ensures the effectiveness of internal controls across all lines within the BNI Financial Conglomeration through the conduct of audits and consultations for Financial Services Institution members of the Financial Conglomeration. In this capacity, the Internal Audit Unit of the Main Entity (PIKK) may conduct audits and consultations for Financial Services Institution members without requiring prior approval from the Boards of Commissioners of those institutions.
7. Conducting internal oversight of all areas, operational activities, and business activities, and coordinating with internal oversight functions at Financial Services Institution members of the Financial Conglomeration, as stipulated in the internal audit charter.
8. Promoting synergy in the development of auditors of the Internal Audit Units of Financial

Services Institution members together with BNI's parent Internal Audit Unit, in accordance with the Memorandum of Understanding on Integrated Audit Units concerning Audit Quality Development for the BNI Financial Conglomeration.

In addition to carrying out the above main responsibilities, Integrated SKAI also conducts periodic reviews of the Integrated Governance Guidelines.

Scope of Integrated Internal Audit

The scope of the integrated internal audit extends to all entities within the BNI Financial Conglomeration. This audit covers all aspects and elements of the activities of Financial Services Institutions that are members of the Financial Conglomeration, whether conducted directly or indirectly. In practice, the integrated internal audit considers all applicable regulations and weighs the size, characteristics, and complexity of each Financial Services Institution within the conglomeration. To carry out these duties and responsibilities, including the enhancement of audit quality, the Internal Audit Division (IAD) and the Internal Audit Units of Financial Conglomeration members integrate their internal audit functions, with the scope covering the following areas:

1. Integrated Audit Methodology
   The Internal Audit Unit of the Main Entity (PIKK), together with the Internal Audit Units of Financial Conglomeration members, conducts alignment and evaluation covering audit methodologies, policies, and procedures of each Financial Conglomeration member, in accordance with their respective size, characteristics, and complexity, including through the following measures:
   a. The Internal Audit Unit of the Main Entity (PIKK) coordinates the alignment of the risk based audit methodology applied by the Internal Audit Units of Financial Conglomeration members;
   b. The Internal Audit Unit of the Main Entity (PIKK) provides input on the adequacy of audit policies and Standard Operating Procedures of Financial Conglomeration members.
2. Integrated Audit Planning
   The Internal Audit Unit of the Main Entity (PIKK), together with the Internal Audit Units of Financial Conglomeration members, prepares an Integrated Annual Audit Plan through the following mechanisms:
   a. The Internal Audit Unit of the Main Entity (PIKK) provides input on the annual audit plans prepared by the Internal Audit Units of Financial Conglomeration members based on the established audit focus;
   b. Information on audit results from the Internal Audit Units of Financial Conglomeration members is used by the Internal Audit Unit of the Main Entity (PIKK) as evaluation material in preparing the integrated audit plan;
   c. The Internal Audit Unit of the Main Entity (PIKK) consolidates the integrated annual audit plan and submits it to the President Director and the Board of Commissioners of the Main Entity (PIKK).
3. Implementation of Integrated Audit
   The implementation of integrated audits is carried out through the following approaches:
   a. Individual audits conducted by the Internal Audit Unit of the Main Entity (PIKK);
   b. Joint audits;
   c. Buddy supervision.
4. Development of Integrated Auditor Competency
   The Internal Audit Unit of the Main Entity (PIKK), together with the Internal Audit Units of Financial Conglomeration members, undertakes auditor competency development through the following mechanisms:
   a. The Internal Audit Unit of the Main Entity (PIKK) includes auditors from Financial Conglomeration members in joint training programs organized by BNI's Internal Audit Division, such as Auditor Refreshing programs;
   b. The Internal Audit Unit of the Main Entity (PIKK) and the Internal Audit Units of Financial Conglomeration members provide opportunities for auditor secondments or internships at Financial Conglomeration member institutions and at BNI's Internal Audit Division.
5. The Internal Audit Unit of the Main Entity (PIKK) may assign its auditors as Heads of Internal Audit Units or as auditors at Financial Services Institutions that are members of the Financial Conglomeration.
6. Authority of the Internal Audit Unit of the Main Entity (PIKK)
   The authority of the Internal Audit Unit of the Main Entity (PIKK), as the Integrated Internal Audit Unit (SKAIT), refers to BNI's Corporate Guidelines on the Procedures for the Implementation of Integrated Internal Audit and the BNI Corporate Charter.
7. Reporting of Integrated Audit Results
   a. The Internal Audit Units of Financial Conglomeration members submit reports on the implementation of their internal audit functions to the Internal Audit Unit of the Main Entity (PIKK) through an integrated internal audit communication forum on a quarterly basis. Such reports shall at a minimum include the following information:
      1) Annual and periodic audit plans of the Internal Audit Units of Financial Conglomeration members;
      2) Realization of audit implementation by the Internal Audit Units of Financial Conglomeration members;

3) Key audit findings from the Internal Audit Units of Financial Conglomeration members and external audits at Financial Conglomeration members;
4) Follow up on audit findings from the Internal Audit Units of Financial Conglomeration members, BNI's Internal Audit Division, and external auditors at Subsidiaries within the Financial Conglomeration;
5) Internal Audit Maturity Profile of Financial Conglomeration members.

b. The Internal Audit Unit of the Main Entity (PIKK) submits Integrated Internal Audit Reports, which include information on key integrated audit findings and the follow up on such findings, with the following reporting frequency:
1) Reports are submitted quarterly to the Director appointed to oversee Financial Conglomeration members and to the Director overseeing the Compliance function at the Main Entity (PIKK);
2) Reports are submitted semi annually to the Board of Commissioners of the Main Entity (PIKK).

Implementation of Integrated Audit Activities in 2025

Throughout 2025, the Integrated Internal Audit Unit monitored and reported the implementation of integrated internal audits and periodically submitted them to the Compliance Director of the Main Entity (PIKK) and the Board of Commissioners of the Main Entity (PIKK). To ensure the effectiveness and compliance of integrated internal audit implementation with OJK requirements, BNI's Internal Audit Division (IAD), as the Main Entity (PIKK), together with the Internal Audit Units of Financial Conglomeration members, undertook a number of strategic measures and strengthening initiatives across the BNI Financial Conglomeration. These activities included the following:

1. Conducting Working Meetings with the Internal Audit Units of Financial Conglomeration members and the Subsidiaries Management Division, with agendas covering:
   a. Alignment of Audit Work Plan implementation between the parent entity and Financial Conglomeration members for 2025;
   b. Implementation of combined assurance mechanisms across Financial Conglomeration members;
2. Conducting the Integrated Audit Unit communication forum, which is held regularly every quarter, namely Quarter I/2025 in April 2025, Quarter II/2025 in July 2025, Quarter III/2025 in October 2025, and Quarter IV/2025 in January 2026, among other things, to discuss:
   a. Audit plans of the Internal Audit Units of Financial Conglomeration members;
   b. Realization of audit work plans of the Internal Audit Units of Financial Conglomeration members;
   c. Key audit findings of the Internal Audit Units of Financial Conglomeration members;
   d. Progress on the follow up of audit findings from the Internal Audit Units of Financial Conglomeration members, BNI IAD, and external audits conducted by BPK, Bank Indonesia, OJK, and other authorities.
3. Developing an Internal Control System assessment methodology for Financial Conglomeration members, aligned with the organizational relevance of each member entity;
4. Preparing updates to the implementation guidelines for the Integrated Internal Control System, including updates and additions to sub parameters and revisions to scoring at the sub parameter level.
5. Conducting semi annual evaluations of the Integrated Internal Control System for each Financial Conglomeration member;
6. Monitoring the maturity profile of the Internal Audit Units of Financial Conglomeration members, covering organizational structure, fulfilment of auditor headcount, auditor capability including certification and training, completeness of enabling outputs, and development plans for the Internal Audit Units of Financial Conglomeration members;
7. Discussing the follow up on recommendations and advice from the BNI Board of Commissioners addressed to Financial Conglomeration members;
8. Conducting buddy supervision for audits of Project Management and Procurement at BNI Life, as well as joint audits with BNI Sekuritas auditors for the audit of BNI Asset Management.
9. Conducting knowledge sharing sessions on IT audit and Internal Control Over Financial Reporting for Hibank, and on Personal Data Protection for BNI Asset Management.
10. Providing assistance in reviewing the Internal Audit Charters of BNI Finance and BNI Asset Management.
11. Sharing audit programs with Hibank related to IT and non IT areas, as follows:

Non IT

- Information Security and Cyber Resilience audit program;
- Consumer Complaint Services audit program;
- SLIK audit program;
- Goods and Services Procurement audit program;
- Technical Guidelines for ICoFR.

IT

- Payment Service System audit program, including Mobile Banking and Internet Banking;
- ATM Management audit program;
- Implementation of APU, PPT, and PPPSPM audit program;
- Information Technology audit program
- Audit program on the implementation of Anti Fraud Strategy activities, including SIPELAKU;
- Audit program on Information Technology Service Providers;
- Application Programming Interface audit program.

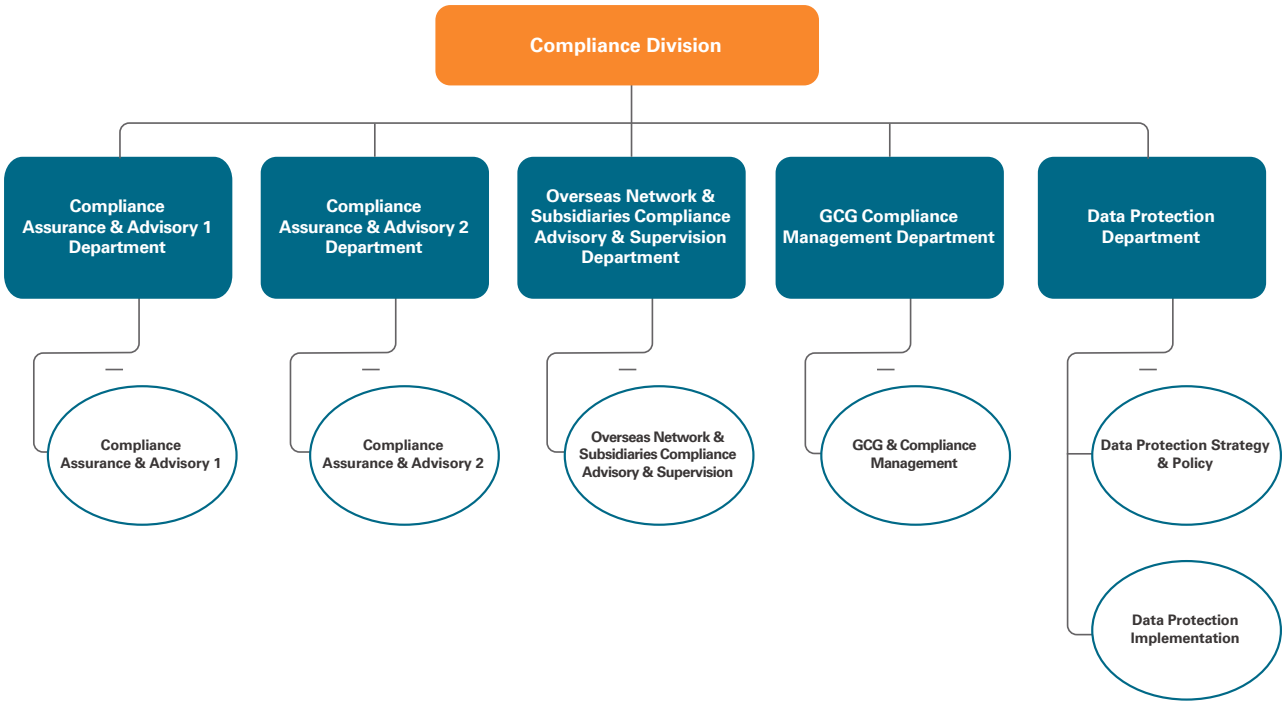
12. Organizing training programs for all auditors of the Main Entity (PIKK) and Internal Audit Units of Financial Conglomeration members, covering topics such as corruption related crimes, banking crimes, Internal Control Over Financial Reporting, penetration and vulnerability testing, personal data protection and data security, digital forensic audit, design thinking, IT fundamentals batch 1, and data analytics.

COMPLIANCE FUNCTION

The Compliance Function at BNI is a key pillar for practicing sound corporate governance and a crucial part of maintaining business continuity with integrity, grounded in prudent principles. This function is tasked with ensuring that all BNI operational and business activities consistently comply with applicable laws and regulations, regulatory authorities, and internal policies, while also instilling a culture of compliance throughout the organization.

In its implementation, the BNI Compliance Function does not remain reactive; it keeps its priority on a preventive (ex-ante) approach to mitigating potential compliance risks across all business activities. This role aligns with one of BNI's sixth missions, "To Become a Reference for the Implementation of Compliance and Good Corporate Governance for the Industry," ensuring that the Compliance Function is a key driver in maintaining the consistent implementation of high-standard compliance and governance principles within BNI.

Legal Basis for the Compliance Function



The implementation of BNI's Compliance Function is guided by relevant regulations, including:

1. OJK Regulation No. 46/POJK.03/2017 concerning the Implementation of Compliance Functions for Commercial Bank;
2. OJK Regulation No. 18/POJK.03/2014 concerning the Implementation of Integrated Governance for Financial Conglomerates.
3. OJK Regulation No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks.

Organizational Structure of the Compliance Work Unit

BNI has a Director who oversees the Compliance Function and formed a Compliance Division to implement the compliance function. The Compliance Director is responsible for formulating compliance policies and strategies. The Compliance Division, as the spearhead of implementation, ensures that all business units and support functions at BNI carry out their activities in accordance with applicable regulations.

In 2025, there was a change in the organizational structure of the Compliance Division, namely that the implementation of the AML-CFT and PPPSPM programs became the responsibility of the AML-CFT Division. The organizational structure of the Compliance Division based on the Decree of the Board of Directors No. KP/440/DIR/R dated September 4, 2025 is described in the following chart:

Head of Compliance Work Unit Profile

Period January 1, 2025 – November 30, 2025

Ikhsan Azman
Head of Compliance Work Unit

Age
56 years old as of December 31, 2025

2. Certified Information System Auditor

Work Experience at BNI
At BNI
1. IT Audit & Surveillance Department Head (Vice President) in Internal Audit (2024 – 2025)
2. Acting Compliance Division Head (December 1, 2025 – December 21, 2025)
3. Compliance Division Head (December 22, 2025 – Present)

Concurrent Position
Not holding concurrent positions either internally or externally at BNI.

Affiliation Relationship
Has no affiliation with members of the Board of Directors, Board of Commissioners, or Majority/Controlling Shareholders

Mechanism for Appointment and Dismissal of Compliance Work Unit Leaders

The Head of the BNI Compliance Division is appointed and dismissed based on the decision of the Board of Directors and has been reported to the OJK, with attention to the following criteria and requirements:

1. Meet the independence requirements;
2. Master the banking provisions and applicable laws and regulations;
3. Not carrying out other duties outside the compliance function;
4. Have a high commitment to implementing and developing a compliance culture.

Duties and Responsibilities of the Compliance Work Unit

In general, the duties and responsibilities of the Compliance Division are divided into the following functions:

1. In charge of the Compliance Function;
2. In charge of the Integrated Compliance Function;
3. In charge of the Implementation of Good Corporate Governance;
4. In charge of the Gratification and Anti-Bribery Control; and
5. Personal Data Protection Function Implementer.

Director in Charge of Compliance Functions

The Director of Human Capital & Compliance at BNI is currently responsible for the compliance function at BNI, held by Mr. Munadi Herlambang. The appointment and implementation of the duties of the Director in charge of the compliance function are carried out in accordance with applicable regulations, including provisions regarding the Implementation of the Compliance Function, General Provisions, Fit and Proper Test, as well as regulations regarding the Utilization of Foreign Workers in the banking sector. These provisions regulate several things, including:

1. Must obtain approval from the Financial Services Authority (OJK) before carrying out the duties and functions of its position. Through Financial Services Authority Letter No. SR-491/PB.02/2025 dated November 26, 2025, the Financial Services Authority approved the appointment of Mr. Munadi Herlambang as Director of Human Capital & Compliance;
2. Must meet independence requirements, namely not having financial, management, share ownership, and/or familial relationships up to the second degree with members of the Board of Commissioners, the Board of Directors, and/or Controlling Shareholders or relationships with the Bank that could affect their ability to act independently;

3. Must have integrity and adequate knowledge regarding banking provisions and applicable laws and regulations;
4. It is prohibited to employ or utilize foreign workers;
5. Not concurrently serving as President Director and/or Deputy President Director;
6. Does not supervise the functions: operational business and risk management, which make decisions on bank activities, treasury, finance, accounting, logistics, procurement, information technology, and internal audit.

In the current BNI organizational structure, the implementation of the duties of the BNI Human Capital & Compliance Director is supported by the organs below, namely:
1. SEVP Legal & Governance;
2. SEVP Human Capital;
3. Compliance Division;
4. Legal Division;
5. Policy Governance Division;
6. AML-CFT Division;
7. Human Capital Strategy Division;
8. Human Capital Services Division;
9. BNI University;
10. Human Capital Business Partner.

Duties and Responsibilities of the Director in Charge of the Compliance Function

The following is a description of the duties and responsibilities of the Director of Human Capital & Compliance specifically regarding the implementation of the Bank's compliance function in general:
1. Formulate strategies to encourage the creation of a culture of Bank compliance;
2. Propose a compliance policy or compliance principles that will be determined by the Board of Directors;
3. Establish compliance systems and procedures that will be used to develop Bank internal regulations and guidelines;
4. Ensure that all policies, provisions, systems, and procedures, as well as business activities carried out by the Bank are in accordance with the provisions of the Financial Services Authority, Bank Indonesia, and applicable laws and regulations;
5. Minimize Bank Compliance Risk;
6. Take preventive measures so that policies and/or decisions taken by the Bank's Board of Directors do not deviate from the provisions of the Financial Services Authority, BI, and applicable laws and regulations;
7. Carrying out other tasks related to the Compliance Function, such as monitoring and maintaining the Bank's compliance with commitments made by the Bank to the Financial Services Authority, BI, and other competent supervisory authorities;
8. In addition to the duties and responsibilities above, in the context of implementing the integrated compliance function, the Director in charge of the compliance function has the task of directing, monitoring, and evaluating the implementation of the Integrated Compliance function as well as following up on suggestions and advice from the Board of Commissioners of the Main Entity or the Integrated Governance Committee in order to improve the Integrated Compliance Function.

COMPLIANCE WORK UNIT

The work unit that carries out the Compliance Function within BNI is carried out by the Compliance Division. This division is an independent work unit and is directly responsible to the Director who is in charge of the compliance function. In addition, the Compliance Division is also assigned as an Integrated Compliance Work Unit and functions for the implementation of Personal Data Protection (Data Protection Officer/DPO).

Integrated ComplianceWork Unit (SKKT)

As an Integrated Compliance Work Unit (SKKT) in the BNI Financial Conglomerate, the Compliance Division is tasked with monitoring and evaluating the implementation of compliance functions in Subsidiary Companies in accordance with the provisions of POJK No. 18/POJK.03/2014 concerning the Implementation of Integrated Governance for Financial Conglomerates. The BNI Financial Conglomerate's Integrated Governance Guidelines have determined the division of monitoring and evaluation tasks carried out by SKKT, including:
1. Realizing the implementation of a culture of compliance at all levels of the organization in each Subsidiary Company;
2. Manage compliance risks faced by each Subsidiary Company;
3. Ensure that policies, provisions, systems, and procedures, as well as business activities carried out by each Subsidiary Company are in accordance with regulatory provisions (including OJK, Bank Indonesia, Ministry of Finance, etc.) and applicable laws and regulations, including sharia principles for Subsidiary Companies that implement sharia principles.
4. Ensure compliance of each Subsidiary Company with the commitments made by the Subsidiary Company to OJK, Bank Indonesia, and/or other competent supervisory authorities; and
5. Ensure the implementation of compliance functions and the implementation of applicable APU PPT and PPPSPM in each Subsidiary Company.

Data Protection Officer (DPO)

The Data Protection Office (DPO) at BNI is a dedicated unit dedicated to ensuring compliance with applicable personal data protection regulations. The DPO plays a strategic role in ensuring that all personal data management activities within BNI are carried out securely, ethically, and in accordance with legal provisions, including Law No. 27 of 2022 concerning Personal Data Protection (PDP Law) and other relevant regulations issued by the authorities. As an implementation of the PDP Law, the Data Protection Officer's primary functions include:

1. Prepare, develop, and implement strategies, governance, policies, and procedures for personal data protection at BNI in accordance with applicable regulations.
2. Develop an awareness program on personal data protection for all lines of the BNI organization.
3. Provide advisory and consultation regarding the implementation of personal data protection, including but not limited to:
   a. Fulfillment of Personal Data Subject Rights, Prevention and/or failure of personal data protection;
   b. Development of Division/Unit/Functional Unit applications related to personal data processing;
   c. Record of Processing Activities (RoPA), Data Protection Impact Assessment (DPIA), consent management, and others.
4. Conduct reviews of new product and/or activity plans to comply with privacy by design.
5. Review draft policies, procedures, and technical guidelines for BNI units related to Personal Data Protection.
6. Monitor and ensure BNI's compliance with the Personal Data Protection Law and internal regulations related to Personal Data Protection.
7. Review and provide input on the adequacy of systems, policies, procedures, and tools in the implementation of Personal Data Protection in Subsidiaries.
8. Evaluate the implementation of Personal Data Protection in Subsidiaries.
9. Disseminate Personal Data Protection throughout the organization.
10. Act as a liaison to regulators.
11. Conduct monitoring and evaluation, including ensuring follow-up actions on audit results to improve the implementation of personal data protection.
12. Prepare a study on the development of Personal Data Protection tools to support BNI's business needs.
13. Manage the development of a support system for the implementation of Personal Data Protection.
14. Manage the recording of personal data processing activities and consent management.
15. Act as a coordinator for handling incidents of personal data protection violations.

Training and/or Competency Development for Compliance Unit Leaders in 2025

By 2025, BNI's Compliance Unit Leaders have participated in a series of educational and training activities to enhance their competency in monitoring and evaluating the Bank's compliance with applicable standards and regulations:

Type of Training and Competency Development/Training Materials	Date of Implementation	Organizer
Enhancement Skill for Compliance Officer (ESCO)	February 19-21, 2025	BNI
Digital Trends and Skills to Empower Digital Leadership series 1: Foundation of Digital Leadership – Adapting to Digital Transformation in Banking	May 20, 2025	BNI
Digital Trends and Skills to Empower Digital Leadership series 2: Strategic Digital Leadership – Mastering Digital Leadership: Digital Marketing & Business Growth Optimization	June 17, 2025	BNI
Digital Trends and Skills to Empower Digital Leadership series 3: Leading Team – Driving Digital Transformation	July 23,2025	BNI
Socialization of the Corruption Prevention and Governance Improvement Desk	July 24, 2025	Coordinating Ministry for Politics and Security

Socialization of PDP core failure, bank secrets, lessons learned from PDP case	• August 14, 2025 • September 9, 2025
Data Quality Update Socialization	• August 11, 2025 • September 8, 2025

Implementation of the 2025 Compliance Work Unit Work Program

The work program of the Compliance Work Unit in 2025 was implemented in accordance with the principles of prudence, a culture of compliance, and risk mitigation to support the achievement of the Bank's strategic objectives. In its implementation, the Compliance Work Unit focuses on strengthening the functions of supervision, control, and fostering a culture of compliance across all work units. In accordance with POJK No. 46/POJK.03/2017 concerning the Implementation of the Compliance Function of Commercial Banks, an increase in the role and function of compliance is needed to ensure regulatory compliance and more effective risk management.

The compliance programs are as follows:

1. Realizing the implementation of a culture of compliance at all levels of the bank's organization and business activities:
   a. Training/Socialization to all employees, which includes material on Compliance Culture, Good Corporate Governance (GCG), Gratification Control and Anti-Bribery through digital and classical media, as well as implementing mandatory e-learning;
   b. Submission of Compliance Reminder (CORE) and implementation of the Daily Exercise Employee Program (DEEP46) with material related to the compliance function on a regular basis;
   c. Implementation of supervision both on-site and off-site related to the implementation of APU PPT and PPPSPM and the implementation of the GRC Forum (Governance, Risk, and Compliance);
   d. Gratification Control in the BNI work environment in collaboration with the Corruption Eradication Commission (KPK);
   e. Monitoring regarding the effectiveness of the implementation of Good Corporate Governance and Integrated Governance at BNI;
   f. Development of a system application in the form of a Compliance Information Management System (CIMS), which is an information system,database,and monitoring of the results of compliance reviews and implementation of APU PPT and PPPSPM online;
   g. Compliance Index (CIX) measurement as a reference for measuring and ensuring that the implementation of the compliance function is running well.

2. Manage compliance risks faced by the Bank. Several steps taken to minimize Compliance Risk include:
   a. Carrying out periodic identification monitoring, and socialization regarding the fulfillment of obligations and matters prohibited by regulations as a preventive measure;
   b. Remind organizational units that are in-charge units to fulfill obligations periodically;
   c. Create corrective actions based on the Compliance Risk database;
   d. Monitoring and supervising corrective actions taken by the responsible unit to reduce compliance risks;
   e. Including sanctions from regulators/ supervisors, which are one source of compliance risk, into the Compliance Index, as well as making the Compliance Index a Key Performance Indicator (KPI) unit.

3. Ensure that the policies, provisions, systems, procedures and business activities carried out by the Bank are in accordance with the provisions of the Financial Services Authority (OJK)/ Bank Indonesia (BI) and applicable laws and regulations.

   As a preventive measure to prevent Compliance Risk and support healthy and sustainable growth, the Compliance Division carries out preventive (ex-ante) efforts through compliance tests. This compliance test aims to ensure that all internal regulations and certain banking activities comply with applicable banking standards. The compliance testing activities include the following:
   a. Test compliance with new or updated draft policies, systems and procedures;
   b. Compliance test/review of existing policies, systems and procedures;
   c. Compliance testing of publishing plans or new product developments;
   d. Compliance checklist for assessing the ability and suitability of prospective Controlling Shareholders, members of the Board of Directors, and/or members of the Board of Commissioners;
   e. Compliance test/Credit Compliance Review (C2R) on the proposed Credit Application Tool (PAK);
   f. Compliance test/Procurement Compliance Review (PCR) on proposed Goods and/or Services Procurement Documents;
   g. Compliance testing/review of Bank Office network establishment and relocation planning (Regional Offices, Branch Offices, Sub-Branch Offices, and Functional Offices);
   h. Compliance test/review of Branch and Center operational activities.

4. Ensure that BNI complies with the commitments made with the Financial Services Authority (OJK), Bank Indonesia (BI), and other competent supervisory authorities. Monitoring of this commitment is carried out collaboratively with the Internal Audit Unit (IAD) to ensure that all Bank actions and policies are in line with the regulations and agreements set by the supervisory authority.

5. The implementation of compliance tests/ Credit Compliance Review (C2R) carried out by the Compliance Division aims to ensure the effectiveness of implementing compliance controls in all work units. Criteria for implementing C2R include the following aspects:

a. Provision of new, additional, and restructuring funds with the authority of the Head Office Credit Committee (Corporate, Enterprise, and Commercial Segment) and Division Level Credit Committee (Commercial Segment); or
b. Review of funding provision, where at least 1 (one) member of the Credit Committee is a Director;
c. Modifications include, but are not limited to, changes in structure, release of collateral, and changes in conditions where at least 1 (one) member of the Credit Committee is a Director; or
d. Proposals for providing funds must be reported with the Board of Commissioners or provision of funds to parties related to the Bank that must obtain approval from the Board of Commissioners.

Compliance Indicators for 2025

In 2025, BNI established a number of compliance indicators designed to monitor, evaluate, and improve compliance performance. The compliance indicators that will be applied are as follows:

1. Compliance Risk Profile
   Compliance risk profile assessment is carried out in a composite manner, which includes two main aspects: assessment of inherent risk and assessment of the quality of risk management implementation. The results of this assessment illustrate the effectiveness of the risk control system in ensuring compliance. In 2025, in composite terms, BNI's Compliance Risk Profile was at level 2, with the following details:
   a. BNI's Inherent Risk in 2025 was at level 2; (Low to Moderate);
   b. The Quality of Implementation of Risk Management (KPMR) was at level 2 (Satisfactory).

2. Compliance Index (CIX)
   Compliance Index is an assessment tool used to measure and ensure that the implementation of the compliance function in a unit is running well. In general, the CIX measurement results in 2025 were at the Moderate level.

Implementation of the Integrated ComplianceWork Unit Work Program in 2025

As a form of implementation of duties and functions to monitor and evaluate the implementation of compliance functions in each Financial Services Institution (LJK) in the BNI Financial Conglomerate (KK), during 2025 the BNI SKKT has carried out duties and functions including:

1. Analyzing the latest external provisions that have a significant impact and have major sanctions for LJKs in the BNI KK and submit them to the relevant LJKs for follow-up.
2. Aligning the internal policies of each LJK in the BNI KK and then provide the necessary input or recommendations while still paying attention to the business field, complexity, needs, size, conditions, and regulations that apply to each Member of BNI Financial Conglomerate.
3. Aligning the Compliance Risk management mechanism through monthly monitoring of the fulfillment of the Regulatory Business Conduct of each LJK in the BNI KK based on the regulations of each LJK using a Self-Assessment.
4. Conducting compliance reviews and provide compliance opinions on issues arising within the BNI Financial Conglomerate Members.
5. Implementing the Compliance Index (CIX) within the BNI Financial Conglomerate Members as a means of monitoring the implementation of the compliance function within the BNI Financial Conglomerate Members. This is achieved by using parameters such as fraud, violation cases, regulatory sanctions and fines, pending findings from external and internal auditors, customer data updates, and the Regulatory Business Conduct of each BNI Financial Conglomerate Member.
6. Conducting periodic reviews of the Compliance Function Implementation Reports of the BNI Financial Conglomerate Members.
7. Holding periodic meetings with each BNI Financial Conglomerate Member to discuss, among other things, compliance issues and follow-up on suggestions and advice from the BNI Board of Commissioners.
8. Making efforts to improve the competency of human resources in compliance units at BNI Financial Conglomerate Members through the holding of sharing sessions by BNI.
9. Conducting a Self Assessment of the implementation of Integrated Governance at the BNI Financial Conglomerate every semester to then be submitted to the OJK.
10. Compiling and reporting on the implementation of integrated compliance functions and responsibilities to the Director in charge of Compliance or the Director in charge of Financial Conglomerate Management.

Compliance Work Unit Work Plan for 2026

The Compliance Work Unit has developed a work plan based on an evaluation of the compliance function's effectiveness in 2025, the dynamics of applicable regulations, and the Board of Directors' strategic direction, to ensure the compliance function can contribute optimally to achieving business targets and mitigating risks.

The main focus of the 2026 work plan includes improving the internal control system, strengthening monitoring of operational compliance, and optimizing the reporting and handling processes for violations. In addition, the Compliance Work Unit will also strengthen its education and regulatory outreach programs for all employees to increase awareness and compliance with applicable provisions.

The work plan program details are as follows:

1. Enhancing compliance culture and human resource competency
2. Compliance risk management
3. Strengthening bank governance and integrated governance
4. Strengthening the compliance function infrastructure and systems
5. Managing gratification control and anti-bribery
6. Strengthening the implementation of the Data Protection Law.

Evaluation of the Effectiveness of the Compliance Function in 2025

In 2025, BNI conducted a comprehensive evaluation of the effectiveness of its compliance function to assess the extent to which the mechanisms, procedures, and oversight implemented supported the implementation of Good Corporate Governance (GCG) principles and mitigated compliance risks.

The evaluation process included a review of the internal control system, operational compliance monitoring, handling of violations, and the level of employee awareness and compliance with applicable regulations. The evaluation results indicated the extent to which the compliance function identified potential risks, provided recommendations for improvement, and ensured timely follow-up on compliance findings.

Furthermore, this evaluation assessed the compliance function's ability to support BNI's digital transformation, product innovation, and business expansion, ensuring compliance risks remain well managed despite dynamic changes in regulations and the business environment. The findings and recommendations from the 2025 evaluation serve as the basis for increasing the compliance function's capacity, refining procedures, and strengthening the organization's culture of compliance.

Based on the 2025 evaluation, the compliance function demonstrated strong performance in meeting regulatory requirements and internal regulations.

Internal Control System [ACGS D.3.17, D.3.18. D.3.19, D.3.20]

BNI has built a robust Internal Control System based on the COSO Internal Control – Integrated Framework, internationally recognized as one of the best frameworks for implementing internal control. This system serves as a compliance instrument and supports the sustainable achievement of the Bank's business objectives. The system's implementation is based on five main COSO components: control environment, risk assessment, control activities, information and communication, and monitoring activities.

The control environment is shaped by an organizational culture that emphasizes integrity, ethical values, and a commitment to good governance. Risk identification and assessment processes are conducted continuously to enable the Bank to anticipate changes in the business environment and regulations. Furthermore, control activities are designed to ensure that all policies and procedures are implemented consistently across all work units. The information and communication component plays a crucial role in ensuring the flow of appropriate, accurate, and relevant information to support decision-making. Meanwhile, monitoring activities are carried out continuously to assess the effectiveness of the system and ensure continuous improvement.

In addition to COSO, the implementation of the internal control system at BNI is also guided by the Financial Services Authority (SEOJK) Circular Letter No. 35/SEOJK.03/2017 concerning Guidelines for Internal Control System Standards for Commercial Banks (SEOJK 35/2017). This guideline aligns with the principles set out in the Committee of Sponsoring Organizations of the Treadway Commission's (COSO) Framework. [ACGS D.3.17]

As the Main Entity (dhi. PIKK) within the BNI Financial Conglomerate, the Bank runs an integrated control system with its subsidiaries to ensure the implementation of control functions is carried out in an integrated manner. The objective is to ensure that all operational activities within the BNI Financial Conglomerate run effectively, consistently, and in line with the principles of risk management and Good Corporate Governance (GCG). With this implementation, BNI not only meets the regulatory compliance aspect but also strengthens internal control as a foundation for operational resilience, accountability, and the creation of sustainable added value.

INTERNAL CONTROL SYSTEM OBJECTIVES

BNI's objectives for implementing an effective internal control system include, among other things, ensuring:

1. Compliance with statutory provisions and regulations (Compliance Objectives) is intended to ensure that all BNI business activities are carried out in accordance with statutory provisions and regulations, both provisions issued by the government, the Financial Services Authority, and internal policies and procedures established by BNI; [ACGS C.2.6]
2. The availability of complete, accurate, appropriate, and timely financial and management information (Information Objectives) is intended to ensure the availability of complete, accurate, appropriate, and timely reports required for appropriate and accountable decision-making;
3. Effectiveness and efficiency in BNI's business activities (Operational Objectives) are intended to increase effectiveness and efficiency in the use of assets and other resources in order to protect BNI from the risk of loss; and
4. Increasing the effectiveness of risk culture in the BNI organization as a whole (Risk Culture Objective) is intended to identify weaknesses and assess deviations early and reassess the reasonableness of existing policies and procedures at BNI on an ongoing basis.

ACTIVE CONTROL AND SUPERVISION MECHANISM BY THE BANK'S MAIN ORGANS

BNI implements the Three Lines Model as an internal control framework integrated with risk management to strengthen reliable corporate governance. This model positions the first line (risk-taking unit) as the party primarily responsible for risk management and controlling daily operational activities. Furthermore, the second line (risk control unit) plays a role in formulating the risk management framework, policies, and methodology. Meanwhile, the third line (risk assurance unit) carries out independent assessment functions to ensure the effectiveness of internal control implementation throughout the organization. By implementing this model, BNI ensures clear coordination, strong accountability, and multi-layered oversight to support sustainable risk management and governance.

Active oversight by the Board of Directors and the Board of Commissioners is a crucial element in ensuring the adequacy and effectiveness of BNI's internal control system. The Board of Directors directly monitors the implementation of internal controls in daily operational activities, while the Board of Commissioners conducts periodic evaluations to ensure compliance with good governance principles. This oversight mechanism serves as the foundation for the implementation of integrated and sustainable controls.

As a follow-up to this oversight, and in accordance with the provisions of OJK Regulation No. 15 of 2024 concerning the Integrity of Bank Financial Reporting, BNI submits an internal control report as part of the financial reporting process. This report is included in the publication of the annual financial report and performance information, which is prepared in accordance with the provisions on transparency and publication of bank reports. Furthermore, the Board of Commissioners also submits the results of its oversight of the implementation of the bank's business plan through a business plan oversight report, in accordance with OJK regulations concerning bank business plans. Through this mechanism, BNI ensures accountability, transparency, and effective oversight in supporting corporate governance with integrity.

CONFORMITY OF BNI'S SPI WITH THE COSO FRAMEWORK [ACGS D.3.17]

In order to implement an effective Internal Control System (SPI), both for BNI individually and in a consolidated manner with its subsidiaries, BNI implements an internal control system that refers to the Internal Control – Integrated Framework developed by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). This framework consists of five main components, namely:

1. Control Environment
2. Risk Assessment
3. Control Activities
4. Information and Communication
5. Monitoring Activities

These five components are integrated to ensure effective internal control, support good governance, and strengthen risk management across all BNI entities.

Throughout 2025, BNI consistently assessed the compliance of its internal control system implementation with the principles of the COSO Framework, as follows:

Components of Internal Control in Accordance with COSO Framework	Implementation of BNI's Internal Control System
1. Control Environment The commitment, behavior and steps taken by BNI's Board of Directors and Board of Commissioners have formed a solid control environment. This environment, in turn, becomes the basis for the implementation of effective operational control activities across all lines of management.	The main elements that make up BNI's control environment are: 1. Adequate organizational structure; 2. BNI leadership style and management philosophy; 3. Integrity and ethical values as well as employee competence; 4. Human resources policies and procedures; 5. Attention and direction from BNI Management and other committees, such as the Risk Management Committee; 6. External factors that influence BNI operations and the implementation of risk management.
2. Risk Assessment As an integral part of the internal control system, BNI carries out regular risk assessments. Several types of risks that have been identified are the main focus in this process. By measuring exposure to these risks, BNI can formulate appropriate mitigation strategies so that risks can be managed effectively and optimally.	Assessment of 8 (eight) types of risks that BNI must manage include: **1. Credit Risk Assessment** Credit Risk Assessment is conducted comprehensively, encompassing, among other things, the amount, quality, and composition of credit exposures on both the balance sheet and off-balance sheet accounts, the risk level of the debtor or counterparty, the characteristics of the credit portfolio, and the business and industry environment. Furthermore, the Credit Risk Assessment also considers the effectiveness of the Internal Rating System and Scoring System, the results of Credit Risk stress testing, and the use of internal ratings in determining asset quality and establishing allowances for impairment losses through the calculation of Expected Credit Loss (ECL). The ECL calculation is based on three main parameters: Probability of Default (PD), Loss Given Default (LGD), and Exposure at Default (EAD), which serve as estimates of potential credit losses. **2. Market Risk Assessment** Market Risk Assessment is conducted across the entire trading book and banking book portfolios to ensure that market risk exposure is adequately managed. In the trading book, Market Risk assessment includes measuring market risk sensitivity using standard methods, risk aggregation using Value at Risk (VaR) based on internal models, conducting stress testing, monitoring budget losses, and back-testing to verify the reliability of the risk measurement model. Meanwhile, in the banking book, Market Risk assessment focuses on measuring interest rate risk and exchange rate risk, to assess the impact of changing market conditions on the Bank's overall financial position and performance.

Components of Internal Control in Accordance with COSO Framework	Implementation of BNI's Internal Control System
	3. Liquidity Risk Assessment Liquidity Risk Assessment is conducted to continuously measure and monitor net funding requirements to ensure the Bank's ability to meet its financial obligations. The Liquidity Risk Assessment includes an evaluation of key liquidity ratios, including the Liquidity Coverage Ratio (LCR) and the Net Stable Funding Ratio (NSFR), asset and liability maturity profiles, and projected cash inflows and outflows. In addition, the Liquidity Risk Assessment also considers stress testing results, the availability of liquid assets such as cash and Secondary Reserves, and monitoring of other liquidity ratios to ensure the Bank's liquidity resilience in facing various market conditions. **4. Operational Risk Assessment** One of the methods used to assess operational risk at BNI is Risk Control Self-Assessment (RCSA), which is carried out periodically through a self-assessment process by work units, which aims to identify potential weaknesses in existing controls so that risks can be mitigated as early as possible. Operational risk assessment is also carried out through assessing the operational risk profile with indicators/parameters: a. Business Characteristics & Complexity b. Human Resources c. Information Technology and Supporting Infrastructure d. Fraud e. External Events **5. Legal Risk Assessment** Legal Risk Assessments are conducted to identify and quantify potential losses arising from legal aspects of the Bank's activities. Legal Risk Assessments include, among other things, potential losses from litigation, weaknesses in agreements or contracts, and risks arising from the absence or changes in regulations and legislation that form the basis for the Bank's products and services. **6. Strategic Risk Assessment** The Strategic Risk Assessment is conducted to assess the Bank's strategy's alignment with the dynamics of the business environment and BNI's competitive position. This assessment includes an evaluation of the level of risk of the implemented strategy, BNI's business position compared to competitors, and the achievement of the Bank's Business Plan (RBB). **7. Compliance Risk Assessment** Compliance Risk Assessments are conducted to measure the Bank's level of compliance with applicable laws and regulations. These assessments cover the type, significance, and frequency of regulatory violations, including violations of specific financial transactions, as well as BNI's compliance track record as an indicator of the quality of its Compliance Risk management. **8. Reputational Risk** A Reputational Risk Assessment is conducted to measure the potential for a decline in stakeholder trust due to negative perceptions of the Bank. This assessment includes the impact on the reputation of owners and related parties, compliance with business ethics, the complexity of products and business partnerships, and the frequency and materiality of negative press and customer complaints.
3. Control Activities Control activities are an important component to ensure the achievement of organizational goals through risk control. These control activities include implementing policies and procedures designed to reduce risks that could hinder the achievement of organizational goals.	To ensure effective business risk management, BNI implements control activities as part of an integrated Internal Control System. **1. General Control Activities** Control activities are carried out by all BNI employees, including the Board of Directors, to ensure consistent implementation of management policies and directives. Controls are outlined in clear policies and procedures to ensure operational effectiveness and anticipate risks inherent in all business activities. **2. Control Activities according to Organizational Functions** The Internal Control System is supported by a control structure that is aligned with the organizational structure, so that control is carried out according to the functions, authorities, and responsibilities of each work unit, and ensures that the separation of duties and supervisory mechanisms run adequately.

Components of Internal Control in Accordance with COSO Framework	Implementation of BNI's Internal Control System
	a. **Management Reviews (Top Management Reviews)** The Board of Directors actively conducts reviews through presentation materials and periodic performance reports to evaluate target achievement and early detection of potential problems, including control weaknesses, reporting inaccuracies, and indications of fraud. Target setting is carried out in accordance with established risk management policies, risk appetite, risk tolerance, and limits. b. **Operational Performance Review (Functional Reviews)** Operational performance reviews are conducted periodically by the Internal Audit Unit to ensure the effectiveness of control implementation and compliance with policies and procedures. c. **Information Systems Control** Information system controls are carried out to ensure the accuracy, completeness, and authorization of transactions, as well as the effectiveness of general controls and application controls. d. **Control of Physical Assets** Physical asset control includes securing assets and restricting access to systems, devices, and data to prevent misuse. e. **Documentation** BNI ensures the availability of adequate documentation on policies, procedures, systems, accounting standards, and audit processes as part of strengthening the Internal Control System. 3. **Control Activities according to Risk Type** BNI implements risk control activities outlined in policies and procedures to ensure effective and consistent risk management across all major risk types, including credit, market, liquidity, operational, legal, compliance, reputational, and strategic risks. Risk control is implemented as follows: a. **Credit Risk Control** Credit Risk Control is carried out through comprehensive supervision of all credit activities and the implementation of internal credit controls to ensure that asset quality is maintained. b. **Market Risk Control** Market Risk Control is carried out through a process of risk identification and measurement by a unit independent of the business function, namely the Risk Management Work Unit, to ensure the objectivity and accuracy of risk management.

Components of Internal Control in Accordance with COSO Framework	Implementation of BNI's Internal Control System
	c. Operational Risk Control BNI has comprehensive policies and procedures for all existing work units and products/activities to ensure operational activities can be carried out appropriately and consistently by the entire organization. BNI also has complete and trained organs to ensure that control activities can be carried out prudently through the application of the principles of segregation of duties, dual control, maker-checker, and other control principles. BNI has a comprehensive process in the process of launching new products/activities so as to ensure that the products/activities launched have an adequate control process foundation for their operationalization. With the development of technology, many control activities have also been automated so that operational risks can be minimized. Apart from the above, BNI has also implemented Risk Control Self-Assessment activities with a Control Testing approach/method, which is carried out periodically to ensure that the control activities that have been designed have been implemented well and are still adequate over time. BNI has several special work units that are independent from the process owner and will carry out Control Testing so that identification of potential control weaknesses can be carried out more focused and independently. Every potential gap found will be followed up and monitored to ensure operational risks can be minimized. Through strong governance, BNI ensures that there is an oversight process from the independent Risk Management Work Unit, Internal Audit as the third line, and also monitoring carried out by the Board of Directors and Board of Commissioners through various committees such as the Risk Management Committee, Risk Monitoring Committee, etc. This also ensures that the operational risk control process has been carried out according to what has been determined and potential problems have been handled appropriately. In addition, to anticipate crisis conditions or natural disasters, BNI has established a Business Continuity Management process that is equipped with the necessary policies, procedures, and organs to ensure that crisis or disaster conditions are handled properly so that business continuity is maintained. The necessary protocols have been built, and trials are carried out periodically to always ensure the readiness of the established plans. **d. Liquidity Risk Control** Liquidity Risk Control is carried out through monitoring the liquidity position and Secondary Reserve based on a traffic light system, as well as implementing funding strategies and managing assets and liabilities in accordance with global funding policies and Asset and Liability Management. **e. Legal Risk Control** Legal Risk Control is carried out by ensuring that agreements and contracts with third parties protect BNI's interests, through legal reviews of new products and activities, providing legal advice and assistance, and regular reviews of existing agreements. **f. Strategic Risk Control** Strategic Risk Control is carried out through periodic policy reviews and strategy implementation, including evaluation of the achievement of the Bank Business Plan (RBB) through management forums and testing of the management information system. **g. Compliance Risk Control** Compliance Risk Control is carried out preventively to ensure that all BNI policies, systems, procedures and business activities are in accordance with regulatory provisions and established commitments. **h. Reputation Risk Control** Reputational Risk Control is carried out through timely management and resolution of customer complaints and lawsuits, as well as strengthening control mechanisms to maintain stakeholder trust.

Components of Internal Control in Accordance with COSO Framework	Implementation of BNI's Internal Control System
4. Information and Communication Information and communication are critical elements that ensure the flow of relevant and high- quality information across all levels of the organization. Accurate and timely information must be available to stakeholders to support decision making and implementation of control activities. Through an effective information system and open communication channels, the Bank can ensure that risks can be identified and responded to appropriately, as well as facilitate the implementation of integrated controls.	In the Internal Control System, BNI's information system is designed to produce relevant and reliable reports regarding operational activities, financial condition, risk management implementation, and compliance with applicable regulations. This information supports the Board of Directors and Board of Commissioners in carrying out their management and supervisory functions effectively. The information presented includes internal and external data required by management to evaluate the achievement of the Bank's objectives and is delivered accurately and timely to support decision-making and the effective and efficient implementation of responsibilities. To maintain system reliability and continuity, BNI maintains a Management Information System, both electronic and non-electronic, equipped with a contingency recovery plan and backup system to minimize the risk of operational disruptions and maintain business continuity. To ensure all employees understand and comply with applicable policies and procedures, BNI provides effective internal communication channels to convey information and work guidelines. Through effective internal communication, each employee is expected to carry out their duties and responsibilities in accordance with established standards. Furthermore, BNI also manages external communication channels to convey relevant information to shareholders, regulators, customers, and other third parties in an accurate and transparent manner. In processing electronic information, BNI ensures that the systems used are equipped with an adequate audit trail. This audit trail serves to support oversight, transparency, and accountability, ensuring that every transaction or data change can be clearly and reliably traced.
5. Monitoring Activities Monitoring Activities Are components that aim to assess the effectiveness of internal control on an ongoing basis and perform adjustments if necessary. These activities ensure that internal controls remain effective in reducing risks and achieving organizational objectives.	Monitoring of BNI activities, both in business units and functional units, is carried out using a three-lines model approach. This approach ensures comprehensive and layered risk control.

FINANCIAL AND OPERATIONAL CONTROL AND COMPLIANCEWITH LEGISLATION [ACGS: D.3.19]

BNI Financial and Operational Control

BNI implements comprehensive control activities through the establishment of clear policies and procedures, as well as an early verification process to ensure consistent implementation across all levels of the organization. These control mechanisms are aligned with BNI's organizational structure, creating a comprehensive and integrated internal control framework.

BNI's internal controls encompass both financial and operational controls, including compliance with applicable laws and regulations. Financial controls focus on ensuring all transactions are executed in accordance with internal regulations and procedures, resulting in accurate, reliable, and transparent financial reports. Meanwhile, operational controls are aimed at improving the efficiency and effectiveness of business processes in supporting the achievement of the company's strategic objectives. These two aspects complement each other as the foundation for the implementation of good and sustainable corporate governance.

As part of internal control, BNI implements segregation of duties to minimize the risk of irregularities and conflicts of interest, supported by an integrated accounting and information system that enables timely financial recording and reporting. Routine monitoring of financial and operational activities is conducted to detect potential discrepancies, which are followed up with corrective measures to ensure control effectiveness is maintained.

Controlling Compliance with Other Laws and Regulations

To protect BNI from legal risks, the Compliance Function conducts comprehensive monitoring of the compliance of banking operations with internal policies, regulations, systems, and procedures, as well as applicable laws and regulations. In carrying out its duties, the Compliance Function reports directly to the Director in charge of compliance.

COMPLIANCE WITH OJK REGULATION NO.35/SEOJK.03/2017 CONCERNING INTERNAL CONTROL STANDARD GUIDELINES FOR COMMERCIAL BANKS

BNI ensures that all operational and financial activities are carried out in accordance with the internal control principles as stipulated in OJK Regulation No. 35/SEOJK.03/2017. These provisions serve as a reference in the design, implementation, and monitoring of the Internal Control System to maintain regulatory compliance, increase accountability, and mitigate operational and financial risks.

The implementation of internal control includes a clear organizational structure, segregation of duties, standard operating procedures, an integrated information system, and an accurate and transparent reporting mechanism. The effectiveness of internal control is evaluated periodically through internal audits, ongoing monitoring, and follow-up on findings and potential deviations, to ensure that internal control operates effectively and sustainably.

REVIEW OF THE EFFECTIVENESS OF THE INTERNAL CONTROL SYSTEM [ACGS D.3.18]

Throughout 2025, BNI consistently strengthened the implementation of its Internal Control System (ISC) as part of its efforts to maintain business continuity and improve the quality of corporate governance. The ISC was implemented comprehensively across all organizational lines, adhering to prudent principles and best practices in the banking industry.

The evaluation results indicate that BNI's ISC effectively supported the achievement of the Bank's objectives, from operational, financial, and compliance perspectives. This effectiveness is reflected in the maintained integrity of financial reports, increased operational efficiency and effectiveness, and the ISC's ability to mitigate compliance and legal risks, while strengthening the risk and control culture across all work units.

Internal monitoring and audits also indicated that any remaining control weaknesses were minor and have been addressed through measurable improvement plans. In line with technological advancements, BNI continues to refine its ISC through the use of digitalization, big data analytics, and an Audit Management System (AMS) to increase the speed, accuracy, and consistency of monitoring. Therefore, overall, BNI's ISC in 2025 is considered to provide sufficient assurance regarding the achievement of the Bank's objectives, regulatory compliance, and business sustainability.

STATEMENT OF THE BOARD OF DIRECTORS AND BOARD OF COMMISSIONERS ON THE ADEQUACY OF THE INTERNAL CONTROL SYSTEM

[ACGS D.3.18, D.3.20]

The Board of Directors and Board of Commissioners of BNI are confident that the implementation of the Internal Control System (SPI) throughout 2025 has been adequate and effective, and in line with the complexity of the Bank's business activities and risk levels. The SPI is considered capable of providing sufficient assurance in maintaining the reliability of financial reports, ensuring compliance with applicable laws and regulations, and supporting effective and efficient operational implementation amidst the ever-evolving dynamics of the financial industry.

BNI's Internal Audit Unit (IAU) is supported by ongoing monitoring and evaluation mechanisms through internal oversight and external audit functions. Any identified control weaknesses are addressed in a timely manner through measurable improvement plans, ensuring they do not disrupt the achievement of the Bank's objectives and business continuity.

In line with the commitment to continuous improvement, the Board of Directors and Board of Commissioners ensure that the IAU continues to be refined to remain relevant, adaptive, and reliable, including through the utilization of technology and strengthening of a culture of control. Thus, the IAU is expected to support risk management and the achievement of BNI's strategic objectives sustainably going forward.

INTERNAL CONTROL IN THE FINANCIAL REPORTING PROCESS

The implementation of internal control over financial reporting at BNI is carried out to ensure the availability of reliable, accurate, complete, appropriate, and timely financial information and reports. The implementation of internal control over financial reporting refers to the following provisions:

1. Financial Services Authority Regulation Number 15 of 2024 concerning the Integrity of Bank Financial Reporting, which aims to strengthen the accuracy, reliability, and transparency of financial information and bank financial reports, while ensuring that the financial report preparation process is supported by effective internal controls.
2. Decree of the Deputy for Finance and Risk Management of the Ministry of State-Owned Enterprises Number SK-5/DKU.MBU/11/2024 concerning Technical Instructions for Internal Control Over Financial Reporting (ICOFR) of State-Owned Enterprises (SK-5 KBUMN) as a mandatory guideline for SOEs in ensuring the integrity and reliability of financial information and financial reports.

As a guideline for implementing ICOFR, BNI has established the following Policies and Procedures:

1. The Bank's Financial Reporting Integrity Policy, which is part of the General Policy on Internal Control Systems (KUSPI).
2. The Bank's Financial Reporting Integrity Procedure.

In addition, in accordance with POJK Number 15 of 2024, BNI has established a Second Line ICOFR Special Work Unit (UKK ICOFR) as part of the Operational Risk Management Division, responsible for coordinating the implementation of ICOFR at BNI.

To comply with POJK Number 15 of 2024 and SK-5 KBUMN, and in line with the principles of internal control over financial reporting, BNI implements an ICOFR framework consisting of the following five (5) stages:

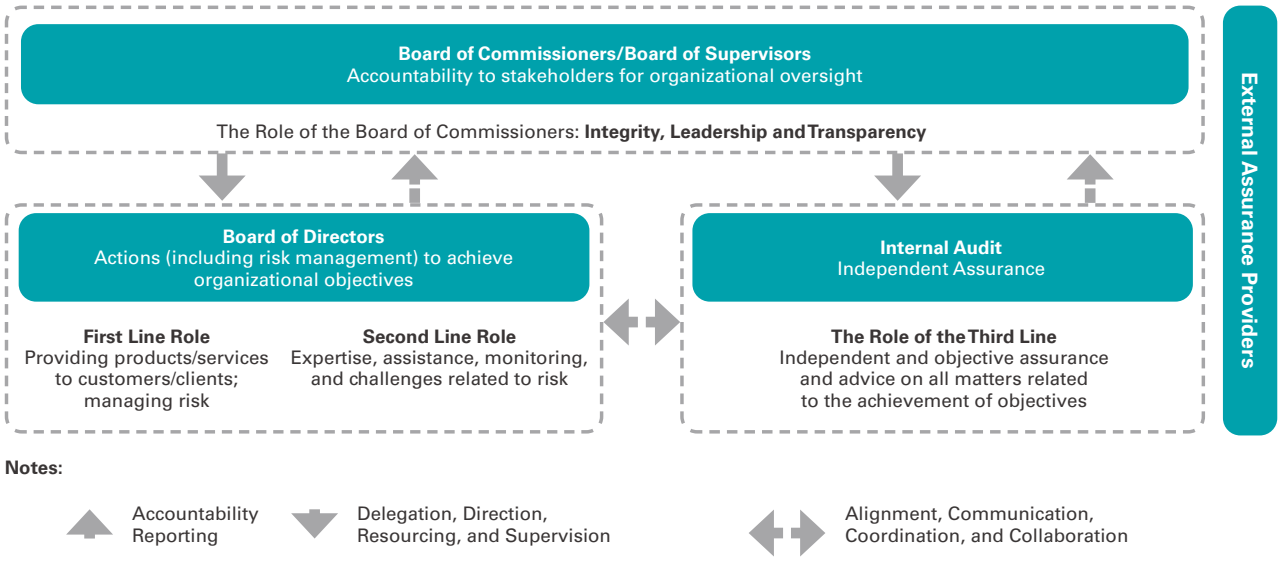
1. Design
   The design stage defines the scope of the ICOFR, including:
   a. Determining materiality, including Overall Materiality and Performance Materiality.
   b. Determining significant accounts and significant financial statement disclosures.
   c. Determining significant locations/companies.
   d. Determining significant business processes.
   e. Determining significant applications.
   f. Preparing Business Process Mapping (BPM) and Risk Control Matrices (RCM):
      - Entity Level Control (ELC).
      - Transaction Level Control (TLC).
      - IT General Control (ITGC).

   The entire BPM and RCM are prepared by the First Line (Business Process Owner) together with the Senior Operational Risk Executive (SORX) and validated by the Second Line (UKK ICOFR).

2. Implementation and Continuous Monitoring
   The results of the Second Line (UKK ICOFR) validation of the BPM and RCM are then subjected to a Control Self-Assessment (CSA) by SORX together with the First Line, and the results are evaluated by the Second Line (UKK ICOFR).

3. Evaluation
   The Third Line, in this case, Internal Audit conducts an evaluation using the Test of Design (TOD) and Test of Operating Effectiveness (TOE) methods on the controls previously subjected to a Control Self-Assessment (CSA) by SORX together with the First Line, and the CSA evaluation by the Second Line (UKK ICOFR).

4. Remediation
   All ineffective controls during the design validation, Control Self-Assessment (CSA), and Evaluation processes are remediated by the First Line. Remediation is performed for operational and design deficiencies.



5. Reporting
   Reporting regarding Internal Control over Financial Reporting is submitted to the following parties:

Report Name	Report Recipient	Frequency	Regulations
Results of the Board of Commissioners' Supervision in the Business Plan Supervision Report	OJK	Semester	POJK Number 15 of 2024
Internal Control Report in Bank Financial Reporting Process	OJK (through Annual Report)	Annual	POJK Number 15 of 2024
Management Assessment Report	BP BUMN	Annual	SK-5/DKU.MBU/11/2024 BP BUMN
State-Owned Enterprises ICOFR Implementation Monitoring Report	BP BUMN	Quarterly	SK-5/DKU.MBU/11/2024 BP BUMN

If, at the end of the financial reporting period, ineffective controls remain, whether based on the CSA conducted by SORX in conjunction with the First Line, the CSA evaluation conducted by the Second Line (UKK ICOFR), or the evaluation conducted by the Third Line, BNI determines the level of deficiency in these ineffective controls. The impact of these ineffective controls on the financial statements is measured and categorized into 3 (three) categories:
a. Control Deficiency
b. Significant Deficiency
c. Material Weakness

In implementing the five stages mentioned above, BNI involves three lines in accordance with the Three Line Model, as follows:

The Three Lines Model

Source: The Institute of Internal Auditors Indonesia - IIA Three Lines Model 2020, Update to the Three Lines of Defense Model.

As a result of implementing the five stages mentioned above, BNI has achieved, among other things:
a. Identification of risks related to financial reporting and key controls in significant business processes to mitigate these risks.
b. Testing of all key controls.
c. Testing compliance with internal policies and procedures.
d. Review of the feasibility and effectiveness of information technology controls.

MANAGEMENT REPORT ON INTERNAL CONTROL IN THE FINANCIAL REPORTING PROCESS

The BNI Board of Directors is responsible for implementing adequate internal controls in the financial reporting process, which are supervised by the Board of Commissioners through the Audit Committee, and implemented by all levels of BNI management and employees to provide reasonable assurance regarding the integrity, reliability, accuracy, and consistency of the Bank's Financial Information and Financial Reports.

Internal controls in BNI's financial reporting process aim to:
1. Ensure the truthfulness, accuracy, and transparency of Financial Information and Financial Reports.
2. Improve operational efficiency and effectiveness in the financial reporting process.
3. Ensure compliance with laws and regulations in the financial reporting process.
4. Ensure that the Financial Reports have been prepared in accordance with financial accounting standards and the Financial Services Authority's regulations regarding the recording of financial transactions.

BNI's internal controls and financial reporting processes are periodically evaluated in accordance with Financial Services Authority Regulation No. 15 of 2024 concerning the Integrity of Bank Financial Reporting, and guided by Decree of the Deputy for Finance and Risk Management of the Ministry of State-Owned Enterprises No. SK-5/DKU.MBU/11/2024 concerning Technical Instructions for Internal Control over Financial Reporting (ICOFR), to ensure their effectiveness as part of the implementation of good bank governance.

Due to inherent limitations, internal controls over financial reporting are designed to provide reasonable assurance, not absolute assurance, and therefore cannot fully guarantee the prevention or detection of misstatements. Therefore, BNI's Board of Directors is committed to continuously strengthening its control culture, improving the quality of monitoring, and ensuring consistent follow-up on findings.

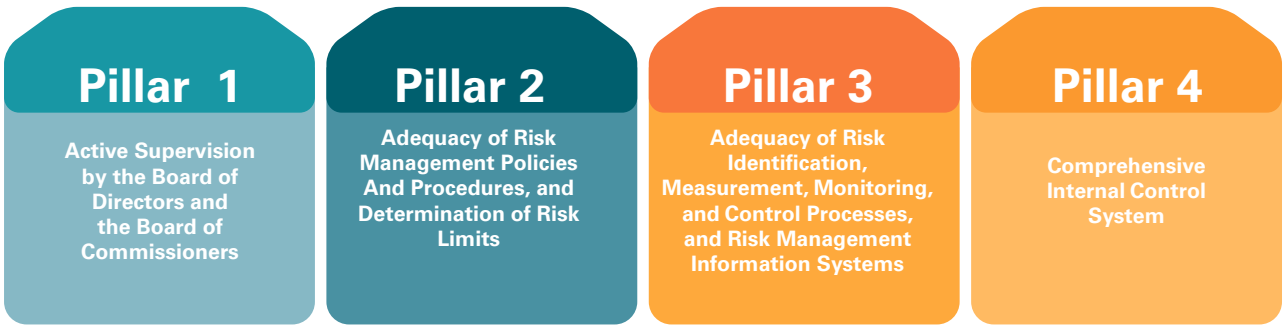
The BNI Board of Directors has completed an assessment of the effectiveness of internal control in BNI's financial reporting process for the year ending December 31, 2025. In conducting this assessment, BNI referred to the basic principles of the "Internal Control - Integrated Framework" issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO").

Based on this assessment, the BNI Board of Directors concluded that internal control in the financial reporting process for the period ending December 31, 2025, was effective. Furthermore, based on management's assessment, the Company determined that there were no material weaknesses in internal control over financial reporting as of December 31, 2025.

Therefore, this report is prepared as a demonstration of the accountability and commitment of the BNI Board of Directors to maintaining the integrity of the Company's financial reporting process.

Risk Management System [ACGS D.3.17, D.3.18, D.3.19, D.3.20]

OVERVIEW OF BNI'S RISK MANAGEMENT SYSTEM



BNI implements a risk management system as a crucial component of maintaining business sustainability and ensuring the application of prudent principles across all business activities. The risk management framework is designed to offer guidelines for all work units and entities within the Financial Conglomerate to run consistent, proportionate risk management aligned with their respective business profiles and regulatory compliance. With this framework, BNI ensures that potential risks are adequately identified and evaluated, and that the Company can adapt to market dynamics, technological developments, regulatory changes, and evolving business strategies.

In practice, BNI continues to enhance its risk management capabilities through a more proactive and forward-looking approach. BNI exerts this effort by aligning risk appetite with business growth direction, strengthening its three lines of control, developing more comprehensive risk measurement and monitoring tools, and harmonizing risk management at both the Bank and subsidiary levels. These measures allow BNI to keep its risk profile within acceptable limits while helping deliver healthy performance, business sustainability, and resilience for the financial conglomerate amidst a dynamic environment.

SCOPE OF BNI'S RISK MANAGEMENT

As part of its commitment to preserving business continuity and upholding prudential principles, BNI implements comprehensive risk management through a structured and integrated framework. This approach is designed to ensure that every business activity operates in a controlled manner, aligned with corporate strategy and responsive to the constantly evolving dynamics of the banking industry. Supported by strong governance, a disciplined risk culture, and adequate infrastructure and methodologies, BNI is able to anticipate potential risks while capitalizing on emerging opportunities.

The Bank's risk management framework extends beyond risk measurement and monitoring, encompassing effective control and mitigation measures to minimize potential adverse impacts on corporate performance. All processes are implemented proactively and with a forward-looking orientation, leveraging technology, data analytics, and synergy across entities within the financial conglomerate. In doing so, BNI maintains an optimal balance between risk management and business target achievement, supports healthy and sustainable growth, and delivers long-term value to shareholders — all within the parameters of the established risk appetite and risk tolerance. This entire implementation is underpinned by four core pillars of risk management, which collectively form the foundation for a resilient and sustainable risk management system.

PILLAR 1. ACTIVE SUPERVISION BY THE BOARD OF DIRECTORS AND THE BOARD OF COMMISSIONERS

Board of Directors' Oversight [ACGS D.3.18]

The active oversight of BNI's risk management by the Board of Directors covers the following:

1. Preparing written, comprehensive risk management policies, strategies, and frameworks — including overall risk limits and limits by risk type — by taking into account the level of risk to be assumed (risk appetite) and risk tolerance, in line with economic conditions and BNI's circumstances, as well as the potential impact of risks on capital adequacy and the Bank's long-term business sustainability. Following approval from the Board of Commissioners, the Board of Directors formally establishes BNI's risk management policies, strategies, and framework.
2. Developing, approving, and updating procedures and tools to identify, measure, monitor, and control risks at BNI.
3. Preparing and establishing mechanisms for transaction approval, including approvals for transactions that exceed limits, and defining authorities across all organizational levels.
4. Evaluating and/or updating risk management policies and strategies at least once a year, or more frequently when there are significant changes in factors affecting BNI's business activities, risk exposure, and/or risk profile.
5. Determining BNI's organizational structure, including clear lines of authority and responsibility at every level related to risk management implementation.
6. Being accountable for the implementation of risk management policies, strategies, and frameworks approved by the Board of Commissioners, and evaluating and providing direction based on reports submitted by the Risk Management Unit, including BNI's Risk Profile Report.
7. Ensuring that all material risks faced by BNI, as well as the impacts arising from such risks, are addressed appropriately and periodically reporting accountability to the Board of Commissioners.
8. Ensuring that corrective actions are taken to address issues or irregularities in BNI's business activities identified by the Internal Audit Unit (SKAI).
9. Ensuring the adequacy, both in terms of quantity and quality, of human resources, including continuous competence enhancement, to support effective risk management implementation at BNI.
10. Developing a strong risk management culture across BNI, including risk awareness throughout all organizational levels.
11. Ensuring that the risk management function is implemented independently.

The authority and responsibilities of BNI's Board of Directors in integrated risk management include, at a minimum:

1. Preparing comprehensive written Integrated Risk Management policies that take into account risk appetite and risk tolerance.
2. Implementing established Integrated Risk Management policies, including:
   a. Ensuring the application of Integrated Risk Management within BNI's Financial Conglomerate.
   b. Ensuring that all significant risks and their resulting impacts are appropriately followed up.
   c. Submitting accountability reports periodically to the Board of Commissioners of the Main Entity.
   d. Effectively communicating Integrated Risk Management policies to all relevant organizational levels within BNI's Financial Conglomerate to ensure clear understanding.
3. Embedding a risk culture as an integral component of Integrated Risk Management within BNI's Financial Conglomerate.
4. Ensuring that Integrated Risk Management is implemented independently.
5. Ensuring effective human capital management — covering competence, qualifications, and adequacy of human resources — at BNI as the Main Entity to support execution of the Integrated Risk Management function.
6. Periodically evaluating the review results of the Integrated Risk Management Unit regarding Integrated Risk Management processes to ensure:
   a. The accuracy of risk assessment methodologies;
   b. The adequacy of risk management information systems implementation;
   c. The appropriateness of risk management policies and procedures, as well as the determination of risk limits and thresholds.
7. Evaluating and adjusting Integrated Risk Management policies at least once a year, or at any time should there be significant changes in factors affecting BNI's Financial Conglomerate business activities.
8. Understanding risks inherent in all business activities within BNI's Financial Conglomerate and taking necessary actions in line with the Conglomerate's risk profile, including providing recommendations to Financial Services Institutions within the conglomerate regarding risk management implementation.

9. Ensuring the adequacy of infrastructure to manage and maintain control over all risks.

In essence, the Board of Directors is responsible for implementing sound corporate governance, risk management, and compliance in an integrated manner, aligned with current developments in the banking ecosystem and supported by digitalization and technological innovation. This mandate is based on the provisions set out in BNI's Board Charter, which guides the Board in carrying out its duties and responsibilities in managing the Company in accordance with the principles of Good Corporate Governance, namely Transparency, Accountability, Responsibility, Independence, and Fairness — while ensuring compliance with applicable laws and regulations, as stipulated in Board of Directors Decree No. KP/377/DIR/R dated August 1, 2025.

In carrying out these duties and responsibilities, the Board of Directors is supported by the Risk Management Unit (SKMR), which also acts as the Integrated Risk Management Unit (SKMRT). Oversight of the Bank's risk management by the Board of Directors is conducted through various forums, including Board of Directors Meetings, the Risk Management & Anti-Fraud Committee (KRA) – Risk Management Sub-Committee (RMC), and the Integrated Risk Management Committee (KMRT).

In 2025, the agenda for the implementation of the Board of Directors' oversight functions, conducted through Board of Directors Meetings, as well as meetings of the Risk Management & Anti-Fraud Committee (KRA), the Risk Management Sub-Committee (RMC), and the Integrated Risk Management Committee (KMRT), is as follows:

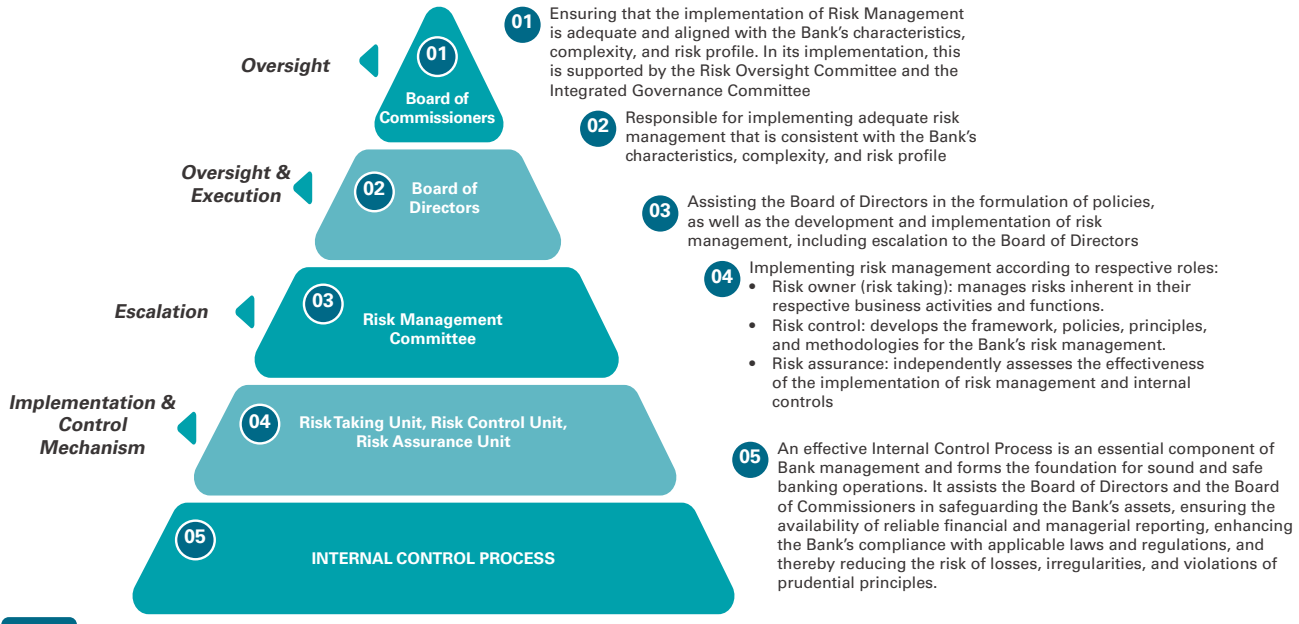
No.	Date	Agenda
1	January 24, 2025	Discussion of the Integrated Risk Profile Self-Assessment Results as of December 31, 2024, and the Integrated Capital Adequacy Ratio (CAR) as of December 31, 2024
2	February 3, 2025	KRA-RMC 01/2025 BNI's Soundness Level as of December 31, 2024
3	March 10, 2025	KRA-RMC 02/2025 Review of BNI's Risk Appetite Statement (RAS) for 2025
4	April 16, 2025	KRA-RMC 03/2025 BNI's Individual Risk Profile as of March 31, 2025
5	July 11, 2025	KRA-RMC 04/2025 BNI's Soundness Level as of June 30, 2025
6	August 1, 2025	Discussion of the Integrated Risk Profile Self-Assessment Results as of June 30, 2025, the Integrated Capital Adequacy Ratio (CAR) as of June 30, 2025, and the Integrated Risk Appetite Statement Review Results for 2025 2025
7	October 10, 2025	KRA-RMC 05/2025 BNI Individual Risk Profile as of September 30, 2025
8	November 10, 2025	Board of Directors Meeting to Update BNI's Recovery Action Plan Document for 2025/2026

Board of Commissioners' Oversight [ACGS D.3.18]

The Board of Commissioners supervises the implementation of risk management at BNI through the following measures:

1. Approving BNI's risk management policies, including risk management strategies and frameworks, in accordance with the level of risk to be assumed (risk appetite) and risk tolerance — both quantitative and qualitative.
2. Evaluating risk management policies and strategies at least once a year, or whenever there are significant changes in factors that materially affect BNI's business activities.
3. Evaluating the accountability of the Board of Directors and providing guidance for improvement regarding the implementation of BNI's risk management policies on a regular basis.
4. Evaluating and deciding on proposals or requests submitted by the Board of Directors related to transactions or business activities that, in accordance with applicable provisions, require the consideration and approval of the Board of Commissioners.
5. Ensuring that risk management policies and processes are implemented effectively and are integrated into BNI's overall risk management framework.

In carrying out active supervisory duties over risk management — both on an individual and integrated basis — the Board of Commissioners is supported by the Risk Monitoring Committee, the Audit Committee, and the Integrated Governance Committee. The implementation of the Board of Commissioners' oversight function is conducted through joint Board of Directors and Board of Commissioners meetings, as well as meetings of the Risk Monitoring Committee, Integrated Governance Committee, and Audit Committee.



In 2025, the agenda for the implementation of the Board of Commissioners' oversight function — conducted through Board of Commissioners' meetings and meetings of the Risk Monitoring Committee, Integrated Governance Committee, and Audit Committee — is as follows:

No.	Date	Agenda
1	January 16, 2025	Board of Commissioners Meeting: BNI Individual Risk Profile, December 31, 2024
2	January 30, 2025	Board of Commissioners Meeting, Submission of BNI's Composite Risk Rating Results for the Fourth Quarter of 2024 Based on the Regulations of the Ministry of State-Owned Enterprises
3	February 11, 2025	TKT Committee Meeting: Discussion of the Evaluation of the Integrated Risk Profile and Integrated Minimum Capital Adequacy Requirement for the Second Semester of 2024
4	March 20, 2025	Board of Commissioners Meeting: Review of BNI's Risk Appetite Statement (RAS) for 2025
5	April 25, 2025	Board of Commissioners Meeting: BNI Individual Risk Profile, March 31, 2025
6	July 17, 2025	Board of Commissioners Meeting: BNI Individual Risk Profile, June 30, 2025
7	August 5, 2025	TKT Committee Meeting: Discussion of the Evaluation of the Integrated Risk Profile and Integrated Minimum Capital Adequacy Requirement for the First Semester of 2025, and the Results of the Review of the Integrated Risk Appetite Statement for 2025
8	September 25, 2025	Board of Commissioners Meeting: Discussion of the Results of the 2025 Risk Maturity Index (RMI) Assessment for 2024 Performance
9	October 7, 2025	Risk Monitoring Committee: Strategy for Managing the IDR55 Trillion Government Fund Placement at BNI
10	October 8, 2025	Board of Commissioners Meeting: Strategy for Managing the IDR 55 Trillion Government Fund Placement at BNI
11	October 21, 2025	Board of Commissioners Meeting: BNI Individual Risk Profile as of September 30, 2025
12	November 4, 2025	Risk Monitoring Committee Meeting: Evaluation of BNI's Remedial & Recovery Performance and Legal Case Issues related to Remedial & Recovery Activities (both civil and criminal), along with an Update on the Progress of Legal Case Resolution and Legal Risk Mitigation at BNI
13	November 11, 2025	Board of Commissioners Meeting: Update of BNI's Recovery Action Plan Document for 2025/2026
14	December 11, 2025	Risk Monitoring Committee Meeting: Evaluation of the Implementation of BNI's Risk Management Function during 2025, and Discussion of the Work Plans of the Enterprise Risk Management Division and the Operational Risk Management Division (including SORX) for 2026

BNI runs risk management on its robust Risk Governance framework designed to ensure clarity of roles, decision-making processes, and inter-unit coordinations. This framework helps each function to understand its responsibilities, enabling them to conduct more consistent risk identification, measurement, monitoring, and control.

On this structured governance foundation, BNI can run more integrated risk management and adapt more effectively to changing industry conditions. This approach helps create healthier, more controlled, and more sustainable business processes.

BNI Risk Governance

BNI structures its Risk Governance in multiple layers to ensure risk management is effective and coordinated. The Board of Commissioners oversees risk management, while the Board of Directors ensures it aligns with the Bank's strategy and risk profile. The Risk Management Committee supports decision-making by evaluating and escalating risk issues. At the operational level, the Risk Taking, Risk Control, and Risk Assurance functions play their respective roles in managing, monitoring, and ensuring the effectiveness of risk control. All processes are supported by internal control mechanisms that lay the foundation for healthy, regulatory-compliant Bank operations.

PILLAR 2. ADEQUACY OF RISK MANAGEMENT POLICIES AND PROCEDURES, AND RISK LIMIT SETTING

BNI implements a comprehensive, integrated risk management policy framework as the basis for all work units to manage risk. This policy is formulated in a way that aligns with the Bank's vision, mission, and strategic direction and has been approved by the Board of Commissioners. This framework covers the General Risk Management Policy, the Integrated Risk Management and Integrated Capital Policy, and the Internal Control System Policy. These policies offer strategic guidelines for BNI and entities within the Financial Conglomerate, ensuring that all business activities are conducted with prudent principles and are oriented towards business sustainability.

This policy is further elaborated into risk management procedures to offer guidelines for the Risk Management Unit, as well as technical instructions at the product or specific activity level. These procedures and technical instructions are updated periodically to remain relevant to business, regulatory, and technological changes. As part of its risk control mechanism, BNI also sets risk limits for each risk type (credit, market, liquidity, operational), for each functional activity, and overall, which serve as thresholds for risk-taking and triggers for mitigation actions. Policy, procedure, and limit evaluations are conducted periodically by Management and the Board of Commissioners, in accordance with their respective authorities, with due consideration of the dynamics of the business environment, digitalization, conglomerate risks, and evolving risk exposures.

BNI also strengthens this policy framework by enhancing risk data and analytics capabilities, strengthening risk governance across all subsidiaries, and integrating sustainability risk management (ESG) and climate risk into an integrated risk management strategy. This approach ensures that policies and procedures not only comply with regulatory requirements but also support digital transformation, conglomerate governance, and sustainable business growth.

PILLAR 3. ADEQUACY OF RISK IDENTIFICATION, MEASUREMENT, MONITORING, AND CONTROL PROCESSES, AS WELL AS RISK MANAGEMENT INFORMATION SYSTEMS

BNI has in place a structured risk management process to ensure all business activities operate within acceptable risk limits and remain consistent with prudent principles. This process encompasses four main stages: identification, measurement, monitoring, and control, applied to all types of risks material to the Bank and entities within the BNI Financial Conglomerate. This approach enables BNI to respond appropriately and sustainably to market dynamics, technological developments, and changes in risk behavior.

1. **Risk Identification**
   Risk identification is carried out proactively to identify all potential risks that may arise from activities, products, processes, organizational changes, and external developments such as economic conditions, regulations, technology, and customer behavior.

   BNI's risk identification practices include:
   a. Regularly identifying all types of risks relevant to the Bank's business activities.
   b. Using identification methods and systems that cover all business lines, operational processes, and critical activities.
   c. Identifying specific risks for new products and activities before they are implemented or launched.
   d. Identifying emerging risks such as digital risks, cyber risks, climate risks, new compliance risks, and model risks, so they can be anticipated early.

2. **Risk Measurement**
   This stage is carried out to determine the magnitude of risk exposure, which will become the basis for implementing Capital Allocation and Control (CAR). Measurements are conducted both quantitatively and qualitatively, using methodologies set by regulators and internal methods.

   Risk measurement at BNI includes:
   a. Calculating sensitivity, volatility, and the tendency for changes in risk exposure, as well as correlations between risks.
   b. Measuring risk in aggregate and by risk type.
   c. Using internal models such as scoring, rating, behavioral analytics, and market risk measurement tools.
   d. Conducting backtesting and validating internal models in accordance with regulatory requirements.
   e. Conducting periodic stress testing, particularly for credit and market risks, to assess the Bank's resilience under extreme conditions such as liquidity pressures, economic slowdowns, or negative market sentiment.
   f. Measuring individual risk against eight risk types and Financial Conglomerate risk against ten risk types for consolidation and integrated capitalization purposes.

3. **Risk Monitoring**
   Risk monitoring is conducted continuously to ensure that risk levels remain within agreed limits and consistent with Bank policies and procedures.

   Risk monitoring activities include:
   a. Monitoring compliance with risk limits, risk tolerances, and early warning indicators.
   b. Monitoring exposure trends, portfolio quality, and risk behavior over time.
   c. Assessing the implementation of approved risk mitigation measures and the effectiveness of internal controls.
   d. Monitoring material risks such as non-performing loan risk, market sensitivity, daily liquidity, digital fraud, operational events, and IT risk.

e. Conducting independent monitoring by the Risk Control Unit and operational monitoring by the Risk Taking Unit.
f. Preparing periodic risk reports: Risk Profile, CAR, Operational Risk Loss (KRO) reports, market and liquidity risk reports, Business Continuity Management (BCM) reports, and other thematic reports.

4. **Risk Control**
Risk control aims to ensure risks remain within acceptable limits and do not disrupt the Bank's operational stability or business continuity. BNI's risk control strategy includes:
a. Risk Acceptance: accepting risks within limits that cannot be eliminated but still require strict control.
b. Risk Avoidance: avoiding activities with unacceptable risks or those whose benefits outweigh the potential losses.
c. Risk Transfer: transferring some risks to third parties, such as insurance or outsourcing.
d. Risk Mitigation: strengthening controls, refining processes, adding security barriers, or improving governance to reduce the likelihood or impact of risks.

Control is exercise through:
a. Establishing risk limits and thresholds for mitigation actions.
b. Strengthening SOPs, work procedures, and internal controls.
c. Multi-level approval mechanisms and segregation of duties (the four-eyes principle).
d. Use of hedging instruments for market risks.
e. Implementing a Business Continuity Plan (BCP) and Disaster Recovery Plan (DRP) for operational and IT risks.
f. Implementation of specific mitigation for digital and cyber risks.

5. **Risk Management Information System**
BNI has developed a Risk Management Information System (SIMR) to ensure that all risk identification, measurement, monitoring, and control processes are supported by accurate, complete, and timely data and information. SIMR serves as the primary tool for management to comprehensively monitor risk conditions and make data-driven decisions.

Risk data management is structured to ensure the quality and integrity of information and to ensure that risk reporting meets the needs of management and regulators. The resulting reports cover risk exposure, limit compliance, material risks, risk change trends, and stress testing results as part of the control process.

To support its effectiveness, BNI utilizes various risk applications such as the Internal Rating System (IRS 2.0), RMTools, the Loan Management System (LMS), the SIMON Framework, a credit behavior system, the Central Limit System, Murex for market risk, RCSA/PRCM, the Loss Event Database (LED), Key Risk Indicators (KRI), and Business Continuity Management (BCM). All of these applications facilitate faster and more integrated data consolidation and risk oversight.

The Risk Management Information System (SIMR) is developed in accordance with the IT Strategic Plan, including the provision of a risk front-end application, increased data storage capacity, and enhanced analytics. Each new system undergoes testing and re-assessment to ensure the reliability of its output and its consistency with the Bank's risk management policies.

Through the Model Risk Management Framework (MRM), BNI's Risk Management sector conducts a comprehensive review and assessment of existing and/or future risk management information systems to ensure the accuracy and effectiveness of the models, systems, and processes used. As a follow-up to the development and implementation of the MRM, BNI has expanded the scope of its risk management model validation to include not only risk models but also other models developed and implemented within BNI, including artificial intelligence (AI)-based models.

PILLAR 4. COMPREHENSIVE INTERNAL CONTROL SYSTEM

BNI implements a comprehensive Internal Control System (SPI) to ensure that all Bank operational activities are carried out in accordance with regulations, effectively, and in line with prudential principles. This internal control framework includes management oversight, segregation of functions, adequate policies and procedures, clear authorization mechanisms, and a reporting system that enables early detection of potential irregularities. SPI is an integral part of the Bank's

governance, supporting the reliability of financial reporting, regulatory compliance, and the protection of assets and customer interests.

ISC implementation is strengthened through the roles of the three lines:

1. **The first line,** namely the operational units, is responsible for compliance with policies and procedures and the implementation of day-to-day controls;

2. **The second line,** namely the Risk Management, Compliance, and Internal Control function, ensures the effectiveness of the control framework through independent monitoring and process improvements;

3. **The third line,** namely the Internal Audit Unit (SKAI), gives an independent assessment of the adequacy and effectiveness of the SPI and recommendations for improvement.

SPI at BNI is also supported by systems and technology that enable effective monitoring, integrated risk data management, and control automation to minimize errors and the potential for fraud. SPI evaluations are conducted periodically, both through internal and external audits and through self-assessments by work units, to ensure controls remain relevant to business developments, digitalization, and the Bank's risk dynamics. With a robust internal control framework, BNI can maintain operational quality while strengthening the Bank's resilience in the face of changing business environments.

TYPES OF RISK PROFILE AND HOW THEY ARE MANAGED [ACGS: D.3.19]

BNI applies individual risk management to 8 (eight) types of risks — credit, market, liquidity, operational, legal, reputational, strategic, and compliance risk — in accordance with POJK No. 18/POJK.03/2016 on Risk Management Implementation for Commercial Banks. In addition, within the financial conglomerate framework, BNI also implements integrated risk management covering ten types of risks, as stipulated in POJK No. 17/POJK.03/2014 on Integrated Risk Management for Financial Conglomerates, reinforced by OJK Circular Letter No. 14/SEOJK.03/2015. This approach enables BNI to manage risk exposure both at the banking entity level and within the broader financial ecosystem, thereby supporting the Bank's stability and sustainability.

Further explanation regarding risk types and their management is presented in the subsection "Types of Risks and Their Management," Chapter 6: Capital and Risk Management Practices of this 2025 Annual Report.

REVIEW OF THE EFFECTIVENESS OF RISK MANAGEMENT IMPLEMENTATION [ACGS D.3.17]

BNI consistently conducts periodic evaluations of the adequacy of its risk identification, measurement, monitoring, and control processes across all work units. These evaluations cover not only policies and procedures, but also the systems and technologies that support effective risk management. This approach ensures that every stage of the risk management process adheres to prudential principles and anticipates potential risks that may affect business continuity.

Based on the 2025 self-assessment results, BNI's risk profile — both individually and on an integrated basis — fell under *"Low to Moderate"*. This rating reflects a combination of *Low to Moderate* Inherent Risk and *Satisfactory* Risk Management Quality. These results indicate that BNI's risk exposure remains within acceptable levels and is effectively managed in line with the established risk appetite.

This achievement demonstrates that risk management at BNI — individually and on an integrated basis with subsidiaries — remains manageable and consistently supports business objectives. The rating also highlights the solid performance of the Risk Management Unit (SKMR) and the Integrated Risk Management Unit (SKMRT) in ensuring that risk management is implemented effectively, efficiently, and prudently, thereby preserving operational stability and supporting sustainable growth.

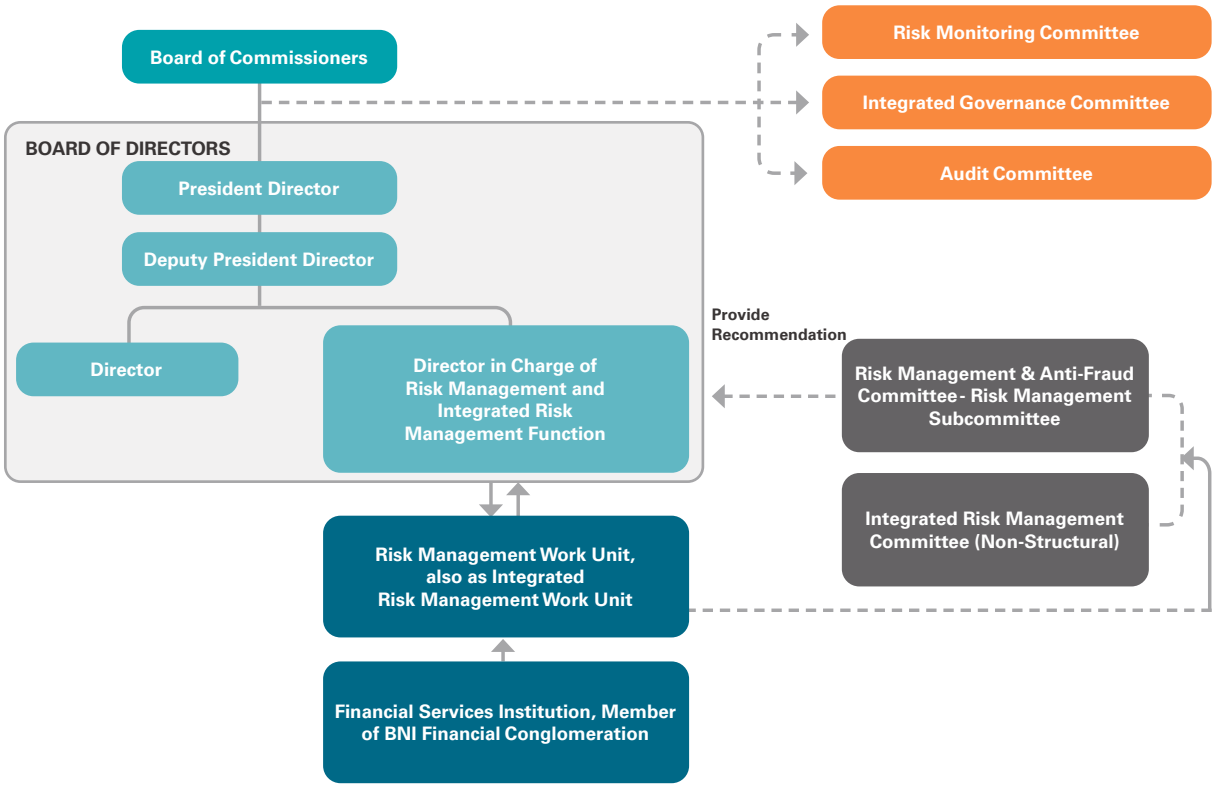
STATEMENT OF THE BOARD OF DIRECTORS AND/OR BOARD OF COMMISSIONERS ON THE ADEQUACY OF RISK MANAGEMENT

[ACGS: D.3.18, D.3.20]

The Board of Directors and the Board of Commissioners affirm that the implementation of risk management within the Bank has been adequate, consistent, and aligned with regulatory requirements and industry best practices. Implementation is carried out through a framework encompassing policies, procedures, methodologies, and information systems that collectively support effective risk management. All risk management processes are implemented on an integrated basis with BNI's subsidiaries within the Financial Conglomerate, while adhering to prudential principles, Good Corporate Governance (GCG), and the established risk appetite and risk tolerance.

The Board of Directors and Board of Commissioners believe that BNI's current risk management system can help meet business objectives in a healthy, sustainable, and competitive manner. As it moves forward, BNI will remain committed to strengthening risk management on a stronger risk culture, enhancing HR capacity, leveraging technology and digitalization, and harmonizing integrated risk management across subsidiaries. These efforts should enhance the Bank's ability to respond to the dynamics of the business environment and evolving regulatory demands.

As part of this commitment, the Board of Directors also ensures that key risks potentially impacting business continuity have been identified and adequately managed. These risks include information technology risks, cybersecurity risks, unpreparedness of disaster recovery infrastructure, and external risks such as health crises, supply chain disruptions, and geopolitical tensions. BNI's risk management framework is designed to strengthen the Bank's resilience from two perspectives: prevention before a crisis occurs (ex ante) and response capabilities during a crisis (ex post). This approach strengthens BNI's position as an adaptive, resilient financial institution capable of creating long-term value for all stakeholders.

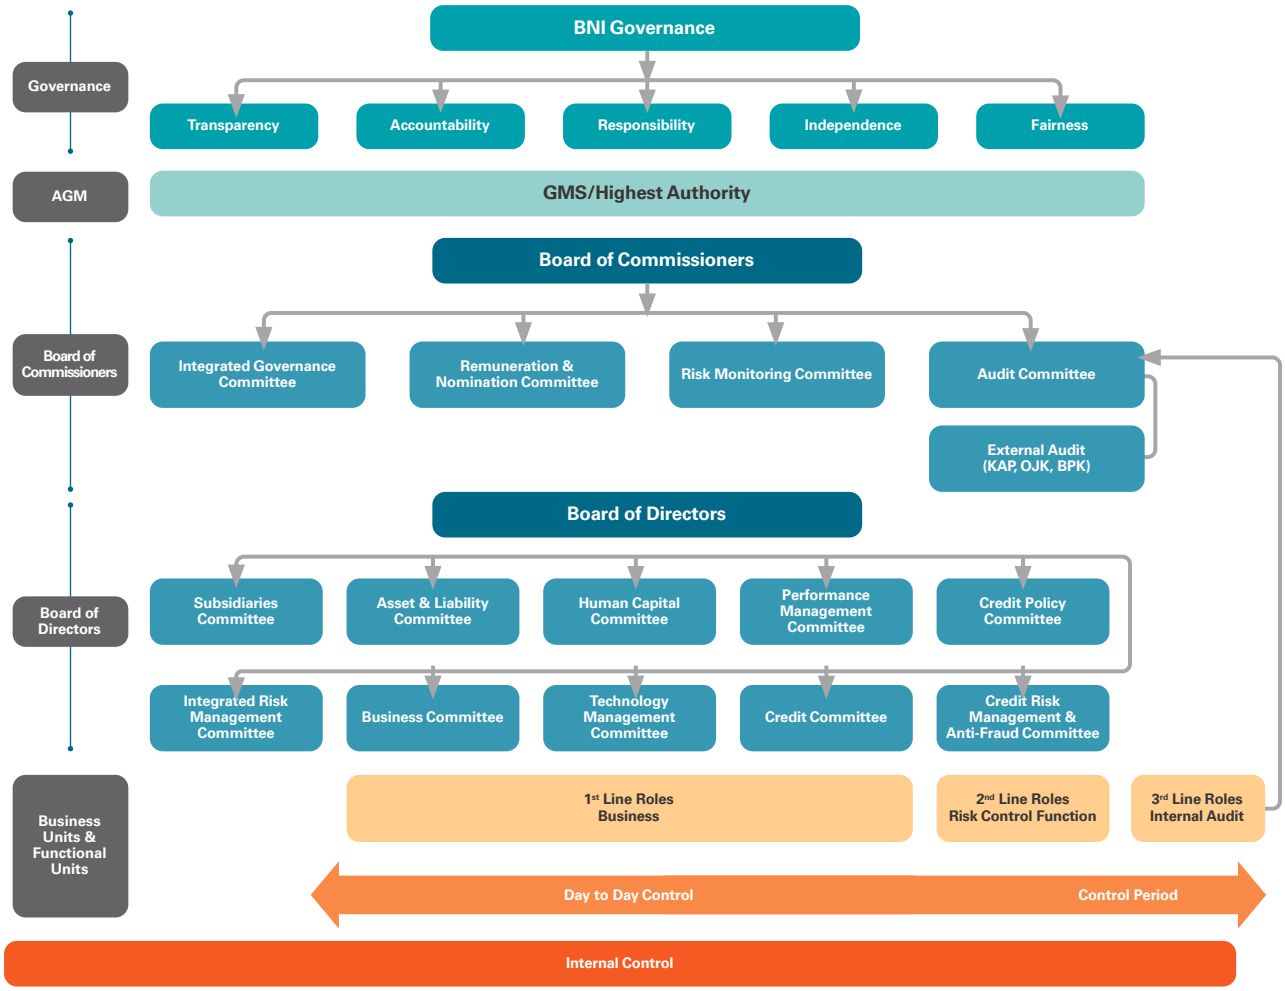


RISK MANAGEMENT UNIT

Structure of BNI's Risk Management Unit

BNI's Risk Management Unit functions are carried out by two primary units: the Enterprise Risk Management (ERM) Division and the Operational Risk Management (ORM) Division. Both divisions are under and directly report to the Director of Risk Management, who oversees the entire risk management function at BNI.

The Enterprise Risk Management (ERM) Division is responsible for enterprise-wide risk management, covering credit, market, and liquidity risks, as well as other strategic risks. Furthermore, ERM also performs the role of the Integrated Risk Management Unit (SKMRT), tasked with managing risks at the BNI Financial Conglomerate level.



The organizational structure of BNI's Risk Management Unit as of December 31, 2025, is detailed in the following chart:

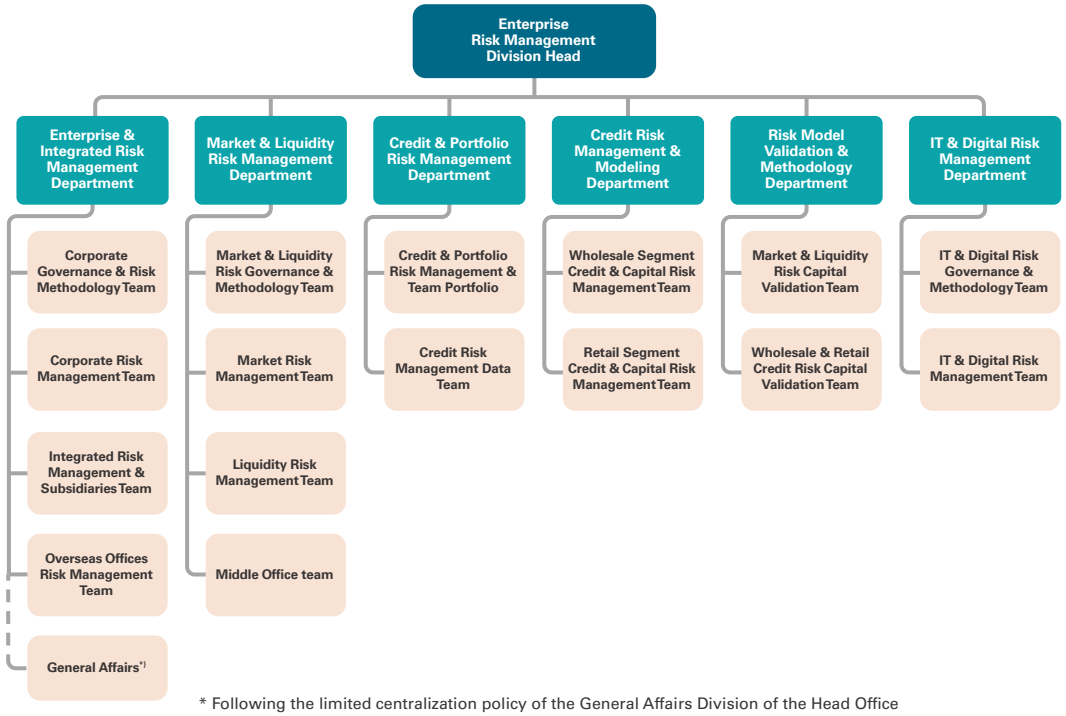
Notes:

1. The BNI Board of Directors and the Board of Commissioners are authorized and responsible for ensuring the implementation of Risk Management, both on an individual Bank basis and an Integrated basis within the BNI Financial Conglomerate.
2. In performing their supervisory role over the implementation of BNI's Risk Management and Integrated Risk Management, the Board of Commissioners is supported by the Risk Oversight Committee, Audit Committee, and Integrated Governance Committee.
3. The Director overseeing the Risk Management function is responsible for the implementation of both individual Risk Management for BNI and Integrated Risk Management at the Financial Conglomerate level.
4. The Board of Directors is supported by non-structural risk committees, namely:
   - KRA–RMC (Risk Management & Anti-Fraud Committee – Risk Management Sub-Committee) as a forum for escalation and discussion of risk issues at the Bank level;
   - KMRT (Integrated Risk Management Committee) for issues related to the integrated risk of the Financial Conglomerate.
5. If deemed necessary, the Director of Risk Management may address risk issues in other Board committee meetings or during Board of Directors' Meetings to ensure an appropriate and rapid response to risk dynamics.
6. The execution of BNI's risk management function is supported by the Risk Management Unit (SKMR) as an independent unit managing risks at the individual Bank level.
7. The implementation of Integrated Risk Management is supported by the Integrated Risk Management Unit (SKMRT), tasked with risk consolidation, preparing integrated risk profiles, evaluating integrated limits, and coordinating with Financial Services Institutions (LJK) within the BNI Financial Conglomerate.
8. SKMR and SKMRT facilitate and coordinate with risk management units within BNI and across all LJK members of the Financial Conglomerate to manage:
   - 8 (eight) types of individual Bank risks: credit, market, liquidity, operational, legal, strategic, compliance, and reputational risks;
   - 10 (ten) types of Financial Conglomerate risks, including intra-group transaction risk and insurance risk.
9. SKMR and SKMRT perform their duties independently of operational units (Risk Taking Units) and are not involved in business activities, ensuring that the objectivity of risk control is maintained.
10. SKMR has the authority to escalate risk issues to the KRA–RMC or the Director of Risk Management, while SKMRT has the authority to escalate to the KMRT or the Director overseeing Integrated Risk Management, in accordance with their respective scopes of responsibility.

BNI's risk management framework and governance are illustrated as follows:

BNI's risk management governance framework illustrates that the roles of oversight, decision-making, and control implementation operate in layers across the organization. The Board of Commissioners performs the oversight function through committees such as the Risk Oversight Committee, Audit Committee, and Integrated Governance Committee. The Board of Directors then directs the implementation of risk management through various executive committees, including the Integrated Risk Management Committee and the Risk Management & Anti-Fraud Committee.

At the operational level, business units as the first line conduct business activities while implementing daily controls. The risk management and compliance functions act as the second line, monitoring and controlling risks independently, while the Internal Audit Unit serves as the third line, providing an independent assessment of the effectiveness of internal controls.



This framework is supported by clear policies and procedures, an adequate organizational structure, human resource competence, and the use of information technology in risk monitoring. Through this integrated governance, BNI ensures that risk management is conducted consistently, comprehensively, and aligned with business objectives and regulatory requirements.

ENTERPRISE RISK MANAGEMENT DIVISION

The Enterprise Risk Management Division serves as the Risk Management Unit (SKMR), managing risks at the Individual Bank level, while simultaneously performing the function of the Integrated Risk Management Unit (SKMRT) for risk consolidation at the BNI Financial Conglomerate level. This division is directly under the supervision of the Director in charge of Risk Management, who is responsible for the implementation of BNI's Risk Management, both on an individual and integrated basis.

Organizational Structure of the Enterprise Risk Management Division

The organizational structure of the Enterprise Risk Management Division as of December 31, 2025, is as follows:

* Following the limited centralization policy of the General Affairs Division of the Head Office

Enterprise Risk Management Division Head Profile

Rayendra Minarsa Goenawan, M.M, B.C.Sc.
Enterprise Risk Management Division Head

Age
41 years old as of December 31, 2025

Nationality
Indonesian citizen

Domicile
Jakarta, Indonesia

Education
Master's degree in Management from Bina Nusantara University JWC

Legal Basis of Appointment
Board of Directors Decree No. KP/289/DIR/R dated June 16, 2023

Terms of Office
February 17, 2022 – present

Professional Certification and/or Training
- Risk Management Certification Level 6 (six);
- BSE Business Essential – Innovation & Digital Disruption Stream;
- Business Essentials Program Innovation and Digital Disruption Course;
- Innovation of Products and Services: Design Thinking;
- Certified Chief Information Security Officer (CCISO)
- Qualified Chief Risk Officer Certification (QCRO)

Work Experience
BNI:
Enterprise Risk Management Division Head - PT Bank Negara Indonesia (Persero) Tbk (2022 - present)

Other Companies:
- IT Specialist - YLB - Wasiat (2005 - 2007).

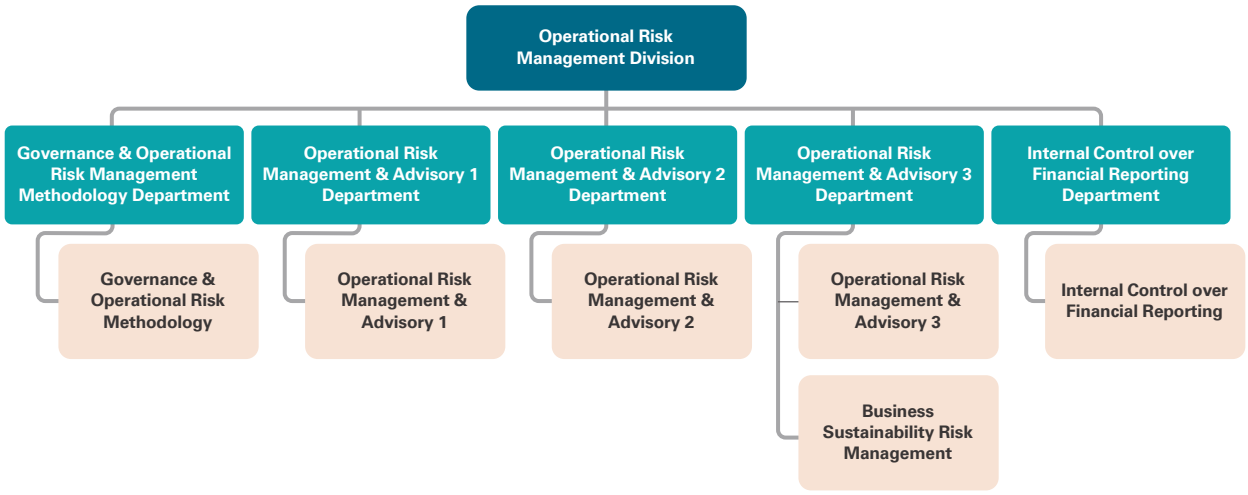
Duties and Responsibilities of the Enterprise Risk Management Division

As the Risk Management Work Unit (SKMR) and Integrated Risk Management Work Unit (SKMRT), the Enterprise Risk Management Division performs the following functions:



1. Formulating risk management strategies aligned with BNI's vision, mission, business direction, and risk appetite, ensuring that all risk management remains focused and supports the achievement of both the Bank's and the Financial Conglomerate's objectives.
2. Developing risk management frameworks through the preparation of policies, guidelines, SOPs, as well as risk appetite and risk tolerance, including conducting regular updates to remain relevant to business, technological, and regulatory dynamics.
3. Developing risk measurement methodologies, Bank risk limits, and integrated limits, as well as various risk models such as rating, scoring, early warning systems, stress testing, and scenario analysis to ensure accurate and consistent risk measurement.
4. Organizing comprehensive Bankwide risk management processes, including identification, measurement, monitoring, and control of risks, as well as the preparation of Risk Profiles, ICAAP, KPMM (Capital Adequacy Ratio), and other risk management reports.
5. Executing the Integrated Risk Management (SKMRT) function through the preparation of Integrated Risk Profiles, integrated capital adequacy, and coordinating the implementation of risk management policies and processes across all Financial Services Institutions (LJK) within the BNI Financial Conglomerate.
6. Conducting risk reviews of new products, activities, programs, models, and initiatives, providing mitigation recommendations, and offering risk advisory services to the Board of Directors, business units, and Subsidiaries to ensure prudent decision-making.
7. Managing the development and integration of Risk Management Information Systems, including the management of credit, market, liquidity, operational, and integrated risk data to provide accurate and timely risk information for management.
8. Promoting the strengthening of risk culture through socialization, education programs, competency development, and monitoring risk culture maturity to ensure that prudential principles are deeply rooted across all levels of the BNI Group organization.
9. Performing validation and independent reviews of risk models used by the Bank, such as credit, market, liquidity, scoring, rating, and EWS models, to ensure the models are reliable, accurate, compliant, and meet the Bank's risk management standards.
10. Developing and managing the Digital Risk and Cyber Risk Management framework, covering IT and cybersecurity risk reviews, cyber resiliency tests, 3rd party risk assessments, and the development of the Cyber Defense Roadmap to ensure the Bank's technological resilience and information security.

OPERATIONAL RISK MANAGEMENT DIVISION

In addition to the ERM Division, BNI has also established the Operational Risk Management (ORM) Division, which serves as the Risk Management Unit (SKMR) and the Integrated Risk Management Work Unit (SKMRT), which are directly under the supervision and responsible to the Risk Management Director. This Director oversees two main functions, namely the Risk Management function and the Integrated Risk Management function.

Organizational Structure of the Operational Risk Management Division

The structure of the Operational Risk Management Division as of February 07, 2025, is as follows:

Operational Risk Management Division Head Profile

Putu Bagus Kresna
Operational Risk Management Division Head

Age
53 years old as of December 31, 2025

Nationality
Indonesian citizen

Domicile
Jakarta, Indonesia

Education
Obtained a Master's degree in Banking & Finance Management from the University of Indonesia and a Bachelor's degree in Accounting from the Faculty of Economics and Business, University of Indonesia.

Legal Basis of Appointment
Board of Directors' Decree No. KP/832/DIR/R dated August 5, 2025.

Terms of Office
August 13, 2025 – Present

6. Tax Brevet C, IAI (Institute of Indonesia Chartered Accountants)

Work Experience
BNI
1. Deputy General Manager of BNI London Branch, UK (July 2008 - August 2010)
2. Corporate Secretary Division Head (August 2010 - August 2011)
3. Process Excellence Unit Head (August 2011 - December 2013)
4. Corporate University Division Head (December 2013 - April 2017)
5. Regional CEO of Regional Office 08 - Denpasar (April 2017 - May 2018)
6. Accounting & Budgeting Division Head (May 2018 - February 2020)
7. SEVP BNI Sekuritas (February 2020 - June 2020)
8. Operations Director of BNI Sekuritas (June 2020 - June 2023)
9. Head of SORX3, (July 2023 - August 2025)
10. Operational Risk Management Division Head (August 2025 - present)

Concurrent Position
Has no concurrent position.

Affiliation Relationship
Has no affiliation with members of the Board of Directors, Board of Commissioners, or Majority/Controlling Shareholders.

Training and/or Competency Development of Operational Risk Management Division Head in 2025

Competency Development Materials	Date of Implementation	Organizer
Seminar International Manajemen Resiko Bank Indonesia 2025	2025	Bank Indonesia
Seminar in UK The Cross Border Payment Landscape, Economic Outlook, Industry Development, Future Proofing Trade Operation, Compliance Overview and Best Practice, Cyber and Fraud Protection	2025	J. P Morgan Chase Bank, N. A.
Seminar The 3rd OJK International Research Forum (IRF 3)	2025	OJK

Duties and Responsibilities of the Operational Risk Management Division

The Operational Risk Management Division broadly undertakes the following duties and responsibilities:

1. Formulating and developing the Operational Risk Management, Business Continuity Management (BCM) frameworks and Third Party Risk Management (TPRM);
2. Managing and enhancing tools and methodologies for operational risk management, BCM and Third Party Risk Management (TPRM);
3. Preparing, evaluating, and presenting proposals for setting the Risk Appetite and Risk Tolerance to the Board of Directors.
4. Managing and refining the calculation of Operational Risk-Weighted Assets (ATMR) in accordance with regulatory requirements.
5. Monitoring the implementation of the Operational Risk Management, BCM frameworks and Third Party Risk Management (TPRM);
6. Managing and advancing programs to enhance Operational Risk Awareness.
7. Conducting studies and analyses of operational risks.
8. Providing advisory support to managed units in conducting assessments and offering recommendations for mitigating operational risks associated with the bank's products and/or activities.
9. Managing and developing policies for the implementation of internal control over financial reporting (ICoFR).

Development of Risk Management Competencies in 2025

Throughout 2025, the Enterprise Risk Management Division and the Operational Risk Management Division actively participated in various competency development programs. These initiatives aimed to enhance team capabilities and expertise through both internal and external training sessions. The following outlines the competency development activities undertaken in 2025:

Competency Development Materials	Date of Implementation	Organizer
Corporate Finance Batch I	April 21, 2025	KODIVA
Basic Asset & Liability Management (ALMA) with Simulation	June 9-12, 2025	Lembaga Pengembangan Perbankan Indonesia (LPPI)
Seminar on Banking Industry Readiness in Responding to Escalating Climate Risk & Cyber Risk	June 18, 2025	Indonesian Risk Professional Association
Market Risk (FRTB, IRRBB, Stress Test)	June 25-26, 2025	Golden Regency Consulting (GRC)
Data Analytics & Visualization Training	August 25-27, 2025	PT Dibimbing Digital Indonesia (dibimbing.id)
Awareness ISO 37001:2016 SMAP	September 15, 2025	ROBERE & ASSOCIATES
Enterprise Risk Management Associate Professional (ERMAP) Certification	October 28-29, 2025 November 4-5, 2025, and December 16-17, 2025	Enterprise Risk Management Academy (ERMA)
ALM (Asset Liability Management) & ILAAP (Internal Liquidity Adequacy Assessment Process) Training	December 6-7, 2025	FINRISK.EU
Refreshment Risks & Frauds in International Trade	December 9, 2025	Ikatan Bankir Indonesia
Certificate AI-Powered Case Teaching	December 14-20, 2025	ELI Global Virtual
Excel for Smart Analysis	December 16-17, 2025	Swadharma Sentra Solusi

Risk Management Certification

As of December 31, 2025, risk management certification has been conducted as part of efforts to enhance professionalism, performance, and individual potential in supporting the execution of risk management responsibilities. The certifications completed include:

Qualification Level	Mandatory Position	Total Employee
4	Non-Executive Officers in areas related to risk management, compliance, internal audit and key operations (taking and implementing decisions on credit/financing, treasury, information technology and financial risks).	10,686
5	Employees who meet the criteria of Executive Officers in areas related to risk management, compliance, internal audit and key operations (taking and implementing decisions on credit/financing, treasury, information technology and financial risks).	3,495
6	Board of Commissioners (BoC) dan SEVP	201
7	Board of Directors (BoD)	41

Board of Directors' Assessment of the Risk Management Unit's Performance

The Board of Directors assesses that the Risk Management Unit (SKMR) has performed its functions effectively and played a vital role in maintaining the quality of risk management across all of BNI's business activities. The SKMR is deemed capable of providing a comprehensive risk management framework of policies, methodologies, and procedures that are adaptive to business dynamics and regulatory developments.

The Board also evaluates that the SKMR has demonstrated strong performance in ensuring disciplined risk management implementation through intensive coordination with business units and support functions. This is reflected in the SKMR's consistency in performing model validations, refining risk measurement methodologies, strengthening risk management information systems, and enhancing the implementation of integrated risk management at the Financial Conglomerate level.

Furthermore, the Board of Directors expresses its appreciation for the SKMR's role in strengthening the effectiveness of the three lines model, ensuring that Risk Owners, Risk Control Units, and the Internal Audit Unit perform their duties in alignment and in accordance with good governance principles. The guidance and monitoring conducted by the SKMR have contributed to the improved quality of risk control across all organizational lines.

Overall, the Board of Directors views the SKMR's performance as solid and consistent, providing a significant contribution to maintaining BNI's risk profile at a manageable level in alignment with the established risk appetite. This performance reinforces the Board's confidence that the SKMR has become a strategic partner in supporting business processes that are prudent, resilient, and sustainable.

Integrated Risk Management Governance [ACGS C.2.6]

As the parent entity of a Financial Conglomerate, BNI is required to implement Integrated Governance (TKT) across all of its business activities, with the objective of enhancing performance, maintaining compliance with applicable laws and regulations, and promoting ethical values within the financial services industry.

To support an effective implementation of TKT, BNI implements an internal control system that is integrated and binding on all members of the BNI Financial Conglomerate, as part of strengthening integrated risk management. In this context, BNI as the Main Entity has also established a joint commitment between BNI's Internal Audit Unit and the Internal Audit Units of Financial Conglomerate members to carry out integrated internal audit functions and keep the quality of internal control functions consistently across management levels.

In implementing consolidated and integrated risk management, BNI as the Main Entity within KK BNI has developed the Integrated Risk Management General Policy (KUMRT) as part of the Bank's compliance with applicable Indonesian regulations and risk management framework for both BNI and its Financial Conglomerate members. As of 31 December 2025, BNI monitored and managed ten types of risks: credit, market, operational, liquidity, legal, reputational, strategic, compliance, intra-group transaction risk, and insurance risk.

In practice, implementation of TKT and integrated risk management within KK BNI refers to several key regulations, including:

1. POJK No.17/POJK.03/2014 on Integrated Risk Management Implementation for Financial Conglomerates;
2. POJK No.18/POJK.03/2014 on Integrated Governance Implementation for Financial Conglomerates;
3. POJK No. 30 of 2024 on Financial Conglomerates and Financial Conglomerate Parent Entities;
4. SEOJK No.15/SEOJK.03/2015 on Integrated Governance Implementation for Financial Conglomerates;
5. SEOJK No.14/SEOJK.03/2015 on Integrated Risk Management Implementation for Financial Conglomerates; and
6. Ministry of SOEs Regulation No. PER-2/MBU/03/2023 on Governance Guidelines and Significant Corporate Activities of State-Owned Enterprises.

Guided by these regulations and applicable internal provisions, BNI is committed to building a Financial Conglomerate that grows soundly, prudently, sustainably, and competitively. To this end, BNI has prepared TKT Guidelines, established a TKT Committee, and incorporated integrated compliance, integrated internal audit, and integrated risk management functions into its governance structure. The Controlling Shareholder has also appointed BNI — as the Main Entity — to act as coordinator for assessing the risk management processes of the BNI Financial Conglomerate.

SCOPE OF INTEGRATED RISK MANAGEMENT

BNI's Financial Conglomerate (KK) BNI has implemented Integrated Risk Management comprehensively and effectively in accordance with POJK No. 17/POJK.03/2014. Guided by this regulation, BNI manages and controls the risk exposure of the conglomerate based on four main pillars, summarized as follows:

1. Oversight by the Board of Directors and Board of Commissioners of the Main Entity
   The Board of Directors and Board of Commissioners of the Main Entity are responsible for ensuring the implementation of Integrated Risk Management within the Financial Conglomerate, involving understanding risk exposure, fostering a risk culture, and risk management implementation within each member of Financial Services Institutions (LJK) conglomerate.

2. Adequacy of Integrated Risk Management Policies, Procedures, and Limits
   Effective implementation of Integrated Risk Management must be supported by clearly defined policies that reflect the risk appetite and risk tolerance the Financial Conglomerate is willing to accept.

3. Adequacy of Integrated Risk Management System Processes for Risk
   The process of Identification, Measurement, Monitoring, and Control, is conducted in an manner on all material risk factors supported by an Integrated Risk Management Information System and reports on performance, financial condition, and risk exposure of all entities within the Financial Conglomerate.

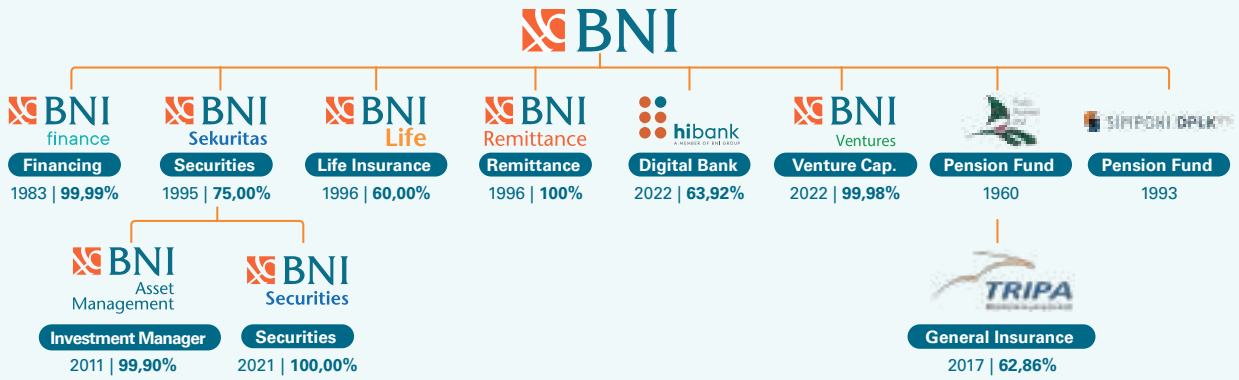
4. Comprehensive Internal Control System
   The implementation of Integrated Risk Management is supported by a comprehensive internal control system to safeguard the conglomeration's assets, ensure the reliability of reporting, enhance compliance with applicable laws and regulations, and minimize the risk of losses and irregularities.

The implementation of Integrated Risk Management within the BNI Financial Conglomerate (KK) serves as a critical foundation for understanding and managing risk exposure comprehensively at the group level. This implementation is carried out comprehensively under the oversight of the Board of Commissioners, supported by the Integrated Governance Committee. In its capacity as the Holding Company of the Financial Conglomerate, BNI has implemented Integrated Risk Management based on four main pillars, as follows:

Pillar I – Oversight by the Board of Directors and Board of Commissioners
BNI has set up an integrated risk governance structure through the establishment of a Financial Conglomerate Structure, the appointment of Integrated Risk Management Director, and the establishment of an Integrated Risk Management Committee and an Integrated Risk Management Work Unit. In addition, BNI has set an integrated risk appetite and risk tolerance, developed a Financial Conglomerate Corporate Charter, and held regular Integrated Risk Management Committee meetings. The General Integrated Risk Management Policy (KUMRT) and Integrated Capital Policy are developed by the Board of Directors and approved and periodically evaluated by the Board of Commissioners.

Pillar II – Adequacy of Integrated Risk Policies, Procedures, and Limits
BNI has developed and periodically reviewed Integrated Risk Management policies, procedures, and guidelines, including procedures for the Integrated Risk Profile, Integrated Capital Management, and the management of Intra-Group Transaction Risk. Integrated risk limits and escalation mechanisms for limit exceedances are implemented to ensure risks remain within established tolerance limits.

Pillar III – Integrated Risk Management Process and System
BNI has set a methodology and implements an Integrated Risk Profile assessment and the calculation of the Integrated Minimum Capital Adequacy Requirement (KPMM) on a semi-annual basis, reporting these to the Financial Services Authority. Risk appetite, risk limits, and Leading Risk Indicators (LRI) are monitored periodically, accompanied by integrated stress testing and the development of a technology-based Integrated Risk Management Information System.



Pillar IV – Integrated Internal Control System
The implementation of Integrated Risk Management is strengthened through ongoing outreach to all Financial Services Institutions (FSIs) members of the Financial Conglomerate and consistent monitoring of Integrated Risk Management implementation to ensure the effectiveness of internal controls across all entities.

BNI'S FINANCIAL CONGLOMERATION STRUCTURE AND OWNERSHIP STRUCTURE

Based on POJK Number 17/2014 and POJK Number 30/2024, BNI stipulates that the scope of Integrated Risk Management implementation covers all Financial Services Institutions within the BNI Financial Conglomerate, including the business activities of banks, insurance companies, securities companies, finance companies, venture capital companies, and pension funds. The Financial Conglomerate structure is designed to ensure it runs comprehensive risk management in a harmonious and integrated manner across all conglomerate entities.

Referring to the Decree of the Members of the Board of Commissioners of the Financial Services Authority No. KEP-12/KS.1/2025 concerning the Approval of PT Bank Negara Indonesia as the Holding Company of the Operational Financial Conglomerate of the BNI Financial Conglomerate, the structure of the BNI Financial Conglomerate is as follows:

BNI Financial Conglomerate Structure

FULFILLMENT OF RISK MANAGEMENT ORGANS IN LINE WITH SOE REGULATORY CATEGORIES AND CLASSIFICATIONS

In accordance with the provisions set by the State-Owned Enterprise Regulatory Body, BNI — as a state-owned bank classified as Systemic A risk — bears additional responsibilities in implementing Integrated Risk Governance aligned with the characteristics of a financial conglomerate. In implementing consolidated and integrated risk management, BNI refers to Minister of SOEs Regulation No. 2/2023, which stipulates that the obligation to establish risk management organs must be adjusted to the category and classification of SOEs and SOE subsidiaries. The requirements are presented in the table below:

Risk Management Organs	Risk Classification Quadrant of State-Owned Enterprises (SOEs) and SOE Subsidiaries			
	Systemic A	Systemic B	Significant	Neutral
Board of Commissioners (Supervisory Board)	√	√	√	√
Board of Directors	√	√	√	√
Audit Committee	√	√	√	√
Risk Monitoring Committee (KPR)	√	√	√	Served concurrently by the Audit Committee
Integrated Governance Committee	√	Served concurrently by KPR	Served concurrently by KPR	
Board of Directors in Charge of Management	√	√	Concurrently held by the Director in charge of Financial Management	Concurrently held by the Director in charge of Financial Management
Board of Directors in Charge of Financial Management	√	√	√	√
SPI (Internal Audit Function)	√	√	√	√

BNI and its Subsidiaries within the Financial Conglomerate structure have fulfilled the requirements for establishing risk management organs in accordance with each company's Risk Classification, as stipulated in Minister of SOEs Regulation No. 2/2023.

KEY PRINCIPLES OF INTEGRATED RISK PROFILE ASSESSMENT

In assessing the Integrated Risk Profile, BNI adheres to key assessment principles that refer to SEOJK No. 14/2015, as follows:

1. **Risk Aggregation.** Risk assessment is conducted by aggregating all risks within the Financial Conglomerate in a comprehensive manner, with due consideration of their impact on the overall condition of the conglomerate along with current and future internal and external factors.
2. **Holistic.** Risk assessment is carried out by considering interrelationships among various risk factors (holistic approach), thereby producing conclusions that provide a comprehensive picture of the risks faced by the Financial Conglomerate.
3. **Significance and Proportionality**. Risk assessment is conducted by proportionally considering the significance or materiality of risks across the Financial Conglomerate as a whole, including each Financial Services Institution (LJK) within it.
4. **Comprehensive and Structured.** Risk assessment is conducted thoroughly and systematically, supported by relevant analysis and presented in a structured manner in a form of conclusions of the level of Financial Conglomerate risks.

RESULTS OF THE INTEGRATED RISK PROFILE ASSESSMENT

As of December 31, 2025 the assessment of ten risk types indicated that the Integrated Risk Profile was rated Level 2 (Low to Moderate), with Inherent Risk also assessed at Low to Moderate. The Quality of Integrated Risk Management Implementation (KPMR) at BNI was assessed as Satisfactory. Further details are presented in the discussion on the Integrated Risk Profile on page 557.

External Audit [ACGS: C.6]

To maintain independence and the quality of oversight over financial matters, BNI appoints a Public Accounting Firm (KAP) to audit both interim and annual financial statements, on an individual and consolidated basis with its Subsidiaries. The Public Accounting Firm is selected transparently through BNI's applicable goods and services procurement mechanisms, thereby ensuring accountability at every stage of the process.

To guarantee the objectivity of the audit results, BNI ensures that the appointed External Auditor has no conflict of interest with the Bank or its management. In addition, over the past two years, there have been no members of the Board of Directors, executive officers, or employees of BNI who originated from the Bank's external auditor, either as employees or as partners, including signing partners. This underscores BNI's commitment to the principles of independence and integrity in the audit process.

For the 2025 financial year, the external audit was conducted in accordance with Public Accounting Professional Standards, within the agreed scope, and was completed in a timely manner, thereby supporting the reliability of the Bank's financial information.

IMPLEMENTATION OF THE EXTERNAL AUDIT FUNCTION

The implementation of audit activities within BNI is not only carried out by internal auditors through IAD but also involves external auditors who have competence and expertise in the field of accounting and auditing, such as the Financial Services Authority (OJK), Bank Indonesia (BI), the Audit Board of Indonesia (BPK), and the Public Accounting Firm (KAP).

In 2025, BNI was audited by several external institutions, such as Bank Indonesia (BI), Financial Services Authority (OJK), Audit Board of Indonesia (BPK), Center for Financial Transaction Reports and Analysis (PPATK), and Public Accounting Firm (KAP).

PROCEDURES FOR APPOINTMENT OF PUBLIC ACCOUNTING FIRM (KAP) AND THE ROLE OF THE AUDIT COMMITTEE

In order to fulfill the implementation of the external audit function in accordance with the provisions of POJK Number 9 of 2023 concerning the Use of Public Accounting Services and Public Accounting Firms in Financial Services Activities and SE OJK Number 18/SEOJK.03/2023 concerning Procedures for Using Public Accounting Services in Financial Services Activities, BNI has carried out an audit of the Bank's Financial Statement for the 2025 financial year, which was carried out by an independent, competent, professional and objective Public Accountant (AP) and Public Accounting Firm (KAP) in accordance with the Public Accountant Professional Standards, as well as the work agreement and audit scope that have been determined.

BNI determined selected APs and KAPs to examine the Bank's financial statements for the 2025 financial year through holding an Annual GMS held on March 26, 2025, by considering recommendations from the Board of Commissioners and Audit Committee. The selection process has also been carried out in accordance with POJK Number 9 of 2023, SE OJK Number 18/SEOJK.03/2023, and internal Bank regulations to guarantee the independence and quality of audit results from the appointed AP and KAP. Following up on the results of the 2025 AGMS resolution, the Board of Commissioners decided to reappoint KAP Rintis, Jumadi, Rianto & Partner (member firm of the PricewaterhouseCoopers network) as an external auditor to examine the Consolidated Financial Statement, Micro and Small Business Funding Program Financial Statement, and other reports for the 2025 Financial Year period. [ACGS: D.2.24]

The legal basis regarding the appointment and determination of KAP within the scope of BNI is as follows:

1. POJK No. 9 of 2023 concerning the Use of Public Accounting Services and Public Accounting Firms in Financial Services Activities in Chapter III, Restrictions on the Use of Audit Services Article 7, paragraph 1, states that parties in the form of

commercial banks, issuers, and public companies are obliged to limit the use of audit services on annual historical financial information from the same AP for 7 (seven) cumulative years;
2. POJK No. 37/POJK.03/2019 concerning Transparency and Publication of Financial Statements and SEOJK No. 9/SEOJK.03/2020 concerning Transparency and Publication of Conventional Commercial Bank Reports.
3. The process of appointing KAP Rintis, Jumadi, Rianto & Partner (member firm of the PricewaterhouseCoopers network) as an external auditor is carried out through a "Tender" mechanism.

Throughout the appointment process of the KAP and AP, the Audit Committee plays an active role in providing recommendations to the Board of Commissioners regarding the appointment and or replacement of the KAP and AP to conduct audits of BNI's financial statements. These recommendations are formulated based on a comprehensive evaluation of independence, competence, scope of engagement, and the performance of the KAP in the previous period, to ensure that the audit process is carried out in a professional, objective, transparent manner and in compliance with applicable accounting standards and regulatory requirements.

COORDINATION OF EXTERNAL AUDITORS AND AUDIT COMMITTEE

To support the smooth and effective conduct of the audit, BNI's Audit Committee maintains active communication with the external auditor regarding the audit plan, methodology, and key issues that need to be brought to management's attention. Throughout the audit process, the Audit Committee, together with the Internal Audit Division (IAD), ensures that the audit is carried out in accordance with applicable requirements and evaluates its quality. As a follow up, the Audit Committee oversees the timely implementation of the external auditor's recommendations by management in line with governance standards, in order to mitigate risks and strengthen the Bank's compliance. All coordination outcomes and follow up actions are documented in the Audit Committee Report for 2025 and are reported to the Financial Services Authority (OJK) in accordance with prevailing regulations.

EFFECTIVENESS OF EXTERNAL AUDIT IMPLEMENTATION

In accordance with its role and authority, the BNI Audit Committee ensures that all stages of external audit implementation carried out by AP and/or KAP always run according to established standards. By continuing to maintain transparent and collaborative communication with the AP and/or KAP, the Audit Committee opens a discussion space to discuss matters of concern to the Audit Committee before the audit process begins and, of course, also evaluates the implementation of the audit by the AP and/or KAP after the audit process is completed, and then the results are submitted to the OJK.

In 2025, the Audit Committee has carried out an evaluation of the implementation of audit services for annual historical financial information by AP and/or KAP, which includes at least:
a. Conformity of Audit Implementation by AP and/or KAP with applicable Audit Standards;
b. Sufficiency of Field Work Time;
c. Assessment of the Scope of Services Provided and the Adequacy of Sampling Test; and
d. Recommendations for Improvements Provided by AP and/or KAP.

Oversight and monitoring over the performance of the Public Accountant (AP) and or Public Accounting Firm (KAP) were presented to and discussed with the Board of Directors through Audit Committee meetings, which were attended by the Internal Audit Division (IAD) and the relevant members of the Board of Directors. These meetings also addressed the follow up on audit findings issued by the AP and or KAP. Through such coordination, the audit process was able to deliver comprehensive and optimal audit results.

The Audit Committee's evaluation report was subsequently submitted by the Board of Directors of BNI using the form provided in the appendix to OJK Circular Letter No. 18/SEOJK.13/2023 on Procedures for the Use of Public Accountants and Public Accounting Firms in Financial Services Activities, and was signed by the Audit Committee on June 26, 2025.

BANK COMPLIANCE WITH PROVISIONS REGARDING THE RELATIONSHIP BETWEEN BANKS, PUBLIC ACCOUNTANTS, AND OJK

In carrying out the audit, BNI ensures that the Bank maintains compliance with the provisions regarding the relationship mechanism that exists between the Bank, Public Accountants, and the OJK. In addition, BNI also complies with applicable regulations regarding supervision and reporting to the OJK with the aim of improving the quality of corporate governance and maintaining financial system stability.

The Bank's efforts to increase the effectiveness of external audit implementation and BNI's compliance with provisions relating to the relationship between

banks, public accountants, and OJK are realized through the following steps:

1. POJK No. 9 of 2023 concerning the Use of Public Accounting Services and Public Accounting Firms in Financial Services Activities states that:
   a. Banks are required to use APs and KAPs that are registered and listed on the list of active APs and KAPs at the OJK;
   b. Banks are required to limit the use of audit services for annual historical financial information from the same AP for 7 (seven) cumulative years.
2. Through Board of Commissioners Letter No. DK/31/R dated March 13, 2025, BNI appointed KAP Rintis, Jumadi, Rianto & Rekan (member firm of the PricewaterhouseCoopers network) as external auditors to audit BNI's Financial Statements and other reports for the 2025 financial year.
3. The appointment of a Public Accountant and/or the same Public Accounting Firm by BNI must be based on a clear and transparent work agreement.
4. Public Accountants who carry out audits of Bank Annual Financial Statements are required to carry out audits in accordance with the Professional Standards for Public Accountants and the provisions of work agreements, as well as the established audit scope. In addition, Public Accountants and/or Public Accounting Firms are required to maintain the confidentiality of Bank information in accordance with Law No. 7 of 1992 concerning Banking as amended by Law Number 4 of 2023 concerning the Development and Strengthening of the Financial Sector.
5. For the preparation and implementation of an audit of annual historical financial information for the Bank, the KAP is required to communicate with the OJK in the event that the KAP may request information from the OJK regarding the Bank and/or the OJK can inform the KAP about matters that need to be paid attention to in preparing and carrying out audits.
6. KAP is obliged to submit information requested by the OJK even though the work agreement has ended.

The case has been concluded at the Cassation level at the Supreme Court of the Republic of Indonesia.	There are no risks and impacts faced by BNI given that the Supreme Court Decision basically states that the Plaintiff's lawsuit is unacceptable and has the force of law (inkracht).	BNI was declared the winner in accordance with the Cassation Decision of the Supreme Court of the Republic of Indonesia. The Supreme Court of the Republic of Indonesia	None	Material: IDR1,392,731,803,391 Immaterial: IDR500,000,000,000

Throughout 2025, BNI did not face significant risks related to legal issues, and based on the 2025 legal risk profile assessment, it was ranked at level 1 (low).

Criminal Cases

Throughout 2025, BNI has fulfilled its reporting obligations regarding legal cases involving customers, employees, and third parties, covering alleged criminal acts of embezzlement, fraud, destruction of property, forgery, money laundering, cybercrimes (ITE), banking crimes, and corruption. All such reports have been handled in accordance with applicable legal procedures. Nevertheless, it is important to note that there were no criminal cases of a significant nature nor any that had a material impact on BNI's operations or reputation throughout the reporting period.

LEGAL CASES INVOLVING MEMBERS OF THE BOARD OF COMMISSIONERS AND BOARD OF DIRECTORS

Throughout 2025, all currently serving members of the Board of Commissioners and the Board of Directors of BNI have never been involved or implicated in any legal cases or disputes, whether civil or criminal. This reflects the integrity, professionalism, and full commitment of BNI's management in maintaining stakeholder trust and ensuring sound corporate governance.

LEGAL CASES FACED BY SUBSIDIARIES IN 2025

In 2025, several of BNI's Subsidiaries were recorded as being involved in a number of legal cases, both civil and criminal, relating to operational activities or contractual relationships. Some cases have received final and binding court decisions (inkracht), while others are still in the process of settlement at various levels of the judiciary. The details of each legal issue are as follows:

Subsidiaries	Case Settlement Status	Number of Cases	
		Civil	Criminal
PT BNI Life Insurance	The case is settled and has permanent legal force	17	7
	Cases under settlement process	12	12
	Total Number of Cases	29	19
PT BNI Sekuritas	The case is settled and has permanent legal force	-	-
	Cases under settlement process	-	-
	Total Number of Cases	-	-
PT BNI Asset Management	The case is settled and has permanent legal force	-	-
	Cases under settlement process	1	-
	Total Number of Cases	1	-
PT BNI Multifinance	The case is settled and has permanent legal force	5	23
	Cases under settlement process	8	228*
	Total Number of Cases	13	251
PT Bank Hibank Indonesia	The case is settled and has permanent legal force	4	-
	Cases under settlement process	3	-
	Total Number of Cases	7	-
PT BNI Modal Ventura	The case is settled and has permanent legal force	-	-
	Cases under settlement process	-	-
	Total Number of Cases	-	-

Notes
*) For 228 criminal cases, there were 157 public complaints (DUMAS) and 67 police reports filed by each branch with recovery targets. In addition, there were four police reports related to internal fraud issues.

Of all ongoing and completed cases, there were no civil and/or criminal cases that were deemed to have the most significant impact on BNI and its Subsidiaries as the Main Entities.

LEGAL CASES FACED BY MEMBERS OF THE BOARD OF COMMISSIONERS AND BOARD OF DIRECTORS OF BNI'S SUBSIDIARIES

All serving members of the Board of Commissioners and the Board of Directors of BNI's subsidiaries in 2025 have never been involved or implicated in any civil and/or criminal cases and/or disputes.

IMPACT OF LEGAL ISSUES ON THE BANK AND ITS SUBSIDIARIES

Throughout 2025, BNI faced several legal issues; however, none had a material impact on the status, position, or business continuity of BNI or its subsidiaries. BNI has been able to maintain operational stability and resolve every legal matter in accordance with applicable regulations without disrupting business activities. This condition reflects BNI's resilience and commitment to managing legal risks proactively and effectively, while simultaneously ensuring business sustainability and maintaining stakeholder trust

EFFORTS TO MINIMIZE LEGAL RISKS

BNI consistently strives to minimize legal risks that may arise from its business activities through several measures, including:

1. Strengthening procedures, policies, agreements, and legal issue management for optimal risk management, protecting the Bank's interests at the pre-transaction, transaction, and post-transaction stages of business activities.
2. Optimizing the legal function in providing legal reviews for credit submissions decided by the Credit Committee to ensure that credit transactions are conducted prudently from a legal perspective, improving credit quality, and supporting business target achievement.
3. Enhancing the role of the legal units at the Head Office and Regional Offices in supporting the smooth business and operational activities of the entire Bank organization.
4. Regularly updating standard legal documentation, such as credit agreements and accessory agreements, to anticipate legal risks resulting from contractual weaknesses and protect the Bank's legal interests.
5. Maximizing efforts to minimize legal risks within business units, including fraud prevention, through preventive measures such as increasing employee legal awareness through legal discussions, education, webinars, and sharing sessions on legal issues.
6. Collaborating with reputable external legal consultants, senior advisors, and State Attorney Lawyers (JPN) to optimize legal advice and assistance in protecting the Bank's legal interests.
7. Enhancing the competencies of legal staff at the Head Office and Regional Offices in providing legal advice and handling cases to create a professional, reliable legal team that supports the Bank's transformation.

LEGAL VIOLATIONS RELATED TO EMPLOYMENT, CONSUMERS, BANKRUPTCY, COMMERCIAL ISSUES, COMPETITION, AND/OR ENVIRONMENTAL MATTERS [ACGS: (P)B.1.1]

Throughout 2025, BNI has not committed any legal violations related to employment, consumers, bankruptcy, commercial matters, competition, and/or environmental issues.

Adminstrative Sanction

ADMINISTRATIVE SANCTIONS FROM THE FINANCIAL SERVICES AUTHORITY AND/OR OTHER REGULATORS

Throughout 2025, neither BNI nor its Board of Directors and Commissioners received any administrative sanctions, whether material or non-material, from the Financial Services Authority (OJK) or other regulators. This reflects BNI's consistent regulatory compliance, including provisions governing information disclosure and regulatory reporting. BNI also demonstrated strong discipline in fulfilling its obligations to disclose material events within the timelines stipulated by regulators, and accordingly did not incur any sanctions related to non-compliance with transparency requirements.

This achievement demonstrates that BNI's compliance framework and internal control system are operating effectively. All business activities and strategic decisions are consistently carried out within a prudent governance framework, aligned with the principles of transparency, accountability, responsibility, independence, and fairness. Accordingly, management is able to maintain an appropriate balance between business interests and regulatory obligations.

ADMINISTRATIVE SANCTIONS RECEIVED BY MEMBERS OF THE BOARD OF DIRECTORS AND MEMBERS OF THE BOARD OF COMMISSIONERS OF BNI

Throughout 2025, none of the incumbent members of BNI's Board of Directors or Board of Commissioners received any administrative sanctions from the regulator.

ADMINISTRATIVE SANCTIONS FROM THE FINANCIAL SERVICES AUTHORITY AND OR OTHER REGULATORS IMPOSED ON BNI SUBSIDIARIES

In 2025, there were no material administrative sanctions imposed by the Financial Services Authority (OJK) that could have affected the business continuity of the subsidiaries.

ADMINISTRATIVE SANCTIONS RECEIVED BY MEMBERS OF THE BOARD OF DIRECTORS AND MEMBERS OF THE BOARD OF COMMISSIONERS OF SUBSIDIARIES

Throughout 2025, none of the incumbent members of the Board of Directors or Board of Commissioners of BNI's subsidiaries received any administrative sanctions from the regulator.

TAX SANCTIONS

Throughout 2025, BNI was not subject to any tax audits, so there were no tax assessments that BNI had to settle.

SANCTIONS RELATED TO LISTING REGULATIONS

Throughout 2025, BNI did not receive any sanctions from regulators in relation to violations of listing regulations. BNI continues to strengthen the application of prudential principles through enhancements in the quality of reporting and record keeping systems, the reinforcement of the compliance function, and ongoing monitoring.

SANCTIONS FOR NON COMPLIANCE WITH LAWS OR REGULATIONS RELATED TO SIGNIFICANT OR MATERIAL RELATED PARTY TRANSACTIONS

Throughout 2025, there were no sanctions for non-compliance with laws or regulations relating to transactions with significant or material related parties associated with BNI.

BNI has policies and procedures in place to ensure that transactions with significant or material related parties are carried out in accordance with applicable laws and regulations .

REGULATORY SANCTIONS RELATED TO MATERIAL EVENTS

Throughout 2025, BNI did not receive any sanctions from regulators related to material events. BNI has fulfilled its obligations for information disclosure, publication, announcements, and notifications to both the public and regulators in accordance with the applicable provisions and prescribed timeframes for material events.

Access to Company Information and Data [ACGS C.7.1, C.7.2, C.7.3, C.7.4, C.10.1]

BNI consistently maintains effective communication with regulators, shareholders, customers, employees, business partners, and the wider community as part of its commitment to the principles of transparency and accountability. These stakeholder relations are conducted in accordance with BNI's Communication Policy.

To strengthen effective communication, BNI has established an Investor Relations unit that plays a key role in safeguarding the Bank's reputation through ongoing engagement with investors and analysts, while ensuring transparent disclosure of both financial and non financial performance. Information is delivered on a regular basis through various communication channels, including the corporate website in Indonesian and English, mass media, mailing lists, newsletters, analyst meetings, the website of the IDX, and the General Meeting of Shareholders. The presence of the Investor Relations function enables stakeholders to access information that is timely, accurate, and credible.

Access to company information and data related to BNI's corporate actions can be obtained through:

PRESS RELEASE [ACGS C.7.4]

BNI recognizes that mass media plays a strategic role in disseminating information related to the Bank's journey, developments, and performance achievements. The media not only serves as a communication channel but also acts as a strategic partner in building reputation, strengthening brand image, and fostering public and investor confidence in BNI. Accordingly, BNI consistently maintains harmonious relationships with the media through various routine activities, including the distribution of press releases, press conferences, media gatherings, and management interviews on strategic issues as well as the Bank's performance achievements.

In its implementation, BNI ensures that all information conveyed to the media is accurate, transparent, and in compliance with regulatory requirements, and is able to reach a broad audience through print, electronic, and digital media, as well as BNI's official channels. These strong media relations represent one of the manifestations of good corporate governance (GCG) principles, particularly transparency and accountability, while supporting the sustainability of the Bank's business and strengthening BNI's position as one of Indonesia's leading financial institutions.

In 2025, BNI released a total of 308 press release articles, detailed as follows:

SOCIAL MEDIA

BNI leverages social media as one of its primary communication channels to reach and engage with the broader public. Through various digital platforms, including Instagram (Quickpose), BNI consistently disseminates information regarding corporate activities and policies, introduces products and services, and educates the public on financial and banking literacy. BNI's presence on social media functions not only as a medium for information dissemination, but also as a two way interaction platform that enables the public to convey aspirations, inquiries, and needs in a timely and responsive manner.

Through focused digital communication, BNI is able to build closer relationships with stakeholders while fostering a positive corporate image in the public eye. The following is a list of BNI's social media postings, totaling 332 post.

INTERNAL COMMUNICATION MEDIA

The use of technology in internal communication is crucial to support the effectiveness of information delivery at BNI. Therefore, BNI utilizes various internal communication tools, such as WhatsApp, email, and BNI Menyapa SMS, to disseminate information to all employees. These communication tools cover several types of information, including:

1. Newsletter, which contains bank-wide corporate information and high-level content conveyed by the Board of Directors;
2. Corporate Info, which includes more technical, bank-wide corporate information conveyed by the Corporate Secretary (CSE) Division;
3. Human Capital Information, which is technical and needs to be delivered promptly by the Human Capital Strategy (HCS) and Human Capital Services (HCE) Divisions; and
4. Other Information, which is bank-wide but not related to marketing, products, or services.

Throughout 2025, BNI Menyapa e-mails were recorded at 267. Below is a list of topics covered in the BNI Menyapa e-mail:

E-SINERGI 46

In building effective internal communication and to foster a sense of pride as part of the BNI family, the Bank provides an internal communication platform in the form of the E-Sinergi 46 application which can only be accessed by BNI Hi-Movers personnel in the form of mobile apps and web-based, which can be downloaded on the Google Play Store and App Store. This application presents content in various formats, including text, photos, and videos, thus providing variation in the delivery of information.

To be able to attract more downloaders on the e-sinergi46 Application, BNI continues to innovate in presenting interesting content, including by presenting a gamification program that offers reward points. With the implementation of this program, every activity carried out through the application will generate points that can be exchanged for various useful purposes, such as purchasing credit, data packages, vouchers, paying PLN bills, and top ups for Link Aja, GoPay, and OVO. In addition, the E-Sinergi 46 manager also provides incentives to employees who contribute to sending news from each work unit. In this way, E-Sinergi 46 not only functions as a means of sharing information, but also encourages employees to be more active in participating, creating a community that is interconnected and shares knowledge.

Throughout 2025, E-Sinergi 46 has published 438 news articles, as follows:

PUBLIC INFORMATION DISCLOSURE

BNI consistently ensures that stakeholders have access to relevant, easily accessible, and transparent information. BNI provides accurate information through its official website, the development of standardized operating procedures, and the integration of digital service features that further facilitate customer access. These efforts are complemented by enhancements to offline services to ensure equal access to information for communities across various regions.

In line with its role in advancing national financial literacy, BNI also empowers Agen46 as a strategic partner in disseminating information more broadly, enabling outreach to communities in remote areas. In every aspect of information disclosure, BNI upholds the principles of transparency and accountability through the role of the Information and Documentation Management Officer (PPID), who serves public information needs optimally. This approach further underscores BNI's consistency in implementing good corporate governance practices and in building public trust in the Bank.

Governance Framework, Management, and Control of Tax Aspects

BNI recognizes that compliance with tax regulations is a critical aspect of the implementation of good corporate governance. Tax compliance represents BNI's responsibility and contribution in supporting the sustainability of state finances. In its implementation, BNI consistently fulfills its tax obligations, both as a corporate taxpayer and as a withholding agent, in accordance with applicable laws and regulations. BNI also ensures that all documents related to tax obligations, including annual and monthly tax returns (SPT), are submitted accurately and in a timely manner to the relevant authorities.

In order to maintain the quality of implementing good tax governance, BNI has an adequate governance framework, starting from implementing clear tax policies and procedures and including guidelines regarding tax reporting, fulfilling tax obligations, and managing tax risks. In implementing the management of tax obligations and monitoring and controlling taxes, BNI has established a comprehensive and structured process, such as:

1. Instilling a tax approach in the Bank through Tax Company Guidelines and collaboration with tax application service providers for deposit and reporting systems that are directly connected to the tax authorities. BNI also increases tax awareness through training and socialization.
2. Identify, manage, and monitor tax risks by carrying out continuous monitoring and reconciliation.

BNI leverages an integrated tax information technology system to enhance the efficiency and accuracy of financial information management. Through this system, tax recording and reporting processes are carried out consistently in accordance with applicable regulations. The utilization of digitalization also enables the Bank to ensure compliance with tax regulations and to minimize the risk of administrative sanctions, such as fines, interest, or criminal penalties, arising from errors or delays in reporting.

In addition to complying with Indonesian tax laws and regulations, the fulfillment of BNI's tax obligations is also conducted in accordance with the tax jurisdictions applicable to each of its overseas network offices, including Overseas Branches in Singapore, Hong Kong, Tokyo, London, New York, and Seoul, the Osaka Sub Branch and the Singapore Remittance Center, as well as Representative Offices in Amsterdam and Sydney.

Further discussion regarding the fulfillment of BNI's tax obligations is presented in detail in the chapter on BNI's Contribution to National Development.

Anti-Money Laundering Program, Counter Terrorism Financing, and Prevention of Funding for the Proliferation of Weapons of Mass Destruction (APU, PPT, and PPPSPM)

Money Laundering (TPPU), Terrorism Financing (TPPT), and the Prevention and Eradication of Terrorism Financing (PPSPM) are international crimes that pose serious threats to state stability, including in Indonesia. Globalization and advances in information technology have enabled perpetrators to develop increasingly diverse and cross-jurisdictional modi operandi. These illegal activities not only exploit the Financial Services System (SJK) but have also expanded to institutions outside the financial system.

To prevent the misuse of the banking system by irresponsible parties, and in compliance with Article 4 of POJK Number 8 of 2023 concerning the Implementation of Anti-Money Laundering Programs, Counter Terrorism Financing, and Prevention of Funding for the Proliferation of Weapons of Mass Destruction in the Financial Services Sector (POJK APU, PPT, and PPPSPM), BNI, as a Financial Services Provider (PJK), is required to identify, assess, and understand the risks of TPPU/TPPT/PPSPM regarding customers, countries or geographical areas, products, services, transactions, or distribution networks at its institution on an individual basis. This process considers all relevant risk factors and adequate risk mitigation levels to ensure that existing risks are effectively mitigated. It serves as a guide for refining provisions, improving program implementation, and setting priorities for resource allocation in areas with higher TPPU/TPPT/PPSPM risk levels.

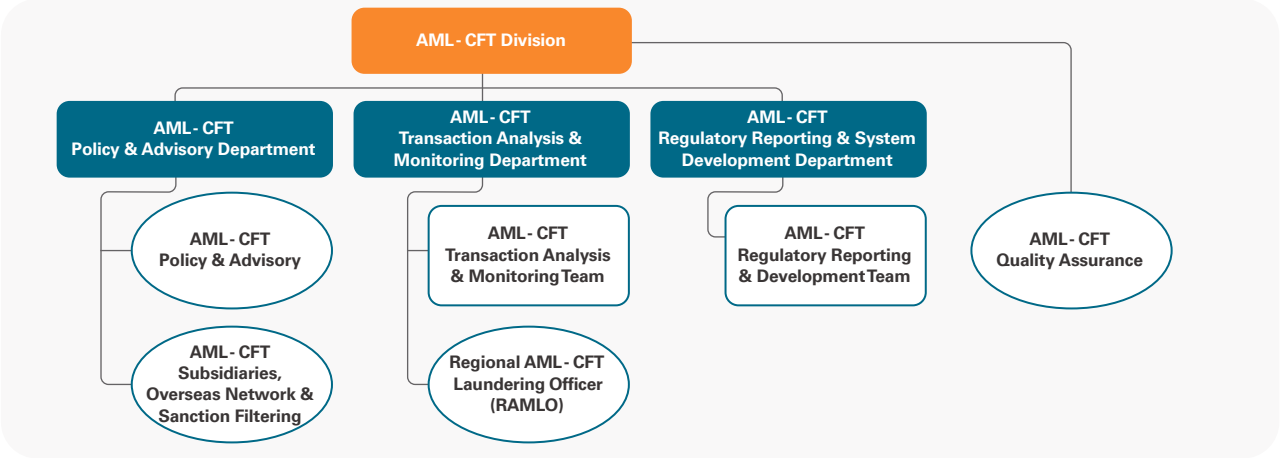
Furthermore, oversight of the APU, PPT, and PPPSPM programs has been expanded through the presence of Regional AML-CFT Officers (RAMLO) in all regional offices. RAMLO is responsible for conducting training, socialization, and implementing APU, PPT, and PPPSPM policies across all Regional Offices/ Branches/Centers under their management. They also monitor and analyze indications of suspicious financial transactions, serve as a point of contact for compliance consultation/advice/reviews, and act as a liaison with regulators.

APU, PPT, and PPPSPM Policies and Procedures

To strengthen the risk culture through the implementation of the APU, PPT, and PPPSPM Programs, BNI has specifically designed policies and procedures stipulated through the Approval of the Board of Directors and the Board of Commissioners. The preparation of these internal guidelines and policies considers both the Bank's business needs and alignment with relevant laws and regulations. Broadly, BNI's APU, PPT, and PPPSPM implementation policies are based on the 5 (five) main pillars mandated by POJK No. 8 of 2023:

1. Active supervision of the Board of Directors and Board of Commissioners;
2. Policies and Procedures;
3. Internal Control;
4. Management Information System; and
5. Human Resources and Training.

APU, PPT, and PPPSPM Organizational Structure



As part of the compliance management framework for the implementation of the APU, PPT, and PPPSPM programs, BNI has designated the AML-CFT Division as the Special Work Unit (UKK), responsible for formulating strategies and periodically monitoring the implementation of the APU, PPT, and PPPSPM programs.

Based on the BNI Board of Directors' Organizational Restructuring stipulated in the Board of Directors' Decree No. KP/377/DIR/R dated August 1, 2025, concerning the BNI Board of Directors' Organizational Restructuring, one of the decisions was the restructuring of the Anti-Money Laundering – Counter Financing of Terrorism management function into a standalone unit at the Division level.

Effective September 15, 2025, the management of APU, PPT, and PPPSPM implementation, which was originally under the Compliance Division, will become the responsibility of the AML-CFT Division as a unit under the direct supervision of the Director of Human Capital & Compliance. consisting of the Policy & Advisory Department, which manages policies, strategic advice, and compliance supervision across all organizational lines and subsidiaries. Furthermore, the Analysis &Transaction Monitoring Department focuses on identifying and analyzing suspicious transactions, while the Regulatory Reporting & System Development Department ensures the accuracy of regular reporting and the effectiveness of monitoring systems, and the Quality Assurance function acts in conducting reviews of APU, PPT, and PPPSPM advisory, spot checks, and reporting evaluations, providing recommendations for process improvements, and preparing Quality Assurance reports for management.

To strengthen program oversight, the Bank assigns Regional Anti-Money Laundering Officers (RAMLO) at each Regional Office. In practice, RAMLO under the direct supervision of the Analysis & Transaction Monitoring Department is required to submit periodic reports regarding the implementation of APU, PPT, and PPPSPM.

The Organizational Structure of the AML-CFT Division according to the Board of Directors' Decree No. KP/441/DIR/R dated September 4, 2025, and Memo No. CDV/2/756/R dated October 16, 2025 is as follows:

APU, PPT, and PPPSPM Profile

Rahmawati
AML- CFT Division Head

Age
55 years old as of December 31, 2025

Nationality
Indonesian Citizen

Domicile
Jakarta, Indonesia

Educational Background
- Bachelor of Laws from the Faculty of Law, University of Indonesia (1993)
- Master of Laws from the Graduate School, University of Indonesia (2003)

Legal Basis for Appointment
Appointed as Head of AML-CFT Division based on Board of Directors Decree No. KP/382/DIR/R dated August 5, 2025.

Term of Office
September 15, 2025 - present

Professional Certification and/or Training
- Certified Anti Money Laundering Specialist (CAMS)
- Bank Staff & Management School (Sespibank)
- Certified Bank Manager (CBM) from the Indonesian Bankers Association
- Senior Managers and Certification Regime (SMCR)
- Risk Management Certification (SMR) Level 6
- Developer of APU PPT & PPPSPM Competency Certification Level 6
- General Banking Certification Level 3
- Professional Advocate Training Program (PERADI/PKPA)
- Integrity Builder Expert Certification (API)

Work Experience
- Anti-Money Laundering Group Leader in the Compliance Division (2008-2014)
- Vice President in Compliance Division (2014-2023)
- Head of AML & Counter Terrorism Financing Department in Compliance Division (2023–2025)
- Head of AML-CFT Division (2025 - Present)

Concurrent Positions
No concurrent positions at BNI or other companies/institutions.

Affiliations
Has no affiliations with members of the Board of Directors, Board of Commissioners, or Major/Controlling Shareholders.

Duties and Responsibilities of APU, PPT, and PPPSPM

Duties and responsibilities of the BNI UKK Head Office, cq. The AML-CFT Division regarding the implementation of the APU, PPT, and PPPSPM Programs are:

1. Develop and manage policies and guidelines for implementing the Principles of Recognizing Service Users (PMPJ)/Know Your Customer (KYC), Anti-Money Laundering (APU) Programs, Counter Terrorism Financing (PPT), and PPPSPM at BNI.
2. Provide compliance opinions/advice regarding the implementation of PMPJ and APU, PPT, and PPPSPM.
3. Develop and ensure the adequacy of systems and mechanisms that support PMPJ and APU, PPT, and PPPSPM.
4. Conduct socialization regarding PMPJ and APU, PPT, and PPPSPM provisions.
5. Building awareness of understanding of APU, PPT, and PPPSPM to all lines of the BNI organization.
6. Identify and analyze transactions that meet suspicious criteria based on financial transaction analysis reports from related work units and/or based on the results of monitoring carried out based on the system.
7. Manage the preparation and submission of Suspicious Financial Transaction Reports (LTKM), Cash Financial Transaction Reports (LTKT), Transaction Reports to and from Overseas (LTKL), SIPESAT Reports, Information System Reports for Suspected Terrorism Financing (SIPENDAR), and other reports in accordance with the criteria set out in the provisions applicable to PPATK.
8. Monitor and supervise the implementation of APU, PPT, and PPPSPM in all domestic branches, Overseas Offices, and related Units/Divisions.
9. Carry out the integrated governance function (integrated APU, PPT, and PPPSPM).

Implementation of the APU, PPT, and PPPSPM Programs in 2025

In 2025, BNI has implemented various sustainable initiatives and improvement efforts to strengthen the realization of the APU, PPT, and PPPSPM programs, including the following:

1. Bank Risk assessment of TPPU, TPPT and/or PPSPM using a regular risk-based approach (RBA) that is periodically reviewed;
2. Active Supervision of the Board of Directors and the Board of Commissioners through:
   a. Approval of the designation of the AML-CFT Division as a Special Work Unit (UKK);
   b. Approval and evaluation of the APU, PPT, and PPPSPM Policies, Procedures, and Programs;
   c. Periodic reports regarding the implementation of the APU, PPT, and PPPSPM Programs;
   d. Board of Directors approval of the Plan and Realization Report on Updating Customer Data; and
   e. Discussion in Board of Directors and Board of Commissioners meetings regarding the APU, PPT, and PPPSPM Program.
3. Policies and Procedures prepared by the AML-CFT Division are periodically reviewed/updated/improved in accordance with applicable regulations. To strengthen the implementation of the APU, PPT, and PPPSPM programs, procedures for each banking product and activity are also regulated in procedures for implementing APU, PPT, and PPPSPM, in order to identify and assess the risk of money laundering crimes and/or terrorist financing crimes for each product and activity.
4. To ensure that the implementation of the APU, PPT, and PPPSPM programs is running as it should, supervision is carried out by the AML-CFT Division.
5. Effective and independent internal control in the implementation of APU, PPT, and PPPSPM is carried out by: having adequate APU, PPT, and PPPSPM policies and procedures as well as internal monitoring (supervision), clear limits of authority and responsibility through the Three Lines of Defense, independent inspections by the Internal Audit Unit to ensure the effectiveness of program implementation, following up on all internal and external audit results, and improving the quality of customer data and reporting analysis to regulators in accordance with regulations.
6. Information Management System to optimize transaction monitoring in the implementation of the APU, PPT, and PPPSPM Program, BNI has been continuously developing information system technology.
7. From the Human Capital and Training aspect, BNI conducts training, socialization, and reminders regarding the implementation of the APU, PPT, and PPPSPM Programs to officials and/or for all employees continuously to increase awareness and competency.
8. Implementing programs to improve the quality of customer data by applying the Completeness, Consistency, and Composite methods to strengthen the Single Source of Truth (SSOT) aspect.

9. Establish and foster active cooperation and coordination with regulators and Law Enforcement Officials, especially in fulfilling requests for customer data and/or information as well as providing information in efforts to prevent and eradicate the crime of money laundering, preventing the financing of terrorism and preventing the financing of the proliferation of weapons of mass destruction.
10. Implementation of evaluation and monitoring of the APU, PPT, and PPPSPM program implementation in Subsidiaries and Overseas Offices. This is a form of responsibility for the Bank, which has office networks both at home and abroad as well as within the framework of the BNI Financial Conglomeration to ensure effective implementation.
11. Playing an active role in work programs or activities organized by regulators, as follows:
    a. Developing joint training programs with the Human Capital & Compliance Director Communication Forum (FKDKP) related to APU, PPT, and PPPSPM for the banking industry to ensure a same playing field/common understanding in the implementation of provisions.
    b. Coordinating in the implementation of the 23rd Anniversary of the National Movement of APU PPT Indonesia ("Gernas 23") with the theme: "Real Commitment, Strong Synergy for Golden Indonesia 2045."
    c. Involved in PPATK's Public Private Partnership (PPP) for investment fraud typologies and acting as a co-leader in the PPP team for Green Financial Crime (GFC) typologies.
    d. Conducting education and providing financial literacy to internal and external parties regarding awareness of account buying and selling practices in order to contribute to the eradication of online gambling.
    e. Conducting monitoring (cyber patrol) of online gambling websites that use BNI accounts.
    f. Participating in the preparation of the APU, PPT, and PPPSPM Certification Module based on OJK's SKKNI, together with FKDKP.
    g. Playing an active role in conducting thematic transaction monitoring in accordance with parameters set by PPATK.
    h. Playing an active role in the 2025 National Risk Assessment (NRA) survey activity organized by PPATK, as a form of support for efforts to strengthen money laundering and terrorism financing risk mapping at the national level.

Financial Integrity Rating on Money Laundering and Terrorism Financing (FIR on ML/TF)

The Financial Integrity Rating on Money Laundering and Terrorist Financing (FIR on ML/TF) is an assessment by the Indonesian Financial Transaction Reports and Analysis Center (PPATK) on the integrity and effectiveness of reporting parties in implementing the APU, PPT, and PPPSPM programs, covering aspects of commitment, implementation, and compliance. In 2025, BNI successfully achieved an FIR on ML/TF score of 9.43 with a "Very Good" category.

APU, PPT, & PPPSPM Work Plan for 2026

In 2026, BNI has established a work plan to support the implementation of the APU, PPT, and PPPSPM Programs with the following strategic priorities:

1. Improving Stakeholder satisfaction survey results by enhancing the quality of outputs.
2. Increasing employee awareness regarding compliance with the implementation of the APU, PPT, and PPPSPM program.
3. Refining systems and applications that support the implementation of the APU, PPT, and PPPSPM program.
4. Playing an active role in refining the APU, PPT, and PPPSPM systems in Overseas Offices and Subsidiaries.
5. Developing AML Index tools and refining the AML Index for Branch Offices and Subsidiaries.
6. Developing Human Resources capabilities related to the implementation of the APU, PPT, and PPPSPM program for all BNI employees, including those related to International Regulations through training, socialization, webinars, and other initiatives.

Anti-Corruption Policy

BNI has established an Anti-Corruption Policy that serves as a fundamental framework for maintaining integrity across all business activities. This policy is designed to prevent, detect, and take action against any violations related to corruption, collusion, and nepotism (KKN) within the Bank, whether committed by employees, business partners, or third parties associated with BNI.

In its implementation, BNI is committed to instilling a culture of anti-corruption and anti-bribery by ensuring that all BNI employees understand and comply with business ethics and the company's code of conduct. The bank also strengthens internal supervision through a secure and independent reporting mechanism (whistleblowing system), so that any indications of violations can be followed up objectively and transparently.

Programs and Procedures to Address Corruption, Fraud, Bribery, Gratification, and/or Kickbacks [ACGS B.4.5]

To prevent corruption, fraud, bribery, and gratification practices within the Bank, BNI has developed several programs, including:

1. Establishment of a Gratification Control Unit (UPG) and implementation of an Anti-Bribery Management System (SMAP) as the driving force for anti-corruption initiatives at BNI. Policies related to gratification and bribery are further elaborated in the Anti-Gratification and Anti-Bribery Policy sections.
2. Strict sanctions, including termination of employment, are imposed for violations involving gratification, bribery, or fraud, as a deterrent and to uphold corporate integrity.
3. To enhance anti-fraud awareness, BNI regularly conducts Anti-Fraud Awareness Programs for all BNI employees and subsidiaries through webinars, outreach activities, and campaigns across BNI's official social media channels.
4. BNI also provides appreciation to employees who contribute to fraud-prevention efforts, as acknowledgement of their role in maintaining a clean and ethical work environment.

These initiatives reinforce BNI's commitment to fostering a workplace free from corruption, fraud, bribery, and gratification.

Anti-Corruption Training and Awareness for Employees

BNI ensures that the work culture embedded within BNI is free from corruption, gratification, and bribery. BNI consistently involves all employees in various training programs to strengthen their understanding and commitment to anti-corruption programs.

In addition, BNI successfully increased employee participation in the following initiatives during 2025:

1. Mandatory e-Learning program on Gratification Control and SMAP through BNI Smarter, which has been attended by 30,013 employees.
2. Socialization and awareness raising on anti-fraud and anti-gratification to all employees, both new and existing, as well as other stakeholders.
3. Appeal to all employees not to accept or request rewards from third parties, and to sign an Integrity Pact that informs BNI's commitment to gratification control.
4. Dissemination of information through posters, videos, digital banners, videotrons, the BNI website, national mass media, digiHC, and the BNI Forum related to anti-gratification and SMAP, as well as guidelines for preventing corruption.
5. Holding a Compliance Forum with the theme "Decision Making based on the Business Judgment Rule in the Context of Good Corporate Governance and Anti-Corruption," which invited speakers from the Corruption Eradication Commission (KPK) and was attended by the entire Board of Directors, Board of Commissioners, SEVP, Directors and Board of Commissioners of Subsidiary Companies, Division and Regional Leaders, Anti-Corruption Counselors (PAKSI), Integrity Builders (API), and all BNI employees.
6. Participating in the Integrity Assessment Survey (Survei Penilaian Integritas/SPI) organized by the Corruption Eradication Commission (Komisi Pemberantasan Korupsi/KPK), involving a wide range of internal and external respondents, including employees, business partners, service users, and other Company stakeholders.

Anti-Gratification & Anti-Bribery Policy

Any form of fraudulent practice has the potential to cause a negative impact on the Bank's business ecosystem and damage the Bank's integrity. Therefore, BNI takes firm action against any violations related to fraudulent acts and continues to strengthen preventive measures through the implementation of a Gratification Control Policy that must be complied with by all employees. Every acceptance or rejection of gratification must be reported via the Gratification Online (GOL) application transparently and in accordance with the procedures.

Through the comprehensive and continuous implementation of this policy, BNI is committed to maintaining the trust of shareholders, stakeholders, and the wider community in the Bank's integrity, credibility, and reputation as a professional financial institution committed to the principles of Good Corporate Governance (GCG).

In addition to having adequate control policy tools, the Bank also strives to build a healthy and clean work culture through obtaining SNI ISO 37001:2016 certification - Anti-Bribery Management System (SMAP) in the scope of Procurement of Goods and Services, which is then expanded to cover the scope of the Corporate Credit Segment and BNI Pension Fund Activities. In 2025, the second surveillance audit was conducted, which demonstrated that the implementation of the Anti-Bribery Management System (SMAP) at BNI was assessed as consistent, with no material deviations identified.

ANTI-GRATIFICATION AND ANTI-BRIBERY POLICY PROGRAMS AND PROCEDURES

In order to overcome corrupt practices, kickbacks, fraud, bribery, and/or gratification, all BNI levels are required to implement anti-bribery and anti-gratification programs and procedures as stated in the Gratification Control Guidelines No. IN/726/KPN/002 dated September 24, 2021 and the Anti-Bribery Management System (SMAP) Company Guidelines No. IN/118/CMP/006 dated December 27, 2024. The preparation of these policies and guidelines has been aligned with the provisions of Law No. 20 of 2001, which is an amendment to Law No. 31 of 1999 concerning the Eradication of Corruption Crimes, and OJK Regulation No. 12 of 2024 concerning the Implementation of Anti-Fraud Strategies for Financial Services Institutions.

BNI takes various strategic steps through the implementation of a number of written guidelines and provisions related to preventing corruption and controlling gratification. This step reflects BNI's commitment to instilling values of integrity across all levels of the organization, while ensuring that every employee understands and implements the principles of ethics, transparency, and accountability in every Bank operational activity. The following are several policies related to corruption prevention and gratification control:

A. Gratification Control Policy

Gratification Control Policy stipulates, among other things, that:

1. Gratification control is the duty and responsibility of all BNI personnel.
2. Prohibition of accepting or giving gratuities that are indicated as bribery, namely:
   a. All BNI personnel are prohibited from accepting gratuities that are indicated as bribery, whether in the form of money and/or goods and/or gifts, and are required to refuse the gift at the first opportunity by informing them of the gratification control provisions at BNI. Receipt of gratuities includes those received directly or those transferred via account or other means.
   b. Upon receipt of gratuities that are forced to be accepted, all BNI personnel must immediately report at the first opportunity to the Corruption Eradication Commission through the Gratification Control Unit (UPG).
   c. All BNI personnel are prohibited from giving money and/or gratuities and/or gifts related to their position and contrary to their obligations or duties to civil servants and state administrators.
3. Obligation to submit gratification reports:
   a. All BNI personnel are required to make a report regarding rejection or acceptance of gratification.

b. Recipients who have submitted a gratification report are free from the threat of criminal acts of bribery as regulated in Law No. 31 of 1999 as amended by Law No. 20 of 2001 concerning the Eradication of Corruption Crimes.

B. Bribery Control Policy

BNI's Anti-Bribery Control Policy stipulates, among other things, that:

1. Maintain Integrity, Professionalism, Banker Ethics, Transparency, Honesty, Consistency and always adhere to the Law and all applicable regulations as well as the Work Culture Values of companies and State-Owned Enterprises.
2. Must refuse giving and receiving bribes in order to uphold the principles of Good Corporate Governance and be free from all forms of Corruption, Collusion and Nepotism.
3. All BNI and Subsidiary Company personnel must play an active role in ensuring the implementation of the Anti-Bribery Management System and must report and take firm action against all forms of violations of the Anti-Bribery Policy.
4. Support the independent Anti-Bribery Compliance Function to develop and encourage continuous improvement of the Anti-Bribery Management System and provide strict supervision in the implementation phase.

C. Anti-Corruption Policy

The Anti-Corruption Policy at BNI stipulates, among other things, that:

1. Maintain Integrity, Professionalism, Banker Ethics, Transparency, Honesty, Consistency and always adhere to the Law and all applicable regulations as well as the corporate culture.
2. Must refuse giving and receiving bribes in order to uphold the principles of Good Corporate Governance and be free from all forms of Corruption, Collusion and Nepotism.

The policies mentioned above are binding and must be understood and implemented seriously by all levels of BNI personnel as part of the Code of Ethics and in order to support the implementation of GCG principles. If there is a violation or non-compliance with this policy, the violating party may be subject to sanctions according to the level of the violation and will be reported to the relevant parties in accordance with applicable law.

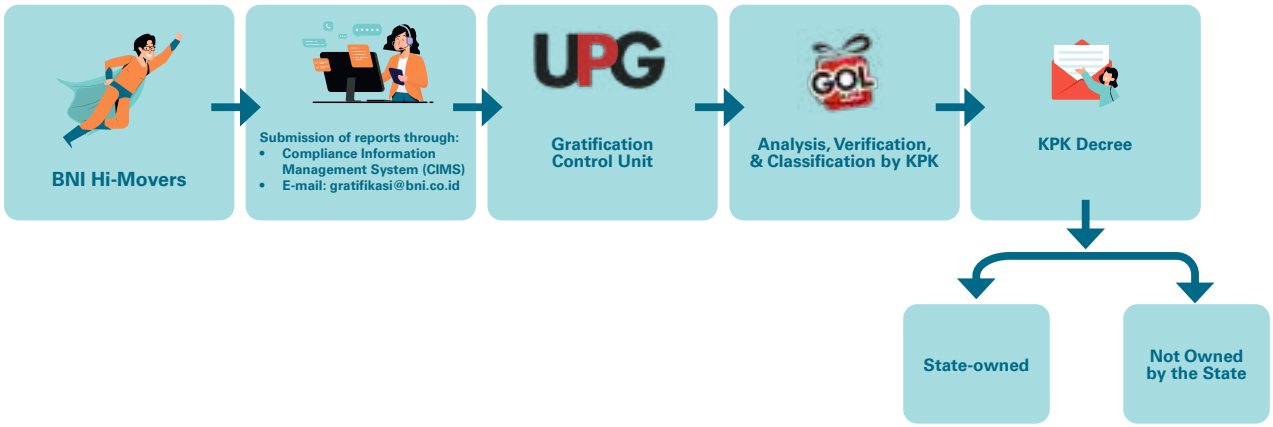
MONITORING AND ASSESSMENT OF GRATIFICATION CONTROL BY THE CORRUPTION ERADICATION COMMISSION

In order to increase the effectiveness of gratification control and prevent the occurrence of bribery practices or other acts of fraud/financial crimes that violate legislation, BNI established a Gratification Control Unit (UPG), which is placed in the Compliance Division to monitor and ensure that anti-bribery and gratification control policies and procedures are works as they should. In accordance with applicable internal regulations, BNI UPG is responsible for carrying out the following tasks:

1. Prepare rules, technical instructions, and other similar requirements to support the implementation of gratification control;
2. Receive, analyze, and administer reports of receipt and rejection of gratification. If necessary, UPG can ask the recipient of the gratification for information regarding the completeness of the gratification report.
3. Forward reports on receipt of gratuities to the Corruption Eradication Committee in accordance with applicable regulations.
4. Submit the results of the management of gratification reports and proposed gratification control policies to management/Board of Directors.
5. Map the vulnerable points for receiving and giving gratuities
6. Monitoring and evaluating the implementation of gratification control at BNI.
7. Carrying out advisory and socialization functions related to gratification control within BNI.
8. Coordinate with related units at BNI to carry out their duties and responsibilities as a gratification control unit at BNI.
9. Store gratification items and/or gratuity gifts and forward them to the Corruption Eradication Commission or convey them back to the reporter in accordance with the decision issued by the Corruption Eradication Commission and/or UPG.

As part of its main duties, UPG BNI submitted a report on the implementation of the Bank's Gratification Control Program to the Corruption Eradication Commission (KPK). Thanks to the consistency and commitment of all BNI employees, in 2025, UPG BNI achieved an Excellent rating for the Implementation of the Gratification Control Program (PPG).

In addition to assessing the implementation of the gratuity control program, the KPK conducted the Integrity Assessment Survey (SPI), a survey designed to measure integrity levels, corruption risks, and the effectiveness of corruption prevention efforts across Ministries, Institutions, Regional Governments, and SOEs (BUMN/BUMD).



The implementation of the SPI involved a broad range of internal and external respondents, including employees, business partners, service users, and other Company stakeholders. In 2025, BNI received an assessment rating of "Maintained" (Terjaga).

The SPI results serve as a strategic evaluation used to formulate follow-up action plans and continuous improvement programs. Follow-up actions based on the survey results are integrated into policies, procedures, and integrity-strengthening programs, in line with the implementation of Good Corporate Governance (GCG) and the Anti-Bribery Management System.

GRATIFICATION REPORTING MECHANISM

To improve the effectiveness and transparency of gratification reporting, all BNI employees are required to report every acceptance or rejection of gratification to the BNI Gratification Control Unit (UPG) via the Compliance Information Management System (CIMS) portal, which can be accessed at cims.bni.co.id. or via email at gratifikasi@bni.co.id.

The explanation of the gratification reporting mechanism is as follows:

DECLARATION OF INTEGRITY PACT, CODE OF ETHICS, AND ANTI-BRIBERY AND ANTICORRUPTION COMMITMENT

In 2025, BNI reaffirmed its commitment to the implementation of integrity principles and work ethics through the declaration of the Integrity Pact, Code of Ethics, and anti-bribery and anti-corruption commitments across all organizational levels. This declaration was signed by the Board of Commissioners, the Board of Directors, and all BNI employees as a stance to uphold honesty, responsibility, and compliance with applicable laws and regulations.

This initiative not only strengthens the culture of compliance and ethics within the Bank but also solidifies BNI's reputation as a highly integrated and trusted financial institution.

2025 GRATIFICATION REPORT

In 2025, there were 237 reports of gratification submitted by BNI employees to BNI UPG. A total of 39 reports were forwarded to the Corruption Eradication Commission as gratification reports that must be reported, while the other 198 reports were included in gratuities that did not have to be reported.

ANTI-BRIBERY MANAGEMENT SYSTEM (SMAP)

In addition to gratification control efforts, BNI also appointed the Compliance Division as the manager of the Anti-Bribery Management System (SMAP). Thus, this effort is in line with BNI's commitment to improve integrity and transparency in every aspect of its operations.

On August 11, 2020, BNI achieving ISO 37001:2016 certification for the scope of Procurement of Goods and Services. Subsequently, on February 9, 2022, the scope of this certification was expanded to cover the Corporate Credit Segment, and in 2023, the certification was again expanded to cover Pension Fund

Activities. In 2025, the second surveillance audit was conducted, which indicated that the implementation of SMAP at BNI was consistent and free from material deviations. The achievement of this certification demonstrates that BNI has successfully managed its gratuity control, anti-bribery, and whistleblowing systems in accordance with ISO standards and internationally recognized best practices.

SOCIALIZATION OF ANTI-GRATIFICATION POLICY, GRATIFICATION REPORTING, AND ANTI-BRIBERY

BNI continuously raises employee awareness through various training and socialization activities on gratuities and anti-bribery. These activities are carried out regularly through various communication channels such as webinars, the official BNI website, BNI Forum, BNI DigiHC, BNI Menyapa, Instagram Quickpose, and the official BNI46 Instagram account.

Some of the activities, educational programs, and socialization efforts carried out by UPG BNI during 2025 include:

1. Submission of Gratuity Acceptance and Rejection Reports on BNI Forum.
2. Signing of the Gratuity & Anti-Bribery Declaration through the DigiHC application
3. Socialization of SMAP and World Anti-Corruption Day (HAKORDIA) to internal and external parties through videos, digital banners, and videotrons at BNI offices.
4. Appeal to the Board of Directors, Board of Commissioners, and all Divisions/Units/Units not to give/accept gratuities related to religious holidays (Chinese New Year, Eid al-Fitr and Christmas) and New Year, which is also broadcast through internal communication media accessible to all employees, such as BNI Forum, DigiHC, and Instagram Quickpose, as well as to BNI stakeholders through posters, the BNI website, and national mass media.
5. Implementation of the 2025 Second Year Surveillance Audit with audit results showing no major or minor findings, demonstrating BNI's commitment and consistency in implementing SMAP.
6. Socialization by the Gratification Control Unit regarding gratification control and SMAP in Divisions, Regional Offices, and Branch Offices.
7. Anti-Corruption Technical Guidance for the Business Sector conducted by the Corruption Eradication Commission (KPK) for BNI's consultants, vendors, and business partners on 21 August 2025.
8. Organization of a Compliance Forum on 16 September 2025, themed "Decision-Making Based on the Business Judgment Rule in Support of Good Corporate Governance and Anti-Corruption," featuring speakers from the KPK and attended by all members of the Board of Directors, Board of Commissioners, Senior Executive Vice Presidents (SEVP), Boards of Directors and Boards of Commissioners of Subsidiaries, Division and Regional Heads, Anti-Corruption Counselors (PAKSI), Certified Integrity Builders (API), and all BNI employees.
9. Participation in the Integrity Assessment Survey (SPI) organized by the Corruption Eradication Commission (KPK) during the period of August–October 2025.

Policy for Procurement of Goods and/or Services

To support seamless business and banking operations, BNI carries out the procurement of goods and/or services based on operational needs, with reference to the Regulation of the Minister of State-Owned Enterprises No. PER 02 MBU 03 2023 on Corporate Governance Guidelines and Significant Corporate Actions of State-Owned Enterprises, which has been institutionalized through BNI's internal Procurement Corporate Guidelines.

Each procurement process for goods and/or services is implemented by applying the principles of efficiency, effectiveness, competitiveness, transparency, fairness and reasonableness, openness, and accountability, in line with the principles of Good Corporate Governance, from the planning stage through to the handover of work results. Through the consistent application of these principles, BNI ensures that every procurement activity delivers optimal value to the Bank and all stakeholders.

As a tangible manifestation of BNI's commitment to environmental, social, and governance aspects, BNI prioritizes responsible procurement practices and seeks to reduce environmental impacts by encouraging suppliers to comply with sustainability principles. BNI also supports the use of domestic products by requiring the possession of Domestic Component Level certification, and empowers micro, small, and medium enterprises as suppliers of goods and/or services.

To safeguard the quality and integrity of the procurement process, BNI conducts regular compliance audits and has implemented ISO 37001:2016 Anti Bribery Management System and ISO 9001:2015 Quality Management System certifications. These implementations reflect BNI's commitment to conducting procurement processes that are clean, professional, and aligned with international standards.

Core Principles of procurement of Goods and/or Services [ACGS B.4.2]

The procurement of goods and/or services at BNI is conducted in accordance with the principles of efficiency, effectiveness, competitiveness, transparency, fairness and reasonableness, openness, and accountability. The application of these principles is intended to ensure that every procurement activity delivers the best value for the Company through optimal use of resources, appropriate fulfillment of needs, and the creation of a healthy and balanced competitive environment. BNI is committed to building a reliable and transparent procurement system in order to optimize value for money, minimize the risk of irregularities, and maximize benefits for all stakeholders involved in the process, while consistently upholding high ethical standards and sound corporate governance.

The core procurement of goods and/or services principles at BNI are articulated as follows:

1. Efficient
   The procurement of goods and/or services shall be carried out to achieve optimal and best results within a reasonable timeframe, utilizing available funds as efficiently and reasonably as possible, and shall not be based solely on the lowest price. For the procurement of strategic goods and/or services with significant value, a total cost of ownership approach may be applied
2. Effective
   The procurement of goods and/or services shall be aligned with the defined needs and deliver the greatest possible benefits in accordance with the established objectives.
3. Competitive
   The procurement of goods and/or services shall be open to qualified providers and conducted through fair competition among providers that are equal and meet the specified requirements or criteria, based on clear and transparent provisions and procedures.
4. Transparent
   All provisions and information related to the procurement of goods and/or services, including administrative and technical requirements, evaluation methods, evaluation results, and the determination of prospective providers, shall be disclosed to interested participating providers.
5. Fair and Reasonable
   In the implementation of the procurement of goods and/or services, BNI provides equal treatment to all prospective providers that meet the requirements.

6. Open
   The procurement of goods and/or services may be participated in by all prospective providers that meet the specified requirements.
7. Accountable
   Procurement activities shall achieve their intended objectives and be accountable, thereby minimizing the potential for misuse or irregularities.

Ethics in Procurement of Procurement of Goods and/Services [ACGS: B.4.2]

BNI firmly establishes procurement ethics for goods and/or services that apply to all parties involved in the procurement process. These procurement ethics are intended to promote sound procurement practices, enhance the efficiency of budget utilization, prevent budget leakage, and ensure the implementation of a clean and integrity driven procurement process.

The ethics of procurement of goods and/or services at BNI are explained as foll:

1. Performing tasks diligently and responsibly to achieve procurement objectives and ensure smooth and timely execution.
2. Working professionally and independently while safeguarding confidential information to prevent procurement irregularities.
3. Avoiding any direct or indirect influence that may lead to unhealthy business competition.
4. Accepting and being accountable for all decisions made based on written agreements with relevant parties.
5. Preventing and avoiding conflicts of interest with any related parties that may result in unhealthy business competition.
6. Preventing and avoiding financial wastage and leakage.
7. Avoiding and preventing abuse of authority and/or collusion.
8. Refraining from offering, promising, or accepting gifts, rewards, commissions, rebates, or any other compensation from and for anyone related to procurement activities.

Methods and Mechanisms of Procurement of Goods and/Services [ACGS: B.4.2]

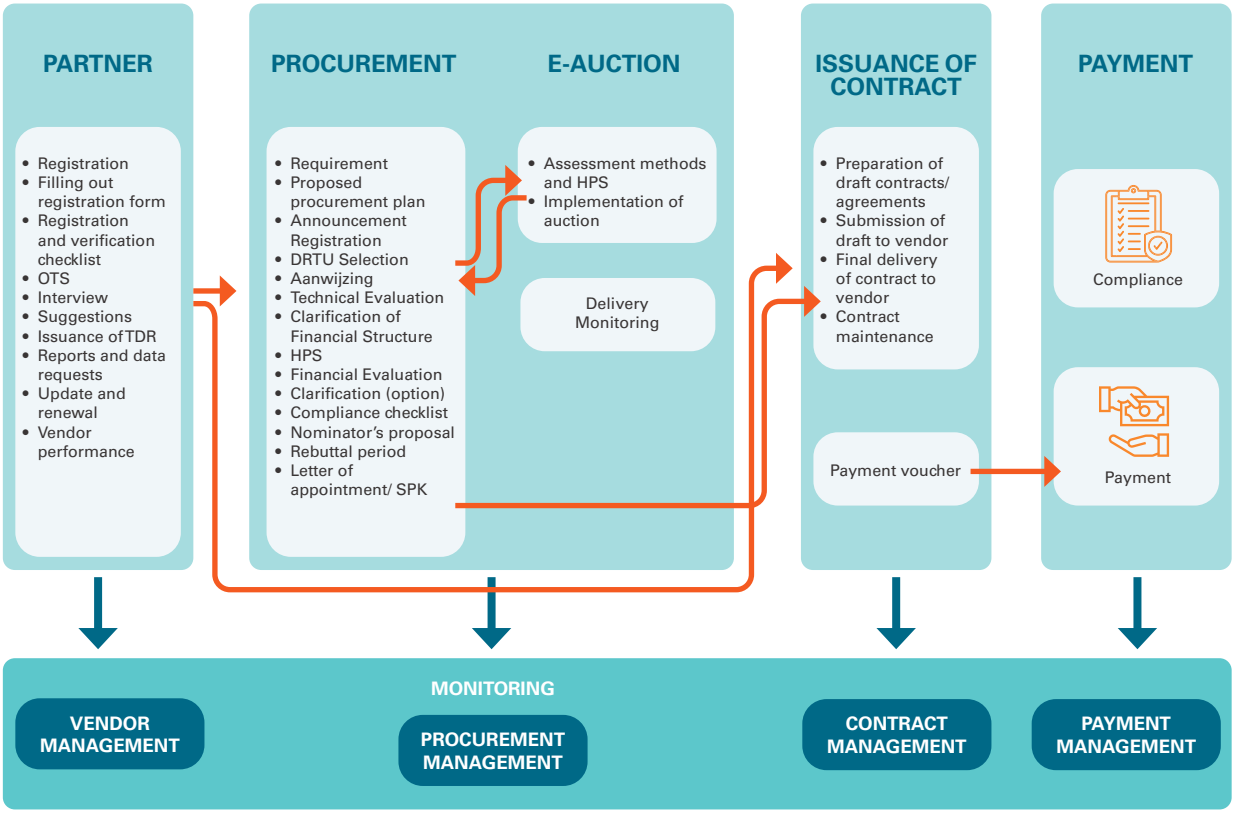
To ensure an efficient and on-target procurement process, BNI applies various methods for the procurement of goods and/or services, tailored to the characteristics and requirements of each project. The procurement of goods and/or services is carried out through the following methods: Open Tender or Open Selection, Limited Tender or Limited Selection, Direct Appointment, Direct Procurement, and Self-Management. Each method is governed by specific provisions and criteria designed to ensure that the process is conducted in accordance with the principles of effectiveness, transparency, and accountability.

The mechanisms for each of these procurement methods are as follows:

Procurement Method for Goods and/or Services	Implementation Mechanism
Open Tender or Open Selection	Procurement of goods and/or services that is publicly announced through mass media to provide equal opportunity for qualified providers of goods and/or services to participate in the procurement process.
Limited Tender or Limited Selection	Procurement of goods and/or services offered to a limited number of parties, with at least two invited bidders.
Direct Appointment	Procurement of goods and/or services conducted by directly appointing one provider of goods and/or services, or through appointment via a beauty contest, in accordance with the requirements for Direct Appointment.
Direct Procurement	Procurement of goods and/or services conducted through direct purchase of goods available in the market at market prices, including through electronic purchasing.
Self Management	Implementation of work carried out and/or supervised directly by BNI.

Overview of Procedures for Procurement of Goods and/or Services [ACGS: B.4.2]

Terms	Procurement of Goods and/or Services Refers to External and Internal Regulations (Procurement Corporate Guidelines)
Centralization of Goods and/or Services Procurement	In principle, the procurement of goods and/or services applies a centralized system, taking into account considerations of efficiency, effectiveness, and security. However, in certain circumstances, decentralization may be implemented by delegating part or all of the authority for procurement to designated units, while providing opportunities for internal participation in the procurement of goods and/or services.
Goods and/or Services Procurement Strategy	1. Improving the quality of procurement management. 2. Implementing procurement of goods and/or services through open contract systems and framework contracts to obtain the best prices. 3. Accelerating the procurement process for goods and/or services based on the nature of the work or type of goods and/or services. 4. Improving vendor management provisions related to vendor classification based on class or tier. 5. Digitalizing the procurement process for goods and/or services.
Separation of Functions	The separation of functions among units involved in the procurement of goods and/or services is as follows: 1. The requesting unit. 2. The procurement implementing unit that carries out the procurement process. 3. The vendor management unit that conducts selection of prospective vendors and recommends participating vendors for the procurement of goods and/or services. 4. The unit that analyzes and prepares cost estimates or Owner's Estimate. 5. The unit that prepares contracts. 6. The unit that reviews the completeness of payment document requirements. 7. The unit that performs project supervision and control in accordance with the contract documents until project handover.
Leveling of Deciding Authority	The authority to make decisions in the procurement of goods and/or services is exercised in stages, taking into account the level of risk and the value of the procurement, through decision making mechanisms within the Procurement Committee.



PROCUREMENT THROUGH THE ELECTRONIC PROCUREMENT SYSTEM (E-PROC)

In line with technological advancements and its commitment to enhancing efficiency and transparency, BNI has implemented a digital based procurement system for goods and/or services, known as electronic procurement (e Proc). Through this web based platform, all parties involved, including vendors or prospective business partners, procurement committees, and internal BNI units, are able to interact online within a single integrated system. The procurement process is conducted on an end to end basis, covering vendor registration, the execution of procurement stages, compliance testing, contract signing, and payment processing. This approach enables BNI to carry out procurement activities that are more efficient, accountable, and easier to monitor.

BNI's electronic procurement system (e Proc) can be accessed through BNI's corporate website or directly via https://e-proc.bni.co.id. The development of the e Proc system and related policies forms part of BNI's digital transformation strategy to strengthen its competitiveness in an increasingly digitalized banking industry. Through e Proc, BNI delivers a fully digitalized procurement process supported by key modules such as Procurement Management, Vendor Management, and Contract Management, which are designed to enhance efficiency, transparency, and integration across all stages of the procurement of goods and/or services.

Since 2018, e-Procurement has been implemented at the Head Office, with the objective of integrating and effectively monitoring all procurement processes for goods and/or services at the Head Office.

FLOW OF PROCUREMENT PROCESS THROUGH ELECTRONIC PROCUREMENT (E-PROC) APPLICATION

CERTIFICATION RELATED TO THE MANAGEMENT OF GOODS AND/OR SERVICES PROCUREMENT

ISO 37001:2016 Anti-bribery Management System	In an effort to enhance integrity and transparency, BNI successfully obtained the SNI ISO 37001:2016 certification for its Anti-Bribery Management System on August 11, 2020, specifically covering the scope of Goods and Services Procurement. This certification was renewed on January 1, 2024, and is valid for three years, encompassing the Goods and Services Procurement Process, Corporate Credit Segment, and Pension Funds. BNI is committed to conducting all its activities based on principles of accountability and responsibility, implementing the AKHLAK values as the foundation of corporate governance, adhering to Principle 46, and complying with BNI's Code of Ethics and applicable regulations. As a tangible manifestation of this commitment, BNI strives to: 1. Uphold honest, sincere, and disciplined behavior, and act with consistency and responsibility; 2. Implement statutory and internal regulations related to the Anti-Bribery Management System in every action and decision-making process; 3. Take a firm stance against all forms of bribery to establish good corporate governance and eliminate Corruption, Collusion, and Nepotism (CCN); 4. Actively ensure the implementation of the Anti-Bribery Management System, including reporting suspected violations of anti-bribery policies in accordance with the mechanisms in place at PT Bank Negara Indonesia (Persero) Tbk; 5. Accept the sanctions determined by the company if found in violation of the anti-bribery policy. To combat CCN (Corruption, Collusion, and Nepotism) practices and bribery, BNI has designated the Compliance Division as an independent function responsible for developing and overseeing the implementation of the Anti-Bribery Management System. This unit is also authorized to take decisive actions against any violations. To ensure the Anti-Bribery Management System policy is well-received by all internal and external stakeholders, socialization efforts targeting the BNI environment and other stakeholders remain crucial. In 2025, BNI successfully maintained its Anti-Bribery Management System Certification after undergoing a re-certification audit of goods and/or services procurement in 2023.

ISO 9001:2015 Quality Management System for Own Estimate Price Section (HPS)	To improve the quality of the management of Own Estimate Price (HPS) in accordance with international standards, BNI has successfully obtained ISO 9001:2015 certification in the field of Quality Management System for the management of Own Estimate Price. This certification reflects BNI's commitment to being a reliable service provider for customers, by offering fair and timely prices, and complying with all applicable laws and regulations. BNI also continues to make continuous improvements to improve service quality in accordance with international standards and practices. In 2025, BNI successfully maintained the second Surveillance Audit for ISO 9001:2015 Quality Management System Certification in the Self Estimate Price (HPS) function.
ISO 9001:2015 Quality Management System in the Vendor Management Section	BNI's commitment to improving the quality of vendor management in accordance with international standards is demonstrated through its ISO 9001:2015 certification for Quality Management Systems in Vendor Management. This certification serves as tangible evidence of BNI's dedication to providing reliable and professional vendor services to ensure the smooth execution of goods and/or services procurement processes. With this certification, BNI not only highlights its ability to recommend high-quality vendors that meet specifications but also affirms that its vendor management processes comply with global quality standards. This instills greater confidence among BNI's business partners and customers that all procurement processes are managed with transparency and high professionalism. Moreover, BNI consistently conducts evaluations and continuous improvements to enhance the quality of its vendor management services. In 2025, BNI successfully maintained its Surveillance Audit, reaffirming its commitment to upholding high-quality standards in all aspects of vendor management. This achievement further solidifies BNI's position as a bank that implements best practices in vendor management, ensuring that all procurement processes adhere to international standards and practices to achieve sustainable operational excellence.

PARTNER EVALUATION (DUE DILIGENCE) IN 2025

BNI consistently conducts comprehensive due diligence evaluations of its business partners to ensure that all partners engaged meet the quality, compliance, and integrity standards established by the Bank.

This evaluation process encompasses a review of various key aspects, including legal standing, operational capability, financial condition, experience, as well as corporate track record and reputation. In addition, BNI assesses the extent to which its partners apply Good Corporate Governance principles, comply with applicable regulations, and give due consideration to sustainability aspects in their operations.

Through the implementation of a rigorous and well-structured due diligence process, BNI seeks to minimize potential legal, operational, and reputational risks, while ensuring that each partner is able to effectively support the achievement of BNI's strategic objectives and the long term sustainability of its business.

Company Code of Ethics [ACGS D.2.1, D.2.2, D.2.3]

BNI has established and implemented aCode of Conduct as the primary guideline for maintaining integrity, professionalism, and accountability among all employees in carrying out business activities. The Code of Ethics clearly regulates fundamental values, business ethics, work ethics, and commitment to corporate regulations, ensuring that all business activities are conducted in accordance with principles of honesty, compliance, and good corporate governance.

The Code also provides clear direction regarding behavioral boundaries and appropriate forms of interaction — including those that are prohibited — between employees and customers, business partners, and other stakeholders, in order to foster ethical and constructive relationships. The BNI Code of Ethics was developed based on the Bank's vision, mission, and core values, while also aligning with internal policies and evolving market dynamics.

Key Principles of The Code of Ethics [ACGS D.2.1]

All BNI Hi-Movers are required to comply with the following fourteen (14) key provisions of the BNI Code of Ethics:

1. Acting professionally, upholding the Beliefs work culture and AKHLAK Core Values.
2. Serving as role models and reminding subordinates, supervisors, colleagues, and business partners to implement the BNI Code of Ethics.
3. Maintaining good relationships among fellow BNI Hi-Movers.
4. Safeguarding bank confidentiality and confidentiality of position.
5. Ensuring workplace safety and security.
6. Protecting health, natural resources, and the environment.
7. Recording, reporting, and administering work accurately, honestly, and properly.
8. Preventing conflicts of interest that may harm BNI.
9. Refraining from giving or receiving gifts of any form — directly or indirectly — from any party related to job duties and responsibilities.
10. Acting as a spokesperson only in the best interest of BNI.
11. Not becoming members or donors of political parties.
12. Not disseminating false information regarding BNI.
13. Not using BNI assets for personal interests.
14. Not misusing BNI corporate identity for personal gain.

Applicability of The Code of Ethics Across The Organization [ACGS D.2.1 D.2.2]

The BNI Code of Ethics applies to all personnel at every organizational level — both permanent and non-permanent employees — including the Board of Directors and the Board of Commissioners. Compliance with the Code reflects the commitment of all BNI Hi-Movers to perform their duties and responsibilities with integrity and the highest ethical standards.

This commitment is demonstrated through the signing of an Integrity Pact by every employee, affirming their pledge to uphold ethics, transparency, and professionalism in daily work activities.

Code of Ethics Related to Anti-Corruption

[ACGS B.4.5, D.2.1, D.2.2]

BNI consistently promotes an anti-corruption culture across the organization by fostering an integrity-based, transparent, and KKN-free work environment. A key milestone was the establishment of the Gratification Control Unit (UPG), initiated through the signing of the Anti-Gratification Commitment between BNI's President Director and the Corruption Eradication Commission (KPK) on 17 October 2016.

This initiative strengthens BNI's compliance with anti-corruption regulations and ensures that business operations are conducted prudently and in line with good governance principles. Under the Code of Ethics, every employee is strictly prohibited from giving or receiving gifts, rewards, or any form of gratification — directly or indirectly — from any party related to their duties and responsibilities.

Code of Ethics Related to Vendors [ACGS D.2.1]

BNI frequently collaborates with third parties to support the smooth operation of the Bank's operations. To implement an anti-corruption culture, BNI ensures that every employee understands and adheres to good business ethics, as outlined in the BNI Code of Ethics, particularly regarding professional relationships with vendors. The anti-corruption policies regarding vendors contained in the BNI Code of Ethics include:

1. Working professionally and independently while maintaining confidentiality to prevent irregularities in procurement.
2. Avoiding direct or indirect influence that may result in unhealthy business competition.
3. Accepting and being accountable for decisions made in accordance with written agreements.
4. Preventing and avoiding conflicts of interest with related parties that could affect fair business competition.
5. Striving to prevent waste and financial leakage of public or corporate funds.
6. Preventing the misuse of authority and collusion practices that could harm the procurement process.
7. Avoiding offering, promising, or accepting gifts, rewards, commissions, rebates, or other forms of compensation related to goods and/or services procurement.

Signing of The Integrity Pact [ACGS D.2.1]

As a commitment to an ethical work environment and adherence to the Code of Ethics, all BNI Hi-Movers across organizational levels sign the Employee Integrity Pact as a declaration to uphold integrity, transparency, and professionalism.

Through this signing, every employee is expected to fully understand the content and meaning of the Integrity Pact and reaffirm their personal commitment to reject all forms of corruption, gratification, bribery, and other ethical violations.

Throughout 2025, implementation of the Integrity Pact achieved 100% compliance, reflecting the strong commitment of BNI employees to building an ethical, disciplined, and highly-integrity work culture.

Dissemination and Socialization of The Code of Ethics [ACGS D.2.1]

To cultivate a governance-driven corporate culture, BNI consistently communicates and internalizes the principles of the Code of Ethics to all BNI Hi-Movers employees, both those working at the Head Office and Regional Offices, as well as branch offices. The means used to disseminate the BNI Code of Ethics are as follows:

1. Pocket-book versions of the BNI Code of Ethics distributed to all employees.
2. E-learning modules accessible to all employees.
3. Sharing sessions within divisions/work units.
4. Internal digital communication platforms (DigiHC, BNI Smarter, BNI CorpuTV, BNI Menyapa, Sinergi Magazine, BNI Forum), internal displays, and internal social media channels such as Instagram @quickpose.

Internalization is also reinforced through regular GCG and ethics training for all BNI Hi-Movers — both new hires and experienced employees — complemented by coaching from direct supervisors. To ensure effective implementation, BNI applies rigorous oversight mechanisms and enforces firm sanctions for violations as part of discipline and corrective learning, thereby ensuring that all employees consistently uphold ethical conduct and integrity in their work.

Implementation and Enforcement through Multiple Channels [ACGS D.2.1, D.2.3]

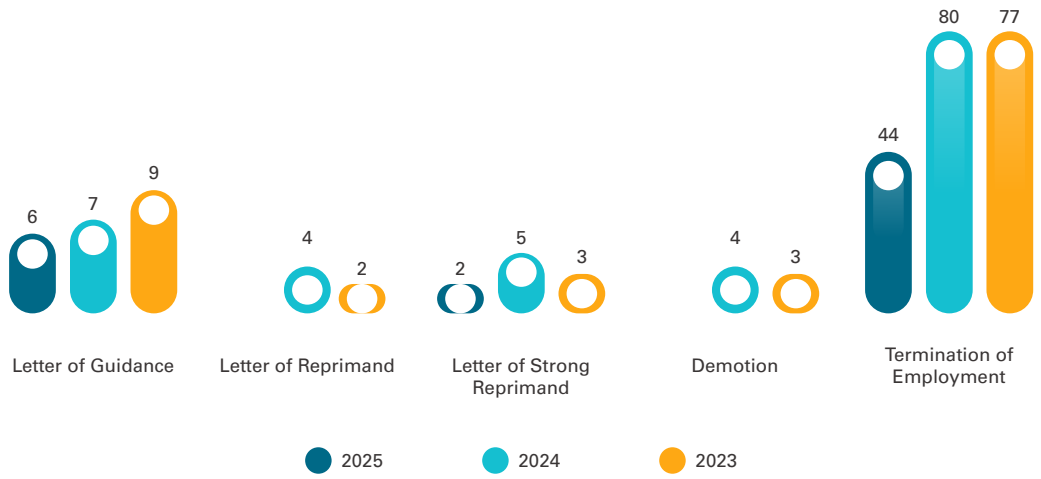
The implementation and enforcement of the Code of Ethics form an integral component of Good Corporate Governance (GCG) across all levels of BNI. The Code of Ethics functions as a guiding framework for the Board of Commissioners, the Board of Directors, and all employees in carrying out the Bank's vision and mission. BNI consistently monitors adherence and provides a Whistleblowing System (WBS) as a secure channel for reporting violations, with full assurance of reporter confidentiality. Each report must be supported by valid evidence to be processed, and any breach of the Code of Ethics is subject to firm, non-discriminatory sanctions — underscoring BNI's commitment to integrity and sound governance.

In addition to the WBS, BNI also provides several internal communication channels to facilitate reporting and identification of potential Code of Ethics violations, including:
Reporting channels include:
1. Website: http://bni-transparan.tipoffs.info
2. E-mail: bni-transparan@tipoffs.com.sg
3. Phone: 021-57853377
4. SMS & WhatsApp: 0811-970-1946
5. Mail: BNI Transparan, P.O. BOX 2646, JKP 10026

Types and Forms of Sanctions for Code of Ethics Violations [ACGS D.2.1]

Any employee proven to have violated the Code of Ethics is subject to strict sanctions in accordance with the severity of the violation. Details of violations and sanctions are presented in the following table:

Principal Sanctions	Types of Code of Ethics Violations
Preliminary Guidance Letter	Violations of critical activities are defined as those that have not yet resulted in a loss to BNI.
Letter of Guidance (SP)	Violations of rules, policies, procedures, and obligations that do not result in losses.
Letter of Reprimand (STE)	Violations of rules, policies, procedures, and obligations that result in non-material losses.
Letter of Strong Reprimand (STK)	Violations of policies, procedures, and obligations that result in both material and non-material losses.
Demotion	Violations of policies, procedures, and obligations that result in material losses, but without fraud, deceit, fictitious acts, fabrications, and/or gratification.
Termination of Employment (PHK)	Violations of policies, procedures, and obligations that result in intentional material losses and contain elements of fabrication, fraud, and/or fictitious transactions.



Code of Ethics Violations and Handling in 2025 [ACGS D.2.1]

Throughout 2025, there were 44 Code of Ethics violations at BNI — a significant decrease from the previous year, which recorded 80 violations. This decline demonstrates meaningful progress resulting from BNI's efforts to consistently enforce the Code of Ethics.

BNI has taken firm and appropriate corrective actions by imposing sanctions, as outlined in the following table:

Principal Sanctions	2025	2024	2023
Letter of Guidance	6	7	9
Letter of Reprimand	0	4	2
Letter of Strong Reprimand	2	5	3
Demotion	0	4	3
Termination of Employment	36	60	60
Total	44	80	77

Trends in Sanctions for Code of Ethics Violations 2023-2025

Corporate Values and Culture

As part of a State-Owned Enterprise (BUMN), BNI adopts the AKHLAK core values — Amanah (Trustworthy), Kompeten (Competent), Harmonis (Harmonious), Loyal (Loyal), Adaptif (Adaptive), and Kolaboratif (Collaborative) — as the primary foundation for building its corporate culture. These values serve as moral and ethical guidelines for all BNI Hi-Movers in carrying out their duties, interacting with others, and making decisions. Through the consistent application of AKHLAK across all organizational levels, BNI is committed to fostering a work environment that is ethical, professional, and collaborative, while simultaneously strengthening the Company's competitiveness and reputation both nationally and globally.

Nilai Utama

Code of Conduct [ACGS D.2.1]

BNI has established 18 behavioral guidelines, as follows:

1. Fulfilling commitments and promises that have been made.
2. Taking responsibility for every task, decision, and action taken.
3. Upholding moral and ethical values.
4. Continuously improving competencies to respond to evolving challenges.
5. Supporting others in learning and developing.
6. Completing assignments with the highest quality.
7. Respecting every individual regardless of background.
8. Demonstrating a willingness to help others.
9. Creating a harmonious and conducive work environment.
10. Safeguarding the reputation of colleagues, leaders, State-Owned Enterprises, and the nation.
11. Willingly making sacrifices to achieve greater goals.
12. Complying with superiors' directions, as long as they do not conflict with law and ethics.
13. Adapting quickly in order to improve.
14. Continuously striving for ongoing improvement.
15. Acting proactively.
16. Providing opportunities for everyone to contribute.
17. Being open to collaboration in order to create added value.
18. Mobilizing the use of available resources to achieve shared objectives.

Allocation of Funds for Social and Political Activities

BNI is committed to providing a real contribution to improving community welfare and environmental preservation through the implementation of the Social and Environmental Responsibility (TJSL) Program. This program is strategically and sustainably designed to be on target and capable of meeting community needs, particularly for those living around the Bank's operational areas. Every year, BNI consistently allocates TJSL funds as a form of social responsibility and a manifestation of the Company's concern for balanced economic, social, and environmental development. In 2025, the total realized TJSL budget reached IDR116.82 billion, an increase/decrease from the previous year of IDR129.9 billion, reflecting BNI's commitment to creating a sustainable positive impact.

Furthermore, BNI also emphasizes its policy on political neutrality by prohibiting all BNI Hi-Movers from becoming members, donors, or being involved in political party activities. Throughout 2024 and 2025, BNI ensured that no funds or support of any kind were provided for political activities, as part of the Company's commitment to maintaining integrity, independence, and professionalism in conducting all business activities.

Provision of Funds for Related Parties and Provision of Large Exposure [ACGS C.4]

BNI has established a comprehensive set of policies and procedures that govern the Legal Lending Limit (BMPK) and credit distribution to related parties, including those governing credit limits for industry sectors and the mechanisms for monitoring and resolution. To ensure effective implementation in line with prudential principles, BNI regularly convenes meetings of the Credit Procedures Committee, the Credit Policy Committee, and the Board of Directors to discuss evaluations, policy enhancements, and operational implementation in lending. These measures are undertaken to mitigate credit risk and maintain the quality of the Bank's financing portfolio.

Pursuant to OJK regulations on good governance implementation for commercial banks, BNI applies the principles of prudential banking in all funding activities, particularly on related parties and large exposures. This principle is reflected through portfolio diversification to avoid excessive risk concentration. Policy funding provided to related parties, including members of the Board of Directors, the Board of Commissioners, Executive Officers, and large exposures, is also implemented in compliance with OJK Circular Letter No. 14/SEOJK.03/2025 on the Implementation of Good Governance for Commercial Banks, especially on the Governance Transparency section.

To ensure that funding to related parties and large exposures is conducted in accordance with prudential principles, BNI manages the following risk management aspects:

1. Establishing clear policies and procedures covering the entire credit process, from credit origination through approval, monitoring, and recovery.
2. Requiring that the provision of funds to related parties obtain prior approval from the Board of Commissioners.
3. Reporting the provision of funds above a specified threshold to the Board of Commissioners, which may request explanations from the Board of Directors where deemed necessary.
4. Conducting audits by the Internal Audit Unit based on risk assessments to ensure the adequacy of risk management and internal control, including within the credit approval process.

In providing funds to related parties and in large exposures, BNI applies a Credit Risk Appetite grounded in prudential principles, as follows:

1. The implementation of an Internal Rating System and Loan Portfolio Management, supported by an early warning system to prevent breaches of the Legal Lending Limit (BMPK), including the application of House Limits and Country Exposure Limits.
2. Periodic reporting of capital position and the Capital Adequacy Ratio (CAR) to management and regulators, which serves as a key reference in conducting business activities, particularly in the provision of funds.

POLICY ON THE PROVISION OF FUNDS TO RELATED PARTIES [ACGS C.4.1]

In providing funds to related parties, BNI consistently applies prudential banking principles and ensures full compliance with internal policies, regulatory requirements, and applicable laws and regulations. All funding decisions are subject to a tiered review process with transparent evaluation mechanisms, ensuring that decisions are made prudently and in line with the principles of good corporate governance.

Furthermore, in managing material transactions with related parties or transactions that may give rise to conflicts of interest, BNI has established robust internal control procedures. Thresholds have been defined for such transactions to obtain approval from the Board of Commissioners or the General Meeting of Shareholders, upon recommendation from the Audit Committee, and to be reported to regulators and disclosed to the public as part of BNI's commitment to transparency, in accordance

with OJK Regulation No.42/POJK.04/2020 on Affiliated Transactions and Conflicts of Interest and OJK Regulation No.17/POJK.04/2020 on Material Transactions and Changes in Business Activities.

In 2025, BNI did not conduct any material transactions with affiliated parties that involved conflicts of interest. [ACGS A.8.1]

POLICY ON LARGE EXPOSURES

Large exposure refers to the provision of funds to a single borrower or a single group of borrowers, other than related parties, amounting to 10 percent or more of the Bank's core capital (Tier 1). In distributing such funding, BNI consistently applies a comprehensive and highly prudent creditworthiness assessment process, using the same standards applied to general borrowers, in line with prudential banking principles, transparency, and good corporate governance.

In 2025, there were no violations or exceedances of the Legal Lending Limit (BMPK) in relation to large exposures. Detailed information on funding provided to related parties, including the nature of the relationship, the nature of the transactions, and the transaction values during 2025, has been disclosed in the Notes to the Consolidated Financial Statements, which form an integral part of this Annual Report.

REPORTING AND DISCLOSURE

BNI submits Legal Lending Limit (BMPK) reports in accordance with the requirements stipulated by the regulator, namely the Financial Services Authority (OJK). Information relating to the provision of funds to Related Parties and to the 20 (twenty) largest non related borrowers, both on an individual and group basis, at BNI during 2025, is presented as follows:

Provision of Funds	2025		2024	
	Number of Debtors	Nominal Amount (IDR million)	Number of Debtors	Nominal Amount (IDR million)
To Related Parties	315	2,112,555	341	2,191,892
To Debtors:	20	284,927,533	20	237,908,427
a) Individuals	1	20,839,756	2	27,407,091
b) Group	19	264,087,777	18	210,501,336

Credit Granting for Related Party

As a manifestation of its commitment to implementing responsible and prudent banking practices, BN has set a clear and measurable policy for the provision of credit to related parties. This policy refers to the provisions of POJK No. 32/POJK.03/2018 concerning the Maximum Limit for Credit Provision and Large Fund Provision for Commercial Banks, as updated through POJK No. 38/POJK.03/2019.

Pursuant to Article 5 of POJK 32/2018, the total portfolio of funds provided to related parties shall be set at a maximum of 10% (ten percent) of the Bank's capital. This limit's setting is to ensure controlled risk exposure management and maintain the Bank's financial stability and health.

The provision of funds encompasses various forms of Bank investment, such as credit, securities, placements, receivables on securities purchased with agreements to resell (reverse repos), and other forms of fund provision that meet regulatory requirements.

The policy for the Provision of Credit to Related Parties at BNI is outlined in the Company Guidelines. This policy stipulates that the Bank is prohibited from providing Provision of Funds (hereinafter referred to as "Provision of Credit") to Related Parties without the approval of the Board of Commissioners and without violating general procedures for Provision of Funds. Furthermore, the provision of credit to prospective debtors/debtors who are related to each other or who have a conflict of interest with the credit processor and/or decision-maker is also regulated in the Company Guidelines. Related Parties, as stipulated in POJK No. 32/POJK.03/2018 as later amended by POJK No. 38/POJK.03/2019, include:

a. Individuals or companies under whom the Bank is under control of.
b. Legal entities, in cases where the Bank acts as the -controller.
c. Companies, in certain cases where the individuals or companies referred to in letter a act as the controller.
d. Members of the Board of Directors, Members of the Board of Commissioners, and Executive Officers of the Bank; Referred to as Executive Officers are officials who report directly to the Board of Directors or have significant influence over the Bank's policies and/or operations, including division heads, regional office heads, branch office heads, functional office heads whose positions are at least equivalent to branch office heads, heads of risk management units, heads of compliance units, and heads of internal audit units, and/or other equivalent officials.
e. Parties with horizontal or vertical familial relationships:
   1) From individuals who control the Bank as referred to in letter a; and
   2) From members of the Board of Directors and/or members of the Board of Commissioners at the Bank as referred to in letter d.
   Horizontal or vertical familial relationships include:
   - biological/step/adoptive parents;
   - biological/step/adoptive siblings;
   - biological/step/adoptive children;
   - biological/step/adoptive grandparents;
   - biological/step/adoptive grandchildren;
   - biological/step/adoptive siblings of parents;
   - husband or wife;
   - in-laws;
   - husband or wife of biological/step/adoptive children;
   - the grandfather or grandmother of a husband or wife;
   - the husband or wife of a biological/step/adoptive grandchild; or
   - the biological/step/adoptive sibling of a husband or wife and the husband or wife of the sibling concerned.
   f. Members of the Board of Directors and/or members of the Board of Commissioners, in companies referred to in letters a, b, and/or c.
   g. Companies whose members of their Board of Directors and/or members of the Board of Commissioners are also members of the Board of Commissioners of the Bank.

h. Companies/entities where 50% (fifty percent) or more of their members of the Board of Directors and/or members of the Board of Commissioners are also members of the Board of Directors and/or Commissioners of a company referred to in letters a, b, and/or c.
i. Companies/entities where:
   1) Members of the Board of Directors, members of the Board of Commissioners, and/or Executive Officers of the Bank as referred to in letter d. act as controllers; and
   2) Members of the Board of Directors and/or members of the Board of Commissioners of the parties referred to in letters a, b, and/or c, act as controllers.
j. Collective investment contracts where the Bank and/or parties referred to in letters a to i. owns 10% (ten percent) or more of the shares in the Investment Manager of the collective investment contract.
k. Companies that have financial relationships with the Bank and/or parties as referred to in letters a. to i. Financial relationships are analyzed based on several factors, namely:
   1) there is financial assistance from the Bank and/or Related Parties or financial assistance to Banks and/or other Related Parties with terms that give the party providing the financial assistance the ability to determine (controlling influence) the strategic policies of the company receiving the financial assistance;
   2) There is a significant business chain relationship in the Bank's or Related Party's business operations with other companies, resulting in dependency between one party and another, resulting in:
      - One party being unable to easily transfer business transactions to another party; and
      - The inability to easily transfer business transactions causes significant disruption to one party's cash flow, making it difficult to meet obligations; and/or
   3) There is a transfer of credit risk through a guarantee, where the party providing the guarantee will assume some or all of the financial risk from the guaranteed party.
l. The borrower is an individual or non-bank company that has a financial relationship through the provision of a guarantee to the party referred to in letters a through k.
m. m. The borrower has a financial relationship through a guarantee provided by the party referred to in letters a through k.
n. Another bank that has a financial relationship through the provision of a guarantee to the party referred to in letters a through k, in the event of a counter guarantee from the Bank and/or the party referred to in letters a through k to the other bank.
o. Other companies in which a party, individually or jointly, has an interest in the form of a 10% (ten percent) or more share ownership, either from the parties referred to in letter e.

Credit provided to debtors who are not Related Parties, but ones that benefit from its privileges, is categorized as Credit Provided to Related Parties. Here, BNI remains committed to managing credit extended to related parties in accordance with the principle of prudence and ensuring that the fund provision ratio remains regulatory-compliant. Furthermore, BNI implements strict internal supervision at every stage of the credit-granting process for Related Parties. This step is taken to ensure that the entire process is transparent, measurable, and in accordance with established regulations. This policy should prevent potential conflicts of interest and maintain the Bank's financial integrity.

Protection of Creditors' Rights [ACGS B.4.6]

BNI is firmly committed to safeguarding the rights of its creditors through transparent, accurate, and equitable disclosure of information. Guided by the principle of equal treatment, BNI ensures that all creditors and business partners have access to relevant information, enabling objective and well-considered decision-making. Beyond transparency, BNI is committed to fulfilling all obligations to creditors punctually and in accordance with applicable provisions and contractual agreements. The Bank consistently seeks to avoid delays or negligence that could create potential losses for any party. These practices reflect BNI's alignment with the principles of the ASEAN Corporate Governance Scorecard, which emphasize transparency, accountability, and the protection of creditors' rights as an integral part of corporate responsibility. [ACGS B.4.6]

Transparency of the Bank's Financial and Non-Financial Conditions

BNI is committed to strengthening consistency in the implementation of good corporate governance, particularly with respect to the application of the principle of information transparency. This commitment is demonstrated through full compliance with all transparency requirements, both in the disclosure of financial and non financial information to stakeholders.

BNI ensures that all published information is accurate, timely, and easily accessible, as a manifestation of responsibility and accountability to the public. Information disclosure is carried out through various official channels, including print media and BNI's official website at https://www.bni.co.id/id-id/, enabling all stakeholders to obtain up to date information regarding the Bank's performance and activities in a transparent manner.

In this regard, BNI has established policies and procedures governing the implementation of transparency for financial and non financial conditions, with reference to Financial Services Authority Regulation No. 37/POJK.03/2019 concerning Transparency and Publication of Bank Reports, FSA Regulation No. 29/POJK.04/2016 concerning Annual Reports of Issuers or Public Companies, and FSA Circular Letter No. 16/SEOJK.04/2021 concerning the Form and Content of Annual Reports of Issuers or Public Companies.

TRANSPARENCY OF FINANCIAL CONDITION

Throughout 2025, BNI consistently fulfilled its financial reporting obligations to regulators, including the Financial Services Authority (OJK), the Indonesia Stock Exchange (IDX), and the State Owned Enterprises Supervisory Agency (BP BUMN), in a timely, complete, and accurate manner. The reports prepared comprised monthly, quarterly, and annual financial statements, all of which were presented in accordance with Bank Indonesia regulations on the Transparency of Banks' Financial Conditions.

In addition to financial statements, BNI also submitted its Annual Report to regulators, rating agencies, research institutions, and other relevant parties, including periodic and incidental reports to comply with capital market regulations. All information related to the transparency of the Bank's financial condition is published through the OJK reporting system, BNI's official website, and the Indonesia Stock Exchange website, as a manifestation of BNI's commitment to maintaining transparency and accountability to all stakeholders.

TRANSPARENCY OF NON-FINANCIAL CONDITION

BNI also ensures the openness of information regarding the Bank's non-financial conditions, which includes developments in corporate governance, vision, mission, and the composition and profile of the management team.This information is published through the Annual Report, the Bank's official website, and various other media that can be easily accessed by customers and the general public.

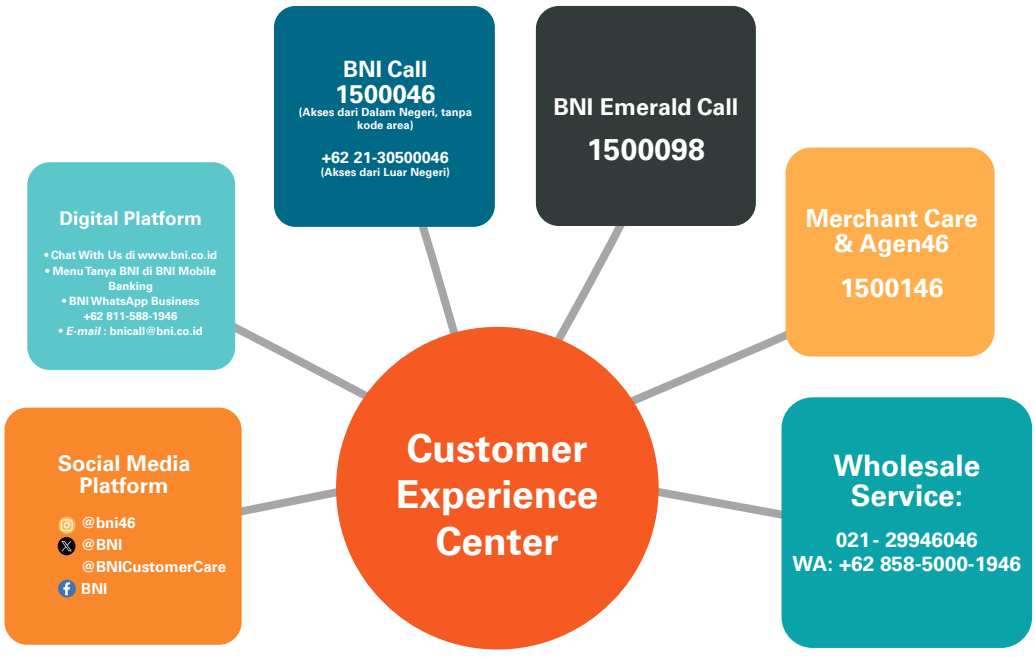
In 2025, BNI has compiled and presented reports related to the transparency of the Bank's nonfinancial conditions, taking into account the procedures, types, and scope as regulated by applicable POJK regulations, and has provided and published additional information concerning nonfinancial conditions, including the following:

1. Disclosure of Corporate Governance Information, including the Corporate Governance Annual Report, Vision, Mission, Company Values, Code of Ethics, Composition and Profile of the Board of Commissioners and Board of Directors, as well as internal governance regulations from the Articles of Association to the Corporate Charter, which are also published through BNI's website;
2. Information on the Company's Products and Services, including its branch network, published through the Annual Report and BNI's website, to enable customers, investors, and the general public to easily access information on BNI's products and services;
3. Information on Complaint Submission Procedures, Safe Banking Tips for Customers to maintain data privacy while using banking services, published through BNI's website to comply with consumer protection regulations; and
4. Other Information aimed at supporting information transparency, financial education, and services to the community.

Transparency in Customer Complaint Handling and Dispute Resolution

BNI is committed to delivering transparent, responsive, and customer-oriented services, particularly in handling complaints and resolving disputes. To ensure ease of access, BNI provides multiple complaint channels that customers can reach both online and offline, including the official website, banking applications, the Customer Experience Center, and all BNI branch offices.

Every complaint received becomes a shared responsibility of the relevant units and is handled professionally and transparently, guided by a Service Level Agreement (SLA) to ensure resolution that is prompt, fair, and compliant with established procedures. For disputes requiring further handling, BNI prioritizes internal mediation mechanisms to achieve the best solution for both parties, while also allowing for the involvement of independent third parties as permitted by applicable laws and regulations.



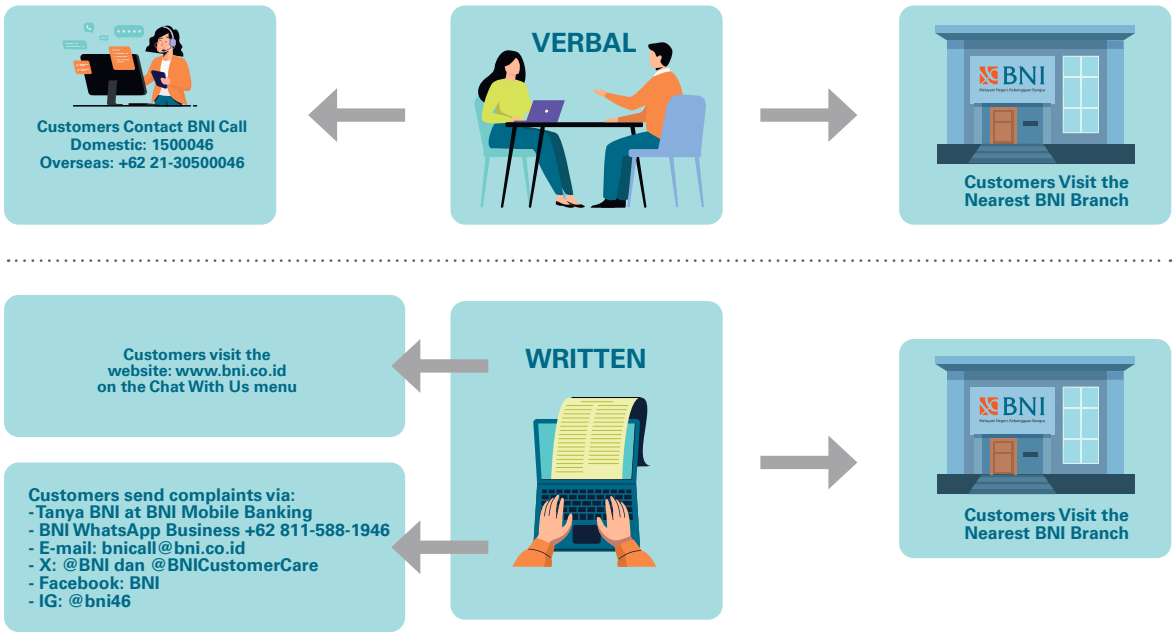
Through the implementation of an integrated complaint-management system, BNI continues to strengthen customer trust and loyalty, using every piece of feedback as input to improve and enhance service quality going forward.

EASE OF ACCESS TO SERVICES

Customer Experience Center as a BNI Touch Point

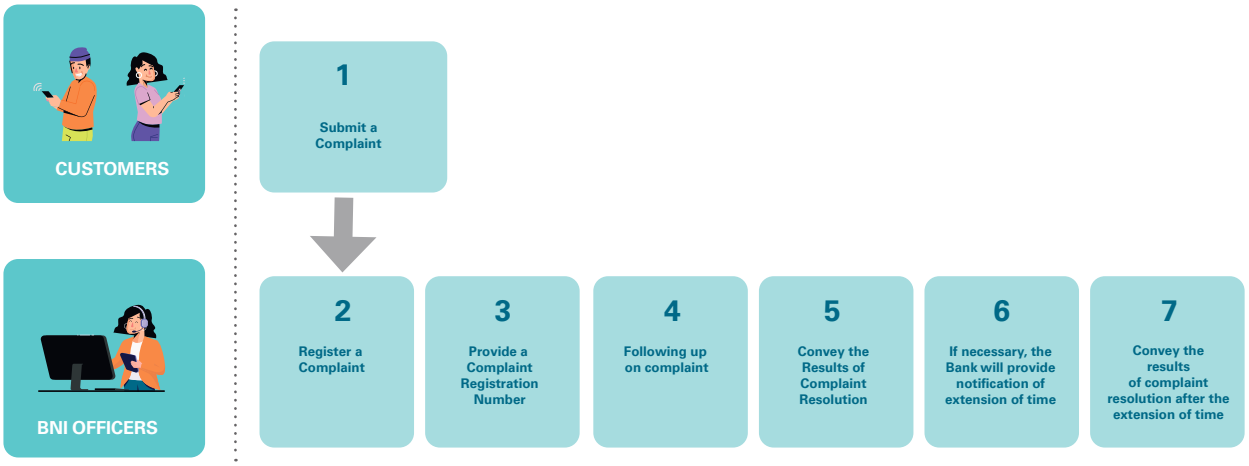
In an effort to maintain transparency and improve service quality, BNI welcomes every complaint, suggestion, and input from customers. Through the Customer Experience Center as one of BNI's primary touch points, the Bank provides 24-hour service every day, offering speed and convenience for customers in obtaining information, conducting transactions, and receiving solutions to any issues they may encounter.

All BNI customers may submit complaints through:



In addition, customers may lodge complaints through any BNI branch office throughout Indonesia.

PROCEDURES FOR HANDLING AND RESOLVING CUSTOMER COMPLAINTS



BNI's Customer Experience Center serves as the primary manager of customer complaints, prioritizing prompt responses, empathy, and appropriate resolution in accordance with service-level agreements (SLA). Every complaint received is followed up professionally to ensure sustained customer satisfaction and trust. The complaint-handling service covers a wide range of products and customer segments — including banking services, credit cards, merchants, trade and remittance, and wholesale services. BNI also provides various easily accessible complaint channels, both verbal and written, through multiple communication platforms so customers can submit complaints quickly, conveniently, and efficiently.

Mechanism for Submitting Customer Complaints

BNI is committed to finding the best solution for every customer complaint as part of its effort to maintain an optimal customer experience. In line with OJK Regulation No. 22 of 2023 on Consumer and Public Protection in the Financial Services Sector, the Customer Experience Center is committed to providing resolutions for complaints submitted verbally within a maximum of five (5) business days from the date the complaint is received. For written complaints, resolution is provided within a maximum of ten (10) business days from the date the complete documentation is received, and may be extended for an additional ten (10) business days. Customers are notified of any extension via SMS, telephone, email, letter, or WhatsApp.

Complaint Submission and Resolution Flow

If customers are dissatisfied with the response or solution provided by BNI, they may proceed with dispute resolution through an Alternative Dispute Resolution Institution (LAPS) listed in the Register of LAPS for the Financial Services Sector as determined by the Financial Services Authority (OJK). LAPS functions as an independent institution that facilitates fair and efficient dispute resolution between customers and the Bank outside the court process. This mechanism is in line with Article 82 of OJK Regulation No. 22 of 2023 on Consumer and Public Protection in the Financial Services Sector, which emphasizes the importance of transparent dispute resolution that prioritizes customer interests.

Integrity of Reporting and Information Technology Systems

Integrity in reporting and information technology systems serves as a fundamental pillar for BNI in ensuring transparency of both financial and non-financial information for all stakeholders. BNI consistently prepares reports in accordance with the requirements of the Financial Services Authority (OJK), ensuring that all disclosed information is accurate, comprehensive, and reliable.

Throughout 2025, BNI strengthened reporting integration through the Enterprise Data Platform, implementing a Big Data–based single source of truth concept. For Non-Regulatory report (NRR), all management reports are available on dashboard platforms connected to the Data Governance Framework and Data Quality Monitoring, utilizing Big Data as the single source of truth. Meanwhile, Regulatory Report (RR) is supported by Big Data and enhanced Master Data Management (MDM) to ensure consistency, validity, and regulatory compliance.

As part of its commitment to transparency, BNI safeguards transparency of products and the use of customer data in accordance with applicable regulations. Financial and sustainability reports are prepared in an integrated manner, encompassing historical performance, risk analysis, opportunities, and future outlook. Robust IT systems ensure data security, availability, and efficient access, while protecting information integrity from potential threats.

In line with POJK No. 17 Tahun 2023, BNI ensures reliable internal reporting governance through the implementation of transparency, accountability, independence, and fairness principles, while supporting effective governance oversight by the Board of Directors and the Board of Commissioners. In parallel, consistent with POJK No. 11/POJK.03/2022, BNI implements IT governance that covers IT strategy, risk management, data security, and monitoring of information-system performance. The Board of Directors also actively promotes the development of technological infrastructure and digital innovation to support effective decision-making and oversight, strengthen competitiveness, ensure regulatory compliance, and continuously enhance corporate governance.

Insider Trading and Conflict of Interest Policy [ACGS C.5.1, B.A.6]

BNI maintains a firm stance and has in place strict policies to prevent insider trading and conflicts of interest, ensuring integrity and transparency in all banking activities. This policy is designed to prevent the misuse of internal information and decision-making influenced by personal interests. All BNI Hi-Movers, including employees, the Board of Directors, and the Board of Commissioners, are strictly prohibited from using material, unpublished information for personal gain in any form. Until 2025, there will be no insider trading involving the Company's directors/commissioners, management, or employees. Furthermore, every individual is required to publicly report any situation that could give rise to a conflict of interest, to ensure that all business decisions remain objective and grounded in professional ethics.

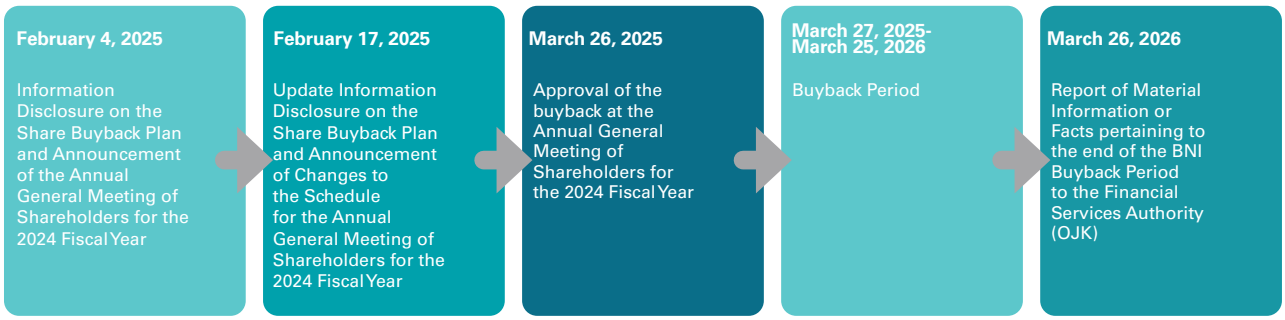
Guidelines related to insider trading are stipulated in the Company Guidelines for Prohibited and Non-Prohibited Securities Transactions for Insiders No. IN/500/KMP/001 dated September 23, 2019, which specifically regulates the prohibition on the direct or indirect use of inside information for personal gain, based on information that is not or has not yet been made available in the market. Meanwhile, policies for handling conflicts of interest are regulated in the Company Guidelines for Handling Conflicts of Interest No. IN/013/CMP/004 dated May 9, 2025. These two guidelines are designed to ensure that all business actions and decisions are free from personal influence or conflicts of interest that could be detrimental to the Bank. Furthermore, the Bank regularly reminds all relevant Divisions and Units of the Bank's obligations as a Public Company regarding Disclosure of Material Information or Facts, Affiliated Transactions, and Conflict of Interest Transactions. [ACGS C.5.1, B.A.6]

To prevent conflicts of interest, all BNI Hi-Movers are required to do the following:

1. Prioritize the Bank's Interests.
    a. Serve all Bank stakeholders in accordance with their respective duties and responsibilities;
    b. Carry out duties in accordance with applicable regulations and policies, without prioritizing personal interests or those of affiliated parties, including religion, profession, political party, or ethnicity, and avoid anything that could give rise to a conflict of interest;
    c. Prohibit personal interests from being included in decision-making or actions that could affect the quality of those decisions or actions;
    d. Not to provide preferential treatment to certain parties by ignoring applicable procedures or provisions;
    e. Not to seek or accept improper benefits that could influence the performance of duties;
    f. If a conflict of interest occurs, BNI Hi-Movers must prioritize the Bank's economic interests and prevent the Bank from suffering losses or potential reductions in profits;
2. Creating Transparency in Handling Conflicts of Interest
    a. Transparency is necessary so that conflicts of interest can be controlled and handled appropriately;
    b. BNI Hi-Movers facing a conflict of interest situation are required to disclose any personal interests or affiliated relationships that could potentially give rise to a conflict of interest;

3. Encouraging Personal Responsibility and Exemplary Behavior
   a. BNI Hi-Movers must maintain credibility and integrity to serve as role models for others;
   b. Separating personal matters from Bank matters to avoid conflicts of interest that could harm or reduce the Bank's profits;
   c. BNI Hi-Movers are required to prepare an annual statement regarding conflicts of interest and strive to avoid all forms of potential conflicts of interest in carrying out their duties.
4. Creating an Anti-Conflict of Interest Culture
   a. The Bank is required to issue an annual public statement prohibiting BNI Hi-Movers from accepting gifts or presents from customers, business partners, vendors, and other parties;
   b. Conducting continuous outreach regarding conflicts of interest must be conducted to raise awareness and build an anti-conflict of interest culture, as well as to encourage BNI Hi-Movers to proactively report any indications of conflicts of interest through internal complaint channels.
5. Enforcing the Conflict of Interest Policy
   BNI Hi-Movers found to have violated provisions related to conflicts of interest will be subject to sanctions in accordance with applicable Bank regulations.

Policies and procedures related to conflicts of interest have been consistently implemented and serve as guidelines for all levels of the Board of Directors, Board of Commissioners, management, employees, and other related parties. Over the past three years, BNI has confirmed that there have been no cases of insider trading involving the Board of Directors, Board of Commissioners, management, or employees. This statement reflects BNI's commitment to implementing GCG practices, ensuring transparency, and maintaining the integrity of the capital market and the trust of stakeholders.



Buyback of Shares and Bonds

From March 2025 to December 31, 2025, BNI did not conduct any share buybacks.

This program is in accordance with Financial Services Authority Regulation No. 29 of 2023 (POJK 29/2023) concerning Share Buybacks by Public Companies.

In accordance with Article 9 of POJK 29/2023, the buyback must be completed no later than 12 (twelve) months after the date on which the GMS approves the buyback. Therefore, in this case, BNI can implement the Share Buyback within 12 (twelve) months from the date of the resolution of the Annual GMS for the 2024 Financial Year, which will be held on March 26, 2025, or must be completed no later than March 25, 2026.

Timeline Buyback

Based on the resolutions of the Annual General Meeting of Shareholders (AGMS) held on 26 March 2025, shareholders approved the buyback of the Company's outstanding shares listed on the Indonesia Stock Exchange, with a maximum value of IDR1,500,000,000,000 (one trillion five hundred billion rupiah), inclusive of all costs related to the buyback. The buyback will be conducted in accordance with applicable licensing requirements and prevailing laws and regulations.

Shares purchased through the buyback will be allocated to the share ownership program for employees, members of the Board of Directors, and members of the Board of Commissioners, as part of the implementation of long-term, performance- and risk-based compensation. This policy is aligned with Financial Services Authority Regulation No. 45/POJK.03/2015 concerning Governance in Remuneration for Commercial Banks, and Minister of State-Owned Enterprises Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises.

The buyback program is also intended to help stabilize the Company's share price in the market — particularly during periods of selling pressure driven by fluctuations in the stock price index — while providing a positive signal to investors that BNI's share price does not yet fully reflect the Company's underlying performance fundamentals.

Internal Fraud [ACGS C.5.1]

With the continued growth of the organization, there is an increased potential exposure to fraud risk, including fraud originating from within the Bank. Internal fraud at BNI is defined as intentional actions, either through direct acts or omission, aimed at deceiving, manipulating, or harming the Bank, customers, or other parties, carried out by utilizing the Bank's facilities, systems, or resources. Such actions may cause financial losses to the Bank or related parties while providing unlawful benefits to perpetrators or other parties.

Fraud may occur in various forms, including data manipulation, asset misappropriation, abuse of authority, information leakage, and manipulation within business and operational processes. BNI views fraud as a serious threat to integrity and business sustainability; therefore, fraud prevention and control represent an integral part of governance and risk-management implementation across the organization.

Anti-Fraud Policy

To foster a culture of compliance and strengthen awareness of fraud risk at every organizational level, BNI applies an Anti-Fraud Framework as part of the Bank's internal control system. BNI's Anti-Fraud Policy refers to OJK Regulation No. 12 of 2024 concerning the Implementation of Anti-Fraud Strategies for Financial Services Institutions, serving as the main guideline for preventing, detecting, and handling fraud incidents.

BNI Management reiterates its commitment to firmly enforce consequences for every violation without exception, including legal processes for internal perpetrators. This commitment is aligned with the "Tone from the Top" principle and BNI's "Zero Tolerance to Fraud" policy, reflecting the Bank's strong stance against all forms of fraudulent activity.

To strengthen understanding and awareness, BNI continuously implements education, socialization, and competency-development programs to ensure that employees fully understand the implementation of the Anti-Fraud Strategy.

Categories of Fraud

Referring to OJK Regulation 12/2024, BNI classifies acts of fraud as follows:

1. Corruption, including:
   a. Conflicts of interest resulting in losses to the Bank and/or customers;
   b. Bribery;
   c. Unlawful receipt of benefits; and/or
   d. Extortion.
2. Asset misappropriation, including:
   a. Misuse of cash;
   b. Misuse of inventory; and/or
   c. Misuse of other assets.
3. Financial statement fraud, including:
   a. Overstating net assets and/or income; or
   b. Understating net assets and/or income.
4. Fraudulent acts;
5. Disclosure of confidential information; [ACGS C.5.1] and/or
6. Other actions deemed equivalent to fraud in accordance with laws and regulations.

Active Management Oversight Against Fraud

BNI Management plays an active role in overseeing the implementation of the Anti-Fraud Policy across the organization through consistent and measurable supervision. Throughout 2025, oversight included periodic evaluations of systems and procedures, intensive internal audits, and the use of analytics technology to monitor transactions and detect potential fraud in real time. In addition, BNI implemented training programs for management and employees to ensure all parties understand the importance of compliance with anti-fraud policies.

As a form of commitment to the implementation of GCG, all BNI personnel — from the Board of Directors and Board of Commissioners to all employees — have signed the Integrity Pact in compliance with OJK Regulation No. 12 of 2024. Through this pact, all parties are committed to upholding integrity, rejecting all forms of fraud, and complying with BNI's Code of Ethics and Code of Conduct.

Furthermore, BNI emphasizes to its business partners the importance of anti-fraud principles, integrity culture, and reporting mechanisms through the Whistleblowing System. Fraud prevention efforts are also implemented by urging all business partners and associates to refrain from accepting bribes. This measure is taken to minimize the risk of fraud, bribery, and corruption, and to ensure business partners' trust in BNI is maintained.

Implementation of the Anti-Fraud Strategy

BNI has implemented the Anti-Fraud Strategy in accordance with OJK Regulation No. 12 of 2024 on the Implementation of Anti-Fraud Strategies across all levels of the organization. The implementation of this strategy also reflects BNI's commitment to upholding sound governance principles. Successful execution of the Anti-Fraud Strategy is supported by the development of a comprehensive internal control system, the strengthening of integrity culture, and the enhancement of mechanisms for fraud prevention, detection, investigation, and reporting — all aimed at maintaining stakeholder trust and ensuring the Bank's business sustainability.

The strategy is implemented through four pillars using a three-lines model framework. so that each line has its own role in each pillar.

1. **Pillar 1 – Prevention**
   Activities /tools designed to prevent and reduce potential fraud risks in banking business activities, through:
   a. Strengthening an anti-fraud culture to raise awareness of the importance of fraud prevention for all levels of the bank organization and various parties connected to the bank through the signing of an integrity pact as a form of anti-fraud commitment, socialization of the anti-fraud culture by the leadership, strengthening integrity through work culture transformation and the establishment of BNI Habits, enhancing capabilities through training and learning, as well as facilitating access to regulations, and providing financial literacy to customers/ debtors/third parties through the bank's facilities/media.
   b. Identifying vulnerabilities through assessing potential operational risks, including the risk of fraud in new products or activities, and implementing risk assessments through the implementation of Process-Risk-Control-Monitoring (PRCM) by the first line of defense.
   c. Strengthening the implementation of KYE, supported by background checks during recruitment, monitoring employee profiles through the Employee Watchlist application, and ongoing oversight of irregularities.

2. **Pillar 2 – Detection**
   Measures to identify and uncover fraud more quickly so that the level of loss can be reduced, through:
   a) Complaint handling policies and mechanisms through the Whistleblowing System (WBS). This WBS program guarantees protection of the confidentiality of whistleblower data.
   b) Transaction activity monitoring through the Fraud Detection System (FDS), which has the ability to effectively detect and prevent various types of fraud.
   c) Surprise audits
   d) Surveillance system
   e) Data/information security monitoring system

3. **Pillar 3 – Investigation, Reporting, and Sanctions**
   These are steps for investigation, reporting, and witnessing fraud incidents, through:
   a) Collecting relevant evidence related to incidents suspected of being fraudulent.
   b) An effective reporting mechanism for fraud investigations to internal parties and regulators.
   c) Providing a deterrent effect on fraud incidents through a single sanction for fraud perpetrators and a legal assessment mechanism for fraud incidents.

4. **Pillar 4- Monitoring, Evaluation, and Follow-up**
   These are steps for monitoring, evaluating, and following up on fraud incidents. Monitoring, evaluating, and following up on fraud incidents, whether in terms of systems, procedures, or people, is part of the active oversight activities of the Board of Directors and Commissioners through Board of Commissioners Meetings, Board of Directors Meetings, or Committees under the Board of Commissioners or Board of Directors.

In 2025, BNI's Anti-Fraud Strategy focuses on strengthening the four Anti-Fraud Strategy Pillars, with particular emphasis on continuous reinforcement of the Prevention and Detection Pillars, including the following initiatives:

1. Strengthening an anti-fraud culture to maintain employee integrity, by promoting an anti-fraud culture directly from management, enhancing capabilities through training/learning, and providing financial literacy to customers/debtors/third parties through the Bank's facilities/media.
2. Strengthening the implementation of KYE, supported by background checks during recruitment, monitoring employee profiles through the Employee Watchlist application, and continuous monitoring of irregularities.
3. Strengthening outlet detection through enhanced supervision supported by detection tools, conducting periodic cash and securities inspections, and sending anomaly data to support the review process.
4. Monitoring transaction detection through the Fraud Detection System (FDS).

Anti-Fraud Socialization Programs

BNI continuously implements mitigation measures to prevent employees from engaging in violations or fraud. These efforts are carried out through ongoing socialization and awareness programs targeted at all BNI Hi-Movers, customers, debtors, business partners, and counterparties. Anti-fraud communication is delivered using various methods and channels, including in-person sessions, virtual sessions, e-Learning, as well as internal communication media such as email blasts, internal bulletins, desktop wallpapers, and posters. This approach is designed to reach all layers of the organization — as well as customers, debtors, partners, and counterparties — to ensure that every individual clearly understands their responsibility in preventing fraudulent acts.

In 2025, BNI conducted anti-fraud socialization and campaign programs targeting not only BNI Hi-Movers, but also customers, debtors, business partners, and counterparties. These programs are intended to ensure that all stakeholders understand their respective roles and responsibilities in fostering an environment of integrity and a zero-tolerance stance toward fraud.

Internal Fraud Data 2023–2025

The following table summarizes internal fraud incidents at BNI for 2023–2025

Internal Fraud	Number of Cases Committed by								
	Members of the Board of Directors and Board of Commissioners			Permanent Employees			Non-Permanent Employees and Outsourced Workers		
	2025	2024	2023	2025	2024	2023	2025	2024	2023
Resolved	0	0	0	11	14	11	2	2	0
In Process of Internal Bank Resolution	0	0	0	1	0	0	0	0	0
Resolution Not Yet Attempted	0	0	0	0	0	0	0	0	0
Legally Followed Up	0	0	0	1	5	3	0	0	0
Total Fraud	0	0	0	12	14	11	2	2	0

Note:
* The number of cases as of December 2025, with potential losses > 100 million;
** The number of fraud cases that have been followed up through legal proceedings is not included in the total fraud.

For internal fraud incidents that occurred and were reported during 2025, BNI imposed firm sanctions, including termination of employment for employees proven to have committed fraud, as well as administrative sanctions imposed on relevant personnel in accordance with the severity of the violation.

Long-Term Performance-Based Compensation Policy [ACGS: B.6.3]

BNI implements a long-term, performance-based compensation policy as a form of appreciation for the contributions of management and employees, while also ensuring the company's sustainable performance. This program is implemented through a stock ownership scheme, namely the Management Stock Ownership Program (MSOP) and Employee Stock Allocation. Independent Commissioners receive cash compensation. This policy aims to encourage sustainable performance and align employee interests with the Bank's objectives. [ACGS B.6.3]

Share Ownership Program Policy by the Board of Directors and Non-Independent Commissioners

The Long-Term Compensation Policy for Non-Independent Directors and Board of Commissioners through Management Ownership Program is guided by POJK No. 45/2015 and SOE Ministerial Regulation No. 3/2023. In accordance with POJK No. 45/2015 Articles 17 and 18, variable remuneration for members of the Board of Directors and Non-Independent Board of Commissioners who have gone public status is given in the form of shares or stock-based instruments of BNI (BBNI), while Independent Commissioners can receive conversion in cash.

Variable remuneration in the form of bonuses is deferred and provided in the form of shares. Article 107 of the Minister of State-Owned Enterprises Regulation No. 3/2023 requires a minimum payment deferral of 10% for a minimum of three years, provided on a pro rata basis. SOEs may defer part or all of the bonus payments (malus) or withdraw the cash bonuses already paid (clawback) under certain conditions determined by the Minister.

The long-term compensation policy for members of the Board of Directors and Independent Commissioners is designed to prioritize prudence in managing the bank. This policy aims to reduce the risk of excessive risk-taking by decision-makers and supports the implementation of a performance-based remuneration system.

The implementation of the stock ownership program policy for the Board of Directors and Board of Commissioners will be carried out based on policies and determinations from Danantara.

Eligibility Requirements for the Board of Directors and the Board of Commissioners

BNI may provide bonuses or performance incentives to members of the Board of Directors and Board of Commissioners based on the General Meeting of Shareholders› approval of the annual report if:

1. The auditor's opinion is Unqualified (WTP);
2. The realized health level is at least BBB without considering losses/profits due to the prior actions of BNI's Board of Directors and/or outside their control;
3. The KPI achievement is at least 80%, excluding factors outside the control of BNI's Board of Directors; and
4. BNI is not in a worse financial condition than the previous year if BNI is in a loss, or BNI does not turn from profit to loss, excluding factors outside the control of BNI's Board of Directors.

These requirements are consistent with the provisions set forth in Ministry of SOE Regulation No. 3/2023, Article 102.

Provision of Deferred Bonuses in the Form of Shares

The following table presents detailed information regarding the Deferred Tantiem in the Form of Shares to Non-Independent Members of the Board of Directors and Board of Commissioners of BNI:

Date of GMS	Date of Provision of Deferred Bonuses	Total Number of Shares*	Duration Exercise	Price (average price per share)	Vesting Period	Policy
March 20, 2018	June 28, 2019	1,444,546	3 year	IDR8,275	June 5, 2019 June 5, 2020 June 5, 2021	Malus
May 13, 2019	November 9, 2020	950,377	3 year	IDR8,400	June 5, 2020 June 5, 2021 June 5, 2022	Malus
February 20, 2020	December 22, 2020	5,071,900	3 year	IDR6,630	June 5, 2021 June 5, 2022 June 5, 2023	Malus
March 29, 2021	December 30, 2021	5,724,673	4 year	IDR4,057	June 5, 2022 June 5, 2023 June 5, 2024 June 5, 2025	Malus
March 15, 2022	July 29, 2022	3,001,097	3 year	IDR5,187	June 5, 2023 June 5, 2024 June 5, 2025	Malus and Clawback
March 15, 2023	August 14, 2023	1,816,099	3 year	IDR9,037	June 5, 2024 June 5, 2025 June 5, 2026	Malus and Clawback
March 4, 2024	May 13, 2024	12,778,954	3 year	IDR4,826.33*	June 5, 2025 June 5, 2026 June 5, 2027	Malus and Clawback

*) Notes: price and total shares after the implementation of 1:2 stock split effective on October 6, 2023.
Throughout 2025 there was no Malus and Clawback exercise

Long Term Incentives (LTI)

According to the regulations, Long Term Incentives (LTI) are granted for the following reasons and purposes:

1. Aligning the interests of the SOE's management between the Board of Directors, the Board of Commissioners/Supervisory Board, and shareholders/capital owners;
2. Providing motivation to further improve future performance;
3. Providing rewards for efforts to maintain and/or increase share value in the long term, even under unfavorable conditions for the SOE; or
4. Encouraging SOEs to become world-class companies.

If a SOE has achieved its performance targets or threshold, the Board of Directors and the Board of Commissioners/Supervisory Board of the SOE will receive LTI.

The LTI becomes vested, with the amount corresponding to the LTI Final Award.

The LTI Final Award is awarded based on the total average achievement of the SOE's performance targets multiplied by the Initial Award and can be awarded immediately after the completion of the financial report audit and the Annual General Meeting of Shareholders in the following year.

Final Award and Holding Period [ACGS D.3.13]

1. The final award is the final amount of LTI in the form of a number of the company's shares or cash from awards given to members of the Board of Directors and Board of Commissioners, based on the total achievement of the agreed SOE performance targets during a certain time period.
2. LTI vested after the performance measurement period will be subject to a holding period of 2 years for members of the Board of Directors and Non-Independent Board of Commissioners who serve during that period, with the following conditions:

Description	Holding Period		Setelah Holding Period
	Year I	Year II	
Total number of shares available for sale	Max. 25%	Max. 50%	Max. 100%

3. The holding period is not imposed on the Board of Directors and Non-Independent members of the Board of Commissioners whose term of office has ended.
4. For members of the Board of Directors and Board of Commissioners whose term of office ends before 3 (three) years, LTI will be calculated proportionally based on the length of service in the performance period (calendar days) and the average performance achievement over 3 (three) years.

The following table presents detailed information regarding the Allocation of Long-Term Incentives (LTI) in the form of Shares to Non-Independent Members of the Board of Directors and Board of Commissioners of BNI:

Date of GMS	Tanggal Penetapan Alokasi Long Term Incentives	Total Shares	Time Period	Determination Price*	Vesting Period	Policy
March 15, 2023	December 15, 2023	15,637,000	3 Year	IDR 4,704	2027 2028 2029	Malus and Clawback
March 4, 2024	November 5, 2024	27,581,400	3 Year	IDR 4,593	2028 2029 2030	Malus and Clawback

*) The determination price is the Fair Value price of the Independent Consultant.

The implementation of the stock ownership program policy for the Board of Directors and Board of Commissioners will be carried out based on policies and determinations from Danantara.

Employee Stock Ownership Program

The Employee Stock Ownership Program at BNI, known as the Employee Stock Allocation (ESA) program, is a stock allocation program for employees who meet certain criteria and requirements as outlined in the Program Implementation Guidelines.

The objectives of the ESA program are:
1. A long-term employee retention strategy;
2. An effort to motivate employees to consistently deliver their best performance, thereby improving BNI's performance and ultimately enhancing BNI's stock price;
3. Enhancing employees' sense of ownership toward BNI;
4. As part of the enhancement of employees' risk awareness, reflected in eligibility and the lock-up period.

The resolutions of the General Meeting of Shareholders (GMS) on March 15, 2022, approved the delegation of authority for the implementation of the Employee Stock Ownership Program, both from treasury stock and other sources, to the Board of Directors, while adhering to applicable laws and regulations.

Eligible Employee Requirements

Employees who are entitled to receive vesting allocations and opening lock-up periods in the Employee Stock Allocation (ESA) Program must meet the following requirements:
1. Have status as a permanent employee as of December 31, 2021, and still be active at the time of vesting allocation and opening of the ESA Program lock-up period;
2. Have a minimum term of office of 1 (one) year at the time of granting the ESA Program vesting allocation;
3. Have a performance assessment and employee classification in accordance with the provisions when granting vesting allocations and opening the lock-up period of the ESA Program;
4. Not currently undergoing administrative sanctions.

Participants who are eligible for allocation, vesting, or opening of the lock-up period will receive notification via email or other communication media. The notification will contain confirmation regarding the shares the participant is entitled to at the time of allocation, vesting, and opening of the lock-up period. In the third stage of opening the lock-up period in 2025, all shares allocated through the Employee Stock Allocation (ESA) Program will be fully distributed to participants.

Mechanism for Distribution of Shares in the Employee Stock Allocation Program (ESA)

The allocation and vesting of shares in the Employee Stock Allocation (ESA) Program began on June 2, 2022, with the application of the lock-up period based on job level:

- Assistant Vice President (AVP) and above: lock-up period of 3 (three) years. (final lock up opening in 2025).
- Manager (MGR) and below: lock-up period of 1 (one) year.

During the lock-up period, participants in the ESA Program are not permitted to engage in any activity with the shares that have become their entitlement. This policy is implemented as part of a long-term retention strategy and to motivate employees to continuously improve performance.

The unlocking of the lock-up period occurs annually, when participants are allowed to use or trade shares that have become their entitlement. However, participants must meet the criteria and requirements outlined in the ESA Program Implementation Guidelines.

The lock-up period for Manager (MGR) and below will be opened all at once on June 2, 2023, while for Assistant Vice President (AVP) and above, the lock-up period will be opened in stages over three periods on June 2, 2023, 2024, and 2025.

Details of the Employee Stock Allocation Program (ESA) Grant

The details of the Employee Stock Allocation (ESA) grant to employees are outlined in the following table:

Date of GMS	Allocation andVesting Dates	Total Shares	Price per Share	Opening of Lockup Period
March 15, 2022	June 2, 2022	53,839,984*	IDR 8,850*	June 2, 2023
		23,147,202	IDR 4,400*	June 2, 2023
		25,475,142	IDR 4,370*	June 2, 2023

*) Price and total number of shares at the opening of the lock up period on June 2, 2023 above, before the implementation of the 1:2 stock split which will only be effective on October 6, 2023

Distribution of Shares for Employees Who Are Material Risk Takers (MRT)

In implementing the provision of Remuneration, BNI is obliged to determine parties who are Material Risk Takers (MRT) who at least meet the following criteria:

a. The Board of Directors and/or other employees who, due to their duties and responsibilities, make decisions that have a significant impact on BNI's risk profile; or
b. The Board of Directors, Board of Commissioners, and/or Employees who receive Variable Remuneration with a large value.

Based on the Resolution of the Board of Directors Meeting, on December 20, 2016, BNI has implemented Governancein providing remuneration by determining employees who meet the criteria for MRT, namely employees at the Senior Executive Vice President (SEVP) level. BNI is also obliged to defer the payment of variable remuneration to SEVP-level employees as parties who are MRT, namely at a certain percentage in accordance with the percentage for the Board of Directors.

In the 2023 annual performance bonus payment for SEVP-level employees, which is paid in 2024, 20% of the annual bonus is given in the form of deferred company shares (Malus). These shares come from direct purchases on the market, with the purchase period starting from May 3, 2024, to May 17, 2024.

All provisions relating to Material RiskTakers (MRT) are in accordance with the provisions stipulated in POJK No. 45/2015.

Distribution of Shares of Performance Stock Bonus Program

In order to improve savings performance, Management will provide rewards as a performance booster to increase savings growth in 2024 in the form of a share ownership program for managerial- level employees and the smallest Unit Manager (Sub Branch Manager) who meet the specified criteria, with the share allocation given to increase savings performance called the Performance Stock Bonus.

Eligible Employee Requirements

Employees who are entitled to receive vesting allocations and opening lock-up periods in the Performance Stock Bonus Program must meet the following requirements:

1. Permanent employees as of February 29, 2024; and
2. Have a 2023 performance assessment of at least Tier 3; and
3. Not currently in the process of a case/undergoing the impact period of Administrative Sanctions; and
4. Not currently undergoing a retirement preparation period/sick leave/non-dependent leave; and
5. The definitive position levels and definitive positions are as follows:
   a. MGR and above in all positions, except Staff positions/Staff Waiting for Placement/ Employees Placed in other Companies outside the BNI Group; or
   b. AMGR in the positions of Branch Business Manager (BBM), Branch Service Manager (BSM), and Sub Branch Manager Head.

Participants who are eligible for allocation, vesting, or opening of the lock-up period will receive notification via email or other communication media. The notification will contain confirmation of the shares the participant is entitled to at the time of allocation, vesting, and opening of the lock-up period.

Share Distribution Mechanism for Performance Stock Bonus Program

The allocation and vesting of shares under the Performance Stock Bonus Program will take place on April 25, 2024. During the lock-up period, Program participants are not permitted to conduct any transactions or activities on their vested shares. This policy is implemented to encourage the active participation of all employees, particularly those at the managerial level and Sub-Branch Managers, in supporting BNI's 2025 performance targets, including savings and other performance targets. This program aims to ensure sustainable performance and motivate employees to consistently increase their contributions.

Details of the Performance Stock Bonus Program Provision

Details of the provision of the Performance Stock Bonus Program to employees are described in the following table:

Date of GMS	Allocation andVesting Dates	Total Shares	Price per Share	Opening of Lockup Period
March 25, 2023	April 25, 2024	24,877,600	IDR4,442	To support performance culture and motivate performance, particularly Savings performance, the lock-up period can be opened sooner, provided the Savings target is achieved, or no later than one year after the allocation and vesting date. The Performance Stock Bonus Program lock-up period was opened on April 14-17, 2025.

Policy for Disclosure of Information on Share Ownership of the Board of Commissioners and the Board of Directors and its Implementation

POLICY FOR DISCLOSURE OF INFORMATION ON SHARE OWNERSHIP OF THE BOARD OF COMMISSIONERS AND THE BOARD OF DIRECTORS [ACGS C.1.3]

Transparency in share ownership by members of the Board of Directors and the Board of Commissioners is crucial to maintaining public trust while ensuring compliance with capital market regulations. As a company listed on the Indonesia Stock Exchange, BNI is subject to Financial Services Authority Regulation No. 4 of 2024 concerning Reports on Share Ownership or Changes in Share Ownership of Public Companies, as well as Reports on Pledging Activities of Public Company Shares.

Article 2 of the POJK states that members of the Board of Directors or members of the Board of Commissioners who own shares with voting rights either directly or indirectly are required to submit a report on ownership of voting rights over shares and any changes in ownership of voting rights over Public Company shares to the OJK. The report must be submitted immediately no later than 5 (five) working days from the occurrence of ownership of voting rights on shares or any change in ownership of voting rights on shares of a Public Company. [ACGS C.1.3]

In addition to reporting obligations to the Financial Services Authority (OJK), members of the Board of Directors and Board of Commissioners are also required to report ownership and any changes in shareownership of public companies to BNI. Submission of this information must be made no later than 3 (three) working days after the ownership or change in ownership of the shares occurs. Members of the Board of Directors and Board of Commissioners are required to submit the report to the Corporate Secretary. This reporting obligation is stipulated in the Board of Commissioners' Decree No.KEP/ 017/DK/2025 dated September 19, 2025 concerning the Charter of the Board of Commissioners of PT Bank Negara Indonesia (Persero) Tbk, as well as the Board of Directors' Decree No. KP/339/DIR dated August 6, 2024 concerning the Charter of the Board of Directors of PT Bank Negara Indonesia (Persero) Tbk, which was last updated on January 28, 2026 and can be accessed through the official BNI website. [ACGS A.7.1]

POLICY IMPLEMENTATION IN 2025

Throughout 2025, there have been changes in BNI share ownership by non-independent members of the Board of Directors and Board of Commissioners, all of which have been reported to the OJK using procedures and mechanisms in accordance with applicable regulations.

SHARE OWNERSHIP OF THE BOARD OF COMMISSIONERS AND BOARD OF DIRECTORS AT BNI [ACGS C.5.1]

The detailed report on changes in share ownership by the Board of Commissioners and Directors in 2025 is presented in the following table:

Share Ownership

SHARES OWNERSHIP OF THE BOARD OF COMMISSIONERS AND BOARD OF DIRECTORS IN BANK OR OTHER COMPANIES [ACGS C.1.3]

BNI places the implementation of Good Corporate Governance (GCG) and regulatory compliance as top priorities in safeguarding the Company's integrity and transparency. In support of this commitment, BNI consistently discloses information on share ownership held by members of the Board of Commissioners and the Board of Directors, both in BNI and in other banks, companies, and non bank financial institutions, domestically and internationally. This transparency is intended to ensure that each member of the Board of Commissioners and the Board of Directors continues to carry out their duties and responsibilities independently.

As of December 31, 2025, it is recorded that no member of BNI's Board of Commissioners and Board of Directors owns shares in other banks, non-bank financial institutions, or other companies domiciled at home or abroad. Detailed information is presented in the following table:

Name	Position	Shareholding as of December 31, 2025			
		BNI	Other Banks	Non-Bank Financial Institutions	Other Companies

Whistleblowing System

EXISTENCE AND PURPOSE OF THE WHISTLEBLOWING SYSTEM (WBS) [ACGS B.7.1]

BNI is committed to implementing Good Corporate Governance principles across all of its activities, one of which is through the WBS. The WBS enables BNI personnel, business partners, and external parties to report suspected violations of laws, the Code of Ethics, or internal policies, including fraud, corruption, conflicts of interest, gratification or bribery, and unethical conduct.

This system is designed to prevent and detect misconduct at an early stage, protect whistleblowers from retaliation, and maintain the trust of stakeholders, including customers, debtors, business partners, employees, and regulators. Through the WBS, BNI strengthens a culture of honesty, transparency, and high integrity, while fostering a conducive and accountable working environment.

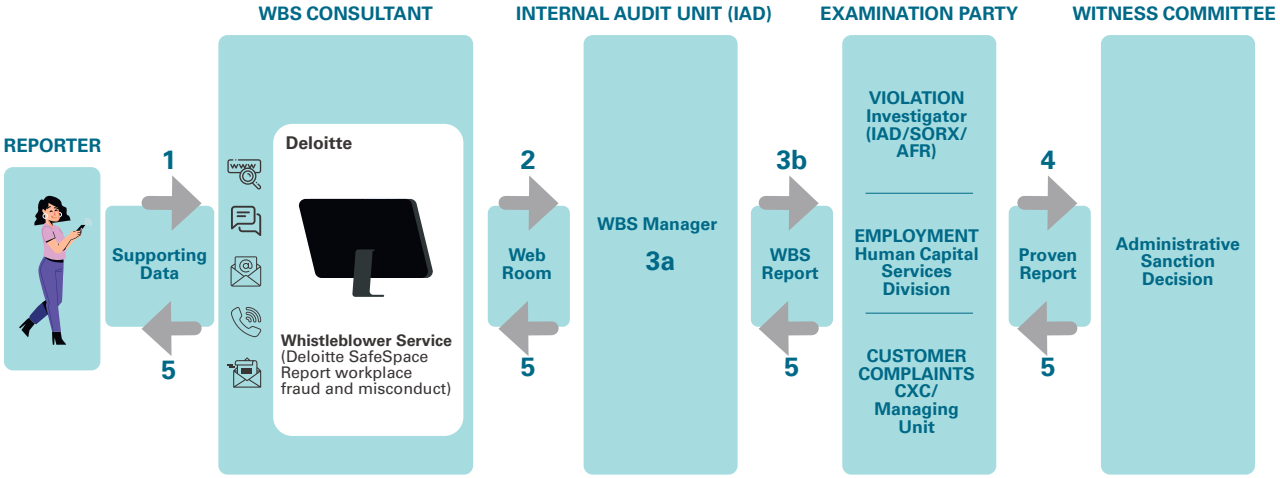
COMMITMENT TO THE WHISTLEBLOWING SYSTEM (WBS) [ACGS B.7.1]

BNI is committed to maintaining operational transparency and accountability, strengthening its oversight system, and fostering a productive working environment through the implementation of the WBS known as "WBS to CEO". All WBS reports submitted with relevant data and evidence are followed up in a professional and transparent manner under the supervision of the President Director. To ensure independence, the management of the WBS reporting channels is handled by an external party, Deloitte, while also ensuring the confidentiality of whistleblowers and the proper handling of reported violation.

Since March 2, 2021, BNI has further strengthened its efforts to combat corruption through cooperation with the Corruption Eradication Commission (KPK). Under this collaboration, complaints related to corruption cases submitted through the WBS are reported periodically to the KPK to ensure rigorous oversight and accountability at every stage. This initiative reinforces transparency, integrity, and public trust in BNI's commitment to preventing corrupt practices.

WBS MANAGEMENT

The responsibility for managing the WBS remains under the control of the President Director, with support from the Director of Human Capital & Compliance. Deloitte, as an external independent party, plays a role in providing technical support to ensure that the WBS operates according to the highest standards, while strategic decisions regarding the WBS are made internally by BNI. [ACGS (B).B.1.7]



Internally, the management mechanism of the WBS involves the appointment of the Head of Internal Audit by the President Director. The Head of Internal Audit is responsible for managing the entire WBS operational process, from receiving to handling reports. The Head of Internal Audit reports the management outcomes and progress of reports to the President Director on a regular basis, ensuring that each WBS report is handled properly and transparently according to established procedures.

SUBMISSION OF WBS REPORTS [ACGS B.5.1]

To facilitate the reporting process, BNI, through Deloitte, has provided several reporting channels that can be utilized by whistleblowers, as follows:

Website:	E-mail:	SMS/Whatsapp:	Telephone::	Letter:
http://bni-transparan.tipoffs.com.sg	bni-transparan@tipoffs.com.sg	0811-970-1946	021-57853377	BNI Transparan PO BOX 2646/JKP 10026

COMPLAINT REPORTING MECHANISM THROUGH WBS CHANNEL [ACGS B.7.1]

1. Whistleblowers may submit WBS reports via phone, e-mail, letter, website, or SMS/WhatsApp to the WBS Consultant from Deloitte.
   a. Deloitte will screen the WBS report. If the report does not meet the 4W1H criteria (What, Who, Where, When, How), Deloitte will request additional supporting data from the Whistleblower.
   b. The Whistleblower will then provide the requested supporting data to Deloitte.
2. Subsequently, Deloitte will forward the WBS report to the WBS Manager, which is the Internal Audit.
3. Internal Audit will analyze the WBS report and conduct a direct investigation. If necessary, the report will be forwarded to the Senior Operational Risk Executive (SORX), Anti-Fraud Unit (AFR), or the relevant Division/Unit/Unit according to the nature of the report, as follows:
   a. Reports related to violations will be forwarded to the Investigator Unit.
   b. Employee-related issues will be forwarded to the Human Capital Division.
   c. Customer complaints will be forwarded to the Customer Experience Center Division or the Managing Unit.
4. The results of the follow-up actions for WBS reports that are proven to involve violations will result in administrative sanctions in accordance with applicable regulations.
5. Each unit/Division that follows up on a WBS report must submit the results of their actions to Internal Audit, which will then forward the information to Deloitte for communication with the Whistleblower.

PROTECTION FOR WHISTLEBLOWERS [ACGS: B.7.2]

BNI is committed to providing maximum protection and safeguarding every report received. Protection for the Whistleblower is fundamentally a right afforded to them. This aims to ensure the safety of the Whistleblower against any threats or actions that may arise as a consequence of submitting a violation report.

To protect confidentiality and provide maximum protection for Whistleblowers, BNI offers several options for disclosing identity when reporting via the WBS, as follows:

1. The Whistleblower may choose to fully disclose their identity to the WBS Consultant Team and BNI (Full Disclosure).
2. The Whistleblower may disclose their identity only to the WBS Consultant Team without forwarding it to BNI (Partial Anonymity).
3. The Whistleblower has the option to remain completely anonymous, where their identity is unknown both to the WBS Consultant Team and BNI (Full Anonymity).

Nevertheless, in order to safeguard the integrity and accountability of the reporting process, BNI may impose sanctions in accordance with applicable regulations on whistleblowers if it is proven that the report submitted constitutes defamation and is intended for purposes that deviate from the intent and objectives of the Whistleblowing System Policy. Such sanctions are imposed in accordance with the prevailing provisions.

TYPES OF VIOLATIONS THAT CAN BE REPORTED

In accordance with applicable regulations, the types of violations that can be reported through BNI's WBS mechanism include:

1. Fraud
   Fraud refers to dishonest acts or deceitful practices, including, but not limited to, fraud, extortion, forgery, concealment or destruction of documents/reports, and the use of counterfeit documents. These actions may be carried out by individuals or groups and have the potential to cause actual harm or loss to the Bank.
2. Violation of Regulations/Laws
   Acts or deeds that violate the law and are subject to penalties in accordance with applicable legal provisions, whether internal or external.
3. Conflict of Interest
   A situation where members of the Board of Directors, Board of Commissioners, committee members, permanent/non-permanent employees/outsourcing (BNI Hi-Movers) have personal interests that could influence the objective performance of duties entrusted by the Bank. This may result in a conflict between personal, group, or family interests and the Bank's economic interests.
4. Bribery/Gratification/Extortion (Illegal Levies)
   Receiving anything of value, in any form or amount, from a third party related to a position, authority, or responsibility at the Bank.
5. Violation of Code of Conduct/Unethical Behavior
   Acts or conduct performed by BNI Hi-Movers that are ethically unjustifiable, including violations of the Code of Conduct.

In addition, during 2025, BNI's Whistleblowing System also received reports that fell outside the categories of violations described above, including the following:

1. Confidential or Personal Employee Complaints
   Acts or actions committed by BNI personnel, including but not limited to operational activities, such as violations of employee rules and discipline as stipulated in applicable regulations and procedures.
2. Customer Complaints
   Acts or expressions of dissatisfaction or complaints, or notifications accompanied by requests submitted by BNI customers or vendors, as well as other stakeholders, regarding matters requiring attention, unmet rights, or products and service quality that do not meet expectations.

ROLES OF THE BOARD OF DIRECTORS AND BOARD OF COMMISSIONERS IN BNI'S WBS

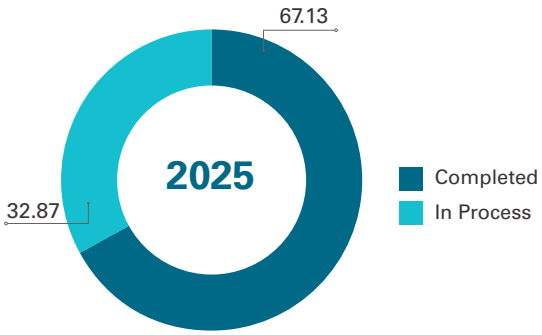
The Board of Directors and the Board of Commissioners play a strategic role in the implementation and oversight of the operational effectiveness of the Whistleblowing System (WBS) at BNI. The Board of Directors is responsible for formulating, reviewing, and approving WBS policies and procedures, as well as ensuring that the system operates in accordance with the objectives of good corporate governance. In addition, the Board of Directors periodically receives WBS reports covering the number of complaints, handling status, and recommended follow up actions. Based on these reports, the Board of Directors provides direction, input, and strategic decisions to enhance the effectiveness of the system and to ensure that each complaint is handled appropriately and professionally.

Meanwhile, the Board of Commissioners performs its oversight function by regularly reviewing WBS reports submitted through the Audit Committee. Through this process, the Board of Commissioners provides strategic guidance and supervisory direction to ensure that the WBS operates in line with GCG principles, supports corporate integrity, accountability, and transparency, and fosters an ethical and high integrity work culture throughout BNI. Through the synergy between the Board of Directors and the Board of Commissioners, BNI ensures that the WBS serves not only as a reporting mechanism but also as an effective means for the consistent prevention, detection, and handling of violations.

SOCIALIZATION OF WBS IMPLEMENTATION

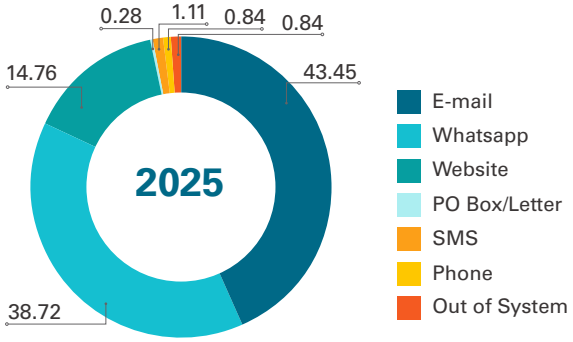
The socialization of WBS implementation at BNI is carried out comprehensively to ensure that all BNI Hi-Movers understand the importance of this system and the reporting procedures. Various activities such as surveys, training sessions, and distribution of informational materials are employed.

In 2025, the socialization of WBS at BNI was successfully executed, utilizing a more innovative and integrated approach. Various communication platforms were leveraged to deliver clear and comprehensive information regarding the WBS, including its roles, benefits, and reporting procedures. As such, all employees are expected to gain a deeper understanding of the importance of the WBS in fostering a transparent and accountable work environment. This effort also aims to encourage active participation from employees in reporting potential violations, thereby strengthening the culture of integrity at BNI.



RESULTS OF COMPLAINT HANDLING

Number of Complaints in 2025



Throughout 2025, a total of 359 reports of alleged violations were received through the Whistleblowing System mechanism. The WBS reports were predominantly comprised of 137 Confidential Employee Complaints, representing 38.16 percent, and 126 Customer Complaints, accounting for 35.09 percent. The most frequently used reporting channel was email, which accounted for 43.45 percent of total reports. The second most utilized channel was WhatsApp, representing 38.72 percent, followed by the website, which contributed 14.76 percent of the total reports.

Of the total complaints received, 67.13 percent or 241 reports were followed up during 2025. Of these, 99 reports were substantiated, while 142 reports were determined to be unsubstantiated.

Report Status
(%)

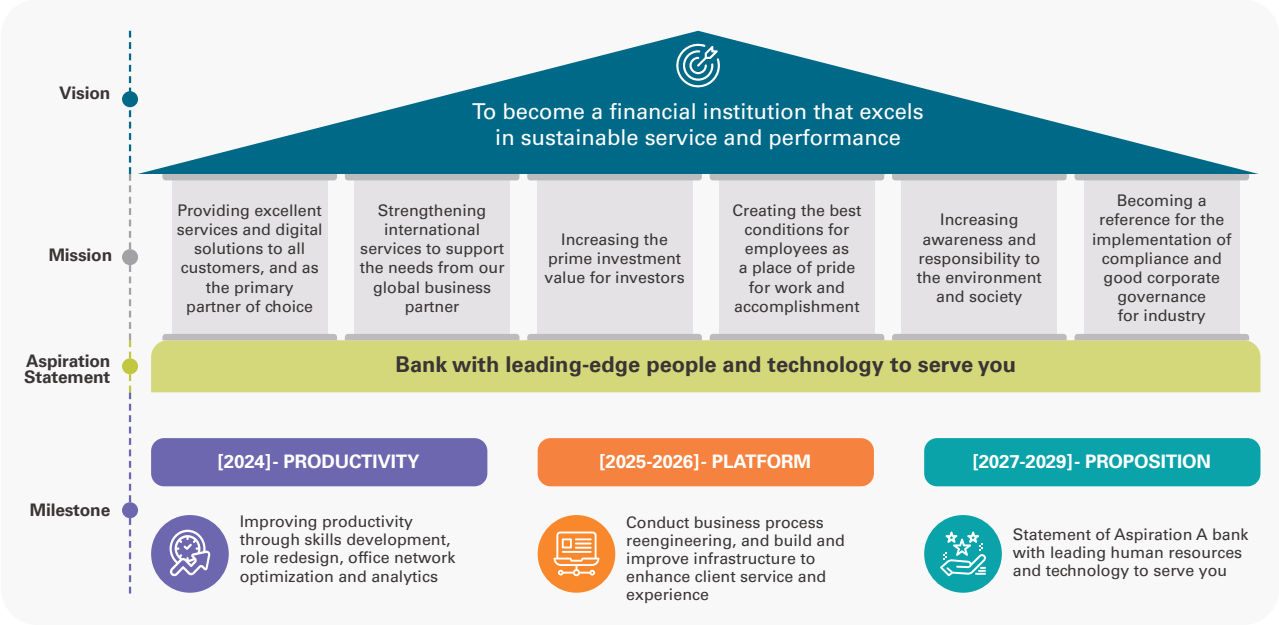
Complaint Channel
(%)

FOLLOW-UP ON COMPLAINTS IN 2025

Each report received through the Whistleblowing System undergoes a thorough investigation process. If a violation of applicable provisions is substantiated, the reported party is subject to sanctions in accordance with BNI's policies. In 2025, BNI took disciplinary action against 50 employees, including 9 employees who received sanctions ranging from written guidance letters to demotion.

The imposition of these sanctions is intended to enforce compliance with the Bank's ethical and integrity standards, while safeguarding BNI's reputation among all stakeholders. This approach demonstrates BNI's commitment to preventing misconduct, strengthening a transparent and accountable work culture, and fostering a professional environment with high integrity.

Bank Strategic Plan



BNI CORPORATE PLAN 2024-2028

The BNI Corporate Plan 2024–2028 was designed holistically with due consideration of growing trends in global and national macroeconomic conditions, the development of the banking industry, and the policy direction of the government and regulators in maintaining financial system stability and promoting sustainable economic growth. This strategic plan offers BNI guidelines for realizing its vision as a leading financial institution in sustainable service and performance, relying on strengthened governance, human resource capabilities, and the integrated use of digital technology.

In 2025, the national economy was projected to grow steadily amidst global uncertainty. Bank Indonesia estimated economic growth in 2025 would be around 4.7%–5.5%, driven by sustained household consumption, government spending, and investment recovery. Relatively stable inflation and a manageable exchange rate contributed to public purchasing power and healthy business climate. That sustained trend should improve through strengthening the productive sector, industrial downstreaming, MSME development, and accelerating digital transformation.

In line with moderate economic growth, the national banking industry faced numerous challenges in 2025, such as an increasingly competitive industry, the need to improve operational efficiency, and market demands for dynamic banking services. Nevertheless, growth opportunities remained open, driven by growing need for financing for the productive sector and MSMEs, the strengthening of the digital financial ecosystem, and the strategic, supportive role of banks in sustainable financing. Such optimism towards the banking industry's prospects was also supported by the policy direction of the Government and regulators, which have driven banks to strengthen their intermediation function, increase financial inclusion and literacy, accelerate digital transformation, and consistently apply prudential principles and good governance in all business activities.

Responding to these dynamics and in line with the 2024–2028 Corporate Plan, BNI is currently at the right strategic stage to keep the recent trends mitigated through the Platform phase, with a laid focus on structuring business processes and developing supporting infrastructure. In this phase, BNI is continuing the Business Process Reengineering initiative initiated in the previous phase, with an emphasis on simplifying and standardizing business processes, strengthening system integration, and optimizing the use of digital technology.

In this phase, BNI continued the Business Process Reengineering initiative it commenced in the previous phase, with an emphasis on simplifying and standardizing business processes, improving integration between processes, and strengthening system integration. Process standardization and automation were implemented comprehensively, particularly in the credit process, through end-to-end workflow improvements to enhance consistency, speed, and service quality. In parallel, BNI was also strengthening the use of digital technology and analytical capabilities to support decision-making, optimize business potential, and increase productivity.

The key outcomes expected from the Platform phase include transformation in the SME and Commercial segments, strengthening identity through branding updates and implementing more integrated communication programs and campaigns, and integrating all BNI service platforms. This integration was intended to deliver a more seamless customer experience and strengthen synergies between products and segments.

In Wholesale Transaction Banking, BNI worked to enhance its value proposition by developing an integrated platform that includes cash management, trade finance, foreign exchange, and custody services. This platform enhancement was aimed at providing more comprehensive transaction solutions tailored to the needs of corporate customers, while also supporting increased efficiency and service quality.

Meanwhile, in terms of portfolio strategy, BNI aspires to drive sustainable growth by laying its focus on how to deliver a healthy growth in the Corporate segment, both private and state-owned enterprises, as well as the Consumer segment as the second growth pillar after Corporate. Improvements in the small and medium-sized segments continue to be pursued to increase productivity and asset quality, with growth oriented towards the wholesale business value chain.

BNI also recognizes that the Bank's progress and success have a lot to do with the environmental and social impacts arising from its activities. That's why BNI is delivering on its commitment to supporting Net Zero Emissions (NZE) and climate resilience through environmental management, both within its internal operations and external ecosystem. The Company has an ESG roadmap whose target is to reduce GHG emissions and support NZE, with the NZE target in 2028 for operations while 2060 for financing.

BNI'S STRATEGIC POLICY FOR 2025

Amidst macroeconomic dynamics throughout 2025 that impacted the banking business landscape, the Company was proactive in monitoring how situations developed and taking mitigating measures to minimize the impacts on its strategic policy execution. This approach ensured that the 2025 business targets were achieved while maintaining sustainable growth in accordance with

the Company's long-term plan. Based on BNI's Long-Term Plan, outlined in the BNI Corporate Plan 2024-2028 document, BNI is implementing its 2025 strategic policy to achieve the previously established targets, as outlined below:

1. Increasing business productivity and market share in
2. Increasing Retail Savings and Deposits, as well as Transaction-Based Current Accounts.
3. Healthy and sustainable growth across all segments, with a primary focus on the corporate and derivative segments, as well as quality consumer and wealth.
4. Maintaining asset quality to drive a reduction in Loan at Risk (LaR).
5. Continuous development of wondr by BNI, BNIdirect, FSCM, and platforms that support the customer journey.
6. Strengthening enablers that result in increased productivity and operational efficiency

BNI TRANSFORMATION

Based on the 2024-2028 Corporate Plan, the Transformation continues to be implemented sustainably, focusing on BNI's Long-Term Strategy. In 2025, BNI's strategic policy focuses on ensuring the achievement of predetermined targets, while sharpening strategy execution in regions aligned with superior economic potential and strengthening collaboration in developing and cultivating an integrated business ecosystem. The following are the Transformations implemented by BNI throughout 2025:

1. **New Region, Area & Branch Model (BRAVE)** - Sharpening the organization, business processes, network development, and sales model to execute the strategy to capture market share.
2. **Branch Transformation Project - Intelligent Branch** - Integrating digital/e-channel services with branch services to provide the best customer experience.
3. **Loan Management System Wholesale (lendix)** - An end-to-end credit process system for the wholesale segment integrated with core banking and surrounding areas.
4. **Wholesale Transaction Banking Transformation (New BNIdirect)** - A one-stop digital financial service solution for wholesale customers.
5. **SME Banking Revamp-** End-to-end credit process improvements in the SME business segment to increase SME productivity.
6. **Sanur Special Economic Zone (SEZ) -** Optimizing BNI's support in the construction and development of the Sanur SEZ, identifying business potential and orchestrating its execution.
7. **RM Tool (connect) & Customer Profitable Report (CPR) -** The RM tool serves as a pipeline management and database. The CPR tool calculates the profit/loss of customers/debtors, both group and non-group, on a BNI-wide basis.
8. HC Roadmap - An integral part of BNI's human resource development strategy that supports BNI's business strategy.

These initiatives are in line with BNI's strategy to support the achievement of BNI's performance in 2025.

Transformation Acceleration: Strengthening BNI Towards Strategic Policy Directions.

1. **Increasing business productivity and market share across regions through outlet transformation with the New Region, Area & Branch Model & Branch Transformation Project – Intelligent Branch implementation.**

   BNI implements the New Region, Area & Branch Model, known as BRAVE (Branch, Region, Area, Value and Empowerment), by improving its organizational structure, business workflows, network development, and sales strategy. This initiative aims to strengthen BNI's ability to capture market share and business productivity. By transforming its outlets, BNI has sought to improve operational efficiency and expand market dominance in various regions. BNI has taken it a step further by implementing the Branch Transformation Project. One manifestation of this transformation is the Intelligent Branch concept, which integrates digital services with conventional services at branch offices to provide an optimal customer experience.

2. **Increasing Retail Savings and Deposits, and Transaction-Based Current Accounts through the Sanur Special Economic Zone (SEZ) Development Strategy.**

   To encourage sustainable and comprehensive growth, BNI is not only strengthening its funding base by increasing its Savings, Retail Deposits, andTransaction-Driven Current Accounts through Business as Usual (BaU) business development. Furthermore, BNI is also active in contributing to national strategic development projects, such as optimizing support for the development of the Special Economic Zone (SEZ) in Sanur, Bali. BNI's commitment to the Sanur SEZ is providing integrated digital financial solutions to build a sustainable economic ecosystem and create added value for stakeholders.

3. **Healthy and sustainable growth across all segments by maintaining asset quality to drive a reduction in Loan at Risk (LaR) in the corporate and derivative segments, as well as in the quality consumer and wealth segments as a main focus.**

   BNI is committed to achieving healthy and sustainable growth across all segments, with a top priority on maintaining asset quality to reduce Loan at Risk (LaR), particularly in the corporate and derivative segments, as well as consumer and wealth management. This strategy was implemented through the digitization of supporting processes, such as the implementation of the Loan Management System Wholesale (lendix), which digitizes and integrates end-to-end credit processes with core banking, and the SME Banking Revamp to optimize RM productivity. Furthermore, data management is optimized through the use of the RM Tool (Connect) as a pipeline management system and the Customer Profitable Report (CPR) to comprehensively analyze debtor profitability across the BNI network.

   Furthermore, in line with the corporate plan and to provide transaction solutions across the customer's business value chain, the Value Chain Task Force (TFVC) plays a crucial role in orchestrating customer business needs with banking solutions across each segment. TFVC focuses on developing value chain potential at L0 (30 corporate companies and 13 institutional institutions) and L1 (suppliers and buyers from L0) by synergizing with various units (Divisions, Regions, and Subsidiaries). Since April 2025, TFFC has taken the initiative to explore pain points (through focus group discussions with the CMC Division, RCC, and Branch Offices), identify value chain potential, support the development of Supply Chain Financing (SCF) solutions for the customer ecosystem, distribute lead data, develop enablers that facilitate RMs in offering solutions (SCF libraries, SCF desks, offering letters, etc.), prepare monitoring dashboards, periodically monitor performance achievements, and implement corrective actions for continuous improvement.

4. **Continuous development of platforms that support the customer journey.**

   BNI is progressively accelerating the transformation of its digital ecosystem through the development of flagship platforms such as wondr by BNI and BNIdirect to create a comprehensive, seamless customer journey. As a key pillar in the transformation of Wholesale Transaction Banking, the launch of BNIdirect's new face positions itself as a one-stop solution that integrates all the complexities of corporate financial services into one intuitive platform. This initiative represents BNI's concrete step in building innovative and adaptive digital banking capabilities, which not only improve customer operational efficiency but also reinforce new standards in digital financial inclusion across all business segments.

5. **Strengthening enablers that result in increased productivity and operational efficiency**

   BNI integrated human resource development into the HC Roadmap framework as a key instrument for improving organizational efficiency and output. By focusing on aligning talent capabilities with business policy directions, BNI sought to build a solid and adaptive operational foundation. The collaboration between competent human resources and efficient support systems ensures the company continues to deliver top-notch performance to support sustainable business growth.

INNOVATION AS A STRATEGIC ENABLER OF BNI'S TRANSFORMATION

In the era of digital disruption and intensifying competition in the banking industry, innovation is no longer merely a strategic choice, but a business imperative that determines the company's sustainability and competitiveness. BNI positions innovation as a fundamental enabler in its Strategic Plan, focusing on creating measurable added value through increased operational efficiency, accelerated business growth, and enhanced customer experience.

BNI's commitment to innovation is reflected in its ongoing investment in building an inclusive innovation ecosystem, involving not only Hi-Movers as internal innovators but also various external stakeholders through collaborations with universities and the startup ecosystem. This collaboration between innovation stakeholders is realized through the holding of various innovation events, encompassing both internal and external innovation, as a forum for collaboration, idea exchange, and the development of innovative solutions aligned with the company's strategic direction.

Innovation Timeline and Key Milestones 2025

Q1
- Implementasi ide inovasi BINNOVA 2024 yaitu Fitur Investasi di wondr by BNI
- Grand Final BINNOVA Batch 4 2024
- Idea Submission BINNOVA Batch 5 2025

Q2
- Pelaksanaan Inkubasi BINNOVA Batch 5 2025
- Launching Innovation Corner di Blok M, Jakarta Selatan

Q3
- Implementasi ide inovasi BINNOVA 2024 yaitu Fitur Dana Pensiun di wondr by BNI
- Pelaksanaan Grand Final BINNOVA Batch 5 2025.
- Kolaborasi dengan BNI Ventures dan ekosistem start up dalam penyelenggaraan SparkArc Ideathon 2025
- Kolaborasi dengan ekosistem universitas dalam program Gadjah Mada Business Case Competition
- Kolaborasi dengan ekosistem universitas dalam penyelenggaraan Univesitas Indonesia (UI) Innovation War
- Kolaborasi dengan ekosistem universitas dalam penyelenggaraan International Student Development Competition, Universitas Airlangga
- Idea Submission BINNOVA Batch 6 & 7 2025

Q4
- Kolaborasi BNI & BNI Ventures dalam penyelenggaraan BNV Arcade 2025 Penyelenggaraan BNI Innovation Forum 2025
- Pelaksanaan Inkubasi BINNOVA Batch 6 & 7 2025

Bni Innovation (Binnova): Hi-Movers' Place to Innovate

BINNOVA is a regular innovation event held internally within BNI. The goal of BINNOVA is to seek the best ideas from Hi-Movers, which can be implemented to have a positive impact, both in increasing revenue and cost efficiency, as well as improving the effectiveness of business processes.

1. BINNOVA 2024: Foundation for Transformation
   The BINNOVA 2024 program has generated a solid innovation pipeline, with several innovation ideas implemented in 2025. The implementation of BINNOVA 2024 results has made a tangible contribution to achieving BNI's strategic targets, particularly in digital banking enhancement. Several innovation ideas from the BINNOVA 2024 program have been implemented in 2025, namely:
   a. Digital Investment Features on wondr by BNI
      The digital investment features on wondr by BNI include access to various instruments such as Mutual Funds and Government Securities (SBN), offering the convenience of automated investment with reminders and scheduled deposits, and providing financial insights and an integrated transaction experience. This application aims to make it easier for BNI customers to invest consistently to achieve their financial goals.

   b. Pension Fund Features on wondr by BNI
      The Pension Fund feature on the wondr by BNI application was developed as part of the digital transformation of Financial Institution Pension Fund (DPLK) services. This innovation enables customers to manage and plan their retirement funds more easily, informatively, and securely. With a fresh and interactive interface, the Pension Fund feature makes it easy for customers to monitor products, services, and pension fund developments transparently and accurately. Since its launch in October 2025, this feature has contributed to the growth in the number of accounts (NOA) by 81.27% as of December 2025 compared to the year-to-date (YTD) NOA as of September 2025.

2. BINNOVA 2025: Sustainable Growth Momentum
   a. BINNOVA Batch 5: Operations Excellence
      The theme for BINNOVA Batch 5 is "Realizing Operations Excellence through Fast, Lean, and Accurate Processes." This idea was chosen because it aligns with one of BNI's 2025 strategies, namely "Strengthening enablers that result in increased productivity and operational efficiency." Furthermore, this theme was chosen because there is still room for improvement in Banking Operations, Digital Operations, and Credit Operations to maximize existing end-to-end operational business processes.

      The BINNOVA Batch 5 idea submission process was conducted from February 20, 2025, to April 27, 2025. During the idea submission period, 98 innovation ideas were submitted through BNI's Ideabox. After a curation process by innovation management, 14 innovation ideas were selected to advance to the customer validation (CV) and product validation (PV) incubation processes. These processes aim to validate the innovation idea and develop a high-fidelity prototype and Minimum Viable Product (MVP) to generate added value for customers, which are then presented to business owners for implementation. Following the curation and incubation stages, six innovation teams were selected to advance to the Grand Final Pitching stage, which will be held on September 18, 2025.

   b. BINNOVA Batches 6 & 7: Attract More, Engage Daily, Retain Strongly
      BINNOVA Batches 6 & 7 carried the theme "Attract more, Engage daily, Retain strongly" to support the sustainable increase in low-cost funds (CASA) acquisition and retention. The idea submission period ran from August 5, 2025, to September 30, 2025. BINNOVA Batch 6 was specifically for Hi-Movers from Regional/Branch/Central Offices, focusing on improving relationship-based business execution, services, and product activities for BNI's business retention and growth. Meanwhile, BINNOVA Batch 7 focused on strengthening strategies and initiatives to develop BNI's customer acquisition and retention. BINNOVA Batch 7 was specifically for Hi-Movers from the Head Office.

      A total of 62 innovation ideas were submitted to BINNOVA Batch 6, compared to 112 innovation ideas submitted to BINNOVA Batch 7 last year. Based on curation conducted by innovation management, seven innovation ideas were selected for BINNOVA Batch 6. and 11 innovation ideas from BINNOVA Batch 7 were declared successful in the incubation process, which includes customer and product validation. The grand final pitching stage for BINNOVA Batches 6 and 7 will be held in 2026.

External Innovation: Strengthening Collaboration Among Stakeholders

In addition to accelerating internal innovation, BNI is strategically building an external innovation ecosystem through sustainable multi-stakeholder collaboration. Through this approach, BNI opens up broader collaboration opportunities from the perspectives of academia, industry, and society. This initiative is realized through various strategic programs, including the Campus Innovation Challenge, Open Innovation, and the Innovation Forum, which are designed as open ecosystems to gather innovative ideas from various parties.

The Campus Innovation Challenge is a collaborative program between the BNI Group and several leading universities in Indonesia. This program provides a space for students to play an active role in providing creative ideas and solutions to real-world problems faced by the BNI Group. Furthermore, winners of the Campus Innovation Challenge will have the opportunity to participate in the BNI Group employee selection process. This program is expected to serve as concrete evidence of BNI Group's commitment to fostering the actualization of young people in developing innovative, analytical, and applicable thinking that aligns with industry needs, while also creating job opportunities for them. In addition to encouraging innovative ideas, this program also has a positive impact on strengthening BNI's retail business, particularly Wonder by BNI and the use of QRIS as a payment method during activities. This program is also expected to strengthen the strategic relationship between the BNI Group and universities.

Meanwhile, Open Innovation is implemented as an inclusive collaboration platform involving various external stakeholders, including students, startups, and communities. Through a synergy with BNI Ventures, BNI will organize various open innovation programs throughout 2025, one of which is BNV Arcade, a collaborative platform between the BNI Group and startups and industry players. This program is designed to identify and accelerate innovative solutions to BNI Group pain points, with results that have high potential for implementation across the BNI Group to support performance improvement and business transformation.

In addition, BNI, in collaboration with BNI Ventures, has also held the BNI Innovation Forum 2025, where this forum serves as a forum for sharing knowledge and experience between state-owned enterprises, private companies, start-ups, and the public in identifying innovation trends, studying success stories and failures, and discussing the direction of innovation development to strengthen synergies and broaden perspectives between industries in facing future business challenges. This forum is expected to strengthen BNI's position as a bank with a strong commitment to innovation.

Transparency in Report Submission

TRANSPARENCY IN REPORT SUBMISSION

BNI is committed to fulfilling the principle of information disclosure, which is very important for the public in making investment decisions. For this reason, BNI routinely submits Disclosure of Information or Material Facts reports to the Financial Services Authority (OJK) and also announces this information to the public.

In 2025, the Corporate Secretary conveyed various information related to BNI to the public through mass media, the IDX website, and the BNI website using Indonesian and English. The Corporate Secretary has also submitted regular and incidental reports to IDX and OJK with the following details:

PERIODIC REPORTS

The following table presents detailed information regarding the Transparency of Report Submission carried out by BNI in 2025:

Report	Number of Report	Intended for	Period
BBNI Securities Holder Registration Monthly Report	12	OJK & IDX	Monthly
Consolidated Financial Statements of the Bank and Subsidiaries (UnAudited)	3	OJK & IDX	Quarterly
Annual Financial Report (Audited)	1	OJK & IDX	Annually
Annual Report (including Corporate Governance Report, Corporate Governance Report of Sharia Business Unit, and Integrated Governance Report of BNI Financial Conglomeration)	1	OJK & IDX	Annually
Sustainability Report	1	OJK & IDX	Annually
Annual Rating Report	1	OJK & IDX	Annually
Annual Report of Parent and Subsidiary Banks (Report	1	OJK	Annually
of Banks that are part of a business group)	2	OJK	Semi-annual
Related Party List Report	1	IDX	Annually
Annual Public Expose Report	4	OJK & IDX	Quarterly
List of 10 Largest Shareholders Report	4	OJK & IDX	Quarterly
Company Performance Report (Earning Call)	1	OJK & IDX	Annually
Annual General Meeting of Shareholders Invitation Report	1	OJK & IDX	Annually
Report on the Implementation of the Annual General Meeting of Shareholders	1	OJK & IDX	Annually
Cash Dividend Payment Implementation Report	1	OJK & IDX	Annually

INCIDENTAL REPORT

Throughout 2025, BNI has made 51 information disclosures in the form of incidental reports to regulators (OJK and/or IDX).

Detailed information regarding the periodic reports and incidental reports above can be viewed and accessed via the BNI website at https://www.bni.co.id/id-id/investor/berita-investor/keterbukaan informasi

Management of State Officials' Wealth Reports (LHKPN)

As a manifestation of BNI's commitment to increasing transparency and building a work culture free from Corruption, Collusion, and Nepotism (KKN), all members of the Board of Commissioners, Directors, and Structural Officials are required to submit a Wealth Report (LHK). This reporting is carried out in accordance with internal provisions stipulated in the Company's Industrial Relations Guidelines, Instruction No. IN/002/HCE/001 dated January 22, 2025.This obligation is an integral part of the implementation of Good Corporate Governance (GCG) principles at BNI, while ensuring compliance with applicable regulations and strengthening the integrity and accountability of all levels of management.

LHKPN POLICY

The development of BNI's internal policy regarding the LHKPN submission and reporting mechanism required for Bank officials with certain positions embodies the following laws and regulations:

1. Law No. Law No. 28 of 1999 concerning State Administrators Who Are Clean and Free from Corruption, Collusion, and Nepotism, as amended by Law No. 30 of 2002 concerning the Corruption Eradication Commission;
2. Regulation of the Corruption Eradication Commission of the Republic of Indonesia Number 7 of 2016 concerning Procedures for Registration, Announcement, and Examination of the Assets of State Officials, as last amended by Regulation of the Corruption Eradication Commission of the Republic of Indonesia Number 3 of 2024 concerning the Second Amendment to Regulation of the Corruption Eradication Commission Number 07 of 2016 concerning Procedures for Registration, Announcement, and Examination of the Assets of State Officials.
3. Regulation of the Minister of State-Owned Enterprises No. PER-01/MBU/01/2018 on the Reporting of Assets of State Officials within the Ministry of State-Owned Enterprises, as amended by Regulation of the Minister of State-Owned Enterprises No. PER-10/MBU/06/2021 concerning the Amendment to Regulation of the Minister of State-Owned Enterprises No. PER-01/MBU/01/2018 on the Reporting of Assets of State Officials within the Ministry of State-Owned Enterprises.
4. Law No. 19 of 2003 on State-Owned Enterprises, as amended several times, most recently by Law No. 16 of 2025 on the Fourth Amendment to Law No. 19 of 2003 on State-Owned Enterprises.

BNI has written policies and procedures regarding the LHKPN submission procedure, the appointment of work units in charge for managing and administering the LHKPN, and the establishment of a sanction-giving mechanism for Bank officials who neglect or fail to fulfill their reporting obligations. This is done to ensure compliance with regulations and maintain the integrity of all BNI personnel in accordance with GCG principles.

LHKPN REQUIRED REPORT

In accordance with applicable regulations, BNI Structural Officials who are required to report LHKPN are:

1. Commissioners;
2. Directors;
3. Senior Executive Vice Presidents (SEVPs);
4. Division/Unit/Functional Unit Heads
   If there is no Head in a Functional Unit, then the State Officials who are required to submit LHKPN in that Functional Unit are those with a minimum position level of Senior Vice President;
5. Regional Leaders;
6. General Managers (GMs) of Overseas Branches; and
7. Commissioners/Directors of Subsidiaries/ Consolidated Affiliated Companies.

LHKPN MANAGEMENT

The LHKPN reporting of BNI Structural Officials is managed by the LHKPN Management Coordinator, Application Administrator, and LHKPN Work Unit Administrator, with the following description:

1. The LHKPN Management Coordinator is the Division Head overseeing the Human Capital Services function with the following scope of duties:
   a. Monitoring the completion and submission of LHKPN and disseminating LHKPN obligations.
   b. Coordinating with the Ministry of State-Owned Enterprises and the Corruption Eradication Commission (KPK) regarding LHKPN management at BNI.
   c. Compiling a list of State Officials within BNI who are required to submit LHKPN.
   d. Reminding State Officials within BNI who are required to submit LHKPN to comply with the LHKPN submission and announcement obligations.
2. The LHKPN Application Administrator is an official at the Department Head level in the Division overseeing the Human Capital Services function, who handles industrial relations functions with the following scope of duties:
   a. Updating data on State Officials within BNI who are required to submit LHKPN (State Officials' Reports) on the e-LHKPN application.
   b. Submitting data regarding changes in State Officials' positions to the Corruption Eradication Commission (KPK).
   c. Acting as a contact person or liaison between the KPK and BNI in LHKPN management.
3. The LHKPN Work Unit Admin is an official at the Department Head level who oversees the management function of State Officials and monitors and coordinates with the LHKPN Application Admin. There are three Work Unit Admins at BNI:
   a. Corporate Secretary Division;
   b. Subsidiaries Management Division;
   c. International & Financial Institutions Division.

2025 LHKPN REPORTING

In 2025, all BNI officials who fell under those required to submit LHKPN Report already submitted the State Officials' Wealth Report (LHKPN) to the Corruption Eradication Commission (KPK) via the e-LHKPN website.

Bad Corporate Governance Practices

Bad corporate governance practices refer to a series of actions or policies that diverge from the principles of sound corporate governance. Throughout 2025, BNI is recorded as having neither taken actions nor established policies related to bad corporate governance practices, as detailed in the following table:

Description	Practised in 2025
Reports indicating the company as an environmental polluter	None
Legal cases currently faced by the Bank, subsidiaries, members of the Board of Directors, and/or members of the Board of Commissioners who are currently in office, not disclosed in the Annual Report	None
Non-compliance in fulfilling tax obligations	None
Inconsistencies in the presentation of the Annual Report and Financial Statements with applicable regulations and Financial Accounting Standards	None
Legal cases or disputes involving labor and employees	None
Lack of disclosure of operating segments in the listed company	None
Discrepancies between the hardcopy and softcopy versions of the Annual Report	None

Implementation of Integrated Governance

Integrated Governance for the Financial Conglomeration at BNI is implemented in accordance with OJK Regulation No. 18/POJK.03/2014 on the Implementation of Integrated Governance for Financial Conglomerations, OJK Regulation No. 30 of 2024 on Financial Conglomerations and Financial Conglomeration Parent Entities, and OJK Circular Letter No. 15/SEOJK.03/2015 on the Implementation of Integrated Governance for Financial Conglomerations.

As the Main Entity (PIKK) within the Financial Conglomerate, BNI implements Integrated Governance to ensure transparency and compliance with regulations. In 2025, the implementation of Integrated Governance encompassed the following aspects:

a. Self-Assessment Reports on the Implementation of Integrated Governance.
b. Structure of BNI Financial Conglomerate.
c. Shareholding Structure within the BNI Financial Conglomerate.
d. Management Structure of the BNI Financial Conglomerate.
e. Core Principles of Integrated Governance for BNI Financial Conglomerate
f. Intra-Group Transaction Policy within BNI Financial Conglomerate.

SELF-ASSESSMENT REPORT ON THE IMPLEMENTATION OF INTEGRATED GOVERNANCE IN 2025

In accordance with applicable regulations, Financial Conglomerates are required to periodically prepare Self-Assessment Reports on Integrated Governance, specifically in June and December. These reports must be submitted to OJK no later than the 15th of the second month following the end of the reporting period, i.e., August 15 and February 15, respectively.

The Self-Assessment of the implementation of Integrated Governance principles in BNI's Financial Conglomerate focuses on three main aspects, namely: Structure, Process, and Outcome. The evaluation centers on seven key assessment factors, which serve as benchmarks for the implementation of Integrated Governance:

1. Execution of the Duties and Responsibilities of the Board of Directors of the Main Entity. (in its capacity as the Financial Conglomeration Parent Entity/PIKK).
2. Execution of the Duties and Responsibilities of the Board of Commissioners of the Main Entity. (PIKK).
3. Duties and Responsibilities of the Integrated Governance Committee.
4. Duties and Responsibilities of the Integrated Compliance Unit.
5. Duties and Responsibilities of the Integrated Internal Audit Unit.
6. Implementation of Integrated Risk Management.
7. Development and Implementation of Integrated Governance Guidelines.

BNI has compiled a self-assessment report on the implementation of Integrated Governance in the BNI Financial Conglomerate for the 2025 period, which is described in detail below:

Integrated Governance Self-Assessment Results

Rating		Rating Definition
Semester I 2025	Semester II 2025	
2	2	The Financial Conglomerate is deemed to have implemented Integrated Governance effectively overall. This assessment is evident from the satisfactory application of Integrated Governance principles. Any shortcomings in the implementation of Integrated Governance can be resolved through routine corrective actions carried out by the Main Entity (PIKK) and/or Financial Services Institutions.

Results of Self-Assessment on the seven assessment factors for Integrated Governance Implementation in 2025 is as follow:

1. Board of Directors of the Main Entity (PIKK)
   Under the Integrated Governance structure, all members of BNI's Board of Directors have met the qualifications stipulated by applicable laws and regulations. The implementation of duties and responsibilities of the BNI Board of Directors related to the Integrated Governance process has been carried out and followed up in accordance with the advice and counsel of the BNI Board of Commissioners.

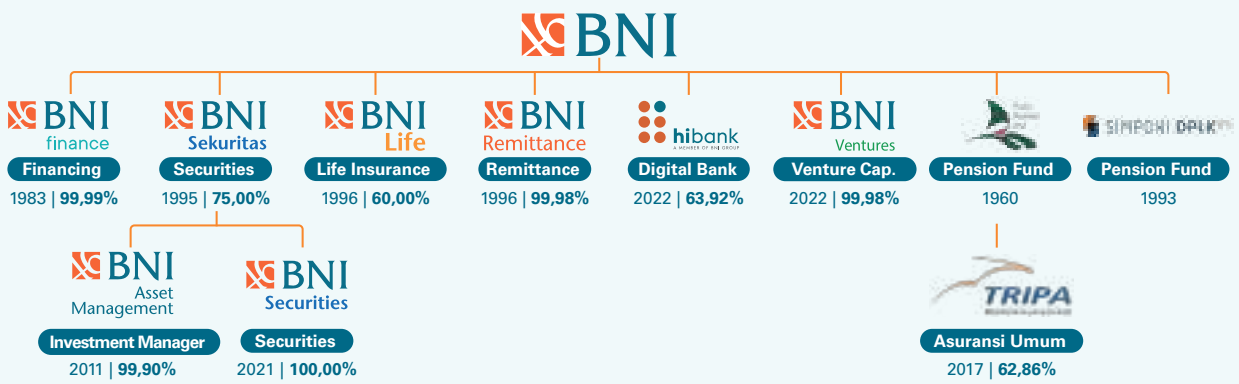
2. Board of Commissioners of the Main Entity (PIKK)
   Within the Integrated Governance structure, all members of BNI's Board of Commissioners meet the qualifications required by prevailing regulations. The Board of Commissioners has fulfilled their oversight duties by holding regular meetings and supervising the implementation of the Board of Directors' responsibilities as the Main Entity. They have also provided recommendations for enhancing the Integrated Governance Guidelines.

3. Integrated Governance Committee
   The Integrated Governance Committee has been established in compliance with applicable regulations. In order to improve the TKT Guidelines, the TKT Committee has provided recommendations to the BNI Board of Commissioners for the improvement of the TKT Guidelines. The evaluation results and outcomes of the TKT Committee Meeting were submitted to the Board of Commissioners through the TKT Committee Task Implementation Report periodically.

4. Integrated Compliance Working Unit
   The Integrated Compliance Working Unit (SKKT) is independent and separate from the Operational Working Unit (risk taking unit), and is directly responsible to the Director in charge of the compliance function. SKKT has submitted the results of monitoring, evaluation and suggestions for improvement in the implementation of the compliance function in each Financial Services Institution of the BNI Financial Group periodically.

5. Integrated Internal Audit Unit
   The Integrated Internal Audit Unit (SKAIT) operates independently from BNI's operational units and reports directly to the President Director of the Main Entity (in its capacity as PIKK) and, on a dotted line basis, to the Board of Commissioners of the Main Entity (PIKK). The Integrated Internal Audit Unit has monitored the implementation of internal audits across the BNI Financial Conglomeration through the conduct of integrated audits at each member of the BNI Financial Conglomeration.

6. Implementation of Integrated Risk Management
   The Risk Management Director of BNI, who directs the Integrated Risk Management function, supervises the Integrated Risk Management Unit (SKMRT). Each member of the Financial Conglomeration has a Director responsible for the risk management function and a dedicated Risk Management Unit. The implementation of Integrated Risk Management across the BNI Financial Conglomeration has been carried out in accordance with the characteristics and complexity of each business.



7. Integrated Governance Guidelines
   The Integrated Governance Guidelines of the BNI Financial Conglomeration have been developed, reviewed, and implemented in compliance with applicable laws and regulations. These guidelines, among others, set out the requirements as well as the duties and responsibilities of the Board of Directors and the Board of Commissioners of the Main Entity (PIKK), the Integrated Governance Committee, the Integrated Compliance Unit, the Integrated Internal Audit Unit, the implementation of integrated risk management, and the coordination mechanisms among integrated units.

Authorities, Duties, and Responsibilities in the Implementation of Integrated Governance within BNI Financial Conglomeration Financial Institutions

Here is how the authorities, duties, and responsibilities in the process and outcomes of the implementation of Integrated Governance within BNI Financial Conglomeration Financial Institutions is implemented:

a. Board of Directors of BNI

1. Ensure the implementation of Integrated Governance within the Financial Conglomeration.
2. Formulate the Integrated Governance Policy.
3. Direct, monitor, and evaluate the implementation of the Integrated Governance Policy.
4. Follow up on recommendations and advice from the Board of Commissioners in order to enhance the Integrated Governance Policy.
5. Ensure that audit findings and recommendations from the Integrated Internal Audit Unit, external auditors, supervisory results from the Financial Services Authority, and or other supervisory authorities have been properly followed up by members of the BNI Financial Conglomeration.
6. Convey the Integrated Governance Policy to the Boards of Directors of members of the BNI Financial Conglomeration.

b. Board of Commissioners of BNI

1. Conduct oversight of the implementation of Integrated Governance within the Financial Conglomeration.
2. Supervise the implementation of Integrated Governance in each member of the Financial Conglomeration to ensure alignment with the Integrated Governance Policy and consistency with the Integrated Risk Management Policy of the Financial Conglomeration Holding Company.
3. Oversee the exercise of authorities, duties, and responsibilities of the Board of Directors of the Financial Conglomeration Holding Company and provide recommendations and advice regarding the implementation of the Integrated Governance Policy.
4. Approve the Integrated Governance Policy prepared by the Board of Directors of the Financial Conglomeration Holding Company.
5. Evaluate the Integrated Governance Policy and provide direction for its enhancement based on recommendations from the Integrated Governance Committee.
6. Carry out supervisory duties in the interest of the Financial Conglomeration Holding Company over policies and management actions undertaken by the Board of Directors and provide advice to the Board of Directors, and be accountable for such supervision.

c. Boards of Directors of Members of the BNI Financial Conglomeration

1. Implement good governance practices in each member of the Financial Conglomeration in accordance with the Integrated Governance Policy and prevailing regulations.
2. Follow up on audit results and recommendations from internal audits, the Integrated Internal Audit Unit, external audits, supervisory results from the Financial Services Authority, and or other authorities and institutions in accordance with applicable laws and regulations.
3. Establish the Rules of Procedure of the Board of Directors of members of the Financial Conglomeration.
4. Conduct meetings of the Board of Directors of members of the Financial Conglomeration as further stipulated in the Articles of Association of each Financial Conglomeration member.
5. Ensure that all policies, provisions, systems, procedures, and business activities carried out by members of the Financial Conglomeration comply with applicable laws and regulations, including provisions issued by the Financial Services Authority and or other relevant authorities;

d. Boards of Commissioners of Members of the BNI Financial Conglomeration

1. Supervise the implementation of governance as well as the authorities, duties, and responsibilities of the Boards of Directors of Financial Conglomeration members, including follow up on audit or examination findings and recommendations from Internal Audit, External Audit, and or supervisory results from authorities and other institutions in accordance with prevailing laws and regulations.
2. Establish committees or appoint parties to perform functions supporting the authorities, duties, and responsibilities of the Boards of Commissioners of Financial Conglomeration members, at a minimum including an audit monitoring committee or function.
3. Conduct meetings of the Boards of Commissioners of Financial Conglomeration members as further stipulated in the Articles of Association of each Financial Conglomeration member.
4. Establish the Rules of Procedure of the Boards of Commissioners of Financial Conglomeration members.

e. Sharia Supervisory Board

1. The Sharia Supervisory Board is responsible for providing advice and recommendations to the Boards of Directors of Financial Conglomeration members and supervising business activities to ensure compliance with Sharia principles;
2. Establish the Rules of Procedure of the Sharia Supervisory Board.

f. Integrated Governance Committee

The duties, authorities, and responsibilities of the Integrated Governance Committee, as well as the implementation of the duties of the Integrated Governance Committee, can be found in the Committees under the Board of Commissioners chapter, Integrated Governance Committee subchapter, page 881.

g. Integrated Compliance Unit

The authority, duties, and responsibilities of BNI's Integrated Compliance Work Unit in the context of implementing integrated compliance within the BNI Financial Conglomerate can be found in the chapter on Supporting Bodies of the Board of Directors, subchapter on Compliance Functions, page 984.

h. Integrated Internal Audit Unit

The authority, duties, and responsibilities of BNI's Integrated Internal Audit Unit in the context of implementing integrated audits at BNI Financial Conglomerate can be found in Chapter Supporting Bodies of the Board of Directors, Sub-chapter Internal Audit Unit on page 962.

i. Integrated Risk Management Unit

The authority, duties, and responsibilities of BNI's Integrated Risk Management Work Unit in the context of implementing integrated risk management at BNI Financial Conglomerate can be found in the Integrated Risk Management Governance chapter on page 1024.

INTRA-GROUP TRANSACTION POLICY WITHIN THE BNI FINANCIAL CONGLOMERATE

Definition of Intra-Group Transaction Risk

The Financial Services Authority requires financial conglomerations in the financial services industry to implement integrated risk management, including the management of intra group transaction risks. Ownership and control relationships among entities within a conglomeration may affect the sustainability of financial institutions as a result of risk exposures, whether direct or indirect.

Intra group transaction risk arises from an entity's dependence on other entities within the same conglomeration, either through written or unwritten arrangements, which may involve the transfer of funds or other forms of obligations. A sound understanding of these risks enables financial conglomerations to manage and mitigate potential impacts arising from inter entity interactions more effectively.

Objectives of Intra-Group Transaction Risk Management

Management The objectives of Intra-Group Transaction Risk Management within the BNI Financial Conglomerate are as follows:

1. To regulate and monitor the risks of intra group transactions within the Financial Conglomerate based on prudential principles;
2. To ensure that the integrated risk management process minimizes the potential negative impacts caused by one LJK's direct or indirect dependency on another LJK within the Financial Conglomerate, and the negative impacts on the overall business condition of the BNI Financial Conglomerate.

Principles of Intra-Group Transaction Risk Management

BNI, as the main entity in the application of intra-group transaction risk management within the BNI Financial Conglomerate, must adhere to the following principles:

1. Having sufficient risk management processes for intra-group transactions within the entire Financial Conglomerate;
2. Monitoring intra-group transactions within the Financial Conglomerate and preparing regular reports;
3. Encouraging public disclosure of intra-group transactions;
4. Considering the impact of intra-group transactions on the performance of LJK members within the Financial Conglomerate, both directly and on the overall BNI Financial Conglomerate.

Types of Transactions That May Lead to Intra-Group Transaction Risks

Within the BNI Financial Conglomerate, various types of transactions may pose intra-group transaction risks. Some examples of such transactions include:

1. Cross-ownership between LJKs in the Financial Conglomerate;
2. Centralization of short-term liquidity management within the Financial Conglomerate;
3. Guarantees, loans, and commitments provided or obtained by one LJK from another LJK in the Financial Conglomerate;
4. Exposure to controlling shareholders, including loan exposure and off-balance sheet items such as guarantees and commitments;
5. Purchase or sale of assets between one LJK and another within the Financial Conglomerate;
6. Risk transfer through reinsurance; and
7. Transactions to shift third-party risk exposures among LJKs within the financial conglomerate.

Adequacy of Processes for Identifying, Measuring, Monitoring, and Controlling Risks, and the Risk Management Information System for Intra-Group Transactions

In managing intra-group transaction risks, BNI as the Main Entity (PIKK) implements processes for identifying, measuring, monitoring, and controlling risks associated with all material risk factors in an integrated manner. This process is supported by an adequate intra-group transaction risk management information system, which includes:

1. Intra-Group Transaction Risk Identification
   The identification of intra-group transaction risks is carried out by analyzing the types of products and/or transactions between LJKs within the BNI Financial Conglomerate that could give rise to risks within the conglomerate.
2. Intra-Group Transaction Risk Measurement
   The measurement of intra-group transaction risks aims to determine the risk rating of intra-group transactions within the Financial Conglomerate. BNI, as the main entity (PIKK), must establish a methodology for measuring intra-group transaction risks and assess the appropriateness of assumptions, data sources, and procedures used.
3. Intra-Group Transaction Risk Monitoring
   Monitoring of intra-group transaction risks involves evaluating exposure to material intra-group transaction risks that may affect the capital condition of the Financial Conglomerate, as well as improving reporting processes when business activities, products, transactions, and material risk factors change. To assess the intra-group material financial relationship between FSIs in the BNI Financial Conglomeration, it is measured based on the value of BNI's financial transactions with FSIs that are members of the BNI Financial Conglomeration, as well as between fellow FSIs within the BNI Financial Conglomeration.

4. Intra-Group Transaction Risk Control
   To implement risk control, BNI, as the Main Entity (PIKK), ensures that the BNI Financial Conglomerate has control methods in place for intra-group transaction risks that could jeopardize the business continuity of the conglomerate. Intra- group transaction risk controls are implemented by considering:
   a. The composition of inherent risk parameters for intra-group transactions in the integrated risk profile assessment;
   b. Adherence to the arm's length principle (fair transaction terms) for intra-group transactions;
   c. Availability and completeness of intra-group transaction documentation; and
   d. Compliance with legal/regulatory provisions for each intra-group transaction.
5. Intra-Group Transaction Risk Management Information System includes:
   a. Intra-group transaction risk profile reports, which are part of the integrated risk profile report;
   b. Intra-group transaction reports, which include:
      i) Recap of transactions with related parties;
      ii) Important agreements with related parties.

BNI, as the Main Entity (PIKK), prepares and submits intra-group transaction risk profile reports to OJK semi-annually, as part of the integrated risk profile and intra-group transaction reports for the June and December reporting periods. As of December 31, 2025, all intra-group transactions have been conducted fairly and in compliance with the arm's length principle.

Implementation of Aspects and Principles of Corporate Governance in Accordance with Financial Services Authority Regulations [ACGS C.2.6]

Referring to POJK No. 21/POJK.04/2015 on the Implementation of Corporate Governance Guidelines for Public Companies and SEOJK No. 32/SEOJK.04/2015 on the Corporate Governance Guidelines for Public Companies, BNI adopts five aspects, eight principles, and twenty-five recommendations for good corporate governance practices. The following table provides a more detailed explanation of these aspects and their implementation at BNI in 2025:

No.	OJK Recommendation	Implementation at BNI	BNI Compliance with OJK Regulations		Disclosure in the 2025 Annual Report
			Complied	Not Yet Complied	
A.	**Aspect A: Relationship of Public Companies with Shareholders in Guaranteeing Shareholder Right**				
1.	Principle 1: Increasing the Value of Holding General Meetings of Shareholders (GMS).				
1.1.	Public Companies have technical methods or procedures for collecting votes, both openly and secretly, which prioritize independence and the interests of shareholders.	At the 2025 Annual GMS held on March 26, 2025, to discuss the Bank's performance in 2024, and the 2025 Extraordinary GMS held on December 15, 2025, voting was conducted using both physical ballots and an electronic voting system provided by eASY.KSEI. The vote counting process as the basis for decision making was carried out by PT Datindo Entrycom as the Securities Administration Bureau, and the results were validated by Ashoya Ratam, S.H., M.Kn., a notary in Jakarta. The voting procedure, both openly and secretly, was carried out in accordance with the GMS rules of procedure. In addition, the procedure for calculating the quorum, questions and answers, and the mechanism for making decisions at the meeting have been regulated in the GMS Rules of Procedure and implemented in accordance with OJK Regulation No. 15/POJK.04/2020 concerning the Planning and Implementation of General Meetings of Shareholders of Public Banks, and OJK Regulation No. 16/POJK.04/2020 concerning the Implementation of General Meetings of Shareholders of Public Banks Electronically.	√		Chapter 7. Corporate Governance, Sub-chapter General Meeting of Shareholders, Page 673-698.

No.	OJK Recommendation	Implementation at BNI	BNI Compliance with OJK Regulations		Disclosure in the 2025 Annual Report
			Complied	Not Yet Complied	
1.2.	All members of the Board of Directors and members of the Board of Commissioners of the Public Company were present at the Annual GMS.	All members of the Board of Directors and the Board of Commissioners of BNI attended the 2025 Annual GMS and the 2025 Extraordinary GMS. BNI has submitted a Summary Report of the Minutes of the 2025 Annual GMS for the 2024 Fiscal Year and the 2025 Extraordinary GMS to the Financial Services Authority (OJK) through Letters No. CSE/7/2206 dated March 27, 2025 and No. CSE/7/9256 dated December 16, 2025.	√		Chapter 7. Corporate Governance, Sub-chapter General Meeting of Shareholders, Page 673-698.
1.3.	The summary of the minutes of the GMS is available on the Public Company Website for at least 1 (one) year.	The Summary of the Minutes of the 2025 Annual GMS has been published on the official BNI website, which can be accessed via the following link: https://www.bni.co.id/id-id/perseroan/tata-kelola/rups The Summary of the Minutes of the previous year's GMS is also still published on the official BNI website.	√		
2.	Principle 2: Improving the Quality of Communication of Public Companies with Shareholders or Investors.				
2.1.	Public Companies have a communication policy with shareholders or investors.	The communication policy with Shareholders or investors is stated in the Investor Relations Guidelines. These guidelines include policies related to investor relations activities, such as analyst meetings, preparation of annual reports, investor meetings, public exposes, and roadshows. The policy also includes strategies, programs, communication implementation times, and guidelines that allow Shareholders or investors to actively participate in communication. The existence of this policy demonstrates the Bank's commitment as a Public Company to implementing transparent and open communication with Shareholders and investors. In 2025, as a form of implementing this policy, the Bank has held analyst meetings, annual reports, and public exposes, and published them on the PT Bursa Efek Indonesia website and the official BNI website.	√		Chapter 7. Corporate Governance, Sub-chapter Investor Relations, Page 958-961.
2.2.	Public Companies disclose the Public Company's communication policy with shareholders or investors on the Website.				
B.	**Aspect B:** **Functions and Roles of the Board of Commissioners**				
3.	Principle 3: Strengthening the Membership and Composition of the Board of Commissioners.				
3.1.	Determination of the number of members of the Board of Commissioners takes into account the conditions of the Public Company.	As of December 31, 2025, the number of members of the BNI Board of Commissioners is 6 (six) people. Determination of the number and composition of the Board of Commissioners has taken into account the conditions, organizational needs and complexity of BNI's business as a Public Company and meets the criteria in accordance with OJK Regulation No. 33/POJK.04/2014 concerning the Board of Directors and Board of Commissioners of Issuers or Public Companies, and OJK Regulation No. 17 of 2023 Implementation of Governance for Commercial Banks.	√		Chapter 7. Corporate Governance, Sub-chapter Diversity of the Board of Commissioners and Board of Directors, Page 673-698.

No.	OJK Recommendation	Implementation at BNI	BNI Compliance with OJK Regulations		Disclosure in the 2025 Annual Report
			Complied	Not Yet Complied	
3.2.	The determination of the composition of the Board of Commissioners members takes into account the diversity of expertise, knowledge, and experience required.	The current composition of the Board of Commissioners has reflected adequate diversity, with a combination of various important aspects such as independence, expertise and educational background, diverse work experience, and varying age ranges. This diversity is expected to support more comprehensive and balanced decision-making, and ensure that the Board of Commissioners can carry out its functions effectively in overseeing the Bank's operations. This is in accordance with the Regulation of the Minister of SOEs No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises.	√		Chapter 3. Company Profile, Sub-chapter Board of Commissioners Profile, Page 110-115. Chapter 7. Corporate Governance, Sub-chapter Diversity of the Board of Commissioners and Board of Directors, Page 673-698.
4.	Principle 4: Improving the Quality of Implementation of the Duties and Responsibilities of the Board of Commissioners.				
4.1.	The Board of Commissioners has a self-assessment policy to assess the performance of the Board of Commissioners.	The self-assessment policy is used to assess the performance of the Board of Commissioners based on the achievement of the work program listed in the Board of Commissioners' Work Plan and Budget (RKA). This assessment includes indicators related to the duties and responsibilities of the Board of Commissioners, which are also included in the GCG Self Assessment. The performance assessment of the Board of Commissioners is described through three main indicators, namely advisory on performance, strengthening executive functions, and monitoring compliance. The GCG Self Assessment consists of three main benchmarks: Governance Structure, Governance Process, and Governance Outcome. Governance Structure includes 18 indicators, Governance Process consists of 23 indicators, and Governance Outcome has 5 indicators.	√		Chapter 7. Corporate Governance, Sub-chapter Performance Assessment of the Board of Directors and Board of Commissioners, Page 806-826.
4.2.	The self-assessment policy to assess the performance of the Board of Commissioners is disclosed through the Annual Report of the Public Company.	Disclosure of the Self-Assessment policy on the performance of the Board of Commissioners listed in the RKA has been described in the 2025 Annual Report. In addition, BNI has also submitted a report on the results of the GCG Self Assessment related to the duties and responsibilities of the Board of Commissioners to the regulator.	√		Chapter 7. Corporate Governance, Sub-chapter Performance Assessment of the Board of Directors and Board of Commissioners, Page 806-826.
4.3.	The Board of Commissioners has a policy regarding the resignation of members of the Board of Commissioners if they are involved in financial crimes.	The policy regarding the resignation of the Board of Commissioners is regulated in the Board of Commissioners Charter. In order to maintain the integrity of the Bank and ensure compliance with the law and GCG principles, BNI will take firm action and will not hesitate to enforce appropriate sanctions if there is evidence of involvement of members of the Board of Commissioners in financial crimes.	√		Chapter 7. Corporate Governance, Sub-Chapter Board of Commissioners, Page 699-810. Chapter 7. Corporate Governance, Sub-Chapter Nomination and Remuneration, Page 811-826. Chapter 7. Corporate Governance, Sub-Chapter Anti-Money Laundering Program, Prevention of Terrorism Financing, and Prevention of Proliferation Financing of Weapons of Mass Destruction (APU, PPT, and PPPSPM), Page 1083-1086.

No.	OJK Recommendation	Implementation at BNI	BNI Compliance with OJK Regulations		Disclosure in the 2025 Annual Report
			Complied	Not Yet Complied	
4.4.	The Board of Commissioners or the Committee that carries out the Nomination and Remuneration function prepares a succession policy in the Nomination process for members of the Board of Directors.	One of the organs of the Board of Commissioners is the Nomination and Remuneration Committee, which functions to carry out nomination duties. This committee assists the Board of Commissioners in assessing the performance of members of the Board of Directors and/or members of the Board of Commissioners based on benchmarks that have been set as evaluation materials. This assessment is carried out by referring to BUMN regulation No. PER-3/MBU/03/2023 of 2023.	√		Chapter 7. Corporate Governance, Sub-Chapter Nomination and Remuneration Committee, Page 855-868.
C.	**Aspect C: Functions and Roles of the Board of Directors**				
5.	Principle 5: Strengthening the Membership and Composition of the Board of Directors.				
5.1.	Determination of the number of members of the Board of Directors takes into account the conditions of the Public Company and the effectiveness of decision-making.	As of December 31, 2025, the number of members of the BNI Board of Directors is 13 (thirteen) people. Determination of the number and composition of the Board of Directors has taken into account the conditions, organizational needs and complexity of BNI's business as a Public Company and meets the criteria in accordance with OJK Regulation No. 33/POJK.04/2014 concerning the Board of Directors and Board of Commissioners of Issuers or Public Companies, and OJK Regulation No. 17 of 2023 Implementation of Governance for Commercial Banks.	√		Chapter 7. Corporate Governance, Sub-chapter Diversity of the Board of Commissioners and Board of Directors, Page 673-698.
5.2.	The determination of the composition of the Board of Directors members takes into account the diversity of expertise, knowledge, and experience required.	The current composition of the Board of Directors has reflected adequate diversity, with a combination of various important aspects such as independence, background expertise and education, diverse work experience, and varying age ranges. This diversity is expected to support more comprehensive and balanced decision-making, and ensure that the Board of Commissioners can carry out its functions effectively in overseeing the running of the company. This is in accordance with the Regulation of the Minister of SOEs No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises.	√		Chapter 3. Company Profile Sub-Chapter Director Profile, Page 120-132. Chapter 7. Corporate Governance, Sub-chapter Diversity of the Board of Commissioners and Board of Directors, Page 673-698.
5.3.	Members of the Board of Directors who oversee the accounting or finance sector have expertise and/or knowledge in the field of accounting.	The Director of Finance, Hussein Paolo Kartadjoemena, has an educational background in accounting economics and throughout 2025 has improved his competence in this field.	√		
6.	Principle 6: Improving the Quality of Implementation of Duties and Responsibilities of the Board of Directors				
6.1.	The Board of Directors has its own self-assessment policy to assess the performance of the Board of Directors.	The Board of Directors' performance assessment policy is regulated in the Guiding Principle Key Performance Indicator (KPI) of the Board of Directors. This performance measurement includes several KPIs that are assessed collegially for all Directors, both in quantitative and qualitative forms. The assessment involves several factors, such as market capitalization, profit, market share, and leadership. The Nomination and Remuneration Committee has conducted an evaluation and provided recommendations to the Board of Commissioners regarding the nomination and remuneration system or policy for Commissioners, Directors, executive officers, and employees as a whole.	√		Chapter 7. Corporate Governance, Sub-Chapter Performance Assessment of the Board of Directors and Board of Commissioners, Page 806-810.

No.	OJK Recommendation	Implementation at BNI	BNI Compliance with OJK Regulations		Disclosure in the 2025 Annual Report
			Complied	Not Yet Complied	
6.2.	The selfassessment policy for assessing the performance of the Board of Directors is disclosed through the annual report of the Public Company.	In 2025, the performance assessment of the Board of Directors has been disclosed in the Annual Report, which can be accessed by Shareholders, investors, and other stakeholders through the official BNI website. This information is very useful for providing assurance to Shareholders and investors that the management of the company continues to be carried out in a better direction.	√		Chapter 7. Corporate Governance, Sub-Chapter Performance Assessment of the Board of Directors and Board of Commissioners, Page 806-810.
6.3.	The Board of Directors has a policy regarding the resignation of members of the Board of Directors if they are involved in financial crimes	BNI has a clear policy regarding the resignation of members of the Board of Directors and will take firm action if financial crimes occur. This policy is regulated in the Articles of Association and the Board of Directors Charter. In order to maintain the integrity of the Bank and ensure compliance with the law and GCG principles, BNI will take firm action and will not hesitate to enforce appropriate sanctions if there is evidence of involvement of members of the Board of Directors in financial crimes.	√		Chapter 7. Corporate Governance, Sub-Chapter Board of Directors, Page 742-804. Chapter 7. Corporate Governance, Sub-Chapter Nomination and Remuneration, Page 811-826. Chapter 7. Corporate Governance, Sub-Chapter Anti-Money Laundering, Counter-Terrorism Financing, and Counter-Proliferation Financing (APU, PPT, and PPPSPM) Programs, Page 1083-1086.
D.	**Aspect D: Stakeholder Participation**				
7.	Principle 7: Enhancing Corporate Governance Aspects through Stakeholder Participation.				
7.1.	Public Companies have policies to prevent insider trading.	BNI has a comprehensive policy to prevent insider trading, which is outlined in the Company Guidelines (e-PP). This policy provides clear guidance to all employees, including members of the Board of Directors and Board of Commissioners, regarding the use and disclosure of unpublished insider information. In an effort to prevent insider trading practices, BNI also establishes reporting procedures for employees who suspect violations related to such information. To support the implementation of this policy, BNI periodically holds training so that employees understand and comply with applicable provisions. With these steps, BNI aims to create a culture of transparency and accountability, as well as increase public trust in the integrity of financial institutions in managing sensitive information.	√		Chapter 7. Corporate Governance, Sub-Chapter Insider Trading and Conflict of Interest Policy, Page 1112-1113.

No.	OJK Recommendation	Implementation at BNI	BNI Compliance with OJK Regulations		Disclosure in the 2025 Annual Report
			Complied	Not Yet Complied	
7.2.	Public Company has an anticorruption and anti-fraud policy.	In its operational activities, BNI always complies with OJK Regulation No. 12 of 2024 concerning the Implementation of Anti-Fraud Strategies for Financial Services Institutions. BNI is committed to fostering anti-fraud culture and awareness throughout all levels of the organization. The implementation of anti-fraud policies and strategies is carried out through the application of the Zero Tolerance Fraud principle. To ensure that business activities are free from corruption, bribery, and fraud, BNI has formed several organizations, such as the Gratification Control Unit (UPG), the Anti-Fraud Unit, and the Anti-Fraud Committee. In addition, BNI also implements strict policies and procedures to enforce the principles of anti-corruption, antibribery, and anti-fraud, including the signing of an integrity pact by employees, the Board of Directors, and the Board of Commissioners every year, the Declaration of Gratification and Anti-Bribery periodically, and ISO 37001:2016 Certification on the Anti-Bribery Management System (SMAP).	√		Chapter 7. Corporate Governance, Sub-Chapter Internal Fraud, Page 1115-1117. Chapter 7. Corporate Governance, Sub-Chapter Anti-Corruption Policy, Page 1087.
7.3.	Public Companies have policies on supplier or vendor selection and capacity building.	BNI has a supplier or vendor selection and capacity building policy outlined in the Company Guidelines (e-PP). This policy covers procurement procedures, including methods and process flows, and is applied consistently in every procurement of goods and/or services. This policy serves as a guideline for all employees in carrying out the procurement process. BNI requires that providers of goods and/or services required have been registered in the manual system or e-Procurement application. In addition, the procurement winner notification process is carried out transparently to ensure accountability.	√		Chapter 7. Corporate Governance, Sub-Chapter Goods and/or Services Procurement Policy, Page 1092-1096.
7.4.	Public Companies have policies regarding the fulfillment of creditor rights.	Policies related to creditor rights at BNI are regulated through an agreement agreed between BNI and creditors. This agreement clearly states the rights and obligations of each party, including BNI's obligation to fulfill creditor rights. BNI is committed to providing transparent, accurate, and timely information, both regarding requests and use of loans. In addition, BNI is also obliged to maintain financial ratios, such as Current Ratio, Debt to Equity Ratio (DER), and Debt Service Ratio, in accordance with the agreed provisions. Annual audited financial reports are also submitted to creditors within a specified time period.	√		Chapter 7. Corporate Governance, Sub-Chapter Protection of Creditors' Rights, Page 1106.

No.	OJK Recommendation	Implementation at BNI	BNI Compliance with OJK Regulations		Disclosure in the 2025 Annual Report
			Complied	Not Yet Complied	
7.5.	Public Companies have a whistleblowing system policy.	The management of the Whistleblowing System (WBS) at BNI, known as "WBS to CEO," is a manifestation of the Bank's commitment to creating a clean and integrity-based work environment. This system encourages the active participation of BNI Hi-Movers to report any violations that occur within the Bank. Violation reports through WBS can be submitted through various channels, such as telephone, email, letter, or website, thus facilitating access and ensuring the confidentiality of the reporter.	√		Chapter 7. Corporate Governance, Sub-Chapter Whistleblowing System, Page 1127-1130.
7.6.	Public Companies have a policy of providing long-term incentives to Directors and employees.	BNI implements a policy of providing long-term performance-based compensation as a form of appreciation to management and employees who make significant contributions. This policy is realized through a stock ownership scheme, namely the Management Stock Ownership Program (MSOP) and the Employee Stock Ownership Program (ESOP). This policy is expected to encourage sustainable performance improvements and align employee interests with the Bank's goals. The provision of long-term compensation for members of the Board of Directors and Independent Board of Commissioners in the form of MSOP is guided by OJK Regulation No. 45/POJK.03/2015 concerning Remuneration Governance for Commercial Banks, as well as Regulation of the Minister of SOEs No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises. In addition, the Employee Stock Allocation (ESA) Program provides an opportunity for employees who meet certain criteria to own shares, in accordance with the provisions stated in the Program Implementation Instructions.	√		Chapter 7. Corporate Governance, Sub-Chapter Performance-Based Long-Term Compensation Policy, Page 1018-1122.
E.	**Aspect E: Information Disclosure**				
8.	Principle 8: Improve the Implementation of Information Disclosure				
8.1.	Public Companies utilize information technology more widely in addition to Websites as a medium for information disclosure.	In addition to the website, BNI also utilizes various information technologies and social media, such as email, BNI Menyapa, X, Instagram, and TikTok as a means of communication and information dissemination. This information disclosure effort includes not only that required by laws and regulations, but also other information that is considered useful for Shareholders and investors related to BNI's status as a Public Company.	√		Chapter 7. Corporate Governance, Sub-Chapter Access to Company Information and Data, Page 1037-1081.

No.	OJK Recommendation	Implementation at BNI	BNI Compliance with OJK Regulations		Disclosure in the 2025 Annual Report

8.2.	The Public Company Annual Report discloses the ultimate beneficial owner in the Public Company's share ownership of at least 5% (five percent), in addition to the disclosure of the ultimate beneficial owner in the Public Company's share ownership through major and controlling shareholders.	In the 2025 Annual Report, BNI discloses information regarding the ultimate beneficial owner in share ownership, including individuals or entities that own at least 5% (five percent) of the total shares. This disclosure includes major and controlling shareholders, as well as share ownership by the Board of Directors and Board of Commissioners.	√		Chapter 3. Company Profile Sub-Chapter Structure and Composition of Shareholders, Page 180-186. Chapter 3. Company Profile Sub-Chapter Information on Major Shareholders and Controlling Parties of the Company, Page 187. Chapter 7. Corporate Governance, Sub-Chapter Policy for Disclosure of Information on Share Ownership of the Board of Commissioners and the Board of Directors and Its Implementation, Page 1123-1126.

Implementation of the Indonesian Corporate Governance Guidelines (PUGKI) [ACGS C.2.6]

BNI has implemented the principles and recommendations outlined in the Indonesian Corporate Governance Guidelines (PUGKI) issued by the National Committee on Governance Policy (KNKG. In line with BNI's commitment to realize the 4 (four) pillars of corporate governance, namely ethical behavior, accountability, transparency and sustainability, BNI also continues to strive to implement 8 (eight) principles of Indonesian corporate governance. More detailed information on this implementation can be found in the following table:

No.	KNKG Recommendation	Implementation at BNI	BNI Compliance with KNKG Recommendations		Disclosures in the 2025 Annual Report
			Comply	Not yet	
1.	**Principle 1: Roles and Responsibilities of the Board of Directors and Board of Commissioners**				
1.1	**Roles and Responsibilities of the Board of Directors**				
1.1.1	To achieve the creation of sustainable value, the Board of Directors carries out its leadership role and strives to achieve the following governance outcomes: a. competitive and focused on long-term performance; b. ethical and responsible in conducting business; c. contributes positively to society and the environment; and d. capable of resilience and growth (corporate resilience).	In carrying out its duties and functions, the Board of Directors focuses on long-term performance, upholds business ethics, takes responsibility for the environment and society, and consistently makes improvements for sustainable growth.	√		Chapter 7. Corporate Governance, Sub-Chapter: Board of Directors, Pages 742-806.
1.1.2	The Board of Directors must ensure that the mission, vision, goals, objectives, strategies, and annual and medium-term corporate plans are consistent with long-term objectives, by effectively utilizing innovation and technology.	The Board of Directors ensures that the corporate vision and mission align with the Bank's strategic plan and long-term objectives, by effectively utilizing innovation and technology. A strong commitment to developing technology infrastructure and digital innovation is a key step in supporting the achievement of these goals. By considering stakeholder expectations, innovation is placed at the core of strategy and operational oversight. The Board of Directors also encourages continuous innovation, including the development of business models, new products, new services, and collaboration with strategic partners.	√		Chapter 3. Company Profile, Sub-Chapter: Vision, Mission, and Corporate Culture, Pages 94-98. Chapter 7. Corporate Governance, Sub-Chapter: Bank's Strategic Plan, Pages 1131-1137. Chapter 7. Corporate Governance, Sub-Chapter: Reporting Integrity and Information Technology Systems, Pages 1111.

1.1.3	The Board of Directors ensures that the corporation implements appropriate and effective risk management and internal control systems that align with the corporate vision, mission, goals, objectives, and strategies, and comply with applicable laws and standards.	The Board of Directors has ensured that the corporation applies appropriate and effective risk management and internal control systems, aligned with the vision, mission, and strategic plan. The implementation of risk management and internal control systems is carried out effectively, proactively, and with a forward-looking approach, in accordance with applicable laws and standards. This step aims to support the achievement of sustainable performance and enhance competitiveness.			Chapter 7. Corporate Governance, Sub-Chapter: Internal Control System, Pages 996-1006. Chapter 7. Corporate Governance, Sub-Chapter: Risk Management System, Pages 1007-1024.
1.1.4	The Board of Directors ensures the integrity of the corporation's accounting and financial reporting systems and the timely and accurate disclosure of all material information regarding the corporation.	The Board guarantees the integrity of the corporation's accounting and financial reporting systems and ensures the timely and accurate disclosure of all material information regarding the Bank as part of the Bank's risk management implementation. The Board also ensures that each individual involved in the preparation and disclosure of information possesses relevant knowledge, skills, and experience, as reflected in certifications from reputable institutions, and ensures the availability of adequate resources. In approving information disclosure, including periodic financial reports, the Board considers the effectiveness of the internal control system, the opinion of the external auditor, and the opinions of the Audit Committee, as well as consistency with the Bank's goals and strategies. The results of the review of the Quarterly Financial Statements are published along with the report, providing valuable information for investors and analysts to assess the Bank's financial performance.	√		Chapter 7. Corporate Governance, Sub-Chapter: Internal Control System, Pages 996-1006. Chapter 7. Corporate Governance, Sub-chapter: Transparency in Reporting, page 1138.
1.1.5	The Board of Directors ensures that the sustainability report has been properly prepared.	The Board ensures the implementation of sustainability principles and the preparation of the sustainability report in accordance with applicable laws and regulations and standards. This report is prepared based on a reporting framework that takes into account the size and complexity of the corporation, and meets national and/or global standards. Therefore, the sustainability report reflects the corporation's practices that support the creation of sustainable value.	√		Chapter 9. ESG Commitment, Sub-chapter: ESG Index: Summary of BNI Sustainability Practices, pages 1240-1244.

No.	KNKG Recommendation	Implementation at BNI	BNI Compliance with KNKG Recommendations		Disclosures in the 2025 Annual Report
			Comply	Not yet	
1.1.6	The Board of Directors establishes a framework for corporate information technology (IT) governance that aligns with the corporation's business needs and priorities, drives business opportunities and performance, strengthens risk management, and supports the corporation's goals and strategies.	The Board consistently develops and updates the IT governance framework to align with the Bank's business needs and priorities. IT resource allocation policies are implemented to ensure that investments and resource allocations are optimal and adequate. The implementation of IT governance is realized through aligning the IT Strategic Plan with the Bank's business strategy, optimizing resources, effective use of IT, performance measurement, and applying risk management in compliance with applicable regulations. Furthermore, the Board ensures that the Bank's risk management covers IT risks, and IT security policies and procedures are implemented to safeguard the security and confidentiality of data.	√		Chapter 5. Business Support Functions, Sub-chapter: Information Technology Governance, pages 487-493. Chapter 7. Corporate Governance, Sub-chapter: Reporting Integrity and Information Technology Systems, pages 1111.
1.1.7	For corporations operating based on Sharia principles, the Board of Directors must ensure the authority and availability of adequate supporting devices so that the Sharia Supervisory Board can perform its role effectively.	As of the end of 2024, BNI does not conduct business activities based on Sharia principles. Therefore, this provision is not relevant to BNI.	√		
1.1.8	The Board of Directors' Charter is periodically reviewed. The Charter includes, among other things, the division of roles for each Director, which can be arranged in the Board of Directors' Charter or by a Board of Directors' decision letter.	The Board of Directors' Charter is reviewed regularly to ensure its relevance and alignment with the latest developments in governance practices. This review process includes an evaluation of the duties and authority of each Director, as well as necessary adjustments to improve the Bank's operational effectiveness and efficiency. Additionally, this guideline serves as a reference for Board members in carrying out their responsibilities, thereby promoting transparent and accountable decision-making practices.	√		Chapter 7. Corporate Governance, Sub-chapter: Board of Directors, pages 742-805.
1.1.9	The Board of Directors has a policy regarding the resignation of Board members if they are involved in financial crimes and are proven to have committed wrongdoing.	BNI has a clear policy regarding the resignation of Board members. This policy is written and outlined in the Articles of Association and the Board of Directors' Charter. To maintain integrity and ensure compliance with the law and principles of GCG, BNI will take firm action and will not hesitate to enforce appropriate sanctions if there is evidence of Board members' involvement in financial crimes. BNI has also implemented POJK No. 8 of 2023 regarding the Implementation of the APU PPT and PPPSPM Programs in the Financial Services Sector. This commitment is reflected in all operational activities, including the identification, monitoring, and reporting of suspicious transactions.	√		Chapter 7. Corporate Governance, Sub-chapter: Board of Directors, pages 742-805. Chapter 7. Corporate Governance, Sub-Chapter: Anti-Money Laundering, Counter-Terrorism Financing, and Counter-Proliferation of Weapons of Mass Destruction (AML, CFT, and PPPSPM) Programs, pages 1083-1086.

			Comply	Not yet	
1.2	**Role and Responsibilities of the Board of Commissioners**				
1.2.1	The Board of Commissioners conducts an objective and independent annual formal evaluation to determine the effectiveness of the Board of Directors and each individual Director.	The performance assessment of the Board of Directors, including the President Director of the Bank, is conducted periodically based on the parameters set in the Board of Directors' Key Performance Indicators (KPIs), both collectively and individually. The calculation of the achievement of the Board of Directors' KPIs will be reviewed by the Public Accounting Firm (KAP) that audits the Bank's financial statements. The results of this review are then evaluated by the Board of Commissioners, taking into account recommendations from the Nomination and Remuneration Committee. Subsequently, the Board of Commissioners' evaluation results of the Board of Directors' performance are reported to the Ministry of State-Owned Enterprises as the controlling shareholder of the Bank.	√		Chapter 7. Corporate Governance, Sub-Chapter: Performance Assessment of the Board of Directors and the Board of Commissioners, pages 806-810.
1.2.2	The Board of Commissioners, by taking into account the consideration of the Nomination and Remuneration Committee, is responsible for determining the performance evaluation criteria and assessing the performance of the President Director and other Board members.		√		
1.3	**Role and Responsibilities of the Board of Commissioners**				
1.3.1	The Board of Commissioners reviews the corporate strategy at least annually and approves the mission, vision, and strategy formulated by the Board of Directors. The Board of Commissioners also reviews, provides advice, and approves the corporation's business plan, long-term financial plan, and short-term financial plan. The Board of Commissioners provides advice and monitors the Board of Directors' management of its implementation. The Board of Directors and the Board of Commissioners are involved in decisions that are critical to the corporation, as outlined in the corporation's articles of association.	The Board of Commissioners reviews the corporate strategy annually by approving the Bank's Business Plan (RBB), the Corporate Work Plan and Budget (RKAP), as well as revisions to the RBB and RKAP. Additionally, the Board of Commissioners provides advice and counsel and monitors the implementation of policies, their implementation, and the performance of the Bank, which is the responsibility of the Board of Directors. The supervisory function of the Board of Commissioners is carried out regularly through Board of Commissioners' meetings, which invite the Board of Directors every four months. Furthermore, the Board of Commissioners also prepares the RBB Supervision Report, which is submitted to the relevant authorities every semester.	√		Chapter 7. Corporate Governance, Sub-Chapter: Board of Commissioners, pages 699-738.
1.3.2	The types of decisions that require the approval of the Board of Commissioners must be disclosed in the annual report.	BNI's Articles of Association stipulate that the Board of Commissioners has the obligation to provide written approval for legal actions taken by the Board of Directors. This approval must be made in accordance with the provisions set out in BNI's Articles of Association, with due observance of the prevailing laws and regulations as well as provisions in the Capital Market.	√		Chapter 7. Corporate Governance, Sub-Chapter: Board of Commissioners, in the discussion titled "Decisions of the Board of Directors Requiring the Approval of the Board of Commissioners," pages 733-734.

No.	KNKG Recommendation	Implementation at BNI	BNI Compliance with KNKG Recommendations		Disclosures in the 2025 Annual Report
			Comply	Not yet	
		Disclosure of the type of decision requiring Board of Commissioners' approval has also been disclosed in the Annual Report, which among others states that the Board of Commissioners is authorized to approve matters requiring Board of Commissioners' approval based on the prevailing laws and regulations and the Company's Articles of Association, including the Bank's Business Plan, Corporate Budget Work Plan, Corporate Plan, Recovery Plan, Internal Audit Annual Audit Plan, and Sustainable Finance Action Plan. Information related to this matter has been disclosed in the 2024 Annual Report.			
1.3.3	Taking into account the recommendations of the Nomination and Remuneration Committee, the Board of Commissioners proposes to, and for decision by, the GMS the appointment and/or dismissal of members of the Board of Directors and the Board of Commissioners. In making the proposal, the Board of Commissioners considers diversity, non-discriminatory elements, and provides equal opportunities without distinguishing between ethnicity, religion, race, inter-group relations, and gender. The Board of Commissioners ensures that the process of nominating and selecting members of the Board of Directors and the Board of Commissioners is formal and transparent.	The Board of Commissioners ensures that the process of nominating and selecting members of the Board of Directors and the Board of Commissioners is formal and transparent. The nomination and selection procedures follow the applicable regulatory provisions. The procedure begins with a meeting of the Nomination and Remuneration Committee to provide recommendations to the Board of Commissioners regarding the appointment and/or dismissal of members of the Board of Directors and the Board of Commissioners. After that, the Board of Commissioners proposes it to the shareholders for decision at the GMS. The Board of Commissioners has considered diversity, non-discriminatory elements, and provides equal opportunities without distinction based on ethnicity, religion, race, inter-group relations, and gender.	√		Chapter 7. Corporate Governance, Sub-Chapter: Nomination and Remuneration, pages 811-826.
1.3.4	The Board of Commissioners or the committee performing the nomination function develops a succession policy in the nomination process for members of the Board of Directors. Each year, the Board of Commissioners reviews the implementation report of the development and succession plan submitted by the President Director.	The Nomination and Remuneration Committee develops the Succession Policy in the nomination process for members of the Board of Directors, which is then recommended to the Board of Commissioners. Each year, the Board of Commissioners reviews the implementation report of the development and succession plan.	√		Chapter 7. Corporate Governance, Sub-Chapter Nomination and Remuneration, in the discussion entitled Director Succession Policy, Page 815.

No.	KNKG Recommendation	Implementation at BNI	BNI Compliance with KNKG Recommendations		Disclosures in the 2025 Annual Report
			Comply	Not yet	
1.3.5	The Board of Commissioners: a) Proposes to the GMS, which may be preceded by a proposal from the committee performing the remuneration function, the amount of remuneration for members of the Board of Directors and the Board of Commissioners that aligns with the sustainable development of the corporation and the long-term interests of the corporation and shareholders; b) Periodically reviews the remuneration system for the Board of Directors and the Board of Commissioners.	The Nomination and Remuneration Committee, responsible for the remuneration function, proposes the remuneration amount for members of the Board of Directors and the Board of Commissioners. This proposal is made considering the sustainable development as well as the long-term interests of the Bank and shareholders. The Board of Commissioners periodically reviews the remuneration policy and procedures to ensure their alignment with current conditions and applicable regulations.	√		Chapter 7. Corporate Governance, Sub-Chapter: Nomination and Remuneration, pages 811-826.
1.3.6	The Board of Commissioners oversees the effectiveness of corporate governance policies and their implementation, and proposes changes if necessary.	The Board of Commissioners is responsible for overseeing the effectiveness of corporate governance policies and their implementation across all levels of the organization, ensuring that the policies applied align with the principles of good governance and applicable regulations. With the support of all the Committees of the Board of Commissioners, the Board of Commissioners performs its oversight function through coordination with the Board of Directors to review and evaluate the implementation of policies. If necessary, the Board of Commissioners proposes changes or adjustments to improve the quality of governance, including the implementation of governance at the Bank and Subsidiaries within the BNI Financial Conglomerate, in accordance with the Integrated Governance concept mandated by OJK Regulations.	√		Chapter 7. Corporate Governance, Sub-Chapter: Integrated Governance Committee, Pages 881-904.
1.3.7	The Board of Commissioners monitors and directs the corporation to implement appropriate and effective risk management and internal control systems that align with the corporation's goals, objectives, and strategies, and comply with applicable regulations, code of conduct, and standards.	The Board of Commissioners, through the Risk Monitoring Committee, has carried out monitoring and oversight, which includes providing advice and guidance to the Board of Directors on the implementation of Risk Management and Internal Control Systems at BNI. The Board of Commissioners periodically reviews and approves the applicable risk appetite. Through the Risk Monitoring Committee, the Board of Commissioners monitors and provides input to ensure that key risks are identified, considering both internal and external factors. Additionally, the Board of Commissioners ensures that the impact and likelihood of risks have been assessed and that appropriate mitigation strategies and plans are in place. Periodically, the Board of Commissioners also monitors the effectiveness of risk management and internal control systems.	√		Chapter 7. Corporate Governance, Sub-Chapter: Risk Oversight Committee, Pages 868-881.

No.	KNKG Recommendation	Implementation at BNI	BNI Compliance with KNKG Recommendations		Disclosures in the 2025 Annual Report
			Comply	Not yet	
1.3.8	The Board of Commissioners supervises and directs the achievement of integrity in the corporation's accounting and financial reporting systems, as well as the independence of internal and external audit functions.	The Board of Commissioners has discussed with the Board of Directors the appointment of the Public Accounting Firm that will function as the External Auditor to audit BNI's 2024 Annual Financial Statements and other reports. This discussion also covers the audit plan for the following year and annual consultations, with the aim of achieving integrity in accounting and financial reporting systems, as well as ensuring the independence of both internal and external audit functions. Before approving the financial statements, the Board of Commissioners receives a statement from the President Director and Finance Director that the entity's financial records have been properly managed. The financial statements have also been prepared in accordance with applicable accounting standards and fairly present the corporation's financial position and performance.	√		Chapter 7. Corporate Governance, Sub-Chapter: Audit Committee, Pages 833-854.
1.3.9	The Board of Commissioners monitors, reviews, and approves the corporation's annual report and sustainability report, ensuring their integrity, and supervises the corporation's disclosure and communication processes.	The Board of Commissioners has monitored, reviewed, and approved BNI's 2024 Annual Report and Sustainability Report, ensuring their integrity. Additionally, the Board of Commissioners supervises the corporation's disclosure and communication processes, including ensuring that information related to the Board of Commissioners is included in the Annual Report. Thus, the disclosure of governance practices in the Annual Report is ensured to have been properly implemented during the 2024 fiscal year.	√		Chapter 2. Management Report, Sub-Chapter Board of Commissioners Report, Pages 48-60. Chapter 2. Management Report, Sub-Chapter Statement Letter from Board of Commissioners Members regarding Responsibility for the 2025 Annual Report, Pages 84-85.
1.3.10	The Board of Commissioners' Charter is periodically reviewed.	The Board of Commissioners has a Charter that includes various provisions such as the Code of Conduct for Board of Commissioners meetings and joint meetings with the Board of Directors, and servesasthe primaryreference forcarrying out the Board's duties and functions. Additionally, the supporting committees of the Board of Commissioners each have their own Committee Charter, which guides them in performing their duties and responsibilities. All of these guidelines are reviewed periodically and adjusted to comply with applicable laws and regulations before being approved by the Board of Commissioners. In 2024, the Board of Commissioners conducted a review and ensured that these guidelines comply with the relevant legal provisions.	√		Chapter 7. Corporate Governance, Sub-Chapter: Board of Commissioners, Pages 699-738. Chapter 7. Corporate Governance, Sub-Chapter Audit Committee, Pages 833-854. Chapter 7. Corporate Governance, Sub-Chapter Nomination and Remuneration Committee, Pages 855-868. Chapter 7. Corporate Governance, Sub-Chapter Risk Monitoring Committee, Pages 868-881. Chapter 7. No.	KNKG Recommendation	Implementation at BNI	BNI Compliance with KNKG Recommendations		Disclosures in the 2025 Annual Report
			Comply	Not yet	
1.3.11	The Board of Commissioners has a policy regarding the resignation of Board members if they are involved in financial crimes and proven to have committed wrongdoing.	The policy on the resignation of the Board of Commissioners is regulated in the Articles of Association and the Board of Commissioners' Charter. To maintain the integrity of the Bank and ensure compliance with the law as well as the principles of Good Corporate Governance (GCG), BNI will take firm action and will not hesitate to enforce appropriate sanctions if there is evidence of a Board member's involvement in financial crimes. As part of the law enforcement efforts, BNI has implemented OJK Regulation No. 8 of 2023 concerning the Application of Anti- Money Laundering (APU) and Prevention of Terrorism Financing (PPT) Programs, and the Prevention of Financial Services Sector Money Laundering (PPPSPM).	√		Chapter 7. Corporate Governance, Sub-Chapter: Board of Commissioners, Pages 699-738. Chapter 7. Corporate Governance, Sub-Chapter: Nomination and Remuneration, Pages 811-826. Chapter 7. Corporate Governance, Sub-Chapter: Anti-Money Laundering, Counter-Terrorism Financing, and Counter-Proliferation of Weapons of Mass Destruction (AML, CFT, and PPPSPM) Programs, Pages 1083-1086.
1.3.12	Independent Commissioners are highly expected to contribute to honest, objective, active, and constructive discussions in Board of Commissioners meetings.	BNI ensures that all Independent Commissioners serving in 2024 have no financial, managerial, ownership, and/or family relationships with members of the Board of Directors, other members of the Board of Commissioners, controlling shareholders, or the Bank. This independence condition reflects the objectivity of Independent Commissioners in carrying out their duties, as well as their active, objective, and constructive roles in executing their functions. The appointment and dismissal of BNI's Independent Commissioners have met the criteria and followed the procedures set forth in the applicable laws and regulations. As such, Independent Commissioners are ensured to perform their duties independently.	√		Chapter 7. Corporate Governance, Sub-Chapter: Independent Commissioners, Pages 739-741

No.	KNKG Recommendation	Implementation at BNI	BNI Compliance with KNKG Recommendations		Disclosures in the 2025 Annual Report
			Comply	Not yet	
1.3.13	The President Commissioner acts as the coordinator of the Board of Commissioners and ensures its effectiveness. The President Commissioner fosters a culture of openness and constructive dialogue that allows various viewpoints to be expressed, including coordinating the setting of appropriate board meeting agendas and ensuring sufficient time is available to discuss all items. Additionally, there must be opportunities for the Board of Commissioners to meet with the Board of Directors and senior management.	The President Commissioner has optimally performed his role, both as the coordinator of the Board of Commissioners in ensuring the effectiveness of its duties and responsibilities, and in fulfilling his role as the Chair of the Integrated Governance Committee and the Nomination and Remuneration Committee. The active role of the President Commissioner is evident in leading the Board of Commissioners' meetings according to the agenda that must be discussed, including in the decision-making process in a collegial manner. Furthermore, the President Commissioner coordinates the division of supervisory roles among the members of the Board of Commissioners, leads meetings, and represents the Board of Commissioners in dealings with external parties.	√		Chapter 7. Corporate Governance, Sub-Chapter: Board of Commissioners, Pages 699-738.
1.4	**Establisment of the Committee**				
1.4.1	The corporation has committees under the Board of Commissioners, at a minimum consisting of: the Audit Committee, the Nomination and Remuneration Committee, and the Risk Management Monitoring Committee.	To support the implementation of supervisory duties and functions, the Board of Commissioners has established committees under the Board of Commissioners, consisting of the Nomination and Remuneration Committee, the Integrated Governance Committee, the Risk Monitoring Committee, and the Audit Committee.	√		Chapter 7. Corporate Governance, Sub-Chapter: Committees Under the Board of Commissioners, Pages 833-904.
1.4.2	The Board of Commissioners ensures that all members of the Audit Committee are independent, and that other committees established by the Board of Commissioners are predominantly composed of independent members. Furthermore, all committee members possess the necessary competence, commitment, and authority to perform their roles effectively and independently.	The Board of Commissioners ensures that all members of the Audit Committee, consisting of Independent Commissioners and Independent Parties (Non-Commissioners), carry out their duties and responsibilities independently. All members of the Audit Committee are confirmed to have the required competence and capabilities to meet the needs of the Audit Committee's tasks. The Audit Committee has a Committee Charter that serves as a guideline for carrying out its duties. The Audit Committee Charter outlines various provisions, including: Independence Criteria, Duties and Responsibilities, and the Authority of the Audit Committee. The Audit Committee has several authorities, including the right to obtain information, meet with relevant parties in connection with its duties (with or without the presence of management), and seek advice from independent external consultants/ experts if necessary.	√		Chapter 7. Corporate Governance, Sub-Chapter: Audit Committee, Pages 833-854.

No.	KNKG Recommendation	Implementation at BNI	BNI Compliance with KNKG Recommendations		Disclosures in the 2025 Annual Report
			Comply	Not yet	
1.4.3	To ensure that the monitoring of the Audit Committee's duties is carried out objectively and independently, the President Commissioner shall not serve as the Chairman of the Audit Committee, except in extraordinary circumstances that must be explained in the annual report.	The Board of Commissioners ensures that the President Commissioner does not hold the position of Chairman of the Audit Committee, in order to maintain independence and objectivity in the execution of the supervisory function. In 2024, the position of Chairman of the Audit Committee was held by an Independent Commissioner with adequate competence and experience, enabling them to carry out the oversight duties effectively and in accordance with GCG principles.	√		Chapter 7. Corporate Governance, Sub-Chapter: Audit Committee, Pages 833-854.
1.5	**Performance Assessment – Board of Commissioners and its Members**				
1.5.1	The Board of Commissioners conducts an objective annual formal evaluation to determine the effectiveness of the Board, its committees, and each individual commissioner.	A self-assessment policy is used to evaluate the performance of the Board of Commissioners based on the achievement of work programs outlined in the Work Plan and Budget (RKA) of the Board of Commissioners. This evaluation includes indicators related to the duties and responsibilities of the Board of Commissioners, which are also part of the GCG Self-Assessment. The performance evaluation of the Board of Commissioners is reflected through three main indicators: advisory on performance, strengthening the executive function, and monitoring compliance. The GCG Self-Assessment consists of three main benchmarks: Governance Structure, Governance Process, and Governance Outcome. Periodically, the Board of Commissioners also evaluates the committees under its authority, including the Audit Committee, Risk Monitoring Committee, Nomination and Remuneration Committee, Risk Monitoring Committee, and the Integrated Governance Committee.	√		Chapter 7. Corporate Governance, Sub-Chapter: Performance Assessment of the Board of Directors and Commissioners, Pages 806-810.
1.6	**Conflict of Interest**				
1.6.1	Board members who hold concurrent positions outside the corporation must obtain approval from the Board of Commissioners. A commissioner must notify the Board of Commissioners and the chair of the committee performing the nomination function before accepting a new appointment as a director or commissioner of a public corporation, another directorship, or a position with a significant time commitment.	In the 2025 fiscal year, no members of the Board of Directors held concurrent positions outside of BNI. This is in accordance with the provisions set out in the Minister of State-Owned Enterprises Regulation No. PER-3/MBU/03/2023 on the Organization and Human Resources of State-Owned Enterprises and OJK Regulation No. 17 of 2023 on the Implementation of Governance for Commercial Banks.	√		Chapter 3. Company Profile, Sub-Chapter: Directors Profile, Pages 120-132. Chapter 7. Corporate Governance, Sub-Chapter: Diversity of the Board of Commissioners and Directors, Pages 827-829.

No.	KNKG Recommendation	Implementation at BNI	BNI Compliance with KNKG Recommendations		Disclosures in the 2025 Annual Report
			Comply	Not yet	
1.6.2	The Board of Commissioners monitors and manages potential conflicts of interest among management, members of the Board of Directors, the Board of Commissioners, and shareholders, including the misuse of corporate assets and abuse in related party transactions. Commissioners with conflicts of interest do not participate in monitoring or decision-making regarding potential conflicts of interest involving themselves or their affiliates.	BNI has a policy that prohibits members of the Board of Directors and the Board of Commissioners with conflicts of interest from participating in decision-making (abstaining) related to such conflicts. Each member of the Board of Commissioners must inform the Board of Directors and the Board of Commissioners if there is a potential conflict of interest, including if it arises from their position as a consultant or official at another company. Members of the Board of Directors must also immediately disclose their potential conflicts of interest to the Board of Commissioners and other Board members, and not participate in decision-making if there is a conflict of interest. In its report, the Board of Commissioners informs the General Meeting of Shareholders (GMS) of any material conflicts of interest that have occurred, along with their resolution.	√		Chapter 7. Corporate Governance, Sub-Chapter: Insider Trading and Conflict of Interest Policy, Pages 1112-1113.
1.7	**Competence Improvement of Members of the Board of Directors and Board of Commissioners**				
1.7.1	The Board of Commissioners ensures that members of the Board of Directors and the Board of Commissioners understand their roles and responsibilities, the characteristics and operations of the corporation, relevant laws and regulations, applicable standards, and other obligations. The Board of Directors, through the corporate secretary, supports all members of the Board of Directors and the Board of Commissioners in updating and refreshing the skills and knowledge necessary to perform their roles on the Board.	Newly appointed members of the Board of Directors and the Board of Commissioners are required to undergo an adequate Orientation and Introduction Program to understand their roles and responsibilities. Periodically, members of the Board of Directors and the Board of Commissioners participate in relevant, adequate, and ongoing Training and/or Competency Development programs. Additionally, members of the Board of Directors and the Board of Commissioners regularly receive accurate, timely, and clear information regarding the latest developments in laws and regulations, relevant standards, applicable obligations, as well as risk factors and the business environment.	√		Chapter 7. Corporate Governance, Sub-Chapter: Board of Directors, Pages 742-806. Chapter 7. Corporate Governance, Sub-Chapter on the Board of Commissioners, Pages 699-738
2.	**Principle 2:** **Composition and Remuneration of the Board of Directors and Board of Commissioners**				
2.1	**Composition of the Board of Directors**				
2.1.1	In determining candidate directors, the Board of Commissioners through the Nomination and Remuneration Committee does not only rely on recommendations from the Board of Commissioners, management or majority shareholders. The Board of Commissioners through the Nomination and Remuneration Committee can use independent sources to determine qualified candidates.	The Board of Commissioners in determining candidate directors does not only rely on recommendations from BNI's internal organs, but also considers the results of assessments from independent external parties. This step is taken to ensure that the process of selecting candidate directors is carried out comprehensively and objectively, so that accountability is maintained.	√		Chapter 7. Corporate Governance, Sub-Chapter on Nomination and Remuneration, Pages 811-826.

No.	KNKG Recommendation	Implementation at BNI	BNI Compliance with KNKG Recommendations		Disclosures in the 2025 Annual Report
			Comply	Not yet	
2.1.2	The Board of Commissioners ensures that the criteria for selecting members of the Board of Directors include at least the knowledge, skills, and expertise needed to properly fulfill the role of the Board of Directors and pay attention to the fulfillment of diversity in the Board of Directors.	The Board of Commissioners ensures that the composition of the Board of Directors reflects the diversity in terms of skills, skills, knowledge, experience, age, cultural background, and gender needed to carry out the duties of the Board of Directors effectively. The number of members of the Board of Directors is determined by considering the conditions of the Bank, in order to ensure a more effective decision-making process. In this composition, there are Directors who have experience in finance, banking, IT, or other expertise needed to serve as members of the Board of Directors.	√		Chapter 3. Company Profile, Sub-Chapter on Directors' Profile, Pages 120-132. Chapter 7. Corporate Governance, Sub-Chapter on Nomination and Remuneration, Pages 811-826. Chapter 7. Corporate Governance, Sub-Chapter on Diversity of the Board of Commissioners and Directors, Pages 827-829.
2.1.3	The corporate policy on diversity in the Board of Directors and Board of Commissioners is disclosed in the Annual Report.	Diversity in the composition of the Board of Directors and Board of Commissioners is guided by the Regulation of the Minister of SOEs No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises, OJK Regulation No. 33/POJK.04/2014 concerning the Board of Directors and Board of Commissioners of Issuers or Public Companies, and OJK Regulation No. 17 of 2023 on the Implementation of Governance for Commercial Banks. The Diversity Policy of the Board of Directors and Board of Commissioners is disclosed in the 2025 Annual Report.	√		Chapter 7. Corporate Governance, Sub-Chapter on Diversity of the Board of Commissioners and Directors, Pages 827-829.
2.1.4	The Board of Commissioners ensures that the policies and procedures for the selection and nomination of Commissioners are clear and transparent so that they can produce the desired composition of the Board. The Board of Commissioners uses independent sources to determine qualified candidates.	The Board of Commissioners ensures that the policies and procedures for the selection and nomination of Commissioners are carried out clearly and transparently. In the nomination process, the Board of Commissioners may use the services of independent external consultants, and relevant information regarding such consultants is disclosed in the annual report, including information regarding independence and potential conflicts of interest.	√		Chapter 7. Corporate Governance, Sub-Chapter on Nomination and Remuneration, Pages 811-826. Chapter 7. Corporate Governance, Sub-Chapter on Diversity of the Board of Commissioners and Directors, Pages 827-829.
2.1.5	The Board of Commissioners/ Committee carrying out the nomination function establishes nomination procedures and criteria that are consistent with the Board of Commissioners' expertise matrix that has been approved by the Board of Commissioners and ensures that the candidate's profile meets the requirements set out in the expertise matrix and nomination criteria.	The Board of Commissioners through the Nomination and Remuneration Committee is responsible for establishing nomination procedures and criteria that are guided by applicable laws and regulations.	√		Chapter 7. Corporate Governance, Sub-Chapter on Nomination and Remuneration, Pages 811-826. Chapter 7. Corporate Governance, Sub-Chapter Nomination and Remuneration Committee, Pages 855-868.

No.	KNKG Recommendation	Implementation at BNI	BNI Compliance with KNKG Recommendations		Disclosures in the 2025 Annual Report
			Comply	Not yet	
2.1.6	The composition of the Board of Commissioners must be formed in such a way that its members as a group reflect the diversity in terms of ability, expertise, knowledge, experience, age, cultural background, and gender needed to properly fulfill the role of the Board of Commissioners.	BNI ensures that the composition of the Board of Commissioners reflects the diversity in terms of ability, expertise, knowledge, experience, age, cultural background, and gender needed to carry out the duties and functions of the Board of Commissioners effectively. In the composition of the Board of Commissioners, there are members who have experience in the financial and banking sectors. The number of members of the Board of Commissioners is determined in accordance with the provisions of applicable regulations, and takes into account the conditions of the Bank. Diversity in the composition of the Board of Directors and Board of Commissioners is guided by the Regulation of the Minister of SOEs No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises, OJK Regulation No. 33/POJK.04/2014 concerning the Board of Directors and Board of Commissioners of Issuers or Public Companies, and OJK Regulation No. 17 of 2023 Implementation of Governance for Commercial Banks.	√		Chapter 3. Company Profile, Sub-Chapter Profile of the Board of Commissioners, Pages 110-115. Chapter 7. Corporate Governance, Sub-Chapter Diversity of the Board of Commissioners and Directors, Pages 827-829.
2.1.7	To enable the Board of Commissioners to provide independent advice and supervision to the Board of Directors and for roles that have the potential for conflict of interest, the Board of Commissioners consists of a sufficient number of Independent Commissioners, with limited terms of office and disclosure of the term of membership of the Board of Commissioners and their independence from a corporate perspective.	The number of Independent Commissioners in the composition of the BNI Board of Commissioners has BNI has met the criteria required in POJK No. 17 of 2023, which is a minimum of 50% of the total members of the Board of Commissioners. The number of Independent Commissioners in BNI has also met the minimum number of Independent Commissioners regulated in the ASEAN Corporate Governance Scorecard which requires the number of Independent Commissioners to be 50% (fifty percent) of the total members of the Board of Commissioners.	√		Chapter 7. Corporate Governance, Sub-Chapter Independent Commissioners, Pages 739-741
2.1.8	To facilitate the effective functioning of the Board of Directors and Board of Commissioners and to enhance investor and stakeholder confidence, the Nomination and Remuneration Committee ensures that there is a formal, rigorous and transparent process for the appointment and promotion of members of the Board of Directors and Board of Commissioners.	The Nomination and Remuneration Committee is responsible for establishing nomination procedures and criteria that are guided by applicable laws and regulations.	√		Chapter 7. Corporate Governance, Sub-Chapter Nomination and Remuneration, Pages 811-826. Chapter 7. Corporate Governance, Sub-Chapter Nomination and Remuneration, Pages 855-868.

2.2	**Remuneration of the Board of Directors and Board of Commissioners**				
2.2.1	The remuneration policy for members of the Board of Directors consists of a remuneration structure that is oriented towards sustainable corporate development and encourages the achievement of long-term goals. The remuneration of the Board of Directors must be proposed, possibly through the Nomination and Remuneration Committee, by the Board of Commissioners to be decided by the GMS. The amount of remuneration proposed to the GMS is determined by considering the role of each member of the Board of Directors and the economic situation and corporate performance.	BNI's remuneration policy is prepared fairly and reasonably, both in structure and amount, by considering the Bank's values, internal provisions, and remaining competitive and in line with stakeholder expectations and community norms. This policy is applied to the Board of Directors based on performance that supports the achievement of BNI's long-term goals, with indicators such as stock ownership options, deferred bonuses, and a policy of returning part or all of the bonuses/incentives that have been paid (clawback). Remuneration for the Board of Commissioners is fixed, and if there is performance-based remuneration, it must be based on the Bank's long-term development and is different from the policy for the Board of Directors. Independent Commissioners are prohibited from receiving stock options, performance-based shares, or bonuses.	√		Chapter 7. Corporate Governance, Sub-Chapter Nomination and Remuneration, Pages 811-826. Chapter 7. Corporate Governance, Sub-Chapter Nomination and Remuneration Committee, Pages 855-868.
2.2.2	The remuneration policy for members of the Board of Commissioners consists of a remuneration structure that is oriented towards sustainable corporate development and encourages the achievement of long-term goals. The amount of remuneration proposed by the Board of Commissioners to the GMS is determined by considering the role of each member of the Board of Commissioners and the economic situation and corporate performance. In addition, their positions as President Commissioner and chairman and membership in committees must also be considered.	The Nomination and Remuneration Committee is responsible for ensuring that this policy is implemented fairly and transparently. The Committee provides recommendations to the Board of Commissioners regarding the structure, policies, and amount of remuneration, in accordance with the Committee Charter published on BNI's official website. The Board of Directors only receives facilities that have been approved by the BNI General Meeting of Shareholders (GMS), with a remuneration structure that takes into account the principle of prudence in taking risks to maintain business continuity. At the Annual GMS on March 4, 2025, shareholders determined the remuneration, including salary/honorarium, facilities, allowances for 2025, and bonuses for the Board of Directors and Board of Commissioners for the 2024 Financial Year.	√		Chapter 7. Corporate Governance, Sub-Chapter Board of Directors, Pages 742-806. Chapter 7. Corporate Governance, Sub-Chapter on the Board of Commissioners, Pages 699-738. Chapter 7. Corporate Governance, Sub-Chapter Corporate Secretary, Pages 951-958.
2.2.3	To ensure that the remuneration package is determined based on the achievements, qualifications and competencies of directors and commissioners by taking into account the corporate operational performance, individual performance and market conditions, the Nomination and Remuneration Committee ensures that there is a fair and transparent procedure for determining the remuneration policy for members of the Board of Directors and Board of Commissioners.		√		Chapter 7. Corporate Governance, Sub-Chapter Nomination and Remuneration Pages 811-826. Chapter 7. Corporate Governance, Sub-Chapter Nomination and Remuneration Committee, Pages 855-868.

3.	**Principle 3:** **Employment Relationship between the Board of Directors and the Board of Commissioners**				
3.1	**Nature of the Employment Relationship**				
3.1.1	There is an open discussion between the Board of Directors and the Board of Commissioners as well as between the members of the Board of Directors and the members of the Board of Commissioners. However, it is still important to maintain the confidentiality of information to prevent leakage of confidential information.	The Board of Directors and the Board of Commissioners work together synergistically in formulating the Bank's vision, mission, and strategy through various forums, such as the Board of Commissioners Meeting with the Board of Directors, joint meetings, and other meetings. The members of the Board of Directors and the members of the Board of Commissioners hold open discussions, but it is still important to maintain the confidentiality of information to prevent leakage of confidential data. The Corporate Secretary, held by Okki Rushartomo, plays a strategic role in strengthening the working relationship between the Board of Directors and the Board of Commissioners, as well as encouraging good governance practices, including maintaining effective communication with Shareholders and other stakeholders.	√		Chapter 7. Corporate Governance, Sub-Chapter Board of Directors, Pages 742-806. Chapter 7. Corporate Governance, Sub-Chapter on the Board of Commissioners, Pages 699-738.
3.1.2	In accordance with their respective duties and roles, the Board of Directors works together with the Board of Commissioners in formulating the corporate mission, vision and strategy and regularly discusses its implementation.		√		Chapter 7. Corporate Governance, Sub-Chapter Corporate Secretary, Pages 951-958.
3.1.3	The Corporate Secretary has an important role in supporting the effectiveness of the working relationship between the Board of Directors and the Board of Commissioners, encouraging the implementation of good corporate governance practices, including effective communication with shareholders and other stakeholders.	In addition, the Corporate Secretary is also responsible for: a. Ensuring a smooth flow of information between the Board of Commissioners, the Board of Directors, and related committees; b. Monitoring the development of governance, ensuring full implementation of the charter of the Board of Commissioners, the Board of Directors, and committees, and providing advice to the Board of Directors and the Board of Commissioners to meet stakeholder expectations; c. Managing meeting needs, including recording meeting minutes and ensuring effective communication between the Board of Directors and the Board of Commissioners, as well as accurately recording meeting discussions and decisions; d. Organizing orientation and professional development for new members of the Board of Directors, Board of Commissioners, and committees; e. Managing investor relations to maintain and improve communication with shareholders and investors, both local and international.	√

3.2	**Access to Board of Commissioners information**				
3.2.1	The Board of Directors is responsible for ensuring that the Board of Commissioners has access to accurate, relevant and timely information. The Board of Commissioners itself ensures that it obtains adequate information. The Board of Directors provides information to the Board of Commissioners regularly, without delay and comprehensively on all issues relevant to the corporation. The Board of Commissioners may request the Board of Directors to provide additional information at any time.	The Board of Directors ensures that the Board of Commissioners has access to accurate, relevant and timely information to support the effectiveness of the supervisory function. The Articles of Association and BNI's internal policies guarantee the availability of this information and authorize the Board of Commissioners to request additional information from the Board of Directors whenever necessary. The President Director, with the support of the Corporate Secretary, proactively informs the Board of Commissioners of any major material and important events regarding the condition, performance and management of the Bank. If necessary, a Board of Commissioners meeting can be held immediately to discuss the current condition of the Bank. Between these meetings, the Board of Commissioners also communicates regularly with the Board of Directors to always receive updates on corporate developments that require attention, so that it can carry out its supervisory duties more effectively.	√		Chapter 7. Corporate Governance, Sub-Chapter on the Board of Commissioners, Pages 699-738. Chapter 7. Corporate Governance, Sub-Chapter Board of Directors, Pages 742-806. Chapter 7. Corporate Governance, Sub-Chapter Corporate Secretary, Pages 951-958.
3.3	**Responsibility of the Board of Directors and Board of Commissioners for the Impact of Ownership Structure on the Corporation**				
3.3.1	Impact of ownership structure on the corporation. The Board of Directors and the Board of Commissioners consider their responsibilities in the context of the corporation's shareholding structure and shareholder relationships that may impact the management and operations of the corporation.	The Board of Directors and the Board of Commissioners have a thorough understanding of the Bank's ownership structure and shareholder relationships and their impact on operational control. Both ensure that the shareholder structure and relationships do not interfere with the implementation of their functions, roles, and responsibilities in managing and supervising the Bank. The Board of Commissioners supervises, while the Board of Directors ensures accurate disclosure of information in the event of conditions that may impact the Bank's control.	√		Chapter 7. Corporate Governance, Sub-Chapter Board of Directors, Pages 742-806. Chapter 7. Corporate Governance, Sub-Chapter on the Board of Commissioners, Pages 699-738.
4.	**Principle 4: Ethical and Responsible Behavior**				
4.1	**Guidelines for Ethics and Behavior**				
4.1.1	This statement is outlined in the Code of Conduct and Business Ethics which must clearly express the corporation's expectation that each member of the Board of Directors and Board of Commissioners and employee will: a. Act in the best interests of the corporation; b. Act honestly and with high standards of integrity;	BNI has and implemented a Code of Conduct that strictly regulates matters related to value systems, business ethics, work ethics, commitments, and enforcement of company regulations in conducting business and other activities. This guideline also clearly describes the rules of attitudes or interactions that are permitted or not permitted between employees and customers and other stakeholders.	√		Chapter 7. Corporate Governance, Sub-Chapter on the Code of Ethics, Pages 1097-1100.

	c. Be independent and act based on complete information, in good faith, with due diligence and prudence; d. Comply with laws and regulations applicable to the corporation and its operations; e. Avoid actions that violate laws and regulations or actions that are unethical based on the corporate ethics guidelines; f. Not engage or participate in any activity that would create a conflict of interest with the best interests of the corporation or that would negatively impact the corporation's reputation; g. Not take advantage of the property or information owned by the corporation, other asset ownership or its customers for personal gain or that causes losses to the corporation and its customers; h. Not take advantage of his position or opportunities generated by his position for personal gain; i. Avoiding the act of requesting or receiving from third parties payments, gratuities or other benefits for themselves or for others that cause a conflict of interest/provide benefits to third parties in violation of laws and regulations; j. Respecting differences of opinion and the rights of each member of the Board of Directors, Board of Commissioners, and employees; k. Ensuring complete, fair, accurate, timely and understandable disclosure in reports and documents submitted by the corporation to regulators and in other public communications.	The preparation of the BNI Code of Ethics is always based on principles that are in line with BNI's vision, mission, and core values while still paying attention to internal provisions and applicable developments. The BNI Code of Ethics is prepared as a reference for all BNI Hi-Movers in acting and making decisions so that they always work professionally and based on the highest ethical standards. The Code of Ethics is binding and must be adhered to by all BNI employees, both permanent and non-permanent, at all levels of the organization, including the Board of Directors and the Board of Commissioners. The commitment of all BNI Hi-Movers personnel to comply with the Code of Ethics in every activity and implementation of daily tasks and responsibilities is stated in the Integrity Pact which must be signed by every BNI employee. With the written guidelines of the Code of Ethics, it is hoped that every employee has the awareness to implement the highest ethical standards so that later it can increase positive views and strengthen the Bank's reputation in the eyes of stakeholders.

4.1.2	The Board of Directors establishes policies and practices for anti-money laundering and terrorism financing, anti-bribery, anti-corruption, anti-fraud, and involvement in politics by referring to national or international standards regarding anti-money laundering, anti-bribery, anti-corruption, anti-fraud or other related standards.	To prevent misuse of the banking system by irresponsible parties as a means to commit money laundering and terrorism financing, BNI always carries out banking operations by prioritizing the principle of prudence, where one of the efforts to implement this principle is by implementing the Anti-Money Laundering, Prevention of Terrorism Financing, and Prevention of Proliferation of Weapons of Mass Destruction (APU PPT and PPPSPM) Program adequately. More than just carrying out obligations, the APU PPT and PPPSPM Programs implemented in BNI's environment also demonstrate BNI's firm stance as a Financial Services Institution (LJK) in building a healthy and sustainable financial industry ecosystem that is free from all forms of money laundering, terrorism financing, and proliferation financing. To prevent the practice of Money Laundering (TPPU) andTerrorism Financing (TPPT) which are categorized as transnational crimes that require extraordinary efforts in handling them, BNI is very careful in measuring APU PPT & PPPSPM risks at the customer level (customer risk rating) and bank-wide (Bank AML risk rating). To ensure that business activities are free from corruption, bribery, and fraud, BNI has formed several organizations, such as the Gratification Control Unit (UPG), Anti-Fraud Unit, and Anti-Fraud Committee. In addition, BNI also implements strict policies and procedures to enforce the principles of anti-corruption, anti-bribery, and anti-fraud, including the signing of an integrity pact by employees, Directors, and Board of Commissioners every year, periodic Gratification and Anti-Bribery Declarations, and ISO 37001:2016 Certification on the Anti-Bribery Management System (SMAP).	√		Chapter 7. Corporate Governance, Sub-Chapter on Anti-Money Laundering, Counter-Terrorism Financing, and Counter-Proliferation of Weapons of Mass Destruction Programs (AML, CFT, and PPPSPM), Pages 1083-1086.

No.	KNKG Recommendation	Implementation at BNI	BNI Compliance with KNKG Recommendations		Disclosures in the 2025 Annual Report

4.2	**Corporate Values and Culture**				
4.2.1	The corporation articulates, fosters and expresses corporate culture and values.	BNI has established its core values, "AKHLAK"—Trustworthy, Competent, Harmonious, Loyal, Adaptive, and Collaborative—as a guideline for all BNI Hi-Movers in carrying out their daily duties. The implementation of AKHLAK is strengthened through a transformation of work culture that emphasizes integrity and good governance. Several manifestations of this commitment include the signing of Integrity Pacts by all employees, the incorporation of such pacts into work processes, and the enforcement of anti-gratification policies. Efforts to internalize these values are continuously carried out to ensure compliance with ethical standards and transparency. In addition, strengthening initiatives have been implemented through work culture programs developed by each respective work unit.	√		Chapter 7. Corporate Governance, Sub-Chapter on the Code of Ethics, in the discussion titled Corporate Values and Culture, Page 1100.
4.3	**Communication and Enforcement of Ethical Guidelines, Values and Culture**				
4.3.1	The corporate code of conduct and code of ethics are effectively communicated to the Board of Directors, Board of Commissioners, and all employees, integrated into corporate strategy and operations including the risk management system and remuneration structure, and enforced.	The Board of Directors consistently internalizes the corporate culture to shape the attitude and character of each BNI Hi-Movers. This internalization process is integrated into the Bank's operational strategy, including the risk management system and remuneration structure built with a prudent risk-taking approach. This step strengthens the values upheld by BNI and supports employee development so that they can face challenges in a dynamic banking environment.	√		Chapter 7. Corporate Governance, Sub-Chapter on the Code of Ethics, Pages 1097-1100.
5.	**Principle 5:** **Risk Management, Internal Control and Compliance**				
5.1	**Internal Control and Compliance**				
5.1.1	The Board of Directors conducts regular reviews of the appropriateness of the design and operational effectiveness of the corporate governance, risk management, internal control and compliance systems and reports the implementation and results of the reviews to shareholders through the Corporation's annual report.	The Board of Directors implements, reviews, and updates the Bank's governance, including risk management, internal control, and compliance. The results of these activities are reported in the Annual Report as a form of accountability to shareholders and stakeholders. Furthermore, this report will be submitted at the General Meeting of Shareholders (GMS).	√		Chapter 7. Corporate Governance, Sub-Chapter on the Internal Control System, Pages 996-1006.
5.2	**Risk Management**				
5.2.1	Strategy and risk are one entity, expressed transparently, included in the implementation of the duties and responsibilities of the Board of Directors and the Board of Commissioners, and in discussions at meetings of the Board of Commissioners and the Board of Directors.	Strategic planning and risk management at BNI are the joint responsibility of the Board of Directors and the Board of Commissioners, expressed transparently in accordance with their respective functions and roles. The risk management system is an important agenda in meetings between the Board of Commissioners and the Board of Directors, ensuring effective and responsive strategy integration to market conditions.	√		Chapter 7. Corporate Governance, Sub-Chapter Risk Management System, Pages 1007-1024.

		Meanwhile, the Risk Monitoring Committee, in accordance with the established Charter, has the task of providing recommendations to the Board of Commissioners. This committee is responsible for monitoring and evaluating the implementation of the duties of the risk management committee under the Board of Directors and related work units.			
5.2.2	The Risk Management Monitoring Committee assists the Board of Commissioners in carrying out its duties by creating a transparent, focused, and independent mechanism for supervising corporate risk management.	The Risk Monitoring Committee, as an integral part of the Board of Commissioners, plays an important role in supervising corporate risk management at BNI. With a transparent, focused, and independent approach, this committee carries out its duties in accordance with the guidelines in the Risk Monitoring Committee Charter. Through solid cooperation between the Board of Directors and the Board of Commissioners, this committee ensures that risk management practices are in line with the Bank's transformation strategy, including in facing current economic dynamics. The committee is also active in providing recommendations and suggestions to strengthen risk governance, so that BNI can continue to grow healthily and sustainably in a competitive market.	√		Chapter 7. Corporate Governance, Sub-Chapter: Risk Oversight Committee, Pages 868-881.
5.3.	**Integration of Governance, Risk Management and Compliance**				
5.3.1	The Board of Directors builds an integrated governance, risk management, and compliance (GRC) system, by handling various uncertainties in an integrated manner and with high integrity, to ensure that the corporation can achieve its goals.	BNI's Board of Directors is committed to strengthening the integration of governance, risk management, and compliance systems as a whole. This effort aims to manage uncertainty and business risks with an integrated approach, ensuring that the Bank remains on the right track in achieving its strategic goals. One important step is to ensure that the compliance function runs independently, without overlapping with other functions that have the potential to create a conflict of interest. In addition, coordination through the implementation of the Governance, Risk and Compliance (GRC) forum continues to be improved, which includes governance, strategy management, performance, and internal audit. This allows BNI to operate with high integrity and ensure decision-making that is in line with best practices in the banking industry.	√		Chapter 7. Corporate Governance, Sub-Chapter: Integrated Risk Management Governance, Pages 1024-1027.
5.3.2	The Board of Directors ensures that the part in charge of the compliance function does not concurrently carry out functions that have the potential to cause a conflict of interest.		√

5.4.	**Internal Audit**				
5.4.1	The Board of Commissioners through the Audit Committee monitors and ensures that the internal audit function helps the corporation achieve its objectives by bringing an objective and disciplined approach to evaluating and improving the effectiveness of risk management, internal control, and corporate governance.	The Board of Commissioners through the Audit Committee continues to monitor the implementation of BNI's internal audit function to be in line with operational demands and current developments. This monitoring is carried out by ensuring that the audit is carried out objectively, measurably, and oriented towards achieving the Bank's strategic objectives. This step is in line with BNI's efforts to strengthen the integrity and effectiveness of internal control, as well as ensuring that risk management is carried out to the highest standards. Thus, the Board of Commissioners supports the achievement of optimal performance and compliance with applicable regulations in the banking sector	√		Chapter 7. Corporate Governance, Sub-Chapter: Audit Committee, Pages 833-854.
6.	**Principle: 6 Disclosure and Transparency**				
6.1.	**Disclosure Policy**				
6.1.1	The corporation has disclosure and transparency policies and procedures that ensure disclosure of material information and safeguard sensitive and confidential corporate information.	BNI has established policies and procedures for the disclosure of material information as well as the protection of corporate confidentiality, in order to ensure shareholders' rights to obtain important information on a regular and timely basis. The Corporate Secretary Division is responsible for managing such disclosures in accordance with the standards set out in the Company Guidelines and applicable laws and regulations.	√		Chapter 7. Corporate Governance, Sub-Chapter: Transparency in Report Submission, Page 1138.
6.1.2	The right of shareholders to receive timely and regular information about the corporation that is relevant to the corporation must be respected.		√		
6.2	**Financial Reporting and Sustainability**				
6.2.1	The Corporation discloses the systems and procedures to ensure that interim financial statements that are not audited or reviewed by external auditors are materially accurate, complete, and provide investors with appropriate information to make informed investment decisions.	BNI has an internal policy that regulates the review of financial information to be published, such as financial statements, projections, and other related reports. This review is conducted by the Audit Committee to ensure accuracy and compliance with applicable regulations. The Audit Committee also evaluates the provision of audit services for annual historical financial information by Public Accountants or Public Accounting Firms. The BNI Sustainability Report published on the official website is prepared based on accurate data disclosure and in accordance with domestic and international regulations and best practices. This Annual Report provides an overview of BNI's historical performance in the context of risks, opportunities, and future prospects, thereby helping shareholders and stakeholders understand the Bank's strategic objectives and the progress achieved in creating sustainable value	√		Chapter 7. Corporate Governance, Sub-Chapter Audit Committee, Pages 833-854. Chapter 7. Corporate Governance, Sub-Chapter Transparency in Reporting, Page 1138.

6.2.2	The Audit Committee ensures the quality of the financial statement audits performed by external auditors. This activity includes recommending the appointment, reappointment and, if necessary, the dismissal and remuneration of external auditors.	The 2025 BNI Sustainability Report is published in a separate book but is integrated with the BNI has established policies and procedures for the disclosure of material information as well as the protection of corporate confidentiality, in order to ensure shareholders' rights to obtain important information on a regular and timely basis. The Corporate Secretary Division is responsible for managing such disclosures in accordance with the standards set out in the Company Guidelines and applicable laws and regulations. BNI Annual Report.	√		
6.2.3	Sustainability reports must be prepared and disclosed accurately and in accordance with a national or international sustainability reporting framework.		√		
6.2.4	The Corporation publish an integrated annual report that places historical performance in context and describes the corporation's risks, opportunities and future prospects, helping shareholders and stakeholders understand the corporation's strategic objectives and its progress in creating sustainable value.		√		
6.3	**Dissemination of Information**				
6.3.1	Information dissemination channels must provide equal, timely, and relatively inexpensive access to relevant information for users.	BNI utilizes information technology effectively to ensure broad and secure information disclosure. In addition to the official website, BNI uses various other platforms, such as social media (X, Facebook, YouTube, Instagram, TikTok), print media, and electronic media to provide equal, timely, and relevant access to information for shareholders and other stakeholders. Information can also be accessed through the GMS (General Meeting of Shareholders), BNI's official website, and the IDX and KSEI platforms, thus facilitating communication with investors. As part of efforts to maintain transparent communication, BNI regularly holds meetings with financial analysts. These meetings are intended to provide updates on the Bank's performance, prospects, and policy direction. This BNI 2025 Annual Report has detailed the implementation of laws and regulations or generally applicable governance guidelines, namely the ASEAN Corporate Governance Scorecard (ACGS) and the General Guidelines for Indonesian Corporate Governance (PUGKI) in the Bank's operational activities during 2025.	√		Corporate Governance, Sub-Chapter Transparency in Reporting, Page 1138. Chapter 7. Corporate Governance, Sub-Chapter Application of the Indonesian Corporate Governance Guidelines (PUGKI), Pages 1160-1184.
6.3.2	Corporations ensure that annual statements on the implementation of the General Guidelines for Indonesian Corporate Governance, including explanations on the implementation of each Recommendation and Guideline, are available on the website for a minimum period of five years.		√		
6.3.3	For corporations listed on the capital market in jurisdictions other than the home jurisdiction, the applicable laws and regulations on corporate governance must be clearly disclosed. In the case of cross-listing, the criteria and procedures for cross-listing, the criteria and procedures for recognizing listing requirements for the primary listing must be transparent and documented.		√

7.	**Principle 7: Protection of Shareholder Rights**				
7.1	**Shareholder Rights**				
7.1.1	The corporation has a communication policy that facilitates and encourages shareholder or investor participation.	BNI has a communication policy that encourages shareholder and investor participation with the aim of ensuring that shareholders and investors have access to relevant and accurate information regarding BNI's performance and policies. As the main entity, BNI also ensures that corporate governance policies are implemented comprehensively in the BNI financial conglomerate, creating alignment in governance practices across all business units.	√		Chapter 7: Corporate Governance, Sub-Chapter: General Meeting of Shareholders, Pages 673-698.
7.1.2	The corporation that is the parent entity ensures that its corporate governance policies apply to subsidiaries and entities under common control in which the corporation has significant investments.		√		
7.1.3	The corporation has rules and procedures governing acquisitions, takeovers, and extraordinary transactions such as mergers and sales of substantial corporate assets to ensure that the transactions occur transparently and on fair terms and protect the rights of all shareholders according to their class.		√		
7.2	**Fair Treatment of Shareholders**				
7.2.1	The Corporation has rules and procedures that ensure: a. All shareholders of the same series in one class of shares must be treated equally, b. Disclosure of such rules and procedures and disclosure of capital structures and arrangements that allow certain shareholders to obtain influence or control disproportionate to their shareholdings.	All shareholders, whether minority or majority, domestic or non-domestic, are treated equally by the Bank. Information relevant to shareholders is published through easily accessible media, such as the Bank's website, IDX, and KSEI, in both Indonesian and English.	√		Chapter 7. Corporate Governance, Sub-Chapter General Meeting of Shareholders, in the discussion titled "General Shareholder Rights," page 674, and the discussion titled "Fair Treatment of Shareholders," page 675.
7.2.2	The Corporation has rules and procedures that ensure related party transactions are approved and implemented in a manner that ensures that conflicts of interest are managed appropriately, and protect the interests of the corporation and its shareholders.	The Bank ensures that related party transactions are conducted in accordance with applicable laws and regulations, and that conflicts of interest are managed appropriately to protect the interests of the Bank and its shareholders.	√		Chapter 4. Management's Analysis and Discussion of the Bank's Performance, Sub-Chapter Information on Material Transactions Containing Conflicts of Interest and/or Affiliated Transactions with Affiliated Parties/ Related Parties, pages 414-421.

No.	KNKG Recommendation	Implementation at BNI	BNI Compliance with KNKG Recommendations		Disclosures in the 2025 Annual Report
			Comply	Not yet	
7.2.3	The Corporation has and discloses a policy to prevent insider trading. The Corporation has clear rules regarding any trading in the corporation's shares by directors, commissioners and insiders to ensure that no one can directly or indirectly benefit from information that is not/not yet available in the market.	The bank has established a policy to prevent insider trading through its Corporate Guidelines on Prohibited and Non-Prohibited Securities Transactions for Insiders.	√		Chapter 7. Corporate Governance, Sub-Chapter Insider Trading and Conflict of Interest Policy, pages 1112-1113.
7.3	**General Meeting of Shareholders**				
7.3.1	The corporation issues a GMS invitation with the agenda and materials of the GMS as complete and as early as possible (no later than 28 days before the GMS) to provide sufficient time and materials for shareholders to study the meeting agenda properly. The meeting invitation and all GMS information are disclosed through electronic means such as through the corporation's website.	On March 4, 2025, BNI issued a summons for BNI Shareholders to attend the Annual General Meeting of Shareholders for the 2024 Fiscal Year, held on March 26, 2025, from 10:26 a.m. Western Indonesian Time (WIB). On November 21, 2025, BNI issued a summons for BNI Shareholders to attend the 2025 Extraordinary General Meeting of Shareholders, held on December 15, 2025, at 3:30 p.m. Western Indonesian Time (WIB). The summons for the 2025 Annual GMS and Extraordinary GMS listed the agenda and were published on the websites of BNI, the IDX, and the Indonesian Central Securities Depository (KSEI). The summons for the 2025 Annual GMS and Extraordinary GMS were submitted to the Financial Services Authority (OJK) through Letter No. CSE/7/1503 dated March 4, 2025, and CSE/7/9236 dated November 21, 2025. In addition, the Notice for the Annual GMS and Extraordinary GMS has been published on the KSE, IDX, and BNI websites.	√		Chapter 7. Corporate Governance, Sub-Chapter General Meeting of Shareholders, pages 673-698.
7.3.2	The corporation has and discloses rules and procedures that facilitate shareholders in participating and voting effectively at the GMS.	BNI has rules and procedures that facilitate shareholders in participating and voting effectively at the GMS. For its 2025 Annual GMS and Extraordinary GMS, BNI has published Meeting Rules of Conduct, which include information about the facilities for shareholders to participate and vote effectively in both.	√		Chapter 7. Corporate Governance, Sub-Chapter General Meeting of Shareholders, pages 673-698.
7.3.3	Shareholders participate effectively in determining the appointment of members of the Board of Directors and Board of Commissioners.	At the 2025 Annual GMS and Extraordinary GMS, Shareholders were given the opportunity to raise questions and/or provide feedback, as well as to voice their opinions in the discussion of the Agenda Item concerning Changes to the Company's Management Composition.	√		Chapter 7. Corporate Governance, Sub-Chapter General Meeting of Shareholders, pages 673-698.

No.	KNKG Recommendation	Implementation at BNI	BNI Compliance with KNKG Recommendations		Disclosures in the 2025 Annual Report
			Comply	Not yet	
7.3.4	The corporation ensures transparency and accountability of external auditors at the GMS.	At the 2025 Annual GMS, in the Agenda Item on Determination of Public Accounting Firms (KAP) and/or Public Accountants (AP), BNI provided an explanation on the KAP and/or AP proposed for the Meeting.	√		Chapter 7. Corporate Governance, Sub-Chapter General Meeting of Shareholders, pages 673-698.
7.3.5	The complete voting results and summary of the minutes of the GMS were announced to the public on the following business day.	The voting results and summary of the minutes of the 2025 Annual GMS and Extraordinary GMS have been announced in full to the public on the following working day. The Summary of the Minutes of the Meeting has been reported to the regulators, namely the OJK and BEI. The Summary of the Minutes of the Meeting has also been published on the regulator's website and BNI.	√		Chapter 7. Corporate Governance, Sub-Chapter General Meeting of Shareholders, pages 673-698.
8.	**Principle 8: Other Stakeholders**				
8.1	**Key Stakeholder Engagement**				
8.1.1	The Corporation through the Corporate Secretary carries out regular, transparent and effective communication with key stakeholders and involves them to understand their expectations and complaints and the impact of the corporation on them.	The BNI Corporate Secretary is responsible for carrying out regular, transparent and effective communication with key stakeholders, and ensuring stakeholder involvement in BNI's business development. In addition, the Corporate Secretary seeks to understand stakeholder expectations and complaints, by considering the impact of the Bank's strategic decisions on these parties.	√		Chapter 7. Corporate Governance, Sub-Chapter Corporate Secretary, Pages 951-958.
8.2	**Integrating Sustainability into Business Models**				
8.2.1	The Board of Commissioners together with the Board of Directors are responsible, accountable and transparent for sustainability governance, including setting corporate sustainability strategies, priorities and targets. The Board of Directors and the Board of Commissioners include sustainability considerations when carrying out their roles, including among others in the development and implementation of corporate strategies, business plans, main action plans and risk management.	The Board of Commissioners and the Board of Directors of BNI have a joint responsibility to ensure good sustainability governance, with the principles of accountability and transparency. This responsibility includes setting strategies, determining priorities and achieving sustainability targets that are in line with the Bank's vision. In carrying out their duties, the Board of Commissioners and the Board of Directors always consider sustainability aspects in every operational aspect, including the development and implementation of business strategies, long-term planning, implementation of main action plans, and risk management to support the Bank's overall sustainability.	√		BNI 2025 Annual Report, Chapter 7: Corporate Governance. BNI 2025 Sustainability Report

No.	KNKG Recommendation	Implementation at BNI	BNI Compliance with KNKG Recommendations		Disclosures in the 2025 Annual Report

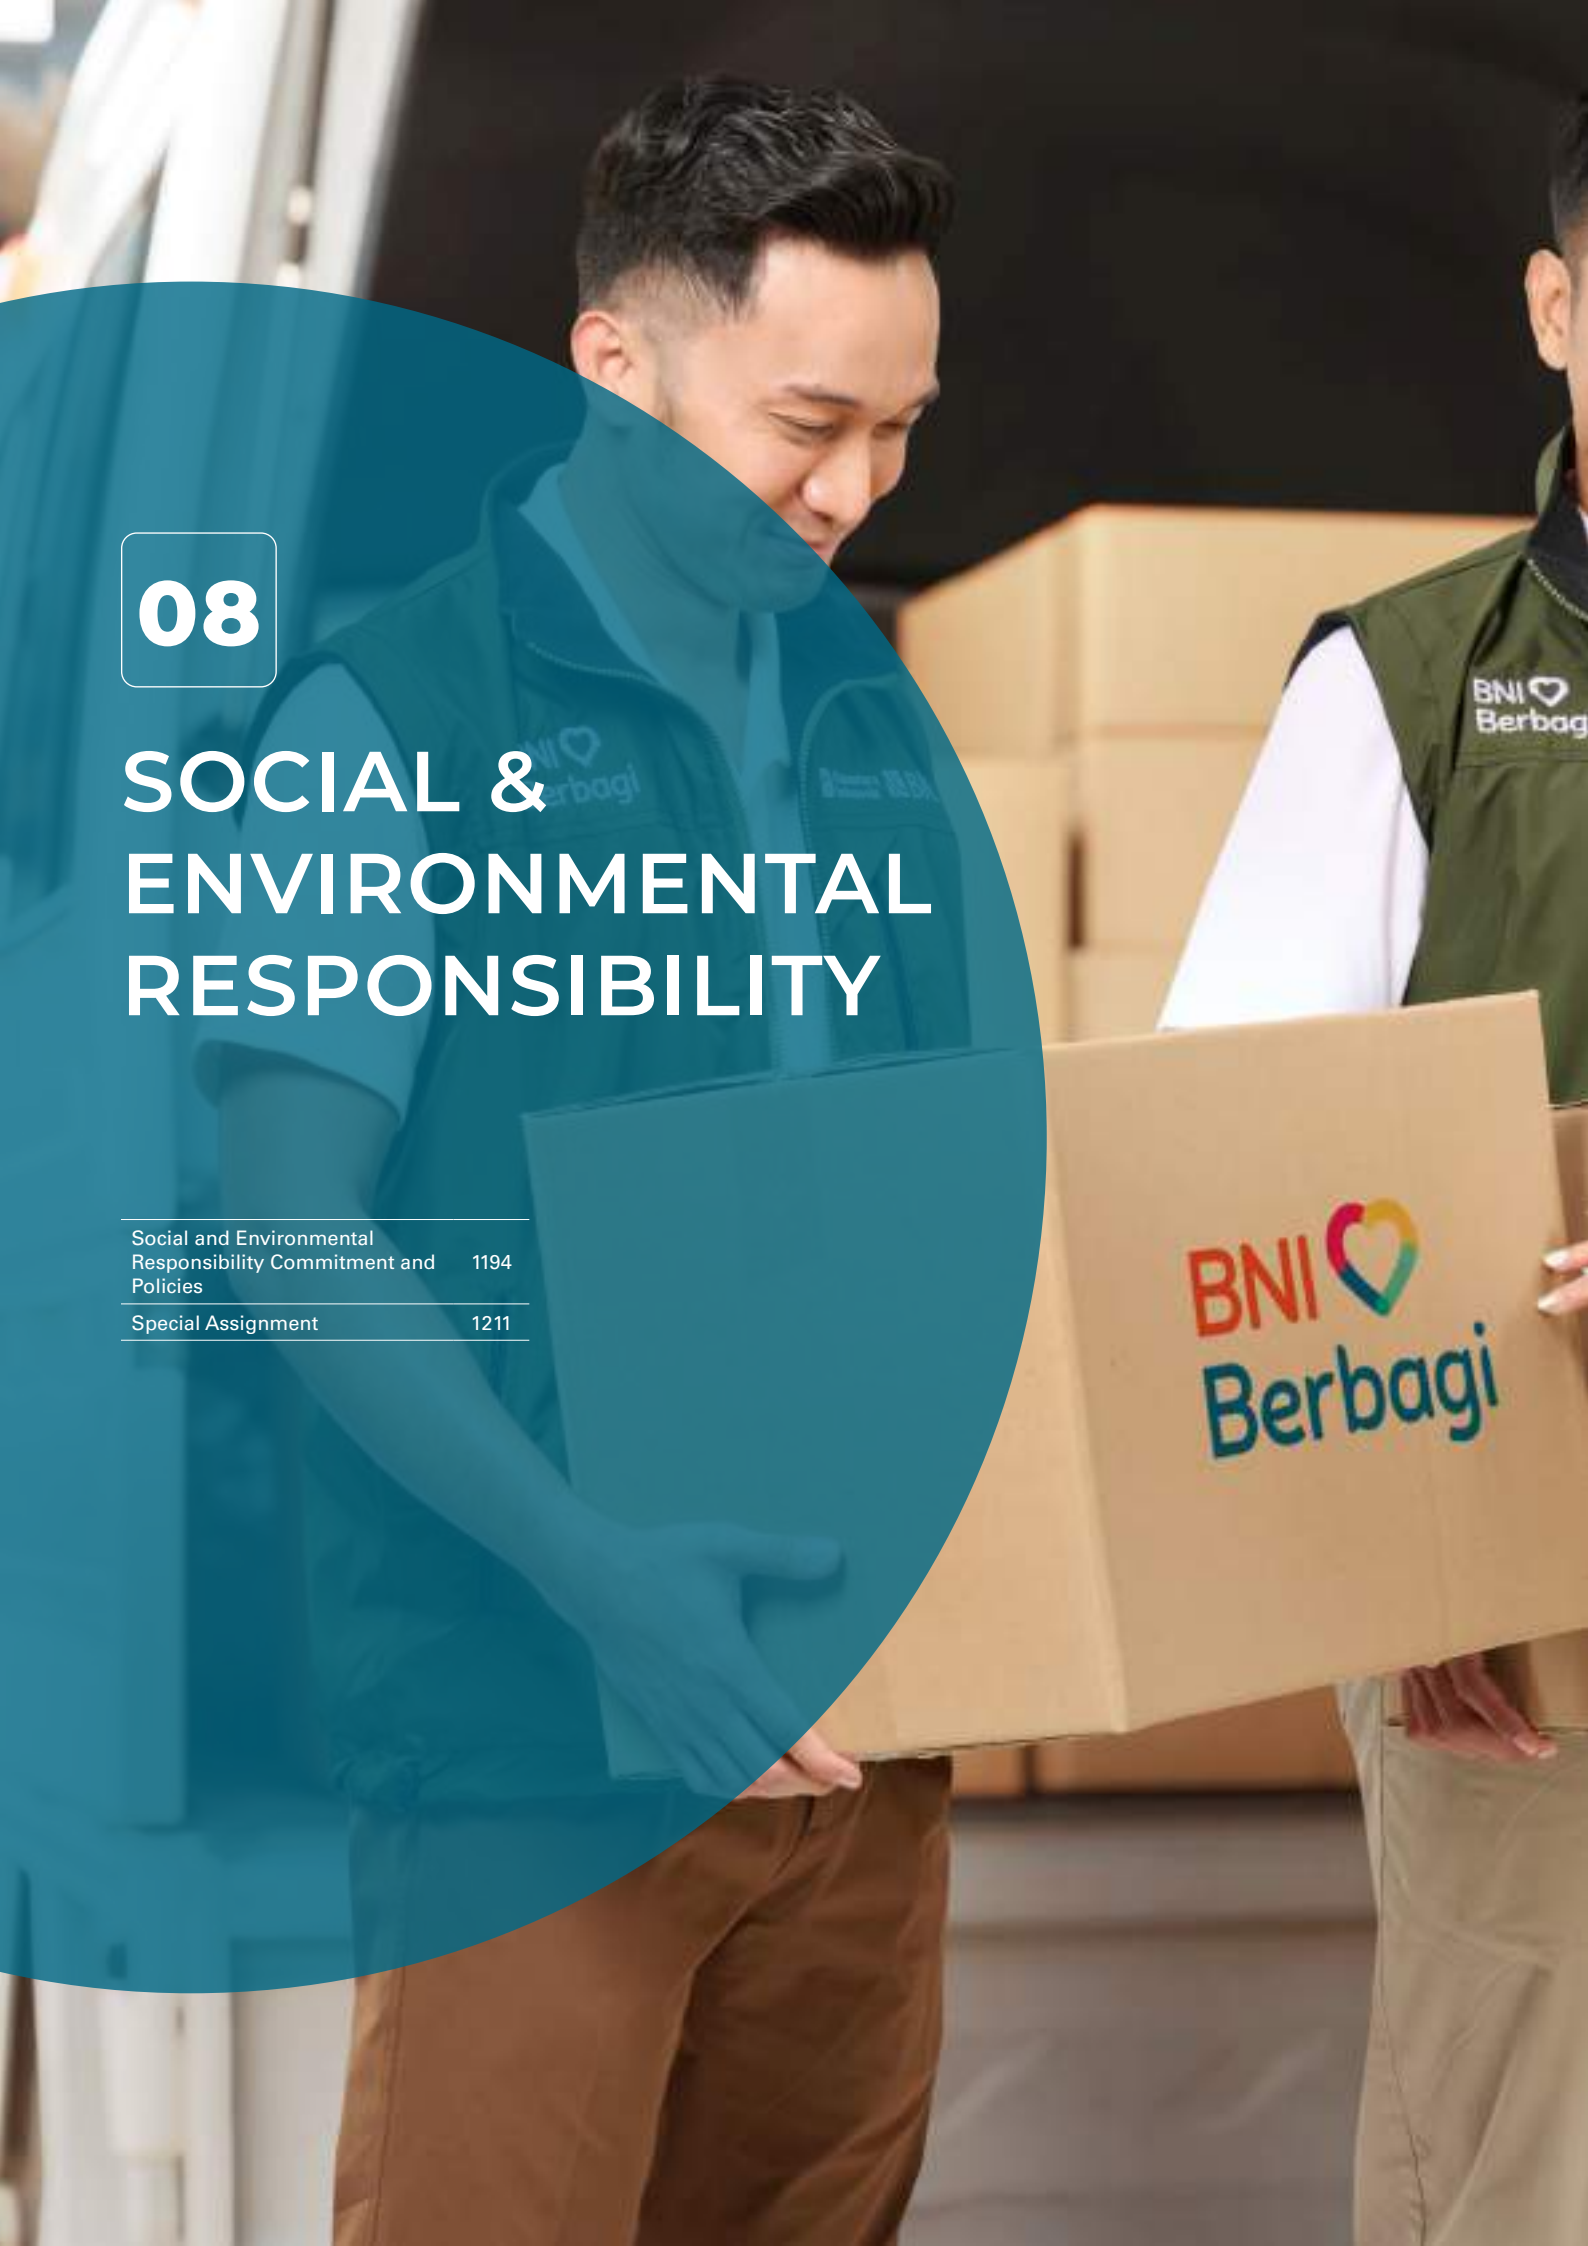
8.3	**Protection of Stakeholders**				
8.3.1	The Board of Directors ensures and discloses that the corporation's operations reflect the implementation of high ethical standards, social and environmental responsibility throughout the corporation and ensures that appropriate policies and procedures are implemented to respect and comply with stakeholder rights.	The Board of Directors ensures that all BNI operations reflect the implementation of high ethical standards, social responsibility, and compliance with environmental principles throughout the Bank. The Board of Directors also ensures that appropriate policies and procedures are implemented to respect and comply with stakeholder rights.	√		Chapter 7: Corporate Governance, Sub-Chapter: Corporate Code of Ethics, Pages 1097-1100. Chapter 8: Corporate Social and Environmental Responsibility, Pages 1194-1213.
8.3.2	The Board of Directors encourages employees to work for the long-term interests of the corporation and prioritize sustainability.	In addition, the Board of Directors consistently communicates BNI's vision, which focuses on sustainable performance, to employees to ensure understanding and implementation in line with the Bank's sustainability objectives.	√		

Implementation of the ASEAN Corporate Governance Scorecard [ACGS C.2.6]

The implementation of ACGS at BNI is presented in greater detail on BNI's official website at the following link: https://www.bni.co.id/id-id/perseroan/tata-kelola/acgs.

Implementation of Corporate Governance Principles for Banks in Accordance with Basel Committee on Banking Supervision Standard [ACGS: C.26]

BNI has implemented the principles of bank governance in accordance with the Basel Committee on Banking Supervision Standards, which encompass 12 principles. In 2025, the implementation of these principles at BNI is outlined in the following table:



Explanation of Basel Committee on Banking Supervision Standard Principes	Implementation at BNI	Disclosure in Annual Report 2025
Principle 1: **Responsibilities of the Board of Commissioners**		
The Board of Commissioners has responsibilities that include: approval and supervision of the implementation of business strategies, governance structure and mechanisms, and corporate culture.	The Board of Commissioners has duties, responsibilities, and authority as outlined in the BNI Board of Commissioners Charter. This provision was ratified through the Board of Commissioners Decree No. KEP/017/DK/2025 dated September 19, 2025, regarding the Board of Commissioners Charter.	Chapter 7. Corporate Governance, Sub-Chapter: Board of Commissioners, Pages 699-738.
Principle 2: **Qualifications and Composition of the Board of Commissioners**		
Members of the Board of Commissioners must have the qualities appropriate to their duties and responsibilities, both individually and collectively. The Board of Commissioners must understand its role in supervision and the implementation of corporate governance, as well as being able to make decisions in a sound and objective manner.	The Board of Commissioners has duties and responsibilities both individually and collectively. All members of the Board of Commissioners must understand their role in supervision and the implementation of corporate governance, and be able to make decisions in a sound and objective manner. The appointment of members of the Board of Commissioners is carried out in accordance with applicable regulations. Each member has met the criteria and qualities required to perform their respective duties.	Chapter 7. Corporate Governance, Sub-Chapter: Board of Commissioners, Pages 699-738; Sub-Chapter: Nomination and Remuneration, Pages 811-826.
Principle 3: **Structure and Mechanism of the Board of Commissioners**		
The Board of Commissioners must establish the appropriate governance structure and practices in carrying out its duties and periodically review their effectiveness.	In BNI's Governance Structure, the Board of Commissioners is supported by Supporting Organs, which include the Board of Commissioners Secretary, Audit Committee, Nomination and Remuneration Committee, Risk Monitoring Committee, and Integrated Governance Committee. These Supporting Organs report directly to the Board of Commissioners and are appointed to ensure effective oversight. In 2025, the Board of Commissioners periodically assessed the effectiveness of the Supporting Organs to ensure that each committee maximizes its contribution to the implementation of good governance at BNI.	Chapter 7. Corporate Governance: Sub-Chapter: Board of Commissioners, Pages 699-738; Sub-Chapter: Secretary to the Board of Commissioners, Pages 907-910; Sub-Chapter: Audit Committee, Pages 833-854; Sub-Chapter: Remuneration and Nomination Committee, Pages 855-868; Sub-Chapter: Risk Oversight Committee, Pages 868-881; Sub-Chapter: Integrated Governance Committee, Pages 881-904.

Explanation of Basel Committee on Banking Supervision Standard Principes	Implementation at BNI	Disclosure in Annual Report 2025
Principle 4: Board of Directors		
Under the direction and supervision of the Board of Commissioners, the Board of Directors is able to manage the Bank's activities in accordance with the business strategy, risk appetite, remuneration policy, and other policies approved by the Board of Commissioners.	The corporate governance mechanism at BNI has been effectively implemented in compliance with laws and regulations as well as national and global best standards. The Board of Commissioners oversees the management of the company by the Board of Directors, which is tasked with implementing good governance principles. Every policy underpinning BNI's operational activities requires approval from the Board of Commissioners.The effectiveness of this governance positively impacts the achievement of targets and the improvement of the Bank's performance.	Chapter 7. Corporate Governance: Sub-Chapter: Commitment to Implementation of Governance, Pages 651-654; Sub-Chapter: Continuous Improvement of the Quality of GCG Implementation, Pages 660-672; Sub-Chapter: Board of Directors, Pages 742-804.
Principle 5: Business Group Governance Structure		
In a business group, the Board of Commissioners of the parent company has overarching responsibility for the group and must ensure the establishment and implementation of sound governance practices concerning the group's structure, business, and risks. The Board of Commissioners and the Board of Directors must understand the organizational structure of the group and the risks it faces.	As the primary entity in the Financial Conglomerate (PIKK), BNI has 11 (eleven) members of the Financial Conglomerate. To support effective management, BNI has implemented Integrated Governance, Integrated Risk Management, and Integrated Minimum Capital Adequacy Requirements. The Board of Commissioners of BNI has also established an Integrated Governance Committee comprising representatives from all entities within the financial conglomerate. As the main entity, BNI has developed an Integrated Governance Guideline, Integrated Risk Management Policy and Framework, and Integrated Compliance and Internal Audit Guidelines. These policies are implemented by all subsidiaries within the BNI Financial Conglomerate, provided their application does not conflict with more specific regulations applicable to each subsidiary.	Chapter 7. Corporate Governance: Sub-Chapter: Integrated Governance Committee, Pages 881-904; Sub-Chapter: Integrated Internal Audit Unit (SKAIT), Pages 980-984; Sub-Chapter: Integrated Risk Management Governance, Pages 1024-1027; Sub-Chapter: Implementation of Integrated Governance, Pages 1142-1151.
Principle 6: Risk Management Function		
The Bank must have a high-quality, independent risk management function with competent resources and access to the Board of Commissioners.	BNI's risk management strategy is implemented in an integrated manner with its business strategy, using a proactive and forward-looking approach. The goal is to maximize value for shareholders, manage capital comprehensively, and ensure sustainable profitability and business growth. The Enterprise Risk Management (ERM) Division serves as both the Risk Management Work Unit (SKMR) and the Integrated Risk Management Work Unit (SKMRT). In BNI's organizational structure, the ERM Division reports directly to the Director of Risk Management, overseeing the Risk Management and Integrated Risk Management functions. In carrying out its duties, the Risk Management Work Unit has the authority to escalate issues to the Risk Management Committee & AntiFraud Sub Risk Management Committee (KRARMC) or to the Director responsible for the Risk Management function. Meanwhile, the Integrated Risk Management Work Unit escalates issues to the Integrated Risk Management Committee or the Director overseeing the Integrated Risk Management function.	Chapter 7. Corporate Governance: Sub-Chapter: Risk Management System, Pages 1007-1023; Integrated Risk Management Governance Sub-Chapter, Pages 1024-1027.

Explanation of Basel Committee on Banking Supervision Standard Principes	Implementation at BNI	Disclosure in Annual Report 2025
	Meanwhile, supervision of the risk management function is carried out by the Risk Monitoring Committee and the Integrated Governance Committee. The organizational structure of BNI's Risk Management can be found in the 2025 Annual Report in the sub-chapter related to Risk Management.	
Principle 7: **Identification, Monitoring and Control of Risks**		
Risks must be identified, monitored, and controlled across all of the Bank's activities. The quality of risk management infrastructure and internal controls must be able to adapt to changes in the Bank's risk profile, external risk conditions, and industry practices.	BNI implements a comprehensive and continuous risk management process, encompassing risk identification, measurement, monitoring, and control across all material risk factors. This implementation is supported by a reliable Risk Management Information System. The risk identification process at BNI is carried out proactively to analyze the sources, likelihood of risk occurrence, and its impact on the company. Key aspects of this process include: 1. Periodic risk identification; 2. Utilizing methods or systems to identify risks in all products and business activities; 3. Conducting specific risk identification for new products and activities before they are introduced or executed. Risk measurement aims to determine the magnitude of risk exposure as a basis for control and to ensure capital adequacy. Measurement is conducted quantitatively and/or qualitatively in accordance with methods set by the regulator or internal methods if no specific regulations exist. Risk measurement at BNI also includes stress testing for credit, market, and liquidity risks to anticipate extreme conditions. Risk monitoring ensures that risks are being properly managed, including monitoring risk mitigation and established risk limits. Monitoring is conducted by the Operational Work Unit as the risk owner and the Risk Management Work Unit as the Risk Control Unit. Risk control at BNI aims to manage risks that could disrupt the company's business sustainability. The strategies applied include risk mitigation, risk acceptance, risk avoidance, and risk transfer. Additionally, BNI continues to develop its Risk Management Information System to support the processes of risk identification, measurement, monitoring, and control. This system ensures the availability of accurate, complete, timely, and reliable information, thereby supporting Management in decision-making to respond to changes in risk profiles, industry practices, and external risk conditions.	Chapter 7. Corporate Governance: Risk Management System Sub-Chapter, Pages 1007-1023; Integrated Risk Management Governance Sub-Chapter, Pages 1024-1027.

Explanation of Basel Committee on Banking Supervision Standard Principes	Implementation at BNI	Disclosure in Annual Report 2025
Principle 8: Risk Communication		
Effective implementation of risk governance requires accurate risk communication within the Bank's environment, both across organizational units and through reporting to the Board of Commissioners and the Board of Directors	In implementing risk management, BNI emphasizes the importance of aligning business strategies and objectives with risk management strategies and risk appetite. The risk management strategy consists of four main components: 1. Acceptable risk levels (risk appetite) and risk tolerance; 2. Risk management principles and policies; 3. Risk governance; 4. Types of risk exposures and market conditions. The establishment of the risk management strategy is regulated through governance, which includes: 1. Risk management strategy as the foundation for determining business strategy, outlined in BNI's Annual Business Plan (RBB) submitted annually to the Regulator; 2. The risk management strategy is developed by the Risk Management Work Unit, decided by the Board of Directors through the Risk Management & Anti-Fraud Committee Meetings in the field of Risk Management, and approved by the Board of Commissioners. The Board of Directors plays a role in communicating the risk management strategy to all Divisions/Work Units and conducting periodic reviews to adjust to changes in business strategy. This process also considers developments in economic conditions, banking business trends, regulatory changes, and their impact on the Bank's financial performance.	Chapter 7. Corporate Governance: Risk Management System Sub-Chapter, Pages 1007-1023; Integrated Risk Management Governance Sub-Chapter, Pages 1024-1027.
Principle 9: Compliance		
The Board of Commissioners is responsible for overseeing management concerning the Bank's compliance risk. The Board of Commissioners must establish the compliance function and approve policies and processes for identifying, assessing, monitoring, reporting, and advising on compliance risks.	The supervisory function of the Board of Commissioners over the Bank's compliance risk is carried out through the Audit Committee to ensure the strict application of prudential principles. Through this oversight, the Board of Commissioners ensures that all Bank activities and policies align with applicable laws and regulations, including those issued by financial and banking authorities. The Board of Commissioners conducts periodic reviews and assessments of the compliance function to identify potential risks and ensure that compliance risk mitigation measures are adequately implemented. This process also involves monitoring the implementation of recommendations provided by relevant work units and reviewing compliance reports to detect potential violations early. Furthermore, the Board of Commissioners evaluates the effectiveness of the compliance function in supporting compliance targets, which are expected to minimize legal risks and maintain the Bank's reputation.	Chapter 7. Corporate Governance: Board of Commissioners Sub-Chapter, Pages 699-738; Risk Oversight Committee Sub-Chapter, Pages 868-881; Compliance Function Sub-Chapter, Pages 984-994; Risk Management System Sub-Chapter, Pages 1007-1023; Integrated Risk Management Governance Sub-Chapter, Pages 1024-1027.

Explanation of Basel Committee on Banking Supervision Standard Principes	Implementation at BNI	Disclosure in Annual Report 2025
Principle 10: Internal Audit		
The internal audit function must report independent assurance activities to the Board of Commissioners and support both the Board of Commissioners and the Board of Directors in promoting effective governance processes and the Bank's long-term health.	BNI has established an Internal Audit Work Unit operated by the Internal Audit Unit, whose primary responsibilities are to perform assurance and consulting functions. The objective of this function is to provide added value and encourage improvements in the quality of controls, risk management, and corporate governance independently and objectively. Through assurance activities, the Internal Audit Unit evaluates the reliability of internal control processes and compliance with established policies. Additionally, the consulting function provides guidance to work units in formulating effective steps to enhance risk management and strengthen corporate governance. This process is carried out in accordance with the principles of independence and objectivity, as outlined in the Annual Report, which details the roles and contributions of the Internal Audit Unit in supporting BNI's strategic objectives.	Chapter 7. Corporate Governance: Sub-Chapter on Internal Audit Unit, pages 962-980; Sub-Chapter on Integrated Internal Audit Work Unit (SKAIT), pages 981-984; Sub-Chapter on Internal Control System, pages 996-1006.
Principle 11: Compensation		
The Bank's remuneration structure must support the implementation of corporate governance and risk management.	BNI has a Nomination and Remuneration Committee established and functioning in accordance with applicable laws and regulations. This committee is responsible for establishing remuneration policies and mechanisms aligned with the principles of good corporate governance (GCG) and risk management. With the support of the Nomination and Remuneration Committee, BNI ensures that remuneration policies not only support sustainable performance achievement but also strengthen risk management aspects. The committee also ensures that remuneration policies are aligned with the company's longterm objectives, balancing rewards and risks while considering the interests of shareholders, employees, and other stakeholders.	Chapter 7. Corporate Governance: Sub-Chapter on Nomination and Remuneration, pages 811-826; Sub-Chapter on Nomination and Remuneration Committee, pages 855-868.
Principle 12: Disclosure and Transparency		
The governance implementation of the Bank must be carried out transparently to Shareholders, Depositors, other relevant Stakeholders, and Market Participants.	BNI is committed to applying the principles of good corporate governance, particularly transparency. By prioritizing open information disclosure, BNI ensures that all company-related information is conveyed to shareholders and other stakeholders accurately and in a timely manner, in compliance with applicable laws and regulations.	Chapter 7. Corporate Governance: Sub-Chapter on Transparency of the Company's Financial and Non-Financial Condition, page 1107; Sub-Chapter on Transparency of Report Submission, page 1138.

Commitment and Policy for Implementing Social and Environmental Responsibility Programs [ACGS B.4.4]

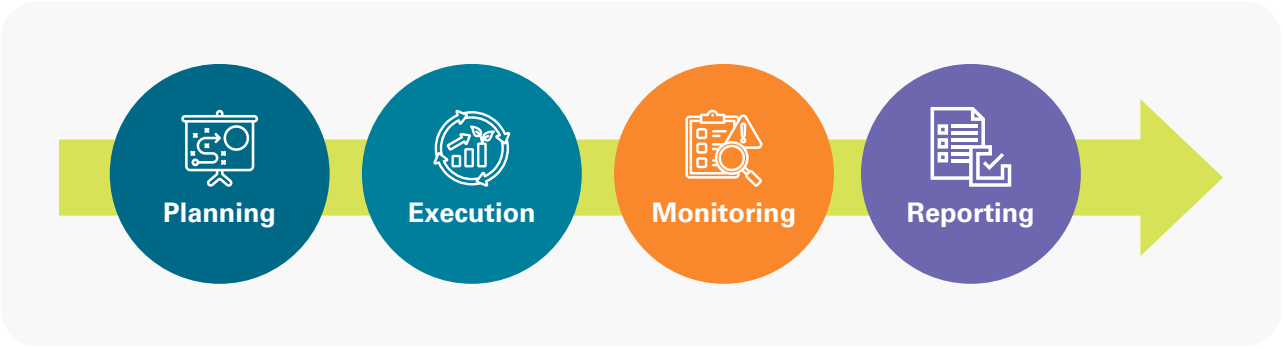
COMMITMENT AND POLICY

PT Bank Negara Indonesia (Persero) Tbk (BNI) consistently affirms its commitment to making meaningful contributions to the economy, society, and the environment through the integrated and targeted application of sustainability principles. Each initiative is implemented with long-term impacts in mind and is supported by accountable governance, ensuring that the resulting benefits are accountable and provide sustainable added value for all stakeholders. This commitment is part of BNI's sustainable business strategy to ensure business sustainability while creating long-term value for all stakeholders.

As a State-Owned Enterprise (SOE), BNI participates in driving national economic growth while accelerating the achievement of the Sustainable Development Goals (SDGs), which are both a global agenda and a priority of the Indonesian Government. Aware of this strategic role, BNI consistently implements Social and Environmental Responsibility (TJSL) programs and activities integrated with its business activities, thereby providing a sustainable positive impact on the economy, the banking industry, and society at large.

The implementation of BNI's TJSL program is based on the recognition that success in maintaining sustainable performance is not solely determined by the company's management and operations, but also by social support from the community and environmental sustainability. This principle aligns with the spirit of the SDGs (Sustainable Development Goals), namely development that sustainably improves economic welfare, maintains social sustainability, preserves environmental quality, and ensures justice and good governance for the sake of improving the quality of life across generations.

The BNI TJSL program is a concrete manifestation of the SOE's commitment and dedication to supporting sustainable development, which aligns with Minister of SOE Regulation No. PER-1/MBU/03/2023 concerning Special Assignments and SOE Social and Environmental Responsibility Programs. In its implementation, the BNI TJSL program is designed with reference to the Bank's Mission and Environmental, Social, and Governance (ESG) aspects, as well as being guided by applicable laws and regulations, namely:



1. Law No. 40 of 2007 concerning Limited Liability Companies as last amended by Law No. 6 of 2023 concerning the Stipulation of Government Regulation in Lieu of Law No. 2 of 2022 concerning Job Creation;
2. Government Regulation No.47of2012 concerning Social and Environmental Responsibility of Limited Liability Companies;
3. Regulation of the Minister of State-Owned Enterprises of the Republic of Indonesia No. PER-1/MBU/03/2023 dated March 3, 2023 concerning Special Assignments and Social and Environmental Responsibility Programs of State-Owned Enterprises
4. Regulation of the Financial Services Authority No. 51/POJK.03/2017 dated July 18, 2017 concerning the Implementation of Sustainable Finance for Financial Services Institutions, Issuers, and Public Companies. Issuers, and Public Companies.

BNI has established a policy as the primary foundation for implementing information transparency regarding the impact of business decisions and activities on society and the environment. This policy reflects BNI's commitment to conducting business transparently, ethically, and responsibly, and to ensuring that sustainability principles are integrated into decision-making processes across the organization. BNI's TJSL program implementation policy includes, among other things:

1. Corporate Guideline No. IN/002/CSE/0002 dated February 1, 2024, related to the Social and Environmental Responsibility (TJSL) program;
2. Corporate Guideline for Community Development Management No. IN/341/KMP/001 dated July 17, 2017;
3. Corporate Guideline for Environmentally Friendly Lifestyle No. IN/418/KMP/001 dated September 12, 2017.

Furthermore, BNI has implemented its TJSL program systematically and in an integrated manner to ensure its implementation, success, and impact management in accordance with program priorities and/or objectives. The management and implementation of BNI's TJSL program are carried out in several stages, as follows:

1. Planning;
2. Execution;
3. Monitoring; and
4. Reporting

TJSL PROGRAM OBJECTIVES

The objectives of the TJSL program align with the Regulation of the Minister of State-Owned Enterprises of the Republic of Indonesia No. PER-1/MBU/03/2023 dated March 3, 2023, regarding Special Assignments and Social and Environmental Responsibility Programs of State-Owned Enterprises, which are:

1. To provide benefits for economic development, social development, environmental development, as well as legal and governance development for the company;
2. To contribute to creating added value for the company with integrated, targeted, measurable, and accountable impacts;
3. To support micro and small businesses to become more resilient and independent, as well as the surrounding communities.

TJSL PROGRAM PRINCIPLES

The TJSL program is implemented based on the following principles:

1. Integrated, based on risk analysis and business processes that are connected to stakeholders;
2. Targeted, with a clear direction to achieve company goals;
3. Measurable impact, having a contribution that provides benefits and creates change or added value for stakeholders and the company; and
4. Accountability, ensuring responsibility to avoid misuse or deviations.

.

MAIN TJSL PILLARS

BNI implements its TJSL program based on four main pillars, namely:

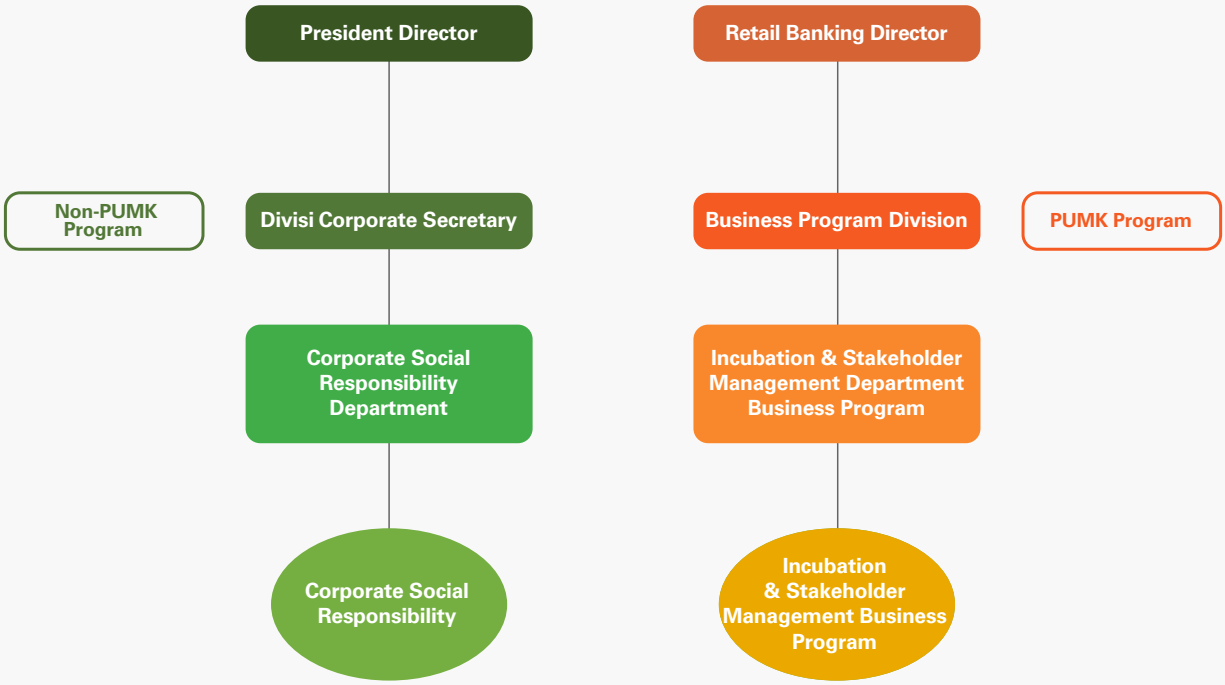
1. Social, to achieve the fulfillment of basic human rights in a fair and equal manner to improve the welfare of all people;
2. Environmental, for the sustainable management of natural resources and the environment as a support for all life;
3. Economic, to achieve quality economic growth through sustainable job and business opportunities, innovation, inclusive industries, adequate infrastructure, affordable clean energy, and supported partnerships; and
4. Law and Governance, to ensure legal certainty and effective, transparent, accountable, and participatory governance to create security stability and establish the rule of law.

These four main pillar sencompass the17Sustainable Development Goals (SDGs), which are: (1) No Poverty; (2) Zero Hunger; (3) Good Health and Well-being; (4) Quality Education; (5) Gender Equality; (6) Clean Water and Sanitation; (7) Affordable and Clean Energy; (8) Decent Work and Economic Growth; (9) Industry, Innovation and Infrastructure; (10) Reduced Inequalities; (11) Sustainable Cities and Communities; (12) Responsible Consumption and Production; (13) Climate Action; (14) Life Below Water; (15) Life on Land; (16) Peace, Justice and Strong Institutions; (17) Partnerships for the Goals.

MAIN FOCUS OF SOCIAL AND ENVIRONMENTAL RESPONSIBILITY PROGRAMS AND COMPANY SUPPORT TOWARDS SUSTAINABLE DEVELOPMENT GOALS

BNI implements various Social and Environmental Responsibility (TJSL) programs to achieve the Sustainable Development Goals (SDGs). The implementation of these TJSL programs also serves as a concrete manifestation of the Company's commitment and accountability to all stakeholders. Through various TJSL program activities, the Company affirms its commitment to meeting current needs without sacrificing future needs. The implementation of these TJSL programs reflects that the Company's business development is consistently carried out with an emphasis on aligning performance across economic, social, and environmental aspects.

BNI's TJSL program is implemented with selective targeting of beneficiaries including the communities surrounding the Company's operational areas and the wider community. In 2025, BNI will continue to adhere to the directives of the Ministry of State-Owned Enterprises, where TJSL program implementation will be carried out through the provision of assistance and/or other activities, with a primary focus on education, environmental conservation, and the development of Micro and Small Enterprises (MSMEs).



SCOPE OF BNI TJSL

The BNI TJSL Program supports BNI's Sustainability Pillars, especially BNI for Society and BNI for the Environment as well as the Achievement of Sustainable Development Goals (SDG).

SOCIAL AND ENVIRONMENTAL RESPONSIBILITY PROGRAM MANAGEMENT

The implementation of the BNI TJSL program is divided into several Divisions with responsibilities that are in accordance with the program category. Currently, the management of the BNI TJSL program is in the Corporate Secretary Division (CSE) which is directly responsible to the President Director and the Business Program Division (SBP) which is responsible to the Director of Retail Banking, with the organizational structure attached below.

Organization Structure of TJSL Program Management

STRATEGIES AND PROGRAMS OF ACTIVITIES FOR IMPLEMENTING SOCIAL AND ENVIRONMENTAL RESPONSIBILITY BASED ON THE CONCEPT OF SUSTAINABLE FINANCE

BNI is committed to continuously making a positive impact on improving the social conditions of communities and societies connected to the Company, through the implementation of targeted and sustainable TJSL programs. BNI's TJSL strategies and program implementation are designed with reference to sustainable finance concepts, taking into account stakeholder expectations, complying with applicable legal provisions, and aligning with international norms and practices.

BNI avoids implementing TJSL programs solely for enhancing its public image or business environment reputation. The primary reference for BNI is to understand the objectives and positive impacts of the TJSL programs, ensuring that their implementation is ideal, objective, targeted, and sustainable, in line with the principles of sustainable finance and the achievement of the Sustainable Development Goals.

Furthermore, BNI views the TJSL program as a vital element that goes beyond merely fulfilling POJK 51/2017. It is also aligned with BNI's Three Pillars of Sustainability, fostering harmonious and mutually beneficial relationships with the environment, communities, and stakeholders locally, nationally, and globally, while creating a positive impact on the mindset and quality of life in the surrounding environment.

Information regarding BNI's TJSL implementation program activities is as follows:

1. Micro and Small Business Funding Program (PUMK)
   a. Focus on distributing in clustering by establishing synergistic cooperation with BUMN/BUMD/Pemda that manage fostered partners or MSME actors;
   b. Cooperate with Community Empowerment Institutions (LPM) that foster MSME actors.
2. Social and Environmental Responsibility Program (Non PUMK)
   a. Distribute TJSL Program funds in accordance with the provisions;
   b. Collaborate with professional and competent partners to organize community empowerment programs;
   c. Collaborate with community groups to improve program quality;
   d. Increase the capacity and capabilities of fostered partners through the provision of education, training, internships, marketing, and other forms of assistance;
   e. Implementation of the Social and Environmental Responsibility Program prioritizes the fields of Education, Environment and Development of Micro and Small Enterprises (UMK).

BUDGET AND FINANCING REALIZATION FOR SOCIAL AND ENVIRONMENTAL RESPONSIBILITY PROGRAMS IN 2025

BNI determines the amount of the TJSL program implementation budget by referring to the Regulation of the Minister of State-Owned Enterprises of the Republic of Indonesia No. PER-1/MBU/3/2023 concerning Special Assignments and Social and Environmental Responsibility Programs of State- Owned Enterprises.

TJSL PUMK PROGRAM

Based on the Letter of the Minister of SOEs No. S-721/MBU/11/2022 dated November 10, 2022, there are directions regarding the optimization of PUMK funds, namely the appointment of PT Bank Rakyat funds, namely the appointment of PT Bank Rakyat PUMK Program Cooperation. Understanding this, BNI has signed a Cooperation Agreement between BNI and BRI as the manager of the PUMK Program Cooperation, namely PKS No. B.21/MBD/12/2022 and No. SBP/1/018 dated December 13, 2022 with a PKS period of 5 (five) years from 2022 to 2027. In accordance with the direction of the Minister of SOEs, the distribution of PUMK will be focused by BRI as the manager of the PUMK Program Cooperation. When the validity period of the cooperation agreement has ended, BRI will return the balance of the PUMK Program funds owned (cash funds) and deposit the PUMK return funds in stages to BNI.

NON-PUMK TJSL PROGRAM

BNI also implements a TJSL program divided into 4 (four) main pillars, namely Social, Environmental, Economic and Legal and Governance. In 2025, the achievement of budget absorption through the BNI TJSL program reached IDR116,82 billion. The realization of the BNI TJSL Program based on the Main Pillars and Sustainable Development Goals (SDGs) is:

Budget Realization of The TJSL Program Based on the 4 (Four) Main Pillars and Sustainable Development Goals (SDGs) as of December 31, 2025

No	Sustainable Development Goals (SDG)	Realization (IDR Billion)
SOCIAL PILLAR		
1	SDG 1 (No Poverty)	5.27
2	SDG 2 (Zero Hunger)	39.90
3	SDG 3 (Healthy & Well-Being)	12.59
4	SDG 4 (Quality Education)	22.78
5	SDG 5 (Gender Equality)	0.37
	Sub Total	80.90
ECONOMIC PILLAR		
1	SDG 7 (Affordable & Clean Energy)	0.31
2	SDG 8 (Decent Work & Economic Growth)	5.72

2	SDG 11 (Sustainable Cities & Human Settlements)	16.83
3	SDG 12 (Consumption & Responsible Production)	0.55
4	SDG 13 (Climate Action)	0.52
5	SDG 14 (Life Below Water)	0.60
6	SDG 15 (Life on Land)	3.72
	Sub Total	23.89
GRAND TOTAL		**116.82**

ACTIVITIES, INVESTMENTS OR DONATIONS TO COMMUNITIES OR REGISTERED NON-PROFIT ORGANIZATIONS

As a manifestation of its commitment to implementing TJSL, BNI continues to implement various programs and investments focused on community empowerment and support for registered non-profit organizations. Through sustainable programs across various sectors, BNI strives to create a tangible positive impact on society. Furthermore, BNI also distributes aid and donations to non-profit organizations that contribute to improving social welfare.

PERFORMANCE OF SOCIAL AND ENVIRONMENTAL RESPONSIBILITY PROGRAMS

BNI consistently applies sustainable finance principles while increasing support for the achievement of the Sustainable Development Goals (SDGs) through the implementation of CSR programs. This effort is part of BNI's contribution to supporting the achievement of the 17 globally established SDGs. As a financial institution, BNI's vision aligns with the principles of sustainable development to create a better future for society, the environment, and the economy.

Information regarding the achievements of BNI's contributions or support to the SDGs that are appropriate and relevant to BNI's activities and business areas is as follows:

Achievements of BNI's TJSL Program Support to The Sustainable Development Goals (SDGs)

No	Sustainable Development Goals (SDG)	(SDG) BNI Achievement
1	SDG 1 (No Poverty)	Natural disaster emergency response assistance, including floods, earthquakes, and volcanic eruptions throughout Indonesia.
2	SDG 2 (Zero Hunger)	Food security assistance for people in need throughout Indonesia.
3	SDG 3 (Healthy & Well-Being)	Health assistance, including ambulances and health infrastructure.
4	SDG 4 (Quality Education)	Educational assistance includes scholarships and educational infrastructure.
5	SDG 5 (Gender Equality)	A community development program that is predominantly female in order to improve the economic level of the community
6	SDG 6 (Clean Water & Sanitation)	Clean water and sanitation assistance, including the provision of clean water boreholes.
7	SDG 7 (Affordable & Clean Energy)	Renewable energy assistance, including street lighting using solar panels.
8	SDG 8 (Decent Work & Economic Growth)	Infrastructure assistance in supporting MSMEs, including MSME equipment infrastructure.
9	SDG 9 (Industry, Innovation & Infrastructure)	Infrastructure assistance, including roads and bridges.
10	SDG 10 (Reduced Inequality)	Assistance in supporting the reduction of inequality, including assistance to persons with disabilities.
11	SDG 11 (Sustainable Cities & Human Settlements)	Assistance for worship infrastructure for all religious communities.
12	SDG 12(Consumption & Responsible Production)	Assistance for responsible consumption, including the use of goods that are no longer used through the textile waste management programme.
13	SDG 13 (Climate Action)	Assistance related to the impact of climate change, including waste management programmes.
14	SDG 14 (Life Below Water)	Assistance related to marine ecosystems, including mangrove seedling planting.
15	SDG 15 (Life on Land)	Assistance related to land ecosystems, including rhino and orangutan conservation.
16	SDG 17 (Partnerships for the Goals)	Collaboration program with competent parties in order to achieve goals

IMPLEMENTATION OF BNI'S TJSL PROGRAM

BNI implements its Social and Environmental Responsibility (TJSL) program, adhering to ISO 26000 principles through the Creating Shared Value (CSV) approach, which emphasizes the creation of shared benefits and value for the company and society. The implementation of TJSL is also aligned with Minister of State-Owned Enterprises Regulation No. PER-1/MBU/03/2023.

Through this approach, BNI's TJSL program, under the umbrella of the BNI Berbagi program, is not only directed at fulfilling the company's social obligations but is also expected to provide optimal benefits for social development and environmental preservation. Furthermore, BNI's TJSL program contributes to creating added value for the Company and encourages the strengthening of micro and small businesses to grow more resilient, competitive, and independent.

Supported by work units across Indonesia, BNI consistently implements community development and environmental conservation programs as part of its contribution to achieving the Sustainable Development Goals (SDGs). This commitment is realized through the BNI Berbagi initiative, designed as a strategic social investment platform to deliver tangible, measurable, and sustainable benefits to the surrounding community and environment.

As of December 31, 2025, BNI has implemented various TJSL programs using a creating shared value approach, the implementation of which encompasses economic, social, and environmental aspects, as detailed below:

SOCIAL PILLAR

1. DISASTER EMERGENCY RESPONSE

Meeting Basic Needs in Disaster-Related Areas

BNI assisted disaster victims throughout Indonesia, including flash floods in Sumatra, the eruption of Mount Lewatobi Laki-Laki in East Flores (NTT), flash floods in Nagekeo and Bali, and the fire in the Yaro Wora tourist village, West Sumba (NTT). This assistance included distributing 22,600 food packages and hygiene kits. This support focused on meeting the basic needs of affected communities through the distribution of food packages, hygiene kits, and other emergency needs to maintain survival and health, and accelerate post-disaster stabilization.

Fulfilling Basic Needs in the Sumatra Disaster

BNI provided emergency relief assistance to victims of flash floods and landslides that struck various regions in Aceh, West Sumatra, and North Sumatra. The assistance provided included food and daily necessities such as rice, instant noodles, eggs, ready-to-eat rice, as well as baby and elderly supplies such as diapers, baby formula, and baby porridge. Distribution was prioritized in the worst-affected areas that had declared a disaster emergency. Specifically for Aceh, BNI, in collaboration with the State-Owned Enterprises (SOEs) Family through the BUMN Peduli (One Heart for Sumatra) program, coordinated by Danantara, distributed emergency relief assistance to disaster-affected residents in Aceh. This aid distribution is part of BNI's rapid response and concrete actions in supporting the emergency response phase and early recovery of affected communities, with a focus on meeting basic needs and supporting vulnerable groups, particularly children.

Emergency Infrastructure Response

BNI's aid distribution in Aceh included 30 tents, consisting of five 3x4 tents, five 3x6 tents, and 20 6x14 platoon tents. In the education sector, BNI distributed 400 elementary school uniforms, 700 junior high school uniforms, and 100 high school uniforms. To support children's trauma healing activities, BNI also distributed 200 dolls, 200 children's storybooks, 100 play sets, and a 24-square-meter puzzle mat. In addition, BNI distributed other supporting aid, including 1,000 blankets, hygiene supplies such as soap, brushes, cleaning fluid, and brooms, four water tanks, 10 rechargeable flashlights, and 10 boxes of masks.

Trauma Healing for Children in Disaster Areas

BNI is assisting with the psychosocial recovery of children affected by flash floods in Leuser Village, Southeast Aceh Regency. This effort underscores BNI's commitment to post-disaster recovery, which focuses not only on physical and logistical assistance but also on the mental recovery and psychological well-being of vulnerable groups, particularly children. The trauma healing services provided are part of the company's Social and Environmental Responsibility (TJSL) policy, which focuses on sustainable recovery. Together with the State-Owned Enterprises (SOEs) Family, through the BUMN Peduli (One Heart for Sumatra) program, coordinated by Danantara, BNI provides psychosocial support for child disaster victims. This trauma healing activity is one of the quick impact programs from the BNI Berbagi (Sharing) program implemented at the BUMN Volunteer Post in Leuser Village. By involving experienced facilitators who assist children in disaster areas, this activity is designed to provide a safe space for children to return to play, interact, and express their feelings positively.

2. POST-DISASTERS

Basic Facility Recovery Home Renovation for Affected Residents

BNI is providing housing recovery support by repairing the homes of residents affected by the eruption of Mount Lewatobi Laki-Laki in East Flores (NTT). This program aims to restore decent, safe, and healthy housing, while also supporting the recovery of the community's quality of life during the post-disaster rehabilitation phase.

Danantara Housing (HUNTARA) in Aceh

BNI expressed its support for the government's target, through the Daya Anagata Nusantara Investment Management Agency (BPI) Danantara Indonesia, to provide 15,000 Danantara Housing (Huntara) units for disaster-affected communities in Aceh, West Sumatra, and North Sumatra. This effort aligns with the government's commitment to providing decent and dignified housing for

disaster victims as a tangible manifestation of the state's presence. One form of this support is demonstrated through BNI's participation in the construction of temporary shelters in Aceh Tamiang Regency. In the first phase, of the 600 temporary shelters built in the area, BNI contributed approximately 20 percent, or 120 units. In addition to the residential units, the Danantara Housing area also features various supporting facilities, including a playground, Wi-Fi, a prayer room, public facilities, and restrooms and sanitation.

Food Security Program

BNI is committed to contributing to strengthening food security and alleviating hunger in the community as part of social protection efforts and improving public welfare. This commitment is demonstrated, among other things, through the implementation of food security programs integrated into a series of religious holiday celebrations, including Ramadan and Eid al-Fitr, as well as Christmas and New Year. This program aims to meet basic needs, alleviate the economic burden on vulnerable communities, and strengthen social solidarity and a sense of togetherness within the community.

In 2025, BNI distributed 291,850 food packages containing 1,459 tons of rice as part of efforts to strengthen food security and social protection for vulnerable communities throughout Indonesia. The food security program, integrated with religious holiday celebrations throughout 2025, included the distribution of 113,050 food packages, consisting of 79,050 packages during the Ramadan 1446 H program and 34,000 packages during other religious holiday celebrations.

In its implementation, BNI applies the principle of prudence by ensuring that aid distribution does not overlap with government-provided basic food aid. Distribution of food packages is carried out through coordination with relevant agencies and institutions, as well as local governments, particularly in the process of identifying underprivileged and eligible recipients. This approach aims to maintain accountability, increase distribution effectiveness, and ensure that BNI's food security program is aligned with and complements national social protection policies.

3. HEALTH

Stunting Reduction Program

BNI is committed to supporting efforts to accelerate stunting reduction in Indonesia through the implementation of two complementary strategic programs oriented towards sustainable impact.

First, through the KAWAN BNI Program in Nagekeo Regency, NTT, BNI is directly addressing vulnerable groups by providing nutritional interventions to 50 children experiencing stunting, wasting, and underweight, as well as 25 mothers with Chronic Energy Deficiency (CED). The interventions include Supplementary Feeding (PMT) for 90 consecutive days, accompanied by capacity building for families and local cadres through parenting education, balanced nutrition, and basic health practices. This approach is designed not only to meet short-term nutritional needs but also to build sustainable behavioral change and family health resilience.

Second, through BNI Berbagi in Tangerang Regency, Banten, BNI supports improvements in basic health determinants by providing nutritious food to 200 beneficiaries for six months, along with repairs to uninhabitable houses and the construction of toilet facilities. This intervention is designed to improve quality of life and environmental sanitation, as crucial factors in long-term stunting prevention.

Third, through BNI Berbagi in Tasikmalaya Regency, West Java, BNI is implementing an integrated intervention to prevent and manage stunting. This program includes distributing nutritious supplementary food to 47 stunted children for two months, providing basic food assistance to parents of stunted children, and holding nutrition seminars for pregnant women as an early prevention effort. In addition, BNI is strengthening parenting and mental health through smart parenting and mental health training, increasing the capacity of basic health services through training midwives and Sigap Stunting cadres, and distributing educational game equipment (APE) to eight integrated health service posts (Posyandu) to support child growth and development and the sustainability of Posyandu services.

Cataract Surgery Program

Cataracts are the leading cause of blindness worldwide, yet they are preventable. The estimated incidence of cataracts is 0.1% per year, meaning one in every 1,000 people develops cataracts annually. Given the data on cataract patients, it is the responsibility of various parties to work together with the government to prevent blindness caused by cataracts.

BNI recognizes that cataracts are an eye disorder that can impact people's lives. Although surgically treatable, not everyone has access to adequate healthcare. While surgery can remedy the condition, not everyone has access to quality healthcare facilities.Therefore, a free cataract surgery program is being held in areas with high cataract populations, limited ophthalmologists, limited surgical equipment, and areas with limited economic resources. This program demonstrates BNI's commitment to supporting government programs to reduce blindness due to cataracts and the World Health Organization's (WHO) Right to Sight initiative.

In 2025, BNI, in collaboration with the Pundi Amal Peduli Kasih Foundation (YPP) and the Indonesian Ophthalmologist Association (Perdami), held a cataract surgery community service at Komodo Regional Hospital in Labuan Bajo, West Nusa Tenggara (NTB), to help the community prevent vision impairment and enable them to resume normal activities. This program helped 100 cataract patients, enabling beneficiaries to return to normal and productive activities, while simultaneously improving their quality of life and increasing their independence.

Mass Circumcision Program

BNI is implementing the Mass Circumcision Program as part of the Company's commitment to improving access to basic healthcare services for the community, particularly children from underprivileged families. This program aims to help alleviate the economic burden on families while supporting the healthy growth and development of children through safe and standardized preventive healthcare services.

In 2025, BNI facilitated mass circumcisions for 910 children across Indonesia. The program is implemented in collaboration with healthcare facilities and professional medical personnel, prioritizing the principles of safety, hygiene, and participant comfort.

Retiree Health Check-Up Program

BNI provides Medical Check-Ups (MCU) for retirees as an effort to detect diseases early and maintain health in the elderly. This program aims to raise awareness of the importance of regular health check-ups and support a healthier and more productive quality of life in retirement.

In 2025, BNI provided MCU services to 4,386 retirees. Through this program, BNI contributes to promotional and preventive health efforts, while also helping to reduce the risk of non-communicable diseases through early detection and treatment.

Health Infrastructure

In 2025, BNI distributed 50 ambulances across Indonesia. This assistance was distributed in collaboration with licensed and competent agencies in the social and health sectors, ensuring that the ambulances are managed and utilized effectively and professionally.

BNI-supported ambulances are used to provide free emergency healthcare services, particularly to the underprivileged. This improves access to healthcare, expedites medical treatment, and supports lifesaving efforts in areas with limited healthcare facilities.

4. EDUCATION

Children's Character Education Program and Teacher Certification

As part of BNI's commitment to supporting the improvement of education quality and strengthening human resources, in 2025 BNI implemented the Children's Character Education and Teacher Certification Program in West Nusa Tenggara Province. This program reached 10 schools in Lombok, involving 3,400 students, 150 teachers, and 390 parents through strengthening character education that emphasized synergy between schools and families. In addition, BNI supported TOEIC international certification for 100 English teachers throughout NTB to increase the capacity of educators to provide competitive teaching aligned with international standards. This initiative is expected to contribute to producing a generation that excels academically and possesses strong character in the future.

Scholarships

As part of BNI's commitment to supporting increased access to and sustainability of education, throughout 2025 BNI distributed scholarships to 786 recipients. This program aims to encourage the sustainability of education and the development of the potential of the younger generation, as a long-term social investment in building superior and competitive human resources.

Educational Facilities and Infrastructure

By 2025, BNI will contribute to improving the quality of education by distributing assistance to 127 schools and educational institutions across its operational areas. This includes the construction and renovation of school buildings, classrooms, and laboratories, as well as the provision of learning support facilities and infrastructure, educational aids, and reading gardens. This support is spread across several regions in Indonesia, including West Java, Central Java, East Java, Bali, Riau, North Sumatra, and Maluku, with the goal of improving the comfort and quality of the teaching and learning process for students and educators. Through this initiative, BNI strives to support the creation of a superior generation that is competitive and contributes to future development.

Employee Volunteering Program

In implementing its CSR activities, BNI encourages its employees to volunteer their time and ideas. This program aims to foster togetherness among employees in helping the community, increase employee loyalty to the company, and create a better work environment.

First, the State-Owned Enterprises (BUMN) Volunteer Service (RBB) Batch VII

BNI actively participated in the State-Owned Enterprises (BUMN) Volunteer Service (RBB) Batch VII, organized by the Ministry of State-Owned Enterprises in Pamekasan Regency, East Java, on February 17–19, 2025, as part of a simultaneous program across 10 locations involving 150 SOE employees. As host, BNI deployed five volunteers who collaborated with 10 volunteers from across SOEs to carry out various cross-sector social activities, including financial education and student motivation at SDN 1 Jungcangcang, distribution of nutritious food, improvement of school facilities, environmental preservation through mangrove planting and improvement of regional infrastructure, financial literacy and digital marketing training for 30 MSMEs, support for salt farming, and preservation of local Madurese culture through introduction and mentoring of keris production and exploring village potential for cultural tourism development.

Second, Volunteer Involvement in Sumatra Disaster Response

BNI deployed volunteers to directly participate in disaster response and early recovery efforts for affected communities in Aceh. The involvement of BNI volunteers is part of a joint action by the State-Owned Enterprises (SOEs) family through the BUMN Peduli (One Heart for Sumatra) program, coordinated by Danantara Indonesia. BNI volunteers were dispatched along with hundreds of volunteers from 11 SOEs and focused on strengthening humanitarian activities in the affected areas, particularly North Aceh and Southeast Aceh, which served as the main disaster response posts. As a form of operational support, BNI also distributed logistical assistance via three trucks carrying cleaning supplies, sanitation materials, and supporting equipment such as water tanks, water pumps, generators, and volunteer safety equipment. This assistance was prepared to support the immediate needs of the community and volunteer activities in the field. The BNI volunteers deployed came from various work units at the Regional Office 01, demonstrating the spirit of mutual cooperation and solidarity among BNI employees.

Third, BNI Hi Movers' Involvement in Social and Environmental Programs

Through the BNI Hi Movers community, BNI employees are actively involved in supporting the implementation of CSR programs, particularly in food security programs and religious holiday celebrations. This includes cleaning and revitalizing places of worship. Furthermore, BNI Hi Movers volunteers participate in critical land reforestation programs and other environmental activities, demonstrating a tangible contribution to environmental sustainability and strengthening sustainability awareness within the company.

By 2025, the level of employee involvement through the BNI Hi Movers community in the Employee Volunteering Program will reach 96% of BNI's total employees, reflecting high levels of participation, social awareness, and the internalization of sustainability values as part of the company's culture.

5. GENDER EQUALITY

BNI initiated the "Mengayam Kebaikan untuk Indonesia" (Weaving Goodness for Indonesia) Program on Solor Island, East Flores, NTT. This program aims to improve the lives of 400 women and conserve culture through weaving on Solor Island. This mentoring program focuses on the Du Anyam assisted area on Solor Island, East Flores Regency, NTT Province. Participants are spread across three sub-districts on Solor Island, East Flores Regency. To achieve this goal, several activities will be carried out, namely:

1. Construction of weaving houses as supporting infrastructure for productive community activities;
2. Establishment of cooperatives and institutional strengthening to encourage the sustainability of community businesses;
3. Construction of a pipeline for clean water access for mothers and children;
4. Provision of supplementary feeding (PMT) and nutrition education for 100 children and toddlers;
5. Training to improve the quality and production capacity of 400 weavers;
6. Implementation of joint weaving activities with weavers;
7. Basic financial management training, business finance, and introduction to financial services.

ECONOMIC PILLARS

1. SUPPORT FOR CLEAN ENERGY

BNI supports the development of New and Renewable Energy (NRE) as part of its commitment to driving the transition to a green economy and strengthening national energy security. Through the use of solar energy, BNI provides 34 solar-powered street lighting locations in Sleman and Gunung Kidul (DIY Yogyakarta), as well as Tulungagung and Blitar (East Java).

This initiative contributes to providing reliable and efficient energy access for the community, while supporting social and economic activities in the target areas. Furthermore, the use of solar energy contributes to reducing greenhouse gas emissions and reducing dependence on fossil fuels, thereby encouraging the development of an inclusive and sustainable green economy.

2. SUPPORT FOR COMMUNITY ECONOMIC GROWTH

Rumah BUMN

The Rumah BUMN serves as a platform for the collaboration of State-Owned Enterprises (BUMNs) in shaping the digital economy ecosystem by nurturing micro, small, and medium enterprises (MSMEs) to enhance their capacity and capabilities. MSMEs supported by Rumah BUMN receive empowerment tailored to their respective levels of entrepreneurship. The presence of Rumah BUMN entrepreneurship. The presence of Rumah BUMN level, guiding them towards Go Modern (a shift in entrepreneurial mindset), Go Digital (utilizing social media), Go Online (embracing e-commerce), and Go Global (preparing for exports). Currently, BNI operates 23 Rumah BUMN locations, which serve as hubs for business development for over 6.908 MSME practitioners, providing more than 507 training sessions and facilitating the acquisition of 5.512 legal permits (including PIRT, NIB, Halal Certification, and BPOM).

KAWAN BNI Program

The KAWAN BNI Program is a village community empowerment initiative designed as a sustainable mentoring platform to strengthen local economic capacity. Through a collaborative approach, KAWAN BNI develops the potential of villages by integrating business mentoring, community capacity building, and expanding access to markets and financial services. The KAWAN BNI Program focuses on community mentoring in tourist destinations—such as cultural and ecotourism villages—and empowering vulnerable groups, particularly women and local communities. This program is aimed at promoting village economic independence, creating inclusive growth, and building sustainable social and economic resilience.

KAWAN BNI Activities	
Location: Wringin Putih Village, Muncar District, Banyuwangi Regency, East Java **Potential development**: mangrove ecotourism, mangrove nurseries, soft-shell crab cultivation **Number of beneficiaries**: 5,037 stakeholders	**Location**: Ponggok Tourism Village, Polanharjo District, Klaten Regency, Central Java **Potential development**: Spring-based water tourism (umbul), tourism village **Number of beneficiaries**: 877 stakeholders
Location: Laweyan Batik Village (Surakarta City, Central Java) and Giriloyo Batik Village (Imogiri District, Yogyakarta Special Region) **Potential Development**: Community Economy Through Environmentally Friendly Batik Assistance **Number of Beneficiaries**: 100 stakeholders	**Location**: Lembung Village, Galis District, Pamekasan Regency, Madura, East Java **Potential development**: Mangrove Ecotourism **Number of beneficiaries**: 40 stakeholders
Location: Solor Island, East Flores Regency, East Nusa Tenggara Province. **Potential development**: creative economy (palm weaving and derivative products), culture (preservation and strengthening of traditional ikat weaving). **Number of beneficiaries**: 420 stakeholders	**Location**: Yaro Wora Traditional Village, Patiala Bawa Village, Lamboya District, West Sumba Regency, East Nusa Tenggara Province. **Potential development**: Cultural-based tourism village **Number of beneficiaries**: 200 stakeholders
Location: Jawapogo Village, Mauponggo Subdistrict, Nagekeo Regency, NTT **Problems addressed**: High prevalence of stunting and child malnutrition, vulnerable maternal nutritional status, low family nutritional knowledge and practices, and limited capacity of Posyandu cadres **Number of beneficiaries**: 90 stakeholders	**Location**: Lembah Asri Serang Tourism Village, Purbalingga, Central Java **Potential development**: Tourism village with significant potential in the agrotourism and horticulture sectors **Number of beneficiaries**: 55 stakeholders

3. SUPPORT FOR PUBLIC INFRASTRUCTURE

BNI supports the construction and improvement of public infrastructure, particularly roads, as part of the company's commitment to improving the quality of life and promoting equitable development. By 2025, BNI had provided support for road construction and repairs in 26 locations across Indonesia, including the provinces of West Java, Central Java, East Java, and Yogyakarta. Adequate road infrastructure serves as a key link for social and economic activities, facilitating access to basic services, reducing transportation costs, and increasing productivity and distribution of business results. Through this initiative, BNI contributes to strengthening the local economy, reducing disparities between regions, and supporting sustainable community welfare.

4. SUPPORT FOR REDUCING INEQUALITY

Through the BNI Berbagi program, BNI affirms its commitment to supporting the reduction of social inequality through the empowerment of people with disabilities, with a focus on strengthening business capacity, increasing productivity, and economic independence. This effort is part of BNI's ongoing commitment to ensuring that vulnerable groups have equal access to decent and sustainable livelihood opportunities.

In 2025, BNI provided various forms of empowerment support to people with disabilities. One such intervention was the provision of briquette production machinery to the Independent Disabled Community (Komunitas Difabel Mandiri) located in Banjardowo Market, Genuk District, Semarang City. This production facility support is aimed at increasing production capacity and efficiency, while strengthening the sustainability of the community's businesses, which are the primary source of livelihood for its members. Previously, limited equipment hampered production scale and income. With BNI's support, the community is encouraged to increase productivity, expand business opportunities, and sustainably improve the economic well-being of its members and their families.

In addition, BNI also supports the empowerment of women, including women with disabilities, through the BNI Bekasi BUMN House. Since its establishment in 2017, the BNI Bekasi BUMN House has become a development platform for more than 400 MSMEs, through training, business mentoring, and production facility support. One beneficiary is Paini, a disabled woman who runs the culinary business Bumbu Pecel Yuk Ni, who significantly increased her production capacity after receiving production equipment support from BNI.

BNI also collaborates with the Indonesian Ministry of Social Affairs to provide support to 10 MSMEs with disabilities, in the form of business equipment assistance, business development assistance, social media management assistance, and the provision of disability-assisted devices. This program aims to encourage increased business capacity, expand market access, create a more inclusive MSME ecosystem, and strengthen the economic independence of people with disabilities.

ENVIRONMENTAL PILLAR

1. Support For Clean Water And Sanitation

Clean water and sanitation are basic human needs that are crucial for health, quality of life, and community resilience. The impacts of climate change are increasingly eroding the availability of clean water in a number of areas, making access to clean water and adequate sanitation facilities an urgent need for the community.

As a commitment to meeting basic needs and improving the community's quality of life, BNI supports the provision of clean water and sanitation facilities in 78 locations throughout Indonesia. This support aims to increase community access to safe clean water, improve sanitation conditions, and encourage sustainable clean and healthy living behaviors.

2. Support For Cities And Settlements

Places of Worship

BNI supports the strengthening of inclusive cities and settlements by providing and improving places of worship, demonstrating the company's commitment to supporting spiritual life and strengthening the values of togetherness in society. Adequate places of worship not only serve as places for religious activities but also serve as centers for moral development, social interaction, and strengthening tolerance and harmony between religious communities.

By 2025, BNI had distributed assistance to 142 places of worship representing various religions across its operational areas. This support contributes to creating a harmonious, safe, and sustainable community life, while strengthening social cohesion at the community level.

3. Support For The Ecosystem

Waste Management Program

Waste management, particularly household waste and waste in tourist areas, remains an environmental challenge that requires serious attention due to its impact on public health, environmental quality, and the sustainability of tourist destinations.

As a commitment to sustainable environmental management, BNI supports the waste management program by providing 16 garbage trucks in various areas to improve the effectiveness of waste collection and transportation at the community level. In addition, BNI also implements a waste management program in three schools in Bali Province by providing waste shredders, composters, and segregated waste bins, as well as implementing waste recycling education programs complemented by financial literacy.

This support aims to strengthen community-based waste management and education systems, encourage changes in waste management behavior from an early age, and create a clean, healthy, and sustainable environment.

Critical Land Reforestation Program

As part of the implementation of the Environmental Pillar through the BNI GoGreen program, specifically focusing on the Green and Blue Ecosystem, BNI is implementing a Critical Land Reforestation Program as an effort to maintain environmental carrying capacity and strengthen ecosystem resilience in a sustainable manner.

Critical Land Rehabilitation Program in Pangpang Bay, Banyuwangi

To support the preservation of mangrove forests and all their benefits, BNI planted approximately 165,000 mangrove seedlings on a 50-hectare (ha) area in Pangpang Bay, Wringin Putih Village, Banyuwangi. These mangrove seedlings not only improve the marine ecosystem but also provide economic benefits to the village community, most of whom depend on marine resources for their livelihoods. In addition to planting, BNI has been actively caring for the mangrove trees, working with local residents for three years.

Critical Land Rehabilitation Program in Indramayu

BNI also planted 79,000 sea pine seedlings on Tiris Beach, Indramayu, in commemoration of BNI's 79th anniversary. This initiative was designed to support coastal ecosystem conservation by increasing vegetation cover, which plays a role in carbon sequestration, protecting coastal areas from abrasion, and strengthening environmental resilience. This activity involved local communities, students, and BNI employees as a form of collaborative participation in environmental conservation and creating a sustainable positive impact on coastal ecosystems.

Pamekasan Critical Land Reforestation Program

As part of the BNI GoGreen program's Blue Ecosystem focus, BNI restored critical land in Lembung Village, specifically the Lembung Ecotourism area, through mangrove planting on a 10-hectare area and year-long plant maintenance. This activity was carried out in collaboration with the BUMN Bakti Volunteer Program and the Lembung Ecotourism management. It also included community education on the importance of mangrove ecosystems and improvements to supporting facilities, such as a wooden walkway leading to the mangrove forest area. This initiative supports coastal conservation, increasing environmental awareness, and strengthening the potential for sustainable community-based ecotourism.

Tree Planting Program

Throughout 2025, BNI will implement a tree planting program to plant 179,650 trees across Indonesia as part of the company's commitment to supporting environmental conservation and climate change mitigation.

This program aims to increase green cover, improve environmental quality, and strengthen ecosystem function, particularly in areas prone to degradation and impacted by climate change.

Endangered Animal Conservation Program

Although BNI's banking operations do not directly impact environmental sustainability and biodiversity, it remains committed to supporting endangered fauna conservation efforts in Indonesia. Biodiversity conservation plays a vital role in maintaining ecosystem balance and contributing to emissions reduction.

Orangutans, along with many other tropical forest species on the island of Borneo, are now facing extinction. The challenges they face are complex, and the causes of deforestation are numerous. The survival of the Bornean orangutan faces numerous challenges. Its dwindling population threatens the balance of the forest ecosystem. Recognizing this, BNI continues to support orangutan conservation efforts in Indonesia. In collaboration with the Ministry of Environment and Forestry (KLHK), BNI and the Borneo Orangutan Survival Foundation (BOSF) are working together to preserve the Bornean orangutan (Pongo pygmaeus) at the Samboja Lestari Orangutan Rehabilitation Center in Kutai Kartanegara Regency, East Kalimantan. The five-year critical land rehabilitation and maintenance program is expected to support BNI's Net Zero Emission plan.

AWARDS FOR SOCIAL AND ENVIRONMENTAL RESPONSIBILITY PROGRAM IN 2025

During 2025, BNI successfully won several awards for the implementation of the TJSL program as follows:

Name of Award	Date	Organized by
Impact Excellence	October 2025	Investortrust CSR Awards (by Investortrust.id)
Green Warrior Award-ESG Now Awards 2025	October 2025	ESG Now Awards 2025
Platinum Alignment - Top 100 Indonesia 2025	November 2025	2025 La Tofi ESG Rating & Sustainibility Communication Awards 2025 (by La Tofi)
Best Economic in Local Community	November 2025	Indonesia Corporate Sustainability Award 2025 (by Olahkarsa & ACEXI)
Leadership AA – Excellence Leader in ESG Transparency	November 2025	Indonesia ESG Leadership Awards 2025 (by Bumi Global Karbon)
Best Social Impact	December 2025	Investing on Climate Editors Choice Awards 2025 (by Investing on Climate)
Best Innovative Conservation	December 2025	Investing on Climate Editors Choice Awards 2025 (by Investing on Climate)

IMPLEMENTATION OF IMPACT MEASUREMENT OF SOCIAL AND ENVIRONMENTAL RESPONSIBILITY PROGRAMS IN 2025

To measure the social impact and evaluate the effectiveness of the BNI Berbagi Program, the Company calculated the Social Return on Investment (SROI) and Community Satisfaction Index (CSI) for its TJSL programs. In 2025, BNI conducted impact measurements on several programs/projects, namely:

Program Name	SROI* value	SME	
		Value of SMEs	Satisfaction Category
Village Tour Program to Lembah Asri Serang, Purbalingga , Central Java	2.43	87.20%	Good
Village Tour Program To Ponggok , Klaten , Central Java	2.52	82.25%	Good
Ngawi State-Owned Enterprises Housing Program	5.35	92.56%	Very Good

*) For example, an SROI value of 2.43 means that every IDR1 investment spent by BNI generates a social benefit value of IDR2.43 for stakeholders.

Micro and Small Business Funding and Guidance Program

Micro and Small Business Funding Program

The PUMK program is an initiative within BNI's TJSL activities, designed to improve the quality of life in local communities by fostering the growth of micro and small businesses in partnership with the community. This program is implemented in accordance with the Regulation of the Minister of SOEs No. PER-05/MBU/04/2021, dated April 20, 2021, regarding the Social and Environmental Responsibility Program of State-Owned Enterprises, as well as its subsequent amendment, the Regulation of the Minister of SOEs No. PER-6/MBU/09/2022, dated September 15, 2022. Since its inception in 2017, the BNI PUMK program has been overseen by the Business Program Division.

The implementation of the PUMK program seeks to provide micro and small businesses with easy access to capital, while also offering guidance to strengthen their resilience and promote long-term independence. BNI distributes the PUMK Program through soft loans to current fostered partners, with an administration fee of 3% per effective year of the loan limit. The loans are distributed in the following forms:

1. Loans to finance working capital and/or purchase of fixed assets in order to increase production and sales;
2. Special loans to finance the funding needs for implementing fostered partner business activities which are additional and short-term loans in order to fulfill orders from fostered partner business partners;

3. Development Expenses:
   a. To finance education, training, internships, marketing, promotions, and other matters relating to increasing the productivity of fostered partners as well as for studies/ research related to the Small and Micro Business Funding Program (PUMK);
   b. Development expenses are in the form of grants and the maximum amount is 20% of the Partnership Program funds distributed in the current year;
   c. Development Expenses can only be given to or for the benefit of fostered partners

Based on the Letter of the Minister of State-Owned Enterprises No. S-721/MBU/11/2022 dated November 10, 2022, there are directions related to the optimization of PUMK funds, namely the appointment of PT Bank Rakyat Indonesia (Persero) Tbk (BRI) as the manager of the PUMK Program Cooperation. On this basis, BNI has signed a cooperation agreement with BRI as the manager of the PUMK Program Cooperation, namely Cooperation Agreement No. B.21/MBD/12/2022 and No. SBP/1/018 dated December 13, 2022, with a term of 5 (five) years from 2022 to 2027. In accordance with the direction of the Minister of State-Owned Enterprises, the distribution of PUMK will be focused on BRI as the manager of the PUMK Program Cooperation.

Micro and Small Business Guidance Program

BNI's fostered partners are micro and small business owners who lack technical familiarity with banking due to limited access to loans. These businesses operate across various formal and informal sectors, playing a crucial role in the real economy. It has been proven that the micro and small business segments are more resilient to economic crises. BNI aims to help these fostered partners enhance their business activities, capital, entrepreneurial mindset, access to banking services, business administration, product quality, and market reach.

BNI consistently provides guidance to its fostered partners, who are micro and small business owners, to help them improve their business governance and achieve better operational standards. By doing so, these partners are expected to become key drivers of economic growth in their local communities.

Based on the Regulation of the Minister of SOEs No. PER-05/MBU/04/2021 dated April 20, 2021 concerning the Social and Environmental Responsibility Program of State-Owned Enterprises, and its amendments, namely the Regulation of the Minister of SOEs No. PER-6/MBU/09/2022 dated September 15, 2022, the fostering fund for fostered partners is part of theTJSL fund distribution program that is being implemented. The distribution of this fostering fund is directed to increase the capacity of fostered partners.

Information on The Financial Report of The Micro and Small Business Funding Program (PUMK)

In accordance with Article 33, Paragraph 2 of the Regulation of the Minister of State-Owned Enterprises of the Republic of Indonesia No. Per-1/MBU/03/2023 concerning Special Assignments and the Social and Environmental Responsibility Program, the annual financial report of the UMK Funding Program must undergo an audit by a public accounting firm. For the fiscal year ending December 31, 2025, the audit of the PUMK Program Financial Report was conducted by the Public Accounting Firm Rintis, Jumadi, Rianto & Partner (formerly KAPTanudiredja, Wibisana, Rintis & Partner and a member firm of the Price water house Coopers network).

IMPLEMENTATION OF SROI FOR BNI BERBAGI PROGRAM

To assess the social impact and evaluate the implementation of the BNI BERBAGI Program, BNI has calculated the Social Return on Investment (SROI) for its TJSL Program. In 2024, BNI measured the impact of various programs and projects, including:

1. Borehole in Gunung Kidul (DIY), Score 3.54
2. BUMN House Bekasi (West Java), Score 2.62
3. Waste Management Program in Bogor (West Java), Score 2.20

Special Assignment

As SOE, BNI may receive Special Assignments from the Central Government to carry out public benefit functions as well as national research and innovation, in line with the Regulation of the Minister of SOE of the Republic of Indonesia No. PER-1/MBU/03/2023 dated March 3, 2023 concerning Special Assignments and Social and Environmental Responsibility Programs of State-Owned Enterprises.

BANKING SERVICES (FINANCING, TRANSACTIONS, AND AGENCIES) IN THE COFFEE PLANTATION ECOSYSTEM IN THE PMO KOPI NUSANTARA ECOSYSTEM

Indonesia ranks as the world's fourth largest coffee producing country. The potential for Indonesia to become a leading global coffee producer remains highly promising; however, it is challenged by several factors, including relatively low productivity, suboptimal processing quality, limited value added, and inefficient land utilization.

In response to these challenges, BNI introduced Jejak Kopi Khatulistiwa (BNI JKK), a social forestry development initiative focused on empowering local communities by establishing a green financing ecosystem for farmers and stakeholders within the coffee sector. BNI JKK builds a closed loop financial ecosystem that involves all stakeholders across the coffee value chain through three main stages, namely:

1. Digitalization of on-farm, off-farm and online market processes to realize UMKM Go Digital;
2. On-farm and off-farm coaching so that an environmentally friendly process occurs to realize Go ESG;
3. Grading to connect with the international market to realize UMKM Go Global, an assessment of coffee specifications is carried out including aroma, flavor, after taste, acidity and other characteristics with the following results:
   a. Garut Regency: Final Score 84,25 (Excellent)
   b. Rejang Lebong Regency: Final Score 81,5 (Excellent)
   c. Temanggung Regency: Final Score 84,13 (Excellent)
   d. Jember Regency: Final Score 78,5 (Very Good)

BNI Jejak Kopi Khatulistiwa has been running in 5 locations, namely Garut Regency (West Java Province), Rejang Lebong Regency (Bengkulu Province), Temanggung Regency (Central Java Province), Jember Regency (East Java Province) and Humbang Hasundutan Regency (North Sumatra Province).

Referring to the letter DPS/X/1566/2023 dated May 23, 2023, BNI is part of the Nusantara Coffee PMO together with SOE and related stakeholders in the Nusantara coffee & cocoa commodities. This program is an extension of the Social Forestry Program initiated by BNI since 2017. The Jejak Kopi Khatulistiwa program is considered aligned with environmental aspects, the proper use of forest land, financial inclusion, and through its coffee products and unique flavors, it has the potential to open up opportunities for MSMEs to go global. Through the synergy of this program, BNI aims to increase coffee productivity, which in turn will have an impact on the welfare of the stakeholders in Indonesia's coffee ecosystem.

By the end of 2025, the total distribution of People's Business Credit (KUR) in the Jejak Kopi Khatulistiwa program is IDR52.1 billion for 379 farmers. The distribution of Jejak Kopi Khatulistiwa KUR is part of BNI's Social Forestry KUR acquisition.

FINANCING FOR MSMES THROUGH LOW-INTEREST LOANS

In collaboration with the Indonesian government, BNI distributes People's Business Credit (KUR) to support the growth of MSMEs. For the 2025 fiscal year, BNI aims to allocate IDR11.79 trillion for KUR distribution, as outlined in the Letter from the Coordinating Ministry for Economic Affairs of the Republic of Indonesia No. B/KUR/282/D.I.M.EKON/12/2025 dated December 12, 2025.

To optimize the absorption of the National KUR ceiling and ensure the achievement of BNI's KUR distribution targets, it was determined that BNI's KUR distribution target for 2025 would be IDR11.79 trillion, as confirmed by the Letter from the Coordinating Ministry for Economic Affairs of the Republic of Indonesia No. B/ PK.KUR/282/D.I.M.EKON/09/2023 dated December 12, 2025.

The goal of KUR distribution is to assist small entrepreneurs by providing access to capital and fostering business development. By the end of 2025, BNI has provided KUR financing totalling IDR11.70 trillion, achieving 99.25% of the contribution target set by the Indonesian Government.

Distribution of KUR per Type of KUR as of December 31, 2025

Type of KUR	Number of Debtors	Maximum Credit (IDR Billion)	Target (IDR Billion)	Achievements (%)
Supermicro	18	0.18	5	3.50
Micro	6,634	534.11	535	99.83
Small	43,672	11,111.26	11,150	99.65
PMI	1,630	45.41	50	90.82
Specific	29	10.97	50	21.93
Total	**51,983**	**11,701.92**	**11,790**	**99.25**

KUR Distribution Based on Economic Sector as of December 31, 2024

Economic Sector	Number of Debtors	Maximum Credit (IDR Billion)
Manufacturing Industry	2,774	621.67
Services	8,749	1,847.89
Trade	32,440	7,528.15
Fisheries	322	69.89
Agriculture	7,698	1,634.33
Total	**51,983**	**11,701.92**

HOUSING PROGRAM CREDIT DISTRIBUTION

BNI supports the policy of the Government of the Republic of Indonesia through the distribution of Housing Program Credit (Kredit Program Perumahan or KPP) as part of the implementation of priority programs in the housing sector. In 2025, BNI was assigned a KPP distribution target of IDR500 billion on the supply side and IDR210 billion on the demand side, in accordance with the Letter of the Coordinating Ministry for Economic Affairs of the Republic of Indonesia No. B/PK.KUR/277/D.I.M.EKON/12/2025.

As of the end of 2025, BNI had disbursed KPP financing on the supply side amounting to Rp498.55 billion, achieving 99.71 percent of the assigned target, and on the demand side amounting to IDR209.83 billion, achieving 99.82 percent of the established target.

LABOR INTENSIVE INDUSTRY CREDIT DISTRIBUTION

BNI supports the policy of the Government of the Republic of Indonesia through the distribution of Labor Intensive Industry Credit (Kredit Industri Padat Karya or KIPK) as part of a financing program to enhance competitiveness, productivity, and business expansion in industrial sectors that absorb a large workforce. KIPK is distributed in the form of investment credit and working capital loans with subsidized interest rates.

For 2025, BNI was allocated a KIPK distribution target of IDR300 billion, in accordance with the Letter of the Coordinating Ministry for Economic Affairs of the Republic of Indonesia No. B/PK.PL/97/D.I.M.EKON/07/2025. As of the end of 2025, BNI had disbursed KIPK financing amounting to IDR5.53 billion, achieving a contribution level of 5.5 percent of the established target.

AGRICULTURAL MACHINERY AND EQUIPMENT BUSINESS CREDIT DISTRIBUTION

BNI supports the policy of the Government of the Republic of Indonesia through the distribution of Agricultural Machinery and Equipment Business Credit as part of efforts to enhance productivity and efficiency in the agricultural sector and to support the modernization of national agriculture. In 2025, BNI was allocated an Alsintan Credit distribution target of IDR25 billion.

As of the end of 2025, BNI had disbursed Alsintan financing amounting to IDR4.7 billion, achieving 18.96 percent of the established target.

MSME ACCELERATION WORKING GROUP

Based on the Decree of the Director General of Strengthening the Competitiveness of Marine and Fishery Products Number 51 of 2024 concerning the Working Group for Acceleration of Empowerment of Micro, Small, and Medium Enterprises (MSME) in the Marine and Fishery Sector, the establishment of the MSME Acceleration Working Group aims to expand access and increase the effectiveness of program credit distribution in the marine and fishery sector.

COFFEE AND COCOA COMMODITY BUSINESS DEVELOPMENT TEAM

Under the Decree of the Minister of State-Owned Enterprises (SOEs) Number SK-272/MBU/11/2024, a Coffee and Cocoa Commodity Business Development Team has been established with a mission is to foster an inclusive and sustainable coffee and cocoa commodity business by facilitating collaboration among various stakeholders in the supply chain. This collaborative effort aims to secure support for implementing advanced technologies to enhance productivity, availability, and quality within the sector.

KPR GRIYA FLPP (SUBSIDIZED MORTGAGE)

As part of its support for the national housing financing program, BNI has established cooperation with the Ministry of Public Housing of the Republic of Indonesia, as stipulated in a Memorandum of Understanding and an Operational Cooperation Agreement signed on October 25, 2010. This cooperation serves as the basis for the distribution of the Housing Financing Liquidity Facility (FLPP), under which BNI is mandated to channel Home Ownership Loans to Low Income Communities (MBR). Government funding support under the FLPP scheme is realized through the BNI Griya FLPP mortgage product, reflecting BNI's commitment to expanding access to affordable and sustainable home ownership.

BNI Griya FLPP represents a tangible manifestation of BNI's commitment to supporting government programs in providing housing financing for Low Income Communities (MBR). As of the end of 2025, BNI had realized the disbursement of BNI Griya FLPP financing amounting to IDR13,490 billion. In order to encourage broader financing distribution and ensure the achievement of targets by the end of 2025, BNI implemented several development strategies for BNI Griya FLPP, including the following:

1. To promote the absorption of BNI Griya FLPP, BNI cooperates with developer associations and subsidized housing developers, and conducts outreach activities in various regions by involving both external and internal stakeholders.
2. BNI optimizes the marketing of FLPP to payroll customers who meet the criteria for FLPP debtors.
3. BNI provides appreciation or rewards to subsidized housing developers as well as Payroll Customer Persons in Charge.
4. BNI offers fee relief or discounts on FLPP mortgage costs, including provision and administrative fees.

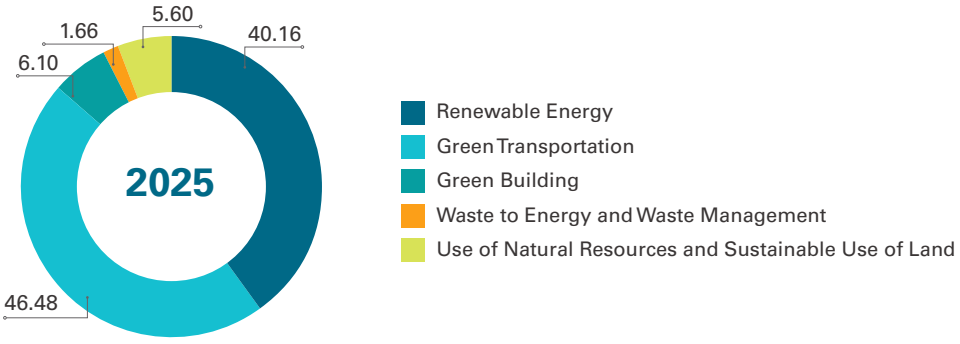
Progress in BNI's ESG Implementation 2025



ENVIRONMENTAL ASPECTS

a. Financing:

1. BNI's green financing distribution (KUBL) reached IDR78.0 trillion, or 8.8% of total credit (bank only), a growth of 6.3% (YoY).
2. Sustainability Linked Loans (SLL) distribution reached IDR6.6 trillion.
3. BNI has allocated 100% of the proceeds from its Environmentally Conscious Bonds issued in 2022. The funds were allocated to green projects that meet the eligibility criteria for financing and have been validated by an Environmental Expert through a Second Party Opinion (SPO). This opinion confirms the positive environmental contributions of these projects. The allocation details for these green bonds are as follows:

Portion of Allocation

(%)

The following are impacts Green Bonds distribution:

Environmental and Social Impacts

Renewable Energy	1,626,666	(tCO_2eq/year) Avoided GHG Emission per year	
	1,771,833	(MWh/year) Energy produced per year	
Sustainable Transportation	23,741	(tCO_2eq/year) Avoided GHG Emission per year	
	341,019	Gj Energy saving per year	
Green Buildings	7,869	(tCO_2eq/year) Avoided GHG Emission per year	
Waste to Energy and Waste Management	249,976	(tCO_2eq/year) Avoided GHG Emission per year	
	1,543,090	(Tonne/year) Total waste recycled	
Sustainable Natural Resources & Land Use	626,342	(tCO_2eq/year) Avoided GHG Emission per year	
	55,899	(Trees) Total trees planted in reforestation projects	
	314,387	(Ha) Total hectares protected and/or certified	

Further details on the projects financed through BNI Green Bonds and their reported environmental impacts are available in the BNI Green Bond Report 2025. This report can be accessed on the BNI website under the Environment, Social, and Governance (ESG) https://www.bni.co.id/en-us/company/bniesg.

4. Issuance of Sustainable Bonds Phase I of 2025 with a value of IDR5 trillion as part of a Sustainable Public Offering (PUB) with a target fund of up to IDR15 trillion.
5. Determination of the NZE Financing Roadmap for 2060.
6. Calculation of financing emissions using the PCAF methodology for credit portfolios in the Corporate, Enterprise, Commercial, and Small Medium Enterprise (SME) segments.
7. Implementation of the Indonesian Sustainable FinanceTaxonomy (TKBI) version 2, in accordance with OJK directives, in four main sectors: Energy, Construction & Real Estate (CRE), Transportation & Storage (T&S), and parts of Agriculture, Forestry, and Other Land Uses (AFOLU), specifically the forestry and oil palm plantation sectors. The implementation of TKBI version 2 comes with Technical Assistant for borrowers in these four sectors.
8. Launch of the first Advisory Playbook for the palm oil sector in Indonesia that offers guidance for borrowers on the sustainability transition.
9. Calculation of the Climate Risk Stress Test (CRST) covering 100% of BNI's portfolio. By 2025, BNI's CRST has covered its entire credit portfolio. The stress test was conducted in accordance with the CRMS guidelines issued by the Financial Services Authority (OJK), which had adopted the Network for Greening the Financial System (NGFS) scenario. Transition risk analysis was conducted over three time horizons: short-term (2025, 2026, 2027), medium-term (until 2030), and long-term (until 2050). The stress test covered credit, market, operational, and liquidity risks. Meanwhile, physical risk analysis was conducted through stress tests on productive loans in the agriculture, forestry, and fisheries sectors under a forest fire scenario, and on property loans under a flood scenario over a one-year time horizon.
10. Strengthening the Risk Acceptance Criteria (RAC) for 23 industrial sectors for the Corporate and Enterprise segments, 18 industrial sectors for the Commercial segment, and 10 industrial sectors for the Small and Medium Enterprise (SME) segment, with ESG aspects.
11. Supporting Energy Transition and Eco Friendly Transportation Projects:
    a. Financing for the IDR5.4 trillion 4 x 87.5 Megawatt (MW) hydroelectric power plants (PLTA) in Kerinci, Jambi.
    b. Financing for the IDR3.6 trillion Jakarta-Bogor-Depok-Bekasi Integrated Rail Transit (LRT) mass transportation system.
    c. Financing for the IDR1.5 trillion a 515 Megawatt (MW) hydroelectric power plant in Poso, Central Sulawesi.
    d. Financing for the IDR1.0 trillion renewable energy power plant, a Wind Power Plant (PLTB) with a capacity of 75 Megawatt peak (MWp), in Sidrap, South Sulawesi.
    e. Financing for the IDR184 billion renewable energy power plant, a Solar Power Plant (PLTS) with a capacity of 25 Megawatt (MW), in Karangasem, Bali.

b. Operations:

1. Establishment of the 2028 Operational NZE Roadmap.
2. Development of an Emissions Management Platform to Automate Real-Time Operational Emission Calculations.
3. Carbon Emission Calculations Cover Scope 1, Scope 2, and Scope 3 (Operational).
4. Two BNI Headquarters Buildings have received Green Building Certification: Menara Pejompongan BNI with Gold Certification and Plaza BNI with Platinum Certification.
5. Installation of 2,200-watt solar panels for lighting at emergency stairs at Plaza BNI, BSD.
6. Electricity efficiency through reduced lighting usage at Grha BNI, Plaza BNI, Gedoeng BNI, and Menara BNI.
7. BNI became the first bank in Indonesia to utilize the Investor-Own-Investor-Operate (IO2) Partnership Public Electric Vehicle Charging Station (SPKLU) cooperation scheme from PLN.
8. Implementation of BNI Waste Management with a Zero Waste to Landfill Concept in five BNI Headquarter buildings. This program will be gradually expanded to Regional and Branch Offices in 2026, starting with pilot activities at the Bandung Regional Office.
9. Development of waste management for electronic waste, which would initially be implemented at the Head Office.

c. Supply Chain

As a manifestation of its commitment to the environment and responsible business practices, BNI ensures that every vendor/supplier it collaborates with has committed to environmental concerns. In the evaluation process for potential new suppliers, BNI applies environmentally-based criteria that include compliance with environmental permits, the

company's location adjacent to protected areas, and the management of greenhouse gas (GHG) emissions and waste.

SOCIAL ASPECTS

a. Human Resources (HR):

1. The Employee Engagement Score (EES) indicates that BNI's employee satisfaction level reached 35% in 2025. This employee engagement score fell under "Good," category. indicating employee engagement with BNI.
2. Development and Approval of the Respectful Workplace Policy.

b. Access to Finance:

1. BNI had 217,013 BNI Agen46, with 28,177 agents, or approximately 13%, located in underdeveloped, frontier, and outermost (3T) areas.
2. The Ayo Menabung dengan Sampah Program.
3. MSME empowerment programs through the BNI Environmentally Friendly MSME (BUMI) program, Jejak Kopi Khatulistiwa (JKK), the Fishery Cultivation Village, and others.

c. Privacy & Data Security

1. BNI had a CISO Division tasked with safeguarding information and enhancing cybersecurity, integrating people through training programs, processes through policy development, and technology aspects.
2. BNI has a Supporting Staff Group (SSG) that supports the coordination, monitoring, and consolidation of the implementation of privacy, cybersecurity, and data protection policies across all BNI work units, as well as committees supporting cybersecurity, such as the Risk Management Committee, the Technology Management Committee, and the Personal Data Protection Steering Committee.
3. Implementation of a Data Loss Prevention (DLP) mechanism as perimeter security to prevent credential theft and unauthorized access to confidential information.
4. Implementation of Threat Hunting through the identification of suspicious activities, cyberattacks, and the takedown of fake websites impersonating BNI.
5. BNI operates a Fraud Detection System (FDS) that monitors suspicious transactions on debit cards, credit cards, and other e-channels.
6. Adopting international security frameworks and standards, such as ISO 27001 and the National Institute of Standards andTechnology (NIST), BNI's foundation for ensuring the continuity of secure digital banking services for customers.
7. BNI has established a personal data protection management framework in accordance with Law No. 27 of 2022 concerning Personal Data Protection, POJK No. 22 of 2023 concerning Consumer and Community Protection in the Financial Services Sector, and PBI No. 3 of 2023 concerning Bank Indonesia Consumer Protection.
8. Implementing a masking process for sensitive data to protect customer privacy. BNI uses encryption technology to protect internal and customer data, both stored and transmitted, to maintain the confidentiality of information from unauthorized parties.
9. BNI conducts regular security audits to assess the effectiveness of its information security system controls.
10. BNI implements Endpoint Detection and Response (EDR) to monitor endpoint activity in real time and respond quickly to security incidents and potential threats.
11. Network Access Control (NAC) is implemented to strengthen network access control and management, prevent unauthorized access, and ensure connected devices meet BNI security standards.
12. Every new product, application, or service development at BNI has gone through a Software Development Life Cycle (SDLC) process that encompasses comprehensive security controls, including risk assessments, design reviews, code reviews, configuration reviews, and penetration testing.
13. BNI regularly conducts security assessments to identify potential application gaps or vulnerabilities through Penetration Testing, Vulnerability Assessment, and Application Security Testing, including Static Application Security Testing (SAST) and Dynamic Application Security Testing (DAST).
14. BNI requires a Non-Disclosure Agreement (NDA) for third parties in any collaboration involving customer data, and only transfers customer data with the customer's consent.

15. Implementing regular security awareness sessions to educate employees and customers about the importance of maintaining the confidentiality and security of personal data.
16. BNI operates a Security Operation Center (SOC) that conducts 24/7 security monitoring.

d. Consumer Financial Protection

1. The Customer Satisfaction Survey (CSS) score in 2025 was 4.43 (on a scale of 1 to 5).
2. The customer complaint resolution rate in 2025 was 99.9%, with a total of 768,989 complaints resolved.
3. Providing training on consumer financial protection.

e. Supply Chain

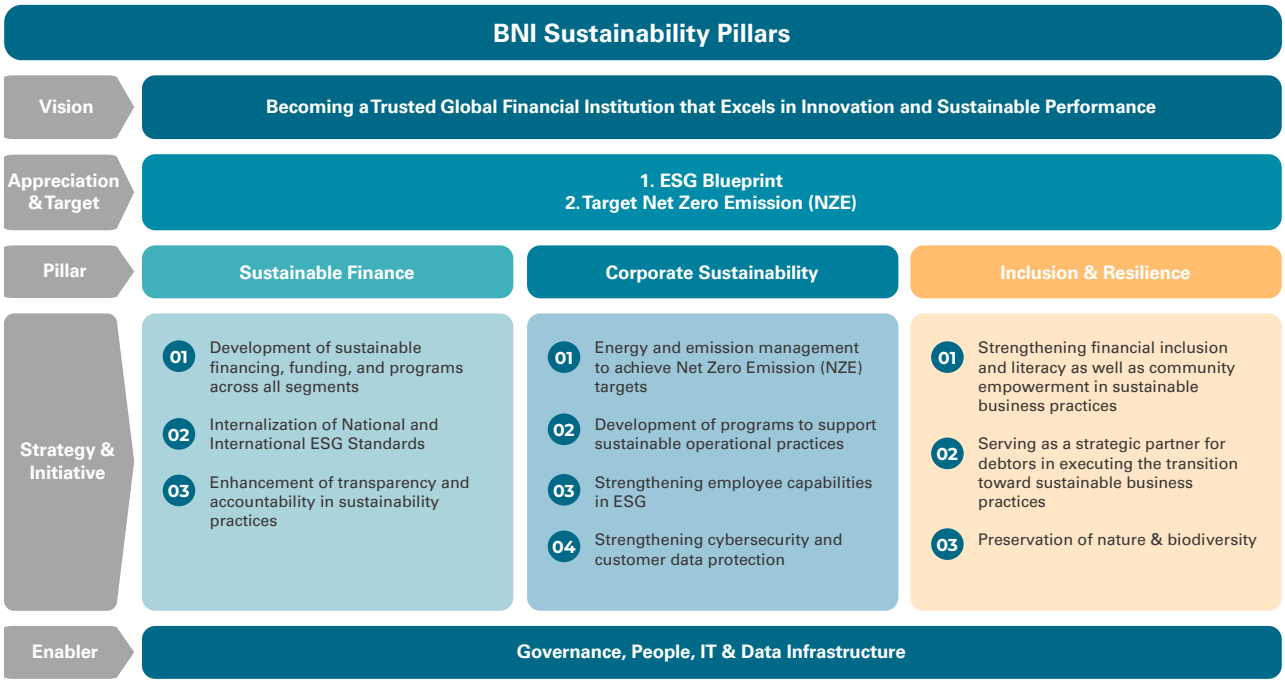
As part of its serious commitment to social and responsible business practices, BNI ensures that vendors/suppliers are committed to social aspects when evaluating potential new suppliers using social criteria, including information on the absence of child labor, forced labor, freedom from racial and intergroup discrimination, and equality in employee promotion and remuneration.

BNI ensures that its data security management system encompasses the protection of supplier and business partner data, including individual personal data, corporate data, and transaction data through an e-procurement system equipped with information technology security. Personal data protection is also applied to suppliers or partners who hold accounts with BNI in accordance with applicable regulations.

GOVERNANCE ASPECTS

1. BNI has an ESG Subcommittee under the Risk Management & Anti-Fraud Committee, comprised of all members of the Board of Directors and chaired by the Deputy President Director. ESG aspects are overseen by the Board of Commissioners.
2. BNI has a dedicated work unit, the Environment, Social & Governance (ESG) Division operating under the oversight of the Deputy President Director.
3. BNI ESG Policy:
   a. The ESG sustainability pillar, which is an extension of the ESG framework by integrating the Sustainable Development Goals and BNI's five pillars of sustainability.
   b. The BNI ESG Roadmap, which is a long-term work plan (more than 10 years) for implementing sustainability practices at BNI. This ESG Roadmap will be developed into an ESG blueprint with a more comprehensive scope.
   c. As many as 26,143 BNI employees have participated in the sustainable finance competency development program, which is included in the Sustainable Finance Action Plan (RAKB).
   d. Determination of the strategy to achieve Net Zero Emissions operations by 2028.
   e. Technical Guidelines for Emissions Data.
   f. Technical Guidelines for Environmentally Conscious Business Activities (KUBL).
   g. SOP for Sustainability Linked Loans (SLL).
   h. SOP for Solid Waste Management for Head Office and Regional Offices.
4. The Board of Directors has established KPIs for ESG performance, which are distributed to Work Units (Green Loans and ESG Ratings).

For more complete information on sustainable finance, please see BNI's 2025 Sustainability Report.



Commitment to Implementing ESG

ELEVATING IMPACT, EMPOWERING SUSTAINABILITY

BNI prioritizes the implementation of sustainability principles encompassing Environment, Social, and Governance (ESG) aspects across all areas of its business. This commitment has been further realized through measurable efforts to fulfill the achievement of the Sustainable Development Goals (SDGs). BNI believes that sustainability must deliver a positive impact for all stakeholders while simultaneously leaving a beneficial legacy for future generations. As a business entity primarily owned by the state, BNI continues to move forward as a leading agent of transformation.

BNI ESG PILLARS & ROADMAP

In 2025, BNI adjusted its ESG Framework into the BNI Sustainability Pillars. The BNI Sustainability Pillars are built upon three main focuses: Sustainable Finance, Corporate Sustainability, and Inclusion & Resilience, which encompass the management of economic, social, and environmental risks, including climate change risks. These Sustainability Pillars are the result of formulating the essence of BNI's five sustainability pillars and illustrate BNI's three primary focuses in sustainability management.

Three Main Focuses of BNI's ESG Pillars include:

1. **Sustainable Finance**: How BNI internalizes ESG aspects into its business processes, including credit, funding, and services.
2. **Corporate Sustainability**: How BNI internalizes ESG aspects into all of its operations. This strategy includes the implementation of sustainability practices in daily activities and the bank's internal governance. From an environmental perspective, the bank manages its operational carbon footprint through energy efficiency, process digitalization, waste management, and the responsible use of resources.
3. **Inclusion & Resilience:** Emphasizing BNI's role in supporting a just economic transition through the preparation of an ESG Advisory Playbook for debtors in high-emission sectors, and the alignment of CSR programs to support the achievement of the SDGs. These three pillars form an integrated strategic framework in strengthening BNI's contribution to a sustainable economy and long-term resilience.

Short-Term Focus (2024):	Medium-Term Focus (2025-2026):	Long-Term Focus (≥2027):
• Strengthening infrastructure • Setting NZE and Carbon Budget	• Strengthening Risk Acceptance Criteria (RAC) for debtors • Strengthening climate change risk management infrastructure • Strengthening the Board's involvement in LST • Optimizing data loss prevention	Implementation of climate change risk management in bank operations

TARGET NET ZERO EMISSION (NZE) BNI

BNI is committed to achieving Net Zero Emission (NZE) Operations by 2028 and NZE Financing by 2060. The strategies implemented to achieve these targets are as follows:

1. Sustainable product development, such as:
   a. Launching Sustainability Linked Loans to encourage debtors to implement ESG and have a transition map towards green.
   b. Distribution of Green Bonds for Green Projects currently being carried out in 5 sectors, namely Renewable Energy, Environmentally Friendly Transportation, Environmentally Friendly Buildings, Waste Management into Energy and Waste Management, and Sustainable Use of Natural Resources and Land Use.
   c. Issuance of a five trillion Phase I Sustainability Bond of 2025 as part of a Shelf-Registered Public Offering (PUB) with a target fund of up to Rp15 trillion. Further information regarding BNI's Sustainability Bond can be accessed in the BNI 2025 Sustainability Report.
   d. Development of financing schemes to support and develop environmentally oriented MSME ecosystems, such as the Equator Coffee Trail - Social Forestry and the BNI Environmentally Friendly MSME (BUMI) program.
   e. Financing in the energy transition sector to encourage the transition to clean energy.
   f. Collaborating with strategic partners to issue sustainability products for individuals, such as issuing environmentally friendly credit cards in collaboration with WWF and issuing credit cards with recyclable raw materials in collaboration with AMEX.
   g. Optimizing the savings program with waste to increase student awareness in managing plastic waste.

2. Energy Efficiency
   a. Use of energy-saving technology.
   b. Arrangement and optimization of the use of AC and lights in office buildings.
   c. Use of renewable energy in the BNI Plaza Building.
   d. Having a green building certified building, namely BNI Plaza Building and BNI Tower.
   e. Optimization of online media for meetings.
   f. Development of digitalization in BNI's operations and services.

3. Implementation of Net Zero Emission in Subsidiaries
   BNI recognizes that the achievement of Net Zero Emissions must be implemented across the entire business group. To this end, in 2025, BNI will align its Net Zero Emission efforts with those of its subsidiaries. This initiative began by mandating subsidiaries to conduct emission inventories and calculate Scope 1 and 2 emissions. These steps are also in preparation for the upcoming implementation of IFRS S1 & S2 in Indonesia.

4. Increasing Engagement and Awareness with Debtors and Customers for the Green Transition
   a. BNI is the first bank in Indonesia to issue an Advisory Playbook for the palm oil plantation sector. Subsequently, BNI is developing these Advisory Playbooks for 5 other high-emission sectors. These Advisory Playbooks serve as comprehensive guides to assist debtors in undergoing a green transition that is well-directed, measurable, and in accordance with global standards.
   b. BNI also conducts TKBI (Indonesian Green Taxonomy) Technical Assistance Workshops for debtors in the energy, AFOLU (Agriculture, Forestry, and Other Land Use), construction & real estate, and transport & logistics sectors. These focus on providing assistance to debtors' PICs in completing TKBI questionnaires as a form of refreshment regarding the TKBI framework. The goal is to enhance the understanding of debtors' PICs concerning the concepts and objectives of TKBI, provide technical guidance for accurate questionnaire completion, and provide an interactive forum for discussion, Q&A, and the resolution of technical constraints faced by debtors' PICs.
   c. BNI organizes BEST Events specifically for high-emission sectors such as energy, palm oil plantations, mining, and others. This forum is intended as an educational and experience-sharing platform to encourage debtors to develop transition roadmaps aligned with government policies and Indonesia's NZE targets.

5. Waste management
   In its waste management practices, BNI adopts the Zero-Waste to Landfill (ZWTL) concept, utilizing the 3R method (Reduce, Reuse, & Recycle). This approach reflects BNI's commitment to reducing operational emissions and optimizing its recycling program for waste generated by BNI buildings. Additionally, it aims to minimize and eventually eliminate direct waste disposal to the Final Disposal Site (TPA). Currently, waste management practices have been implemented at five BNI Head Office locations: Grha BNI, Menara BNI Pejompongan, Gedoeng BNI Kota, Plaza BNI BSD and DC Slipi.

   The expansion of program implementation to Regional Offices and Branch Offices is planned gradually in line with the results of the implementation evaluation. The first phase of expansion was setting Standard Operating Procedures (SOP) for Solid Waste Management at Regional and Branch Offices through cooperation with Waste Banks, MSMEs, or waste management vendors.

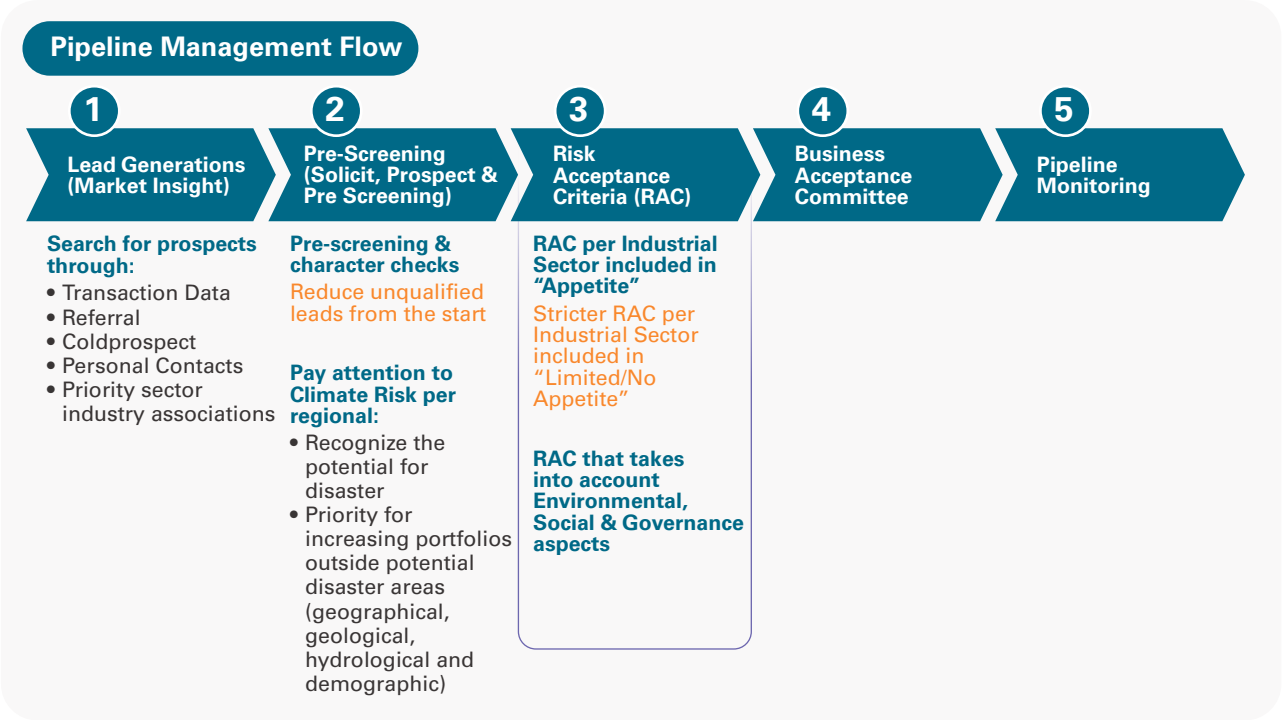
BNI ESG Risk Management

The Bank implements integrated Environmental, Social, and Governance (ESG) risk management as part of its comprehensive risk management framework to support business sustainability and long-term resilience. ESG risk management includes the identification, measurement, monitoring, and control of risks that could potentially affect the Bank's financial performance, reputation, and compliance, including climate risks that are becoming increasingly material as the impact of climate change on the financial sector grows.

The identification and measurement of ESG risks are conducted, in part, through the implementation of the Climate Risk Stress Test (CRST). BNI has conducted the CRST on 100% of its loan portfolio by referring to the Climate Risk Management System (CRMS) issued by the OJK, which adopts the Network for Greening the Financial System (NGFS) scenarios. Through the CRST, BNI can identify the potential impact of climate risks on debtor performance, including decreased cash flow, increased probability of default, and the implications for asset quality.

In the CRST, transition risk analysis is conducted across three time horizons: short-term (2025, 2026, 2027), medium-term (up to 2030), and long-term (up to 2050). The stress test covers credit, market, operational, and liquidity risks. Meanwhile, physical risk analysis is conducted through stress tests on productive loans in the agriculture, forestry, and fisheries sectors under forest fire scenarios, as well as on property ownership loans under flood scenarios within a one-year horizon.

At the control stage, the Bank implements ESG risk mitigation measures integrated into policies, procedures, and business processes. Control is exercised through the application of ESG due diligence in the financing process, the determination of sustainability requirements and clauses, exposure limits on high-risk sectors, and the strengthening of coordination between the risk management function and business units.



ESG risk management in credit is implemented throughout the end-to-end credit process. This process begins with the determination and evaluation of Risk Acceptance Criteria (RAC), which cover climate change mitigation and adaptation, Human Rights, and Occupational Health and Safety (OHS/K3) as part of pipeline management. Furthermore, the results of the risk analysis and mitigation of ESG aspects serve as the basis for determining credit terms and conditions, followed by continuous credit monitoring, including the fulfillment and realization of required ESG aspects. Additionally, ESG risk management is also conducted through financing exposure arrangements by applying Loan Exposure Limits (LEL), particularly for high-emission sectors. This policy serves as an anticipatory measure and a means to manage potential credit concentration risks.

ESG risk monitoring is performed through periodic evaluations of the financing portfolio, including monitoring debtor performance in sectors with high ESG risk levels. Any indication of an ESG violation will undergo further evaluation to assess the cause, materiality level, and potential impact on credit quality and the bank's risk exposure.

Based on these monitoring results, BNI can implement proportional corrective actions, ranging from providing improvement deadlines, adjusting financing terms, temporary suspension of credit facilities, and postponement of new financing processes, to requests for loan repayment. This mechanism ensures that ESG risks are managed systematically, documented, and aligned with credit policies, prevailing regulations, and good governance principles.

PIPELINE MANAGEMENT CONSIDERING ESG

BNI's Risk Management Flow can be explained through the following chart:

PIPELINE MANAGEMENT MECHANISM THAT CONSIDERS LST ASPECTS

1. The initial screening process focuses on identifying potential prospects that meet BNI's sustainability criteria, such as climate risks and the likelihood of natural disasters in specific regions. Additionally, this process ensures that businesses are not involved in activities prohibited by the government, including violations of local community rights, forced labor, child exploitation, human rights abuses, and other regulatory breaches.
2. Moreover, BNI aims to select businesses operating in sectors that have embraced sustainable financial principles or have prioritized ESG factors in their operations, even though this implementation is still a work in progress and being gradually improved. Based on these factors, BNI classifies industrial sectors into three categories: Appetite, Limited Appetite, and No Appetite.
3. In an effort to support pipeline management, BNI has strengthened the Risk Acceptance Criteria (RAC) to 23 (twenty-three) industrial sectors for the corporate segment, 18 (eighteen) industrial sectors for the commercial segment and 10 (ten) industrial sectors for the retail productive segment.
4. The credit committee will analyze the debtor/potential debtor, including all risks and risk mitigation, before deciding to approve or reject credit, including issues related to LST. The Credit Committee is structured in a hierarchical manner according to the authority to make decisions, up to the Board of Directors.
5. Pipeline Monitoring:
   Periodically, the Business Unit will monitor through a watchlist system and assess the debtor's rating. If violations of the LST aspects are found, BNI will verify with the relevant parties and can adjust the debtor's rating if it is proven that the debtor does not meet the established LST aspects. In the event that evidence of a violation is found, BNI may implement proportional corrective actions, ranging from providing improvement deadlines, adjusting financing terms, temporary suspension of credit facilities, and postponement of new financing processes, to requests for loan repayment. This mechanism ensures that ESG risks are managed systematically, documented, and aligned with credit policies, prevailing regulations, and good governance principles.

IMPROVEMENTS IN ESG RISK MANAGEMENT

In 2025, BNI continued to make improvements and refinements to Risk Management regarding ESG aspects, including:

a. BNI has identified high-emission sectors within the credit portfolios of the Corporate, Enterprise, Commercial, and Small Medium Enterprise segments. For these high-emission sectors, BNI manages the portfolio through Loan Exposure Limits (LEL) in each respective industry.
b. Strengthening the Risk Acceptance Criteria to cover 23 sectors for the Corporate & Enterprise segment, 18 sectors for the Commercial segment, and 10 sectors for the Small Medium Enterprise (SME).
c. Strengthening the methodology for calculating BNI's financed emissions using the PCAF (Partnership for Carbon Accounting Financials) methodology for the Corporate, Enterprise, Commercial, and Small Medium Enterprise credit portfolios.
d. Implementing debtor classification based on the Indonesian Sustainable Finance Taxonomy (TKBI) Version 2 in accordance with OJK directives, conducted across 4 main sectors: Energy, Construction & Real Estate (CRE), Transportation & Storage (T&S), and parts of Agriculture, Forestry and Other Land Uses (AFOLU)—specifically the forestry and palm oil plantation sectors.
e. Expanding the scope of the CRST implementation; whereas in 2024 the CRST only covered 50% of the credit portfolio, by 2025 the CRST covered BNI's entire credit portfolio.
f. Conducting the identification of climate-related risks and opportunities as part of the preparation for the implementation of PSPK 1 and 2.

Person in Charge of LST Implementation at BNI

BNI has a dedicated body responsible for the implementation of ESG aspects: the Environment, Social, and Governance (ESG) Subcommittee. This subcommittee was formed by the Board of Directors through its Decree No. KP/484/DIR/R dated October 26, 2021 and was later updated based on Decree No. KP/454/DIR/R dated September 10, 2025. The ESG Subcommittee operates under a Board-level Committee, specifically the Risk Management & Anti-Fraud Committee. The membership structure of the ESG Subcommittee is as follows:

Chairman	Deputy President Director
Vice Chairman	Risk Management Director
Secretary	Enterprise Risk Management Division Head (concurrently as permanent non-voting member)
Permanent Members at the Director Level and SEVP (Voting Member)	1. Finance & Strategy Director 2. Corporate Banking Director 3. Treasury & International Banking Director 4. Institutional Director 5. Commercial Banking Director 6. Consumer Banking Director 7. Network & Retail Banking Director 8. Operations Director 9. Information Technology Director
Permanent Members at the Director Level (Non-Voting Member)	Human Capital & Compliance Director
Permanent Members at the Division/ Unit Level (Non-Voting Member)	1. Enterprise Risk Management Division Head 2. Operational Risk Management Division Head 3. Corporate Credit Risk Division Head 4. Enterprise Credit Risk Division Head 5. Commercial Credit Risk Division Head 6. Corporate Planning & Performance Management Division Head 7. Investor Relations Division Head 8. Subsidiaries Management Division 9. Procurement & Fixed Assets Division 10. Corporate Banking 1 Division Head 11. Corporate Banking 2 Division Head 12. Corporate Banking 3 Division Head 13. Corporate Banking 4 Division Head 14. Syndication & Structured Finance Division Head 15. Enterprise Banking Division 1 Division Head 16. Enterprise Banking 2 Division Head 17. Commercial Banking 1 Division Head 18. Commercial Banking 2 Division Head 19. SME Business Division Head 20. Business Program Division Head 21. International & Financial Institutions Division Head 22. Treasury Division Head 23. Consumer Product Division Head 24. Card Business Division Head 25. Agen46 Division Head 26. Compliance Division Head 27. Policy Governance Division Head 28. Human Capital Strategy Division Head 29. Human Capital Services Division Head 30. BNI University Division Head 31. Corporate Secretary Division Head
Non-permanent Members (Non-Voting Member)	Director/SEVP/Division/Unit Head related to the discussion topic

The ESG Subcommittee has the following duties and responsibilities:

1. Prepare Environmental, Social & Governance management policies and strategies and their changes;
2. Identify potential LST risks that have an impact on both BNI and BNI stakeholders;
3. Monitor the implementation of sustainable financial strategies;
4. Monitor, evaluate, and provide recommendations on the results of BNI's LST assessment;
5. Evaluate the implementation of LST strategies in all BNI business lines.
6. Coordinate between units to formulate objectives and implementation guidelines for the TJSL Program;
7. Conduct mapping and development of the BNI TJSL Program;
8. Perform evaluations of the implementation of the BNI TJSL Program.

Meanwhile, the management of sustainability aspects, including climate risk, is part of the responsibility of all work units under the supervision of the Board of Commissioners and the Board of Directors. To ensure the implementation of sustainability governance and the oversight of sustainable finance implementation, BNI has a specialized work unit, namely the Environmental, Social & Governance Division. The Environmental, Social & Governance Division has the following primary duties:

1. Implement all development, creation, and execution activities for strategies, frameworks, and policies related to BNI's ESG blueprint and roadmap, including its alignment with the BNI Group to achieve the goals set by BNI Management;
2. Develop strategies and communication management to support ESG implementation across all units in BNI and the BNI Group;
3. Prepare ESG-related reports for both internal and external parties in accordance with applicable regulations;
4. Manage the BNI-wide ESG portfolio and provide advisory and consultancy activities related to the implementation of sustainability, ESG, and/or energy transition to debtors, in coordination with relevant business units;
5. Establish cooperation and maintain good relations with government/non-government institutions, educational bodies, rating agencies, associations, and other organizations to support the achievement of BNI's ESG targets and development.

Supervision and Evaluation of BNI's LST Implementation

LST risk management in BNI's environment can be seen in the following image:

The monitoring and evaluation of BNI's ESG implementation are conducted by the Board of Directors and the Board of Commissioners to ensure the implementation of good governance, encourage responsible business practices, and prioritize prudence in risk management across all work units.In terms of ESG risk oversight, the Board of Commissioners monitors the progress of business strategies aligned with climate management. The Board of Directors, through the Deputy President Director and the ESG Subcommittee, plays a role in formulating, implementing, and monitoring sustainability policies and practices at BNI.

In the ESG management process, sustainability practices are executed across various divisions, including the ESG Division, Operations Management Division, Risk Management Division, and Business Management Division. The internal control function for sustainability practices is carried out by Internal Audit.

IMPLEMENTATION OF SUSTAINABLE FINANCE IN SUBSIDIARIES

The implementation of sustainable finance in BNI's subsidiaries has been carried out by preparing and submitting a Sustainable Finance Action Plan (RAKB) to the Financial Services Authority (OJK).

PT BNI Multifinance

In 2025, PT BNI Multifinance has planned and begun implementing sustainable finance activities as outlined below:

A. **Environment**

From an environmental perspective, the Company has implemented the following initiatives:

1. Financing eco-friendly motor vehicles in the form of battery-powered electric vehicles.

Booking Realization

Types of Electric Vehicles	2024 Unit	2025 Unit
Electric Vehicle (EV)	469	472
Hybrid	768	690
Total	**1,237**	**1,162**

Realized financing (bookings) for electric vehicles in 2025 reached 40.6% of total new bookings, an increase from 37.9% in 2024.

2. Use of electric vehicles as operational vehicles in companies.
3. Energy-saving initiatives in the office environment, such as turning off air conditioners (AC), efficient electricity use, efficient paper use (paperless office), and minimizing the use of bottled water in the office environment.
4. In line with the Financial Services Authority (OJK) directive that the multifinance industry support real sector growth, the portion of financing to the productive sector increased from 21% (2024) to 27% of the total financing portfolio in 2025.

B. **Social**

From a social perspective, the company has implemented the following:

1. Developing internal company capacity through RAKB socialization
   Participation in training and socialization in 2025 includes:

Training Name	Type	Date	Organizer
Sustainability Accounting and Reporting in the Financial Services	Webinar	March 6, 2025	OJK
Dissemination and Socialization of the Guidelines for Access to Financial Services for Empowered Persons with Disabilities (SETARA Guidelines)	On line	April 22, 2025	OJK
Training Program for Preparing Sustainable Financial Plans (RAKB)	Offline	April 23-24, 2025	LPPI
Socialization of Whistle Blowing System (WBS) Procedures.	On line	May 21, 2025	BNI Finance
Socialization of Self-Assessment on Compliance with Consumer and Community Protection Provisions in the Financial Services Sector.	On line	July 17, 2025	OJK
Discussion of the Study on Sustainable Finance Product Development.	On line	September 17, 2025	OJK
Risk Appetite and Risk Culture: Key Pillars in Strengthening Risk Management in the Financial Sector.	Webinar	October 9, 2025	OJK
Policies and Procedures on Gratification Control	On line	October 30, 2025	OJK

2. Improving employee competence through Financing Professional Certification

Certification Status	Total	Percentage (%)
Uncertified	21	7.1%
Certified	273	92.9%
Total	**294**	**100.0%**

Number of Certifications	Certification Status		Total
	Uncertified	Certified	
Audit	5	16	21
Managerial	14	102	116
Collection	2	155	157
Total	**21**	**273**	**294**

3. Social activities for the environment and community:
   The company continuously carries out social activities, including providing assistance to orphans and the underprivileged around its Headquarters in the Karet Kuningan area of South Jakarta. In addition, the company regularly donates sacrificial animals through the MNC Peduli program.
4. The company is committed to protecting customer and company personal data in accordance with legal requirements. In this context, the company obtained ISO 270001:2022 certification in 2024. It successfully maintained this ISO 270001:2022 certification in 2025.
5. To increase public understanding of financial products, the company actively participates in financial literacy activities, collaborating with universities, and through various events held by its partners and parent company.

C. Governance

To support the implementation of the RAKB, the company has strengthened and refined the existing framework throughout 2025, including:

1. Strengthening the role of the Board of Commissioners in overseeing the Board of Directors' policies, GCG implementation, risk management, and compliance through committees and directly through regular Board of Commissioners meetings.
2. Adjusting the organizational structure to strengthen the control function, including:
   a. Establishing a Risk Management Directorate led by the SEVP of Risk and a Collection Directorate led by the SEVP of Collection.
   b. Establishing an Enterprise Risk Management (ERM) Division overseeing the ERM and ORM Departments.
   c. Establishing an Operational Risk Management (ORM) Department. During 2025, the ORM Department conducted RCSA (Risk Control Self-Assessment) activities in 52 branches, covering branch activities from application entry to portfolio entry (Go Live) as well as collection activities.
3. Updating and improving the governance policies of the Committees under the Board of Directors

PT BNI Sekuritas

BNI Sekuritas has developed a Sustainable Finance Plan with three main focuses: the development of sustainable financial products and services, capacity building related to internal awareness of sustainable finance, and the integration of ESG aspects through organizational adjustments, risk management, governance, and standard operating procedures.

BNI Sekuritas has implemented a number of sustainable finance activities planned for 2025, including:

1. Sustainable Participation in IDX Carbon
   As a manifestation of its commitment to the transition to a low-carbon economy, BNI Sekuritas strengthened its participation in the Indonesian Carbon Exchange (IDX Carbon) by adding 6,250 carbon units on January 12, 2025, bringing its total ownership to 46,250 carbon units. This step reflects the Company's consistent support for the national policy of reducing greenhouse gas emissions, achieving the NZE target, as well as the national and BNI Group emission reduction targets. This active participation also strengthens BNI Sekuritas' position as a sustainability-

oriented capital market player and supports the development of a transparent, credible, and integrated domestic carbon trading ecosystem.

2. NZE Contribution and Community Empowerment Through Mangrove Conservation
   BNI Sekuritas implemented an environmental initiative in the form of a mangrove forest conservation and rehabilitation program in Cilacap, Central Java, on March 20, 2025, as an effort to mitigate climate change and preserve the ecosystem. In collaboration with Fairatmos and the Jaga Wana Segara Cooperative, this program included the planting of 3,000 mangrove seedlings, which not only function as ecosystem restoration but also have carbon economic value. This initiative prioritizes local community empowerment through active involvement in the nursery, planting, and monitoring processes, thereby creating a sense of ownership and sustainable economic opportunities. Through this program, BNI Sekuritas affirms its strategic role in supporting the transition to a low-carbon economy and contributing to the achievement of the national target of reducing greenhouse gas emissions and the Sustainable Development Goals (SDGs).

3. Participation in the BNI Group's Earth Hour 2025 Program
   As part of the BNI Group, BNI Sekuritas participated in the Earth Hour 2025 Program, which was held on March 21, 2025, involving its Head Office (Indofood Tower and IDX Tower) and several outlets. This participation reflects the Company's commitment to energy efficiency and environmental preservation, in line with its sustainability strategy and implementation of ESG principles. This initiative also supports increasing awareness among BNI Sekuritas employees and stakeholders regarding greener and more responsible operations, and is part of the implementation of the RAKB (Sustainable Finance and ESG) and supports the BNI Group's NZE targets.

4. Sustainable Finance and ESG-Based Investment Assistance
   Through its Investment Banking Business Sector, BNI Sekuritas plays an active role in the development of a sustainable capital market as an underwriter and strategic partner for the issuance of sustainable finance and ESG-based investment instruments. Throughout 2025, the Company will be involved in issuing various green, social, and sustainable investment products to support the financing of projects with positive impacts on the environment and society and to strengthen its position in the sustainable investment sector, with a total issuance value of IDR25.7 trillion. In line with BNI Group policy, BNI Sekuritas is committed to being a catalyst for the development of a green ecosystem in the Indonesian capital market by connecting business actors to green funding sources, while simultaneously strengthening the Company's reputation as an adaptive, responsible, and long-term sustainability-oriented financial institution.

5. Sustainable Finance Training
   As a manifestation of its ongoing commitment to strengthening internal capacity and employee understanding of sustainable finance principles, BNI Sekuritas held an internal training program titled "BNI Sekuritas Sustainable Finance 2025 – Empowering Business Towards a Greener Future" online on September 4, 2025, in collaboration with the Center for Environmental, Social, and Governance Studies (CESGS) at Airlangga University. This training was attended by 225 employees from the Head Office and all BNI Sekuritas outlets and was designed to improve literacy and capacity in the integrated application of ESG principles across all business lines and operations. The training material covered global and regional sustainable finance trends, the increasing market demand for green financial products, the role of product innovation and sustainable investment, and areas for improvement in integrating sustainability into BNI Sekuritas' business strategy.

6. #SiPalingHijau Internal Program
   BNI Sekuritas launched an environmentally friendly human resources (HR) program aimed at encouraging and rewarding all BNI Sekuritas employees to actively use low-emission public transportation. This program aims to foster more sustainable transportation habits, both for daily commuting and attending meetings. This initiative will be implemented from October 6–17, 2025, as a concrete step by the company to support climate change mitigation efforts. Furthermore, to increase participation and enthusiasm among all BNI Sekuritas employees, the company is providing special recognition to participants with the highest points, who will receive prizes for their contributions to supporting sustainable mobility.

7. Energy and Emissions Management
   As an ongoing commitment to supporting the BNI Group's NZE directive, BNI Sekuritas has resumed its implementation of energy consumption monitoring across a number of the Company's operational activities. This ongoing effort includes recording energy consumption at the BNI Sekuritas Head Office, including

electricity usage, operational vehicle fuel usage, and paper usage. This effort aims to obtain accurate baseline data as a basis for planning energy efficiency programs and reducing carbon emissions.

In addition, the company has begun documenting data on air travel by the Board of Commissioners, Directors, and employees.This information will be used to calculate the carbon footprint of air travel activities. Through this initiative, BNI Sekuritas affirms its commitment to sustainable finance principles and environmental responsibility, in line with the company's vision to become a financial institution that significantly contributes to achieving national sustainability targets.

8. Implementation of Corporate Social Responsibility (CSR) Programs
   BNI Sekuritas is committed to supporting sustainable development through collaboration with strategic partners. Together with Karya Salemba Empat ("KSE"), the Company runs a social responsibility program in the form of scholarships, financial literacy, and internship opportunities for students to increase the capacity of the younger generation and promote educational inclusion and financial literacy. Furthermore, BNI Sekuritas collaborates with Cemara Paper in a recycling program for used paper, which is processed into valuable products for people with disabilities, as a manifestation of environmentally friendly practices and sustainable social empowerment.

9. Improving Governance and Management Systems
   BNI Sekuritas consistently strengthens its commitment to implementing GCG principles, including through the implementation of the Personal Data Protection Law ("PDP Law") and enhancing cybersecurity throughout the company. The company also conducts surveillance audits of several internationally certified management systems, including those certified by the International Organization for Standardization ("ISO"):
   - ISO 37001:2016 Anti-Bribery Management System ("ABMS");
   - SO 27001:2013 Information Security Management System ("ISMS"); and
   - ISO 22301:2019 Business Continuity Management System ("BCMS").

   These achievements demonstrate the company's consistent commitment to strengthening governance and operational integrity, which was recognized through its award as a Trusted Company at the 2024 Corporate Governance Perception Index ("CGPI").

PT BNI Life Insurance

BNI Life Insurance has implemented a number of sustainable finance activities planned for 2025, including:

1. Improving operational efficiency by accelerating the digitalization of business processes and customer services (e-policy, bPOS, Mobile DigiClaim), supported by integrated risk management and the implementation of sustainable investments;
2. Continuously developing employee capabilities through structured development programs and strengthening the implementation of a superior and performance-oriented corporate culture;
3. Implementing a sustainable finance training program with a total of 859 employees;
4. Implementing sustainable social, environmental, and literacy programs through natural disaster relief initiatives, supporting the construction and improvement of religious facilities, social and health assistance, improving access to education, and environmental preservation;
5. Expanding the penetration of productive credit life insurance in the MSME segment through targeted and collaborative marketing programs to support financial inclusion and sustainable business growth;
6. Conducting regular organizational evaluations and improvements through comprehensive business process reviews and strengthening digitalization to support operational effectiveness and the management of sustainable finance activities;
7. Consistently implement Good Corporate Governance by strengthening the principles of transparency, accountability, and compliance with all applicable provisions and regulations;
8. Implement the Road to Zero Emissions program by increasing efficiency and controlling carbon emissions in Scope 1 (operational use of freon and fuel) and Scope 2 (electricity consumption), along with reducing plastic and paper waste, and optimizing water use efficiency.

PT Bank Hibank Indonesia

In 2025, in line with the RAKB implementation strategy, hibank Indonesia focused on increasing its financing portfolio, investments, or placements in financial instruments or projects aligned with the implementation of Sustainable Finance, supported by activities such as:

1. Advanced human resource development;
2. Increasing the portfolio of credit disbursement to KUB (Small Business Units), placement in sustainable bonds, and sales of Sri-Kehati index mutual funds;
3. Supervision and reporting in accordance with regulatory requirements;
4. Developing a business management system that integrates social, environmental, and governance components into risk management; and
5. Piloting debtor mapping based on TKBI criteria.

As part of its sustainable finance implementation, hibank consistently strengthens the integration of environmental, social, and governance aspects into its business activities. These efforts are carried out through the development and implementation of internal policies and guidelines that serve as references for managing sustainability risks, particularly in credit, financing, and sustainable financial products and services. This integration aims to ensure that hibank's business processes are aligned with prudent principles and support long-term value creation.

Environmental Aspect

hibank continues to encourage the continuous improvement of its financing portfolio for Sustainable Business Activities (KKUB). The KKUB portfolio mapping is conducted using a methodology established by the regulator, using a sampling approach to existing borrowers. The results of this mapping serve as the basis for hibank to monitor the development of its sustainable portfolio while strengthening its financing disbursement strategy that supports the transition to a sustainable economy.

In addition to financing disbursement, hibank also optimizes fund management by investing in investment instruments based on sustainability principles, including green bonds and mutual funds with sustainability criteria. This step reflects hibank's commitment to supporting green financing while expanding its contribution to the development of sustainable financial markets.

The following are initiatives in the sustainable finance aspect that have an environmental impact:

- hibank is committed to continuously increasing its financing portfolio for Sustainable Business Activities (KKUB). The loan portfolio for KKUB has increased compared to the previous year.
- The KKUB portfolio mapping is conducted using a methodology that adheres to regulatory requirements through a sampling approach of existing debtors.
- hibank continuously develops fund placements in sustainability-based investment instruments, including sustainable bonds and the Sri-Kehati Index mutual fund.
- Funding support is provided through credit facilities for the Sustainable Business Activity Category (KKUB), which consists of eight categories of Sustainable Business Activities, including MSMEs.

As part of strengthening environmental impact management, hibank is gradually measuring and managing greenhouse gas emissions. hibank has calculated and inventoried Scope 1 and Scope 2 emissions data from operational activities, referring to the Intergovernmental Panel on Climate Change 2006 (IPCC-2006) standards and using national emission factors sourced from Bank Indonesia's Green Calculator for 2025.

Furthermore, hibank has developed a methodology and calculated Scope 3 emissions, referring to the BUKU 3 Carbon Emission Calculation Method for Climate Risk Management and Scenario Analysis (CRMS) for 2024, provided by the Financial Services Authority (OJK). Emission calculations, in accordance with the BUKU 3 Carbon Emission Calculation Method for CRMS for 2024, use the methodology developed by the United Nations Framework Convention on Climate Change (UNFCCC).

Scope 3 emissions are emissions not directly generated by company activities. Currently, the Scope 3 emissions calculated by hibank include financed and non-financed emissions. Financed emissions are emissions arising indirectly from financing activities or the provision of credit by hibank to debtors. Non-financed emissions, currently calculated only include business travel and employee commuting.

Scope 3 emissions, in the form of financed emissions, are used as the basis for calculating the Climate Risk Stress Test (CRST), which was submitted to the Financial Services Authority (OJK) in August 2025 to assess the potential impact of climate risk on the hibank's portfolio. In line with this effort, the calculation of non-financed emissions from business travel and employee commuting activities is expected to complement the scope of the hibank's emission measurement in a more comprehensive manner and support the strengthening of risk management strategies and the implementation of sustainable finance.

In addition, hibank also makes calculations on electricity, water and paper resources, as shown in the following table:

Electricity, Water, and Paper Usage at the Head Office (formerly KP Tomang and New KP Rajawali Place)

Component	Unit	2023	2024	2025	YoY Growth
Electricity	kWh	1,204,620	551,435	792,679	
Water	Cubic	7,096	3,573	4,959	
Paper	Rim	2,410	1,896	1,535	
- Size A4	Rim	2,327	1,864	1,530	
- Folio Size	Rim	83	32	5	

In 2025, the use of electricity, paper, and water resources at the hibank Head Office was recorded as follows:
1. Electricity usage in January-December 2025 averaged 792,679 kWh, a 44% increase from 551,435 kWh in January-December 2024;
2. Clean water usage in January-December 2025 averaged 4,959 cubic meters, a 39% increase from 3,573 cubic meters in January-December 2024;
3. Paper usage in January-December 2025 was 1,535 reams, a 19% decrease from 1,896 reams in January-December 2024.

Social Aspect

In terms of social aspects, hibank consistently implements a series of sustainable actions, including:
1. hibank supports the empowerment of the MSME ecosystem by collaborating with several parties to organize MSME digital markets, including:
   - hibank Digital Market MSME Xtra Ordinary Food Festival at Blok M Square, DKI Jakarta, April 4-13, 2025;
   - hibank Digital Market MSME Bantul, held at Sultan Agung Stadium, Bantul, Yogyakarta, April 15-20, 2025; and
   - Bazaar MSME Semarak Merdeka, held at the South Jakarta Mayor's Office, DKI Jakarta, August 5-7, 2025.

2. hibank has consistently distributed funding to the MSME community through a channeling scheme through fintech platforms focused on MSMEs.
   - hibank organized "Jumpreneur," which is intended to provide employees with the opportunity to gain experience as MSME entrepreneurs and provides space for MSMEs by opening food and beverage stalls every weekday at the Head Office. This activity involved 53 MSMEs and successfully recorded a total sales turnover of IDR336,189,199 from January to December 2025.

3. hibank consistently maintains a positive work culture through the application of the principles of Diversity, Equity, Inclusivity, and Belonging (DEIB) throughout its people lifecycle management, encompassing HR management from recruitment and development to performance and talent management. As part of its sustainable people lifecycle management, hibank actively listens to employees through an Employee Engagement Survey, which serves as a strategic feedback moment. The survey results serve as the basis for hibank to take targeted improvement measures, particularly in terms of employee development.

4. hibank has provided competency development to employees through training totaling 25,916.97 hours of training, or an average of 48 hours per employee.

Governance Aspect

In terms of Sustainability Governance, hibank has undertaken various initiatives related to sustainability, including:

- hibank has issued Company Guidelines No. 2.2.0.0/R.00/PP/VIII/2024 concerning the Environmental, Social, and Governance (ESG) Policy, which serves as the primary reference for developing more detailed procedures and technical guidelines to integrate social, environmental, and governance risks into hibank's business and operational activities.

- In line with internal provisions related to the Environmental, Social & Governance (ESG) Policy, where one of the environmental aspects of the framework is related to climate change management, hibank is committed to identifying and mapping transition and physical risks, as well as calculating and reporting emissions data. To implement this commitment, hibank has issued internal provisions in Company Guidelines No. 2.2.1.0/R.00/PP/XII/2025 dated December 29, 2025, concerning Emission Calculation Procedures.

- In 2025, hibank issued Directors' Decree Number: 27.03/S.Kep.Dir-EOR/III/2025 concerning the Environmental, Social and Governance (ESG) Sub-Committee of PT Bank Hibank Indonesia on March 27, 2025. The objectives of establishing the ESG Sub-Committee include strengthening the quality of infrastructure projects supported or financed by the bank, maximizing environmental, social, and governance benefits and preventing negative impacts on society and the environment, and strengthening hibank's capacity to manage ESG and providing guidance for the development of ESG procedures.

- hibank has developed a Climate Risk Management & Scenario Analysis (CRMS) to build an understanding of climate risks, data, governance, and scenarios. Furthermore, the Bank calculated the impact of climate risk through Climate Risk Stress Testing (CRST) with 100% portfolio coverage and submitted the CRST results to the Financial Services Authority (OJK) by the end of August 2025. Through this initiative, hibank mapped various climate scenarios, both physical and transitional, to assess how extreme conditions, regulatory changes, or shifts in market preferences could impact portfolio quality, risk profiles, and operational continuity.

PT BNI Modal Ventura

BNI Ventures has implemented a number of sustainable finance activities planned for 2025, including:

1. Improving human resource capabilities, particularly related to sustainable finance, through seminars, workshops, and/or training related to sustainable finance, both offline and online, for 18 employees throughout 2025. BNI Ventures has also collaborated with BNI Corporate University and LinkedIn Learning to provide training for employees.

No	Success Indicators	2025 Realization
1	Training Program to improve HR capabilities, especially related to sustainable finance, with an attendance percentage of 50% of its total headcount.	• One employee is currently participating in the Sustainable Investing Certificate program organized by the CFA Institute, with a focus on integrating ESG aspects into the investment decision-making process. • 1 employee is currently participating in the Environmental Social Governance Certificate program organized by Bloomberg for Education, with a focus on investment strategies and trends in ESG. • 6 employees have participated in the Risk Management Certification Body (BSMR) Level 4 and 5 training to hone risk management competencies relevant to industry practices, regulations and good corporate governance. • 8 employees have completed the online training module containing materials on AKHLAK, Anti Fraud, APU PP, Gratification, Risk Culture and GCG.

2. To improve the quality of the work environment and human resources, BNI Ventures implements a series of programs that include aspects of strengthening employee engagement, comfort and suitability of the work environment, and maintaining employee health.

No	Success Indicators	2025 Realization
1	Better workspace air quality compared to outdoor air 30% of total BNI Ventures workdays	In partnership with Nafas, we subscribed to office air purifiers. By September 2025, BNI Ventures' indoor air quality was 71% better than the air outside.
2	30% of the total number of employees do sports once a week.	30% of BNI Ventures employees was enrolled in the fitness membership program attend more than four times a month. The program includes access to daily classes, a fitness room, and Fitness Assessment & Consultation services. Employees who are not enrolled remain active through external activities such as basketball, padel, tennis, yoga, and similar activities.
3	Team building activities must be conducted at least twice a year.	Three team-building activities were held to improve collaboration, engagement, and work-life balance within BNV. These activities included group exercise and communal meals.

3. Participate in social/environmental/ religious/educational activities and implement programs to improve public financial literacy, including those related to sustainable finance, as part of efforts to build corporate awareness.

No	Success Indicators	2025 Realization
1	Natural disaster relief, religious/social/health & education.	Providing assistance to orphans and holding religious studies and breaking the fast together.
2	Participate in activities to improve and preserve the environment	Collaborating with Paperpods, we're donating office paper waste. The paper waste is collected in designated boxes located in the Grha BNI lobby and the BNI Ventures Hall.
3	Implementation of socialization activities, both offline and online, to the community regarding financial literacy, including sustainable finance, at least once a year.	Conducting financial literacy both online and offline, both independently and in collaboration with other parties.

By the end of December 2025, BNI Ventures has implemented resource-saving policies, including:

I. Implementing a paperless policy for a number of internal administrative needs, by optimizing information technology for digital document circulation and signing.
II. Utilizing paper files, taking into account the sensitivity of document content, using both sides of the paper when printing documents, and maximizing the use of laptops for note-taking.
III. Using tumblers and glasses for drinking water in the work environment, using washable and reusable plates and cutlery, and using used shopping bags or cardboard for shopping, thus reducing plastic waste.
IV. Utilizing a paper waste collection program in collaboration with Paperpods, by placing two drop boxes at the Grha BNI Building and Menara BNI, to recycle used paper into plantable paper (recycled paper that can be planted), thus supporting resource savings by reducing the use of new paper and sustainable waste management in the work environment.

V. Energy management is a priority for BNI Ventures in its operational activities, including:
   - Using more energy-efficient LED lighting in the work environment.
   - Layout of the office space with an open office concept to maximize the use of natural sunlight for office lighting from morning to evening, thereby reducing energy consumption.
   - Use of laptops as work devices for all BNI Ventures employees, resulting in greater energy efficiency.
   - Optimization and efficiency in water and electricity use in the work environment.
   - Use of electric and hybrid vehicles for company vehicles and operational vehicles, efficient travel routes and employee mobility, refueling according to the type of fuel required for the vehicle, and driving at standard speeds to minimize fuel use and energy consumption.

BNI Ventures has developed an investment assessment process as part of its strategy to encourage the implementation of sustainable finance. This process includes steps that BNI Ventures will take to integrate sustainable finance as a key evaluation parameter. In addition, BNI Ventures has also analyzed existing Business Partners to assess their contribution to the implementation of sustainable finance principles.

No	Success Indicators	2025 Realization
1	Conduct a review of the Investment, Synergy, and Risk Management SOPs related to the development of the investment assessment process, especially indicators related to Sustainable Finance.	BNV has reviewed the ISMR SOP in Semester I 2025, including adjustments to investment authority tiering and investment, reinvestment, divestment, venture fund management mechanisms, and assessments of asset quality and environmental maintenance aspects by business partners.
2	Strengthening internal processes, including optimizing the investment committee and risk management committee.	The investment documentation and monitoring process has been carried out in accordance with the ISMR SOP and discussion and evaluation of investment risk exposure has been carried out through the BOD level Risk Management Committee twice.

PT BNI Asset Management

BNI Asset Management has implemented a number of sustainable finance activity plans, which were completely implemented by 2025, including:
1. Conducting outreach to all BNI-AM employees through workshops related to the Concept of Sustainable Finance (KKB) and Environmental, Social, and Governance (ESG).
2. Conducting training and certification related to KKB and ESG, including the CertSF (Certification Sustainability for Finance) certification from ACCA.
3. Encouraging BNI-AM employees and clients to invest in ESG-based products through the Champion program related to KKB and ESG. BNI-AM currently has an ESG-based mutual fund product, the BNI AM Sri Kehati Index RD.
4. Reviewing external regulations related to KKB and ESG, including the issuance of IFRS S1 and S2, and participating in training related to S1 and S2 standards from the Indonesian Institute of Accountants.
5. Form a task force team to prepare SOPs and organizations related to KKB and LST.

BNI Securities Pte Ltd

BNI Securities Pte., Ltd. has implemented a number of sustainable finance activities planned for 2025, including:
1. Increasing discussions with customers regarding the issuance of green bonds and other initiatives in the primary market;
2. Increasing the efficiency of non-renewable resources to reduce plastic waste, paper use, and electricity and water consumption; and
3. Internal dissemination of sustainable finance activities, as well as environmental, social, and governance aspects.

ESG Index: BNI Sustainability Practice Summary

ENVIRONMENTAL

COMPANY PRACTICE	PAGE
Environmental Impact Financing	
Scope of management systems to assess ESG risks in financing activities	
• BNI has implemented a management system to assess ESG risk for all loan and investment banking operations. • BNI integrates Environmental, Social, and Governance (ESG) considerations into structured sustainable credit monitoring through the Credit Company Guidelines (PP), which apply to the Corporate, Enterprise, Commercial, Small Medium Enterprise (SME), and Consumer segments in 2025.	Annual Report Page 1225-1227; Sustainability Report Page 73-84
Environmental loan policy	
BNI has developed Risk Acceptance Criteria (RAC) in 23 (twenty-three) industrial sectors for the Corporate and Enterprise segments, 18 (eighteen) industrial sectors for the Commercial segment and 10 (ten) industrial sectors for the Small Medium Enterprise (SME) segment.	Annual Report Page 1227; Sustainability Report Page 73 - 82
BNI participates in the development of a social forestry program, namely the Equator Coffee Trail (BNI JKK), which aims to achieve economic equality, improve the welfare of communities around forests, and prevent illegal logging through the development of coffee commodity agriculture and MSMEs.	Annual Report Page. 1211; Sustainability Report Page 66,69
BNI has established credit policies that define Risk Acceptance Criteria (RAC) as a prerequisite for extending credit to certain industrial sectors. These general credit policies are determined by the Credit Policy Committee, while environmental and social risk assessments are conducted by the Risk and Capital Management Committee. Additionally, evaluations are carried out by the Audit Committee.	Annual Report Page 1225, 1227; Sustainability Report Page 73-82
Integration of ESG Risk Management	
To strengthen oversight of Environmental, Social & Governance (ESG) policymaking and management, BNI established an ESG subcommittee under the Risk Management & Anti-Fraud Committee, chaired by the Deputy President Director and the Director of Risk Management as vice-chair. The Head of the Environmental, Social & Governance Division serves as secretary of the committee (and also serves as a non-voting permanent member).	Annual Report Page 1228; Sustainability Report Page 31-34
BNI has implemented the Climate Risk Stress Test (CRST) as part of its Climate Risk Management System (CRMS), as mandated by the Financial Services Authority (OJK). The CRST will be implemented on 100% of BNI's credit portfolio by 2025. Furthermore, BNI is gradually integrating the TKBI (Indonesian Banking Standards) as a tool to identify the level of alignment of borrower activities with climate change mitigation and adaptation goals.	Annual Report Page. 1225, 1227, 1236; Sustainability Report Page 72,84-87
All BNI staff undergo training on ESG risks and procedures, with legitimate evidence of the ESG training program provided as part of the bank's commitment to capacity building in this critical area.	Annual Report Page 1233; Sustainability Report Page 107-110
ESG Risk Management Supervision	
• Active supervision by the Board of Commissioners and Board of Directors in the implementation of risk management, including the determination of the risk appetite and risk tolerance framework, risk control tools, and the framework and implementation of integrated risk management. • To strengthen supervision in terms of determining Environmental, Social & Governance (ESG) policies and management, BNI has formed an ESG subcommittee in the Risk Management & Anti-Fraud Committee chaired by the Deputy President Director and the Director of Risk Management as deputy chair.	Annual Report Page 1228, 1230; Sustainability Report Page 31-3

COMPANY PRACTICE	PAGE
Through the ESG subcommittee under the Risk Management and Anti-Fraud Committee, the Board of Directors is actively involved in ESG risk management including: • Preparing Environmental, Social, & Governance (ESG) management policies and strategies and their changes; • Identifying potential ESG risks that have an impact on both BNI and BNI stakeholders; • Monitor the implementation of the Sustainable Finance strategy; • Monitor, evaluate, and provide recommendations based on the results of BNI's ESG Assessment; • Evaluate the implementation of the ESG strategy across all BNI business lines; • Coordinate between units to formulate objectives and guidelines for implementing the CSR program; • Mapping and developing BNI's CSR program; • Evaluate the implementation of BNI's CSR program.	Annual Report Page 1229; Sustainability Report Page 33
ESG Risk Management System	
BNI has developed a robust management system to assess ESG risks in financing activities, which are outlined in the form of: • Prospective Sectors • Portfolio Management through Loan Exposure Limits (LEL) • Risk Acceptance Criteria • Implementation of Climate Risk Stress Testing (CRST) • Assessment based on the Indonesian Sustainable Finance Taxonomy (TKBI)	Annual Report Page 1227; Sustainability Report Page 73-84
Sustainable Finance Opportunities	
• As part of its strategic steps to support the green economy, BNI initiated a number of sustainable finance initiatives including Environmentally Aware Business Credit, BNI Environmentally Friendly MSMEs (BUMI), BNI Khatulistiwa Coffee Trail (JKK), BNI Fishery Cultivation Village, Sustainability Linked Loan, and financing to support the energy transition. • Total SLL realization by the end of 2025 reached IDR 6.6 trillion, with nine borrowers representing companies that have experienced changes in sustainability performance according to the indicators set out in this facility. BNI has disbursed SLL financing to borrowers from various business sectors, including agrifood, cement, steel, coal products, and packaging.	Annual Report Page 1228, 1220; Sustainability Report Page 64-69
BNI has a financing portfolio under the Sustainable Business Activities (KKUB) category totaling Rp196.7 trillion (22.3% of the total loan portfolio), primarily in the form of financing for the MSME segment, sustainable natural resource management, energy efficiency, and renewable energy. KUBL financing disbursed in 2025 amounted to Rp78.0 trillion, with a growth target of 101.2% achieved in the RAKB.	Annual Report Page 1218; Sustainability Report Page 62-63

SOCIAL

COMPANY PRACTICE	PAGE
Consumer Financial Protection	
Practice	
BNI always strives to ensure the implementation of fair operational practice policies and in accordance with Bank policies and applicable regulations. In operational practices, BNI guarantees the following: a. Preventing conflicts of interest b. Prohibition on giving & receiving gifts or souvenirs c. Provisions and prohibitions on abuse of office and gratification d. In order to realize Good Corporate Governance, BNI implements a Whistleblowing System (WBS) e. Customer protection policy and provision of Information/Data/Documents to external parties f. Policy on fulfilling creditor rights g. Anti-corruption and anti-fraud policies	-Annual Report Page 1083; Sustainability Report Page 155 (APUPPT) -Annual Report Page 1106; Sustainability Report Page 141 (Protection of Creditors' Rights) -Annual Report Page 1087; Sustainability Report Page 46-48 (Anti-Corruption Policy) -Annual Report Page 1088; Sustainability Report Page 46-48 (Anti-Gratification and Anti-Bribery Policy) -Annual Report Page 1127; Sustainability Report Page 49 (Whistleblowing System) -Annual Report Page 1112; Sustainability Report Page 46 (Conflict of Interest) -Annual Report Page 989; Sustainability Report Page 131(Customer Data Protection Policy)

COMPANY PRACTICE	PAGE
The Board of Directors has high involvement in product supervision through the Product Committee, with duties and responsibilities including: 1. Determining the size and business development strategy through BNI products/activities; 2. Conducting comprehensive testing and deciding on the "feasibility" of new products/activities, especially related to cross-sectoral/segment alliances and strategic alliances with subsidiaries/other companies outside BNI by inviting the relevant Sector Directors; 3. Monitoring products/activities implemented at BNI and making decisions on their continuation based on recommendations from the working group/product owner; 4. Acting as an arbitration body for cross-sectoral issues related to the performance management system (PMS) in the implementation of new products/activities.	Annual Report Page 929; Sustainability Report Page 146
BNI carries out transparent marketing communications in accordance with OJK provisions and in accordance with the Company's Internal policies.	Annual Report Page 395; Sustainability Report Page 144-145
BNI has an independent settlement system that can provide protection for reporting parties and special training on internal and external protection programs.	Annual Report Page 1128-1129; Sustainability Report Page 49-50
Regarding Debt Collection Policy, BNI has well-defined loan modification options that include income-based considerations and customer access to escalation options.	Annual Report Page 368-370; Sustainability Report Page 142-143
BNI runs BNICorpu TV on YouTube channel to educate the public about financial literacy and current trends in society by presenting speakers from BNI and professional institutions. Education is also carried out through social media and cooperation with various government/private agencies. In addition, BNI also held a BNI financial literacy campaign offline and online with 44 social campaign contents.	Annual Report Page 1037-1081; Sustainability Report Page 167-170
The BNI Board-level Committee supervises complaints.	Annual Report Page 1128-1129; Sustainability Report Page 139
Human Resource Development	
Practice	
• BNI provides training and competency development across all aspects of the Company's operations in a planned and sustainable manner, upholding equal opportunities for all levels of the organization and across genders. Throughout 2025, BNI held various education and training programs attended by 26,937 employees, equivalent to 99.96% of the total BNI employees. The average training hours per employee were recorded at 146.7 hours/employee. • BNI has a program that covers all employees (including part-time and contract). • Since 2018, BNI has had a mandatory learning program for all employees through Sustainable Finance e-learning to increase awareness and capabilities regarding the practice of integrating environmental, social, and governance (ESG) criteria into financial services to realize sustainable development outcomes, including mitigation and adaptation to the negative impacts of climate change.	Annual Report Page 168-179; Sustainability Report Page 100-110
Strategy	
BNI has a Whistleblowing System (WBS) called "WBS to CEO", which is one of the early detection mechanisms for violations in BNI that can cause financial losses including things that can damage BNI's image. WBS management is carried out through collaboration with external parties, namely Deloitte.	Annual Report Page 1127; Sustainability Report Page 49
BNI conducted an employee satisfaction survey alongside employee engagement. BNI recorded an employee engagement score of 35% in 2025, categorized as "Good," indicating employee engagement with BNI	Annual Report Page 1220; Sustainability Report Page 120

COMPANY PRACTICE	PAGE
Talent Development Strategy	
The workforce planning strategy is aimed at ensuring the availability of employees in functions that are aligned with BNI's strategy. Recruitment is carried out through various programs including the Officer Development Program, Assistant Development Program and Experience Hire. In addition to the Bina internship program, BNI also offers internship programs for university students, including the Talented Generation Internship (MAGENTA) program run by the Ministry of State-Owned Enterprises and the MagangHub program in collaboration with the Ministry of Manpower. BNI organizes the Bina BNI Internship Program which aims to provide training and job guidance to the inexperienced workforce by providing the knowledge, skills, and abilities needed to be able to compete in the world of work. Bina BNI internship participants in 2025 will be spread across all BNI operational areas. In order to provide learning solutions for employees, BNI Corporate University has provided various learning facilities and infrastructure that are arranged both in-house and in partnership with educational institutions.	Annual Report Page 441, 446; Sustainability Report Page 95-97
Programs & Initiatives	
BNI has designed a stock ownership program for employees and management of the Company. BNI has an Employee Stock Allocation (ESA) program, a stock-ownership-based incentive program that will run in stages from 2022 to 2025. It will cover 90% of BNI employees who meet certain criteria and requirements as stipulated in the Program Implementation Guidelines. Additionally, other programs include the Performance Stock Bonus Program and the Management Stock Ownership Program (MSOP).	Annual Report Page 1118-1122; Sustainability Report Page 116
The remuneration strategy covers all employees, which is determined based on the principles of supply and demand, BNI's remuneration position compared to the market, and considering employee talent classification. The employee remuneration components consist of fixed remuneration which is differentiated based on job weight and person value, while variable remuneration is given based on performance that is linked to the achievement of bank performance, unit performance and the performance of the employee concerned.	
BNI provides training and competency development at all levels in the Company which is carried out in a planned and sustainable manner by upholding the provision of equal opportunities, and is adjusted to the training and development needs at each level.	Annual Report Page 168-179; Sustainability Report Page 101-112
Throughout 2025, BNI's education and training costs reached Rp192.9 billion, a 4.08% decrease compared to 2024.This decrease was due to increased effectiveness in learning delivery, including the internalization of Self-Directed Learning that utilizes various digital learning platforms.	
Access to Finance	
Products and Strategies	
BNI is a direct provider or is directly involved in providing services in Micro/Microinsurance services.	Annual Report Page 1209-1210; Sustainability Report Page 163-167
Distribution and Reach	
In supporting customer convenience in conducting banking transaction activities, BNI offers various e-Banking facilities that are constantly being improved through various developments and innovations.	Annual Report Page 494-502; Sustainability Report Page 162-165
In order to expand its reach, BNI has 217,013 Agen46 with 28,177 Agents or around 13% located in the 3T BNI Agen46 area which is BNI's partner in providing banking services to the community in the context of financial inclusion. Agen46 can facilitate various banking services to help distribute government programs, such as the distribution of social assistance and subsidies. Privacy & Data Security	
Practice - Operational	
• BNI guarantees that customers can update data, change, access and update data changes through BNICall and Customer Service. • BNI has a data protection and information security policy that regulates all related business lines/subsidiaries. • BNI has a personal data protection management framework that is in line with laws and regulations, including but not limited to Law No. 27 of 2022 concerning Personal Data Protection, POJK No. 22 of 2023 concerning Consumer and Community Protection in the Financial Services Sector, and provisions related to Bank Indonesia consumer protection.	Annual Report Page 1111; Sustainability Report Page 124-136
BNI launched an innovation in applying for credit cards and other consumer credit through e-forms, as well as opening digital accounts through mobile banking to reduce the potential for misuse of customer data, because data is directly stored in the system without going through physical forms.	Annual Report Page 494-502; Sustainability Report Page 147-148
BNI established a dedicated organization, the Chief Information Security Officer (CISO) Division, which combines several units with information security-related functions to maintain independence and focus more on evaluating, implementing, monitoring, and improving cybersecurity. BNI has a multi-layered structure for managing privacy, cybersecurity, and data protection.	Annual Report Page 487-493; Sustainability Report Page 126
BNI continues to develop digital banking services to make it easier for customers, while facing the challenges of data security and privacy protection from cybercrime threats. BNI is committed to managing this risk and protecting human rights.	Annual Report Page hal. 483-484; Sustainability Report Page 124-136
BNI also strengthens technology, digital innovation, and data security systems, and complies with customer privacy protection regulations, such as OJK regulations and the Personal Data Protection Law.	Annual Report Page 487-488; Sustainability Report Page 124-136
To ensure the reliability of the system and information security, technology audits are carried out periodically by the internal audit unit. Assessments from external parties include those carried out by the National Cyber and Crypto Agency (BSSN) through the Information Security Index (Indeks KAMI).	Annual Report Page 491-492; Sustainability Report Page 133-136
The Technology Management Committee is one of the permanent committees at BNI that has the authority to provide recommendations to the Board of Directors regarding the formulation, determination of policies and strategies for developing BNI's information technology. This committee was formed with the aim of assisting the Board of Commissioners and Board of Directors in carrying out supervision of Information Technology (IT) activities, including those related to cyber security.	Annual Report Page 936 Sustainability Report Page 477
Practice - Employees	
BNI provides employees in the IT Work Unit with various training to develop soft skills and hard skills. Hard skill provision is carried out through project management training, IT architecture, programming, CI/CD, secure coding, cloud security, and so on, which are carried out in-house or through Linkedin Learning, Google and AWS training, and other training media. For all employees, awareness of data security and/or privacy-related risks and procedures is also raised through training and digital mindset development. LAPORAN AUDITOR INDEPENDEN KEPADA PARA PEMEGANG SAHAM, DEWAN KOMISARIS, DAN DIREKSI

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS, BOARD OF COMMISSIONERS AND DIRECTORS

PT BANK NEGARA INDONESIA (PERSERO) TBK

Opini

Kami telah mengaudit laporan keuangan konsolidasian PT Bank Negara Indonesia (Persero) Tbk dan entitas anaknya ("Grup"), yang terdiri dari laporan posisi keuangan konsolidasian tanggal 31 Desember 2025, serta laporan laba rugi dan penghasilan komprehensif lain konsolidasian, laporan perubahan ekuitas konsolidasian, dan laporan arus kas konsolidasian untuk tahun yang berakhir pada tanggal tersebut, serta catatan atas laporan keuangan konsolidasian, termasuk informasi kebijakan akuntansi material.

Menurut opini kami, laporan keuangan konsolidasian terlampir menyajikan secara wajar, dalam semua hal yang material, posisi keuangan konsolidasian Grup tanggal 31 Desember 2025, serta kinerja keuangan konsolidasian dan arus kas konsolidasiannya untuk tahun yang berakhir pada tanggal tersebut, sesuai dengan Standar Akuntansi Keuangan Indonesia.

Opinion

We have audited the consolidated financial statements of PT Bank Negara Indonesia (Persero) Tbk and its subsidiaries (the "Group"), which comprise the consolidated statement of financial position as at 31 December 2025, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at 31 December 2025, and its consolidated financial performance and its consolidated cash flows for the year then ended, in accordance with Indonesian Financial Accounting Standards.

Basis opini

Kami melaksanakan audit kami berdasarkan Standar Audit yang ditetapkan oleh Institut Akuntan Publik Indonesia. Tanggung jawab kami menurut standar tersebut diuraikan lebih lanjut dalam paragraf "Tanggung jawab auditor terhadap audit atas laporan keuangan konsolidasian" pada laporan kami. Kami independen terhadap Grup berdasarkan ketentuan etika yang relevan dalam audit kami atas laporan keuangan konsolidasian di Indonesia, dan kami telah memenuhi tanggung jawab etika lainnya berdasarkan ketentuan tersebut. Kami yakin bahwa bukti audit yang telah kami peroleh adalah cukup dan tepat untuk menyediakan suatu basis bagi opini audit kami.

Basis for opinion

We conducted our audit in accordance with Standards on Auditing established by the Indonesian Institute of Certified Public Accountants. Our responsibilities under those standards are further described in the "Auditors' responsibilities for the audit of the consolidated financial statements" paragraph of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Indonesia, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Hal audit utama

Hal audit utama adalah hal-hal yang, menurut pertimbangan profesional kami, merupakan hal yang paling signifikan dalam audit kami atas laporan keuangan konsolidasian periode kini. Hal-hal tersebut disampaikan dalam konteks audit kami atas laporan keuangan konsolidasian secara keseluruhan, dan dalam merumuskan opini kami atas laporan keuangan konsolidasian terkait, kami tidak menyatakan suatu opini terpisah atas hal audit utama tersebut.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Nomor Izin Usaha: KEP-315/KM.1/2024

00030/2.1457/AU.1/07/1124-2/1/II/2026

Hal audit utama yang teridentifikasi dalam audit kami diuraikan sebagai berikut.

1. **Kerugian kredit ekspektasian ("KKE") - cadangan kerugian penurunan nilai atas pinjaman yang diberikan**

   Seperti yang dijelaskan dalam Catatan 12 atas laporan keuangan konsolidasian, pada tanggal 31 Desember 2025, cadangan kerugian penurunan nilai atas pinjaman yang diberikan Grup adalah sebesar Rp 35.860.626 juta.

   Cadangan kerugian penurunan nilai atas pinjaman yang diberikan ditentukan oleh Grup berdasarkan kerangka KKE sesuai dengan PSAK 109: "Instrumen Keuangan", seperti yang dijelaskan dalam Catatan 2c.(x) atas laporan keuangan konsolidasian.

   Kami memberikan fokus pada area ini karena nilai tercatat atas pinjaman yang diberikan mewakili 66% dari total aset Grup pada tanggal 31 Desember 2025 dan besarnya nilai cadangan kerugian penurunan nilai yang dibentuk atas pinjaman tersebut nilainya signifikan terhadap laporan keuangan konsolidasian Grup. Lebih lanjut, perhitungan cadangan kerugian penurunan nilai melibatkan pertimbangan manajemen yang subjektif dan penggunaan estimasi dengan tingkat ketidakpastian yang tinggi.

   Untuk pinjaman yang diberikan dimana Grup menghitung KKE secara individual, Grup menggunakan estimasi arus kas ekspektasian dari pinjaman yang diberikan. Hal ini membutuhkan pertimbangan signifikan dalam mengestimasi probabilitas rata-rata tertimbang kerugian kredit, serta estimasi waktu dan jumlah pembayaran dari pinjaman yang diberikan.

   Untuk pinjaman yang diberikan dimana Grup menghitung KKE secara kolektif, Grup menggunakan model KKE dengan beberapa asumsi utama, antara lain, probabilitas rata-rata tertimbang dari *probability of default*, *loss given default* dan *exposure at default*, setelah memperhitungkan faktor perkiraan masa depan dan informasi eksternal lainnya termasuk proses identifikasi atas pinjaman yang diberikan yang mengalami peningkatan risiko kredit secara signifikan.

The key audit matters identified in our audit are outlined as follows.

1. ***Expected credit losses ("ECL") - allowance for impairment losses of loans***

   As described in Note 12 to the consolidated financial statements, as at 31 December 2025, the allowance for impairment losses of loans of the Group was IDR 35,860,626 million.

   The allowance for impairment losses of loans was determined by the Group based on the ECL framework under SFAS 109: "Financial Instruments", as described in Note 2c.(x) to the consolidated financial statements.

   We focused on this area as the carrying value of loans represented 66% of the total assets of the Group as at 31 December 2025 and the allowance for impairment losses provided against the loans was significant to the Group's consolidated financial statements. Furthermore, the calculation of the allowance for impairment losses involved subjective management judgement and was subject to a high degree of estimation uncertainty.

   For loans where the Group assessed ECL individually, the Group used the estimated cash flows which are expected to be obtained from the loans. This required significant judgement in estimating the weighted average probability of credit losses, and the timing and amount of the repayments of the loans.

   For loans where the Group assessed ECL collectively, the Group used an ECL model that incorporated key assumptions, such as, the weighted average probability of default, loss given default and exposure at default, after considering forward looking factors and other external information including the identification process over loans that had experienced a significant increase in credit risk.

Bagaimana audit kami merespons hal audit utama

Kami melakukan prosedur-prosedur audit berikut untuk merespons hal audit utama ini:

- Kami memperoleh pemahaman atas pendekatan Grup dalam mengidentifikasi aset keuangan yang mengalami peningkatan risiko kredit secara signifikan atau bukti objektif penurunan nilai, dan melakukan pengujian atas pengendalian yang relevan atas proses penetapan *rating* internal berdasarkan uji petik.
- Kami menguji keakurasian dari klasifikasi kualitas pinjaman yang diberikan berdasarkan uji petik dengan menelaah dokumen kredit dari debitur-debitur yang menjadi sampel.
- Kami menilai metodologi dan menguji asumsi pemodelan signifikan yang digunakan dalam model KKE, dengan bantuan pakar pemodelan kredit kami. Kami menguji *probability of default*, *loss given default* dan *exposure at default*, yang mencakup (i) evaluasi perkiraan makroekonomi Indonesia dengan membandingkan perkiraan dengan informasi yang tersedia untuk umum tentang prospek makroekonomi Indonesia; dan (ii) menguji kelengkapan dan keakuratan data yang digunakan dalam model dengan data aktual yang tersedia di Grup dengan melibatkan spesialis Teknologi Informasi ("TI") kami.
- Ketika bukti objektif penurunan nilai diidentifikasi oleh Grup dan kerugian penurunan nilai dihitung secara individual, kami menguji, berdasarkan uji petik, kecukupan cadangan kerugian penurunan nilai yang disiapkan oleh manajemen dengan membandingkan baik jumlah dan waktu dari arus kas masa depan yang digunakan oleh Grup dalam perhitungan kerugian penurunan nilai dengan jadwal pembayaran kembali yang tercantum dalam perjanjian pinjaman yang diberikan dan menguji probabilitas rata-rata tertimbang yang digunakan dalam menyusun arus kas.
- Kami melakukan perhitungan ulang untuk KKE yang dinilai secara kolektif dan menguji akurasi perhitungan KKE yang dinilai secara individual berdasarkan uji petik.

How our audit addressed the key audit matter

We performed the following audit procedures to address this key audit matter:

- *We understood the Group's approach over the identification of financial assets that have experienced a significant increase in credit risk or objective evidence of impairment and tested the relevant controls over the internal rating process on a sample basis.*
- *We tested the accuracy of the credit quality classification of a sample of loans by reviewing the credit files of those sampled debtors.*
- *We assessed the methodologies applied and tested the significant modelling assumptions used in the ECL models, with the assistance from our credit modelling expert. We tested the probability of default, loss given default and exposure at default, which included (i) evaluating the forecasts of Indonesia macroeconomics by comparing forecasts with publicly available information on the Indonesia macroeconomic outlook; and (ii) testing the completeness and accuracy of data used in the model with the actual data available within the Group by involving our Information Technology ("IT") specialists.*
- *When objective evidence of impairment was identified by the Group and impairment losses were individually calculated, we tested, on a sample basis, the adequacy of the allowance for impairment losses determined by management by comparing the quantum and timing of future cash flows used by the Group in the impairment loss calculation with the repayment schedule in the loan agreement and tested the probability-weighted outcomes used in preparing the cash flows.*
- *We recalculated the collective ECL and tested the accuracy of the individual ECL calculation on a sample basis.*

pwc

2. Penilaian dari Liabilitas Kontrak Asuransi dan dampak penerapan pertama kali PSAK 117 "Kontrak Asuransi"

Pada tanggal 1 Januari 2025, Grup menerapkan PSAK 117 "Kontrak Asuransi", yang menggantikan standar sebelumnya, PSAK 104. PSAK 117 menetapkan prinsip untuk pengakuan, pengukuran, penyajian, dan pengungkapan kontrak asuransi.

Dampak kumulatif dari penerapan awal PSAK 117 pada tanggal transisi 1 Januari 2024 sebesar Rp 769.274 juta telah diakui dalam saldo awal ekuitas Grup pada tanggal 1 Januari 2024.

Manajemen menerapkan pertimbangan untuk menentukan penggunaan pendekatan retrospektif penuh dan nilai wajar dalam penerapan awal standar tersebut.

Seperti yang dijelaskan dalam Catatan 28 atas laporan keuangan konsolidasian, pada tanggal 31 Desember 2025, liabilitas kontrak asuransi Grup adalah sebesar Rp 22.381.021 juta.

Penilaian manajemen atas liabilitas kontrak asuransi ini melibatkan pertimbangan signifikan terkait ketidakpastian hasil masa depan, termasuk pengembangan asumsi dan metodologi aktuaria utama. Asumsi-asumsi ini dimasukkan dalam perhitungan arus kas pemenuhan dan margin jasa kontraktual.

Arus kas pemenuhan, yang mencakup semua arus kas masuk dan arus kas keluar yang langsung terkait dengan kontrak, ditentukan menggunakan asumsi pada tanggal penilaian yang mengandung ketidakpastian yang signifikan dalam estimasi arus kas yang diharapkan.

Margin jasa kontraktual mewakili keuntungan yang belum diterima yang akan diakui Grup seiring dengan pemberian jasa kontrak asuransi di masa depan. Amortisasi margin jasa kontraktual untuk suatu kelompok kontrak diakui sebagai pendapatan jasa asuransi dalam laporan laba rugi konsolidasian berdasarkan jumlah unit pertanggungan yang diberikan selama periode tersebut. Unit pertanggungan ditentukan oleh besarnya manfaat yang diberikan dalam suatu kontrak dan durasi perlindungan yang diharapkan. Manajemen menggunakan pertimbangan dalam mengidentifikasi layanan yang diberikan dan menentukan unit pertanggungan.

2. Valuation of Insurance Contract Liabilities and impact of the first-time application of SFAS 117 "Insurance Contracts"

On 1 January 2025, the Group adopted SFAS 117 "Insurance Contracts," which replaces the previous standard, SFAS 104. SFAS 117 establishes principles for the recognition, measurement, presentation, and disclosure of insurance contracts.

The cumulative effect of the initial application of SFAS 117 on the transition date 1 January 2024 amounting to IDR 769,274 million has been recognised in the Group's opening equity balance as at 1 January 2024.

Management applied judgments to determine the use of full retrospective and fair value approaches in the initial application of the standard.

As described in Note 28 to the consolidated financial statements, as at 31 December 2025, the insurance contract liabilities of the Group was IDR 22,381,021 million.

Management's valuation of the insurance contract liabilities involves significant judgment about uncertain future outcomes, including the development of key actuarial assumptions and methodologies. These assumptions are incorporated within the fulfilment cash flows and contractual service margin calculations.

Fulfilment cash flows, which include all cash inflows and cash outflows directly attributable to the contract, are determined using assumptions as at the valuation date, which are subject to significant uncertainty in the estimation of expected cash flows.

Contractual service margin represents the unearned profit that the Group will recognise as it provides insurance contract services in the future. The amortisation of the contractual service margin for a group of contracts is recognised as insurance service revenue in the consolidated statement of profit or loss, based on the number of coverage units provided during the period. Coverage units are determined by the quantity of benefits provided under a contract and its expected coverage duration. Management applied judgment in identifying the services provided and determining the coverage units.

Bagaimana audit kami merespons hal audit utama

Kami melakukan prosedur-prosedur audit berikut untuk merespons hal audit utama ini:

- Kami memperoleh pemahaman atas proses pemilihan kebijakan akuntansi, penentuan metodologi dan asumsi yang digunakan dalam perhitungan liabilitas kontrak asuransi. Kamu juga menilai pendekatan transisi serta metodologi pengukuran yang dipilih oleh manajemen dengan menguji kelayakan kontrak asuransi yang diukur berdasarkan nilai wajar pada tanggal transisi, serta menguji kelayakan kontrak asuransi yang diukur menggunakan *variabel fee approach* dan *premium allocation approach*.
- Kami mengevaluasi kompetensi, kapabilitas, dan objektivitas tenaga ahli aktuaria manajemen.
- Kami menguji desain dan efektivitas pengendalian internal atas akurasi dan kelengkapan data polis asuransi yang digunakan untuk pemenuhan arus kas.
- Kami menguji, berdasarkan uji petik, akurasi data kontrak asuransi dengan memeriksa data ke dokumen pendukung seperti polis, dokumen klaim, dan arus kas aktual.
- Menguji kelengkapan data yang digunakan dalam perhitungan liabilitas kontrak asuransi dengan melakukan rekonsiliasi antara data polis *in-force* dan data yang diolah oleh tenaga ahli aktuaria manajemen menggunakan *Computer Assisted Audit Technique* ("CAATs") dengan bantuan spesialis IT kami.
- Kami menilai, berdasarkan uji petik, asumsi utama yang digunakan manajemen dan membandingkannya terhadap pengalaman historis Grup dan dengan data yang dapat diamati. Pengujian kami melibatkan penggunaan ahli aktuaria kami.
- Kami menilai kesesuaian metodologi yang digunakan dalam penilaian liabilitas kontrak asuransi dan berdasarkan uji petik, menguji ketepatan perhitungan yang terkait dengan arus kas pemenuhan, margin jasa kontraktual, beserta penerapannya dalam model aktuaria, dengan melibatkan ahli aktuaria kami.

How our audit addressed the key audit matter

We performed the following audit procedures to address this key audit matter:

- *We understood the process of the selection of accounting policies, determination of methodologies and assumptions used in the calculation of the insurance contract liabilities. We also assessed the transition approach and measurement methodology selected by management by testing the eligibility of insurance contract measured at fair value at the transition date, as well as the eligibility of insurance contracts measured using the variable fee approach and the premium allocation approach.*
- *We evaluated the competence, capabilities and objectivity of the management's actuarial expert.*
- *We tested the design and operating effectiveness of controls over the accuracy and completeness of the insurance policies data used for the fulfilment cash flow.*
- *We tested, on a sample basis, the accuracy of the insurance contract data by inspecting supporting documents such as policies, claim documents, and actual cash flows.*
- *We tested the completeness of the data used in calculating insurance contract liabilities by performing a reconciliation between in-force policy data and data processed by management's actuarial expert using Computer Assisted Audit Techniques ("CAATs"), with assistance from our IT specialists.*
- *We assessed, on a sample basis, the key assumptions used by management and by comparing them to the Group's historical experience and observable data. Our testing involved the use of our actuarial experts.*
- *We assessed the appropriateness of the methodologies used in the valuation of insurance contract liabilities and, on a sample basis, tested the accuracy of calculations related to fulfilment cash flows, contractual service margin, along with their application in the actuarial model, by involving our actuarial experts.*

- Kami menilai, berdasarkan uji petik, kesesuaian penentuan unit pertanggungan oleh manajemen dengan jenis manfaat yang diidentifikasi, dengan melibatkan ahli aktuaria kami.
- Kami menguji analisis pergerakan liabilitas kontrak asuransi tahun berjalan dengan menilai apakah pergerakan tersebut sesuai dengan asumsi manajemen, dengan melibatkan ahli aktuaria kami.
- Kami menilai kecukupan pengungkapan Grup dalam laporan keuangan konsolidasian terhadap persyaratan Standar Akuntansi Keuangan Indonesia.

- *We assessed, on a sample basis, the appropriateness of management's determination of coverage units with the types of benefits identified, by involving our actuarial experts.*
- *We tested the analysis of movement of insurance contract liabilities during the year by assessing whether the changes align with the management's assumptions, with the assistance of our actuarial experts.*
- *We assessed the adequacy of the Group's disclosure in the consolidated financial statements against the requirements of the Indonesian Financial Accounting Standard.*

3. **Sistem dan pengendalian Teknologi Informasi ("TI") yang berdampak pada pelaporan keuangan**

Grup sangat bergantung pada infrastruktur, sistem, dan pengendalian TI untuk mendukung kegiatan operasional sehari-hari dan proses pelaporan keuangan. Lingkungan TI Grup dianggap kompleks dengan mempertimbangkan jumlah dan kompleksitas dari sistem utama pelaporan keuangan dan antarmuka sistem. Oleh karena itu, kami menganggap pengoperasian pengendalian teknologi informasi Grup sebagai hal audit utama.

Bagaimana audit kami merespons hal audit utama

Kami melakukan prosedur-prosedur audit berikut untuk merespons hal audit utama ini:

- Kami melibatkan spesialis TI untuk mengevaluasi risiko yang terkait dengan lingkungan TI Grup, sehubungan dengan proses pelaporan keuangan.
- Kami memperoleh pemahaman tentang sistem TI dan pengendalian yang mendukung proses pelaporan keuangan dan menilai efektivitas rancangan, implementasi dan pengoperasian dari pengendalian utama yang dirancang untuk mempertahankan integritas dari sistem utama pelaporan keuangan. Penilaian ini termasuk evaluasi atas:
    i. Pengendalian atas manajemen perubahan: Proses dan pengendalian yang dijalankan untuk mengembangkan, menguji dan mengesahkan perubahan pada fungsi dan konfigurasi di dalam sistem;

3. ***Information Technology ("IT") systems and controls that impact financial reporting***

The Group is heavily reliant on its IT infrastructure, systems and controls for its daily operations and financial reporting processes. The IT environment of the Group is considered to be complex due to the number and complexity of the key financial reporting systems and their system interfaces. Therefore, we consider the operation of the Group's information technology controls to be a key audit matter.

How our audit addressed the key audit matter

We performed the following audit procedures to address this key audit matter:

- *We involved IT specialists in evaluating the risks associated with the Group's IT environment in respect of its financial reporting processes.*
- *We understood the IT systems and controls that support the financial reporting process and assessed the effectiveness of the design, implementation and operation of the associated key controls designed to maintain the integrity of the key financial reporting systems. This assessment included evaluating:*
    i. Change management controls: The processes and controls to develop, test and authorise changes to the functionality and configurations within systems;

ii. Pengendalian atas keamanan akses: Pengendalian akses pengguna dirancang untuk melaksanakan pemisahan tugas, mengatur penggunaan akun umum dan akses istimewa atau proses otorisasi atas perubahan data;

iii. Pengendalian atas operasional TI: Pengendalian atas operasional dilaksanakan untuk mengelola risiko keuangan yang mungkin akan terjadi dari setiap masalah operasional TI; dan

iv. Pengendalian pengembangan sistem: Pengendalian atas pengembangan, konfigurasi dan implementasi dari sistem baru atau yang sudah ada.

- Kami menguji pengendalian TI Grup atas sistem yang relevan dengan audit kami dan pengendalian utama yang bergantung pada TI yang mendukung proses pelaporan keuangan, seperti penghitungan otomatis sistem, pemrosesan transaksi, pembuatan laporan dan perpindahan data antar sistem. Pengujian kami mencakup pemeriksaan konfigurasi sistem yang relevan dan pengujian keluaran sistem, berdasarkan uji petik.

ii. Access security controls: The access controls designed to enforce segregation of duties, govern the use of generic and high privileged accounts or the authorisation process to change the data;

iii. IT operation related controls: The controls over operations to manage the financial risks that may arise from any IT operation issues; and

iv. System development controls: The controls associated with developing, configuring, and implementing new or existing systems.

- *We tested the Group's IT controls over systems that were relevant to our audit and the key IT dependent controls supporting the financial reporting process, such as the automated system calculations, transaction processing, generation of reports and data interfaces between systems. Our testing included the inspection of relevant system configurations and testing system outputs, on a sample basis.*

Informasi lain

Manajemen bertanggung jawab atas informasi lain. Informasi lain terdiri dari informasi yang tercantum dalam laporan tahunan, tetapi tidak termasuk laporan keuangan konsolidasian dan laporan auditor kami. Laporan tahunan diharapkan akan tersedia bagi kami setelah tanggal laporan auditor ini.

Opini kami atas laporan keuangan konsolidasian tidak mencakup informasi lain, dan oleh karena itu, kami tidak menyatakan bentuk keyakinan apapun atas informasi lain tersebut.

Sehubungan dengan audit kami atas laporan keuangan konsolidasian, tanggung jawab kami adalah untuk membaca informasi lain yang teridentifikasi di atas ketika tersedia dan, dalam melaksanakannya, mempertimbangkan apakah informasi lain mengandung inkonsistensi material dengan laporan keuangan konsolidasian atau pemahaman yang kami peroleh selama audit, atau mengandung kesalahan penyajian material.

Other information

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the consolidated financial statements and our auditors' report thereon. The annual report is expected to be made available to us after the date of this auditors' report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Ketika kami membaca laporan tahunan, jika kami menyimpulkan bahwa terdapat suatu kesalahan penyajian material di dalamnya, kami diharuskan untuk mengomunikasikan hal tersebut kepada pihak yang bertanggung jawab atas tata kelola dan mengambil tindakan tepat berdasarkan Standar Audit yang ditetapkan oleh Institut Akuntan Publik Indonesia.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions in accordance with Standards on Auditing established by the Indonesian Institute of Certified Public Accountants.

Tanggung Jawab Manajemen dan Pihak yang Bertanggung Jawab atas Tata Kelola terhadap Laporan Keuangan Konsolidasian

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Manajemen bertanggung jawab atas penyusunan dan penyajian wajar laporan keuangan konsolidasian tersebut sesuai dengan Standar Akuntansi Keuangan Indonesia, dan atas pengendalian internal yang dianggap perlu oleh manajemen untuk memungkinkan penyusunan laporan keuangan konsolidasian yang bebas dari kesalahan penyajian material, baik yang disebabkan oleh kecurangan maupun kesalahan.

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Indonesian Financial Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Dalam penyusunan laporan keuangan konsolidasian, manajemen bertanggung jawab untuk menilai kemampuan Grup dalam mempertahankan kelangsungan usahanya, mengungkapkan, sesuai dengan kondisinya, hal-hal yang berkaitan dengan kelangsungan usaha, dan menggunakan basis akuntansi kelangsungan usaha, kecuali manajemen memiliki intensi untuk melikuidasi Grup atau menghentikan operasi, atau tidak memiliki alternatif yang realistis selain melaksanakannya.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Pihak yang bertanggung jawab atas tata kelola bertanggung jawab untuk mengawasi proses pelaporan keuangan Grup.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Tanggung jawab auditor terhadap audit atas laporan keuangan konsolidasian

Auditors' responsibilities for the audit of the consolidated financial statements

Tujuan kami adalah untuk memperoleh keyakinan memadai tentang apakah laporan keuangan konsolidasian secara keseluruhan bebas dari kesalahan penyajian material, baik yang disebabkan oleh kecurangan maupun kesalahan, dan untuk menerbitkan laporan auditor yang mencakup opini kami. Keyakinan memadai merupakan suatu tingkat keyakinan tinggi, namun bukan merupakan suatu jaminan bahwa audit yang dilaksanakan berdasarkan Standar Audit akan selalu mendeteksi kesalahan penyajian material ketika hal tersebut ada. Kesalahan penyajian dapat disebabkan oleh kecurangan maupun kesalahan dan dianggap material jika, baik secara individual maupun secara agregat, dapat diekspektasikan secara wajar akan memengaruhi keputusan ekonomi yang diambil oleh pengguna berdasarkan laporan keuangan konsolidasian tersebut.

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

Sebagai bagian dari suatu audit berdasarkan Standar Audit, kami menerapkan pertimbangan profesional dan mempertahankan skeptisisme profesional selama audit. Kami juga:

- Mengidentifikasi dan menilai risiko kesalahan penyajian material dalam laporan keuangan konsolidasian, baik yang disebabkan oleh kecurangan maupun kesalahan, merancang dan melaksanakan prosedur audit yang responsif terhadap risiko tersebut, serta memperoleh bukti audit yang cukup dan tepat untuk menyediakan basis bagi opini kami. Risiko tidak terdeteksinya kesalahan penyajian material yang disebabkan oleh kecurangan lebih tinggi dari yang disebabkan oleh kesalahan, karena kecurangan dapat melibatkan kolusi, pemalsuan, penghilangan secara sengaja, pernyataan salah, atau pengabaian pengendalian internal.
- Memperoleh suatu pemahaman tentang pengendalian internal yang relevan dengan audit untuk merancang prosedur audit yang tepat sesuai dengan kondisinya, tetapi bukan untuk tujuan menyatakan opini atas efektivitas pengendalian internal Grup.
- Mengevaluasi ketepatan kebijakan akuntansi yang digunakan serta kewajaran estimasi akuntansi dan pengungkapan terkait yang dibuat oleh manajemen.
- Menyimpulkan ketepatan penggunaan basis akuntansi kelangsungan usaha oleh manajemen dan, berdasarkan bukti audit yang diperoleh, apakah terdapat suatu ketidakpastian material yang terkait dengan peristiwa atau kondisi yang dapat menyebabkan keraguan signifikan atas kemampuan Grup untuk mempertahankan kelangsungan usahanya. Ketika kami menyimpulkan bahwa terdapat suatu ketidakpastian material, kami diharuskan untuk menarik perhatian dalam laporan auditor kami ke pengungkapan terkait dalam laporan keuangan konsolidasian atau, jika pengungkapan tersebut tidak memadai, harus menentukan apakah perlu untuk memodifikasi opini kami. Kesimpulan kami didasarkan pada bukti audit yang diperoleh hingga tanggal laporan auditor kami. Namun, peristiwa atau kondisi masa depan dapat menyebabkan Grup tidak dapat mempertahankan kelangsungan usaha.
- Mengevaluasi penyajian, struktur, dan isi laporan keuangan konsolidasian secara keseluruhan, termasuk pengungkapannya, dan apakah laporan keuangan konsolidasian mencerminkan transaksi dan peristiwa yang mendasarinya dengan suatu cara yang mencapai penyajian wajar.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- *Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.*
- *Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.*
- *Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.*
- *Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.*
- *Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.*

- Merencanakan dan melaksanakan audit grup untuk memperoleh bukti audit yang cukup dan tepat terkait informasi keuangan entitas atau unit bisnis dalam Grup sebagai basis untuk merumuskan opini atas laporan keuangan grup. Kami bertanggung jawab atas arahan, supervisi, dan penelaahan atas pelaksanaan pekerjaan audit untuk tujuan audit grup. Kami tetap bertanggung jawab sepenuhnya atas opini audit kami.

- *Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.*

Kami mengomunikasikan kepada pihak yang bertanggung jawab atas tata kelola mengenai, antara lain, ruang lingkup dan saat yang direncanakan atas audit, serta temuan audit signifikan, termasuk setiap defisiensi signifikan dalam pengendalian internal yang teridentifikasi oleh kami selama audit.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Kami juga memberikan suatu pernyataan kepada pihak yang bertanggung jawab atas tata kelola bahwa kami telah mematuhi ketentuan etika yang relevan mengenai independensi, dan mengomunikasikan seluruh hubungan serta hal-hal lain yang dianggap secara wajar berpengaruh terhadap independensi kami, dan, jika relevan, langkah yang diambil untuk menghilangkan ancaman atau pengamanan yang diterapkan.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

Dari hal-hal yang dikomunikasikan kepada pihak yang bertanggung jawab atas tata kelola, kami menentukan hal-hal tersebut yang paling signifikan dalam audit atas laporan keuangan konsolidasian periode kini dan oleh karenanya menjadi hal audit utama. Kami menguraikan hal audit utama dalam laporan auditor kami, kecuali peraturan perundang-undangan melarang pengungkapan publik tentang hal tersebut atau ketika, dalam kondisi yang sangat jarang terjadi, kami menentukan bahwa suatu hal tidak boleh dikomunikasikan dalam laporan kami karena konsekuensi merugikan dari mengomunikasikan hal tersebut akan diekspektasikan secara wajar melebihi manfaat kepentingan publik atas komunikasi tersebut.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

1. INFORMASI UMUM

a. Pendirian Bank

PT Bank Negara Indonesia (Persero) Tbk ("BNI" atau "Bank") pada awalnya didirikan di Indonesia sebagai bank sentral dengan nama "Bank Negara Indonesia" berdasarkan Peraturan Pemerintah Pengganti Undang-Undang No. 2 tahun 1946 tanggal 5 Juli 1946. Selanjutnya, berdasarkan Undang-Undang No. 17 tahun 1968, BNI ditetapkan menjadi "Bank Negara Indonesia 1946", dan statusnya menjadi Bank Umum Milik Negara.

Berdasarkan Peraturan Pemerintah No. 19 tahun 1992, tanggal 29 April 1992, telah dilakukan penyesuaian bentuk hukum BNI menjadi perusahaan perseroan terbatas (Persero). Penyesuaian bentuk hukum menjadi Persero, dinyatakan dalam Akta No. 131, tanggal 31 Juli 1992, dibuat di hadapan Muhani Salim, S.H., yang telah diumumkan dalam Berita Negara Republik Indonesia No. 73 tanggal 11 Desember 1992 Tambahan No. 1A.

Untuk memenuhi ketentuan Undang-Undang No. 40 Tahun 2007 tanggal 16 Agustus 2007 tentang Perseroan Terbatas, Anggaran Dasar BNI telah dilakukan penyesuaian. Penyesuaian tersebut dinyatakan dalam Akta No. 46 tanggal 13 Juni 2008 yang dibuat di hadapan Fathiah Helmi, S.H., notaris di Jakarta, berdasarkan keputusan Rapat Umum Pemegang Saham Luar Biasa tanggal 28 Mei 2008 dan telah mendapat persetujuan dari Menteri Hukum dan Hak Asasi Manusia Republik Indonesia, dengan Surat Keputusan No. AHU-AH.01.02-50609 tanggal 12 Agustus 2008 dan telah diumumkan dalam Berita Negara Republik Indonesia No. 103 tanggal 23 Desember 2008 Tambahan No. 29015.

Anggaran Dasar BNI sebagaimana termaktub dalam Akta Pernyataan Keputusan RUPS Luar Biasa Nomor 18 tanggal 19 Desember 2023 Notaris Ashoya Ratam, S.H., M.Kn. yang telah mendapatkan persetujuan dari Menteri Hukum dan Hak Asasi Manusia Republik Indonesia dengan Surat Nomor AHU-AH.01.03-0119983 tanggal 19 Desember 2023 dan telah diubah berdasarkan Akta Pernyataan Keputusan RUPS Tahunan Nomor 27 tanggal 22 April 2025 oleh Notaris Ashoya Ratam, S.H., M.Kn. yang telah diterima dan dicatat oleh Menteri Hukum dan Hak Asasi Manusia Republik Indonesia dengan Surat No. AHU-AH.01.03-0110504 tanggal 23 April 2025.

1. GENERAL INFORMATION

a. Establishment of the Bank

PT Bank Negara Indonesia (Persero) Tbk ("BNI" or "Bank") was originally established in Indonesia as the central bank under the name "Bank Negara Indonesia" based on Government Regulation in Lieu of Law No. 2 of 1946 dated 5 July 1946. Subsequently, by virtue of Law No. 17 of 1968, BNI became "Bank Negara Indonesia 1946", and changed its status to a state-owned commercial bank.

Based on Government Regulation No. 19 of 1992, dated 29 April 1992, BNI changed its legal status to a limited liability corporation (Persero). The change in legal status to become a limited liability corporation was covered by Notarial Deed No. 131, dated 31 July 1992 of Muhani Salim, S.H., and was published in Supplement No. 1A of the State Gazette No. 73 dated 11 December 1992.

In compliance with the Indonesian Limited Liability Company Law No. 40 Year 2007 dated 16 August 2007, BNI's Articles of Association has been amended. The amendment was covered by Notarial Deed No. 46 dated 13 June 2008 of Fathiah Helmi, S.H., a notary in Jakarta, as approved in the Extraordinary General Shareholders' Meeting on 28 May 2008 and approved by the Minister of Laws and Human Rights of the Republic of Indonesia, in its Decision Letter No. AHU-AH.01.02-50609 dated 12 August 2008 and published in Supplement No. 29015 of the State Gazette No. 103 dated 23 December 2008.

BNI's Articles of Association as stated on Notarial Deed No. 18 dated 19 December 2023 of Ashoya Ratam, S.H., M.Kn. and has been approved by the Minister of Laws and Human Rights of the Republic of Indonesia, in its decision letter No. AHU-AH.01.03-0119983 dated 19 December 2023 has been amended as stated in the Notarial Deed of Extraordinary General Shareholders' Meeting No. 27 dated 22 April 2025 by Notary Ashoya Ratam, S.H., M.KN., which has been approved by the Minister of Law and Human Rights of the Republic of Indonesia in its decision letter No. AHU-AH.01.03-0110504 dated 23 April 2025.

1. INFORMASI UMUM (lanjutan)

a. Pendirian Bank (lanjutan)

Berdasarkan Pasal 3 Anggaran Dasar BNI, ruang lingkup kegiatan BNI adalah melakukan usaha di bidang perbankan umum.

b. Penawaran Umum Perdana Saham ("IPO")

Pada tanggal 28 Oktober 1996, BNI melakukan penawaran umum perdana atas 1.085.032.000 saham Seri B dengan nilai nominal sebesar Rp500 (nilai penuh) setiap saham dan harga penawaran setiap saham sebesar Rp850 (nilai penuh) kepada masyarakat di Indonesia. Saham yang ditawarkan tersebut mulai diperdagangkan di Bursa Efek Jakarta dan Surabaya (sekarang Bursa Efek Indonesia atau BEI) pada tanggal 25 November 1996.

c. Penawaran Umum Saham Terbatas I

Pada tanggal 30 Juni 1999, BNI melakukan Penawaran Umum Terbatas I dalam rangka penerbitan Hak Memesan Efek Terlebih Dahulu (HMETD) sebanyak 151.904.480.000 saham Seri C dengan nilai nominal sebesar Rp25 (nilai penuh) setiap saham. Setiap pemegang 1 saham lama berhak membeli 35 saham baru dengan harga Rp347,58 (nilai penuh) setiap saham. Dari penawaran umum ini, BNI meningkatkan modal sahamnya sebanyak 683.916.500 lembar saham Seri C yang diterbitkan kepada masyarakat umum pada tanggal 21 Juli 1999 dan terdaftar di Bursa Efek Jakarta dan Surabaya (sekarang BEI). BNI juga menerbitkan 151.220.563.500 lembar saham Seri C kepada Pemerintah Indonesia pada tanggal 7 April 2000 dan 30 Juni 2000 melalui program rekapitalisasi berdasarkan Peraturan Pemerintah No. 52 tahun 1999.

d. Rekapitalisasi

Pada tanggal 30 Maret 2000, Menteri Keuangan menyetujui rekapitalisasi BNI sebesar Rp61,8 triliun, yang meningkat sebesar Rp9 triliun dibandingkan dengan jumlah yang ditetapkan dalam Peraturan Pemerintah No. 52 tahun 1999. Sehubungan dengan peningkatan rekapitalisasi tersebut, yang telah disetujui melalui Peraturan Pemerintah No. 32 tahun 2000, BNI menerbitkan tambahan saham Seri C sebanyak 44.946.404.500 saham tanpa Hak Memesan Efek Terlebih Dahulu.

***1. GENERAL INFORMATION** (continued)*

***a. Establishment of the Bank** (continued)*

According to Article 3 of BNI's Articles of Association, BNI's scope of activity is to engage in general banking services.

b. Initial Public Offering ("IPO")

On 28 October 1996, BNI undertook an initial public offering of 1,085,032,000 Class B shares with a par value per share of Rp500 (full amount) and offering price per share of Rp850 (full amount) to the public in Indonesia. The shares began trading on the Jakarta and Surabaya Stock Exchanges (currently Indonesia Stock Exchange or IDX) on 25 November 1996.

c. Limited Public Offering I

On 30 June 1999, BNI undertook a Limited Public Offering I ("LPO I") through the issuance of pre-emptive rights of 151,904,480,000 Class C shares with a par value per share of Rp25 (full amount). Each holder of 1 share was entitled to buy 35 new shares for Rp347.58 (full amount) per share. As a result of LPO I, BNI increased its capital by 683,916,500 Class C shares issued to the public on 21 July 1999 and the LPO I listed in the Jakarta and Surabaya Stock Exchanges (currently IDX). On 7 April 2000 and 30 June 2000, BNI also issued 151,220,563,500 Class C shares to the Government of Indonesia through the recapitalization program under the Government Regulation No. 52 year 1999.

d. Recapitalization

On 30 March 2000, the Ministry of Finance approved BNI's recapitalization amounting to Rp61.8 trillion, which was Rp9 trillion higher than the amount stated in the Government Regulation No. 52 year 1999. In connection with the increase in the recapitalization amount, which was approved in the Government Regulation No. 32 year 2000, BNI issued additional 44,946,404,500 Class C shares without pre-emptive rights.

1. INFORMASI UMUM (lanjutan)

d. Rekapitalisasi (lanjutan)

Pada tanggal 20 Juli 2001, modal saham BNI berkurang sebanyak 1.965.701.500 saham Seri C sehubungan dengan pengembalian kelebihan dana rekapitalisasi kepada Pemerintah Indonesia. Pengembalian tersebut telah disetujui oleh pemegang saham dalam Rapat Umum Pemegang Saham Luar Biasa pada tanggal 25 Juni 2001.

e. Kuasi-reorganisasi

Untuk menghilangkan konsekuensi negatif karena dibebani dengan saldo rugi, BNI melakukan kuasi-reorganisasi sesuai keputusan Rapat Umum Pemegang Saham Luar Biasa ("RUPS-LB") tanggal 15 Desember 2003.

Penyesuaian kuasi-reorganisasi yang telah dibukukan pada tanggal 30 Juni 2003 adalah sebagai berikut:

Akumulasi kerugian	(58,905,232)	*Accumulated losses*
Cadangan umum dan wajib	432,952	*General and legal reserve*
Cadangan khusus	382,541	*Specific reserve*
Selisih penilaian kembali aktiva tetap	1,190,598	*Fixed assets revaluation reserve*
Laba yang belum direalisasi atas efek-efek dalam kelompok tersedia untuk dijual	58,660	*Unrealised gain on available for sale securities*
Kenaikan penilaian kembali nilai wajar aktiva bersih	2,472,634	*Revaluation uplift in the fair value of net assets*
Tambahan modal disetor	54,367,847	*Additional paid-in capital*
	-	

Anggaran Dasar BNI telah mengalami perubahan sehubungan dengan perubahan tambahan modal disetor karena adanya kuasi-reorganisasi sesuai dengan Akta Notaris Agung Prihatin, S.H., No. 42 tanggal 30 Desember 2003 dan telah disahkan oleh Menteri Hukum dan Hak Asasi Manusia Republik Indonesia berdasarkan surat keputusan No. C-29647.HT.01.07.TH.2003 tanggal 19 Desember 2003 dan diumumkan pada Berita Negara Republik Indonesia No. 1152 tanggal 30 Januari 2004, Tambahan No. 9.

f. Penawaran Umum Saham Terbatas II

Pada tanggal 30 Juli 2007, pada Rapat Umum Pemegang Saham Luar Biasa ("RUPSLB"), Pemegang Saham telah memutuskan untuk melakukan Penawaran Umum Terbatas II kepada para pemegang saham dalam rangka penerbitan sampai dengan sejumlah 1.992.253.110 saham Seri C baru dengan nilai nominal Rp375 (nilai penuh) setiap lembar saham.

***1. GENERAL INFORMATION** (continued)*

***d. Recapitalization** (continued)*

On 20 July 2001, BNI's capital was reduced by 1,965,701,500 Class C shares in connection with the refund of excess recapitalization funds to the Government of Indonesia. The refund was approved by the shareholders at the Extraordinary General Shareholders' Meeting held on 25 June 2001.

e. Quasi-reorganization

In order for BNI to eliminate the negative consequences of being burdened by accumulated losses, BNI undertook quasi-reorganization as approved in the Extraordinary General Shareholders' Meeting ("RUPS-LB") on 15 December 2003.

The quasi-reorganization adjustments which were booked on 30 June 2003 were as follows:

BNI's Articles of Association were amended to reflect the changes in additional paid-in capital as a result of quasi-reorganization, based on Notarial Deed of Agung Prihatin, S.H., No. 42 dated 30 December 2003 which was approved by the Minister of Law and Human Rights of the Republic of Indonesia in its decision letter No. C-29647.HT.01.07.TH.2003 dated 19 December 2003 and was published in the State Gazette No. 1152, Supplement No. 9 dated 30 January 2004.

f. Limited Public Offering II

On 30 July 2007, the Extraordinary General Shareholders' Meeting approved the issuance of up to 1,992,253,110 new Class C shares through Limited Public Offering II to shareholders with a par value per share of Rp375 (full amount).

1. INFORMASI UMUM (lanjutan)

f. Penawaran Umum Saham Terbatas II (lanjutan)

Setiap pemegang 20 saham lama yang namanya tercatat dalam Daftar Pemegang Saham BNI pada tanggal 9 Agustus 2007 pukul 16.00 WIB mempunyai 3 HMETD, dimana setiap 1 HMETD memberikan hak kepada pemegangnya untuk membeli sebanyak 1 saham baru dengan harga pelaksanaan Rp2.025 (nilai penuh) setiap saham. Dari Penawaran Umum Terbatas II, BNI mendapatkan tambahan modal disetor sebesar Rp747.094 dan tambahan agio saham sebesar Rp3.287.218 dan biaya emisi penerbitan saham sebesar Rp195.280.

Perdagangan perdana dilaksanakan pada tanggal 13 Agustus 2007 di Bursa Efek Jakarta dan Bursa Efek Surabaya (sekarang BEI).

g. Penawaran Umum Saham Terbatas III

Pada tanggal 25 November 2010, dalam Rapat Umum Pemegang Saham Luar Biasa (RUPSLB), Pemegang Saham telah memutuskan antara lain untuk menyetujui peningkatan modal ditempatkan dan disetor BNI melalui Penawaran Umum Terbatas III (PUT III) dengan penerbitan HMETD sebesar 3.374.715.948 saham Seri C baru dengan nilai nominal Rp375 (nilai penuh) setiap lembar saham. HMETD tersebut dapat diperdagangkan di dalam dan di luar Bursa Efek Indonesia (BEI) mulai tanggal 10 Desember 2010 sampai dengan 16 Desember 2010, dengan memperhatikan ketentuan yang berlaku di bidang pasar modal. Dari PUT III tersebut, BNI mendapatkan tambahan modal disetor sebesar Rp1.265.519 dan tambahan agio saham, bersih setelah dikurangkan dengan biaya emisi penerbitan saham, sebesar Rp8.950.869.

h. Pemecahan nilai nominal saham BNI

Berdasarkan keputusan RUPSLB tanggal 19 Desember 2023 yang dituangkan dalam Akta No. 18, tanggal 19 Desember 2023, yang dibuat dihadapan Ashoya Ratam S.H., M.KN, pemegang saham BNI antara lain menyetujui pemecahan nilai nominal saham *(stock split)* Bank dengan rasio 1:2 yang berlaku efektif pada tanggal 10 Oktober 2023 (lihat Catatan 33).

***1. GENERAL INFORMATION** (continued)*

***f. Limited Public Offering II** (continued)*

Each owner of 20 old shares whose name was registered in the List of Shareholders of BNI as of 9 August 2007 at 16.00 WIB was entitled to 3 pre-emptive rights where each right entitles the owner to buy a new share at the price of Rp2,025 (full amount) per share. From the Limited Public Offering II, BNI raised Rp747,094 additional share capital and Rp3,287,218 additional paid-in capital and Rp195,280 shares issuance cost.

The initial trading took place on 13 August 2007 at the Jakarta Stock Exchange and Surabaya Stock Exchange (currently IDX).

g. Limited Public Offering III

On 25 November 2010, at the Extraordinary General Shareholders' Meeting, the shareholders decided, among other matters, to increase the issued and paid-up capital through limited public offering (LPO III) with pre-emptive right to shareholders for the issuance of 3,374,715,948 new Class C shares with a par value per share of Rp375 (full amount). Such pre-emptive rights can be traded inside and outside the Indonesia Stock Exchange (IDX) starting 10 December 2010 until 16 December 2010, with consideration to the existing capital market regulation. From the LPO III, BNI obtained Rp1,265,519 additional share capital and Rp8,950,869 additional paid-in capital, net of shares issuance cost.

h. Stock split of BNI

Based on the decision of the Extraordinary General Meeting of Shareholders (RUPSLB) dated 19 December 2023, as stated in Deed No. 18 dated 19 December 2023, as recorded in the Notarial Deed of Ashoya Ratam, S.H., M.KN., the shareholders of BNI, among others, approved the nominal value split (stock split) of the Bank with a ratio of 1:2, effective from 10 October 2023 (see Note 33).

1. INFORMASI UMUM (lanjutan)

i. Organisasi dan Struktur Manajemen

Susunan Dewan Komisaris dan Direksi BNI pada tanggal 15 Desember 2025 dan 31 Desember 2024 yang ditetapkan masing-masing berdasarkan Berita Acara RUPS Tahunan BNI yang dinyatakan dengan Akta Notaris No. 02 tanggal 15 Desember 2025, dan Akta Notaris No. 3 tanggal 4 Maret 2024 adalah sebagai berikut:

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL

Laporan keuangan konsolidasian BNI dan Entitas Anak ("Grup") ini diselesaikan dan diotorisasi untuk terbit oleh Direksi pada tanggal 2 Februari 2026.

Kebijakan akuntansi material yang diterapkan dalam penyusunan laporan keuangan konsolidasian BNI dan Entitas Anak ("Grup") adalah seperti dijabarkan di bawah ini:

a. Dasar penyusunan laporan keuangan konsolidasian

Berikut ini adalah ikhtisar kebijakan akuntansi material yang diterapkan dalam penyusunan laporan keuangan konsolidasian Grup yang disusun berdasarkan Standar Akuntansi Keuangan di Indonesia yang mencakup Pernyataan Standar Akuntansi Keuangan ("PSAK") dan Interpretasi Standar Akuntansi Keuangan ("ISAK") yang diterbitkan oleh Ikatan Akuntan Indonesia dan Peraturan No. VIII.G.7 tentang Penyajian dan Pengungkapan Laporan Keuangan Emiten atau Perusahaan Publik, yang terlampir dalam surat keputusan No. KEP-347/BL/2012. Peraturan tersebut sekarang merupakan regulasi dari Otoritas Jasa Keuangan ("OJK").

2. MATERIAL ACCOUNTING POLICY INFORMATION

The consolidated financial statements of BNI and its Subsidiaries ("Group") were completed and authorised for issuance by the Board of Directors on 2 February 2026.

The material accounting policies adopted in preparing the consolidated financial statements of BNI and Subsidiaries ("Group") are set out below:

a. Basis of preparation of the consolidated financial statements

Presented below are the summary of material accounting policies applied in the preparation of the consolidated financial statements of the Group in accordance with Indonesian Financial Accounting Standards which comprise of Statements of Financial Accounting Standards ("SFAS") and Interpretation of Financial Accounting Standards ("ISFAS") issued by Institute of Indonesian Chartered Accountant and Regulation No. VIII.G.7 regarding the Presentations and Disclosures of Financial Statements of Listed Entity, enclosed in the decision letter No. KEP-347/BL/2012. The regulation is now a regulation under Indonesian Financial Services Authority ("OJK").

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

a. Dasar penyusunan laporan keuangan konsolidasian (lanjutan)

Laporan keuangan konsolidasian disusun sesuai dengan PSAK 201, "Penyajian Laporan Keuangan".

Laporan keuangan konsolidasian telah disajikan berdasarkan konsep harga perolehan, yang dimodifikasi oleh revaluasi tanah dan bangunan, aset keuangan yang diukur pada nilai wajar melalui penghasilan komprehensif lain, aset dan liabilitas keuangan (termasuk instrumen derivatif) yang diukur pada nilai wajar melalui laba rugi, serta disusun dengan dasar akrual, kecuali laporan arus kas konsolidasian.

Laporan arus kas konsolidasian disusun dengan menggunakan metode langsung dengan mengelompokkan arus kas dalam aktivitas operasi, investasi dan pendanaan. Kas dan setara kas terdiri dari kas, giro pada Bank Indonesia dan giro pada bank lain, penempatan pada bank lain dan Sertifikat Bank Indonesia yang jatuh tempo dalam waktu 3 bulan atau kurang sejak tanggal perolehan, sepanjang tidak digunakan sebagai jaminan atas pinjaman yang diterima serta tidak dibatasi penggunaannya.

Pos-pos dalam penghasilan komprehensif lainnya disajikan terpisah antara akun-akun yang akan direklasifikasikan ke laba rugi dan akun-akun yang tidak akan direklasifikasikan ke laba rugi.

Mata uang pelaporan yang digunakan dalam laporan keuangan konsolidasian adalah mata uang Rupiah (Rp). Angka-angka yang disajikan dalam laporan keuangan konsolidasian, kecuali bila dinyatakan secara khusus, adalah dibulatkan dalam jutaan Rupiah.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

a. Basis of preparation of the consolidated financial statements *(continued)*

The consolidated financial statements are prepared in accordance with SFAS 201, "Presentation of Financial Statements".

The consolidated financial statements have been prepared on a historical cost basis, as modified by revaluation of land and buildings, financial assets at fair value through other comprehensive income, financial assets and liabilities (including derivative instruments) at fair value through profit or loss, and under the accrual basis of accounting, except for consolidated statements of cash flows.

The consolidated statements of cash flows are prepared in the direct method with cash flows classified into operating, investing and financing activities. Cash and cash equivalents consist of cash, current accounts with Bank Indonesia and current accounts with other banks, placements with other banks and Certificates of Bank Indonesia maturing within 3 months from the date of acquisition, and which are not pledged as collateral for borrowings nor restricted.

Items within other comprehensive income are classified separately, between accounts which will be reclassified to profit or loss and which will not be reclassified to profit or loss.

The reporting currency used for the consolidated financial statements is the Indonesian Rupiah (Rp). Unless otherwise stated, all figures presented in the consolidated financial statements are rounded off to millions of Rupiah.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

b. Perubahan Pernyataan Standar Akuntansi Keuangan dan Interpretasi Standar Akuntansi Keuangan

Berikut ini adalah standar akuntansi keuangan, perubahan dan interpretasi standar akuntansi keuangan yang berlaku efektif sejak 1 Januari 2025.

- PSAK 117: "Kontrak Asuransi";
- Amendemen PSAK 117: "Kontrak Asuransi" terkait Penerapan Awal PSAK 117 dan PSAK 109 - Informasi Komparatif; dan
- Amendemen PSAK 221: "Pengaruh Perubahan Kurs Valuta Asing" terkait kondisi ketika suatu mata uang tidak tertukarkan.

PSAK 117: "Kontrak Asuransi"

Grup menerapkan PSAK 117 untuk kontrak asuransi dan kontrak reasuransi yang dimiliki oleh Grup. Kontrak asuransi adalah kontrak di mana Grup menerima risiko asuransi yang signifikan dari pemegang polis, di mana hal tersebut dapat menyebabkan Grup membayar jumlah tambahan yang signifikan dalam skenario tunggal dengan substansi komersial. Perhitungan atas liabilitas kontrak akuntansi didasarkan pada kelompok kontrak asuransi dan akan mencakup arus kas pemenuhan, serta margin layanan kontraktual (CSM), yang merupakan laba yang belum diperoleh.

PSAK 117 menentukan prinsip-prinsip untuk pengakuan, pengukuran, penyajian, dan pengungkapan kontrak asuransi serta menggantikan PSAK 104 "Kontrak Asuransi" yang berlaku sebelumnya.

Dalam PSAK 117, ada tiga model pengukuran baru yang diperkenalkan, yang terdiri dari *General Measurement Model* (GMM), *Variable Fee Approach* (VFA), dan *Premium Allocation Approach* (PAA).

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

b. Changes to Statements of Financial Accounting Standards and Interpretations of Statements of Financial Accounting Standards

The followings are financial accounting standard, amendments and interpretation of financial accounting standard which become effective starting 1 January 2025.

- *SFAS 117: "Insurance Contract";*
- *Amendment of SFAS 117: "Insurance Contract" regarding Initial Application of SFAS 117 and SFAS 109 - Comparative Information; and*
- *Amendment of SFAS 221: "The Effect of Changes in Foreign Exchange Rates" regarding to conditions when a currency is not exchangeable.*

SFAS 117: "Insurance Contract"

The Group applies SFAS 117 to insurance contracts and reinsurance contracts held by the Group. Insurance contracts are contracts under which the Group accepts significant insurance risk from policyholder, where it can cause the Group to pay significant additional amounts in any single scenario with commercial substance. The measurement of insurance contract liabilities is based on groups of insurance contracts and includes the fulfilment cash flows as well as the Contractual Service Margin (CSM), which represents unearned profit.

SFAS 117 defines principles for the recognition, measurement, presentation and disclosure of insurance contracts and supersedes the SFAS 104 "Insurance Contracts".

In SFAS 117, there are three new measurement models introduced under, consisting of the General Measurement Model (GMM), Variable Fee Approach (VFA), and Premium Allocation Approach (PAA).

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

b. Perubahan Pernyataan Standar Akuntansi Keuangan dan Interpretasi Standar Akuntansi Keuangan (lanjutan)

PSAK 117: "Kontrak Asuransi" (lanjutan)

Grup menerapkan pendekatan secara retrospektif penuh untuk kontrak asuransi yang dibuat pada tahun 2022 hingga 2023 dan pendekatan nilai wajar untuk kontrak asuransi yang dibuat pada tahun 2021 dan sebelumnya

PSAK 117 mengharuskan pemisahan derivatif melekat, komponen investasi, dan kewajiban pelaksanaan untuk menyediakan barang dan jasa non-asuransi, jika kondisi tertentu terpenuhi. Komponen yang dipisahkan perlu dicatat secara terpisah sesuai dengan PSAK 109 Instrumen Keuangan (derivatif melekat dan komponen investasi) atau PSAK 115 (barang dan jasa non-asuransi). Pengukuran tidak dilakukan pada tingkat kontrak individu, tetapi berdasarkan kelompok kontrak. Untuk mengalokasikan kontrak asuransi individu ke dalam kelompok kontrak, suatu entitas pertama-tama perlu mendefinisikan portofolio yang mencakup kontrak dengan risiko serupa yang dikelola bersama.

Dampak penerapan awal PSAK 117 mencakup hal-hal berikut:

- Perubahan kebijakan akuntasi sebagai dampak dari penerapan PSAK 117 harus menerapkan pendekatan retrospektif penuh sejauh yang dapat dilaksanakan. Grup dapat menerapkan pendekatan retrospektif yang dimodifikasi dan pendekatan nilai wajar apabila pendekatan retrospektif penuh tidak dapat dilaksanakan dalam menentukan jumlah transisi pada tanggal transisi.
- Standar ini memperkenalkan diskonto wajib atas cadangan kerugian, transparansi yang lebih tinggi atas portofolio merugi yang disebabkan oleh pengujian kontrak yang lebih rinci, dan pengenalan penyesuaian risiko untuk risiko non-finansial yang serupa dengan Provision of Risk Margin for Adverse Deviation (PAD) pada liabilitas klaim di PSAK 104. Standar tersebut mengharuskan tingkat diskonto ditentukan menggunakan data pasar yang dapat diobservasi berdasarkan kurva dasar bebas risiko dan penyesuaian khusus portofolio untuk mencerminkan tidak likuidnya liabilitas asuransi.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***b. Changes to Statements of Financial Accounting Standards and Interpretations of Statements of Financial Accounting Standards** (continued)*

SFAS 117: "Insurance Contract" (continued)

The Group applies the full retrospective approach for insurance contracts issued during 2022 and 2023, and the fair value approach for insurance contracts issued in 2021 and prior periods.

SFAS 117 requires the separation of embedded derivatives, investment components, and performance obligations to provide non-insurance goods and services, if certain conditions are met. The separated components need to be accounted for separately according to SFAS 109 Financial Instruments (embedded derivatives and investment components) or SFAS 115 (non-insurance goods and services). Measurement is not carried out at the level of individual contracts, but on the basis of groups of contracts. To allocate individual insurance contracts to groups of contracts, an entity first needs to define portfolios which include contracts with similar risks that are managed together.

The impact of initial application of SFAS 117 include the following:

- *Changes in accounting policies resulting from the adoption of SFAS 117 shall apply with full retrospective approach to the extent practicable. The Company adopts the modified retrospective approach or fair value approach when it is impracticable to use a full retrospective approach in determining transition amounts at the SFAS transition date..*
- *The standard introduces mandatory discounting of loss reserves, higher transparency of loss-making portfolios due to more granular onerous contract testing, and the introduction of risk adjustment for non-financial risk which is similar to the Provision of Risk Margin for Adverse Deviation (PAD) in SFAS 104 for claim liabilities. The standard requires the discount rates to be determined using observable market data based on a risk-free base curve and portfolio specific adjustments to reflect the illiquidity of insurance liabilities.*

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

b. Perubahan Pernyataan Standar Akuntansi Keuangan dan Interpretasi Standar Akuntansi Keuangan (lanjutan)

PSAK 117: "Kontrak Asuransi" (lanjutan)

Dampak penerapan awal PSAK 117 mencakup hal-hal berikut: (lanjutan)

- PSAK 117 mengharuskan kerugian yang diharapkan selama masa berlaku kontrak untuk tercermin pada pengakuan awal dalam laporan laba rugi dan laporan posisi keuangan sebagai komponen kerugian.

- Laporan posisi keuangan konsolidasian dan laporan laba rugi konsolidasian akan disajikan secara substansial berbeda dari penyajian berdasarkan PSAK 104, seperti:

  i. Dalam laporan posisi keuangan konsolidasian, biaya akuisisi yang ditangguhkan tidak akan lagi disajikan di dalam pos-pos yang terpisah tetapi sebagai bagian dari kewajiban asuransi. Hal tersebut menunjukkan bahwa biaya akuisisi yang ditangguhkan tidak dipertimbangkan secara individual tetapi diperhitungkan dalam pengukuran keseluruhan kewajiban asuransi.

  ii. Jumlah yang disajikan dalam laporan laba rugi konsolidasian perlu dipisahkan menjadi hasil jasa asuransi, yang terdiri dari pendapatan asuransi dan beban jasa asuransi, dan pendapatan dan beban keuangan asuransi.

Grup telah mengkaji dampak dari penerapan PSAK 117 sebagaimana dijabarkan di bawah ini:

Dewan Standar Akuntansi Keuangan Ikatan Akuntan Indonesia ("DSAK-IAI") telah menerbitkan standar baru sebagai berikut:

- Amendemen PSAK 109: "Instrumen Keuangan" dan PSAK 107: "Instrumen Keuangan: Pengungkapan";
- PSAK 338: "Kombinasi Bisnis Entitas Sepengendali" (Revisi 2025).

Standar-standar tersebut akan berlaku efektif pada 1 Januari 2026.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***b. Changes to Statements of Financial Accounting Standards and Interpretations of Statements of Financial Accounting Standards** (continued)*

SFAS 117: "Insurance Contract" (continued)

The impact of initial application of SFAS 117 include the following: (continued)

- *SFAS 117 requires expected losses over a contract's lifetime to be reflected at initial recognition in the statement of profit or loss and the statement of financial position as a loss component.*

- *Consolidated statement of financial position and consolidated statement of profit or loss will be presented substantially different from the presentation under SFAS 104, such as:*

  i. In the consolidated statement of financial position, deferred acquisition costs will no longer be presented in separate line items but as part of the insurance liabilities. This represents that it is not individually considered but are instead factored into overall measurement of the insurance liabilities.

  ii. The amounts presented in the consolidated statement of profit or loss need to be disaggregated into an insurance service result, consisting of the insurance revenue and insurance service expenses, and insurance finance income and expenses.

The Group has assessed the impact of SFAS 117 implementation as set out below:

Financial Accounting Standard Board of Indonesian Institute of Accountants ("DSAK-IAI") has issued the following new standards, as follows:
- *Amendment of SFAS 109: "Financial Instruments" and SFAS 107: "Financial Instruments: Disclosures";*
- *SFAS 338: "Business Combinations of Entities Under Common Control" (Revised 2025).*

The above standards will be effective on 1 January 2026.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

b. Perubahan Pernyataan Standar Akuntansi Keuangan dan Interpretasi Standar Akuntansi Keuangan (lanjutan)

Dewan Standar Akuntansi Keuangan Ikatan Akuntan Indonesia ("DSAK-IAI") telah menerbitkan standar baru sebagai berikut: (lanjutan)

- PSAK 118: "Penyajian dan Pengungkapan dalam Laporan Keuangan" yang akan menggantikan PSAK 201: "Penyajian Laporan Keuangan"

Standar tersebut akan berlaku efektif pada 1 Januari 2027 dan penerapan dini diperbolehkan.

PSAK 118: "Penyajian dan Pengungkapan dalam Laporan Keuangan"

PSAK 118 menggantikan PSAK 201, mempertahankan banyak prinsip yang ada tetapi secara signifikan mengubah cara entitas melaporkan "laba atau rugi operasional." PSAK ini menetapkan struktur yang jelas untuk laporan laba rugi dengan mengelompokkan pos-pos ke dalam kategori operasi, investasi, pembiayaan, pajak penghasilan, dan operasi yang dihentikan. Standar ini mewajibkan pengungkapan tertentu, termasuk ukuran kinerja tetapan manajemen (UKTM), yang memungkinkan investor memahami bagaimana pandangan manajemen atas kinerja keuangan Grup dan bagaimana ukuran tersebut dibandingkan dengan ukuran yang didefinisikan dalam PSAK 118.

Meskipun PSAK 118 tidak memengaruhi pengakuan atau pengukuran pos-pos dalam laporan keuangan, dampaknya terhadap penyajian dan pengungkapan diperkirakan akan sangat luas, terutama yang berkaitan dengan laporan kinerja keuangan dan penyediaan UKTM dalam laporan keuangan.

Pada tanggal 31 Desember 2025, Grup sedang mengevaluasi dampak yang mungkin timbul dari penerapan amandemen standar-standar di atas, yang telah diterbitkan namun belum berlaku, pada laporan keuangan konsolidasian Grup terutama perbedaan nilai tukar yang saat ini digabungkan dalam laba operasi mungkin perlu dipisahkan, persyaratan khusus mengenai kategori di mana keuntungan atau kerugian derivatif diakui, pengungkapan baru yang signifikan yang diwajibkan dan dampak potensial lainnya atas penerapan standar baru ini terhadap laporan keuangan konsolidasian Grup.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***b. Changes to Statements of Financial Accounting Standards and Interpretations of Statements of Financial Accounting Standards** (continued)*

Financial Accounting Standard Board of Indonesian Institute of Accountants ("DSAK-IAI") has issued the following new standards, as follows: (continued)

- *SFAS 118: "Presentation and Disclosure in Financial Statements" which will replace SFAS 201: "Presentation in Financial Statements"*

The above standard will be effective on 1 January 2027 and early adoption is permitted.

SFAS 118: "Presentation and Disclosure in Financial Statements"

SFAS 118 supersedes SFAS 201, retaining many existing principles but significantly changing how entities report "operating profit or loss." It establishes a defined structure for the statement of profit or loss, categorising items into operating, investing, financing, income taxes and discontinued operations. The standard mandates specific disclosures, including management-defined performance measures (MPMs), allowing investors to understand management's view of the Group's financial performance and how these measures compare to those defined in SFAS 118.

Even though SFAS 118 will not impact the recognition or measurement of items in the financial statements, its impacts on presentation and disclosure are expected to be pervasive, in particular those related to the statement of financial performance and providing MPM within the financial statements.

As at 31 December 2025, the Group is still evaluating the potential impact of the implementation of above standards amendment issued, but not yet effective, on the Group's consolidated financial statements in particular foreign exchange differences currently in operating profit might need to be disaggregated, specific requirements on the category in which derivative gains or losses are recognised, significant new disclosures required and following potential impacts of the implementation of these standards on the Group consolidated financial statements.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Aset dan liabilitas keuangan

(i) Klasifikasi

Grup mengklasifikasikan aset keuangannya berdasarkan kategori sebagai berikut pada saat pengakuan awal:
- Aset keuangan yang diukur pada nilai wajar melalui laba rugi;
- Aset keuangan yang diukur pada nilai wajar melalui penghasilan komprehensif lain;
- Aset keuangan yang diukur pada biaya perolehan diamortisasi.

Aset keuangan diukur pada biaya perolehan diamortisasi jika memenuhi kondisi sebagai berikut:
- aset keuangan dikelola dalam model bisnis yang bertujuan untuk memiliki aset keuangan dalam rangka mendapatkan arus kas kontraktual; dan
- persyaratan kontraktual dari aset keuangan tersebut memberikan hak pada tanggal tertentu atas arus kas yang diperoleh semata dari pembayaran pokok dan bunga (SPPI) dari jumlah pokok terutang.

Aset keuangan diukur pada nilai wajar melalui penghasilan komprehensif lain jika memenuhi kondisi sebagai berikut:
- Aset keuangan dikelola dalam model bisnis yang bertujuan untuk mendapatkan arus kas kontraktual dan menjual aset keuangan; dan
- Persyaratan kontraktual dari aset keuangan tersebut memenuhi kriteria SPPI.

Pada saat pengakuan awal, Grup dapat membuat pilihan yang tidak dapat dibatalkan untuk menyajikan instrumen ekuitas yang bukan dimiliki untuk diperdagangkan pada nilai wajar melalui penghasilan komprehensif lain.

Aset keuangan lainnya yang tidak memenuhi persyaratan untuk diklasifikasikan sebagai aset keuangan diukur pada biaya perolehan diamortisasi atau nilai wajar melalui penghasilan komprehensif lain, diklasifikasikan sebagai diukur pada nilai wajar melalui laba rugi.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

c. Financial assets and liabilities

(i) Classification

The Group classifies its financial assets according to the following categories at initial recognition:
- *Financial assets measured at fair value through profit or loss;*
- *Financial assets measured at fair value through other comprehensive income;*
- *Financial assets measured at amortised cost.*

Financial assets are measured at amortised cost if they meet the following conditions:
- *financial assets are managed in a business model that aims to have financial assets in order to obtain contractual cash flow; and*
- *the contractual terms of the financial assets provide rights on a certain date for cash flow obtained solely from payment of principal and interest (SPPI) on the principal amount owed.*

Financial assets are measured at fair value through other comprehensive income if they meet the following conditions:
- *Financial assets are managed in a business model that aims to obtain contractual cash flow and sell financial assets; and*
- *The contractual requirements of the financial assets meet the SPPI criteria.*

At initial recognition, the Group may make an irrevocable choice to present equity instruments that are not held for trading at fair value through other comprehensive income.

Other financial assets that do not meet the requirements to be classified as financial assets measured at amortised cost or fair value through other comprehensive income, are classified as measured at fair value through profit or loss.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Aset dan liabilitas keuangan (lanjutan)

(i) Klasifikasi (lanjutan)

Saat pengakuan awal Grup dapat membuat penetapan yang tidak dapat dibatalkan untuk mengukur aset yang memenuhi persyaratan untuk diukur pada biaya perolehan diamortisasi atau nilai wajar melalui penghasilan komprehensif lain pada nilai wajar melalui laba rugi, apabila penetapan tersebut mengeliminasi atau secara signifikan mengurangi inkonsistensi pengukuran atau pengakuan (terkadang disebut sebagai "*accounting mismatch*").

Penilaian model bisnis

Model bisnis ditentukan pada level yang mencerminkan bagaimana kelompok aset keuangan dikelola bersama-sama untuk mencapai tujuan bisnis tertentu.

Penilaian model bisnis dilakukan dengan mempertimbangkan, tetapi tidak terbatas pada, hal-hal berikut:

- Bagaimana kinerja dari model bisnis dan aset keuangan yang dimiliki dalam model bisnis dievaluasi dan dilaporkan kepada personil manajemen kunci Grup;
- Apakah risiko yang memengaruhi kinerja dari model bisnis (termasuk aset keuangan yang dimiliki dalam model bisnis) dan khususnya bagaimana cara aset keuangan tersebut dikelola; dan
- Bagaimana penilaian kinerja pengelola aset keuangan (sebagai contoh, apakah penilaian kinerja berdasarkan nilai wajar dari aset yang dikelola atau arus kas kontraktual yang diperoleh).

Aset keuangan yang dimiliki untuk diperdagangkan atau dikelola dan penilaian kinerjanya berdasarkan nilai wajar diukur pada nilai wajar melalui laba rugi.

Derivatif juga dikategorikan dalam kelompok ini, kecuali derivatif yang ditetapkan sebagai instrumen lindung nilai efektif.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***c. Financial assets and liabilities** (continued)*

(i) Classification (continued)

At initial recognition, the Group can make an irrevocable determination to measure assets that meet the requirements to be measured at amortised cost or fair value through other comprehensive income at fair value through profit or loss, if the determination eliminates or significantly reduces the measurement or recognition inconsistencies (sometimes referred to as "accounting mismatch").

Evaluation of business models

The business model is determined at a level that reflects how groups of financial assets are managed together to achieve certain business objectives.

The evaluation of the business model is carried out by considering, but not limited to, the following:

- *How the performance of the business model and financial assets held in the business model are evaluated and reported to the Group's key management personnel;*
- *What risks affect the performance of the business model (including financial assets held in the business model) and specifically how the financial assets are managed; and*
- *How to evaluate the performance of managers of financial assets (for example, whether performance appraisals are based on the fair value of the assets being managed or the contractual cash flows obtained).*

Financial assets held for trading or managed and which performance appraisals based on fair value are measured at fair value through profit or loss.

Derivatives are also categorised under this classification, unless they are designated as effective hedging instruments.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Aset dan liabilitas keuangan (lanjutan)

(i) Klasifikasi (lanjutan)

Penilaian mengenai arus kas kontraktual yang diperoleh semata dari pembayaran pokok dan bunga

Untuk tujuan penilaian ini, pokok didefinisikan sebagai nilai wajar dari aset keuangan pada saat pengakuan awal. Bunga didefinisikan sebagai imbalan untuk nilai waktu atas uang dan risiko kredit terkait jumlah pokok terutang pada periode waktu tertentu dan juga risiko dan biaya peminjaman standar, dan juga margin laba.

Penilaian mengenai arus kas kontraktual yang diperoleh semata dari pembayaran pokok dan bunga dilakukan dengan mempertimbangkan persyaratan kontraktual, termasuk apakah aset keuangan mengandung persyaratan kontraktual yang dapat mengubah waktu atau jumlah arus kas kontraktual. Dalam melakukan penilaian, Grup mempertimbangkan:

- Peristiwa kontinjensi yang akan mengubah waktu atau jumlah arus kas kontraktual;
- Fitur *leverage*;
- Persyaratan pembayaran di muka dan perpanjangan kontraktual;
- Persyaratan mengenai klaim yang terbatas atas arus kas yang berasal dari aset spesifik; dan
- Fitur yang dapat mengubah nilai waktu dari elemen uang.

Liabilitas keuangan diklasifikasikan ke dalam kategori sebagai berikut pada saat pengakuan awal:

- Liabilitas keuangan yang diukur pada nilai wajar melalui laporan laba rugi, yang memiliki 2 (dua) sub klasifikasi, yaitu liabilitas keuangan yang ditetapkan demikian pada saat pengakuan awal dan liabilitas keuangan yang telah diklasifikasikan dalam kelompok diperdagangkan;

- Liabilitas keuangan lain.
  Liabilitas keuangan lainnya merupakan liabilitas keuangan yang tidak dimiliki untuk dijual atau ditentukan sebagai nilai wajar melalui laba rugi saat pengakuan liabilitas.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***c. Financial assets and liabilities** (continued)*

(i) Classification (continued)

Evaluation of contractual cash flows obtained solely from payment of principal and interest

For the purpose of this evaluation, principal is defined as the fair value of financial assets at initial recognition. Interest is defined as compensation for the time value of money and credit risk in relation to the principal amount owed over a certain period of time and also the risk and standard borrowing costs, as well as profit margins.

An assessment of contractual cash flows obtained solely from principal and interest payments is made by considering contractual terms, including whether financial assets contain contractual terms that can change the timing or amount of contractual cash flows. In assessing, the Group considers:

- *Contingency events that will change the timing or amount of contractual cash flow;*
- *Leverage feature;*
- *Terms of advance payment and contractual extension;*
- *Requirements regarding limited claims for cash flows from specific assets; and*
- *Features that can change the time value of money element.*

Financial liabilities are classified into the following categories at initial recognition:

- *Financial liabilities at fair value through profit or loss, which has 2 (two) sub classifications, i.e. those designated as such upon initial recognition and those classified as held for trading;*

- *Other financial liabilities.*
  Other financial liabilities pertain to financial liabilities that are not held for trading nor designated as at fair value through profit or loss upon recognition of the liability.

(ii) Pengakuan awal

a. Pembelian atau penjualan aset keuangan yang memerlukan penyerahan aset dalam kurun waktu yang telah ditetapkan oleh peraturan dan kebiasaan yang berlaku di pasar (pembelian secara reguler) diakui pada tanggal perdagangan, yaitu tanggal Grup berkomitmen untuk membeli atau menjual aset.

b. Aset keuangan dan liabilitas keuangan pada awalnya diukur pada nilai wajarnya. Dalam hal aset keuangan atau liabilitas keuangan tidak diklasifikasikan sebagai nilai wajar melalui laba rugi, nilai wajar tersebut ditambah/dikurangi biaya transaksi yang dapat diatribusikan secara langsung dengan perolehan atau penerbitan aset keuangan atau liabilitas keuangan.

(ii) Initial recognition

a. Purchase or sale of financial assets that requires delivery of assets within a time frame established by regulation or convention in the market (regular purchases) is recognised on the trade date, i.e., the date that the Group commits to purchase or sell the assets.

b. Financial assets and financial liabilities are initially recognised at fair value. For those financial assets or financial liabilities not classified as fair value through profit or loss, the fair value is added/deducted with directly attributable transaction costs to the issuance of financial assets or liabilities.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Aset dan liabilitas keuangan (lanjutan)

(ii) Pengakuan awal (lanjutan)

Grup, pada pengakuan awal, dapat menetapkan aset keuangan dan liabilitas keuangan tertentu sebagai nilai wajar melalui laba rugi (opsi nilai wajar). Opsi nilai wajar dapat digunakan hanya bila memenuhi ketetapan sebagai opsi nilai wajar tersebut mengurangi atau mengeliminasi ketidakkonsistenan pengukuran dan pengakuan (*accounting mismatch*) yang dapat timbul.

(iii) Pengukuran setelah pengakuan awal

Aset keuangan dalam kelompok aset keuangan yang diukur pada nilai wajar melalui penghasilan komprehensif lain dan aset keuangan dan liabilitas keuangan yang diukur pada nilai wajar melalui laba rugi diukur pada nilai wajarnya. Aset keuangan kelompok biaya perolehan diamortisasi dan liabilitas keuangan lainnya diukur pada biaya perolehan diamortisasi dengan menggunakan metode suku bunga efektif.

(iv) Penghentian pengakuan

a. Aset keuangan dihentikan pengakuannya jika:

- Hak kontraktual atas arus kas yang berasal dari aset keuangan tersebut berakhir; atau
- Grup telah mentransfer haknya untuk menerima arus kas yang berasal dari aset tersebut atau menanggung liabilitas untuk membayarkan arus kas yang diterima tersebut secara penuh tanpa penundaan berarti kepada pihak ketiga dibawah kesepakatan pelepasan, dan antara (a) Grup telah mentransfer secara substansial seluruh risiko dan manfaat atas aset, atau (b) Grup tidak mentransfer maupun tidak memiliki secara substansial seluruh risiko dan manfaat atas aset, tetapi telah mentransfer kendali atas aset.

Ketika Grup telah mentransfer hak untuk menerima arus kas dari aset atau telah memasuki kesepakatan pelepasan dan tidak mentransfer serta tidak mempertahankan secara substansial seluruh risiko dan manfaat atas aset atau tidak mentransfer kendali atas aset, aset diakui sebesar keterlibatan Grup yang berkelanjutan atas aset tersebut.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***c. Financial assets and liabilities** (continued)*

(ii) Initial recognition (continued)

The Group, upon initial recognition, may designate certain financial assets and financial liabilities, at fair value through profit or loss (fair value option). The fair value option is only applied when the application of the fair value option reduces or eliminates the measurement or recognition inconsistencies (accounting mismatch) that would otherwise arise.

(iii) Subsequent measurement

Financial assets at fair value through other comprehensive income and financial assets and financial liabilities at fair value through profit or loss are measured at fair value. Financial assets classified as amortised cost and other financial liabilities measured at amortised cost using the effective interest rate method.

(iv) Derecognition

a. Financial assets are derecognised when:

- *The contractual rights to receive cash flows from the financial assets have expired; or*
- *The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flow in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.*

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Group's continuing involvement in the asset.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Aset dan liabilitas keuangan (lanjutan)

(iv) Penghentian pengakuan (lanjutan)

a. Aset keuangan dihentikan pengakuannya jika: (lanjutan)

Pinjaman yang diberikan dihapusbukukan ketika tidak terdapat prospek yang realistis mengenai pengembalian pinjaman atau hubungan normal antara Grup dan debitur telah berakhir. Pinjaman yang tidak dapat dilunasi tersebut dihapusbukukan dengan mendebit cadangan kerugian penurunan nilai.

b. Liabilitas keuangan dihentikan pengakuannya jika liabilitas yang ditetapkan dalam kontrak dilepaskan atau dibatalkan atau kadaluwarsa.

Jika suatu liabilitas keuangan yang ada digantikan dengan liabilitas yang lain oleh pemberi pinjaman yang sama pada keadaan yang secara substansial berbeda, atau berdasarkan suatu liabilitas yang ada yang secara substansial telah diubah, maka pertukaran atau modifikasi tersebut diperlakukan sebagai penghentian pengakuan liabilitas awal dan pengakuan liabilitas baru, dan perbedaan nilai tercatat masing-masing diakui dalam laporan laba rugi.

(v) Pengakuan pendapatan dan beban

a. Pendapatan dan beban bunga atas aset keuangan yang diukur pada nilai wajar melalui penghasilan komprehensif lain serta aset keuangan dan liabilitas keuangan yang dicatat berdasarkan biaya perolehan diamortisasi, diakui pada laporan laba rugi dengan menggunakan metode suku bunga efektif.

Jumlah tercatat bruto aset keuangan adalah biaya perolehan diamortisasi aset keuangan sebelum disesuaikan dengan cadangan penurunan nilai.

Dalam menghitung pendapatan dan beban bunga, tingkat bunga efektif diterapkan pada jumlah tercatat bruto aset (ketika aset tersebut bukan aset keuangan memburuk) atau terhadap biaya perolehan diamortisasi dari liabilitas.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***c. Financial assets and liabilities** (continued)*

(iv) Derecognition (continued)

a. Financial assets are derecognised when: (continued)

Loans are written off when there is no realistic prospect of collection in the near future or the normal relationship between the Group and the borrowers have ceased to exist. When a loan is deemed uncollectible, it is written off against the related allowance for impairment losses.

b. Financial liabilities are derecognised when the obligation under the liability is discharged or cancelled or has expired.

Where an existing financial liability is replaced by another liability from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the profit or loss.

(v) Income and expense recognition

a. Interest income and expense on financial assets measured at fair value through other comprehensive income as well as financial assets and financial liabilities recorded at amortised cost are recognised in the statement of profit or loss using the effective interest rate method.

The gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for allowance for impairment.

In calculating interest income and expenses, the effective interest rate is applied to the gross carrying amount of an asset (when the asset is not an impaired financial asset) or to the amortised cost of a liability.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Aset dan liabilitas keuangan (lanjutan)

(v) Pengakuan pendapatan dan beban (lanjutan)

b. Keuntungan dan kerugian yang timbul dari perubahan nilai wajar atas aset keuangan yang diklasifikasikan dalam kelompok nilai wajar melalui penghasilan komprehensif lain diakui secara langsung dalam laporan laba rugi dan penghasilan komprehensif lain (merupakan bagian dari ekuitas), sampai aset keuangan tersebut dihentikan pengakuannya atau adanya penurunan nilai, kecuali keuntungan atau kerugian akibat perubahan nilai tukar untuk instrumen utang.

Pada saat aset keuangan dihentikan pengakuannya atau dilakukan penurunan nilai, keuntungan atau kerugian kumulatif yang sebelumnya diakui dalam ekuitas harus diakui pada laporan laba rugi.

(vi) Reklasifikasi aset keuangan

Grup mereklasifikasi aset keuangan jika dan hanya jika, model bisnis untuk pengelolaan aset keuangan berubah.

Reklasifikasi aset keuangan dari klasifikasi biaya perolehan yang diamortisasi ke klasifikasi nilai wajar melalui laba rugi dicatat sebesar nilai wajarnya. Selisih antara nilai tercatat dengan nilai wajar diakui sebagai keuntungan atau kerugian pada laba rugi dan penghasilan komprehensif lain.

Reklasifikasi aset keuangan dari klasifikasi biaya perolehan yang diamortisasi ke klasifikasi nilai wajar melalui penghasilan komprehensif lain dicatat sebesar nilai wajarnya.

Reklasifikasi aset keuangan dari klasifikasi nilai wajar melalui penghasilan komprehensif lain ke klasifikasi nilai wajar melalui laba rugi dicatat pada nilai wajarnya. Keuntungan atau kerugian yang belum direalisasi direklasifikasi ke laba rugi.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial assets and liabilities *(continued)*

(v) Income and expense recognition (continued)

b. Gains and losses arising from changes in the fair value of financial assets that classified as fair value through statement of profit or loss and other comprehensive income are recognised directly in other comprehensive income (as part of equity), until the financial asset is derecognised or impaired, except gain or loss arising from changes in exchange rate for debt instruments.

When a financial asset is derecognised or impaired, the cumulative gains or losses previously recognised in equity are recognised in profit or loss.

(vi) Reclassification of financial assets

The Group reclassifies financial assets if and only if, the business model for managing financial assets changes.

Reclassifications of financial assets from amortised cost classifications to fair value through profit or loss are recorded at fair value. The difference between the recorded value and fair value is recognised in profit or loss on the statement of profit or loss and other comprehensive income.

Reclassifications of financial assets from amortised cost classifications to fair value through other comprehensive income are recorded at their fair values.

Reclassification of financial assets from fair value through other comprehensive income to fair value through profit or loss is recorded at fair value. Unrealised gains or losses are reclassified to profit or loss.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Aset dan liabilitas keuangan (lanjutan)

(vi) Reklasifikasi aset keuangan (lanjutan)

Reklasifikasi aset keuangan dari klasifikasi nilai wajar melalui penghasilan komprehensif lain ke klasifikasi biaya perolehan yang diamortisasi dicatat pada nilai wajarnya pada tanggal reklasifikasi. Keuntungan atau kerugian yang belum direalisasi dihapus dari ekuitas dan disesuaikan terhadap nilai wajar.

Reklasifikasi aset keuangan dari klasifikasi nilai wajar melalui laba rugi ke klasifikasi nilai wajar melalui penghasilan komprehensif lain dicatat pada nilai wajar.

Reklasifikasi aset keuangan dari klasifikasi nilai wajar melalui laba rugi ke klasifikasi biaya perolehan yang diamortisasi dicatat pada nilai wajar.

(vii) Saling hapus

Aset keuangan dan liabilitas keuangan saling hapus buku dan nilai netonya disajikan dalam laporan posisi keuangan konsolidasian jika, dan hanya jika, Grup memiliki hak yang berkekuatan hukum untuk melakukan saling hapus atas jumlah yang telah diakui tersebut dan adanya maksud untuk menyelesaikan secara neto atau untuk merealisasikan aset dan menyelesaikan liabilitasnya secara bersamaan.

Hak yang berkekuatan hukum harus tidak kontinjen atas peristiwa di masa depan dan harus dapat dipaksakan di dalam situasi bisnis yang normal dan peristiwa kegagalan atau kebangkrutan dari Grup atau pihak lawan.

Pendapatan dan beban disajikan dalam jumlah neto hanya jika diperkenankan oleh standar akuntansi.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial assets and liabilities *(continued)*

(vi) Reclassification of financial assets (continued)

Reclassification of financial assets from fair value through other comprehensive income to the amortised cost is recorded at fair value at the date of reclassification. Unrealised gains or losses is removed from equity and is adjusted against the fair value.

Reclassifications on financial assets from fair value through profit or loss to fair value through other comprehensive income are recorded at fair value.

Reclassification of financial assets from fair value through profit or loss to amortised cost classification is recorded at fair value.

(vii) Offsetting

Financial assets and liabilities are set off and the net amount is presented in the consolidated statement of financial position when, and only when, the Group has a legal right to set off the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

Income and expenses are presented on a net basis only when permitted by the accounting standards.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Aset dan liabilitas keuangan (lanjutan)

(viii) Pengukuran biaya diamortisasi

Biaya perolehan diamortisasi dari aset keuangan atau liabilitas keuangan adalah jumlah aset keuangan atau liabilitas keuangan yang diukur pada saat pengakuan awal dikurangi pembayaran pokok pinjaman, ditambah atau dikurangi amortisasi kumulatif menggunakan metode suku bunga efektif yang dihitung dari selisih antara nilai pengakuan awal dan nilai jatuh temponya, dan dikurangi penurunan nilai.

(ix) Pengukuran nilai wajar

Nilai wajar adalah harga yang akan diterima untuk menjual suatu aset atau harga yang akan dibayar untuk mengalihkan suatu liabilitas dalam suatu transaksi teratur antara pelaku pasar pada tanggal pengukuran.

Jika tersedia, Grup mengukur nilai wajar dari suatu instrumen dengan menggunakan harga kuotasi di pasar aktif untuk instrumen terkait. Suatu pasar dianggap aktif bila harga yang dikuotasikan tersedia sewaktu-waktu dari bursa, pedagang efek (*dealer*), perantara efek (*broker*), kelompok industri, badan pengawas (*pricing service or regulatory agency*), dan merupakan transaksi pasar aktual dan teratur terjadi yang dilakukan secara wajar. Nilai wajar dapat diperoleh dari *Interdealer Market Association (IDMA)* atau harga pasar atau harga yang diberikan oleh *broker* (*quoted price*) dari Bloomberg atau Reuters pada tanggal pengukuran.

Jika pasar untuk instrumen keuangan tidak aktif, Grup menetapkan nilai wajar dengan menggunakan teknik penilaian.

Grup menggunakan beberapa teknik penilaian yang digunakan secara umum untuk menentukan nilai wajar dari instrumen keuangan dengan tingkat kompleksitas yang rendah, seperti opsi nilai tukar dan *swap* mata uang. *Input* yang digunakan dalam teknik penilaian untuk instrumen keuangan di atas adalah data pasar yang diobservasi.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial assets and liabilities *(continued)*

(viii) Amortised cost measurement

The amortised cost of a financial asset or liability is the amount at which the financial asset or liability is measured at initial recognition, minus principal repayments, plus or minus the cumulative amortization using the effective interest rate method of any difference between the initial amount recognised and the maturity amount, minus any reduction for impairment.

(ix) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date.

When available, the Group measures the fair value of an instrument using quoted prices in an active market for that instrument. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service or regulatory agency and those prices represent actual and regularly occurring market transaction on an arm's length basis. The fair value can be obtained from IDMA's (Interdealer Market Association) or quoted market prices or broker's quoted price from Bloomberg or Reuters on the measurement date.

If a market for a financial instrument is not active, the Group establishes fair value using a valuation technique.

The Group uses widely recognised valuation models for determining fair values of financial instruments of lower complexity, such as exchange value options and currency swaps. For these financial instruments, inputs into models are generally market-observable data.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Aset dan liabilitas keuangan (lanjutan)

(ix) Pengukuran nilai wajar (lanjutan)

Untuk instrumen yang lebih kompleks, Grup menggunakan model penilaian internal, yang pada umumnya berdasarkan teknik dan metode penilaian yang umumnya diakui sebagai standar industri. Model penilaian terutama digunakan untuk menilai kontrak derivatif yang ditransaksikan melalui pasar *over-the-counter*, *unlisted debt securities* (termasuk surat utang dengan derivatif melekat) dan instrumen utang lainnya yang pasarnya tidak aktif.

Untuk instrumen keuangan yang tidak mempunyai harga pasar, estimasi atas nilai wajar efek-efek ditetapkan dengan mengacu pada nilai wajar instrumen lain yang substansinya sama atau dihitung berdasarkan arus kas yang diharapkan terhadap aset bersih efek-efek tersebut.

Hasil dari suatu teknik penilaian merupakan sebuah estimasi atau perkiraan dari suatu nilai yang tidak dapat ditentukan dengan pasti, dan teknik penilaian yang digunakan mungkin tidak dapat menggambarkan seluruh faktor yang relevan atas posisi yang dimiliki Grup. Dengan demikian, penilaian disesuaikan dengan faktor tambahan seperti *model risk*, risiko likuiditas dan risiko kredit *counterparty*. Berdasarkan kebijakan teknik penilaian nilai wajar, pengendalian dan prosedur yang diterapkan, manajemen berkeyakinan bahwa penyesuaian atas penilaian tersebut di atas diperlukan dan dianggap tepat untuk menyajikan secara wajar nilai dari instrumen keuangan yang diukur berdasarkan nilai wajar dalam laporan posisi keuangan konsolidasian. Data harga dan parameter yang digunakan di dalam prosedur pengukuran pada umumnya telah ditelaah dan disesuaikan jika diperlukan, khususnya untuk perkembangan atas pasar terkini.

Nilai wajar atas pinjaman yang diberikan dan piutang, serta liabilitas kepada bank dan nasabah ditentukan menggunakan nilai berdasarkan arus kas kontraktual, dengan mempertimbangkan kualitas kredit, likuiditas dan biaya.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial assets and liabilities *(continued)*

(ix) Fair value measurement (continued)

For more complex instruments, the Group uses internally developed models, which are usually based on valuation methods and techniques generally recognised as standard within the industry. Valuation models are used primarily to value derivatives transacted in the over-the-counter market, unlisted debt securities (including those debt with embedded derivatives) and other debt instruments for which markets were or have become inactive.

For financial instruments with no quoted market price, a reasonable estimate of the fair value is determined by reference to the fair value of another instrument which substantially has the same characteristics or calculated based on the expected cash flows of the underlying net asset base of the marketable securities.

The output of a valuation technique is an estimation or approximation of a value that cannot be determined with certainty, and the valuation technique employed may not fully reflect all factors relevant to the positions that the Group holds. Valuations are therefore adjusted, with additional factors such as model risk, liquidity risk and counterparty credit risk. Based on the established fair value valuation technique policy, related controls and procedures applied, management believes that these valuation adjustments are necessary and considered appropriate to fairly state the values of financial instruments measured at fair value in the consolidated statement of financial position. Price data and parameters used in the measurement procedures applied are generally reviewed and adjusted, if necessary, particularly in view of the current market developments.

The fair value for loans and receivables as well as liabilities to banks and customers are determined using a present value model on the basis of contractually agreed cash flows, taking into account credit quality, liquidity and costs.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Aset dan liabilitas keuangan (lanjutan)

(ix) Pengukuran nilai wajar (lanjutan)

Semua aset dan liabilitas dimana nilai wajar diukur atau diungkapkan dalam laporan keuangan konsolidasian dapat dikategorikan pada level hierarki nilai wajar, berdasarkan tingkatan sebagai berikut:

- Tingkat 1: Harga kuotasian (tidak disesuaikan) dari pasar aktif untuk aset atau liabilitas yang identik.
- Tingkat 2: *Input* selain harga yang dikutip dari pasar yang disertakan pada Tingkat 1 yang dapat diobservasi untuk aset dan liabilitas, baik secara langsung (yaitu sebagai suatu harga) atau secara tidak langsung (sebagai turunan dari harga).
- Tingkat 3: *Input* untuk aset atau liabilitas yang tidak didasarkan pada data pasar yang dapat diobservasi (informasi yang tidak dapat diobservasi).

(x) Cadangan kerugian penurunan nilai atas aset keuangan

- Grup mengakui penyisihan kerugian kredit ekspektasian pada instrumen keuangan yang tidak diukur pada nilai wajar melalui laba rugi.

- Tidak ada penyisihan kerugian kredit ekskpektasian pada investasi instrumen ekuitas.

- Grup mengukur cadangan kerugian sejumlah kerugian kredit ekspektasian sepanjang umurnya, kecuali untuk hal berikut, diukur sejumlah kerugian kredit ekspektasian 12 bulan:
  - instrumen utang yang memiliki risiko kredit rendah pada tanggal pelaporan; dan
  - instrumen keuangan lainnya yang risiko kreditnya tidak meningkat secara signifikan sejak pengakuan awal.

Grup menganggap instrumen utang memiliki risiko kredit yang rendah ketika peringkat risiko kreditnya setara dengan definisi *investment grade*.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***c. Financial assets and liabilities** (continued)*

(ix) Fair value measurement (continued)

All assets and liabilities which fair value is measured or disclosed in the consolidated financial statements can be classified in fair value hierarchy levels, based on following level:

- *Level 1: Quoted price (unadjusted) in active markets for identical assets or liabilities.*
- *Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (as a price) or indirectly (as derived from price).*

- *Level 3: Input for asset or liability based on unobservable inputs for the asset or liability.*

(x) Allowance for impairment losses on financial assets

- *The Group recognises the allowance for expected credit losses on financial instruments that are not measured at fair value through profit or loss.*

- *There is no allowance for expected credit losses on investment in equity instruments.*

- *The Group measure the allowance for losses for the lifetime of an expected credit losses, except for the following, which are measured according to 12 months expected credit losses:*
  - *debt instruments that have low credit risk at the reporting date; and*
  - *other financial instruments for which credit risk has not increased significantly since initial recognition.*

The Group considers debt instruments to have low credit risk when the credit risk rating is at par with the definition of investment grade.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Aset dan liabilitas keuangan (lanjutan)

(x) Cadangan kerugian penurunan nilai atas aset keuangan (lanjutan)

Kerugian kredit ekspektasian 12 bulan adalah bagian dari kerugian kredit ekspektasian sepanjang umurnya yang merepresentasikan kerugian kredit ekspektasian yang timbul dari peristiwa gagal bayar instrumen keuangan yang mungkin terjadi dalam 12 bulan setelah tanggal pelaporan.

Pengukuran Kerugian Kredit Ekspektasian

Kerugian Kredit Ekspektasian adalah estimasi probabilitas tertimbang dari kerugian kredit yang diukur sebagai berikut:

- aset keuangan yang tidak memburuk pada tanggal pelaporan, kerugian kredit ekspektasian diukur sepanjang umur aset yang timbul dari kemungkinan gagal bayar di masa yang akan datang dalam kurun waktu 12 bulan sejak tanggal pelaporan. Kredit ekspektasian terus ditentukan oleh dasar ini sampai timbul peningkatan risiko kredit yang signifikan pada instrumen tersebut atau instrumen tersebut telah mengalami penurunan nilai kredit. Jika suatu instrumen tidak lagi dianggap menunjukkan peningkatan risiko kredit yang signifikan, maka kerugian kredit ekspektasian dihitung kembali berdasarkan basis 12 bulan;
- aset keuangan yang memburuk pada tanggal pelaporan, kerugian kredit ekspektasian diukur sebesar selisih antara jumlah tercatat bruto dan nilai kini arus kas masa depan yang diestimasi;
- komitmen pinjaman yang belum ditarik, kerugian kredit ekspektasian diukur sebesar selisih antara nilai kini jumlah arus kas jika komitmen ditarik dan arus kas yang diperkirakan akan diterima oleh Grup;
- kontrak jaminan keuangan, kerugian kredit ekspektasian diukur sebesar selisih antara pembayaran yang diperkirakan untuk mengganti pemegang atas kerugian kredit yang terjadi dikurangi jumlah yang diperkirakan dapat dipulihkan.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***c. Financial assets and liabilities** (continued)*

(x) Allowance for impairment losses on financial assets (continued)

The 12-month expected credit loss is part of the expected credit loss throughout its lifetime that represents an expected credit loss arising from a default on financial instruments that might occur 12 months after reporting date.

Measurement of Expected Credit Losses

Expected Credit Loss is an estimate of the weighted probability of a credit loss measured as follows:

- *financial assets that do not deteriorate at the reporting date, the expected credit loss is measured at the lifetime cash shortfalls arising from possible default events up to 12 months into the future from the reporting date. Expected credit losses continue to be determined on this basis until there is either a significant increase in the credit risk of an instrument or the instrument becomes credit impaired. If an instrument is no longer considered to exhibit a significant increase in credit risk, expected credit losses will revert to being determined on a 12-month basis;*
- *financial assets that deteriorate at the reporting date, the expected credit loss is measured at the difference between the gross carrying amount and the present value of estimated future cash flows;*
- *for undisbursed loan commitments, expected credit losses are measured at the difference between the present value of the amount of cash flow if the commitments is withdrawn and the cash flow expected to be received by the Group;*
- *for financial guarantee contracts, expected credit losses are measured at the difference between the estimated payments to replace the holder for the credit losses incurred less the amount estimated to be recoverable.*

c. Aset dan liabilitas keuangan (lanjutan)

(x) Cadangan kerugian penurunan nilai atas aset keuangan (lanjutan)

Aset Keuangan yang Direstrukturisasi

Jika ketentuan aset keuangan dinegosiasikan ulang atau dimodifikasi atau aset keuangan yang ada diganti dengan yang baru karena kesulitan keuangan peminjam, maka dilakukan penilaian apakah aset keuangan yang ada harus dihentikan pengakuannya dan kerugian kredit ekspektasian diukur sebagai berikut:

- Apabila syarat-syarat tersebut berbeda secara substansial, Grup menghentikan pengakuan aset keuangan awal dan mengakui aset keuangan yang 'baru' pada nilai wajarnya dan menghitung kembali suku bunga efektif yang baru untuk aset tersebut. Tanggal renegosiasi syarat pinjaman dianggap sebagai tanggal pengakuan awal untuk keperluan perhitungan penurunan nilai, termasuk untuk menentukan apakah terdapat kenaikan signifikan risiko kredit. Namun, Grup juga menilai apakah aset keuangan baru dianggap sebagai aset keuangan yang mengalami penurunan nilai pada pengakuan awal, terutama dalam keadaan dimana renegosiasi didorong oleh peminjam yang tidak dapat melakukan pembayaran yang sudah disetujui sebelumnya. Selisih dari nilai tercatat juga diakui pada laporan laba rugi konsolidasian di pembentukan cadangan kerugian penurunan nilai sebagai laba rugi dari penghentian pengakuan aset keuangan. Untuk Grup, bila kerugian berelasi dengan risiko kredit, Grup mengklasifikasikan kerugian ke dalam pembentukan cadangan kerugian penurunan nilai.
- Apabila syarat-syarat tersebut tidak berbeda secara substansial, renegosiasi atau modifikasi tidak menghasilkan penghentian pengakuan, dan Grup menghitung kembali nilai tercatat bruto berdasarkan arus kas yang sudah dimodifikasi dari aset keuangan dan mengakui laba atau rugi modifikasian di laporan laba rugi konsolidasian. Nilai tercatat bruto yang baru dihitung kembali dengan mendiskontokan arus kas yang telah dimodifikasi dengan menggunakan tingkat suku bunga efektif awal.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***c. Financial assets and liabilities** (continued)*

(x) Allowance for impairment losses on financial assets (continued)

Restructured Financial Assets

If the terms of the financial assets are renegotiated or modified or the existing financial assets are replaced with new ones due to the borrower's financial difficulties, an assessment is made whether recognition of existing financial assets must be derecognised and expected credit losses measured as follows:

- *If the terms are substantially different, the Group derecognises the original financial asset and recognises a 'new' asset at fair value and recalculates a new effective interest rate for the asset. The date of renegotiation is consequently considered to be the date of initial recognition for impairment calculation purposes, including for the purpose of determining whether a significant increase in credit risk has occurred. However, the Group also assesses whether the new financial asset recognised is deemed to be credit-impaired at initial recognition, especially in circumstances where the renegotiation was driven by the debtor being unable to make the originally agreed payments. Differences in the carrying amount are also recognised in the consolidated statement of profit or loss in allowance for impairment losses as a gain or loss on derecognition. For the Group, to the extent that the loss does relate to credit risk, the Group classifies that loss within allowance for impairment losses.*
- *If the terms are not substantially different, the renegotiation or modification does not result in derecognition, and the Group recalculates the gross carrying amount based on the revised cash flows of the financial asset and recognises a modification gain or loss in consolidated statements of profit or loss. The new gross carrying amount is recalculated by discounting the modified cash flows at the original effective interest rate.*

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Aset dan liabilitas keuangan (lanjutan)

(x) Cadangan kerugian penurunan nilai atas aset keuangan (lanjutan)

Aset keuangan yang memburuk

Pada setiap tanggal pelaporan, Grup menilai apakah aset keuangan yang dicatat pada biaya perolehan diamortisasi dan aset keuangan instrumen utang yang dicatat pada nilai wajar melalui penghasilan komprehensif lain mengalami penurunan nilai kredit (memburuk). Aset keuangan memburuk ketika satu atau lebih peristiwa yang memiliki dampak merugikan atas estimasi arus kas masa depan dari aset keuangan telah terjadi.

Bukti bahwa aset keuangan mengalami penurunan nilai kredit (memburuk) termasuk data yang dapat diobservasi mengenai peristiwa berikut ini:

- kesulitan keuangan signifikan yang dialami penerbit atau pihak peminjam;
- pelanggaran kontrak, seperti peristiwa gagal bayar atau peristiwa tunggakan;
- pihak pemberi pinjaman, untuk alasan ekonomi atau kontraktual sehubungan dengan kesulitan keuangan yang dialami pihak peminjam, telah memberikan konsesi pada pihak peminjam yang tidak mungkin diberikan jika pihak peminjam tidak mengalami kesulitan tersebut;
- terjadi kemungkinan bahwa pihak peminjam akan dinyatakan pailit atau melakukan reorganisasi keuangan lainnya;
- hilangnya pasar aktif dari aset keuangan akibat kesulitan keuangan; atau
- pembelian atau penerbitan aset keuangan dengan diskon sangat besar yang mencerminkan kerugian kredit yang terjadi.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial assets and liabilities *(continued)*

(x) Allowance for impairment losses on financial assets (continued)

Credit-impaired financial assets

At each reporting date, the Group assesses whether the financial assets recorded at amortised cost and the debt instrument financial assets which are recorded at fair value through other comprehensive income are credit-impaired (worsening). Financial assets deteriorate when one or more events that have an adverse effect on the estimated future cash flows of the financial assets have occurred.

Evidence that financial assets become credit impaired including observable data regarding the following events:

- *significant financial difficulties experienced by the issuer or the borrower;*
- *breach of contract, such as a default or arrears;*
- *the lender, for economic or contractual reasons in relation to the financial difficulties experienced by the borrower, has given concessions to the borrower which is not possible if the borrower does not experience such difficulties;*
- *it is probable that the borrower will enter bankruptcy or the other financial reorganization;*
- *loss of an active market for financial assets due to financial difficulties; or*
- *purchase or issuance of financial asset at significant discount which reflect the credit loss that occurs.*

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Aset dan liabilitas keuangan (lanjutan)

(x) Cadangan kerugian penurunan nilai atas aset keuangan (lanjutan)

Aset Keuangan yang dibeli atau yang berasal dari aset keuangan memburuk - POCI

Aset keuangan dikategorikan sebagai POCI apabila terdapat bukti objektif penurunan nilai pada saat pengakuan awal. Pada saat pengakuan awal, tidak ada penyisihan kerugian kredit yang diakui karena harga pembelian atau nilainya telah termasuk estimasi kerugian kredit sepanjang umurnya. Selanjutnya, setiap perubahan kerugian kredit ekspektasian sepanjang umurnya akan diakui sebagai keuntungan atau kerugian penurunan nilai dalam laporan laba rugi konsolidasian.

Penyajian Penyisihan Kerugian Kredit Ekspektasian Dalam Laporan Posisi Keuangan Konsolidasian

Penyisihan kerugian kredit ekspektasian disajikan dalam laporan posisi keuangan konsolidasian sebagai berikut:

- aset keuangan yang diukur pada biaya perolehan diamortisasi, penyisihan kerugian kredit ekspektasian disajikan sebagai pengurang dari jumlah tercatat bruto aset;
- komitmen pinjaman dan kontrak jaminan keuangan, penyisihan kerugian kredit ekspektasian disajikan sebagai provisi;
- instrumen utang yang diukur pada nilai wajar melalui penghasilan komprehensif lain, penyisihan kerugian kredit ekspektasian tidak diakui dalam laporan posisi keuangan karena jumlah tercatat dari aset-aset ini adalah nilai wajarnya. Namun demikian, penyisihan kerugian kredit ekspektasian diungkapkan dan diakui dalam penghasilan komprehensif lain.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***c. Financial assets and liabilities** (continued)*

(x) Allowance for impairment losses on financial assets (continued)

Purchased or originated credit-impaired financial assets - POCI

Financial assets are categorised as POCI if there is objective evidence of impairment at initial recognition. At initial recognition, no allowance for credit losses is recognised because the purchase price or value has included lifetime estimated credit losses. Subsequently, any changes in the lifetime expected credit losses will be recognised as an impairment gain or loss in the consolidated statement of profit or loss.

Presentation of Allowance for Expected Credit Losses in the Statement of Consolidated Financial Position

Allowance for expected credit losses is presented in the statement of consolidated financial positions as follows:

- *for financial assets measured at amortised cost, allowance for expected credit losses is presented as a deduction from the gross carrying amount of the asset;*
- *for loan commitments and financial guarantee contracts, allowance for expected credit losses is presented as a provision;*
- *for debt instruments measured at fair value through other comprehensive income, allowance for expected credit losses are not recognised in the statement of financial position because the carrying amounts of these assets are at their fair values. However, allowance for expected credit losses is disclosed and recognised in other comprehensive income.*

(x) Cadangan kerugian penurunan nilai atas aset keuangan (lanjutan)

Perhitungan penurunan nilai secara individual

Bank menetapkan pinjaman yang diberikan yang harus dievaluasi penurunan nilainya secara individual, dengan ketentuan sebagai berikut:

a. Pinjaman yang diberikan Segmen Korporasi dan Menengah yang memenuhi kriteria:
   - Memiliki umur tunggakan lebih dari 90 hari (kolektibilitas 3-5); atau
   - Memiliki rating *default* (*rating* 20-23); atau
   - Memiliki *rating non-investment grade* (rating 13-19) dan dilakukan restrukturisasi (kecuali untuk restrukturisasi Covid-19).
b. Pinjaman yang diberikan Segmen Kecil dan Konsumer yang memiliki maksimum lebih besar atau sama dengan Rp15 miliar (nilai penuh) yang memenuhi kriteria:
   - Memiliki umur tunggakan lebih dari 90 hari (kolektibilitas 3-5); atau
   - Dilakukan restrukturisasi (kecuali untuk restrukturisasi Covid-19).

Perhitungan penurunan nilai secara kolektif

Bank menetapkan pinjaman yang diberikan yang harus dievaluasi penurunan nilainya secara kolektif, jika memenuhi salah satu kriteria di bawah ini:

a. Pinjaman yang diberikan yang secara individual memiliki nilai tidak signifikan; atau
b. Pinjaman yang diberikan yang direstrukturisasi yang secara individual memiliki nilai tidak signifikan.

Penerimaan kembali atas aset keuangan yang telah dihapusbukukan

Ketika pinjaman yang diberikan tidak tertagih, pinjaman yang diberikan tersebut dihapus buku dengan menjurnal balik cadangan kerugian penurunan nilai. Pinjaman yang diberikan tersebut dapat dihapus buku setelah semua prosedur yang diperlukan telah dilakukan dan jumlah kerugian telah ditentukan.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***c. Financial assets and liabilities** (continued)*

(x) Allowance for impairment losses on financial assets (continued)

Individual impairment calculation

The Bank determines that loans should be evaluated for impairment through individual evaluation with the following criteria:

a. Loans for Corporate and Middle Segment that meet the criteria:
   - *Has overdue age more than 90 days (collectability 3-5); or*
   - *Has a default rating (rating 20-23); or*
   - *Has a non-investment grade rating (rating 13-19) and is undergoing restructuring (except for restructuring Covid-19).*
b. Loans for Small and Consumer Segment with the maximum of more than or equal to Rp15 billion (full amount) that meet the criteria:
   - *Has overdue age more than 90 days (collectability 3-5); or*
   - *Has been restructured (except for restructuring Covid-19).*

Collective impairment calculation

The Bank determines loans to be evaluated for impairment through collective evaluation if one of the following criteria is met:

a. Loans which individually have insignificant value; or

b. Restructured loans which individually have insignificant value.

Recoveries of written-off financial assets

When a loan is uncollectible, it is written-off against the related allowance for impairment loss. Such loans are written off after all the necessary procedures have been completed and the amount of the loss has been determined.

c. Aset dan liabilitas keuangan (lanjutan)

(x) Cadangan kerugian penurunan nilai atas aset keuangan (lanjutan)

Penerimaan kembali atas aset keuangan yang telah dihapusbukukan (lanjutan)

Penerimaan kembali atas aset keuangan yang telah dihapusbukukan pada tahun berjalan dikreditkan dengan menyesuaikan akun cadangan kerugian penurunan nilai. Penerimaan kembali atas aset keuangan yang telah dihapusbukukan dicatat sebagai pendapatan operasional selain pendapatan bunga.

d. Prinsip konsolidasian

Laporan keuangan konsolidasian meliputi laporan keuangan BNI beserta seluruh Entitas Anak yang berada di bawah pengendalian BNI. Entitas Anak adalah seluruh entitas (termasuk entitas terstruktur) dimana Grup memiliki pengendalian.

Dalam hal pengendalian terhadap Entitas Anak dimulai atau diakhiri dalam suatu tahun berjalan, maka hasil usaha Entitas Anak yang diperhitungkan ke dalam laporan keuangan konsolidasian hanya sebatas hasil pada saat pengendalian tersebut mulai diperoleh atau hingga saat pengendalian itu berakhir.

Pengendalian didapat ketika BNI terekspos atau memiliki hak atas imbal hasil variabel dari keterlibatannya dengan Entitas Anak dan memiliki kemampuan untuk memengaruhi imbal hasil tersebut melalui kekuasaannya atas Entitas Anak.

BNI mengendalikan Entitas Anak, jika dan hanya jika, BNI memiliki hal berikut ini:

a) kekuasaan atas Entitas Anak (hak yang ada saat ini yang memberi kemampuan kini untuk mengarahkan aktivitas relevan yang secara signifikan memengaruhi imbal hasil Entitas Anak);
b) eksposur atau hak atas imbal hasil variabel dari keterlibatannya dengan Entitas Anak; dan
c) kemampuan untuk menggunakan kekuasaannya atas Entitas Anak untuk memengaruhi jumlah imbal hasil Entitas Anak.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial assets and liabilities *(continued)*

(x) Allowance for impairment losses on financial assets (continued)

Recoveries of written-off financial assets *(continued)*

The recoveries of written-off financial assets in the current year are credited by adjusting the allowance for impairment losses accounts. Recoveries of written-off financial assets are recorded as operating income other than interest income.

d. Principles of consolidation

The consolidated financial statements include the financial statements of BNI and all its Subsidiaries that are controlled by BNI. Subsidiaries are all entities (including structured entities) over which the Group has control.

Where Subsidiaries either began or ceased to be controlled during the year, the results of operations of those Subsidiaries are included in the consolidated financial statements only from the date that the control has commenced or up to the date that the control has ceased.

Control is acquired when BNI is exposed or has rights to variable returns from its involvement with Subsidiaries and has the ability to affect those returns through its power over Subsidiaries.

BNI controls a Subsidiary if, and only if, BNI has the following:

a) power over a Subsidiary (existing rights that provide the current ability to direct the relevant activities that significantly affect returns of a Subsidiary);

b) exposure or rights to variable returns from its involvement with the Subsidiary; and

c) the ability to use its power over the Subsidiary to affect the amount of the Subsidiary's returns.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

d. Prinsip konsolidasian (lanjutan)

Bila Grup tidak memiliki hak suara atau hak serupa secara mayoritas atas suatu Entitas Anak, Grup mempertimbangkan semua fakta dan keadaan yang relevan dalam mengevaluasi apakah mereka memiliki kekuasaan atas Entitas Anak, termasuk:

i) Pengaturan kontraktual dengan pemilik hak suara lainnya dari Entitas Anak,
ii) Hak yang timbul atas pengaturan kontraktual lain, dan
iii) Hak suara dan hak suara potensial yang dimiliki Grup.

Grup menilai kembali apakah mereka mengendalikan Entitas Anak bila fakta dan keadaan mengindikasikan adanya perubahan terhadap satu atau lebih dari ketiga elemen dari pengendalian. Konsolidasi atas Entitas Anak dimulai sejak Grup memperoleh pengendalian atas Entitas Anak dan tidak lagi mengkonsolidasikan ketika Grup kehilangan pengendalian atas Entitas Anak. Aset, liabilitas, penghasilan dan beban dari Entitas Anak yang diakuisisi pada tahun tertentu disertakan dalam laporan keuangan konsolidasian sejak tanggal Grup memperoleh kendali sampai tanggal Grup tidak lagi mengendalikan Entitas Anak tersebut.

Kombinasi bisnis dicatat dengan menggunakan metode akuisisi. Imbalan yang diserahkan untuk akuisisi suatu entitas anak adalah sebesar nilai wajar aset yang diserahkan, saham yang diterbitkan atau liabilitas yang diakui pada tanggal akuisisi. Kelebihan jumlah imbalan yang dialihkan dan nilai wajar jumlah kepentingan nonpengendali atas jumlah aset teridentifikasi bersih yang diperoleh dan kewajiban yang timbul dicatat sebagai *goodwill*. Jika jumlah imbalan yang diserahkan lebih rendah dari nilai wajar aset bersih entitas anak yang diakuisisi, selisihnya diakui langsung dalam laporan laba rugi konsolidasian.

Jika akuntansi awal untuk kombinasi bisnis belum selesai pada akhir periode pelaporan saat kombinasi terjadi, Grup melaporkan jumlah sementara untuk pos-pos yang proses akuntansinya belum selesai dalam laporan keuangannya. Selama periode pengukuran, pihak pengakuisisi melakukan penyesuaian, aset atau liabilitas tambahan yang diakui untuk mencerminkan informasi baru yang diperoleh tentang fakta dan keadaan yang ada pada tanggal akuisisi dan yang jika diketahui, akan berdampak pada jumlah yang diakui pada tanggal tersebut.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***d. Principles of consolidation** (continued)*

When the Group has less than a majority of the voting or similar rights of a Subsidiary, the Group considers all relevant facts and circumstances in assessing whether it has power over a Subsidiary, including:

i) The contractual arrangement with the other vote holders of the Subsidiary,
ii) Rights arising from other contractual arrangements, and
iii) The Group's voting rights and potential voting rights.

The Group re-assesses whether or not it controls a Subsidiary if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a Subsidiary begins when the Group obtains control over the Subsidiary and ceases when the Group loses control of the Subsidiary. Assets, liabilities, income and expenses of a Subsidiary acquired during the year are included in the consolidated financial statements from the date the Group obtains the control up to the date of the Group ceases the control the Subsidiary.

The acquisition method is used to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair value of the assets given, shares issued or liabilities incurred at the date of acquisition. The excess of the aggregate of the consideration transferred and the fair value of non-controlling interest over the net identifiable assets acquired and liabilities is recorded as goodwill. If this consideration is lower than the fair value of the net assets of the subsidiary acquired, the difference is recognised directly in the consolidated profit or loss.

If the initial accounting of a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed as of the acquisition date that, if known, would have affected the amount recognised as of that date.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

d. Prinsip konsolidasian (lanjutan)

Untuk setiap akuisisi, Grup mengakui kepentingan non pengendali pada pihak yang diakuisisi baik sebesar nilai wajar atau sebesar bagian proporsional kepentingan non pengendali atas aset bersih pihak yang diakuisisi.

Biaya terkait akuisisi dibebankan pada saat terjadinya.

Seluruh saldo dan transaksi termasuk keuntungan/kerugian yang belum direalisasi antara BNI dan Entitas Anak yang signifikan dieliminasi untuk mencerminkan posisi keuangan dan hasil usaha konsolidasian BNI dan Entitas Anak sebagai satu kesatuan usaha.

Laporan keuangan konsolidasian disusun dengan menggunakan kebijakan akuntansi yang sama untuk peristiwa dan transaksi sejenis dalam kondisi yang sama. Apabila laporan keuangan Entitas Anak menggunakan kebijakan akuntansi yang berbeda dari kebijakan akuntansi yang digunakan dalam laporan keuangan konsolidasian, maka dilakukan penyesuaian yang diperlukan terhadap laporan keuangan Entitas Anak tersebut.

Kepentingan non pengendali disajikan di ekuitas dalam laporan posisi keuangan konsolidasian dan dinyatakan sebesar proporsi pemegang saham non pengendali atas laba tahun berjalan dan ekuitas Entitas Anak tersebut sesuai dengan persentase kepemilikan pemegang saham non-pengendali pada Entitas Anak tersebut.

Entitas Asosiasi

Entitas asosiasi adalah seluruh entitas dimana Grup memiliki pengaruh signifikan namun bukan pengendalian, biasanya melalui kepemilikan hak suara antara 20% dan 50%. Investasi pada entitas asosiasi dicatat menggunakan metode ekuitas, setelah pada awalnya diakui pada nilai perolehan dikurangi kerugian penurunan nilai, jika ada.

Investasi pada entitas asosiasi pada awalnya diakui sebesar biaya perolehan. Biaya perolehan diukur berdasarkan nilai wajar aset yang diserahkan, instrumen ekuitas yang diterbitkan atau liabilitas yang timbul atau diambil alih pada tanggal akuisisi, ditambah biaya yang berhubungan langsung dengan akuisisi.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***d. Principles of consolidation** (continued)*

The Group recognises any non-controlling interests in the acquiree on an acquisition-by-acquisition-basis, either at fair value or at the non-controlling interest's proportionate share of the acquiree's net assets.

Acquisition-related costs are expensed as incurred.

All significant balances and transactions, including unrealised gains/losses among BNI and Subsidiaries are eliminated to reflect the consolidated financial position and results of operations of BNI and its Subsidiaries as a single entity.

The consolidated financial statements are prepared using uniform accounting policies for transactions and events in similar circumstances. If the Subsidiaries' financial statements use accounting policies different from those adopted in the consolidated financial statements, appropriate adjustments are made to the Subsidiaries' financial statements.

The non-controlling interest is presented in the equity of the consolidated statement of financial position and represents the non-controlling stockholders' proportionate share in the income for the year and equity of the Subsidiaries based on the percentage of ownership of the non-controlling stockholders in the Subsidiaries.

Associates

Associates are all entities over which the Group has significant influence but not control, generally accompanying a shareholding between 20% and 50% of the voting rights. Investment in associates are accounted for using the equity method of accounting, after initially being recognised at cost less impairment losses, if any.

Investment in an associate is initially recognised at cost. The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued or liabilities incurred or assumed as at the date of acquisition, plus costs directly attributable to the acquisition.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

d. Prinsip konsolidasian (lanjutan)

Entitas Asosiasi (lanjutan)

Goodwill pada akuisisi entitas asosiasi merupakan selisih lebih yang terkait dengan biaya perolehan investasi pada entitas asosiasi dengan bagian Grup atas nilai wajar neto aset teridentifikasi dari entitas asosiasi dan dimasukkan dalam jumlah tercatat investasi.

Dalam menerapkan metode ekuitas, bagian Grup atas laba rugi entitas asosiasi setelah perolehan diakui dalam laba rugi, dan bagian Grup atas penghasilan komprehensif lain setelah tanggal perolehan diakui dalam penghasilan komprehensif lain.

Perubahan dan penerimaan distribusi dari entitas asosiasi setelah tanggal perolehan disesuaikan terhadap nilai tercatat investasi.

Jika bagian Grup atas rugi entitas asosiasi sama dengan atau melebihi kepentingannya pada entitas asosiasi, termasuk piutang tidak lancar tanpa jaminan, maka Grup menghentikan pengakuan bagiannya atas rugi lebih lanjut, kecuali Grup memiliki kewajiban untuk melakukan pembayaran atau telah melakukan pembayaran atas nama entitas asosiasi.

Keuntungan yang belum direalisasi atas transaksi antara Grup dengan entitas asosiasi dieliminasi sebesar bagian Grup dalam entitas asosiasi tersebut. Kerugian yang belum direalisasi juga dieliminasi kecuali transaksi tersebut memberikan bukti penurunan nilai atas aset yang ditransfer. Kebijakan akuntansi entitas asosiasi akan disesuaikan, apabila diperlukan, agar konsisten dengan kebijakan Grup.

Dividen yang akan diterima dari entitas asosiasi diakui sebagai pengurang jumlah tercatat investasi.

Pada setiap tanggal pelaporan, Grup menentukan apakah terdapat bukti objektif bahwa telah terjadi penurunan nilai atas investasi pada entitas asosiasi. Jika bukti tersebut ada, maka Grup menghitung besarnya penurunan nilai sebagai selisih antara jumlah yang terpulihkan dan nilai tercatat atas investasi pada entitas asosiasi dan mengakui selisih tersebut pada laba rugi.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***d. Principles of consolidation** (continued)*

***Associates** (continued)*

Goodwill on acquisition of an associate represents the excess of the cost of acquisition of the associate over the Group's share of the fair value of the identifiable net assets of the associate and is included in the carrying amount of the investment.

In applying the equity method of accounting, the Group's share of its associate's post-acquisition profit or loss is recognised in profit or loss and its share of post-acquisition other comprehensive income is recognised in other comprehensive income.

These post-acquisition movements and distributions received from an associate are adjusted against the carrying amounts of the investment.

When the Group's share of the losses of an associate equals or exceeds its interest in the associate, including any other unsecured non-current receivables, the Group does not recognise further losses, unless it has obligations to make or has made payments on behalf of the associate.

Unrealised gains on transactions between the Group and its associate are eliminated to the extent of the Group's interest in the associate. Unrealised losses are also eliminated unless the transaction provides evidence of impairment of the asset being transferred. The accounting policies of the associate will be changed where necessary to ensure consistency with the accounting policies adopted by the Group.

Dividend receivables from an associate are recognised as reductions in the carrying amounts of the investment.

The Group determines at each reporting date whether there is any objective evidence that the investment in an associate is impaired. If any such evidence exists, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognises the amount in profit or loss.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

d. Prinsip konsolidasian (lanjutan)

Entitas Asosiasi (lanjutan)

Jika bagian kepemilikan entitas pada entitas asosiasi atau ventura bersama berkurang, tetapi investasi tetap diklasifikasikan masing-masing sebagai entitas asosiasi atau ventura bersama, maka entitas mereklasifikasi ke laba rugi proporsi keuntungan atau kerugian yang telah diakui sebelumnya dalam penghasilan komprehensif lain yang terkait dengan pengurangan bagian kepemilikan tersebut jika keuntungan atau kerugian tersebut disyaratkan untuk direklasifikasi ke laba rugi atas pelepasan aset atau liabilitas yang terkait.

e. Transaksi dalam mata uang asing dan penjabaran

Transaksi dalam mata uang asing

Pos-pos yang disertakan dalam laporan keuangan setiap entitas anggota Grup diukur menggunakan mata uang yang sesuai dengan lingkungan ekonomi utama di mana entitas beroperasi ("mata uang fungsional").

BNI dan Entitas Anak yang berdomisili di Indonesia menyelenggarakan pembukuannya dalam mata uang Rupiah, kecuali untuk BNI Remittance yang pembukuan akuntansinya dilakukan dalam Dolar Hongkong. Transaksi-transaksi dalam mata uang selain Rupiah yang terjadi di sepanjang tahun dicatat dengan nilai kurs yang berlaku pada saat terjadinya transaksi yang bersangkutan.

Laporan keuangan konsolidasian disajikan dalam Rupiah yang merupakan mata uang fungsional BNI.

Pada tanggal laporan posisi keuangan konsolidasian, aset dan liabilitas moneter dalam mata uang asing dijabarkan ke dalam mata uang Rupiah dengan menggunakan kurs tengah Reuters pada pukul 15:00 WIB. Keuntungan atau kerugian yang timbul sebagai akibat dari penjabaran aset dan liabilitas moneter dalam mata uang asing dicatat dalam laporan laba rugi konsolidasian tahun berjalan.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***d. Principles of consolidation** (continued)*

***Associates** (continued)*

If an entity's ownership interest in an associate or a joint venture is reduced, but the investment continues to be classified either as an associate or a joint venture respectively, the entity shall reclassify to profit or loss the proportion of the gain or loss that had previously been recognised in other comprehensive income relating to the reduction in ownership interest if that gain or loss would be required to be reclassified to profit or loss on the disposal of the related assets or liabilities.

e. Foreign currency transactions and translations

Transactions denominated in foreign currencies

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency").

BNI and its Subsidiaries domiciled in Indonesia maintain their accounting records in Rupiah, except for BNI Remittance in which its accounting records are maintained in Hongkong Dollar. Transactions during the year involving currencies other than Rupiah are recorded at the exchange rates prevailing at the time the transactions were made.

The consolidated financial statements are presented in Rupiah, which is the functional currency of BNI.

At the consolidated statement of financial position date, all monetary assets and liabilities denominated in foreign currencies are translated to Rupiah using the Reuters middle rate at 15:00 Western Indonesian Time (WIB). The resulting gains or losses from the translation of monetary assets and liabilities in foreign currencies are recognised in the consolidated statement of profit or loss for the current year.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

e. Transaksi dalam mata uang asing dan penjabaran (lanjutan)

Penjabaran aset dan liabilitas dalam mata uang asing

Pada tanggal 31 Desember 2025 dan 2024, kurs mata uang asing yang digunakan untuk penjabaran mata uang asing terhadap Rupiah adalah sebagai berikut (dalam Rupiah penuh):

	31 Desember/ *December* 2025	**31 Desember/ *December* 2024**	
1 Pound Sterling Inggris	22,440	20,219	*Great Britain Pound Sterling 1*
1 Euro Eropa	19,571	16,758	*European Euro 1*
1 Dolar Amerika Serikat	16,675	16,095	*United States Dollar 1*
1 Dolar Singapura	12,965	11,845	*Singapore Dollar 1*
1 Dolar Australia	11,152	10,014	*Australian Dollar 1*
1 Dolar Hong Kong	2,142	2,073	*Hong Kong Dollar 1*
1 Yen Jepang	107	103	*Japanese Yen 1*

Penjabaran laporan keuangan sehubungan dengan konsolidasian laporan cabang BNI yang berkedudukan di luar negeri

Cabang BNI yang berkedudukan di luar negeri menyelenggarakan pembukuannya dalam mata uang negara tempat kedudukannya.

Untuk tujuan konsolidasian, laporan keuangan cabang BNI tersebut dijabarkan ke dalam mata uang Rupiah dengan cara sebagai berikut:

- Saldo akun-akun aset dan liabilitas dijabarkan dengan menggunakan kurs spot Reuters jam 15:00 WIB pada tanggal laporan posisi keuangan konsolidasian;
- Saldo akun-akun laba rugi setiap harinya dijabarkan dengan menggunakan kurs spot Reuters jam 15:00 WIB. Saldo untuk tahun berjalan merupakan jumlah dari penjabaran harian tersebut;
- Akun ekuitas dijabarkan dengan menggunakan kurs historis; dan
- Selisih yang timbul sebagai akibat dari penjabaran ini disajikan di laporan posisi keuangan konsolidasian sebagai bagian dari ekuitas pada akun "Selisih Kurs karena Penjabaran Laporan Keuangan dalam Mata Uang Asing".

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

e. Foreign currency transactions and translations *(continued)*

Translation of assets and liabilities denominated in foreign currencies

As of 31 December 2025 and 2024, the foreign currency exchange rates used for translation of foreign currencies to Rupiah are as follows (amounts in full Rupiah):

Translation of financial statements relating to consolidation of BNI branches domiciled outside of Indonesia

BNI's branches domiciled outside of Indonesia maintain their accounting records in their respective domestic currencies.

For consolidation purposes, the financial statements of such branches domiciled outside of Indonesia are translated into Rupiah as follows:

- *Assets and liabilities accounts are translated using the Reuters spot rates at 15:00 WIB at the consolidated statement of financial position date;*
- *Revenues and expenses accounts are translated using the daily Reuters spot rate at 15:00 WIB. The balances for the year represent the sum of those daily translations;*
- *Equity accounts are recorded using the historical rates; and*
- *Differences arising from translation are presented in the consolidated statement of financial position balance as part of equity under "Exchange Difference on Translation of Foreign Currency Financial Statements".*

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

f. Giro pada bank lain dan Bank Indonesia

Giro pada bank lain dan Bank Indonesia diklasifikasikan sebagai biaya perolehan yang diamortisasi. Giro pada bank lain dan Bank Indonesia dinyatakan sebesar biaya perolehan diamortisasi menggunakan metode suku bunga efektif dikurangi cadangan kerugian penurunan nilai.

Lihat Catatan 2c untuk kebijakan akuntansi atas aset dan liabilitas keuangan.

g. Penempatan pada bank lain dan Bank Indonesia

Penempatan pada bank lain dan Bank Indonesia terdiri dari *Deposit Facility* Bank Indonesia*, Term Deposit, call money* dan deposito berjangka.

Penempatan pada bank lain dan Bank Indonesia diklasifikasikan sebagai biaya perolehan yang diamortisasi. Penempatan pada bank lain dinyatakan sebesar biaya perolehan diamortisasi menggunakan metode suku bunga efektif dikurangi cadangan kerugian penurunan nilai.

Lihat Catatan 2c untuk kebijakan akuntansi atas aset dan liabilitas keuangan.

h. Efek-efek dan Obligasi Pemerintah

Efek-efek yang dimiliki terdiri dari Sertifikat Bank Indonesia (SBI), Sertifikat Deposito Bank Indonesia, unit penyertaan reksa dana, obligasi, obligasi subordinasi, Sekuritas Rupiah Bank Indonesia (SRBI), saham yang dimiliki untuk diperdagangkan dan instrumen utang lainnya yang diperdagangkan di pasar uang dan pasar modal.

Obligasi Pemerintah terdiri dari Obligasi Rekapitalisasi Pemerintah yang diterbitkan kepada BNI dan bank lainnya berkaitan dengan program rekapitalisasi Pemerintah dan obligasi lainnya yang diterbitkan oleh Pemerintah Indonesia dan negara lainnya, yang tidak berkaitan dengan program rekapitalisasi, yang diperoleh melalui pasar perdana dan sekunder.

Pada saat pengakuan awal, efek-efek dan Obligasi Pemerintah dicatat sesuai dengan kategorinya, yaitu aset keuangan diklasifikasikan pada biaya perolehan yang diamortisasi, nilai wajar melalui penghasilan komprehensif lain atau nilai wajar melalui laba rugi.

Lihat Catatan 2c untuk kebijakan akuntansi atas aset dan liabilitas keuangan.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

f. Current accounts with other banks and Bank Indonesia

The current accounts with other banks and Bank Indonesia are classified as amortised cost. Current accounts with other banks and Bank Indonesia are stated at amortised cost using the effective interest rate method less allowance for impairment losses.

Refer to Note 2c for the accounting policies of financial assets and liabilities.

g. Placements with other banks and Bank Indonesia

Placements with other banks and Bank Indonesia consist of Bank Indonesia Deposit Facility, Term Deposit, call money and time deposits.

Placements with other banks and Bank Indonesia are classified as amortised cost. Placements with other banks are stated at amortised cost using the effective interest rate method less allowance for impairment losses.

Refer to Note 2c for the accounting policies of financial assets and liabilities.

h. Marketable securities and Government Bonds

Marketable securities consist of Certificates of Bank Indonesia (SBI), Certificates Deposits of Bank Indonesia, mutual fund units, bonds, subordinated bonds, Sekuritas Rupiah Bank Indonesia (SRBI), shares held-for-trading and other debt instruments traded in the money market and stock exchanges.

Government Bonds consist of Government Recapitalization Bonds issued to BNI and other banks with respect to the recapitalization program of the Government and other bonds issued by the Government of Indonesia and other countries, that are not related to the recapitalization program, acquired through the primary and secondary markets.

At initial recognition, the marketable securities and Government Bonds are recorded according to their category, i.e., amortised cost, fair value through other comprehensive income or at fair value through profit or loss.

Refer to Note 2c for the accounting policies of financial assets and liabilities.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

h. Efek-efek dan Obligasi Pemerintah (lanjutan)

Surat Berharga Syariah adalah surat bukti investasi berdasarkan prinsip syariah yang lazim diperdagangkan di pasar uang syariah dan/atau pasar modal syariah antara lain obligasi syariah (sukuk) dan surat berharga lainnya berdasarkan prinsip syariah.

Pada saat pengakuan awal, Grup mengakui investasi pada sukuk sebagai diukur pada biaya perolehan dan pada nilai wajar melalui penghasilan komprehensif lain sebesar nilai wajar ditambah atau dikurangi biaya transaksi terkait perolehan investasi tersebut. Sedangkan investasi pada sukuk ijarah dan sukuk mudharabah yang diukur pada nilai wajar melalui laba rugi diakui sebesar nilai wajar.

Grup menentukan klasifikasi investasi pada surat berharga, khususnya sukuk, berdasarkan model usaha yang ditentukan berdasarkan klasifikasi sesuai PSAK 410 (Revisi 2020) tentang “Akuntansi Sukuk" sebagai berikut:

- Surat berharga diukur pada biaya perolehan disajikan sebesar biaya perolehan (termasuk biaya investasi) yang disesuaikan dengan premi dan/atau diskonto yang belum diamortisasi. Premi dan diskonto diamortisasi selama periode hingga jatuh tempo.
- Surat berharga diukur pada nilai wajar melalui laba rugi, yang dinyatakan sebesar nilai wajar. Keuntungan atau kerugian yang belum direalisasi akibat kenaikan atau penurunan nilai wajarnya disajikan dalam laporan laba rugi periode yang bersangkutan.
- Surat berharga yang diukur pada nilai wajar melalui penghasilan komprehensif lainnya disajikan sebesar nilai wajar. Keuntungan atau kerugian yang belum direalisasi akibat kenaikan atau penurunan nilai wajarnya disajikan dalam penghasilan komprehensif lain. Premi dan diskonto diamortisasi selama periode hingga jatuh tempo.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

h. Marketable securities and Government Bonds *(continued)*

Sharia Securities are proof of investment based on sharia principles that are commonly traded in the sharia money market and/or sharia capital markets, including sharia bonds (sukuk) and other securities following sharia principles.

At initial recognition, the Group recognise investments in sukuk are stated at cost and measured at fair value through other comprehensive income at fair value add or less transaction cost related to acquisition investment. Whereas investment in sukuk ijarah and sukuk mudharabah are measured at fair value through profit and loss and recognised at fair value.

The Group defines the classification of investment in marketable securities, specifically sukuk, based on business model in accordance with SFAS 410 (Revised 2020) on "Accounting for Sukuk" as follows:

- *At cost securities are stated at cost (including transaction costs), adjusted by unamortised premium and/or discount. Premium and discount are amortised over the period until maturity.*
- *Securities are stated at fair values through profit or loss, and stated at fair value. Unrealised gains or losses from the increase or decrease in fair values are presented in current period profit or loss.*
- *At fair value through other comprehensive income securities are measured at fair value. Unrealised gains or losses from the increase or decrease in fair value are presented in other comprehensive income. Premium and discount are amortised over the period until maturity.*

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

i. Efek-efek yang dibeli/dijual dengan janji dijual/dibeli kembali

Efek-efek yang dibeli dengan janji untuk dijual kembali diklasifikasikan sebagai biaya perolehan yang diamortisasi.

Efek-efek yang dibeli dengan janji untuk dijual kembali disajikan sebagai aset dalam laporan posisi keuangan konsolidasian sebesar jumlah penjualan kembali dikurangi dengan pendapatan bunga yang belum diamortisasi dan cadangan kerugian penurunan nilai. Selisih antara harga beli dan harga jual kembali diperlakukan sebagai pendapatan bunga yang ditangguhkan, dan diakui sebagai pendapatan selama periode sejak efek-efek tersebut dibeli hingga dijual menggunakan suku bunga efektif.

Efek-efek yang dijual dengan janji untuk dibeli kembali diklasifikasikan sebagai liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi.

Efek-efek yang dijual dengan janji untuk dibeli kembali disajikan sebagai liabilitas dalam laporan posisi keuangan konsolidasian sebesar jumlah pembelian kembali, dikurangi dengan bunga dibayar di muka yang belum diamortisasi. Selisih antara harga jual dan harga beli kembali diperlakukan sebagai bunga dibayar di muka dan diakui sebagai beban bunga selama jangka waktu sejak efek-efek tersebut dijual hingga dibeli kembali menggunakan metode suku bunga efektif.

Lihat Catatan 2c untuk kebijakan akuntansi atas aset dan liabilitas keuangan.

j. Wesel ekspor dan tagihan lainnya

Wesel ekspor dan tagihan lainnya terdiri atas tagihan dari *Letters of Credit* dan Surat Kredit Berdokumen Dalam Negeri (SKBDN) kepada eksportir.

Wesel ekspor dan tagihan lainnya diklasifikasikan sebagai biaya perolehan yang diamortisasi.

Wesel ekspor dan tagihan lainnya dicatat pada biaya perolehan diamortisasi setelah dikurangi cadangan kerugian penurunan nilai.

Lihat Catatan 2c untuk kebijakan akuntansi atas aset dan liabilitas keuangan.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

i. Securities purchased/sold under agreements to resell/repurchase

Securities purchased under agreements to resell are classified as amortised cost.

Securities purchased under agreements to resell are presented as assets in the consolidated statement of financial position, at the resale price net of unamortised interest income and allowance for impairment losses. The difference between the purchase price and the resale price is treated as unearned interest income, and recognised as income over the period starting from when those securities are purchased until they are sold using effective interest rate method.

Securities sold under agreements to repurchase are classified as financial liabilities measured at amortised cost.

Securities sold under agreements to repurchase are presented as liabilities in the consolidated statement of financial position, at the repurchase price, net of unamortised prepaid interest. The difference between the selling price and the repurchase price is treated as prepaid interest and recognised as interest expense over the period starting from when those securities are sold until they are repurchased using effective interest rate method.

Refer to Note 2c for the accounting policies of financial assets and liabilities.

j. Bills and other receivables

Bills and other receivables consists of receivables from Letters of Credit and Domestic Documentary Letters of Credit to exporters.

Bills and other receivables are classified as amortised cost.

Bills and other receivables are stated at amortised cost less allowance for impairment losses.

Refer to Note 2c for the accounting policies of financial assets and liabilities.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

k. Instrumen keuangan derivatif

Dalam melakukan usaha bisnisnya, BNI melakukan transaksi instrumen keuangan derivatif seperti kontrak berjangka mata uang asing, *swap* mata uang asing, *swap* atas suku bunga, dan transaksi *spot* untuk mengelola eksposur pada risiko pasar seperti, risiko mata uang dan risiko tingkat suku bunga.

Instrumen keuangan derivatif diakui di laporan posisi keuangan konsolidasian pada nilai wajar. Setiap kenaikan nilai wajar kontrak derivatif dicatat sebagai aset apabila memiliki nilai wajar positif dan sebagai liabilitas apabila memiliki nilai wajar negatif.

Tagihan dan liabilitas derivatif diklasifikasikan sebagai aset dan liabilitas keuangan yang diukur pada nilai wajar melalui laporan laba rugi.

Keuntungan atau kerugian yang terjadi dari perubahan nilai wajar diakui dalam laporan laba rugi konsolidasian.

Nilai wajar instrumen derivatif ditentukan berdasarkan diskonto arus kas dan model penentu harga atau harga yang diberikan oleh *broker* (*quoted price*) atas instrumen lainnya yang memiliki karakteristik serupa.

Kontrak berjangka mata uang asing, *swap* mata uang asing dan *cross currency swap* dan *swap* tingkat suku bunga dilakukan untuk tujuan pendanaan dan perdagangan.

l. Pinjaman yang diberikan

Pinjaman yang diberikan

Pinjaman yang diberikan adalah penyediaan uang atau tagihan yang dapat disetarakan dengan itu, berdasarkan persetujuan atau kesepakatan pinjam-meminjam dengan debitur yang mewajibkan debitur untuk melunasi utang dan bunganya setelah jangka waktu tertentu, dan tagihan yang berasal dari fasilitas *trade finance* yang telah jatuh tempo yang belum diselesaikan dalam waktu 15 hari.

Pinjaman yang diberikan diklasifikasikan sebagai biaya perolehan yang diamortisasi.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

k. Derivative financial instruments

In the normal course of its business, BNI enters into transactions involving derivative financial instruments such as foreign currency forward contracts, foreign currency swaps, interest rate swaps, and spot transactions to manage exposures on market risks, such as currency risk and interest rate risks.

Derivative financial instruments are recognised in the consolidated statement of financial position at fair value. Each increase in fair value derivative contract is carried as asset when the fair value is positive and as liability when the fair value is negative.

Derivative receivable and payable are classified as financial assets and liabilities at fair value through profit or loss.

Gains or losses resulting from fair value changes are recognised in the consolidated statement of profit or loss.

The fair value of derivative instruments is determined based on discounted cash flows and pricing models or quoted prices from brokers of other instruments with similar characteristics.

Foreign currency forward contracts, foreign currency swaps, and cross currency and interest rate swaps are for funding and trading purposes.

l. Loans

Loans

Loans represent funds provided or receivables that can be considered as equivalents thereof, based on agreements or financing contracts with borrowers, where borrowers are required to repay their debts with interest after a specified period, and matured trade finance facilities which have not been settled within 15 days.

Loans are classified as amortised cost.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

l. Pinjaman yang diberikan (lanjutan)

Pinjaman yang diberikan pada awalnya diukur pada nilai wajar ditambah dengan biaya transaksi yang dapat diatribusikan secara langsung untuk memperoleh aset keuangan tersebut, dan setelah pengakuan awal diukur pada biaya perolehan diamortisasi menggunakan metode suku bunga efektif dikurangi dengan cadangan kerugian penurunan nilai.

Pinjaman sindikasi dan pinjaman penerusan dicatat sesuai dengan porsi pinjaman yang risikonya ditanggung oleh Grup.

Lihat Catatan 2c untuk kebijakan akuntansi atas aset dan liabilitas keuangan.

m. Kontrak jaminan keuangan

Kontrak jaminan keuangan adalah kontrak yang mengharuskan penerbit untuk melakukan pembayaran yang ditetapkan untuk mengganti uang pemegang kontrak atas kerugian yang terjadi karena debitur tertentu gagal untuk melakukan pembayaran pada saat jatuh tempo, sesuai dengan ketentuan dari instrumen hutang. Jaminan keuangan tersebut diberikan kepada bank-bank, lembaga keuangan dan badan-badan lainnya atas nama debitur untuk menjamin kredit dan fasilitas-fasilitas perbankan lainnya.

Jaminan keuangan diakui awalnya sebesar nilai wajar pada tanggal jaminan diberikan. Nilai wajar dari jaminan keuangan pada saat dimulainya transaksi pada umumnya sama dengan provisi yang diterima untuk jaminan diberikan dengan syarat dan kondisi normal. Pendapatan provisi yang diperoleh diamortisasi selama jangka waktu jaminan menggunakan metode garis lurus.

Setelah pengakuan awal kontrak, jaminan keuangan dicatat pada nilai yang lebih tinggi antara nilai wajar amortisasi dengan nilai kerugian kredit ekspektasian sesuai PSAK 109 “Instrumen Keuangan”.

Cadangan kerugian penurunan nilai atas kontrak jaminan keuangan yang memiliki risiko kredit dihitung berdasarkan model kerugian ekspektasian.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***l. Loans** (continued)*

Loans are initially measured at fair value plus transaction costs that are directly attributable to obtain financial assets, and after initial recognition are measured at amortised cost based on the effective interest rate method less allowance for impairment losses.

Syndicated loans and two step loans are recorded according to the proportion of risks borne by the Group.

Refer to Note 2c for the accounting policies of financial assets and liabilities.

m. Financial guarantee contracts

Financial guarantee contracts are contracts that require the issuer to make specified payments to reimburse the holder for a loss incurred because a specified debtor defaulted to make payments when due, in accordance with the terms of a debt instrument. Such financial guarantees are given to banks, financial institutions and other institutions on behalf of customers to secure loans and other banking facilities.

Financial guarantees are initially recognised at fair value on the date the guarantee was given. The fair value of a financial guarantee at inception is likely to be equal to the premium received because all guarantees are agreed on arm’s length terms. The fee income earned is amortised over the period of guarantees using the straight line method.

After initial recognition of the contract, the financial guarantee is recorded at the higher of the amortised fair value and the expected credit loss value in accordance with SFAS 109 “Financial Instrument”.

Allowances for impairment on financial guarantee contracts with credit risk are calculated based on expected credit losses model.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

n. Tagihan dan liabilitas akseptasi

Tagihan akseptasi diklasifikasikan sebagai aset keuangan dalam kelompok biaya perolehan diamortisasi. Liabilitas akseptasi diklasifikasikan sebagai liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi.

Lihat Catatan 2c untuk kebijakan akuntansi atas aset dan liabilitas keuangan.

o. Penyertaan saham

Penyertaan saham merupakan penanaman dana dalam bentuk saham pada perusahaan yang bergerak di bidang jasa keuangan untuk tujuan jangka panjang.

Investasi dengan persentase kepemilikan di bawah 20% dan tidak memiliki pengaruh signifikan yang diklasifikasikan sebagai aset keuangan yang dimiliki untuk dijual dicatat pada nilai wajar melalui laba rugi.

Investasi dengan persentase kepemilikan di bawah 20% dan tidak memiliki pengaruh signifikan yang diklasifikasikan sebagai aset keuangan yang dimiliki tidak untuk dijual dicatat pada nilai wajar melalui penghasilan komprehensif lain.

Penyertaan sementara pada perusahaan debitur timbul akibat konversi pinjaman yang diberikan menjadi saham. Pada saat pengakuan awal, saham yang diterima diakui dengan nilai wajar. Selanjutnya, saham tersebut dinilai dengan menggunakan metode ekuitas apabila BNI memiliki pengaruh signifikan terhadap *investees* dan diklasifikasikan sebagai aset keuangan apabila BNI tidak memiliki pengaruh signifikan terhadap *investees*.

p. Aset tetap, aset hak-guna, liabilitas sewa dan aset takberwujud

Aset tetap

Grup menerapkan kebijakan akuntansi model revaluasi untuk aset tetap berupa tanah dan bangunan. Untuk aset tetap selain tanah dan bangunan menggunakan model biaya.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

n. Acceptance receivables and payables

Acceptance receivables are classified as financial assets measured at amortised cost. Acceptance liabilities are classified as financial liabilities measured at amortised cost.

Refer to Note 2c for the accounting policies of financial assets and liabilities.

o. Equity investments

Equity investments represent investments in the form of shares of stock, in companies engaged in financial services held for long-term purposes.

Investments with an ownership interest below 20% and have no significant influence classified as financial asset which held for sale is measured at fair value through profit or loss.

Investments with an ownership interest below 20% and have no significant influence classified as financial asset which are not held for sale are measured at fair value through other comprehensive income.

Temporary investments in debtor companies arise from conversion of loans to shares/equity. At initial recognition, shares received were recognised at fair value. Subsequently, the shares were recognised using equity method if BNI has significant influence over the investees or classified as financial asset if BNI does not have significant influence over the investees.

p. Fixed assets, right-of-use assets, lease liabilities and intangible assets

Fixed assets

Group applies revaluation model as accounting policy for land and buildings. For fixed assets other than land and buildings, it applies cost model.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

p. Aset tetap, aset hak-guna, liabilitas sewa dan aset takberwujud (lanjutan)

Aset tetap (lanjutan)

Tanah dan bangunan disajikan sebesar nilai wajar, dikurangi akumulasi penyusutan untuk bangunan. Penilaian terhadap tanah dan bangunan dilakukan oleh penilai independen eksternal yang telah memiliki sertifikasi. Penilaian atas aset tersebut dilakukan secara berkala untuk memastikan bahwa nilai wajar aset yang direvaluasi tidak berbeda secara material dengan nilai tercatatnya. Nilai tercatat bruto disesuaikan dengan cara yang konsisten dengan nilai tercatat revaluasi aset. Sebagai contoh, nilai tercatat bruto dapat direvaluasi dengan mengacu pada data pasar yang dapat diobservasi atau dapat direvaluasi secara proporsional dengan perubahan nilai tercatat. Akumulasi penyusutan pada tanggal revaluasi disesuaikan dengan selisih antara nilai tercatat bruto dan nilai tercatat aset setelah memperhitungkan akumulasi kerugian penurunan nilai.

Jika nilai wajar dari aset yang direvaluasi mengalami perubahan yang signifikan, maka perlu direvaluasi secara tahunan, sedangkan jika nilai wajar dari aset yang direvaluasi tidak mengalami perubahan yang signifikan, maka perlu dilakukan revaluasi paling kurang 3 tahun sekali.

Kenaikan nilai tercatat yang timbul dari revaluasi tanah dan bangunan dicatat sebagai "Cadangan Revaluasi Aset" dan disajikan sebagai "Penghasilan Komprehensif Lain". Penurunan nilai tercatat yang timbul dari revaluasi dicatat sebagai beban pada tahun berjalan. Apabila aset tersebut memiliki saldo "Keuntungan Revaluasi Aset Tetap" yang disajikan sebagai "Penghasilan Komprehensif Lain" maka selisih penurunan nilai tercatat tersebut dibebankan terhadap "Keuntungan Revaluasi Aset Tetap" yang disajikan sebagai "Penghasilan Komprehensif Lain'' dan sisanya diakui sebagai beban tahun berjalan.

Aset tetap selain tanah dan bangunan disajikan sebesar harga perolehan dikurangi dengan akumulasi penyusutan.

Biaya perolehan termasuk biaya penggantian bagian aset tetap saat biaya tersebut terjadi jika memenuhi kriteria pengakuan.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***p. Fixed assets, right-of-use assets, lease liabilities and intangible assets** (continued)*

***Fixed assets** (continued)*

Land and buildings are shown at fair value, less accumulated depreciation for buildings. Valuation of land and buildings are performed by certified external independent valuers with certain qualification. Valuations are performed with sufficient regularity to ensure that the fair value of a revalued asset does not differ materially from its carrying amount. The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be revalued by reference to observable market data or it may be revalued proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the assets after taking into account accumulated impairment losses.

If the fair value of the revalued asset change significantly, it is necessary to revaluate on an annual basis, whereas if the fair value of the revaluated asset does not change significantly, it is necessary to revaluate at a minimum every 3 years.

Increases in the carrying amount arising on revaluation of land and building is recorded in "Asset Revaluation Reserve" and presented as "Other Comprehensive Income". Decreases in carrying amount as the result of revaluation is recorded as expense in the current year. If the asset has a balance on its "Gain on Revaluation of Fixed Assets", loss from revaluation of fixed asset is charged to "Gain on Revaluation of Fixed Assets" which is presented as "Other Comprehensive Income" and the rest of the amount is charged to current year's expenses.

Fixed assets besides land and buildings are stated at historical cost less accumulated depreciation.

Cost includes the replacement cost of a part of the fixed assets when the expenditure meets the criteria for recognition.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

p. Aset tetap, aset hak-guna, liabilitas sewa dan aset takberwujud (lanjutan)

Aset tetap (lanjutan)

Semua biaya pemeliharaan dan perbaikan yang tidak memenuhi kriteria untuk dikapitalisasi diakui dalam laporan laba rugi pada saat terjadinya. Pada setiap akhir tahun buku, nilai residu, umur manfaat, dan metode penyusutan ditelaah kembali dan jika sesuai dengan keadaan, disesuaikan secara prospektif.

Semua aset tetap kecuali tanah, disusutkan berdasarkan metode garis lurus selama estimasi masa manfaat aset tersebut sebagai berikut:

	Tarif Penyusutan/ *Depreciation Rate*	**Tahun/*Years***	
Bangunan	6.67%	15	*Buildings*
Perlengkapan kantor dan kendaraan bermotor	20.00%	5	*Office equipment and motor vehicles*

Perlengkapan kantor terdiri dari perabotan dan perlengkapan, instalasi, Anjungan Tunai Mandiri (ATM), perangkat lunak dan perangkat keras komputer, peralatan komunikasi dan peralatan kantor lainnya.

Grup menganalisa fakta dan keadaan untuk masing-masing jenis hak atas tanah dalam menentukan akuntansi untuk masing-masing hak atas tanah tersebut sehingga dapat merepresentasikan dengan tepat suatu kejadian atau transaksi ekonomi yang mendasarinya. Jika hak atas tanah tersebut tidak mengalihkan pengendalian atas aset pendasar kepada Grup, melainkan mengalihkan hak untuk menggunakan aset pendasar, Grup menerapkan perlakuan akuntansi atas transaksi tersebut sebagai sewa berdasarkan PSAK 116 “Sewa”, kecuali jika hak atas tanah secara substansi menyerupai pembelian tanah, maka Grup menerapkan PSAK 216 “Aset Tetap”.

Apabila nilai tercatat aset lebih besar dari nilai yang dapat diperoleh kembali, nilai tercatat aset diturunkan menjadi sebesar nilai yang dapat diperoleh kembali, yang ditentukan sebagai nilai tertinggi antara harga jual neto dan nilai yang dipakai.

Apabila aset tetap tidak digunakan lagi atau dijual, maka nilai perolehan dan akumulasi penyusutannya dihapuskan dari akun tersebut. Keuntungan atau kerugian yang terjadi diakui dalam laporan laba rugi.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***p. Fixed assets, right-of-use assets, lease liabilities and intangible assets** (continued)*

***Fixed assets** (continued)*

All maintenance and repair costs which do not fulfill the capitalization criteria, are recognised in profit or loss upon occurrence. At each financial year end, the assets’ residual values, useful life, and methods of depreciation are reviewed, and adjusted prospectively as appropriate.

All fixed assets, except land, are depreciated using the straight-line method over their expected useful lives as follows:

Office equipment consists of furniture and fixtures, installation, Automatic Teller Machines (ATM), computer software and hardware, communication and other office equipment.

The Group analyses the facts and circumstances for each type of land rights in determining the accounting for each of these land rights so that it can accurately represent an underlying economic event or transaction. If the landrights do not transfer control of the underlying assets to the Group, but gives the rights to use the underlying assets, the Group applies the accounting treatment of these transactions as leases under SFAS 116 “Leases”, except if landrights substantially similar to land purchases, the Group applies SFAS 216 “Property, Plant and Equipment”.

When the carrying amount of an asset is greater than its estimated recoverable amount, it is written down to its recoverable amount, which is determined as the higher of the net selling price or value in use.

When fixed assets are retired or disposed of, their costs and the related accumulated depreciation are derecognised from the accounts. Any resulting gain or loss is recognised in profit or loss.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

p. Aset tetap, aset hak-guna, liabilitas sewa dan aset takberwujud (lanjutan)

Aset tetap (lanjutan)

Akumulasi biaya konstruksi aset tetap dikapitalisasi dan dicatat sebagai "Aset dalam Pembangunan". Biaya tersebut direklasifikasi ke akun aset tetap yang terkait pada saat proses konstruksi atau pemasangan telah selesai.

Aset hak-guna dan liabilitas sewa

Pada tanggal permulaan kontrak, Grup menilai apakah kontrak merupakan atau mengandung sewa. Suatu kontrak merupakan atau mengandung sewa jika kontrak tersebut memberikan hak untuk mengendalikan penggunaan aset identifikasian selama suatu jangka waktu untuk dipertukarkan dengan imbalan. Grup dapat memilih untuk tidak mengakui aset hak-guna dan liabilitas sewa untuk:

- Sewa dengan jangka waktu kurang atau sama dengan 12 bulan dan tidak terdapat opsi beli;
- Sewa atas aset dengan nilai rendah.

Untuk menilai apakah kontrak memberikan hak untuk mengendalikan penggunaan aset identifikasian, Grup harus menilai apakah:

- Grup memiliki hak untuk mendapatkan secara substansial seluruh manfaat ekonomi dari penggunaan aset identifikasian; dan
- Grup memiliki hak untuk mengarahkan penggunaan aset identifikasian. Grup memiliki hak ini ketika Grup memiliki hak untuk pengambilan keputusan yang relevan tentang bagaimana dan untuk tujuan apa aset digunakan telah ditentukan sebelumnya:
  1. Grup memiliki hak untuk mengoperasikan aset; dan
  2. Grup telah mendesain aset dengan cara menetapkan sebelumnya bagaimana dan untuk tujuan apa aset akan digunakan selama periode penggunaan.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

p. Fixed assets, right-of-use assets, lease liabilities and intangible assets *(continued)*

Fixed assets *(continued)*

The accumulated costs of construction of fixed assets are capitalised and recognised as "Construction in Progress". These costs are reclassified to the related fixed asset account when the construction or installation is completed.

Right-of-use assets and lease liabilities

At the inception of a contract, the Group assesses whether the contract is or contains a lease. A contract is or contains a lease if the contract conveys the right to control the use of an identified assets for a period of time in exchange for consideration. The Group can choose not to recognise the right-of-use assets and lease liabilities for:

- *Leases with a term of less or equal to 12 months and there is no call option;*
- *Leases of low value assets.*

To assess whether a contract conveys the right to control the use of an identified asset, the Group shall assess whether:

- *The Group has the right to obtain substantially all the economic benefit from use of the asset throughout the period of use; and*
- *The Group has the right to direct the use of the asset. The Group has described when it has a decision-making right that are the most relevant to changing how and for what purpose the asset is used are predetermined:*
  1. *The Group has the right to operate the asset; and*
  2. *The Group has designed the asset in a way that predetermine how and for what purposes it will be used.*

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

p. Aset tetap, aset hak-guna, liabilitas sewa dan aset takberwujud (lanjutan)

Aset hak-guna dan liabilitas sewa (lanjutan)

Pada tanggal permulaan sewa, Grup mengakui aset hak-guna dan liabilitas sewa. Aset hak-guna diukur pada biaya perolehan, dimana meliputi jumlah pengukuran awal liabilitas sewa yang disesuaikan dengan pembayaran sewa yang dilakukan pada atau sebelum tanggal permulaan, ditambah dengan biaya langsung awal yang dikeluarkan. Aset hak-guna diamortisasi dengan menggunakan metode garis lurus sepanjang jangka waktu sewa.

Liabilitas sewa diukur pada nilai kini pembayaran sewa yang belum dibayar pada tanggal permulaan, didiskontokan dengan menggunakan suku bunga implisit dalam sewa atau jika suku bunga tersebut tidak dapat ditentukan, maka menggunakan suku bunga pinjaman inkremental. Pada umumnya, Grup menggunakan suku bunga pinjaman inkremental sebagai tingkat bunga diskonto.

Pembayaran sewa dialokasikan menjadi bagian pokok dan biaya keuangan. Biaya keuangan dibebankan pada laba rugi selama periode sewa sehingga menghasilkan tingkat suku bunga periodik yang konstan atas saldo liabilitas untuk setiap periode.

Jika sewa mengalihkan kepemilikan aset pendasar kepada Grup pada akhir masa sewa atau jika biaya perolehan aset hak-guna merefleksikan Grup akan mengeksekusi opsi beli, maka Grup menyusutkan aset hak-guna dari tanggal permulaan hingga akhir umur manfaat aset pendasar. Jika tidak, maka Grup menyusutkan aset hak-guna dari tanggal permulaan hingga tanggal yang lebih awal antara akhir umur manfaat aset hak-guna atau akhir masa sewa.

Modifikasi sewa

Grup mencatat modifikasi sewa sebagai sewa terpisah jika:
- Modifikasi meningkatkan ruang lingkup sewa dengan menambahkan hak untuk menggunakan satu aset pendasar atau lebih;
- Imbalan sewa meningkat sebesar jumlah yang setara dengan harga tersendiri untuk peningkatan dalam ruang lingkup dan penyesuaian yang tepat pada harga tersendiri tersebut untuk merefleksikan kondisi kontrak tertentu.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

p. Fixed assets, right-of-use assets, lease liabilities and intangible assets *(continued)*

Right-of-use assets and lease liabilities *(continued)*

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use assets is initially measured at cost, which comprises the initial amount of the leases liability adjusted for any leases payment made at or before the commencement date, plus any initial direct cost incurred. The right-of-use assets is amortised over the straight-line method throughout the lease term.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as a discount rate.

Each lease payment is allocated between the liability and finance cost. The finance cost is charged to profit or loss over the leases period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

If the lease transfers ownership of the underlying asset to the Group by the end of the leases term or if the cost of the right-of-use assets reflects that the Group will exercise a purchase option, the Group depreciates the right-of-use asset from the commencement date to the end of the useful life of the underlying asset. Otherwise, the Group depreciates the right-of-use assets from the commencement date to the earlier of the end of the useful life of the right-of-use assets or the end of the leases term.

Lease modification

The Group account for a lease modification as a separate lease if both:
- *The modification increases the scope of the lease by adding the right to use one or more underlying assets;*
- *The consideration for the lease increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.*

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

p. Aset tetap, aset hak-guna, liabilitas sewa dan aset takberwujud (lanjutan)

Aset takberwujud

Aset takberwujud diakui jika, dan hanya jika, biaya perolehan aset tersebut dapat diukur secara andal dan kemungkinan besar Grup akan memperoleh manfaat ekonomis masa depan dari aset tersebut. Aset takberwujud terdiri dari *goodwill*, hubungan pelanggan dan merek dagang yang diperoleh pada saat akuisisi.

Lihat Catatan 2d untuk kebijakan akuntansi terkait *goodwill.*

q. Agunan yang diambil alih

Agunan yang diambil alih disajikan dalam akun "Aset lain-lain".

Agunan yang diambil alih (AYDA) adalah aset yang diperoleh Grup, baik melalui pelelangan maupun diluar pelelangan berdasarkan penyerahan secara sukarela oleh pemilik agunan atau berdasarkan kuasa untuk menjual diluar lelang dari pemilik agunan dalam hal debitur tidak memenuhi liabilitasnya kepada Grup. AYDA merupakan jaminan kredit yang diberikan yang telah diambil alih sebagai bagian dari penyelesaian kredit yang diberikan dan disajikan pada "Aset lain-lain".

Agunan yang diambil alih diakui sebesar nilai neto yang dapat direalisasi atau sebesar nilai *outstanding* kredit yang diberikan, mana yang lebih rendah. Nilai neto yang dapat direalisasi adalah nilai wajar agunan yang diambil alih dikurangi dengan estimasi biaya untuk menjual agunan tersebut. Selisih lebih saldo kredit di atas nilai neto yang dapat direalisasi dari agunan yang diambil alih dibebankan ke dalam akun cadangan kerugian penurunan nilai aset. Selisih antara nilai agunan yang diambil alih dengan hasil penjualan diakui sebagai keuntungan atau kerugian pada saat penjualan.

Beban-beban yang berkaitan dengan pemeliharaan agunan yang diambil alih dibebankan dalam laporan laba rugi pada saat terjadinya.

Bila terjadi penurunan nilai yang bersifat permanen, maka nilai tercatatnya dikurangi untuk mengakui penurunan tersebut dan kerugiannya dibebankan dalam laporan laba rugi.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

p. Fixed assets, right-of-use assets, lease liabilities and intangible assets *(continued)*

Intangible Assets

Intangible assets are recognised if, and only if the cost of the asset can be measured reliably and it is probable that the Group will obtain future economic benefits from the asset. Intangible assets consist of goodwill, customer relationships and trademarks acquired by the Group at acquisition.

Refer to Note 2d for the accounting policies of goodwill.

q. Foreclosed collaterals

Foreclosed collaterals are included in the "Other assets" account.

Foreclosed collaterals represent assets acquired by the Group, both from auction and non auction based on voluntary transfer by the debtor or based on debtor's approval to sell the collateral where the debtor could not fulfill their obligations to the Group. Foreclosed collaterals represent loan collateral that were taken over as part of loans settlement and presented in "Other assets".

Foreclosed collaterals are stated at net realizable value or stated at loan outstanding amount, whichever is lower. Net realizable value is the fair value of the foreclosed collaterals less the estimated costs to sell the assets. The excess of loan receivable over the net realizable value of the foreclosed collateral is charged to allowance for impairment losses. The difference between the recorded amount of the foreclosed collateral and the proceeds from the sale of such collateral is recorded as a gain or loss at the time of sale.

Maintenance and repair costs related to foreclosed collaterals are charged as an expense in profit or loss when incurred.

If there is permanent decline in value, the carrying amount of foreclosed collaterals is written down to recognise such permanent decline in value and any losses from such write-down is recognised in profit or loss.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

r. Liabilitas segera

Liabilitas segera dicatat pada saat liabilitas kepada masyarakat maupun kepada bank lain timbul.

Akun ini diklasifikasikan sebagai liabilitas keuangan lain dan dihitung berdasarkan biaya perolehan diamortisasi.

Lihat Catatan 2c untuk kebijakan akuntansi atas aset dan liabilitas keuangan.

s. Simpanan nasabah

Tabungan merupakan simpanan nasabah di BNI dan Entitas Anak yang bergerak di bidang perbankan yang penarikannya hanya dapat dilakukan melalui *counter* dan Anjungan Tunai Mandiri (ATM) atau dengan cara pemindahbukuan melalui *SMS Banking, Phone Banking, Mobile Banking* dan *Internet Banking* jika memenuhi persyaratan yang disepakati, tetapi penarikan tidak dapat dilaksanakan dengan menggunakan cek atau instrumen setara lainnya.

Deposito berjangka merupakan simpanan nasabah di BNI dan Entitas Anak yang bergerak di bidang perbankan yang penarikannya hanya dapat dilakukan pada waktu tertentu sesuai dengan perjanjian antara nasabah dengan BNI dan Entitas Anak yang bergerak di bidang perbankan.

Simpanan nasabah diklasifikasikan sebagai liabilitas keuangan lain yang diukur dengan biaya perolehan diamortisasi menggunakan metode suku bunga efektif. Biaya tambahan yang dapat diatribusikan secara langsung dengan perolehan simpanan nasabah dikurangkan dari jumlah simpanan yang diterima.

Lihat Catatan 2c untuk kebijakan akuntansi atas aset dan liabilitas keuangan.

t. Simpanan dari bank lain

Simpanan dari bank lain terdiri dari liabilitas terhadap bank lain baik lokal maupun luar negeri, dalam bentuk giro, *inter-bank call money* dengan periode jatuh tempo menurut perjanjian kurang dari atau 90 hari, deposito berjangka dan sertifikat deposito.

Simpanan dari bank lain diklasifikasikan sebagai liabilitas keuangan lain yang diukur dengan biaya perolehan diamortisasi dengan menggunakan metode suku bunga efektif. Biaya tambahan yang dapat diatribusikan secara langsung dengan perolehan simpanan dari bank lain dikurangkan dari jumlah simpanan yang diterima.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

r. Obligations due immediately

Obligations due immediately are recorded at the time obligations to public customers or other banks arise.

This account is classified as other financial liabilities and is measured at amortised cost.

Refer to Note 2c for the accounting policies of financial assets and liabilities.

s. Deposits from customers

Savings account represent deposits of customers in BNI and a Subsidiary engaged in banking that may only be withdrawn over the counter and via ATMs or funds transfers by SMS Banking, Phone Banking, Mobile Banking and Internet Banking when certain agreed conditions are met, but which may not be withdrawn by cheque or other equivalent instruments.

Time deposits represent customer's deposits in BNI and a Subsidiary engaged in banking that may be withdrawn at a certain time based on the agreement between the depositor and BNI and a Subsidiary engaged in banking.

Deposits from customers are classified as other financial liabilities which are measured at amortised cost using effective interest rate method. Incremental costs directly attributable to the acquisition of deposits from customers are deducted from the amount of deposits.

Refer to Note 2c for the accounting policies of financial assets and liabilities.

t. Deposits from other banks

Deposits from other banks represent liabilities to local and overseas banks, in the form of current accounts, inter-bank call money with original maturities of 90 days or less, time deposits and certificates of deposits.

Deposits from other banks are classified as other financial liabilities which are measured at amortised cost using effective interest rate method. Incremental costs directly attributable to the acquisition of deposits from other banks are deducted from the amount of deposits.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

t. Simpanan dari bank lain (lanjutan)

Lihat Catatan 2c untuk kebijakan akuntansi atas aset dan liabilitas keuangan.

u. Efek-efek yang diterbitkan

Efek-efek yang diterbitkan terdiri dari obligasi yang diterbitkan oleh Grup.

Efek-efek yang diterbitkan diklasifikasikan sebagai liabilitas keuangan lain yang diukur dengan biaya perolehan diamortisasi. Biaya tambahan yang dapat diatribusikan secara langsung dengan penerbitan efek dikurangkan dari jumlah efek-efek yang diterbitkan.

Obligasi yang diterbitkan dicatat sebesar nilai nominal dikurangi saldo diskonto yang belum diamortisasi. Biaya-biaya yang terjadi sehubungan dengan penerbitan obligasi dicatat sebagai pengurang hasil emisi dan diamortisasi selama jangka waktu obligasi dengan menggunakan metode suku bunga efektif.

Lihat Catatan 2c untuk kebijakan akuntansi atas aset dan liabilitas keuangan.

v. Pinjaman yang diterima

Pinjaman diterima merupakan dana yang diterima dari bank lain, Bank Indonesia atau pihak lain dengan liabilitas pembayaran kembali sesuai dengan persyaratan perjanjian pinjaman.

Pinjaman diterima diakui sebesar nilai wajar pada awalnya dan selanjutnya diukur sebesar biaya perolehan diamortisasi dengan menggunakan metode suku bunga efektif. Biaya perolehan diamortisasi dihitung dengan memperhitungkan adanya diskonto atau premi terkait dengan pengakuan awal pinjaman diterima dan biaya transaksi merupakan bagian tidak terpisahkan dari metode suku bunga efektif.

Lihat Catatan 2c untuk kebijakan akuntansi atas aset dan liabilitas keuangan.

w. Pendapatan bunga dan beban bunga

Pendapatan dan beban bunga untuk semua instrumen keuangan yang dikenakan suku bunga diakui pada laporan laba rugi dengan menggunakan metode suku bunga efektif.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***t. Deposits from other banks** (continued)*

Refer to Note 2c for the accounting policies of financial assets and liabilities.

u. Securities issued

Securities issued consist of bonds issued by the Group.

Securities issued are classified as other financial liabilities which are measured at amortised cost. Incremental costs directly attributable to the issuance of marketable securities are deducted from the amount of securities issued.

Bonds issued are presented at nominal value net of unamortised discount. Costs incurred related to the bond issuance are presented as deduction from the proceeds of bonds issued and amortised over the term of the bonds using the effective interest rate method.

Refer to Note 2c for the accounting policies of financial assets and liabilities.

v. Borrowings

Borrowings are funds received from other bank, Bank Indonesia or other parties with payment obligation based on borrowings agreement.

Borrowings are initially recognised at fair value and subsequently measured at amortised cost using the effective interest rate method. Amortised cost is calculated by taking into account any discount or premium related to the initial recognition of borrowings and transaction costs are an integral part of the effective interest rate method.

Refer to Note 2c for the accounting policies of financial assets and liabilities.

w. Interest income and interest expense

Interest income and expense for all interest-bearing financial instruments are recognised in profit or loss using the effective interest rate method.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

w. Pendapatan bunga dan beban bunga (lanjutan)

Suku bunga efektif adalah suku bunga yang secara tepat mendiskontokan estimasi pembayaran atau penerimaan kas di masa datang selama perkiraan umur dari aset keuangan atau liabilitas keuangan (atau, jika lebih tepat, digunakan periode yang lebih singkat) untuk memperoleh nilai tercatat bersih dari instrumen keuangan atau liabilitas keuangan. Pada saat menghitung suku bunga efektif, Grup mengestimasi arus kas di masa yang akan datang dengan mempertimbangkan seluruh persyaratan kontraktual dalam instrumen keuangan tersebut, tetapi tidak mempertimbangkan kerugian kredit di masa mendatang. Perhitungan ini yang mencakup seluruh komisi, provisi, dan bentuk lain diterima oleh para pihak dalam kontrak yang merupakan bagian tidak terpisahkan dari suku bunga efektif, biaya transaksi, dan seluruh premi atau diskon lainnya.

Kredit yang pembayaran angsuran pokok atau bunganya telah lewat 90 hari atau lebih setelah jatuh tempo, atau kredit yang pembayarannya secara tepat waktu diragukan, secara umum diklasifikasikan sebagai kredit yang mengalami penurunan nilai (*impairment*).

x. Pendapatan provisi dan komisi

Pendapatan provisi dan komisi yang berkaitan langsung dengan kegiatan pinjaman, atau pendapatan provisi dan komisi yang berhubungan dengan jangka waktu tertentu, diamortisasi sesuai dengan jangka waktu kontrak menggunakan metode suku bunga efektif dan diklasifikasikan sebagai bagian dari pendapatan bunga pada laporan laba rugi.

Pendapatan provisi dan komisi yang tidak berkaitan dengan kegiatan pemberian kredit atau suatu jangka waktu diakui sebagai pendapatan pada saat terjadinya transaksi sebagai pendapatan operasional lainnya.

y. Kontrak asuransi

i. Lingkup dan klasifikasi kontrak asuransi

Suatu kontrak diklasifikasikan sebagai kontrak asuransi apabila kontrak tersebut menerima risiko asuransi yang signifikan dari pihak lain (pemegang polis). Risiko asuransi dianggap signifikan apabila kejadian yang diasuransikan dan bersifat tidak pasti dapat menyebabkan Grup menanggung pembayaran tambahan yang substansial dalam skenario yang memiliki substansi komersial.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***w. Interest income and interest expense** (continued)*

The effective interest rate is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial assets and financial liabilities (or, where appropriate, a shorter period) to the carrying amount of the financial asset or financial liability. When calculating the effective interest rate, the Group estimates future cash flows considering all contractual terms of the financial instrument but not future credit losses. This calculation includes all commissions, fees, and other forms received by the parties in the contract are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Loans for which the principal or interest has been past due for 90 days or more, or where reasonable doubt exists as to its timely collection, are generally classified as impaired loans.

x. Fees and commission income

Fees and commissions directly related to lending activities, or fee and commission income which relates to a specific period, is amortised over the term of contract using the effective interest rate method and classified as part of interest income in profit or loss.

Fees and commissions income which are not related to lending activities or a specific period are recognised as revenues on the transaction date as other operating income.

y. Insurance contracts

i. Scope and classification of insurance contract

A contract is classified as an insurance contract when it accepts significant insurance risk from another party (the policyholder). Insurance risk is considered significant when the occurrence of uncertain insured events could result in the Group incurring substantial additional payments in scenarios that possess commercial substance.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

y. Kontrak asuransi (lanjutan)

ii. Tingkat agregasi

Kontrak asuransi

Grup mengakui kelompok kontrak asuransi yang diterbitkannya dari yang paling awal di antara yang berikut:
- Awal periode pertanggungan dari kelompok kontrak;
- Tanggal ketika pembayaran pertama dari pemegang polis dalam kelompok jatuh tempo atau ketika pembayaran pertama diterima jika tidak ada tanggal jatuh tempo; dan
- Untuk kelompok kontrak yang merugi, segera setelah fakta dan keadaan menunjukkan bahwa kelompok tersebut merugi.

Kontrak asuransi digabungkan ke dalam kelompok kontrak untuk tujuan pengukuran. Kelompok kontrak ditentukan dengan mengidentifikasi portofolio kontrak asuransi, yang masing-masing terdiri dari kontrak dengan risiko serupa dan dikelola secara bersama-sama. Setiap portofolio kemudian dibagi ke dalam kohort tahunan, dan setiap kohort tahunan dibagi lagi menjadi tiga kelompok berdasarkan profitabilitas kontrak:

- kontrak yang merugi pada saat pengakuan awal;
- kontrak yang, pada saat pengakuan awal, tidak memiliki kemungkinan signifikan untuk menjadi merugi di kemudian hari; dan
- kontrak lainnya dalam portofolio.

Pada saat kontrak diakui, kontrak tersebut ditambahkan ke dalam kelompok kontrak yang sudah ada atau, jika kontrak tersebut tidak memenuhi syarat untuk dimasukkan ke dalam kelompok yang ada, maka kontrak tersebut membentuk kelompok baru yang akan ditambahkan kontrak-kontrak berikutnya. Kelompok kontrak ditetapkan pada saat pengakuan awal dan komposisinya tidak direvisi setelah semua kontrak telah ditambahkan ke dalam kelompok.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

y. Insurance contracts *(continued)*

ii. Level of aggregation

Insurance contract

The Group recognises groups of insurance contracts that it issues from the earliest of the following:
- *The beginning of the coverage period of the group of contracts;*
- *The date when the first payment from a policyholder in the group is due or when the first payment is received if there is no due date; and*
- *For a group of onerous contracts, as soon as facts and circumstances indicate that the group is onerous.*

Insurance contracts are aggregated into groups of contracts for measurement purposes. Groups of contracts are determined by identifying portfolios of insurance contracts, each comprising contracts subject to similar risks and managed together. Each portfolio is then divided into annual cohorts and each annual cohort is further divided into three groups based on the profitability of contracts:

- *any contracts that are onerous on initial recognition;*
- *any contracts that, on initial recognition, have no significant possibility of becoming onerous subsequently; and*
- *any remaining contracts in the portfolio.*

When the contract is recognised, it is added to an existing group of contracts or, if the contract does not qualify for inclusion in an existing group, it forms a new group to which future contracts are added. Groups of contracts are established on initial recognition and their composition is not revised once all contracts have been added to the group.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

y. Kontrak asuransi (lanjutan)

iii. Arus kas pemenuhan dalam batasan kontrak

Arus kas pemenuhan terdiri dari:

- estimasi arus kas masa depan;
- penyesuaian untuk mencerminkan nilai waktu uang dan risiko keuangan terkait arus kas masa depan, sejauh risiko keuangan tersebut belum termasuk dalam estimasi arus kas masa depan; dan
- penyesuaian risiko untuk risiko non-keuangan.

Seluruh arus kas masa depan dalam batasan kontrak dimasukkan ke dalam arus kas pemenuhan dari kelompok kontrak asuransi dan kontrak reasuransi milikan.

Arus kas berada dalam batas kontrak asuransi (dan kontrak reasuransi milikan) jika berasal dari hak dan kewajiban substantif yang ada, di mana Grup dapat memaksa pemegang polis untuk membayar premi (atau diwajibkan membayar kepada reasuradur), atau memiliki kewajiban substantif untuk memberikan jasa kepada pemegang polis (atau hak substantif untuk menerima jasa dari reasuradur).

Untuk kontrak asuransi, kewajiban substantif untuk memberikan jasa berakhir ketika:

- Grup memiliki kemampuan praktis untuk menilai kembali risiko dan, sebagai hasilnya, dapat menetapkan harga atau tingkat manfaat baru yang sepenuhnya mencerminkan risiko tersebut; atau
- Grup memiliki kemampuan praktis untuk menilai kembali risiko portofolio yang berisi kontrak tersebut dan dapat menetapkan harga atau tingkat manfaat yang sepenuhnya mencerminkan risiko portofolio tersebut; dan penetapan harga premi untuk pertanggungan hingga tanggal penilaian ulang tidak mempertimbangkan risiko yang berkaitan dengan periode setelah tanggal penilaian ulang.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***y. Insurance contracts** (continued)*

iii. Fulfilment cash flows within the contract boundaries

Fulfilment cash flows comprise:

- *estimates of future cash flows;*
- *an adjustment to reflect the time value of money and the financial risks related to future cash flows, to the extent that the financial risks are not included in the estimates of future cash flows; and*
- *a risk adjustment for non-financial risk.*

All future cash flows within the contractual boundaries are included in the fulfillment of cash flows of the group of insurance contracts and reinsurance contracts held.

Cash flows are within the boundary of an insurance contract (and a reinsurance contract held) if they arise from substantive rights and obligations that exist in which the Group can force the policyholder to pay the premiums (or is compelled to pay amounts to a reinsurer) or has a substantive obligation to provide services to the policyholder (or a substantive right to receive services from a reinsurer).

For insurance contracts, a substantive obligation to provide services ends when:

- *the Group has the practical ability to reassess the risks and as a result, can set a new price or level of benefits that fully reflects those risks; or*
- *the Group has the practical ability to reassess the risks of the portfolio that contains the contract and can set a price or level of benefits that fully reflects the risks of that portfolio; and the pricing of the premiums for coverage up to the reassessment date does not take into account risks that relate to periods after the reassessment date.*

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

y. Kontrak asuransi (lanjutan)

iii. Arus kas pemenuhan dalam batasan kontrak (lanjutan)

Untuk kontrak reasuransi milikan, hak substantif untuk menerima jasa berakhir ketika:

- reasuradur memiliki kemampuan praktis untuk menilai kembali risiko yang dialihkan kepadanya dan dapat menetapkan harga atau tingkat manfaat baru yang sepenuhnya mencerminkan risiko tersebut; atau
- reasuradur dapat menghentikan pertanggungan.

Batas kontrak dinilai ulang pada setiap tanggal pelaporan untuk mencerminkan perubahan keadaan yang memengaruhi hak dan kewajiban substantif Grup, sehingga batas tersebut dapat berubah seiring waktu.

iv. Arus kas akuisisi asuransi

Arus kas akuisisi asuransi dialokasikan ke kelompok kontrak menggunakan metode alokasi yang sistematis, dengan mempertimbangkan secara objektif semua informasi yang wajar dan dapat didukung yang tersedia tanpa biaya atau upaya yang berlebihan. Pada setiap tanggal pelaporan, Grup meninjau kembali jumlah yang dialokasikan ke kelompok kontrak untuk mencerminkan setiap perubahan asumsi yang menentukan input dari metode alokasi yang digunakan. Jumlah yang telah dialokasikan ke suatu kelompok tidak akan direvisi setelah seluruh kontrak dimasukkan ke dalam kelompok tersebut.

v. Model pengukuran

<u>General Measurement Model (GMM)</u>

General Measurement Model (”GMM”) adalah model pengukuran standar yang terdiri dari arus kas pemenuhan dan margin jasa kontraktual.

Arus kas pemenuhan mewakili nilai sekarang yang disesuaikan dengan risiko dari hak dan kewajiban Grup kepada pemegang polis, yang mencakup estimasi arus kas yang diharapkan, diskonto, dan penyesuaian risiko atas risiko non-keuangan.

Margin jasa kontraktual mewakili laba yang belum diakui dari kontrak yang sedang berjalan yang akan diakui oleh entitas saat memberikan jasa selama periode pertanggungan.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

y. Insurance contracts *(continued)*

iii. Fulfilment cash flows within the contract boundaries *(continued)*

For reinsurance contracts held, a substantive right to receive services ends when:

- *the reinsurer has the practical ability to reassess the risk transferred to it and can set a new price or level of benefits that fully reflects those risks; or*
- *the reinsurer can terminate coverage.*

The contract boundary is reassessed at each reporting date to include the effect of changes in circumstances on the Group’s substantive rights and obligations and, therefore, may change over time.

iv. Insurance acquisition cash flows

Insurance acquisition of cash flows is allocated to groups of contracts using a systematic allocation method and considering, in an unbiased way, all reasonable and supportable information that is available without undue cost or effort. At each reporting date, the Group revises the amounts allocated to groups to reflect any changes in assumptions that determine the inputs to the allocation method used. The amounts allocated to a group are not revised once all contracts have been added to the group.

v. Measurement model

<u>General Measurement Model</u>

The General Measurement Model (“GMM”) is the default measurement model which consists of fulfillment of cash flows and contractual service margin.

The fulfillment of cash flows represents the risk-adjusted present value of a Group’s rights and obligations to the policyholders, comprising estimates of expected cash flows, discounting and risk adjustment for non-financial risk.

Contractual service margin represents the unearned profit from in-force contracts that an entity will recognise as it provides services over the coverage period.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

y. Kontrak asuransi (lanjutan)

v. Model pengukuran (lanjutan)

Variable Fee Approach

Variable Fee Approach ("VFA") adalah modifikasi wajib dari *General Measurement Model* mengenai perlakuan terhadap margin jasa kontraktual untuk mengakomodasi kontrak partisipasi langsung.

Fitur partisipasi langsung diidentifikasi pada saat awal, di mana Grup memiliki kewajiban untuk membayar pemegang polis jumlah yang setara dengan nilai wajar dari *item* dasar dikurangi biaya variabel sebagai imbalan atas jasa investasi yang disediakan.

Premium allocation approach

Premium Allocation Approach ("PAA") adalah pendekatan yang disederhanakan yang diterapkan oleh Grup untuk kontrak asuransi dan kontrak reasuransi yang memiliki periode tidak lebih dari 1 tahun.

Pengukuran liabilitas untuk klaim yang terjadi adalah identik di antara ketiga model pengukuran, kecuali untuk penentuan suku bunga tetap yang digunakan untuk diskonto.

vi. Kontrak yang merugi

Kontrak diakui sebagai kontrak yang merugi jika diperkirakan akan menimbulkan kerugian pada saat dimulainya kontrak. Kontrak-kontrak dikelompokan secara terpisah dan kerugian yang diperkirakan terjadi akan diakui dalam laporan laba rugi konsolidasian.

Berdasarkan kebijakan akuntansi dan penilaian awal dari Manajemen, terdapat fakta dan keadaan yang mengindikasikan bahwa sekelompok kontrak asuransi menjadi merugi.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***y. Insurance contracts** (continued)*

***v. Measurement model** (continued)*

Variable Fee Approach

Variable Fee Approach ("VFA") is a mandatory modification of the General Measurement Model regarding the treatment of the contractual service margin in order to accommodate direct participating contracts.

The direct participating feature is identified at inception, where the Group has the obligation to pay the policyholder an amount equal to the fair value of the underlying items less a variable fee in exchange for investment services provided.

Premium allocation approach

Premium Allocation Approach ("PAA") is a simplified approach applied by the Group approach for certain insurance contracts and reinsurance contracts that are not more than 1 year period of contracts.

The measurement of the liability for incurred claims is identical under all three measurement models, apart from the determination of locked-in interest rates used for discounting.

vi. Onerous contract

Contracts are recognised as onerous if they are expected to be loss making at inception. Those contracts are grouped separately and expected losses are recognised in the consolidated statement of profit or loss.

Based on Management's accounting policy and initial assessment, there are facts and circumstances which indicate that a group of insurance contracts has become onerous.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

y. Kontrak asuransi (lanjutan)

vi. Kontrak yang merugi (lanjutan)

Kelompok kontrak asuransi GMM atau VFA dengan *Contractual Service Margin* ("CSM") pada pengakuan awal dapat menjadi merugi ketika peningkatan dalam arus kas pemenuhan yang tidak bervariasi dengan *item* dasar menyebabkan penurunan bagian pemegang saham atas *item* dasar yang melebihi jumlah tercatat CSM. Kelebihan tersebut membentuk kerugian yang diakui secara langsung, dan *Liability for Remaining Coverage ("*LRC") kemudian dibagi menjadi komponen kerugian dan LRC tanpa komponen kerugian.

Untuk kontrak yang diukur menggunakan model PAA, entitas secara berkala memperbarui estimasi atas arus kas masa depan yang terkait dengan klaim yang terjadi, manfaat, dan beban terkait. Jika arus kas pemenuhan yang direvisi melebihi jumlah tercatat dari LRC, hal ini menunjukkan bahwa kelompok kontrak tersebut telah menjadi merugi. Penilaian ini dilakukan pada setiap tanggal pelaporan.

vii. Pengakuan dan penghentian pengakuan kontrak

Grup mengakui sekelompok kontrak asuransi sejak tanggal paling awal dari:

(i) awal periode pertanggungan dari kelompok kontrak;
(ii) tanggal saat pembayaran pertama dari pemegang polis dalam kelompok tersebut jatuh tempo, atau saat pembayaran pertama diterima jika tidak ada tanggal jatuh tempo; dan
(iii) saat kelompok kontrak menjadi merugi.

Grup menghentikan pengakuan kontrak asuransi ketika hak dan kewajiban terkait kontrak tersebut berakhir (yaitu, dilunasi, dibatalkan, atau kadaluarsa), atau ketika kontrak dimodifikasi sedemikian rupa sehingga mengakibatkan perubahan dalam model pengukuran, atau standar yang berlaku untuk mengukur komponen dari kontrak tersebut.

Dalam hal terjadi modifikasi, Grup menghentikan pengakuan kontrak awal dan mengakui kontrak yang telah dimodifikasi sebagai kontrak baru.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***y. Insurance contracts** (continued)*

***vi. Onerous contract** (continued)*

Groups of GMM or VFA insurance contracts with a Contractual Service Margin ("CSM") at initial recognition can subsequently become onerous when increases in fulfillment cash flows that do not vary with underlying items declines shareholder's share underlying items exceed carrying amount of CSM. The excess establishes a loss which is recognised immediately and Liability for Remaining Coverage ("LRC") then divided into loss component and LRC excluding loss component.

For contracts measured under PAA, the entity regularly updates its estimates of future cash flows related to incurred claims, benefits, and associated expenses. If the revised fulfilment cash flows exceed the carrying amount of the LRC, it indicates that the group of contracts has become onerous. This assessment is performed at each reporting date.

vii. Recognition and derecognition of contracts

The Group recognises a group of insurance contracts from the earliest date of:
(i) the beginning of the coverage period of the group of contracts;
(ii) the date when the first payment from a policyholder in the group is due or when the first payment is received if there is no due date; and

(iii) when the group of contracts becomes onerous.

The Group derecognises insurance contracts when the rights and obligations relating to the contract are extinguished (i.e., discharged, cancelled; or expired) or the contract is modified such that the modification results in a change in the measurement model, or the applicable standard for measuring a component of the contract.

In the case of modification, the Group derecognises the initial contract and recognises the modified contract as a new contract.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

y. Kontrak asuransi (lanjutan)

vii. Pengakuan dan penghentian pengakuan kontrak (lanjutan)

Untuk kontrak reasuransi milikan, Grup mengakui kelompok kontrak reasuransi dari tanggal paling awal berikut:

(i) awal periode pertanggungan dari kelompok kontrak reasuransi milikan. Namun, Grup menunda pengakuan kelompok kontrak reasuransi yang memberikan pertanggungan proporsional hingga tanggal saat kontrak asuransi yang mendasarinya diakui pertama kali, jika tanggal tersebut terjadi setelah awal periode pertanggungan kelompok kontrak reasuransi milikan; dan

(ii) tanggal saat Grup mengakui kelompok kontrak asuransi yang merugi, jika Grup telah mengadakan kontrak reasuransi terkait dalam kelompok kontrak reasuransi milikan pada atau sebelum tanggal tersebut.

Modifikasi dan penghentian pengakuan kontrak reasuransi milikan mengikuti prinsip yang sama seperti kontrak asuransi. Jika terdapat perubahan substansial atau adendum terhadap perjanjian asli, maka kontrak yang ada dihentikan pengakuannya dan kontrak baru diakui.

viii. Tingkat diskonto

Perubahan tingkat diskonto harus mempertimbangkan waktu, mata uang, dan karakteristik likuiditas dari arus kas dalam kontrak asuransi, yang mungkin berbeda dari aset yang mendukung liabilitas tersebut.

Grup akan menggunakan pendekatan *bottom-up* untuk memperoleh tingkat diskonto arus kas.

Berdasarkan pendekatan ini, tingkat diskonto ditentukan sebagai *risk-free yield* disesuaikan dengan perbedaan karakteristik likuiditas antara aset keuangan yang digunakan untuk memperoleh *risk-free yield* dan arus kas liabilitas yang relevan (dikenal sebagai *illiquidity premiu*m).

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***y. Insurance contracts** (continued)*

***vii. Recognition and derecognition of contracts** (continued)*

For reinsurance contract held, the Group recognises a group of reinsurance contracts held from the earliest date of:

(i) the beginning of the coverage period of the group of reinsurance contracts held. However, the Group delays the recognition of a group of reinsurance contracts held that provide proportionate coverage until the date when any underlying insurance contract is initially recognised, if that date is later than the beginning of the coverage period of the group of reinsurance contracts held; and

(ii) the date the Group recognises an onerous group of underlying insurance contracts if the Group entered into the related reinsurance contract held in the group of reinsurance contracts held at or before that date.

Modification and derecognition of reinsurance contracts held follow the same principles as insurance contracts. If a substantial change or addendum is made to the original agreement, the existing contract is derecognised and a new one is recognised.

viii. Discount rate

The change of discount rate must consider the timing, currency, and liquidity characteristics of the cash flows in insurance contracts, which may be different from the assets supporting those liabilities.

The Group will use the bottom-up approach to derive the discount rate for the cash flows.

Under this approach, the discount rate is determined as the risk-free yield adjusted for differences in liquidity characteristics between the financial assets used to derive the risk-free yield and the relevant liability cash flows (known as an illiquidity premium).

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

y. Kontrak asuransi (lanjutan)

ix. Penyajian dan pengungkapan

Grup menyajikan secara terpisah hasil layanan asuransi, yang terdiri dari pendapatan asuransi dan beban layanan asuransi, dari hasil investasi, yang terdiri dari pendapatan atau beban keuangan asuransi dalam laporan laba rugi konsolidasian.

x. Pendapatan jasa asuransi - kontrak asuransi yang diukur dengan GMM dan VFA

CSM mencerminkan laba yang belum direalisasi dan tidak menghasilkan pendapatan maupun beban pada saat pengakuan awal ketika kelompok kontrak tersebut menguntungkan. CSM disesuaikan pada setiap periode pelaporan berikutnya untuk perubahan arus kas pemenuhan yang terkait dengan jasa di masa depan (misalnya perubahan asumsi non-ekonomi, termasuk tingkat mortalitas dan morbiditas). Untuk pengakuan awal kelompok kontrak yang merugi dan ketika kelompok kontrak menjadi merugi setelahnya, kerugian diakui segera sebagai beban jasa asuransi.

CSM akan diakui secara sistematis sebagai pendapatan atas layanan yang telah diberikan selama periode cakupan yang diharapkan dari suatu kelompok kontrak, tanpa mempengaruhi laba dari keseluruhan kontrak. Sedangkan, total estimasi kerugian yang mungkin timbul dari kontrak yang memberatkan diakui di awal. CSM disesuaikan tergantung pada model pengukuran kelompok kontrak asuransi.

Pendapatan asuransi mencerminkan imbalan yang diharapkan Grup untuk diperoleh sebagai pertukaran atas pemberian pertanggungan dan layanan kontrak asuransi lainnya (tidak termasuk komponen investasi). Beban jasa asuransi terdiri dari klaim yang terjadi dan beban jasa asuransi lainnya yang terjadi (tidak termasuk komponen investasi), serta kerugian atas kelompok kontrak yang merugi dan pembalikan atas kerugian tersebut.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***y. Insurance contracts** (continued)*

ix. Presentation and disclosure

The Group separately presents the insurance service result, which comprises insurance revenue and insurance service expenses, from the investment result, which comprises insurance finance income or expenses in the consolidated statement of profit or loss.

x. Insurance service revenue - insurance contracts measured under GMM and VFA

The CSM represents the unearned profit and results in no income or expense at initial recognition when the group of contracts is profitable. The CSM is adjusted at each subsequent reporting period for changes in fulfilment of cash flows relating to future service (e.g. changes in noneconomic assumptions, including mortality and morbidity rates). For initial recognition of onerous groups of contracts and when groups of contracts become onerous subsequently, losses are recognised in insurance service expense immediately.

CSM is recognised systematically as revenue for services provided over the expected coverage period of a group of contracts, without affecting the overall profit of the contract. In contrast, the total estimated losses that may arise from onerous contracts are recognised at inception. The CSM is adjusted depending on the measurement model applied to the group of insurance contracts.

Insurance revenue reflects the consideration to which the Group expects to be entitled in exchange for the provision of coverage and other insurance contract services (excluding any investment components). Insurance service expenses comprise the incurred claims and other incurred insurance service expenses (excluding any investment components), and losses on onerous groups of contracts and reversals of such losses.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

y. Kontrak asuransi (lanjutan)

xi. Beban jasa asuransi

Beban jasa asuransi yang timbul dari kontrak asuransi diakui dalam laba rugi secara umum pada saat terjadi. Beban ini mengecualikan pengembalian komponen investasi dan terutama terdiri dari hal-hal berikut:

- klaim yang terjadi dan beban jasa asuransi lainnya;
- amortisasi arus kas akuisisi asuransi;
- kerugian atas kontrak yang merugikan dan pembalikan atas kerugian tersebut; dan
- penyesuaian terhadap liabilitas atas klaim yang terjadi yang tidak timbul dari pengaruh nilai waktu uang, risiko keuangan, dan perubahan terkait.

xii. Pendapatan/beban keuangan asuransi

Pendapatan atau beban keuangan asuransi mencakup perubahan dalam jumlah tercatat kelompok kontrak asuransi dan kontrak reasuransi yang dimiliki yang timbul dari pengaruh nilai waktu uang, risiko keuangan, dan perubahannya. Termasuk di dalamnya perubahan pengukuran kelompok kontrak yang disebabkan oleh perubahan nilai *item* yang mendasarinya (tidak termasuk penambahan dan penarikan).

Grup memilih untuk menerapkan kebijakan akuntansi pada paragraf 88.b PSAK 117 untuk kontrak asuransi yang diukur menggunkanan GMM untuk memisahkan penghasilan atau beban keuangan asuransi untuk periode berjalan dengan memasukkan ke dalam laba rugi sejumlah yang ditentukan oleh alokasi sistematis dari ekspektasi total penghasilan atau beban keuangan asuransi sepanjang jangka waktu kelompok kontrak.

z. Perpajakan

Beban pajak terdiri dari pajak kini dan pajak tangguhan. Pajak diakui dalam laporan laba rugi, kecuali jika pajak tersebut terkait dengan transaksi atau kejadian yang diakui di penghasilan komprehensif lain atau langsung diakui ke ekuitas. Dalam hal ini, pajak tersebut masing-masing diakui dalam penghasilan komprehensif lain atau ekuitas.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***y. Insurance contracts** (continued)*

xi. Insurance service expense

Insurance service expenses arising from insurance contracts are recognised in profit or loss generally as they are incurred. They exclude repayments of investment components and mainly comprise the following items:

- *incurred claims and other insurance service expenses;*
- *amortisation of insurance acquisition cash flows;*
- *losses on onerous contracts and reversals of such losses; and*
- *adjustments to the liabilities for incurred claims that do not arise from the effects of the time value of money, financial risk and changes therein.*

xii. Insurance finance income/expenses

Insurance finance income or expenses comprise changes in the carrying amounts of groups of insurance contracts and reinsurance contracts held arising from the effects of the time value of money, financial risk and changes therein. This includes changes in the measurement of groups of contracts caused by changes in the value of underlying items (excluding additions and withdrawals).

The Group chooses to apply the accounting policy in paragraph 88.b of PSAK 117 for insurance contracts measured using the GMM to separate insurance finance income or expenses for the current period by including in profit or loss an amount determined by the systematic allocation of the total expected insurance finance income or expenses over the coverage period of the group of contracts.

z. Taxation

The tax expense comprises of current and deferred tax. Tax are recognised in the profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

z. Perpajakan (lanjutan)

Beban pajak kini dihitung berdasarkan peraturan perpajakan yang berlaku pada tanggal pelaporan keuangan. Manajemen secara periodik mengevaluasi posisi yang dilaporkan di Surat Pemberitahuan Tahunan (SPT) sehubungan dengan situasi dimana aturan pajak yang berlaku membutuhkan interpretasi. Jika perlu, manajemen menentukan provisi berdasarkan jumlah yang diharapkan akan dibayar kepada otoritas pajak.

Pajak penghasilan tangguhan diakui, dengan menggunakan metode posisi keuangan untuk semua perbedaan temporer antara dasar pengenaan pajak aset dan liabilitas dengan nilai tercatatnya pada laporan keuangan konsolidasian. Namun, liabilitas pajak penghasilan tangguhan tidak diakui jika berasal dari pengakuan awal *goodwill* atau pada saat pengakuan awal aset dan liabilitas yang timbul dari transaksi selain kombinasi bisnis yang pada saat transaksi tersebut tidak memengaruhi laba rugi akuntansi dan laba rugi kena pajak. Pajak penghasilan tangguhan ditentukan dengan menggunakan tarif pajak yang telah berlaku atau secara substantif telah berlaku pada akhir periode pelaporan dan diharapkan diterapkan ketika aset pajak penghasilan tangguhan direalisasi atau liabilitas pajak penghasilan tangguhan diselesaikan.

Aset pajak penghasilan tangguhan diakui hanya jika besar kemungkinan jumlah penghasilan kena pajak dimasa depan akan memadai untuk dikompensasi dengan perbedaan temporer yang masih dapat dimanfaatkan.

Aset dan liabilitas pajak penghasilan tangguhan dapat saling hapus apabila terdapat hak yang berkekuatan hukum untuk melakukan saling hapus antara aset pajak kini dengan liabilitas pajak kini dan apabila aset dan liabilitas pajak penghasilan tangguhan dikenakan oleh otoritas perpajakan yang sama, baik atas entitas kena pajak yang sama ataupun berbeda dan adanya niat untuk melakukan penyelesaian saldo-saldo tersebut secara neto.

Koreksi terhadap kewajiban perpajakan diakui saat surat ketetapan pajak diterima atau jika mengajukan keberatan, pada saat keputusan atas keberatan tersebut telah ditetapkan.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***z. Taxation** (continued)*

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the reporting date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provision where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is recognised, using the financial position method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill and deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates that have been enacted or substantially enacted as at reporting period and is expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes assets and liabilities relate to income taxes levied by the same taxation authority either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

Corrections to taxation obligations are recorded when an assessment is received or, if appealed against, when the appeal has been decided.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

aa. Imbalan kerja

Imbalan kerja jangka pendek

Imbalan kerja jangka pendek diakui pada saat terutang kepada karyawan.

Imbalan pensiun dan imbalan pascakerja lainnya

BNI memiliki program pensiun imbalan pasti dan iuran pasti.

Program pensiun imbalan pasti adalah program pensiun yang menetapkan jumlah imbalan pensiun yang akan diterima oleh karyawan pada saat pensiun, yang biasanya tergantung pada satu faktor atau lebih, seperti umur, masa kerja, dan jumlah kompensasi. Program ini dikelola oleh Dana Pensiun PT Bank Negara Indonesia (Persero) Tbk ("Dana Pensiun").

Program pensiun iuran pasti adalah program pensiun dimana Bank akan membayar iuran tetap kepada sebuah entitas yang terpisah (dana pensiun) dan tidak memiliki liabilitas hukum atau konstruktif untuk membayar kontribusi lebih lanjut. Program ini dikelola oleh Dana Pensiun Lembaga Keuangan PT Bank Negara Indonesia (Persero) Tbk ("DPLK").

BNI diharuskan menyediakan imbalan pensiun minimum yang diatur dalam Undang-Undang Cipta Kerja No. 6/2023 dan PP 35/2021, yang merupakan liabilitas imbalan pasti. Jika imbalan pensiun sesuai dengan Undang-Undang Cipta Kerja No. 6/2023 dan PP 35/2021 lebih besar, selisih tersebut diakui sebagai bagian dari liabilitas imbalan pensiun.

Karena Undang-Undang Cipta Kerja menentukan rumus tertentu untuk menghitung jumlah minimal imbalan pensiun, pada dasarnya program pensiun berdasarkan Undang-Undang Cipta Kerja adalah program imbalan pasti.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

aa. Employee benefits

Short-term employee benefits

Short-term employee benefits are recognised when they accrued to the employees.

Pension benefits and other post-employment

BNI has defined benefit and defined contribution pension plans.

A defined benefit pension plan is a pension plan that defines an amount of pension that will be received by the employee on becoming entitled to a pension, which usually depends on one or more factors such as age, years of service and compensation. This plan is managed by Dana Pensiun PT Bank Negara Indonesia (Persero) Tbk ("Dana Pensiun").

A defined contribution plan is a pension plan under which the Bank pays fixed contributions into a separate entity (pension fund) and has no legal or constructive obligation to pay further contributions. This plan is managed by Dana Pensiun Lembaga Keuangan PT Bank Negara Indonesia (Persero) Tbk ("DPLK").

BNI is required to provide minimum pension benefits as stipulated in Undang-Undang Cipta Kerja No. 6/2023 and PP 35/2021 which represents an underlying defined benefit obligation. If the pension benefits based on Undang-Undang Cipta Kerja No. 6/2023 and PP 35/2021 are higher, the difference is recorded as part of the overall pension benefits obligation.

Since the Undang-Undang Cipta Kerja sets the formula for determining the minimum amount of benefits, in substance pension plans under the Undang-Undang Cipta Kerja represent defined benefit plans.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

aa. Imbalan kerja (lanjutan)

Imbalan pensiun dan imbalan pascakerja lainnya (lanjutan)

Sehubungan dengan program imbalan pasti, liabilitas diakui pada laporan posisi keuangan konsolidasian sebesar nilai kini kewajiban imbalan pasti pada akhir periode pelaporan dikurangi nilai wajar aset program. Kewajiban imbalan pasti dihitung setiap tahun oleh aktuaris yang independen dengan menggunakan metode *projected unit credit*.

Nilai kini kewajiban imbalan pasti ditentukan dengan mendiskontokan arus kas keluar yang diestimasi dengan menggunakan tingkat bunga Obligasi Pemerintah (dikarenakan saat ini tidak ada pasar aktif untuk obligasi perusahaan yang berkualitas tinggi) yang didenominasikan dalam Rupiah dimana imbalan akan dibayarkan dan memiliki jangka waktu jatuh tempo mendekati jangka waktu kewajiban pensiun.

Keuntungan dan kerugian aktuarial yang timbul dari penyesuaian dan perubahan dalam asumsi-asumsi aktuarial langsung diakui seluruhnya melalui penghasilan komprehensif lainnya pada saat terjadinya.

Biaya jasa lalu diakui segera dalam laporan laba rugi.

Keuntungan dan kerugian dari kurtailmen atau penyelesaian program manfaat pasti diakui di laba rugi ketika kurtailmen atau penyelesaian tersebut terjadi.

Grup juga memberikan imbalan pasca kerja lainnya, seperti uang penghargaan dan uang pisah. Imbalan berupa uang penghargaan diberikan apabila karyawan bekerja hingga mencapai usia pensiun. Sedangkan imbalan berupa uang pisah, dibayarkan kepada karyawan yang mengundurkan diri secara sukarela, setelah memenuhi minimal masa kerja tertentu. Imbalan ini dihitung dengan menggunakan metodologi yang sama dengan metodologi yang digunakan dalam perhitungan program pensiun imbalan pasti.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

aa. Employee benefits *(continued)*

Pension benefits and other post-employment benefits *(continued)*

The liability recognised in the consolidated statement of financial position in respect of defined benefit pension plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of Government Bonds (considering that currently there is no active market for high-quality corporate bonds) that are denominated in Rupiah in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension obligation.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

Past-service costs are recognised immediately in profit or loss.

Gains or losses on the curtailment or settlement of a defined benefit plan are recognised in profit or loss when the curtailment or settlement occurs.

The Group also provides other post-employment benefits, such as service pay and separation pay. The service pay benefit vests when the employees reach their retirement age. The separation pay benefit is paid to employees in the case of voluntary resignation, subject to a minimum number of years of service. These benefits have been accounted for using the same methodology as for the defined benefit pension plan.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

aa. Imbalan kerja (lanjutan)

Imbalan jangka panjang lainnya

Imbalan jangka panjang lainnya seperti cuti berimbalan jangka panjang, imbalan cacat permanen dan penghargaan *jubilee* dihitung dengan menggunakan metode *projected unit credit* dan didiskontokan ke nilai kini. Keuntungan dan kerugian aktuarial yang timbul dari penyesuaian dan perubahan dalam asumsi-asumsi aktuarial diakui dalam laporan laba rugi.

ab. Laba per saham dasar

Laba bersih per saham dasar dihitung dengan membagi laba bersih yang tersedia bagi pemilik entitas induk dengan jumlah rata-rata tertimbang saham biasa yang beredar selama periode yang bersangkutan.

ac. Transaksi dengan pihak-pihak berelasi

BNI dan Entitas Anak melakukan transaksi dengan pihak-pihak berelasi seperti yang didefinisikan dalam PSAK 224 tentang "Pengungkapan Pihak-pihak Berelasi" dan Peraturan No. KEP-347/BL/2012 tanggal 25 Juni 2012 tentang "Pedoman Penyajian dan Pengungkapan Laporan Keuangan Emiten atau Perusahaan Publik" yang didefinisikan antara lain:

(i) perusahaan di bawah pengendalian BNI dan Entitas Anak;
(ii) perusahaan asosiasi;
(iii) investor yang memiliki hak suara, yang memberikan investor tersebut suatu pengaruh yang signifikan;
(iv) perusahaan di bawah pengendalian investor yang dijelaskan dalam Catatan iii di atas;
(v) karyawan kunci dan anggota keluarganya; dan
(vi) entitas yang dikendalikan, dikendalikan bersama atau dipengaruhi secara signifikan oleh Pemerintah yaitu Menteri Keuangan yang merupakan pemegang saham dari entitas.

Semua transaksi signifikan dengan pihak-pihak berelasi, telah diungkapkan pada catatan atas laporan keuangan konsolidasian.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

***aa. Employee benefits** (continued)*

Other long-term benefits

Other long-term employee benefits such as long service leave, permanent disability benefit and jubilee awards are calculated using the projected unit credit method and discounted to present value. Actuarial gains and losses arising from experience adjustments and change in actuarial assumption are recognised and credited to profit or loss.

ab. Basic earnings per share

Basic earnings per share are computed by dividing the profit attributable to the equity holders of the parent entity by the weighted average number of ordinary shares outstanding during the period.

ac. Transactions with related parties

BNI and Subsidiaries enter into transactions with parties which are defined as related parties in accordance with SFAS 224 regarding "Related Party Disclosures" and Regulation No. KEP-347/BL/2012 dated 25 June 2012 regarding "Guidelines for Financial Statements Presentation and Disclosure of Issuers or Public Companies", which are defined, among others, as:

(i) entities under the control of BNI and Subsidiaries;
(ii) associated companies;
(iii) investors with voting rights that gives them significant influence;
(iv) entities controlled by investors under Note iii above;
(v) key employees and family members; and
(vi) entity that is controlled, jointly controlled or significantly influenced by Government, which is defined as the Minister of Finance who has share ownership in the entity.

All significant transactions with related parties have been disclosed in notes to the consolidated financial statements.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

ad. Dividen

Pembagian dividen kepada para pemegang saham diakui sebagai liabilitas dalam laporan keuangan konsolidasian pada periode ketika dividen tersebut disetujui oleh para pemegang saham.

ae. Pelaporan segmen

Grup mengidentifikasikan segmen operasi sebagai suatu komponen dari entitas:

a) yang terlibat dalam aktivitas bisnis yang mana memperoleh pendapatan dan menimbulkan beban (termasuk pendapatan dan beban terkait dengan transaksi dengan komponen lain dari entitas yang sama);
b) hasil operasinya dikaji ulang secara reguler oleh pengambil keputusan operasional untuk membuat keputusan tentang sumber daya yang dialokasikan pada segmen tersebut dan menilai kinerjanya; dan
c) tersedia informasi keuangan yang dapat dipisahkan.

Sesuai dengan PSAK 108 tentang "Segmen Operasi", Grup menyajikan segmen operasi berdasarkan laporan internal Grup yang disajikan kepada pengambil keputusan operasional. Pengambil keputusan operasional adalah Direksi.

Pada tahun 2025 berdasarkan SK Penataan Organisasi Direksi tanggal 1 Agustus 2025, Grup mengungkapkan segmen operasionalnya berdasarkan segmen usaha sebagai berikut: *Corporate Banking, Institutional Banking, Commercial Banking, Consumer Banking, Treasury & International Banking*, Kantor Pusat dan Entitas Anak sesuai dengan organisasi dan pembidangan direksi.

af. Biaya emisi penerbitan saham

Biaya-biaya emisi efek yang terjadi sehubungan dengan penawaran saham kepada masyarakat (termasuk penerbitan hak memesan efek terlebih dahulu) dikurangkan langsung dari hasil emisi dan disajikan sebagai pengurang pada akun "Tambahan Modal Disetor - Bersih", sebagai bagian dari Ekuitas pada laporan posisi keuangan konsolidasian.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

ad. Dividends

Dividend distribution to the shareholders is recognised as a liability in the consolidated financial statements in the period in which the dividends are approved by the shareholders.

ae. Segment reporting

The Group defines an operating segment as a component of an entity:

a) that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the same entity);

b) whose operating results are reviewed regularly by the entity's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance; and

c) for which discrete financial information is available.

Refer to SFAS 108 about "Operating Segments", the Group discloses its operating segments based on Group's internal report presented to operation-decision makers. The operation-decision makers are the Board of Directors.

In 2025, based on the Decree regarding organizational arrangements on August 1st 2025, the Group disclosing its operational segments based on business segments as follows: Corporate Banking, Institutional Banking, Commercial Banking, Consumer Banking, Treasury & International Banking, Head Office and Subsidiaries with each business segments referring to organizational of board of directors.

af. Shares issuance costs

Costs related to the public offering of shares (including pre-emptive rights issue) are deducted from the proceeds and presented as a deduction of "Additional Paid-In Capital - Net" account, under Equity section in the consolidated statement of financial position.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

ag. Saham treasuri

Ketika entitas Grup membeli modal saham ekuitas entitas (saham treasuri), imbalan yang dibayar, termasuk biaya tambahan yang secara langsung dapat diatribusikan (dikurangi pajak penghasilan) dikurangkan dari ekuitas yang diatribusikan kepada pemilik ekuitas entitas sampai saham tersebut dibatalkan atau diterbitkan kembali. Ketika saham biasa tersebut selanjutnya diterbitkan kembali, imbalan yang diterima, dikurangi biaya tambahan transaksi yang terkait dan dampak pajak penghasilan yang terkait dimasukkan kepada ekuitas yang dapat diatribusikan kepada pemilik ekuitas entitas.

ah. Kompensasi berbasis saham

Bank menjalankan program kompensasi berbasis saham dengan penyelesaian menggunakan ekuitas. Nilai wajar dari jasa karyawan yang dikompensasikan dengan saham Bank diakui sebagai beban di laporan laba rugi. Jumlah keseluruhan yang diakui sepanjang periode *vesting* ditentukan berdasarkan nilai wajar saham yang diberikan pada tanggal pemberian kompensasi.

ai. Tanggung Jawab Sosial dan Lingkungan

Berdasarkan PER-05/MBU/04/2021 tentang Program Tanggung Jawab Sosial dan Lingkungan Badan Usaha Milik Negara tanggal 20 April 2021 sebagaimana diubah terakhir dengan PER1/MBU/03/2023 tentang Penugasan Khusus dan Program Tanggung Jawab Sosial dan Lingkungan Badan Usaha Milik Negara tanggal 24 Maret 2023, istilah PKBL (Program Kemitraan dan Bina Lingkungan) tidak digunakan lagi dan diganti menjadi TJSL (Tanggung Jawab Sosial & Lingkungan). Alokasi dana tidak dialokasikan dari saldo laba berdasarkan hasil keputusan Rapat Umum Pemegang Saham (RUPS) akan tetapi diakui dan dibebankan ke laporan laba rugi dan penghasilan komprehensif lain konsolidasian tahun berjalan.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

ag. Treasury shares

When any Group entity purchases the entity's equity share capital (treasury shares), the consideration paid, including any directly attributable incremental costs (net of income taxes) is deducted from equity attributable to the entity's equity holders until the shares are cancelled or reissued. When ordinary shares are subsequently reissued, any consideration received, net of any directly attributable incremental transaction costs and the related income tax effects, is included in equity attributable to the entity's equity holders.

ah. Share-based payment

Bank operates an equity-settled, share-based compensation plan. The fair value of the employee services received in exchange for the grant of shares is recognised as an expense in the statements of profit or loss. The total amount to be recognised over the vesting period is determined based on the fair value of the shares granted on the grant date.

ai. Social and Environmental Responsibility

Based on PER-05/MBU/04/2021 concerning Social and Environmental Responsibility Programs for State-Owned Enterprises dated 20 April 2021, as last amended by PER 1/MBU/03/2023 concerning Special Assignments and Social and Environmental Responsibility Programs for Owned Enterprises, 24 March 2023, the term PKBL (Partnership and Community Development Program) is no longer used and replaced with TJSL (Social and Environmental Responsibility). Allocation of funds is not made from retained earnings based on resolutions of the General Meeting of Shareholders (GMS), but is recognised and charged to the consolidated statement of profit or loss and other comprehensive income for the current year.

3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN AKUNTANSI YANG PENTING

Beberapa estimasi dan asumsi dibuat dalam rangka penyusunan laporan keuangan konsolidasian dimana dibutuhkan pertimbangan manajemen dalam menentukan metodologi yang tepat untuk penilaian aset dan liabilitas.

Manajemen membuat estimasi dan asumsi yang berimplikasi pada pelaporan nilai aset dan liabilitas atas tahun keuangan satu tahun ke depan. Semua estimasi dan asumsi yang diharuskan oleh PSAK adalah estimasi terbaik yang didasarkan pada standar yang berlaku. Estimasi dan pertimbangan dievaluasi secara terus menerus dan berdasarkan pengalaman masa lalu dan faktor-faktor lain termasuk harapan atas kejadian yang akan datang.

Walaupun estimasi dan asumsi ini dibuat berdasarkan pengetahuan terbaik manajemen atas kejadian dan tindakan saat ini, hasil yang timbul mungkin berbeda dengan estimasi dan asumsi semula.

Sumber utama ketidakpastian estimasi dan pertimbangan:

a. Cadangan kerugian penurunan nilai aset keuangan

Kondisi spesifik *counterparty* yang mengalami penurunan nilai dalam pembentukan cadangan kerugian atas aset keuangan dievaluasi secara individu berdasarkan estimasi terbaik manajemen atas nilai kini arus kas yang diharapkan akan diterima, baik dari waktu dan jumlah. Dalam mengestimasi arus kas tersebut, manajemen membuat pertimbangan tentang situasi keuangan *counterparty* dan nilai realisasi bersih dari setiap agunan, serta probabilitas rata-rata tertimbang kerugian kredit. Setiap aset yang mengalami penurunan nilai dinilai sesuai dengan manfaat yang ada, dan strategi penyelesaian serta estimasi arus kas yang diperkirakan dapat diterima.

3. USE OF CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

Certain estimates and assumptions are made in the preparation of the consolidated financial statements and these require management judgement in determining the appropriate methodology for valuation of assets and liabilities.

Management makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial year. All estimates and assumptions required in conformity with SFAS are best estimates undertaken in accordance with the applicable standard. Estimates and judgements are evaluated on a continuous basis, and are based on past experiences and other factors, including expectations with regard to future events.

Although these estimates and assumptions are based on management's best knowledge of current events and activities, actual result may differ from those estimates and assumptions.

Key sources of estimation uncertainty and judgements:

a. Allowances for impairment losses of financial assets

In the calculation of allowance for impairment losses of financial assets, the specific condition of impaired counterparty is individually evaluated based on management's best estimate of the present value of the expected cash flows to be received, including both timing and amount. In estimating these cash flows, management makes judgements about the counterparty's financial situation and the net realizable value of any underlying collateral, including weighted average probability of credit losses. Each impaired asset is assessed on its merits, and the workout strategy and estimated cash flows considered recoverable.

3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN AKUNTANSI YANG PENTING (lanjutan)

Sumber utama ketidakpastian estimasi dan pertimbangan: (lanjutan)

a. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Perhitungan cadangan penurunan nilai kolektif meliputi kerugian kredit yang melekat dalam portofolio aset keuangan dengan karakteristik ekonomi yang sama, tetapi penurunan nilai secara individu belum dapat diidentifikasi. Dalam menilai kebutuhan untuk cadangan kolektif, manajemen mempertimbangkan faktor-faktor seperti kualitas kredit dan jenis produk. Guna membuat estimasi cadangan yang diperlukan, manajemen membuat asumsi untuk menentukan kerugian yang melekat, termasuk probabilitas rata-rata tertimbang kerugian kredit, *loss given default* dan *exposure of default,* dan untuk menentukan parameter *input* yang diperlukan, berdasarkan pengalaman masa lalu, kondisi ekonomi saat ini dan perkiraan kondisi ekonomi dimasa depan. Keakuratan penyisihan tergantung pada seberapa baik estimasi arus kas masa depan untuk cadangan *counterparty* tertentu dan asumsi model dan parameter yang digunakan dalam menentukan cadangan kolektif.

Berdasarkan pertimbangan manajemen, Grup dapat membentuk penyisihan tambahan ketika perhitungan cadangan yang dihasilkan oleh model yang digunakan tidak menghasilkan angka kerugian kredit ekspektasian yang mencukupi. Dari waktu ke waktu Grup akan meninjau kembali penyisihan tambahan tersebut atau melakukan penyesuaian pada perhitungan kerugian kredit ekspektasian yang digunakan.

b. Menentukan nilai wajar instrumen keuangan

Dalam menentukan nilai wajar aset keuangan dan liabilitas yang tidak mempunyai harga pasar, Grup menggunakan teknik penilaian seperti yang dijelaskan dalam Catatan 2c. Untuk instrumen keuangan yang jarang diperdagangkan dan memiliki informasi harga yang terbatas, nilai wajar menjadi kurang objektif dan membutuhkan berbagai tingkat penilaian tergantung pada likuiditas, konsentrasi, faktor ketidakpastian pasar, asumsi harga dan risiko lainnya.

3. USE OF CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS *(continued)*

Key sources of estimation uncertainty and judgements: (continued)

a. Allowances for impairment losses of financial assets *(continued)*

Collectively assessed impairment allowances cover credit losses inherent in portfolios of financial assets with similar economic characteristics, but the individually impaired items cannot yet be identified. In assessing the need for collective allowances, management considers factors such as credit quality and type of product. In order to estimate the required allowance, assumptions are made to define the way inherent losses are modelled, which include weighted average probability of default, loss given default and exposure at default, and to determine the required input parameters, based on historical experiences, current economic conditions and forecast on future economic condition. The accuracy of the allowances depends on how well these estimated future cash flows for specific counterparty allowances and the model assumptions and parameters are used in determining collective allowances.

Based on management's judgment, the Group may establish additional allowances when the reserve calculation produced by the model in use does not result in a sufficient amount of expected credit losses. From time to time, the Group will review such additional allowances or adjust the expected credit loss calculations applied.

b. Determining fair values of financial instruments

In determining the fair value for financial assets and financial liabilities for which there is no observable market price, the Group uses the valuation techniques as described in Note 2c. For financial instruments that are traded infrequently and there is a lack of price transparency, fair value is less objective and requires varying degrees of judgement depending on liquidity, concentration, uncertainty of market factors, pricing assumptions and other risks affecting the specific instrument.

3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN AKUNTANSI YANG PENTING (lanjutan)

Sumber utama ketidakpastian estimasi dan pertimbangan: (lanjutan)

b. Menentukan nilai wajar instrumen keuangan (lanjutan)

Masukan (*input*) untuk model ini berasal dari data pasar yang bisa diamati. Bila data pasar yang bisa diamati tersebut tidak tersedia, manajemen mempertimbangkan masukan dan asumsi diperlukan untuk menentukan nilai wajar. Pertimbangan tersebut mencakup *feedback* model atas likuiditas volatilitas untuk transaksi derivatif dan tingkat diskonto yang berjangka waktu panjang, tingkat pelunasan dipercepat dan asumsi tingkat gagal bayar.

c. Imbalan kerja karyawan

Nilai kini atas imbalan kerja karyawan tergantung dari banyaknya faktor yang dipertimbangkan oleh aktuaris berdasarkan beberapa asumsi. Perubahan atas asumsi-asumsi tersebut akan memengaruhi *carrying amount* atas imbalan kerja karyawan.

Asumsi yang digunakan dalam menentukan biaya atau pendapatan bersih untuk imbalan kerja termasuk tingkat diskonto. Grup menentukan tingkat diskonto yang tepat pada setiap periode pelaporan. Ini merupakan tingkat suku bunga yang digunakan untuk menentukan nilai kini atas arus kas masa depan yang diestimasi akan digunakan untuk membayar imbalan kerja. Dalam menentukan tingkat diskonto yang tepat, Grup mempertimbangkan tingkat suku bunga atas Obligasi Pemerintah yang mempunyai jatuh tempo yang menyerupai jangka waktu imbalan kerja karyawan.

Asumsi kunci liabilitas pensiun lainnya sebagian ditentukan berdasarkan kondisi pasar saat ini.

d. Penilaian dari liabilitas kontrak asuransi

Arus kas pemenuhan

Arus kas pemenuhan kontrak asuransi mewakili nilai kini dari estimasi arus kas keluar masa depan, dikurangi nilai kini dari estimasi arus kas masuk masa depan, dan disesuaikan dengan provisi untuk penyesuaian risiko terhadap risiko non-keuangan.

Saat memperkirakan arus kas masa depan, Grup mempertimbangkan ekspektasi terkini tentang peristiwa masa depan yang mungkin memengaruhi seluruh arus kas dalam batas kontrak, seperti penerimaan premi, pembayaran kepada pemegang polis, arus kas akuisisi asuransi, dan biaya lain yang terjadi.

3. USE OF CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS *(continued)*

Key sources of estimation uncertainty and judgements: (continued)

b. Determining fair values of financial instruments *(continued)*

The input for this model comes from observable market data. When observable market data are not available, management considers necessary inputs and assumptions to determine the fair value. The above considerations include liquidity and volatility feedback model for derivative transactions and long term discount rate, the level of early payment and the level of default assumption.

c. Employee benefit

The present value of the employee benefit obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions. Any changes in these assumptions will impact the carrying amount of employee benefit obligations.

The assumptions used in determining the net cost or for employee benefits include the discount rate. The Group determines the appropriate discount rate at the end of each reporting period. This is the interest rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the pension obligations. In determining the appropriate discount rate, the Group considers the interest rates of Government Bonds that have terms to maturity approximating the terms of the related employee benefit liability.

Other key assumptions for pension obligations are partly based on current market conditions.

d. Valuation of insurance contract liabilities

Fulfilment cash flows

Fulfilment cash flows of insurance contracts represents the present value of estimated future cash outflows, less the present value of estimated future cash inflows and adjusted for a provision for the risk adjustment for non-financial risk.

When estimating future cash flows, the Group considers current expectations of future events that may affect all cash flows within the contract boundaries, such as premium received, payments to policyholders, insurance acquisition cash flows, and other incurred expenses.

3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN AKUNTANSI YANG PENTING (lanjutan)

Sumber utama ketidakpastian estimasi dan pertimbangan: (lanjutan)

d. Penilaian dari liabilitas kontrak asuransi (lanjutan)

Arus kas pemenuhan (lanjutan)

Grup menetapkan asumsi mortalitas dan morbiditas dari pengalaman terbaru yang dapat dipercaya. Asumsi pembatalan polis didasarkan pada pengalaman Grup sendiri dan umumnya bervariasi berdasarkan jenis produk serta tahun polis.

Grup mengadopsi pendekatan *bottom-up*, di mana tingkat diskonto didasarkan pada *risk-free yield curve* dan penyesuaian untuk *illiquidity premium*. Untuk *illiquidity premium*, kategori likuiditas rendah diberikan menggunakan sistem penilaian objektif yang didasarkan pada karakteristik likuiditas rendah dari produk di setiap portofolio.

Margin jasa kontraktual

CSM mewakili keuntungan yang belum diterima yang akan diakui Grup seiring dengan pemberian jasa kontrak asuransi di masa depan. Pelepasan CSM untuk suatu kelompok kontrak diakui sebagai pendapatan jasa asuransi dalam laporan laba rugi konsolidasian berdasarkan jumlah unit pertanggungan yang diberikan selama periode tersebut. Unit pertanggungan ditentukan oleh besarnya manfaat yang diberikan dalam suatu kontrak dan durasi perlindungan yang diharapkan. Periode pertanggungan yang diharapkan ditentukan berdasarkan kemungkinan terjadinya peristiwa yang diasuransikan sejauh mereka mempengaruhi durasi yang diharapkan dari kontrak dalam kelompok tersebut. Menentukan periode pertanggungan yang diharapkan memerlukan penilaian karena melibatkan perkiraan tentang kejadian klaim dan pembatalan yang akan terjadi.

e. Transisi dari PSAK 104 ke PSAK 117

Grup menerapkan PSAK 117 untuk periode laporan keuangan konsolidasian yang dimulai pada 1 Januari 2024. Grup telah menentukan bahwa penerapan pendekatan retrospektif penuh tidak praktis untuk beberapa kelompok kontrak karena informasi historis tertentu tidak tersedia atau tidak dapat diperoleh tanpa biaya atau upaya yang berlebihan sehingga memungkinkan penggunaannya dalam pendekatan tersebut.

3. USE OF CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS *(continued)*

Key sources of estimation uncertainty and judgements: (continued)

d. Valuation of insurance contract liabilities *(continued)*

Fulfilment cash flows (continued)

The Group derives mortality and morbidity assumptions from recent experience where credible. Lapse assumption is derived based on the Group's own experience and they generally vary by product type as well as policy years.

The Group adopts a bottom-up approach in which dicount rates are based on the risk-free yield curves and an adjustment for illiquidity premium. For illiquidity premium, illiquidity buckets are assigned using an objective scoring system that is based on the illiquidity characteristics of products on each portfolio.

Contractual service margin

CSM represents the unearned profit that the Group will recognise as it provides insurance contract services in the future. The release of the CSM for a group of contracts is recognised as insurance service revenue in the consolidated statement of profit or loss, based on the number of coverage units provided during the period. Coverage units are determined by the quantity of benefits provided under a contract and its expected coverage duration. Expected coverage period is derived based on the likelihood of an insured event occurring to the extent they affect the expected duration of contracts in the group. Determining the expected coverage period is judgemental since it involves making an expectation of when claims and lapse will occur.

e. Transition from SFAS 104 to SFAS 117

The Group applied PSAK 117 for the consolidated financial statement period beginning on 1 January 2024. The Group has determined that it was impracticable to apply the full retrospective approach for some groups of contracts because certain historical information was not available or was not available without undue cost or effort that would enable it to be used under this approach.

3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN AKUNTANSI YANG PENTING (lanjutan)

Sumber utama ketidakpastian estimasi dan pertimbangan: (lanjutan)

e. Transisi dari PSAK 104 ke PSAK 117 (lanjutan)

Oleh karena itu, Grup menerapkan pendekatan nilai wajar untuk kelompok kontrak tersebut. Grup menggunakan pertimbangan dalam menentukan pendekatan transisi, menerapkan metode transisi, dan mengukur dampak transisi pada tanggal transisi, yang akan memengaruhi jumlah yang diakui dalam laporan keuangan konsolidasian pada tanggal transisi.

f. Aset pajak tangguhan

Aset pajak tangguhan diakui atas jumlah pajak penghasilan terpulihkan (*recoverable*) pada periode mendatang sebagai akibat perbedaan temporer yang boleh dikurangkan. Justifikasi manajemen diperlukan untuk menentukan jumlah aset pajak tangguhan yang dapat diakui, sesuai dengan waktu yang tepat dan tingkat laba fiskal di masa mendatang sejalan dengan strategi rencana perpajakan ke depan.

g. Revaluasi aset tetap

Revaluasi aset tetap Grup bergantung pada pemilihan asumsi yang digunakan oleh penilai independen dalam menghitung jumlah-jumlah tersebut. Asumsi tersebut termasuk antara lain: tingkat diskonto, nilai tukar, tingkat inflasi dan tingkat kenaikan pendapatan dan biaya. Grup berkeyakinan bahwa asumsi tersebut adalah wajar dan sesuai, perbedaan signifikan dalam asumsi yang ditetapkan Grup dapat memengaruhi secara material nilai aset tetap yang direvaluasi.

h. Konsolidasian entitas terstruktur

Dalam menentukan tingkat pengendalian yang dimiliki, Grup mempertimbangkan apakah entitas tersebut memenuhi definisi Entitas Terstruktur dan apakah Grup, secara substansi, mengendalikan entitas tersebut.

Ketika Grup, secara substansi, mengendalikan entitas terstruktur tersebut, entitas tersebut dikonsolidasikan oleh Grup.

***3. USE OF CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS** (continued)*

Key sources of estimation uncertainty and judgements: (continued)

***e. Transition from SFAS 104 to SFAS 117** (continued)*

Therefore, the Group applied the fair value approaches for these groups of contracts. The Group exercises judgements in determining the transition approaches, applying the transition methods and measuring the transition impacts on the transition date, which will affect the amounts recognised in the consolidated financial statements on the transition date.

f. Deferred tax asset

Deferred tax assets are recognized for the future recoverable taxable income arising from deductible temporary difference. Management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing on level of future taxable profits together with future strategic planning.

g. Fixed asset revaluation

The Group's fixed assets revaluation depends on its selection of certain assumptions used by the independent appraisal in calculating such amounts. Those assumptions include among others: discount rate, exchange rate, inflation rate and revenue and cost increase rate. The Group believes that its assumptions are reasonable and appropriate and significant differences in the Group's assumptions may materially affect the valuation of its fixed assets.

h. Consolidation of structured entities

In determining the degree of control exercised, the Group considers whether these entities meet the definition of Structured Entities and whether the Group, in substance, controls such entities.

When the Group, in substance, controls the entity to which the financial assets have been transferred, the entity is consolidated by the Group.

3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN AKUNTANSI YANG PENTING (lanjutan)

Sumber utama ketidakpastian estimasi dan pertimbangan: (lanjutan)

i. Menentukan jangka waktu kontrak dengan opsi perpanjangan dan penghentian kontrak - Grup sebagai *lessee*

Grup menentukan jangka waktu sewa sebagai jangka waktu sewa yang tidak dapat dibatalkan, bersama dengan periode yang dicakup oleh opsi untuk memperpanjang masa sewa jika dipastikan akan dilaksanakan, atau periode apapun yang dicakup oleh opsi untuk menghentikan sewa, jika cukup wajar untuk tidak dilakukan.

Grup memiliki beberapa kontrak sewa yang mencakup opsi perpanjangan dan penghentian jangka waktu sewa. Grup menerapkan penilaian dalam mengevaluasi apakah dapat dipastikan jika akan menggunakan opsi untuk memperpanjang atau menghentikan sewa. Hal tersebut dilakukan dengan mempertimbangkan seluruh fakta dan keadaan yang relevan yang memberikan insentif ekonomi untuk melakukan perpanjangan atau penghentian sewa. Setelah tanggal dimulainya, Grup menilai kembali masa sewa, jika terdapat peristiwa atau perubahan signifikan dalam keadaan yang berada dalam kendali dan memengaruhi apakah *lessee* cukup pasti untuk mengeksekusi opsi memperpanjang atau menghentikan sewa.

j. Penurunan nilai aset non-keuangan

Grup mengevaluasi penurunan nilai aset apabila terdapat kejadian atau perubahan keadaan yang mengindikasikan bahwa nilai tercatat aset tidak dapat dipulihkan kembali. Faktor-faktor penting yang dapat menyebabkan penelaahan penurunan nilai adalah sebagai berikut:

a) performa yang tidak tercapai secara signifikan terhadap ekspektasi historis atau proyeksi hasil operasi di masa yang akan datang;
b) perubahan yang signifikan dalam cara penggunaan aset atau strategi bisnis secara keseluruhan; dan
c) industri atau tren ekonomi yang secara signifikan bernilai negatif.

Grup mengakui kerugian penurunan nilai apabila nilai tercatat aset melebihi nilai yang dapat dipulihkan. Jumlah terpulihkan adalah nilai yang lebih tinggi antara nilai wajar dikurang biaya untuk menjual dengan nilai pakai aset (atau unit penghasil kas). Jumlah terpulihkan diestimasi untuk aset individual atau, jika tidak memungkinkan, untuk unit penghasil kas yang mana aset tersebut merupakan bagian daripada unit tersebut.

3. USE OF CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS *(continued)*

Key sources of estimation uncertainty and judgements: (continued)

i. Determine the contract term with extension and contract termination options - the Group as lessee

The Group determines the lease term as non-cancellable term, together with the period covered by the option to extend the lease if it is determined to be exercised, or any period covered by the option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has several lease contracts that include extension and contract termination in the lease terms. The Group applies its judgment in evaluating whether it is certain to exercise the option to extend or terminate the lease. This is done by considering all relevant facts and circumstances that provide economic incentives to extend or terminate the lease. After the commencement date, the Group reassesses the lease term, if there is a significant event or change in circumstances which is under its control and affects whether the lessee is certain enough to exercise the option to extend or terminate the lease.

j. Impairment of non-financial assets

The Group assesses impairment of assets whenever events or changes in circumstances that would indicate that the carrying amount of an asset may not be recoverable. The factors that the Group considers important which could trigger an impairment review include the following:

a) significant underperformance relative to expected historical or projected future operating results;
b) significant changes in the manner of use of the acquired assets or the strategy for overall business; and
c) significant negative industry or economic trends.

The Group recognizes an impairment loss whenever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the higher of an asset's (or cash-generating unit's) fair value less costs to sell and its value in use. Recoverable amounts are estimated for individual assets or, if it is not possible, for the cash-generating unit to which the asset belongs.

3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN AKUNTANSI YANG PENTING (lanjutan)

Sumber utama ketidakpastian estimasi dan pertimbangan: (lanjutan)

j. Penurunan nilai aset non-keuangan (lanjutan)

Pembalikan rugi penurunan nilai, untuk aset selain *goodwill*, diakui jika, dan hanya jika, terdapat perubahan estimasi yang digunakan dalam menentukan jumlah terpulihkan aset sejak pengujian penurunan nilai terakhir kali. Pembalikan rugi penurunan nilai tersebut diakui segera dalam laba rugi, tetapi tidak boleh melebihi akumulasi rugi penurunan nilai yang telah diakui sebelumnya. Rugi penurunan nilai yang diakui atas *goodwill* tidak dibalik lagi.

k. *Additional Tier 1 Perpetual Non-Cumulative Capital Securities ("AT-1 Capital")*

Dalam mengklasifikasikan *AT-1 Capital* sebagai liabilitas keuangan, Bank telah menetapkan bahwa dalam *terms and conditions*, terdapat klausul *mandatory redemption - redemption for a capital trigger event* dimana ketika *Capital Adequacy Ratio* ("CAR") BNI mencapai rasio tertentu maka BNI harus melakukan pelunasan terhadap pokok terutang dan bunga dari *AT-1 Capital*. Hal ini telah memenuhi kriteria *contingent settlement* yang bersifat *genuine* dan tidak dapat dihindari sehingga akan menimbulkan kewajiban kontraktual di masa yang akan datang. Dalam mengklasifikasikan *AT-1 Capital* pada liabilitas keuangan, Bank telah menetapkan bahwa *AT-1 Capital* tersebut telah memenuhi persyaratan klasifikasi sebagaimana disebutkan di atas.

l. Aturan Perpajakan *OECD Pillar* Dua

Dalam menerapkan aturan perpajakan terkait dengan model OECD Pilar Dua, Grup melakukan penilaian terhadap Pilar Dua dengan asumsi bahwa Bank bertindak sebagai Entitas Induk Utama.

3. USE OF CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS *(continued)*

Key sources of estimation uncertainty and judgements: (continued)

j. Impairment of non-financial assets *(continued*

Reversal on impairment loss for assets other than goodwill would be recognized if, and only if, there has been a change in the estimates used to determine the assets' recoverable amount since the last impairment test was carried out. Reversal on impairment losses will be immediately recognized in profit or loss, but not in excess of any accumulated impairment loss previously recognized. Impairment losses relating to goodwill would not be reversed.

k. Additional Tier 1 Perpetual Non-Cumulative Capital Securities ("AT-1 Capital")

In classifying AT-1 Capital as a financial liability, the Bank has determined that in terms and conditions, there is a mandatory redemption clause - redemption for a capital trigger event where when BNI's Capital Adequacy Ratio ("CAR") reaches a certain ratio, BNI shall repay the outstanding principal and interest from AT-1 Capital. This has met the criteria for contingent settlement which is genuine and unavoidable hence that it will create contractual obligations in the future. In classifying AT-1 Capital as a financial liability, the Bank has determined that the AT-1 Capital has met the classification requirements as stated above.

l. OECD Pillar Two Tax Rules

In applying tax rules related to Pillar Two OECD, Group assessed Pillar Two on the assumption that the Bank acted as the Ultimate Parent Entity.

4. KAS / *4. CASH*

Kas terdiri dari: / *Cash consists of the following:*

	2025	2024

Manajemen berpendapat bahwa jumlah cadangan kerugian penurunan nilai di atas telah memadai.

Management believes that the allowance for impairment losses above is adequate.

k. Kredit dihapusbukukan

Kredit yang telah dihapusbukukan oleh BNI dicatat sebagai kredit ekstra-komtabel di dalam rekening administratif.

k. Loans written off

The loans written off by BNI are recorded as extra-comptable in the administrative account.

l. Fasilitas pembiayaan dengan perusahaan pembiayaan

BNI memiliki perjanjian pembiayaan dengan beberapa lembaga pembiayaan untuk membiayai kepemilikan kendaraan bermotor sebesar Rp2.851.613 dan Rp2.729.935 masing-masing pada tanggal 31 Desember 2025 dan 2024.

l. Financing arrangements with multi-finance companies

BNI has financing arrangements with several multi-finance companies with respect to motor vehicles financing amounting to Rp2,851,613 and Rp2,729,935 as of 31 December 2025 and 2024, respectively.

12. PINJAMAN YANG DIBERIKAN (lanjutan)

m. Informasi pokok lainnya sehubungan dengan pinjaman yang diberikan

Grup memiliki agunan atas pinjaman yang diberikan dalam bentuk kas, deposito, agunan yang diikat dengan hipotek, garansi serta jaminan dalam bentuk aset lainnya.

Pinjaman karyawan adalah pinjaman yang diberikan kepada karyawan dengan tingkat bunga sebesar 3% - 5% per tahun yang ditujukan untuk pembelian rumah dan keperluan lainnya dengan jangka waktu berkisar antara 1 tahun sampai 20 tahun. Pembayaran pokok pinjaman dan bunga dilunasi melalui pemotongan gaji setiap bulan.

Informasi pokok lainnya terkait pelampauan Batas Maksimum Pemberian Kredit Bank sesuai dengan peraturan yang ditetapkan OJK diungkapkan pada Catatan 61h.

12. LOANS (continued)

m. Other significant information relating to loans

The Group holds collateral against loans in the form of cash, deposits, registered mortgages, guarantees and other assets held as collaterals.

Loans to employees which carried interest rate of 3% - 5% per annum are intended for purchase of houses and other necessities with 1 year to 20 years period. The loan principal and interest payments are settled through monthly payroll deductions.

Other significant information such as any breach nor violation of Legal Lending Limit as required by Regulation of Financial Services Authority are disclosed in Note 61h.

13. OBLIGASI PEMERINTAH

Informasi mengenai Obligasi Pemerintah berdasarkan pihak yang berelasi diungkapkan pada Catatan 46f.

13. GOVERNMENT BONDS

Information related to Government Bonds to related parties are disclosed in Note 46f.

*) Nilai revaluasi aset tetap merupakan hasil penilaian kembali aset tetap Entitas Anak.

**) The revaluation value of fixed assets is the result of reappraisal of the Subsidiary fixed assets*

Pada tanggal 31 Desember 2025 dan 2024, Grup melakukan peninjauan kembali atas masa manfaat, metode penyusutan, dan nilai residu aset tetap dan menyimpulkan bahwa tidak terdapat perubahan atas metode dan asumsi tersebut.

As of 31 December 2025 and 2024, the Group performed a review on useful life, depreciation method, and residual value of fixed assets and concluded that there was no change in those methodology and assumptions.

Beban penyusutan aset tetap untuk tahun yang berakhir pada tanggal 31 Desember 2025 dan 2024 masing-masing sebesar Rp1.870.566 dan Rp1.682.163 dicatat pada beban umum dan administrasi pada laporan laba rugi.

Depreciation expense of fixed assets for the years ended 31 December 2025 and 2024 amounted to Rp1,870,566 and Rp1,682,163 are recorded on general and administrative expense in the statement of profit or loss.

19. ASET TETAP DAN ASET HAK-GUNA (lanjutan)

Aset tetap yang telah terdepresiasi penuh namun masih digunakan oleh Grup sebesar Rp10.986.827 dan Rp10.439.599 masing-masing pada tanggal 31 Desember 2025 dan 2024 , antara lain berupa perlengkapan kantor dan kendaraan bermotor.

Manajemen berkeyakinan bahwa tidak terdapat penurunan nilai aset tetap yang dimiliki Grup selama tahun berjalan karena manajemen berpendapat bahwa nilai tercatat aset tetap tidak melebihi estimasi nilai yang dapat diperoleh kembali.

Aset tetap Bank pada tanggal 31 Desember 2025 diasuransikan terhadap risiko kebakaran dan pencurian kepada pihak perusahaan asuransi PT Asuransi Tripakarta yang merupakan pihak berelasi dengan Grup. Nilai pertanggungan asuransi tersebut sebesar Rp17.358.436 (31 Desember 2024: Rp17.308.556). Manajemen berpendapat bahwa nilai pertanggungan tersebut cukup untuk menutupi kemungkinan kerugian atas aset tersebut.

Aset dalam Pembangunan pada tanggal 31 Desember 2025 dan 2024 adalah sebagai berikut:

	2025	2024	
Tanah	-	337	*Land*
Bangunan	282,283	1,336,241	*Buildings*
Peralatan kantor	913,460	930,761	*Office equipment*
	1,195,743	2,267,339	

Estimasi persentase tingkat penyelesaian Aset dalam Pembangunan pada tanggal 31 Desember 2025 adalah berkisar antara 85% - 91% dan 31 Desember 2024: 21% - 84% Aset dalam Pembangunan pada tanggal 31 Desember 2025 dan 2024 tersebut diperkirakan akan selesai masing-masing pada tahun 2026.

Tidak ada aset tetap yang dijaminkan.

Berdasarkan keputusan No. KEP-347/BL/2012 tanggal 25 Juni 2012 berdasarkan Peraturan No. VIII.G.7 tentang Penyajian dan Pengungkapan Laporan Keuangan Emiten atau Perusahaan Publik butir 27.e, dengan mempertimbangkan nilai buku aset tetap (tanah dan bangunan) yang telah dilakukan revaluasi pada tahun 2015, 2018 dan 2021, maka pada tahun 2024 Grup telah menugaskan perusahaan jasa penilai terdaftar untuk melaksanakan penilaian (revaluasi) aset tetap (tanah dan bangunan).

***19. FIXED ASSETS AND RIGHT-OF-USE OF ASSETS** (continued)*

The fixed assets that have been fully depreciated but still in use by the Group amounted to Rp10,986,827 and Rp10,439,599 as of 31 December 2025 and 2024, respectively, including, among others, office equipment and motor vehicles.

Management believes that there is no impairment in the value of fixed assets owned by the Group during the year because management believes that the carrying amounts of fixed assets do not exceed the estimated recoverable amount.

As of 31 December 2025, the fixed assets of the Bank were insured against risk of fire and theft to the insurance company PT Asuransi Tripakarta, which is an affiliated party with the Group. with sum insured amounting to Rp17,358,436 (31 December 2024: Rp17,308,556). Management believes that the sum insured is adequate to cover possible losses on the assets insured.

Construction in Progress as of 31 December 2025 and of 31 December 2024 are as follows:

The estimated percentage of completion of Construction in Progress as of 31 December 2025 is between 85% - 91% and 31 December 2024: 21% - 84% Those Construction in Progress as of 31 December 2025 and 2024 are estimated to be completed in 2026, respectively.

There were no fixed assets pledged as collateral.

Based on Decision No. KEP-347/BL/2012 dated 25 June 2012 based on Regulation No. VIII.G.7 concerning presentation and disclosure of Financial Reports of Issuer or a Public Companies in point 27.e, by considering the book value of fixed assets (land and buildings) that on which revaluation has been conducted in 2015, 2018 and 2021, therefore in 2024, the Group assigned registered independent appraisers to appraise (revaluate) its fixed assets (land and buildings).

19. ASET TETAP DAN ASET HAK-GUNA (lanjutan)

Grup melakukan penilaian kembali atas tanah dan bangunan tersebut bukan untuk tujuan perpajakan tetapi hanya untuk pemenuhan ketentuan tersebut.

Penilaian atas tanah dan bangunan dilakukan oleh penilai independen eksternal sebagai berikut:
a) KJPP Toha Okky Heru & Rekan
b) KJPP Rengganis Hamid & Rekan
c) KJPP Toto Suharto & Rekan
d) KJPP Abdullah Fitriantoro & Rekan

Penilaian dilakukan berdasarkan Standar Penilaian Indonesia, ditentukan berdasarkan transaksi pasar terkini dan dilakukan dengan ketentuan - ketentuan yang lazim. Metode penilaian yang dipakai adalah metode data pasar, metode biaya dan metode pendapatan. Elemen-elemen yang digunakan dalam perbandingan data untuk menentukan nilai wajar aset antara lain:

a) Jenis dan hak yang melekat pada properti
b) Kondisi pasar
c) Lokasi
d) Karakteristik fisik
e) Karakteristik dalam menghasilkan pendapatan
f) Karakteristik tanah

Informasi mengenai penilaian kembali aset tetap pada tanggal 31 Desember 2024 untuk kelompok aset tanah dan bangunan Grup di Indonesia dan luar negeri adalah sebagai berikut:

***19. FIXED ASSETS AND RIGHT-OF-USE OF ASSETS** (continued)*

The Group has revalued the value of that land and buildings not for tax purpose rather for the compliance of the aforementioned regulation.

The valuations of land and buildings are performed by the following external independent appraisers:
a) KJPP Toha Okky Heru & Rekan
b) KJPP Rengganis Hamid & Rekan
c) KJPP Toto Suharto & Rekan
d) KJPP Abdullah Fitriantoro & Rekan

Valuations are performed based on Indonesian Valuation Standards, determined based on reference to recent market transactions done on arm's length terms and appropriate requirements. The valuation methods used are market value approach, cost approach and income approach. Elements used in data comparison to determine fair value of assets, among others are as follows:

a) Types and rights attached to the property
b) Market condition
c) Location
d) Physical characteristics
e) Income producing characteristics
f) Land characteristics

Information on revaluation of land and buildings of the Group on 31 December 2024 located in Indonesia and overseas are as follows:

	Nilai Buku Sebelum Revaluasi/ *Carrying Amount Before Revaluation*	Nilai Buku Setelah Revaluasi/ *Carrying Amount after Revaluation*	Keuntungan Revaluasi bersih/ *Net gain revaluation*	
Tanah	16,206,563	16,992,051	785,488	*Land*
Bangunan	5,081,867	5,675,321	593,454	*Buildings*
Jumlah	**21,288,430**	**22,667,372**	**1,378,942**	***Total***

Penilaian kembali yang dilakukan atas tanah menghasilkan jumlah kenaikan nilai tercatat sebesar Rp785.488 yang terdiri dari kenaikan nilai tanah yang dicatat sebagai "Penghasilan Komprehensif Lain" sebesar Rp785.730 dan penurunan nilai tanah yang diakui sebagai beban pada laba rugi tahun 2024 sebesar Rp242.

Kenaikan nilai tercatat yang timbul dari revaluasi bangunan dicatat sebesar Rp593.454. Kenaikan ini terdiri dari kenaikan nilai bangunan yang dicatat sebagai "Penghasilan Komprehensif Lain" sebesar Rp589.920 dan yang diakui sebagai pendapatan pada laba rugi tahun 2024 sebesar Rp3.534.

Grup menyewa beberapa aset termasuk rumah dinas, gedung kantor, ruang ATM, kendaraan dan lain-lain. Rata-rata masa sewa adalah 5 (lima) tahun.

The Group has rented a number of assets which include official houses, offices, ATM space, vehicle and others. The average of lease term is 5 (five) years.

19. ASET TETAP DAN ASET HAK-GUNA (lanjutan)

Jumlah pengeluaran kas untuk sewa selama tahun yang berakhir pada 31 Desember 2025 adalah Rp547.116 (31 Desember 2024: Rp870.149).

Beban penyusutan aset hak-guna untuk tahun yang berakhir pada tanggal 31 Desember 2025 dan 2024 masing-masing sebesar Rp748.793 dan Rp734.629 dicatat pada beban umum dan administrasi pada laporan laba rugi.

***19. FIXED ASSETS AND RIGHT-OF-USE OF ASSETS** (continued)*

The total cash outflow for leases for the year ended 31 December 2025 is amounting to Rp547,116 (31 December 2024: Rp870,149).

Depreciation expense of right-of-use of assets for the year ended 31 December 2025 and 2024 amounted to Rp748,793 and Rp734,629 are recorded on general and administrative expense in the statement of profit or loss.

20. ASET TAKBERWUJUD

Aset takberwujud terdiri dari:

20. INTANGIBLE ASSETS

Intangible assets consist of the following:

	2025	2024	
Goodwill	727,786	727,786	*Goodwill*
Hubungan pelanggan	14,419	15,528	*Customer relationships*
	742,205	**743,314**	

Pada bulan Mei 2022, Grup telah mengakuisisi PT Bank Hibank Indonesia. Atas transaksi ini, Grup memperoleh *goodwill* dan aset takberwujud tertentu berupa kontrak hubungan pelanggan dan merek dagang.

In May 2022, the Group acquired PT Bank Hibank Indonesia. As a result of this acquisition, the Group recognised goodwill and certain intangible assets, such as contractual customer relationships and trademarks.

Penurunan nilai atas *goodwill*

Pengujian penurunan nilai atas *goodwill* yang dilakukan setiap tahun (pada tanggal 31 Desember) dan ketika terdapat suatu indikasi bahwa nilai tercatatnya mengalami penurunan nilai.

Nilai terpulihkan ditentukan berdasarkan perhitungan nilai wajar dikurangi biaya yang menggunakan metode *Discounted Cash Flow* 5 tahun. Grup menentukan unit penghasil kas ("UPK") sejalan dengan Bank Hibank sebagai UPK sendiri. Nilai tersebut dikategorikan berada dalam kategori pengukuran nilai wajar level 3.

Asumsi kunci yang digunakan dalam perhitungan nilai wajar dikurangi biaya untuk menjual pada tanggal 31 Desember 2025 dan 2024 adalah sebagai berikut:

Impairment of goodwill

Goodwill are tested for impairment annually (as at 31 December) and when circumstances indicate that the carrying value may be impaired.

The recoverable amount was determined based on fair value less cost of disposal calculations that uses the 5 years Discounted Cash Flow method. The Group determine the cash generating unit ("CGU") aligned with the Bank Hibank as a separate CGU. The value is within the category of fair value measurement level 3.

Certain key assumptions used in the fair value less cost of disposal calculation at 31 December 2025 and 2024 are as follows

	2025	2024	
Tingkat pertumbuhan	5.06%	4.95%	*Growth rate*
Tingkat diskonto (WACC)	8.26%	9.97%	*Discount rate (WACC)*

Tidak ada penurunan nilai *goodwill* yang diidentifikasi.

No impairment of the goodwill was identified.

Berdasarkan Undang-Undang No. 24 tanggal 22 September 2004 yang berlaku efektif sejak tanggal 22 September 2005, sebagaimana diubah dengan Peraturan Pemerintah Pengganti Undang-Undang Republik Indonesia No. 3 tanggal 13 Oktober 2008, Lembaga Penjamin Simpanan (LPS) dibentuk untuk menjamin liabilitas tertentu bank-bank umum berdasarkan program penjaminan yang berlaku, yang besaran nilai jaminannya dapat berubah jika memenuhi kriteria tertentu yang berlaku.

Based on Law No. 24 dated 22 September 2004, effective on 22 September 2005, which was amended by the Government Regulation No. 3 dated 13 October 2008, the Indonesia Deposit Insurance Corporation (LPS) was formed to guarantee certain liabilities of commercial banks under the applicable guarantee program, which the amount of guarantee can be amended if the situation complies with the valid particular criteria.

Berdasarkan Peraturan Pemerintah Republik Indonesia No. 66 Tahun 2008 tanggal 13 Oktober 2008 mengenai Besarnya Nilai Simpanan yang dijamin Lembaga Penjamin Simpanan, jumlah simpanan yang dijamin LPS adalah simpanan sampai dengan Rp2.000 untuk per nasabah per bank.

Based on Government Regulation No. 66 Year 2008 dated 13 October 2008 regarding The Amount of Deposit Guaranteed by Indonesia Deposit Insurance Corporation, the amount of deposits covered by LPS is up to Rp2,000 per depositor per bank.

Pada tanggal 31 Desember 2025 dan 2024, BNI adalah peserta dari program penjaminan tersebut.

As of 31 December 2025 and 2024, BNI was a participant of the above guarantee program.

	2,324,505	**4,229,484**	

26. BEBAN YANG MASIH HARUS DIBAYAR / *26. ACCRUED EXPENSES*

Beban yang masih harus dibayar terdiri dari:

Accrued expenses consist of the following:

	2025	2024	
Biaya kantor	393,676	412,947	*Office expenses*
Kewajiban sebagai Bank penerbit	212,350	245,037	*Issuer Bank liabilities*
Biaya teknologi dan telekomunikasi	127,910	615,258	*Technology and telecommunication expenses*
Biaya promosi	31,692	5,418	*Sales promotion expenses*
Biaya *loyalty*	8,879	48,929	*Loyalty expenses*
Lain-lain	167,309	201,716	*Others*
	941,816	**1,529,305**	

27. PENYISIHAN / *27. PROVISIONS*

	2025	2024	
Estimasi kerugian atas komitmen dan kontinjensi	1,451,673	2,273,422	*Estimated losses from commitments and contingencies*
Penyisihan atas perkara hukum dan lainnya	11,399	9,800	*Provision for legal cases and others*
	1,463,072	**2,283,222**	

a. Perubahan cadangan atas perkara hukum adalah sebagai berikut:

a. The movements of the allowance for legal cases are as follows:

	2025	2024	
Saldo awal	9,800	7,674	*Beginning balance*
Penambahan selama tahun berjalan	1,599	2,126	*Addition during the year*
	11,399	**9,800**	

Bank saat ini masih menghadapi permasalahan hukum diantaranya dengan debitur, pemilik dana dan/atau pihak ketiga. Saat ini permasalahan hukum tersebut masih dalam proses/upaya hukum.

The Bank has a number of outstanding litigation cases, including lawsuits with debtors, fund owners and/or third parties. Currently, litigation cases are still in legal process.

Jumlah klaim terhadap Bank dan estimasi biaya penyelesaian perkara atas tuntutan hukum yang belum selesai pada tanggal 31 Desember 2025 dan 2024 masing-masing sebesar Rp11.399 dan Rp9.800. Pada tanggal 31 Desember 2025 dan 2024, Manajemen berpendapat bahwa jumlah cadangan atas perkara hukum telah memadai.

The Bank's total potential financial exposure and estimation on settlement of legal cases arising from outstanding lawsuits as of 31 December 2025 and 2024 amounted to Rp11,399 and Rp9,800, respectively. As of 31 December 2025 and 2024, Management believes that the provision for legal cases is adequate.

b. Perubahan nilai tercatat bruto pada komitmen dan kontinjensi adalah sebagai berikut:

b. The movements of gross carrying amount on commitments and contingencies are as follows:

Perubahan nilai tercatat

Berikut ini merupakan rekonsiliasi yang menunjukkan perubahan nilai tercatat bersih atas kontrak asuransi selama tahun keuangan akibat arus kas dan jumlah yang diakui dalam laporan laba rugi serta laporan penghasilan komprehensif lain. Entitas Anak menyajikan tabel yang menganalisis perubahan liabilitas atas sisa masa pertanggungan dan perubahan liabilitas atas kejadian klaim secara terpisah, serta merekonsiliasi perubahan tersebut dengan pos-pos terkait dalam laporan laba rugi dan laporan penghasilan komprehensif lain. Rekonsiliasi kedua disajikan untuk kontrak yang tidak diukur berdasarkan *premium allocation approach*, yang secara terpisah menganalisis perubahan estimasi nilai kini arus kas masa depan, penyesuaian risiko untuk risiko non-keuangan, dan margin jasa kontraktual.

Movement in carrying amounts

The following reconciliations show how the net carrying amounts of insurance contracts changed during the financial year as a result of cash flows and amounts recognised in the income statement and statement of comprehensive income. Subsidiary presents a table separately analyses movements in the liabilities for remaining coverage and movements in the liabilities for incurred claims and reconciles these movements to the line items in the income statement and statement of other comprehensive income. A second reconciliation is presented for contracts not measured under the premium allocation approach, which separately analyses changes in the estimates of the present value of future cash flows, the risk adjustment for non-financial risk and the contractual service margin.

28. LIABILITAS KONTRAK ASURANSI (lanjutan)

28. INSURANCE CONTRACT LIABILITIES (continued)

Perubahan nilai tercatat (lanjutan)

***Movement in carrying amounts** (continued)*

Estimasi nilai kini arus kas masa depan dari liabilitas kontrak asuransi mencerminkan eksposur maksimal Grup terhadap risiko kredit dari aset-aset tersebut.

The estimates of the present value of the future cash flows from insurance contract liabilities represent the Group's maximum exposure to credit risk from these assets.

30. PERPAJAKAN (lanjutan)

c. Beban pajak (lanjutan)

Untuk tahun pajak 2025 dan 2024, berdasarkan Pasal 65 dari Peraturan Pemerintah No. 55 tahun 2022 tentang Penyesuaian Pengaturan di Bidang Pajak Penghasilan bagi Wajib Pajak Badan Dalam Negeri yang Berbentuk Perseroan Terbuka, Wajib Pajak dapat memperoleh penurunan tarif PPh sebesar 3% (tiga persen) lebih rendah dari tarif PPh Wajib Pajak Badan dalam negeri sebagaimana diatur dalam Undang-Undang Perpajakan tersebut diatas apabila memenuhi tambahan kriteria sebagai berikut:

1. Jumlah kepemilikan saham publiknya 40% (empat puluh persen) atau lebih dari keseluruhan saham yang disetor dan saham tersebut dimiliki paling sedikit oleh 300 (tiga ratus) pihak.
2. Masing-masing pihak yang dimaksud di atas hanya boleh memiliki saham kurang dari 5% (lima persen) dari keseluruhan saham yang disetor.
3. Ketentuan tersebut harus dipenuhi oleh Wajib Pajak dalam waktu paling singkat 6 (enam) bulan (183 (seratus delapan puluh tiga) hari kalender) dalam jangka waktu 1 (satu) tahun pajak.
4. Pihak-pihak yang memenuhi persyaratan 300 (tiga ratus) pihak dan 5% (lima persen) sebagaimana di atas, tidak termasuk: Wajib Pajak Perseroan Terbuka yang membeli kembali sahamnya; dan/atau yang memiliki hubungan istimewa sebagaimana diatur dalam Undang-Undang Pajak Penghasilan dengan Wajib Pajak Perseroan Terbuka (tercermin dari kepemilikan saham oleh pengendali dan/atau pemegang saham utama).

Berdasarkan Laporan Bulanan Kepemilikan Saham Nomor DE/I/2026-0028 tanggal 2 Januari 2026 dan Nomor DE/I/2025-0034 tanggal 3 Januari 2025 dari Biro Administrasi Efek, Datindo Entrycom, atas kepemilikan saham BNI selama tahun 2025 dan tahun 2024, semua kriteria untuk memperoleh fasilitas penurunan tarif pajak tersebut di atas telah terpenuhi.

Peraturan Menteri Keuangan No. PMK-136 Tahun 2024 (PMK-136) telah disahkan di Indonesia, yurisdiksi di mana perusahaan didirikan, dan berlaku mulai 1 Januari 2025.

Grup berada dalam lingkup aturan model OECD Pilar Dua dan menerapkan pengecualian dalam mengakui serta mengungkapkan informasi mengenai aset dan liabilitas pajak tangguhan yang terkait dengan pajak penghasilan Pilar Dua mulai 1 Januari 2025.

***30. TAXATION** (continued)*

***c. Tax expense** (continued)*

For the fiscal years 2025 and 2024, based on Article 65 of Government Regulation No. 55 year 2022 regarding the Adjustment of Arrangements in Income Tax for Domestic Corporate Tax Payers in the Form of Public Companies, tax payers can obtain a reduction in the PPh rate of 3% (three percent) lower than the rate of domestic corporate tax payers as regulated in the Taxation Law, if it meets the following additional criteria:

1. *The public owned 40% (forty percent) or more of the total paid up shares and those shares are owned by at least 300 (three hundred) parties.*
2. *Each party can only own less than 5% (five percent) of total paid-up shares.*
3. *The tax payer should fulfill the above mentioned criteria at least within 6 (six) months (183 (one hundred and eighty three) calendar days) in 1 (one) fiscal year.*
4. *Parties that meet the requirements of 300 (three hundred) parties and 5% (five percent) as stated above, do not include: Public Company Tax Payers who buy back their shares; and/or Those who have a special relationship as stipulated in the Income Tax Law with Public Company Tax Payers (reflected in: share ownership by the controlling party and/or major shareholder).*

Based on the Monthly Shareholding Report Number DE/I/2026-0028 dated 2 January 2026 and Number DE/I/2025-0034 dated 3 January 2025 from the Registrar, Datindo Entrycom, regarding BNI's shares during the year 2025 and year 2024, BNI has met all criteria mentioned above to obtain a facility of tax rate reduction.

The MOF Regulation no. PMK-136 Year 2024 (PMK-136) was enacted in Indonesia, the jurisdiction in which the company is incorporated, and effect from 1 January 2025.

The Group is within the scope of the OECD Pillar Two model rules and applied the exception to recognizing and disclosing information about deferred tax assets and liabilities relating to Pillar Two income taxes from 1 January 2025.

30. PERPAJAKAN (lanjutan)

c. Beban pajak (lanjutan)

Peraturan Pilar Dua telah disahkan atau secara substansial disahkan di beberapa yurisdiksi tempat Grup beroperasi. Peraturan tersebut mulai berlaku untuk tahun fiskal Grup yang berakhir setelah 31 Desember 2024. Grup termasuk dalam lingkup peraturan yang telah disahkan atau secara substansial disahkan dan telah melakukan penilaian terhadap potensi eksposur Grup terhadap pajak penghasilan Pilar Dua. Pada periode pelaporan, Grup melakukan penilaian terhadap Pilar Dua dengan asumsi bahwa Bank bertindak sebagai Entitas Induk Utama.

Berdasarkan penilaian tersebut, di beberapa yurisdiksi tempat Grup beroperasi, tarif pajak efektif di yurisdiksi tersebut berada di bawah 15%, pengakuan beban pajak penghasilan kini tambahan tidak material terhadap laporan keuangan konsolidasian Grup.

***30. TAXATION** (continued)*

***c. Tax expense** (continued)*

Pillar Two legislation has been enacted or substantially enacted in certain jurisdictions in which the Group operates. The legislation has become effective for the Group's financial year ended after 31 December 2024. The Group is in scope of the enacted or substantially enacted legislation and has performed an assessment of the Group's potential exposure to Pillar Two income taxes. At reporting period, the Group assessed Pillar Two on the assumption that the Bank acted as the Ultimate Parent Entity.

Based on the assessment, in some jurisdictions in which the Group operates, the effective tax rates in those jurisdictions are below 15%, the identified recognition of a supplemental current tax expense was immaterial to the consolidated financial statements of the Group.

d. Aset pajak tangguhan - bersih

Aset pajak tangguhan pada tanggal 31 Desember 2025 dan 2024 merupakan pengaruh beda pajak dengan rincian sebagai berikut:

d. Deferred tax assets - net

The deferred tax assets as of 31 December 2025 and 2024 represent the tax effects on the following:

	2025				
	Saldo awal/ *Beginning balance*	**Dikreditkan/ (dibebankan) ke laporan laba rugi konsolidasian/ Credited/ *(charged) to consolidated statement of profit or loss***	**Dibebankan ke ekuitas/ *Charged to equity***	**Saldo akhir/ *Ending balance***

Obligasi Berwawasan Lingkungan *(Green Bond)* I PT Bank Negara Indonesia (Persero) Tbk Tahun 2022

Pada tanggal 21 Juni 2022, BNI telah menerbitkan Obligasi Berwawasan Lingkungan *(Green Bond)* I PT Bank Negara Indonesia (Persero) Tbk Tahun 2022 ("*Green Bond* I 2022") dengan nominal sebesar Rp5.000.000 yang terdiri atas 2 seri:

Green Bond I PT Bank Negara Indonesia (Persero) Tbk 2022

On 21 June 2022, BNI has issued Green Bond I PT Bank Negara Indonesia (Persero) Tbk 2022 ("Green Bond I 2022") with total amount of Rp5,000,000 which consists of 2 series:

	Nominal/ *Amount*	Kupon/ *Coupon*	Jatuh tempo/ *Maturity Date*	
Obligasi Seri A	4,000,000	6.35%	21 Juni/*June* 2025	*Obligation Serie A*
Obligasi Seri B	1,000,000	6.85%	21 Juni/*June* 2027	*Obligation Serie B*

Green Bond I 2022 ditawarkan dengan nilai 100% (seratus persen) dari jumlah pokok obligasi, dengan kupon dibayarkan setiap kuartalan, dan tercatat di Bursa Efek Indonesia (IDX) pada 22 Juni 2022. Penawaran Umum *Green Bond* I 2022 telah mendapatkan Izin Efektif OJK melalui surat OJK No. S-93/D.04/2022 tanggal 10 Juni 2022.

Green Bond I 2022 is offered with a value of 100% (one hundred percent) of the principal amount of the bond, with coupons paid quarterly, and listed on the Indonesia Stock Exchange (IDX) on 22 June 2022. The Green Bond I 2022 Public Offering has obtained OJK Effective Permission through OJK letter No. S-93/D.04/2022 dated 10 June 2022.

31. EFEK-EFEK YANG DITERBITKAN (lanjutan)

a. Berdasarkan jenis (lanjutan)

Obligasi Berwawasan Lingkungan *(Green Bond)* I PT Bank Negara Indonesia (Persero) Tbk Tahun 2022 (lanjutan)

Pada tanggal 31 Desember 2025, BNI *Green Bond* 2022 memiliki nilai bersih sebesar Rp906.988 setelah dikurangi biaya penerbitan yang belum diamortisasi sebesar Rp177 (31 Desember 2024 BNI *Green Bond* 2022 memiliki nilai bersih sebesar Rp4.928.510 setelah dikurangi biaya penerbitan yang belum diamortisasi sebesar Rp704).

Dana hasil penerbitan obligasi setelah dikurangi biaya biaya emisi, seluruhnya akan digunakan BNI untuk pembiayaan maupun pembiayaan kembali proyek-proyek dalam kategori Kegiatan Usaha Berwawasan Lingkungan (KUBL), yaitu proyek-proyek yang berkaitan dengan energi terbarukan, efisiensi energi, pengolahan sampah menjadi energi dan manajemen limbah, penggunaan sumber daya alam dan penggunaan tanah yang berkelanjutan, konservasi keanekaragaman hayati darat dan air, transportasi ramah lingkungan, pengelolaan air dan air limbah yang berkelanjutan, adaptasi perubahan iklim, gedung berwawasan lingkungan, dan pertanian berkelanjutan, dengan memperhatikan Peraturan OJK No. 60/POJK.04/2017 tentang Penerbitan dan Persyaratan Efek Bersifat Utang Berwawasan Lingkungan *(Green Bond)*.

BNI telah memperoleh rating idAAA atas *Green Bond* I 2022 dari PT Pemeringkat Efek Indonesia (PEFINDO) pada tanggal 19 Maret 2025 dan Opini Pihak Kedua yang diberikan oleh Sustainalytics pada tanggal 20 September 2024.

Wali Amanat yang ditunjuk atas Obligasi Berwawasan Lingkungan adalah PT Bank Mandiri (Persero) Tbk dengan syarat Pembatasan Keuangan dan pembatasan lain terhadap Bank (*debt covenants*) adalah sebagai berikut:

***31. SECURITIES ISSUED** (continued)*

***a. By type** (continued)*

***Green Bond I PT Bank Negara Indonesia (Persero) Tbk 2022** (continued)*

As of 31 December 2025, BNI Green Bond 2022 had a net value of Rp906,988 after deducting the unamortised issuance fee of Rp177 (31 December 2024, BNI Green Bond 2022 had a net value of Rp4,928,510 after deducting the unamortised issuance fee of Rp704).

The proceeds from the bond issuance after deducting emission costs will be entirely used by BNI to finance and refinance projects in the Environmental Based Business Activity (hereinafter abbreviated as KUBL or Kegiatan Usaha Berwawasan Lingkungan) category, namely, projects related to renewable energy, energy efficiency, waste processing into energy, and waste management, sustainable use of natural resources and land use, conservation of terrestrial and aquatic biodiversity, environmentally-friendly transportation, sustainable management of water and wastewater, adaptation to climate change, environmentally sound buildings, and sustainable agriculture, with due observance of OJK Regulation No. 60/POJK.04/2017 concerning the Issuance and Terms of Green Bonds.

BNI has obtained idAAA rating results for Green Bond I 2022 from PT Pemeringkat Efek Indonesia (PEFINDO) on 19 March 2025 and also Second-party Opinion which has given by Sustainalytics on 20 September 2024.

The Trustee appointed for the Green Bonds is PT Bank Mandiri (Persero) Tbk, with the Debt Covenants and other restrictions applicable to the Bank as follows:

***a. By type** (continued)*

***Green Bond I PT Bank Negara Indonesia (Persero) Tbk 2022** (continued)*

a. The Bank is prohibited from transferring, relinquishing rights to, or pledging as specifically secured debt more than 50% of the Bank's total assets, based on the most recent quarterly consolidated financial statements - either in a single transaction or in multiple related or unrelated transactions within one fiscal year.

b. The Bank is prohibited from carrying out mergers, consolidations, and/or acquisitions, or allowing or approving its Subsidiaries (if any) to do so, if such actions would materially and negatively affect the Bank's ability to make payments to Green Bond holders under the Trust Deed except when requested, ordered, or approved by the Government of the Republic of Indonesia and/or other relevant authorities.

c. The Bank is prohibited from changing its primary line of business and/or that of its Subsidiaries (if any), if such changes would materially and negatively impact the Bank's ability to fulfill payment obligations to Green Bond holders under the Trust Deed - except upon request, order, or approval by the Government of the Republic of Indonesia and/or other relevant authorities.

d. The Bank is prohibited from reducing its authorized or paid-up capital, unless such reduction is conducted at the request or instruction of the Government of the Republic of Indonesia and/or the relevant authorities.

PT Bank of India Indonesia Tbk

On 15 October 2024, BNIMF obtained a working capital loan facility with PT Bank of India Indonesia Tbk, with a maximum facility amount of Rp200,000 and a loan term of 42 months.

Interest rate of the borrowing was 7.75% for withdrawal during 31 December 2025 and 31 December 2024.

BNIMF has utilized this facility in the amount of Rp90,000 on 24 October 2024, 30 October 2024, 28 November 2024, 16 December 2024, 31 January 2025, 26 February 2025, 17 March 2025, 21 May 2025, 24 July 2025, 30 July 2025, 25 August 2025, 3 September 2025, 19 September 2025, 15 October 2025, 29 October 2025, 28 November 2025, and 9 December 2025 and 29 October 2025 with amounts of Rp18,000, Rp12,000, Rp20,000, Rp15,000, Rp10,000, Rp10,000, Rp10,000, Rp10,000, Rp10,000, Rp10,000, Rp12,000, Rp7,000, Rp10,000, Rp10,000, Rp11,000, Rp10,000, and Rp15,000.

This facility has a maturity of 36 months from the date of each withdrawal, which is on 24 October 2027, 30 October 2027, 28 November 2027, 16 December 2027, 31 January 2028, 26 February 2028, 17 March 2028, 21 May 2028, 24 July 2028, 30 July 2028, 25 August 2028, 3 September 2028, 19 September 2028, 15 October 2028, 29 October 2028, 28 November 2028, and 9 December 2030.

As of 31 December 2025 and 2024, the loan balance of the facility was Rp158,861 and Rp62,778, respectively.

32. PINJAMAN YANG DITERIMA (lanjutan)

a. Berdasarkan jenis dan mata uang (lanjutan)

Lain-lain (lanjutan)

PT BNI Multifinance (BNIMF): (lanjutan)

Pada tanggal 31 Desember 2025, BNIMF telah memenuhi seluruh persyaratan penting atas pinjaman dari bank-bank pemberi pinjaman, kecuali atas beberapa rasio seperti, rasio pinjaman, *net credit loss*, NPF, *gearing*, *debt to equity* dari perjanjian pinjaman dengan beberapa bank-bank pemberi pinjaman.

Para kreditur terkait telah menyetujui untuk mengesampingkan kewajiban memenuhi rasio keuangan tersebut untuk tahun 2025.

Atas ketidakpatuhan terhadap persyaratan-persyaratan tersebut, BNIMF tidak diperkenankan untuk melakukan penarikan tambahan atas fasilitas yang telah ada dan/atau mengajukan fasilitas baru sampai dengan terpenuhinya kembali persyaratan yang ditetapkan. Ketidakpatuhan ini tidak menyebabkan porsi jangka panjang dari pinjaman-pinjaman terkait harus diklasifikasikan sebagai liabilitas jangka pendek.

***32. BORROWINGS** (continued)*

***a. By type and currency** (continued)*

***Others** (continued)*

***PT BNI Multifinance (BNIMF):** (continued)*

As at 31 December 2025, BNIMF had complied with all material covenants under its loan agreements with the lending banks, except for certain ratios including loan ratio, net credit loss, NPF (non-performing financing), gearing ratio and debt-to-equity ratio under the loan agreements with several lending banks.

The creditors have approved to waive the financial ratio covenants for the year 2025.

As a result of the non-compliance with these covenants, BNIMF is not permitted to make additional withdrawals under the existing facilities and/or to apply for new facilities until the covenants are again fulfilled. This non-compliance does not cause the non-current portion of the related borrowings to be reclassified as current liabilities.

BNI *Tier 2 Subordinated Notes* / *BNI Tier 2 Subordinated Notes*

Pada tanggal 30 Maret 2021, BNI telah menerbitkan *Tier 2 Subordinated Notes (*BNI *Tier 2 Capital Bond* 2021*)* sebesar USD500 juta jangka waktu 5 tahun, dengan kupon sebesar 3,75% per tahun yang dibayarkan setiap semester, dan tercatat di *Singapore Exchange*. *Tier 2 Subordinated Notes* dapat dicatat sebagai komponen modal pelengkap (*Tier* 2) sesuai persetujuan dari Otoritas Jasa Keuangan melalui surat No. S-64/PB.31/2021 tanggal 31 Maret 2021.

On 30 March 2021, BNI has issued Tier 2 Subordinated Notes (BNI Tier 2 Capital Bond 2021) with total nominal value of USD500 million with the term of 5 years and coupon of 3.75% per annum paid on semi-annual basis, and listed in Singapore Exchange. Tier 2 Subordinated Notes can be treated as supplementary capital components (Tier 2) according to the approval from Financial Services Authority through letter No. S-64/PB.31/2021 dated 31 March 2021.

Pada tanggal 31 Desember 2025, BNI *Tier 2 Capital Bond* 2021 memiliki nilai bersih sebesar Rp8.337.235 setelah dikurangi biaya penerbitan yang belum diamortisasi sebesar Rp265 (31 Desember 2024: Rp8.046.197).

As of 31 December 2025, the net value of BNI Tier 2 Capital Bond 2021 was Rp8,337,235 after deducting unamortised issuance cost amounted Rp265 (31 December 2024: Rp8,046,197).

Penggunaan dana hasil penerbitan *Tier 2 Subordinated Notes* digunakan oleh BNI untuk memperkuat modal pelengkap (*tier* 2) dan modal kerja dalam rangka pengembangan usaha terutama pemberian kredit serta peningkatan komposisi struktur dana jangka panjang, sesuai dengan Peraturan OJK No. 11/POJK.03/2016 tentang Kewajiban Penyediaan Modal Minimum Bank Umum sebagaimana telah diubah dengan Peraturan OJK No. 34/POJK.03/2016 dan selanjutnya akan digunakan oleh BNI untuk mendukung peningkatan aset produktif.

The proceeds from Tier 2 Subordinated Notes issuance was used by BNI to strengthen tier 2 capital and working capital in the context of business development, especially loan disbursement and increase in the composition of the long-term fund structure, in accordance with OJK Regulation No. 11/POJK.03/2016 concerning the Minimum Capital Requirement for Commercial Banks as amended by OJK Regulation No. 34/POJK.03/2016 and will then be used by BNI to support increase in productive assets.

33. EFEK-EFEK SUBORDINASI (lanjutan)

BNI *Tier 2 Subordinated Notes* (lanjutan)

Per tanggal 31 Desember 2025, BNI telah memperoleh hasil pemeringkatan atas *Tier* 2 *Subordinated Notes* dari Moody's dan Fitch dengan peringkat masing-masing Ba2 dan BB+. Pada tanggal 30 April 2025, Fitch menaikkan peringkat *Tier 2 Subordinated Notes* menjadi BB+. Per tanggal 31 Desember 2024, BNI memperoleh hasil pemeringkatan atas *Tier 2 Subordinated Notes* dari Moody's dan Fitch dengan peringkat masing-masing Ba2 dan BB.

Tier 2 Subordinated Notes ini dapat mengalami *write down* dan ditangguhkan pembayaran pokok dan bunganya apabila OJK menetapkan bahwa BNI berpotensi terganggu kelangsungan usahanya *(point of non-viability)* sesuai dengan peraturan OJK No. 11/POJK.03/2016 yang diubah dengan peraturan OJK No. 34/POJK.03/2016. *Point of non-viability* terjadi akibat bank mencapai *trigger level* pada indikator permodalan yang ditetapkan OJK, sesuai SEOJK No. 20/SEOJK.03/2016 Fitur Konversi Menjadi Saham Biasa atau *Write Down* terhadap Instrumen Modal Inti Tambahan dan Modal Pelengkap.

BNI *Additional Tier 1 Capital Securities*

Pada tanggal 24 September 2021, BNI telah menerbitkan *Additional Tier 1 Capital Securities (BNI Additional Tier 1 Capital Bond 2021*) sebesar nilai nominal USD600 juta dan tidak memiliki jangka waktu, dengan opsi *call* 5,5 tahun, dengan kupon sebesar 4,30% per tahun yang dibayarkan setiap semester, dan tercatat di *Singapore Exchange*. *Additional Tier 1 Capital Securities* dapat dicatat sebagai komponen modal inti tambahan (*Additional Tier 1*) sesuai persetujuan dari Otoritas Jasa Keuangan melalui surat No. S-210/PB.31/2021 tanggal 30 September 2021.

Pada tanggal 31 Desember 2025, BNI *Additional Tier 1 Capital Bond* 2021 memiliki nilai bersih sebesar Rp10.002.753 setelah dikurangi biaya penerbitan yang belum diamortisasi sebesar Rp2.247 (31 Desember 2024: Rp9.652.986).

Pada tanggal 31 Desember 2025 dan 2024, BNI telah memperoleh hasil pemeringkatan atas *Additional Tier 1 Capital Securities* dari Moody's dengan peringkat Ba3.

Additional Tier 1 Capital Securities yang diterbitkan telah mengikuti persyaratan POJK No. 11/POJK.03/2016 (Pasal 15) sehingga instrumen keuangan tersebut dapat dikategorikan sebagai Modal Inti Tambahan (*Additional Tier 1*). Namun, terdapat klausul *mandatory redemption - redemption for a capital trigger event* ketika CAR BNI mencapai rasio tertentu maka Bank harus melakukan pelunasan terhadap sisa pokok dan bunga dari AT-1. Oleh karena itu, Bank mencatat BNI *Additional Tier 1 Capital Securities* ini sebagai instrumen liabilitas pada laporan keuangan konsolidasian.

***33. SUBORDINATED SECURITIES** (continued)*

***BNI Tier 2 Subordinated Notes** (continued)*

As of 31 December 2025, BNI received ratings for the Tier 2 Subordinated Notes from Moody's and Fitch with ratings of Ba2 and BB+, respectively. On 30 April 2025, Fitch upgraded the rating of the Tier 2 Subordinated Notes to BB+. As of 31 December 2024, BNI obtained the rating of Tier 2 Subordinated Notes from Moody's and Fitch with Ba2 and BB rating, respectively.

This Tier 2 Subordinated Notes can experience write down and the payment of principal and interest will be postponed if the OJK stipulates that BNI has the potential to be subject to business continuity issues (point of non-viability) in accordance with OJK regulations No. 11/POJK.03/2016 amended by OJK regulation No. 34/POJK.03/2016. Point of non-viability occurs due to a bank achieving a trigger level in the capital indicator set by OJK, according to SEOJK No. 20/SEOJK.03/2016 Conversion Features into Common Shares or Write Down of Additional Core Capital Instruments and Supplementary Capital.

BNI Additional Tier 1 Capital Securities

On 24 September 2021, BNI has issued Additional Tier 1 Capital Securities (BNI Additional Tier 1 Capital Bond 2021) with total nominal value of USD600 million perpetual non callable 5.5 years and coupon of 4.30% per annum paid on semi-annual basis, and listed in Singapore Exchange. Additional Tier 1 Capital Securities can be treated as supplementary capital components (Additional Tier 1) according to the approval from Financial Services Authority through letter No. S-210/PB.31/2021 dated 30 September 2021.

As of 31 December 2025, the net value of BNI Additional Tier 1 Capital Bond 2021 was Rp10,002,753 after deducting unamortised issuance cost amounted Rp2,247 (31 December 2024: Rp9,652,986).

As of 31 December 2025 and 2024, BNI obtained the rating of Additional Tier 1 Capital Securities from Moody's with Ba3 rating.

Additional Tier 1 Capital Securities issued has comply in accordance with OJK Regulation No. 11/POJK.03/2016 (Article 15) hence the financial instrument can be categorised as supplementary capital components (Additional Tier 1). However, there is a mandatory redemption clause - redemption for a capital trigger event when BNI's CAR reaches a certain ratio, the Bank shall pay off the remaining principal and interest from AT-1. Therefore, the Bank recorded this BNI Additional Tier 1 Capital Securities as a liability instrument in the consolidated financial statements.

33. EFEK-EFEK SUBORDINASI (lanjutan)

BNI *Additional Tier 1 Capital Securities* (lanjutan)

Additional Tier 1 Capital Securities ini dapat mengalami *write down* dan ditangguhkan pembayaran pokok dan bunganya apabila OJK menetapkan bahwa BNI berpotensi terganggu kelangsungan usahanya *(point of non-viability)* sesuai dengan peraturan OJK No. 11/POJK.03/2016 yang diubah dengan peraturan OJK No. 34/POJK.03/2016. *Point of non-viability* terjadi akibat bank mencapai *trigger level* pada indikator permodalan yang ditetapkan OJK, sesuai SEOJK No. 20/SEOJK.03/2016 Fitur Konversi Menjadi Saham Biasa atau *Write Down* terhadap Instrumen Modal Inti Tambahan dan Modal Pelengkap.

34. MODAL SAHAM DAN TAMBAHAN MODAL DISETOR (lanjutan)

Modal saham (lanjutan)

Saham Seri A Dwiwarna adalah saham yang memberikan hak-hak preferen kepada pemegangnya untuk menyetujui pengangkatan dan pemberhentian Komisaris dan Direksi, perubahan Anggaran Dasar, menyetujui pembubaran dan likuidasi, penggabungan, dan pengambil alihan BNI dan semua hak-hak lainnya yang dimiliki saham Seri B dan saham Seri C. Saham Seri A Dwiwarna tidak dapat dialihkan kepada pihak lain.

Saham Seri B dan Saham Seri C adalah saham biasa atas nama yang memiliki hak yang sama.

Pada tanggal 13 Agustus 2007, Pemerintah Republik Indonesia, melakukan divestasi sebesar 3.475.231.980 saham Seri C, mewakili 22,54% dari kepemilikan di BNI melalui Penawaran Umum Saham Kedua.

Sesuai Keterbukaan Informasi dalam upaya stabilisasi harga pasar saham di tengah kondisi perekonomian regional dan global yang mengalami tekanan dan perlambatan, Bank telah melakukan Pembelian Kembali Saham Perseroan yang telah dikeluarkan dan tercatat di Bursa Efek Indonesia (“BEI”). Program ini mengacu pada Peraturan OJK No. 2/POJK.04/2013 tanggal 26 Agustus 2013 tentang Pembelian Kembali Saham yang Dikeluarkan oleh Emiten atau Perusahaan Publik dalam Kondisi Pasar yang Berfluktuasi Secara Signifikan (“POJK No. 2/POJK.04/2013”) dan Surat Edaran OJK No. 3/SEOJK.04/2020 tanggal 9 Maret 2020 tentang Kondisi Lain sebagai Kondisi Pasar yang Berfluktuasi Secara Signifikan dalam Pelaksanaan Pembelian Kembali Saham yang Dikeluarkan oleh Emiten atau Perusahaan Publik.

Pembelian kembali saham Bank telah dilaksanakan pada tanggal 22 Juli 2021 sampai dengan 21 Oktober 2021, sesuai dengan tanggal Keterbukaan Informasi. Bank melakukan pembelian kembali Saham Seri C sejumlah 246.826 lot atau sebanyak 24.682.600 lembar saham dengan rata-rata biaya perolehan rata-rata sebesar Rp5.186,90 (nilai penuh) per lembar saham.

34. SHARE CAPITAL AND ADDITIONAL PAID-IN CAPITAL *(continued)*

Share capital *(continued)*

The Class A Dwiwarna share is a share that gives the holder preferred rights to approve the appointment and dismissal of Commissioners and Directors, amend the Articles of Association, approve the dissolution and liquidation, merger, and takeover of BNI and all other rights of Class B and Class C shares. The Class A Dwiwarna share may not be transferred to other parties.

Class B and Class C shares are ordinary shares that have the same rights.

On 13 August 2007, the Government of the Republic of Indonesia divested 3,475,231,980 Class C shares, representing 22.54% of shareholding in BNI through a Second Initial Public Offering (IPO).

In accordance with the Disclosure of Information in relation to the stabilisation of stock market price amidst stressful and slowing regional and global economy, the Bank repurchased shares issued by the Bank listed in the Indonesia Stock Exchange ("IDX"). This program is consistent with Regulation of Financial Services Authority ("OJK") No. 2/POJK.04/2013 dated 26 August 2013 on the Repurchase of Shares Issued by the Issuers or Public Companies in Significant Fluctuating Market Conditions ("POJK No. 2/POJK.04/2013") and OJK Circular Letter No. 3/SEOJK.04/2020 dated 9 March 2020 on Other Conditions as Significant Fluctuating Market Conditions in the Implementation of Shares Buyback Issued by Issuers or Public Companies.

The repurchase of shares was executed on 22 July 2021 to 21 October 2021, consistent with the date of Disclosure of Information. The Bank repurchased 246,826 lots of Class C Shares, or 24,682,600 shares with an average acquisition cost amounting to Rp5,186.90 (full amount) per share.

34. MODAL SAHAM DAN TAMBAHAN MODAL DISETOR (lanjutan)

Modal saham (lanjutan)

Pada tahun 2022, Bank melakukan alokasi saham treasuri senilai Rp207.475 sebagai Program Kepemilikan Saham bagi Manajemen dan Pegawai Bank dalam bentuk Saham Bonus (lihat Catatan 44).

Pembelian kembali saham Bank telah dilaksanakan pada tanggal 12 Juli 2023 sampai dengan 1 Agustus 2023. Bank melakukan pembelian kembali Saham sejumlah 202.573 lot atau sebanyak 20.257.300 lembar saham dengan rata-rata biaya perolehan rata-rata sebesar Rp8.883,71 (nilai penuh) per lembar saham.

Pemecahan nilai nominal saham BNI

Berdasarkan keputusan RUPSLB tanggal 19 September 2023 yang dituangkan dalam Akta No. 18, tanggal 19 September 2023, yang dibuat dihadapan Ashoya Ratam S.H., M.KN, pemegang saham BNI antara lain menyetujui pemecahan nilai nominal saham *(stock split)* Bank dengan rasio 1:2 yang berlaku efektif pada tanggal 10 Oktober 2023. Sehingga:

a. Nilai nominal per Saham Seri A Dwiwarna dan Seri B dari sebesar Rp7.500 (nilai penuh) menjadi Rp3.750 (nilai penuh) dengan ketentuan:
   i. 1 (satu) saham Seri A Dwiwarna tetap dipertahankan sebagai saham Seri A Dwiwarna milik Negara Republik Indonesia dengan nilai nominal sebesar Rp3.750 (nilai penuh); dan
   ii. 1 (satu) saham Seri A Dwiwarna menjadi 1 (satu) saham saham Seri B milik Negara Republik Indonesia dengan nilai nominal sebesar Rp3.750 (nilai penuh).

b. Nilai nominal per Saham Seri C dari Rp375 (nilai penuh) menjadi Rp187,5 (nilai penuh).

34. SHARE CAPITAL AND ADDITIONAL PAID-IN CAPITAL *(continued)*

Share capital *(continued)*

In 2022, the Bank has allocated the treasury shares amounting Rp207,475 as Share Ownership Program for Management and Bank's Employees in the form of Share Bonus (refer to Note 44).

The repurchase of shares was executed on 12 July 2023 to 1 August 2023. The Bank repurchased 202,573 lots, or 20,257,300 shares with an average acquisition cost amounting to Rp8,883.71 (full amount) per share.

Stock split of BNI

Based on the decision of the Extraordinary General Meeting of Shareholders (RUPSLB) dated 19 September 2023, as stated in Deed No. 18 dated 19 September 2023, as recorded in the Notarial Deed of Ashoya Ratam, S.H., M.KN., the shareholders of BNI, among others, approved the nominal value split (stock split) of the bank with a ratio of 1:2, effective from 10 October 2023. Therefore:

a. The nominal value per Series A Dwiwarna and Series B shares, originally Rp7,500 (full amount), split to Rp3,750 (full amount), with the following conditions:
   i. 1 (one) Series A Dwiwarna share is retained as a full-nominal value Series A Dwiwarna share owned by the Republic of Indonesia with a nominal value of Rp3,750 (full amount); and
   ii. 1 (one) Series A Dwiwarna share is converted into 1 (one) Series B share owned by the Republic of Indonesia with a nominal value of Rp3,750 (full amount).

b. The nominal value per Series C share is split from Rp375 (full amount) to Rp187.5 (full amount).

34. MODAL SAHAM DAN TAMBAHAN MODAL DISETOR (lanjutan)

Modal ditempatkan setelah pemecahan nilai nominal saham (*stock split*) berubah menjadi sebagai berikut:

a. Saham Seri A Dwiwarna - 1 lembar saham
b. Saham Seri B - 578.683.733 lembar saham
c. Saham Seri C - 36.678.114.582 lembar saham

Pengalihan kepemilikan saham Seri B dan seri C Bank milik Negara Republik Indonesia kepada PT Danantara Asset Management (Persero)

Pada tanggal 22 Maret 2025, Negara Republik Indonesia mengalihkan saham Seri B dan Seri C sejumlah 22.378.387.749 saham atau setara dengan 60,00% dari seluruh saham yang telah dikeluarkan dan disetor penuh Bank melalui mekanisme inbreng kepada PT Danantara Asset Management (Persero) (DAM).

DAM merupakan Perusahaan *Holding* Operasional sebagaimana diatur dalam Undang-Undang Nomor 1 Tahun 2025 tentang Perubahan Ketiga atas Undang-Undang Nomor 19 Tahun 2003 tentang Badan Usaha Milik Negara dan Peraturan Pemerintah Nomor 15 Tahun 2025 tentang Penambahan Penyertaan Modal Negara Republik Indonesia ke Dalam Modal Saham Perusahaan Perseroan (Persero) PT Danantara Asset Management (Persero) untuk Pendirian *Holding* Operasional (”PP 15/2025”).

Sesuai Pasal 3 PP 15/2025 diatur bahwa Negara Republik Indonesia tetap melakukan kontrol terhadap Bank.

Setelah terjadinya pengalihan kepemilikan saham tersebut, dengan demikian Negara Republik Indonesia memiliki 1 (satu) saham Seri A Dwiwarna, DAM memiliki 22.378.387.749 saham Seri B dan Seri C atau setara dengan 60,00%, dan masyarakat memiliki 14.918.925.166 saham Seri B dan seri C atau setara dengan 40,00%.

34. SHARE CAPITAL AND ADDITIONAL PAID-IN CAPITAL *(continued)*

The issued capital after the nominal value split (stock split) changed as follows:

a. Series A Dwiwarna shares - 1 share
b. Series B shares - 578,683,733 shares
c. Series C shares - 36,678,114,582 shares.

Transfer of Ownership of Series B and Series C Shares of the Bank Held by the State of the Republic of Indonesia to PT Danantara Asset Management (Persero)

On 22 March 2025, the State of the Republic of Indonesia transferred its Series B and Series C shares, totaling 22,378,387,749 shares, representing 60.00% of the total issued and fully paid-up shares of the Bank, through an inbreng mechanism to PT Danantara Asset Management (Persero) (DAM).

DAM serves as an Operational Holding Company as stipulated in Law Number 1 of 2025 concerning the Third Amendment to Law Number 19 of 2003 concerning State-Owned Enterprises and Government Regulation Number 15 of 2025 concerning the Addition of State Capital Participation of the Republic of Indonesia into the Share Capital of the Limited Liability Company (Persero) PT Danantara Asset Management (Persero) for the Establishment of an Operational Holding Company ("Government Regulation 15/2025").

Article 3 of Government Regulation 15/2025 stipulates that the State of the Republic of Indonesia shall maintain control over the Bank.

Following the aforementioned transfer of share ownership, the State of the Republic of Indonesia holds 1 (one) Series A Dwiwarna share, DAM holds 22,378,387,749 Series B and Series C shares, representing 60.00%, and the public holds 14,918,925,166 Series B and Series C shares, representing 40.00%.

34. MODAL SAHAM DAN TAMBAHAN MODAL DISETOR (lanjutan)

34. SHARE CAPITAL AND ADDITIONAL PAID-IN CAPITAL (continued)

35. PENGGUNAAN LABA BERSIH

35. APPROPRIATION OF NET INCOME

Berdasarkan keputusan Rapat Umum Pemegang Saham Tahunan tanggal 26 Maret 2025 dan 4 Maret 2024, pengalokasian laba bersih masing-masing untuk tahun yang berakhir pada tanggal-tanggal 31 Desember 2025 dan 2024 adalah sebagai berikut:

In accordance with the resolutions of the Annual General Shareholders' Meetings held on 26 March 2025 and 4 March 2024, the allocation of the net income for the years ended 31 December 2025 and 2024, respectively, are as follows:

	2024	2023	
Pembagian dividen	13,951,339	10,454,738	*Distribution of dividends*
Saldo laba	7,512,260	10,454,738	*Retained earnings*
	21,463,599	**20,909,476**	

Rapat Umum Pemegang Saham telah menyetujui pembagian dividen dari laba bersih tahun 2024 dan 2023, sebesar Rp13.951.339 pada tanggal 26 Maret 2025 dan Rp10.454.738 pada tanggal 4 Maret 2024.

General Shareholders' meeting has approved the dividend distribution of Rp13,951,339 and Rp10,454,738 from the 2024 net income on 26 March 2025 and 2023 net income on 4 March 2024.

36. CADANGAN UMUM DAN WAJIB

Cadangan umum dan wajib pada awalnya dibentuk dalam rangka memenuhi ketentuan Pasal 61 ayat (1) Undang-undang No. 1/1995 mengenai Perseroan Terbatas (kemudian diganti dengan Undang-undang Perseroan Terbatas No. 40/2007 pasal 70), yang mengharuskan perusahaan Indonesia untuk membuat penyisihan cadangan umum dan wajib sebesar sekurang-kurangnya 20% dari jumlah modal yang ditempatkan dan disetor penuh. Undang-undang tersebut tidak mengatur jangka waktu untuk pembentukan penyisihan tersebut.

36. GENERAL AND LEGAL RESERVES

The general and legal reserves were originally provided in accordance with Indonesian Limited Liability Company Law No. 1/1995 Article 61 paragraph (1) (later superseded by Limited Liability Company Law No. 40/2007 Article 70), which requires Indonesian companies to set up a general and legal reserve amounting to at least 20% of the issued and paid-up share capital. This particular law does not regulate the period of time in relation to the provision of such reserves.

37. CADANGAN KHUSUS

Cadangan khusus terdiri dari cadangan yang dibentuk dalam rangka tujuan investasi dan *legal reserve* dari cabang luar negeri.

Sehubungan dengan adanya penerapan Peraturan Otoritas Jasa Keuangan (POJK) No. 34/POJK.03/2016 tanggal 22 September 2016 tentang Perubahan atas POJK No. 11/POJK.03/2016 tentang "Kewajiban Penyediaan Modal Minimum" yang mulai berlaku pada tanggal 26 September 2016 ("tanggal diberlakukannya"), untuk menjaga struktur permodalannya, Bank telah melakukan reklasifikasi atas saldo laba yang sudah ditentukan penggunaannya (cadangan khusus) sebesar Rp5.613.100 dan cadangan cabang luar negeri sebesar Rp92.276 per 31 Desember 2016, menjadi laba ditahan yang tidak ditentukan penggunaannya.

Reklasifikasi atas saldo laba tersebut telah mendapatkan persetujuan melalui berita acara Rapat Umum Pemegang Saham Tahunan No. 42 tanggal 16 Maret 2017.

37. SPECIFIC RESERVES

Specific reserves consist of reserve for investment purposes and legal reserve from overseas branches.

In relation with implementation of Regulation of the Financial Services Regulatory Authority (POJK) No. 34/POJK.03/2016 dated 22 September 2016 on Amendments to POJK No. 11/POJK.03/2016 concerning "Minimum Capital Requirement for Commercial Bank" which came into force on 26 September 2016 ("date of enactment"), to maintain its capital structure, the Bank has reclassified retained earnings that has been appropriated (specific reserve) amounting to Rp5,613,100 and reserve of overseas branch amounting to Rp92,276 as of 31 December 2016 into the unappropriated retained earnings.

The reclassification of retained earnings has been approved through Annual General Shareholders Meeting No. 42 dated 16 March 2017.

38. PENDAPATAN BUNGA

38. INTEREST INCOME

	2025	2024	
Pinjaman yang diberikan	57,957,360	55,680,548	*Loans*

Program dana pensiun Bank ini dikelola oleh Dana Pensiun PT Bank Negara Indonesia (Persero) Tbk ("Dana Pensiun"). Kontribusi pegawai adalah sebesar 7,5% dari penghasilan dasar pensiun karyawan dan sisa jumlah yang diperlukan untuk mendanai program tersebut ditanggung oleh BNI.

The pension plan of the Bank is managed by Dana Pensiun PT Bank Negara Indonesia (Persero) Tbk ("Dana Pensiun"). The employees' contributions are 7.5% of the employee's pension salary-based and the remaining amounts required to fund the program/pension plan are contributed by BNI.

Program pensiun manfaat pasti / ***Defined benefit pension plan***

Penilaian aktuaria atas manfaat pensiun pada tahun yang berakhir tanggal 31 Desember 2025 dan 2024, dilakukan oleh perusahaan konsultan aktuaria terdaftar independen, PT Towers Watson Purbajaga dengan menggunakan metode "*Projected Unit Credit*".

The actuarial calculations of pension benefits for year ended 31 December 2025 and 2024 are prepared by a registered independent actuarial consulting firm, PT Towers Watson Purbajaga using the "Projected Unit Credit" method.

Rekonsiliasi status pembiayaan atas program pensiun berdasarkan laporan aktuaria tanggal 27 Januari 2026 dan 7 Januari 2025 disajikan sebagai berikut:

A reconciliation of the funding status of the pension plan based on the actuarial reports dated 27 January 2026 and dated 7 January 2025 are as follows:

	2025	2024	
Nilai wajar aset dana pensiun	7,765,526	7,564,079	*Fair value of pension plan assets*
Nilai kini liabilitas manfaat pasti yang didanai	(9,593,741)	(8,660,892)	*Present value of funded defined benefit obligation*
Selisih kurang pendanaan	**(1,828,215)**	**(1,096,813)**	*Funding deficit*

Mutasi nilai kini liabilitas manfaat pasti yang didanai selama tahun berjalan adalah sebagai berikut:

The movements in the present value of funded defined benefit obligations for the year are as follows:

	2025	2024	
Pada awal periode	8,660,892	8,875,379	*At beginning of the period*
Biaya jasa kini	139,471	153,017	*Current service cost*
Biaya jasa lalu	44,857	-	*Past service cost*
Biaya bunga	595,139	586,253	*Interest cost*
	9,440,359	9,614,649	
Pengukuran kembali:			*Remeasurements:*
Kerugian/(keuntungan) aktuarial yang timbul dari perubahan asumsi keuangan	775,418	(253,928)	*Actuarial loss/(gain) from changes in financial assumption*
Kerugian/(keuntungan) aktuarial yang timbul karena penyesuaian atas pengalaman	39,288	(173,029)	*Actuarial loss/(gain) from changes in experience*
	814,706	(426,957)	
Pembayaran dari program:			*Payments from plan:*
Iuran peserta	23,385	24,677	*Employees' contributions*
Imbalan yang dibayar	(684,709)	(551,477)	*Benefits paid*
	(661,324)	(526,800)	
	9,593,741	**8,660,892**	

42. IMBALAN KERJA (lanjutan)

Program pensiun manfaat pasti (lanjutan)

Rekonsiliasi atas perubahan aset bersih selama tahun yang berakhir 31 Desember 2025 dan 2024 yang diakui di laporan posisi keuangan dana pensiun adalah sebagai berikut:

***42. EMPLOYEE BENEFITS** (continued)*

***Defined benefit pension plan** (continued)*

The reconciliation of the movements of the net assets during the year ended 31 December 2025 and 2024 recognised in the pension fund's statement of financial position is as follows:

	2025	2024	
Kewajiban bersih pada awal periode	1,096,813	1,852,727	*Net liabilities at beginning of period*
Beban tahun berjalan	295,563	309,291	*Current year expenses*
Kontribusi pemberi kerja	(130,918)	(597,878)	*Employer's contributions*
Jumlah yang diakui pada penghasilan komprehensif lain	566,757	(467,327)	*Total amount recognised in other comprehensive income*
	1,828,215	**1,096,813**	

Mutasi nilai wajar aset program untuk tahun yang berakhir adalah sebagai berikut:

The movements in the fair value of plan assets for the year ended are as follows:

	2025	2024	
Pada awal periode	7,564,079	7,022,652	*At beginning of the period*
Hasil dari aset program	512,201	459,304	*Return on plan assets*
Keruntungan aktuarial	247,950	40,370	*Actuarial gain*
Kontribusi pemberi kerja	130,918	597,878	*Employer's contributions*
Kontribusi pekerja	23,385	24,677	*Employees' contributions*
Imbalan yang dibayar dan beban administrasi	(713,006)	(580,802)	*Benefits paid and administrative expenses paid*
	7,765,527	**7,564,079**	

Biaya imbalan pensiun yang dibebankan pada laporan laba rugi adalah sebagai berikut:

Pension expenses recognised in profit or loss, are as follows:

	2025	2024	
Biaya jasa kini	167,769	182,342	*Current service cost*
Biaya jasa lalu	44,857	-	*Past service cost*
Bunga bersih	82,937	126,949	*Net interest*
Biaya yang dibebankan pada laporan laba rugi	**295,563**	**309,291**	***Expense recognised in profit or loss***
Biaya yang dilaporkan pada laba rugi	295,563	309,291	*Expense recognised in profit or loss*
Pengukuran kembali yang diakui pada penghasilan komprehensif lain	566,757	(467,327)	*Remeasurement effect recognised in other comprehensive income*
Biaya imbalan pasti	**862,320**	**(158,036)**	***Defined benefit cost***

Asumsi-asumsi utama yang digunakan dalam perhitungan di atas adalah:

The key assumptions used in the above calculation are:

	2025	2024	
Asumsi ekonomi:			***Economic assumptions:***
Tingkat diskonto	6.25% - 7.00%	7.00% - 8.00%	*Discount rate*
Tingkat kenaikan gaji	7.00% - 9.00%	7.00% - 9.00%	*Rate of salary increases*
Pendapatan dari dana pensiun iuran pasti	5.50%	5.50%	*Interest credited to defined contribution fund*
Tingkat kenaikan manfaat pensiun	3.00%	3.00%	*Pension increase rate*
Manfaat lain	Rp5,000,000 per tahun untuk tahun 2025 – 2026/ f*or the year* 2025 – 2026 dan/*and* Rp 2,500,000 per tahun/*annualy*	2,500,000 per tahun/*annually*	*Other benefits*

42. IMBALAN KERJA (lanjutan)

Program pensiun manfaat pasti (lanjutan)

Asumsi-asumsi utama yang digunakan dalam perhitungan di atas adalah: (lanjutan)

42. EMPLOYEE BENEFITS *(continued)*

Defined benefit pension plan *(continued)*

The key assumptions used in the above calculation are: (continued)

	2025	2024	
Asumsi lainnya:			***Other assumptions:***
Usia pensiun normal	55/56 tahun/*years*	55/56 tahun/*years*	*Normal retirement age*

Umur >52	0.4%	0.4%	*Age >52*

Sensitivitas dari kewajiban manfaat pasti terhadap perubahan asumsi aktuaria adalah sebagai berikut:

The sensitivity of defined benefit obligation to changes in the weighted assumptions is as follows:

	Dampak terhadap kewajiban manfaat pasti/ *Impact on defined benefit obligation*		
31 Desember 2025	Perubahan asumsi/ *Change in assumption*	Nilai kini kewajiban manfaat pasti/ *Present value of benefit obligation*	***31 December 2025***
Tingkat diskonto	Kenaikan/*increase* 1%	(920,366)	*Discount rate*
	Penurunan/*decrease* 1%	1,107,185	
Tingkat kenaikan gaji	Kenaikan/*increase* 1%	157,634	*Salary increase rate*
	Penurunan/*decrease* 1%	(149,045)	

	Dampak terhadap kewajiban manfaat pasti/ *Impact on defined benefit obligation*		
31 Desember 2024	Perubahan asumsi/ *Change in assumption*	Nilai kini kewajiban manfaat pasti/ *Present value of benefit obligation*	***31 December 2024***
Tingkat diskonto	Kenaikan/*increase* 1%	(801,632)	*Discount rate*
	Penurunan/*decrease* 1%	959,403	
Tingkat kenaikan gaji	Kenaikan/*increase* 1%	153,102	*Salary increase rate*
	Penurunan/*decrease* 1%	(144,239)	

42. IMBALAN KERJA (lanjutan)

Program pensiun manfaat pasti (lanjutan)

Analisis sensitivitas didasarkan pada perubahan atas satu asumsi aktuarial dimana asumsi lainnya dianggap konstan. Dalam perhitungan sensitivitas kewajiban imbalan pasti atas asumsi aktuarial utama, metode yang sama (perhitungan nilai kini kewajiban imbalan pasti dengan menggunakan metode *projected unit credit* di akhir periode) telah diterapkan seperti dalam penghitungan kewajiban pensiun yang diakui dalam laporan posisi keuangan konsolidasian.

Pada tanggal 31 Desember 2025 dan 2024, aset program terdiri dari:

***42. EMPLOYEE BENEFITS** (continued)*

***Defined benefit pension plan** (continued)*

The sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the pension liability recognised within the consolidated statement of financial position.

As of 31 December 2025 and 2024, plan assets comprise the following:

	2025	2024	
Obligasi Pemerintah	2,907,319	2,863,250	*Government Bonds*
Penempatan langsung	2,165,545	1,907,794	*Direct participation*
Obligasi	1,207,812	1,318,947	*Bonds*
Saham	920,811	932,663	*Shares*
Properti	306,598	321,461	*Property*
Deposito	114,063	137,393	*Time deposits*
Deposito *on call*	73,325	31,923	*On call deposits*
Reksa Dana	51,845	50,648	*Mutual funds*
Surat berharga Bank Indonesia	18,209	-	*Certificate Bank Indonesia*
	7,765,527	**7,564,079**	

Investasi telah terdiversifikasi dengan baik, sehingga kinerja buruk satu investasi tidak akan memberikan dampak material bagi seluruh kelompok aset. Proporsi terbesar aset investasi ditempatkan pada instrumen utang. Diyakini bahwa instrumen utang memberikan imbal hasil yang paling baik dalam jangka panjang pada tingkatan risiko yang dapat diterima. Untuk program manfaat pasti sebagian besar instrumen surat utang merupakan portofolio obligasi Pemerintah Republik Indonesia dan obligasi korporasi di Indonesia.

Investments are well-diversified, such that the failure of any single investment would not have a material impact to the overall group of assets. The largest proportion of assets are invested in debt instruments. Debt instruments are expected to contribute best yields in the long term at an acceptable risk level. For defined benefit program, most of the debt instruments are Government of Indonesia bonds and corporate bonds.

Hasil yang diharapkan dari aset program ditentukan dengan mempertimbangkan imbal hasil yang diharapkan atas aset yang mengacu pada kebijakan investasi. Hasil investasi bunga tetap didasarkan pada hasil pengembalian bruto pada tanggal pelaporan. Hasil yang diharapkan dari investasi ekuitas dan properti mencerminkan tingkat imbal hasil jangka panjang aktual yang terjadi untuk tiap-tiap pasar.

The expected return on plan assets is determined by considering the expected returns available on the assets in accordance with the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as of the reporting date. Expected returns on equity and property investments reflect long-term real rates of return experienced in the respective markets.

Bank terekspos beberapa risiko atas program imbalan kerja seperti risiko yang terekspos pada program manfaat pasti adalah adanya tingkat hasil investasi dibawah asumsi *discount rate* dan kenaikan gaji aktual yang lebih besar dari asumsi. Hal tersebut menimbulkan peningkatan iuran yang dibayarkan kepada Dana Pensiun.

The Bank is exposed to a number of risks through its employee benefit plans such as the exposed risks in defined benefit pension plan is the lower return on investment compared to assumption on discount rate and the increase in the actual salary is higher than its assumption. These will cause an increase in benefit paid to Pension Fund.

42. IMBALAN KERJA (lanjutan)

Program pensiun manfaat pasti (lanjutan)

Untuk memastikan bahwa posisi investasi yang telah diatur dalam kerangka *Asset Liability Management* (ALMA), Bank melakukan pemantauan terhadap investasi atas program pensiun (baik iuran pasti maupun manfaat pasti) dan memastikan tingkat investasi dimaksud mencapai tingkat diskonto yang digunakan. Selain itu, dilakukan implementasi kebijakan penyesuaian gaji sesuai dengan asumsi yang telah digunakan dalam perhitungan aktuaria untuk mengurangi selisih hasil perhitungan atas proyeksi imbalan kerja pasca kerja dengan realisasinya.

Rata-rata durasi kewajiban manfaat pasti pada tanggal 31 Desember 2025 adalah 10,76 tahun (31 Desember 2024: 10,42 tahun).

Analisis jatuh tempo yang diharapkan dari manfaat pensiun yang tidak terdiskonto untuk Entitas Induk adalah sebagai berikut:

***42. EMPLOYEE BENEFITS** (continued)*

***Defined benefit pension plan** (continued)*

To ensure that the result of investments is consistent with the Asset Liability Management (ALMA) framework, the Bank performs monitoring over the investment for the pension program (for both defined benefit and contribution plans) and performs action to ensure the return of investments will meet the applicable discount rate. Apart from that, implementation of salary adjustment policy has been performed in accordance to the assumptions used by actuarial calculation to reduce the gap on the calculation of projected post-employment benefits with its realisation.

The average duration of the defined benefit obligation as of 31 December 2025 is 10.76 years (31 December 2024: 10.42 years).

Expected maturity analysis of undiscounted pension benefit for Parent Only is as follows:

	Kurang dari 1 tahun/ *Less than a year*	2 sampai 5 tahun/ *Between 2 to 5 years*	Lebih dari 5 tahun/ *Over 5 years*	Jumlah/ *Total*	
31 Desember 2025					***31 December 2025***

Program pensiun iuran pasti

Bank juga memiliki program pensiun iuran pasti, untuk karyawannya yang dikelola oleh Dana Pensiun Lembaga Keuangan PT Bank Negara Indonesia (Persero) Tbk, dimana kontribusi iuran bank adalah sebesar 1,5% sampai dengan 6,5% dari gaji karyawan sesuai jabatan karyawan, sedangkan kontribusi iuran karyawan adalah sebesar 0,5% dari upah yang ditetapkan oleh Bank untuk karyawan tetap yang dipekerjakan sebelum tanggal 1 September 2005. Untuk karyawan tetap yang dipekerjakan mulai tanggal 1 September 2005, kontribusi Bank dan karyawan adalah masing-masing sebesar iuran 11,5% dan 3,5% dari gaji karyawan.

Karyawan tetap yang bergabung dengan Bank sebelum bulan September 2005, memiliki hak atas program pensiun manfaat pasti ditambah dengan program pensiun iuran pasti, atau imbalan kerja yang disediakan sesuai dengan Undang-Undang Cipta Kerja No. 6/2023 dan peraturan penerapan terkaitnya PP No. 35 Tahun 2021, mana yang lebih tinggi.

Defined contribution pension plan

The Bank also has a defined contribution pension plan for its employees which is managed by Dana Pensiun Lembaga Keuangan PT Bank Negara Indonesia (Persero) Tbk, whereby the contribution of the Bank is 1.5% to 6.5% of the employees' salaries according to the position of each employee, while the contribution of employees is 0.5% of the employees' salaries, determined by the Bank for employees hired before 1 September 2005. For employees hired after 1 September 2005, the Bank and its employees contribute 11.5% and 3.5%, respectively, of the employees' salaries.

Permanent employees who joined the Bank prior to September 2005 are entitled to defined benefits pension plan plus defined contribution pension plan, or the benefits provided for under the Undang-Undang Cipta Kerja No. 6/2023 and its implementing regulation PP No. 35 Tahun 2021, whichever is higher.

42. IMBALAN KERJA (lanjutan)

Program pensiun iuran pasti (lanjutan)

Beban pensiun iuran pasti yang telah dibebankan pada laporan laba rugi adalah sebesar Rp248.186 dan Rp271.374 masing-masing untuk tahun yang berakhir pada tanggal 31 Desember 2025 dan 2024.

Liabilitas atas imbalan pasca kerja meliputi uang jasa, uang pisah dan pesangon sesuai dengan Undang-Undang Cipta Kerja No. 6/2023, PP 35/2021 dan kompensasi lainnya.

Imbalan kerja jangka panjang lainnya

Imbalan jangka panjang lainnya seperti cuti berimbalan jangka panjang, imbalan cacat permanen dan penghargaan *jubilee* dihitung dengan menggunakan metode *projected unit credit* dan didiskontokan ke nilai kini.

Penilaian aktuarial atas imbalan kerja jangka panjang lainnya untuk tahun yang berakhir tanggal 31 Desember 2025 dan 2024 dilakukan oleh perusahaan konsultan aktuaria terdaftar independen, PT Towers Watson Purbajaga dengan menggunakan metode "*Projected Unit Credit*" sebagaimana yang tercantum dalam laporan masing-masing pada tanggal 27 Januari 2026 dan 7 Januari 2025.

Perubahan liabilitas imbalan kerja yang diakui Bank pada laporan posisi keuangan konsolidasian adalah sebagai berikut:

***42. EMPLOYEE BENEFITS** (continued)*

***Defined contribution pension plan** (continued)*

Defined contribution pension expense that was charged to profit or loss amounted to Rp248,186 and Rp271,374 for the year ended 31 December 2025 and 2024, respectively.

The liability for post employment benefits consisted of service payments, severance and termination benefits based on Undang-Undang Cipta Kerja No. 6/2023, PP 35/2021 and other compensations.

Other long-term employee benefits

Other long-term employee benefits such as long service leave, permanent disability benefit and jubilee awards are calculated using the projected unit credit method and discounted to present value.

The actuarial valuation of other long-term employee benefits for the year ended 31 December 2025 and 2024 were prepared by a registered independent actuarial consulting firm, PT Towers Watson Purbajaga using the "Projected Unit Credit" method as stated in its reports dated 27 January 2026 and 7 January 2025, respectively.

The movements of the employee benefits liability recognised by the Bank in the consolidated statement of financial position are as follows:

	2025	2024	
Liabilitas bersih pada awal periode	2,819,762	2,628,569	*Net liability at the beginning of the period*
Biaya selama tahun berjalan	792,183	467,541	*Expense recognised during the current year*
Penyesuaian atas Perubahan Metode Atribusi - laba rugi	-	(4,510)	*Adjustments for Changes in Attribution Methods - profit and loss*
Jumlah yang diakui pada penghasilan komprehensif lain	24,446	(56,020)	*Total amount recognised in other comprehensive income*
Pembayaran imbalan	(548,477)	(215,818)	*Actual benefit payments*
	3,087,914	**2,819,762**	

Biaya imbalan kerja yang dibebankan Bank pada laporan laba rugi:

Employee benefits expense recognised by the Bank in profit or loss:

	2025	2024	
Biaya jasa kini	302,040	299,719	*Current service cost*
Biaya bunga	181,652	171,094	*Interest cost*
Kerugian/(keuntungan) aktuaria periode berjalan - bersih	308,491	(5,062)	*Actuarial loss/(gain) recognised in current period - net*
Penyesuaian atas Perubahan Metode atribusi	-	(2,720)	*Adjustments for Changes in Attribution Methods*
Biaya yang dibebankan pada laba rugi	**792,183**	**463,031**	***Expense recognised in profit or loss***

Pengukuran kembali yang diakui pada penghasilan komprehensif lainnya	24,446	(56,020)	*Remeasurement effect recognised in other comprehensive income*
Biaya imbalan pasti	**816,629**	**407,011**	***Defined benefit cost***

Asumsi-asumsi utama yang digunakan dalam perhitungan di atas adalah:

The key assumptions used in the above calculation are:

	2025	2024	
Asumsi ekonomi:			***Economic assumptions:***
Tingkat diskonto per tahun	7.00%	7.00%	*Annual discount rate*
Tingkat kenaikan gaji	7.00 - 9.00%	7.00 - 9.00%	*Rate of salary increases*
Pendapatan dari dana pensiun iuran pasti	5.50%	5.50%	*Interest credited to defined contribution fund*
Asumsi lainnya:			***Other assumptions:***
Usia pensiun normal	55-56 tahun/*years*	55-56 tahun/*years*	*Normal retirement age*
Tingkat kematian	Modifikasi Tabel Mortalita Indonesia 2019 (TMI2019)/ *Adjusted Mortality Table Indonesia 2019 (TMI2019)*	Modifikasi Tabel Mortalita Indonesia 2019 (TMI2019)/ *Adjusted Mortality Table Indonesia 2019 (TMI2019)*	*Mortality rate*
Tingkat cacat	10% dari tingkat kematian/*10% from mortality rate*	10% dari tingkat kematian/*10% from mortality rate*	*Disability rate*
Tingkat pengunduran diri			*Turnover rate*
Umur 20-29	4.2%	4.2%	*Age 20-29*
Umur 30-34	2.8%	2.8%	*Age 30-34*
Umur 35-39	3.0%	3.0%	*Age 35-39*
Umur 40-50	1.7%	1.7%	*Age 40-50*
Umur 51-52	1.3%	1.3%	*Age 51-52*
Umur >52	0.4%	0.4%	*Age >52*

Sensitivitas dari kewajiban imbalan pasca kerja lainnya terhadap perubahan asumsi aktuaria adalah sebagai berikut:

The sensitivity of other post benefit obligation to changes in the actuarial assumptions is as follows:

		Dampak imbalan kerja jangka panjang lainnya/ *Impact on other long-term employee benefits*		
2025	**Perubahan Asumsi/ *Change in Assumption***	**Nilai kini kewajiban imbalan kerja/ *Present value of benefit obligation***	**Biaya jasa kini/ *Current service cost***	***2025***
Tingkat diskonto	Kenaikan/*increase* 1%	(174,252)	(4,807)	*Discount rate*
	Penurunan/*decrease* 1%	196,397	5,461	
Tingkat kenaikan gaji	Kenaikan/*increase* 1%	288,823	9,714	*Salary increase rate*
	Penurunan/*decrease* 1%	(239,457)	(7,686)	

42. IMBALAN KERJA (lanjutan)

Imbalan pasca kerja lainnya dan imbalan kerja jangka panjang lainnya (lanjutan)

42. EMPLOYEE BENEFITS *(continued)*

Post employment benefits and other long-term employee benefits *(continued)*

2024	Perubahan Asumsi/ *Change in Assumption*	Dampak imbalan kerja jangka panjang lainnya/ *Impact on other long-term employee benefits* — Nilai kini kewajiban imbalan kerja/ *Present value of benefit obligation*	Biaya jasa kini/ *Current service cost*	*2024*
Tingkat diskonto	Kenaikan/*increase* 1%	(151,165)	(4,838)	*Discount rate*
	Penurunan/*decrease* 1%	169,753	5,465	
Tingkat kenaikan gaji	Kenaikan/*increase* 1%	241,009	8,751	*Salary increase rate*
	Penurunan/*decrease* 1%	(200,400)	(6,986)	

Analisis sensitivitas didasarkan pada perubahan atas satu asumsi aktuarial dimana asumsi lainnya dianggap konstan. Dalam perhitungan sensitivitas kewajiban imbalan pasti atas asumsi aktuarial utama, metode yang sama (perhitungan nilai kini kewajiban imbalan pasti dengan menggunakan metode *projected unit credit* di akhir periode pelaporan) telah diterapkan seperti dalam penghitungan kewajiban pensiun yang diakui dalam laporan posisi keuangan konsolidasian.

The sensitivity analysis is based on a change in an actuarial assumption while holding all other assumptions constant. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the pension liability recognised within the consolidated statement of financial position.

43. LABA PER SAHAM DASAR/DILUSIAN DIATRIBUSIKAN KEPADA PEMILIK ENTITAS INDUK

Laba tahun berjalan per saham dasar dihitung dengan membagi laba tahun berjalan diatribusikan kepada pemilik entitas induk dengan rata-rata tertimbang jumlah lembar saham biasa yang beredar pada tahun bersangkutan.

43. BASIC/DILUTED EARNINGS PER SHARE ATTRIBUTABLE TO EQUITY HOLDERS OF THE PARENT ENTITY

Basic earnings per share is computed by dividing income for the year attributable to owners of the parent entity by the weighted average number of outstanding common shares during the related year.

	2025	2024	
Laba tahun berjalan yang dapat diatribusikan kepada pemilik entitas induk	20,040,703	21,463,599	*Income for the year attributable to owners of the parent entity*
Rata-rata tertimbang jumlah lembar saham biasa yang beredar (dalam nilai penuh)	37,297,312,916	37,289,742,787	*Weighted average number of outstanding ordinary shares (in full amount)*
Laba per saham dasar diatribusikan kepada pemilik entitas induk (dalam Rupiah penuh)	537	576	*Basic earnings per share attributable to equity holders of the parent entity (in full Rupiah amount)*

Bank dan Entitas Anak tidak memiliki potensi saham yang bersifat dilutif.

The Bank and Subsidiaries have no dilutive potential shares.

44. PEMBAYARAN BERBASIS SAHAM

Berdasarkan Keputusan Rapat Umum Pemegang Saham (RUPS) Tahunan BNI tanggal 29 Maret 2021 yang diaktakan dengan akta No. 14, yang dibuat di hadapan Notaris Fathiah Helmi, S.H., dengan tanggal yang sama, RUPS telah menyetujui untuk mengalihkan secara keseluruhan saham hasil pembelian kembali *(buyback)* tahun 2020 yang disimpan sebagai saham treasuri sebanyak 19.579.700 saham dalam rangka Program Kepemilikan Saham oleh Pegawai dan Program Kepemilikan Saham oleh Direksi dan Dewan Komisaris.

Selanjutnya, berdasarkan Surat Kementerian Badan Usaha Milik Negara (KBUMN) No. SR-33/Wk2.MBU.A/10/2021 tanggal 1 Oktober 2021, Menteri Negara BUMN telah menetapkan besarnya Jumlah Tantiem untuk Direksi dan Dewan Komisaris atas kinerja Tahun Buku 2020. Menindaklanjuti hal tersebut, dengan memperhatikan ketentuan POJK No.45/POJK.03/2015 tentang Penerapan Tata Kelola Dalam Pemberian Remunerasi Bagi Bank Umum dan berdasarkan keputusan manajemen bahwa 20% dari jumlah Tantiem dibayarkan sebagai remunerasi yang harus ditangguhkan dan dibayarkan dalam bentuk saham untuk Direksi dan Dewan Komisaris non independen, serta dalam bentuk deposito bagi Komisaris Independen.

Bank telah memberikan saham sebagaimana disebutkan di atas pada tanggal 30 Desember 2021 sebanyak 5.724.673 lembar saham dengan pembukaan periode *lock-up* beserta pembagiannya sebagai berikut:

1. Periode *lock-up* tahap I pada tanggal 5 Juni 2022 dengan jumlah saham sebesar 1.642.746 lembar saham;
2. Periode l*ock-up* tahap II pada tanggal 5 Juni 2023 dengan jumlah saham sebesar 1.642.738 lembar saham;
3. Periode *lock-up* tahap III pada tanggal 5 Juni 2024 dengan jumlah saham sebesar 1.642.726 lembar saham; dan
4. Periode *lock-up* tahap IV pada tanggal 5 Juni 2025 dengan jumlah saham sebesar 796.463 lembar saham.

Saham diberikan kepada Direksi dan Dewan Komisaris tertentu berdasarkan pencapaian performa kinerja Bank. Harga eksekusi yang diberikan sama dengan harga pasar pada tanggal pemberian yaitu sebesar Rp6.750 (nilai penuh).

44. SHARE-BASED PAYMENT

Based on the decision of the BNI's Shareholders Annual General Meeting held on 29 March 2021, notarized by deed No. 14, made before Notary Fathiah Helmi, S.H., on the same date, the shareholders approved the granting of authority and approved the transfer all of the shares from the 2020 buyback that has been registered as treasury shares of 19,579,700 for the purpose of the Employee Shares Ownership Program and the Board of Directors and the Board of Commissioners share ownership program.

Furthermore, according to the Letter of the Ministry of State-Owned Enterprises (KBUMN) No. SR-33/Wk2.MBU.A/10/2021 dated 1 October 2021, the Minister of State-Owned Enterprises has determined the amount of Tantiem for the Board of Directors and Board of Commissioners for the performance of Fiscal Year 2020. Following up on this, taking into account FSA Regulation No.45/POJK 03/2015 concerning the Implementation of Good Corporate Governance in Providing Remuneration for Commercial Banks and based on management's decision that 20% of the amount of Tantiem is paid as remuneration which must be deferred and paid in the form of shares for Board of Directors and non-independent Board of Commissioners, as well as in the form of deposits for Independent Commissioners.

The Bank has granted 5,724,673 shares as mentioned above on 30 December 2021 with the opening of the lock-up period and the distribution is as follows:

1. *First phase of the lock-up period on 5 June 2022 with a total of 1,642,746 shares;*
2. *Lock-up period phase II on 5 June 2023 with a total of 1,642,738 shares;*
3. *Lock-up period phase III on 5 June 2024 with a total of 1,642,726 shares and;*
4. *Lock-up period phase IV on 5 June 2025 with a total of 796,463 shares.*

Shares are granted to the Board of Directors and the Board of Commissioners based on Bank's performance target achievement. The exercise price of the granted options is equal to the market price at the grant date amounting to Rp6,750 (full amount).

44. PEMBAYARAN BERBASIS SAHAM (lanjutan)

Selain itu, berdasarkan Keputusan Rapat Umum Pemegang Saham (RUPS) Tahunan BNI tanggal 15 Maret 2022 yang diaktakan dengan akta No. 22, yang dibuat di hadapan Notaris Fathiah Helmi, S.H., dengan tanggal yang sama, RUPS telah menyetujui untuk mengalihkan secara keseluruhan saham hasil pembelian kembali *(buyback)* tahun 2021 yang disimpan sebagai saham treasuri sebanyak 24.682.600 saham dalam rangka Program Kepemilikan Saham oleh Pegawai dan Program Kepemilikan Saham oleh Direksi dan Dewan Komisaris.

Selanjutnya, berdasarkan Surat Kementerian Badan Usaha Milik Negara (KBUMN) No. SR-23/Wk2.MBU.A/07/2022 tanggal 25 Juli 2022, Menteri Negara BUMN telah menetapkan besarnya Jumlah Tantiem untuk Direksi dan Dewan Komisaris atas kinerja Tahun Buku 2021. Menindaklanjuti hal tersebut, dengan memperhatikan ketentuan POJK No.45/POJK.03/2015 tentang Penerapan Tata Kelola Dalam Pemberian Remunerasi Bagi Bank Umum dan berdasarkan keputusan manajemen bahwa 10% dari jumlah Tantiem dibayarkan sebagai remunerasi yang harus ditangguhkan dan dibayarkan dalam bentuk saham untuk Direksi dan Dewan Komisaris non independen, serta dalam bentuk deposito bagi Komisaris Independen.

Bank telah memberikan saham sebagaimana disebutkan di atas pada tanggal 29 Juli 2022 sebanyak 3.001.097 lembar saham dengan pembukaan periode *lock-up* beserta pembagiannya sebagai berikut:

1. Periode *lock-up* tahap I pada tanggal 5 Juni 2023 dengan jumlah saham sebesar 922.460 lembar saham;
2. Periode *lock-up* tahap II pada tanggal 5 Juni 2024 dengan jumlah saham sebesar 1.039.325 lembar saham; dan
3. Periode *lock-up* tahap III pada tanggal 5 Juni 2025 dengan jumlah saham sebesar 1.039.312 lembar saham.

Saham diberikan kepada Direksi, Dewan Komisaris dan karyawan tertentu tersebut berdasarkan pada pencapaian performa kinerja Bank. Harga eksekusi yang diberikan sama dengan harga pasar pada tanggal pemberian yaitu sebesar Rp7.850 (nilai penuh).

***44. SHARE-BASED PAYMENT** (continued)*

Other than that, based on the decision of the BNI's Shareholders Annual General Meeting held on 15 March 2022, notarized by deed No. 22, made before Notary Fathiah Helmi, S.H., on the same date, the shareholders approved the granting of authority and approved to transfer all of the shares from the 2021 buyback that has been registered as treasury shares of 24,682,600 for the purpose of the Employee Shares Ownership Program and the Board of Directors and the Board of Commissioners share ownership program.

Furthermore, according to the Letter of the Ministry of State-Owned Enterprises (KBUMN) No. SR-*23/Wk2.MBU.A/07/2022 dated 25 July 2022, the Minister of State-Owned Enterprises has determined the amount of Tantiem for the Board of Directors and Board of Commissioners for the performance of Fiscal Year 2021. Following up on this, taking into account to POJK No.45/POJK 03/2015 concerning the Implementation of Good Corporate Governance in Providing Remuneration for Commercial Banks and based on management's decision that 10% of the amount of Tantiem is paid as remuneration which must be deferred and paid in the form of shares for Board of Directors and non-independent Board of Commissioners, as well as in the form of deposits for Independent Commissioners.*

The Bank has granted 3,001,097 shares as mentioned above on 29 July 2022 with the opening of the lock-up period and the distribution is as follows:

1. *First phase of the lock-up period on 5 June 2023 with a total of 922,460 shares;*
2. *Lock-up period phase II on 5 June 2024 with a total of 1,039,325 shares; and*
3. *Lock-up period phase III on 5 June 2025 with a total of 1,039,312 shares.*

Shares are granted to Board of Directors, Board of Commissioners and several employees based on Bank's performance target achievement. The exercise price of the granted options is equal to the market price at the grant date amounting to Rp7,850 (full amount).

44. PEMBAYARAN BERBASIS SAHAM (lanjutan)

Berdasarkan keputusan Rapat Umum Pemegang Saham (RUPS) Tahunan BNI tanggal 15 Maret 2023 yang diaktakan dengan Akta No. 15 yang dibuat di hadapan Notaris Ashoya Ratam, SH, M.Kn., dengan tanggal yang sama, RUPS telah menyetujui untuk (1) Memberikan wewenang dan kuasa kepada Pemegang Saham Seri A Dwiwarna untuk menetapkan besarnya Tantiem untuk Tahun Buku 2022, serta menetapkan gaji/honorarium, tunjangan, fasilitas dan insentif lainnya termasuk namun tidak terbatas pada *Long Term Incentive*, bagi anggota Dewan Komisaris untuk Tahun 2023. (2) Memberikan wewenang dan kuasa kepada Dewan Komisaris dengan terlebih dahulu mendapatkan persetujuan tertulis dari Pemegang Saham Seri A Dwiwarna untuk menetapkan besarnya Tantiem untuk Tahun Buku 2022, serta menetapkan gaji/honorarium, tunjangan, fasilitas dan insentif lainnya termasuk namun tidak terbatas pada *Long Term Incentive*, bagi anggota Direksi untuk Tahun 2023.

Selanjutnya, berdasarkan Surat Kementerian Badan Usaha Milik Negara (KBUMN) No. SR-25/Wk2.MBU.A/07/2023 tanggal 4 Juli 2023 kemudian ditindaklanjuti dengan Surat Dewan Komisaris No. DK/84 tanggal 5 Juli 2023, pada tanggal 15 Februari 2024, Bank telah melakukan pembayaran remunerasi berbasis saham dalam bentuk *Long Term Incentive* sebanyak 15.637.000 lembar saham dengan pembukaan periode *lock-up* pada tahun 2026 dengan memperhatikan ketentuan *holding period* sesuai ketentuan *Long Term Incentive* BUMN pada Peraturan Menteri BUMN No. PER-3/MBU/03/2023 tentang Organ dan Sumber Daya Manusia Badan Usaha Milik Negara.

Saham dialokasikan kepada Direksi dan Dewan Komisaris yang menjabat sepanjang tahun 2023 dan akan dimiliki sepenuhnya (eksekusi) setelah tanggal *lock-up* dan *holding period* berdasarkan pada pencapaian performa kinerja Bank pada tahun 2023-2025 sebagaimana yang telah diperjanjikan antara anggota Direksi dan Dewan Komisaris dengan Kementerian BUMN. Harga eksekusi adalah harga *fair value* tahun 2026 yang telah dihitung oleh konsultan independen yaitu sebesar Rp4.704 (tidak diaudit).

***44. SHARE-BASED PAYMENT** (continued)*

Based on the decision of the BNI Annual General Meeting of Shareholders (GMS) dated 15 March 2023 which was notarized by Deed No. 15 made before Notary Ashoya Ratam, SH, M.Kn., on the same date, the GMS has agreed to (1) Grant authority and power to Series A Dwiwarna Shareholders to determine the amount of bonuses for the 2022 Financial Year, as well as determining salaries/honorariums, allowances, facilities and other incentives including but not limited to Long Term Incentives, for members of the Board of Commissioners for 2023. (2) Grant authority and power to the Board of Commissioners by first obtaining written approval from the Series A Dwiwarna Shareholders to determine the amount of Tantiem for the 2022 Financial Year, as well as determine the salary/honorarium, allowances, facilities and other incentives including but not limited to Long Term Incentives, for members of the Board of Directors for 2023.

Furthermore, based on the Letter of the Ministry of State-Owned Enterprises (KBUMN) No. SR-25/Wk2.MBU.A/07/2023 dated 4 July 2023 was then followed up with Board of Commissioners Letter No. DK/84 dated 5 July 2023, on 15 February 2024 the Bank has paid share-based remuneration in the form of Long Term Incentive of 15,637,000 shares with the opening of the lock-up period in 2026 taking into account the holding period provisions in accordance with the Long Term Incentive provisions BUMN in BUMN Ministerial Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises.

Shares are allocated to the Board of Directors and Board of Commissioners who serve throughout 2023 and will be fully owned (executed) after the lock-up date and holding period based on the Bank's performance achievements in 2023-2025 as agreed between members of the Board of Directors and Board of Commissioners and the Ministry of BUMN. The execution price is the fair value price in 2026 which has been calculated by an independent consultant, amounting to Rp4,704 (unaudited).

44. PEMBAYARAN BERBASIS SAHAM (lanjutan)

Program *Employee Stock Allocation* ("ESA")

Berdasarkan Keputusan Rapat Umum Pemegang Saham (RUPS) Tahunan BNI tanggal 15 Maret 2022 yang diaktakan dengan akta No. 22, yang dibuat di hadapan Notaris Fathiah Helmi, S.H., dengan tanggal yang sama, RUPS telah menyetujui untuk mengalihkan secara keseluruhan saham hasil pembelian kembali (*buyback*) tahun 2021 yang disimpan sebagai saham treasuri sebanyak 24.682.600 saham dalam rangka Program Kepemilikan Saham oleh Pegawai dan Program Kepemilikan Saham oleh Direksi dan Dewan Komisaris. Menyetujui memberikan kuasa dan wewenang pelaksanaan Program Kepemilikan Saham bagi Pegawai dan/atau Program Kepemilikan Saham bagi Direksi dan Dewan Komisaris baik bersumber dari saham treasuri maupun sumber lainnya.

Bank telah memberikan saham sebagaimana disebutkan di atas pada tanggal 2 Juni 2022 sebanyak 67.795.400 lembar saham yang mempunyai pembukaan periode *lock-up* dengan tahapan sebagai berikut:

1. Pembukaan periode *lock-up* tahap I pada tanggal 2 Juni 2023 dengan jumlah saham sebesar 47.938.100 lembar saham,
2. Pembukaan periode *lock-up* tahap II pada tanggal 2 Juni 2024 dengan jumlah saham sebesar 10.854.800 lembar saham, dan
3. Pembukaan periode lock-up tahap III pada tanggal 2 Juni 2025 dengan jumlah saham sebesar 9.002.500 lembar saham.

Saham diberikan kepada direksi dan karyawan tertentu berdasarkan pada pencapaian performa kinerja Bank. Harga eksekusi yang diberikan sama dengan harga pasar pada tanggal pemberian yaitu sebesar Rp8.850 (nilai penuh).

Pada tanggal 29 Desember 2022, Bank memberikan saham sebanyak 10.355.756 lembar saham yang mempunyai pembukaan periode *lock-up* dengan tahapan sebagai berikut:

1. Pembukaan periode *lock-up* tahap I pada tanggal 2 Juni 2023 dengan jumlah saham sebesar 7.975.689 lembar saham,
2. Pembukaan periode *lock-up* tahap II pada tanggal 2 Juni 2024 dengan jumlah saham sebesar 622.400 lembar saham,
3. Pembukaan periode *lock-up* tahap III pada tanggal 2 Juni 2025 dengan jumlah saham sebesar 1.551.800 lembar saham,
4. Pembukaan periode lock-up tahap I, II dan III pada tanggal 29 Maret 2023, 2024, dan 2025 dengan jumlah saham sebesar 205.867 lembar saham.

***44. SHARE-BASED PAYMENT** (continued)*

Employee Stock Allocation ("ESA") Program

Based on the decision of the BNI's Shareholders Annual General Meeting held on 15 March 2022, notarized by deed No. 22, made before Notary Fathiah Helmi, S.H., on the same date, the shareholders approved the granting of authority and approved to transfer all of the shares from the 2021 buyback that has been registered as treasury shares of 24,682,600 for the purpose of the Employee Shares Ownership Program and the Board of Directors and the Board of Commissioners Shares Ownership program. Approved and grant power and authority to implement the Share Ownership Program for Employees and/or Share Ownership Program for the Board of Directors and the Board of Commissioners, whether sourced from treasury shares or other sources.

The Bank has granted shares as mentioned above on 2 June 2022 as many as 67,795,400 shares with the opening of the lock-up period and the distribution is as follows:

1. *First phase of the lock-up period on 2 June 2023 with a total of 47,938,100 shares;*
2. *Lock-up period phase II on 2 June 2024 with a total of 10,854,800 shares; and*
3. *Lock-up period phase III on 2 June 2025 with a total of 9,002,500 shares.*

Shares are granted to directors and to selected employees based on Bank's performance target achievement. The exercise price of the granted options is equal to the market price at the grant date amounting to Rp8,850 (full amount).

On 29 December 2022, The Bank has granted shares as many as 10,355,756 shares with the opening of the lock-up period and the distribution is as follows:

1. *First phase of the lock-up period on 2 June 2023 with a total of 7,975,689 shares;*
2. *Lock-up period phase II on 2 June 2024 with a total of 622,400 shares;*
3. *Lock-up period phase III on 2 June 2025 with a total of 1,551,800 shares.*
4. *Lock-up period phase I, II, and III on 29 March 2023, 2024, and 2025 with a total of 205,687 shares.*

44. PEMBAYARAN BERBASIS SAHAM (lanjutan)

Program *Performance Stock Bonus*

Berdasarkan keputusan Rapat Umum Pemegang Saham (RUPS) Tahunan BNI tanggal 15 Maret 2023 yang diaktakan dengan Akta No. 15 yang dibuat di hadapan Notaris Ashoya Ratam, SH, M.Kn., dengan tanggal yang sama, RUPS telah menyetujui untuk pembelian kembali saham Bank (*buyback*) dan pengalihan saham hasil *buyback* yang disimpan sebagai saham treasuri (*treasury stock*), dengan nilai *buyback* sebesar-sebesarnya Rp905.000.000.000,- (sembilan ratus lima miliar Rupiah), dalam rangka program Kepemilikan Saham bagi Pegawai dan/atau Program Kepemilikan Saham bagi Direksi dan Dewan Komisaris sebagai salah satu opsi pengalihan saham hasil pembelian kembali (*buyback*) yang disimpan sebagai saham treasuri (*treasury stock*). Menyetujui memberikan kuasa dan wewenang pelaksanaan Program Kepemilikan Saham bagi Pegawai dan/atau Program Kepemilikan Saham bagi Direksi dan Dewan Komisaris kepada Direksi Perseroan untuk melaksanakan Program Kepemilikan Saham bagi Pegawai; dengan tetap memperhatikan peraturan perundang-undangan yang berlaku.

Pada tanggal 16 April 2024, Bank memberikan saham sebanyak 24.877.600 lembar saham, yang akan dimiliki sepenuhnya (eksekusi) setelah tanggal *lock-up* dan *holding period* berdasarkan pada pencapaian performa kinerja Bank tahun 2024 yang telah ditetapkan; dan atau setelah 1 (satu) tahun tanggal alokasi dan *vesting*.

Harga saham *Performance Stock Bonus* sama dengan harga pasar pada tanggal pemberian yaitu sebesar Rp5.200 (nilai penuh).

Dengan memperhatikan pencapaian performa kinerja Bank tahun 2024 yang telah ditetapkan, pada tanggal 16 – 19 April 2025 telah dilakukan pembukaan *lock-up* saham *Performance Stock Bonus* sesuai dengan ketentuan yang berlaku.

44. SHARE-BASED PAYMENT (continued)

Performance Stock Bonus Program

Based on the decision of the BNI Annual General Meeting of Shareholders (GMS) dated 15 March 2023 which was notarized by Deed No. 15 made before Notary Ashoya Ratam, SH, M.Kn., on the same date, the GMS approved the buyback of the Bank's shares which have been issued and listed on the Indonesia Stock Exchange (IDX) for the full nominal amount buyback maximum Rp905,000,000,000 (nine hundred five billion Rupiah) for the purpose of the Employee Stock Ownership Program and/or the Management Ownership Program for Directors and Board of Commissioners as one of the options for utilizing the shares from buybacks which are held as treasury stock. Approved and grant power and authority to implement the Employee Stock Ownership Program and/or the Management Ownership Program to Company Directors to implement the Employee Stock Ownership Program; in compliance with applicable laws and regulations.

On 16 April 2024, the Bank issued 24,877,600 shares, which will be fully vested (executed) after the lock-up and holding period based on the Bank's performance achievements in 2024 that have been set; and/or after 1 (one) year from the allocation and vesting date.

The exercise price of the granted options is equal to the market price at the grant date amounting to Rp5,200 (full amount).

Based on the Bank's performance achievement in 2024, on 16 – 19 April 2025 the lock-up for the Performance Stock Bonus shares has been opened according to the applicable terms and conditions.

47. SEGMEN OPERASI

Grup menerapkan Konsep 3 Dimensi untuk penilaian kinerja secara internal yaitu Dimensi Segmen, Dimensi *Channel* dan Dimensi Produk. Untuk kepentingan pelaporan Segmen, maka yang dilaporkan adalah berdasarkan Dimensi Segmen.

Di bawah ini adalah penjelasan mengenai pelaporan masing-masing segmen per 31 Desember 2025 dan 2024:

- ***Corporate Banking*****:** termasuk pinjaman yang diberikan, simpanan nasabah dan transaksi-transaksi lainnya milik nasabah korporasi, baik BUMN dan badan usaha swasta.
- ***Institutional Banking*****:** termasuk pinjaman yang diberikan, simpanan nasabah dan dan transaksi-transaksi lainnya milik nasabah Kementerian, Lembaga Pemerintah, yayasan dan universitas.
- ***Commercial Banking***: termasuk pinjaman yang diberikan, simpanan nasabah dan dan transaksi-transaksi lainnya milik nasabah dengan skala menengah/komersial serta nasabah SME dan kredit program.
- ***Consumer Banking***: termasuk pinjaman yang diberikan, simpanan nasabah dan transaksi-transaksi lainnya milik nasabah konsumer termasuk kredit pembiayaan konsumsi termasuk kredit kepemilikan rumah, kartu kredit serta produk dan jasa lainnya seperti dana pihak ketiga, transaksi pembayaran dan transaksi-transaksi lainnya milik nasabah perorangan.
- ***Treasury & International Banking*****:** terkait dengan kegiatan treasuri Bank termasuk transaksi valuta asing, *money market, fixed income* dan pasar modal serta pinjaman yang diberikan, simpanan nasabah dan transaksi-transaksi lainnya milik nasabah institusi keuangan dan nasabah kantor cabang luar negeri.
- **Kantor Pusat**: terutama mengelola aset dan liabilitas Grup selain yang telah dikelola oleh segmen operasi lainnya termasuk menerima alokasi biaya atas penyediaan jasa servis secara sentralisasi kepada segmen lainnya serta pendapatan/biaya yang tidak teralokasi ke pelaporan segmen lainnya.

47. OPERATING SEGMENT

The Group applies the 3 Dimensional Concept for internal performance assessment, namely Segment, Channel and Product Dimensions. For the purpose of Segment reporting, what is reported is based on the Segment Dimension.

Below is an explanation of the reporting of each segment as of 31 December 2025 and 2024:

- ***Corporate Banking:*** *including loans, customer deposits and other transactions belonging to corporate customers, both BUMN and private business entities.*
- ***Institutional Banking:*** *including loans, customer deposits and other transactions belonging to customers of Ministries, Government Institutions, foundations and universities.*
- ***Commercial Banking:*** *including loans, customer deposits and other transactions belonging to customers of middle/commercial and also SME and credit program customer.*
- ***Consumer Banking:*** *including loans, customer deposits and other transactions belonging to consumer customers including consumer financing loans including home ownership loans, credit cards, other products and services such as third party funds, payment transactions and other transactions belonging to customers individual.*
- ***Treasury & International Banking:*** *related to the Bank's treasury activities including foreign exchange transactions, money market, fixed income, and capital market and also loans, customer deposits and other transactions belonging to financial institutions and overseas branch customers.*
- ***Head Office:*** *mainly manages the Group's assets and liabilities in addition to those already managed by other operating segments including receiving cost allocation for centralised service provision to other segments as well as revenues/costs that are not allocated to other segment reporting*.

47. SEGMEN OPERASI (lanjutan)

Di bawah ini adalah penjelasan mengenai pelaporan masing-masing segmen per 31 Desember 2025 dan 2024: (lanjutan)

- **Entitas Anak**: seluruh transaksi yang dilakukan oleh Entitas Anak yang bergerak di bidang asuransi, pembiayaan konsumen, perbankan, modal ventura dan sekuritas.

Kinerja diukur berdasarkan laba segmen sebelum pajak penghasilan, sebagaimana dilaporkan dalam laporan internal manajemen yang ditelaah oleh Manajemen Bank. Keuntungan segmen digunakan untuk mengukur kinerja dimana manajemen berkeyakinan bahwa informasi tersebut paling relevan dalam mengevaluasi hasil segmen tersebut relatif terhadap entitas lain yang beroperasi dalam industri tersebut.

Di tahun 2024, Grup mengungkapkan segmen operasionalnya berdasarkan segmen usaha sebagai berikut: *Wholesale & International Banking, Institutional Banking, Enterprises & Commercial Banking, Retail Banking, Treasury,* Kantor Pusat dan Entitas Anak dengan terdapat reklasifikasi di masing-masing bisnis segmen sesuai dengan organisasi direksi dan pembidangan yang baru.

Di tahun 2025, Grup menerapkan perubahan terhadap pengelompokan segmen operasi berdasarkan SK Penataan Organisasi Direksi tanggal 1 Agustus 2025, Grup mengungkapkan segmen operasionalnya berdasarkan segmen usaha sebagai berikut: *Corporate Banking, Institutional Banking, Commercial Banking, Consumer Banking, Treasury & International Banking*, Kantor Pusat dan Entitas Anak, dengan terdapat reklasifikasi di masing-masing bisnis segmen sesuai dengan organisasi direksi dan pembidangan mengacu pada Penataan Organisasi Direksi tersebut.

***47. OPERATING SEGMENT** (continued)*

Below is an explanation of the reporting of each segment as of 31 December 2025 and 2024: (continued)

- ***Subsidiaries:** all transactions conducted by Subsidiaries engaged in insurance, consumer financing, banking, venture capital and securities.*

Performance is measured based on segment profit before income tax, as included in the internal management reports that are reviewed by the Bank's Management. Segment profit is used to measure performance of that business segment as management believes that such information is the most relevant in evaluating the results of those segments relative to other entities that operate within these industries.

In 2024, the Group disclosing its operational segments based on business segments as follows: Wholesale & International Banking, Institutional Banking, Enterprises & Commercial Banking, Retail Banking, Treasury, Head Office and Subsidiaries with some reclassification for each business segments referring to the new organizational of board of directors.

In 2025, the Group implemented changes to the grouping of operating segments based on the Board of Directors' Decree on Organizational Restructuring dated 1 August 2025. The Group discloses its operating segments by business line as follows: Corporate Banking; Institutional Banking; Commercial Banking; Consumer Banking; Treasury & International Banking; Head Office; and Subsidiaries. Reclassifications have been made within each business segment in accordance with the Board's organizational structure and functional assignments under that Decree.

48. MANAJEMEN RISIKO

Untuk mengantisipasi tantangan ekonomi domestik maupun global serta peningkatan eksposur risiko yang dihadapi oleh BNI, dibutuhkan suatu sistem pengelolaan risiko dan permodalan yang efektif dan terintegrasi yang mampu mendukung pencapaian dan pertumbuhan kinerja secara berkelanjutan sekaligus meningkatkan daya saing Bank.

Risiko adalah potensi kerugian akibat terjadinya suatu peristiwa tertentu. Risiko dalam konteks perbankan merupakan suatu kejadian potensial, baik yang diperkirakan (*expected*) maupun yang tidak diperkirakan (*unexpected*) yang berdampak negatif terhadap pendapatan dan permodalan Bank.

Manajemen risiko merupakan serangkaian metodologi dan prosedur yang digunakan untuk mengidentifikasi, mengukur, memantau, dan mengendalikan risiko yang timbul dari seluruh kegiatan usaha Bank, termasuk upaya untuk memitigasi dan/atau meminimalkan kerugian finansial maupun non-finansial yang mungkin timbul dari produk atau aktivitas Bank, hubungan antara Bank dengan nasabah maupun dalam internal Bank.

Informasi tambahan manajemen risiko yang merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia diungkapkan pada Catatan 61l.

Penerapan Manajemen Risiko didasari oleh kebutuhan akan keseimbangan fungsi bisnis dengan pengelolaan risiko, dimana Manajemen Risiko menjadi *strategic partner* dari Unit Bisnis untuk mengoptimalkan pendapatan dari Unit Bisnis secara keseluruhan.

Dalam rangka penerapan Manajemen Risiko yang efektif, baik untuk BNI secara individu maupun secara Konsolidasi dan Terintegrasi dengan Entitas Anak, penerapan manajemen risiko dilakukan melalui 4 (empat) pilar penerapan manajemen risiko yaitu: (i) Pengawasan aktif Direksi dan Dewan Komisaris; (ii) Kecukupan kebijakan, dan prosedur manajemen risiko serta penetapan limit risiko; (iii) Kecukupan proses identifikasi, pengukuran, pemantauan, dan pengendalian risiko serta Sistem Informasi Manajemen Risiko; dan (iv) Sistem pengendalian internal yang menyeluruh.

Penerapan manajemen risiko di BNI secara umum terangkum dalam kerangka manajemen risiko. Kerangka manajemen risiko ini dituangkan dalam kebijakan, prosedur, limit-limit transaksi, kewenangan dan ketentuan lain serta diaplikasikan dalam perangkat manajemen risiko, yang berlaku di seluruh lingkup aktivitas usaha.

48. RISK MANAGEMENT

To anticipate domestic and global economic challenges and also increasing risk exposures faced by BNI, an effective and integrated risk and capital management system is needed, which is able to support the achievement and growth of sustainable performance while enhancing the competitiveness of the Bank.

Risk is the potential loss due to certain events. Risk in the banking context is a potential event, either an expected or an unexpected that has a negative impact on bank income and capital of the Bank.

Risk management is a set of methodologies and procedures used to identify, measure, monitor, and control the risks arising from the entire Bank's business activities, including the efforts to mitigate and/or minimise financial or non-financial losses that may arise from products or activities of the Bank, the relationship between the Bank and its customer and also within the internal Bank.

The additional risk management information that is required by regulations and/or additional disclosure prepared by the Group, and is not required by Indonesian Financial Accounting Standards is disclosed in Note 61l.

The Risk Management implementation is based on the need to maintain balance between the business functions with the risk management, where Risk Management becoming a strategic partner for the Business Unit to optimise the revenue from the Business Unit as a whole.

In order to implement effective Risk Management, both for BNI individually and as a Consolidated and Integrated subsidiaries, the application of risk management is done through 4 (four) pillars of risk management: (i) Active control from Board of Directors and Board of Commissioners; (ii) The adequacy of policies and risk management procedures and, i.e. risk limit determination; (iii) The adequacy of identification process, measurement, monitoring, and risk control and Risk Management Information Systems; and (iv) Overall internal control systems.

Implementation of risk management in BNI is undertaken within the risk management framework. This risk management framework is outlined in the policies, procedures, transaction limits, authorities and other regulations as well as being applied in the risk management tools, which is applicable in the whole scope of business activities.

48. MANAJEMEN RISIKO (lanjutan)

Secara berkala dilakukan evaluasi terhadap kebijakan dan prosedur manajemen risiko agar sesuai dengan perkembangan bisnis Bank dan perubahan regulasi.

Terkait dengan produk atau aktivitas baru yang akan diterbitkan, penilaian yang komprehensif dilakukan terhadap risiko yang melekat pada produk atau aktivitas baru untuk memastikan bahwa potensi risiko yang mungkin timbul telah dimitigasi dengan baik.

Pengelolaan risiko kredit, risiko likuiditas, risiko pasar dan operasional BNI sebagaimana diuraikan pada Catatan 49 sampai dengan Catatan 52 adalah sesuai dengan definisi dari Regulator (tidak diaudit).

48. RISK MANAGEMENT (continued)

Periodic evaluation is applied to risk management policies and procedures to ensure it reflects the Bank's current business and regulations.

Related to new product or activity, a comprehensive assessment for each of inherent risk in those new product or activity is done to ensure the potential risk that may occur is mitigated.

The management of BNI's credit, liquidity, market and operational risks, as described in Notes 49 to 52 are consistent with Regulator's definition (unaudited).

49. RISIKO KREDIT

Pengelolaan kredit Bank diarahkan untuk melakukan ekspansi kredit dan mengelola kualitas setiap kredit sejak saat diberikan sampai dengan dilunasi oleh debitur dan untuk mencegah kredit tersebut menjadi kredit bermasalah (*Non-Performing Loan/NPL)*. Pengelolaan kredit yang efektif dapat meminimalkan kerugian dan mengoptimalkan penggunaan modal yang dialokasikan untuk risiko kredit.

Pengelolaan risiko kredit BNI selain bertujuan untuk memenuhi persyaratan yang ditetapkan oleh Regulator, juga untuk meminimalkan kemungkinan kerugian yang timbul akibat debitur gagal memenuhi kewajibannya atas fasilitas kredit yang diberikan dan kontrak keuangan lainnya, baik pada tingkat individu debitur maupun portofolio kredit secara keseluruhan.

BNI telah memiliki kebijakan dan prosedur perkreditan serta kebijakan manajemen risiko kredit yang diputuskan melalui forum Komite Kebijakan Perkreditan (KKP), Komite Prosedur Perkreditan (KPP), Komite Manajemen Risiko dan *Anti Fraud* sub Komite Manajemen Risiko (KRA-RMC) yang beranggotakan Direksi dan beberapa anggota manajemen senior serta Rapat Direksi (Radisi) serta disetujui oleh Dewan Komisaris. Kebijakan Perkreditan Bank disetujui oleh Dewan Komisaris dan ditinjau paling lama setiap 3 (tiga) tahun sekali. Selanjutnya kebijakan dan prosedur tersebut dituangkan dalam Pedoman Perusahaan (PP) Perkreditan dan Pedoman Perusahaan Manajemen Risiko Kredit.

Pedoman Perusahaan (PP) Perkreditan memberikan pedoman secara lengkap dan terperinci atas kegiatan manajemen kredit dari saat pengajuan kredit, proses analisis, persetujuan, pemantauan, pendokumentasian, pengendalian, penyelamatan/restrukturisasi dan penyelesaian kredit bermasalah, sehingga kualitas kredit dapat terjaga dengan tetap memperhatikan target bisnis yang ditetapkan (tidak diaudit).

49. CREDIT RISK

The Bank's loan management is aimed to support the loan expansion and to manage the quality of each loan from the time the loan was granted until the loan is fully repaid by the debtors and to prevent the loan becoming a Non-Performing Loan (NPL). Effective loan management is intended to minimise the risk of losses and optimise the use of capital allocated for credit risk.

The purpose of BNI's credit risk management other than to comply with Regulatory requirement is to minimise the possible losses resulting from the debtors' failure to pay credit facility and other financial contracts at the minimum level, both on the individual and loan portfolio level.

BNI already has loan policies and procedures for credit and credit risk management that was decided in the Credit Policy Committee (KKP), Credit Procedures Committee (KPP), Risks Management and Anti Fraud Committee sub Committee of Risk Management (KRA-RMC) consisting of Board of Directors and several members of senior management and also Board of Directors meetings and approved by Board of Commissioner. Bank Credit Policies is approved by Board of Commissioner and reviewed at least once in 3 (three) years. These policies and procedures are written in the Credit Company Guidelines (PP) and Credit Risk Management Company Guidelines.

These Credit Company Guidelines (PP) provide complete and detailed guidance on loan management activities from loan proposal, analysis process, approval, monitoring, documentation, controls, restructuring and the settlements of non-performing loans, so that credit quality can be maintained by taking into account the business targets set (unaudited).

49. RISIKO KREDIT (lanjutan)

Dalam rangka mendukung proses pemberian kredit yang lebih hati-hati, BNI melakukan penelaahan dan penyempurnaan kebijakan perkreditan dan kebijakan manajemen risiko kredit secara periodik sesuai dengan perkembangan bisnis terkini.

Pengelolaan risiko kredit diterapkan pada tingkat individu dan tingkat portofolio. Pada tingkat individu pinjaman untuk kredit produktif, setiap usulan pemberian kredit dilakukan melalui proses analisis kredit oleh Unit Bisnis dan ditinjau oleh unit risiko kredit. Mekanisme proses persetujuan kredit dilakukan melalui rapat Komite Kredit. Komite Kredit merupakan lembaga pemutus kredit yang beranggotakan pemutus dari Unit Bisnis dan Unit Risiko Bisnis, dengan demikian proses pemberian kredit menjadi lebih komprehensif dan hati-hati.

Untuk mempercepat proses ekspansi bisnis segmen kecil, fungsi pemasaran dan proses analisa kredit dilakukan oleh *Relationship Manager* yang berada di bawah Unit Bisnis yaitu dengan melakukan analisa bisnis dan analisa risiko serta memberikan mitigasi risiko yang diperlukan terhadap calon debitur yang diusulkan.

Adapun untuk segmen menengah dan korporasi dilakukan oleh *Relationship Manager* dan *Business Analyst* yang berada di Unit Bisnis dengan tugas memproses usulan dari calon debitur, sementara analisis dan *review* risiko calon debitur di segmen Korporasi dan Menengah dilakukan oleh fungsi *Credit Risk Manager* yang berada di bawah Unit Risiko.

Penerapan *four eyes principles* dalam proses perkreditan di BNI diimplementasikan dalam proses persetujuan kredit yang dilakukan melalui Komite Kredit, yaitu forum bersama pejabat pemutus kredit yang mempunyai wewenang memutus kredit yang diusulkan sesuai dengan limit yang ditetapkan. Anggota Komite Kredit terdiri dari pejabat unit bisnis dan unit risiko bisnis. Dengan demikian proses pemberian kredit menjadi lebih komprehensif dan hati-hati.

Unit bisnis dan unit risiko bisnis berperan sebagai *first line of defense (risk owner)* yang bertugas mengelola dan mengendalikan risiko kredit pada kegiatan operasional harian unit tersebut.

Proses analisis dan persetujuan kredit dilakukan melalui serangkaian proses penilaian tingkat risiko kredit calon debitur, yang diantaranya dengan menggunakan *internal rating system* (untuk kredit produktif) dan *credit scoring* pada *decision engine iDEAS* yang telah terintegrasi dengan *Loan Origination System* (untuk kredit konsumtif dan kredit produktif segmen ritel sampai dengan Rp5 miliar), sekaligus juga strategi mitigasi risikonya. Hasil proses analisis dan penilaian tingkat risiko kredit kemudian diajukan kepada Komite Kredit untuk mendapatkan persetujuan.

***49. CREDIT RISK** (continued)*

To support a prudent loan granting process, BNI conducts periodic reviews and enhances its loan and credit risk management policies in line with current business developments.

Credit risk management is implemented both at the individual and portfolio level. At the individual level, for productive loans, each loan granting proposal is made through a process of analysis by the Business Unit and reviewed by the credit risk unit. The credit approval process mechanism is through a Credit Committee meeting. The Credit Committee constitutes the decision maker for credit approval, which consists of representatives from Business Units and the Credit Risk Unit, so that the loan granting process becomes more comprehensive and prudent.

To accelerate the process of business expansion in small segment, the marketing and credit analysis process function is performed by the Relationship Manager under the Business Unit by conducting business analysis and risk analysis as well as providing risk mitigation against the proposed debtor candidates.

As for the middle and corporate segment these are performed by Relationship Managers and Business Analyst who are in the Business Unit and have the task of processing the proposals from prospective debtors, while the analysis and risk review of prospective debtors in the Corporate and Middle segment are performed by Credit Risk Manager who is under the Risk Unit.

The application of four eyes principles in the lending process at BNI is implemented in the credit approval process through Credit Committees, that is a forum of credit decision makers who have the authority to approve the credit in accordance with the specified limit. The members of the Credit Committee consist of business unit officers and business risk unit officers. Thus the process of granting credit becomes more comprehensive and prudent.

Business units and business risk units act as first line of defense (risk owner) in charge of managing and controlling credit risk in daily operations of the unit.

Loan analysis and approval process is conducted through several assessment processes of the applicant's credit risks, i.e. through internal rating system (for productive loans) and credit scoring on the iDEAS decision engine which has been integrated with Loan Origination System (for consumer loans and productive retail loans up to Rp5 billion), followed by the related risk mitigation strategy. The results of the credit analysis and risk assessment process will be forwarded to the Credit Committee for approval.

49. RISIKO KREDIT (lanjutan)

Kredit yang bermasalah dikelola oleh Divisi *Corporate Remedial & Recovery* untuk segmen Korporasi, Divisi *Enterprise & Commercial Remedial & Recovery* untuk segmen *Enterprise*, Komersial dan Ritel produktif serta Divisi *Retail Collection & Recovery* untuk segmen Konsumer dan Program, agar penyelamatan/penyelesaian kredit dapat dilakukan secara lebih baik dan memampukan Unit Bisnis untuk dapat fokus pada pengelolaan debitur lancar dan melakukan ekspansi kredit.

Untuk menjaga agar portofolio Bank tidak terkonsentrasi pada debitur dan sektor ekonomi tertentu, maka telah ditetapkan pembatasan kredit sesuai *risk appetite*. Sedangkan untuk mengantisipasi pelampauan BMPK, BNI telah menetapkan limit BMPK yang disebut *house limit* dengan batas yang lebih *prudent* dibandingkan limit BMPK sesuai ketentuan regulator.

Untuk mengatur komposisi portofolio pinjaman BNI, setiap tahun sekali ditetapkan batas maksimum pinjaman (*Loan Exposure Limit*) yang bertujuan untuk mendiversifikasi portofolio pinjaman berdasarkan sektor industri dan sub-sektor industri untuk mengoptimalkan pendapatan dengan mempertimbangkan risiko di masing-masing sektor industri serta mengurangi risiko konsentrasi. Dalam penentuan konsentrasi tiap sektor industri yang optimal, Bank mengembangkan metode *Credit Portfolio Optimisation* (CPO) dengan memperhitungkan korelasi *risk-return* dari tiap sektor industri. Selanjutnya Bank memonitor status kelonggaran ekspansi pinjaman (*space available*) secara periodik berdasarkan *Loan Exposure Limit* (LEL).

Pengembangan manajemen risiko kredit dilakukan secara bertahap sesuai dengan kerangka kerja yang ditetapkan Otoritas Jasa Keuangan. Sejak 1 Januari 2023, BNI telah mengimplementasikan perhitungan ATMR Risiko Kredit dengan pendekatan Standar sesuai SEOJK No.24/SEOJK.03/2021 tentang Perhitungan Aset Tertimbang Menurut Risiko Untuk Risiko Kredit Dengan Menggunakan Pendekatan Standar Bagi Bank Umum (tidak diaudit).

Sebagai bagian dari pengukuran risiko kredit dan untuk mengantisipasi terjadinya perubahan faktor makro yang berpengaruh pada Bank, BNI secara berkala melakukan *stress testing* risiko kredit untuk menilai perubahan portofolio kredit dan pengaruhnya bagi Bank serta kemampuan Bank menghadapi kondisi tersebut.

***49. CREDIT RISK** (continued)*

Non-performing loan is managed by Corporate Remedial & Recovery Division for corporate segment, Enterprise & Commercial Remedial & Recovery Division for Enterprise, Commercial & productive Retail and Retail Collection & Recovery Division for Consumer and Program segment, to ensure better credit recovery and settlement, and to enable the Business Unit to focus on the management of performing debtors and loan expansion.

To prevent the Bank portfolio from being concentrated to certain debtors and economic sectors, credit restrictions have been set according to the risk appetite, while to anticipate exceeding the Legal Lending Limit, BNI has set limits on the Legal Lending Limit called House Limit with a more prudent limit than the limit of Maximum Credit Granting in accordance with the provisions of the regulator.

To manage the composition of BNI loan portfolio, the loan exposure limit is determined annually to diversify loan portfolio among different industry sectors and industry sub-sector in order to optimise return considering risk in each sector and to reduce concentration risk. In the determination of optimal concentration in industry sectors, the Bank has developed a method of Credit Portfolio Optimisation (CPO) by calculating the correlation of risk return from each industry sectors. Furthermore, the Bank monitors the status of the space available based on Loan Exposure Limit (LEL) periodically.

The development of credit risk management is conducted in stages, and in line with the framework set by Financial Service Authority. As of 1 January 2023, BNI has implemented the calculation of Credit Risk Weighted Assets using the standard approach according to SEOJK No.24/SEOJK.03/2021 concerning Calculation of Risk Weighted Assets for Credit Risk Using a Standard Approach for Commercial Banks (unaudited).

As part of the measurement of credit risk and to anticipate the occurrence of macro-factors changes affecting the Bank, BNI periodically performs stress testing of credit risk to assess changes in loan portfolio and its impact to the Bank and the Bank's ability to face such condition.

49. RISIKO KREDIT (lanjutan)

(i) Eksposur maksimum risiko kredit

Eksposur risiko kredit terhadap aset-bersih sesudah cadangan kerugian penurunan nilai pada laporan posisi keuangan konsolidasian pada tanggal-tanggal 31 Desember 2025 dan 2024 adalah sebagai berikut:

***49. CREDIT RISK** (continued)*

(i) Maximum exposure of the credit risk

Credit risk exposures relating to the assets-net of allowance for impairment losses on the consolidated statement of financial position as of 31 December 2025 and 2024 are as follows:

Keterangan	Eksposur maksimum/ *Maximum exposure* 2025	2024	*Description*
Giro pada Bank Indonesia	79,989,122	51,669,054	*Current accounts with Bank Indonesia*
Giro pada bank lain	25,938,086	22,074,173	*Current accounts with other banks*
Penempatan pada bank lain dan Bank Indonesia	33,779,915	17,075,441	*Placements with other banks and Bank Indonesia*
Efek-efek			*Marketable securities*
- Nilai wajar melalui laporan laba rugi	31,800,444	23,959,614	*Fair value through profit or loss -*

- Nilai wajar melalui laba rugi	5,594,298	3,957,073	*Fair value through profit or loss -*
- Nilai wajar melalui penghasilan komprehensif lain	123,033,402	90,900,188	*Fair value through other - comprehensive income*
- Biaya perolehan diamortisasi	34,878,671	37,207,067	*Amortised cost -*
Aset lain-lain - bersih*)	14,085,344	9,165,973	*Other assets - net*)*
	1,283,790,700	**1,054,904,935**	

*) Aset lain-lain - bersih terdiri dari piutang bunga, piutang terkait transaksi ATM dan kartu kredit, piutang lain-lain dan piutang nasabah - Entitas Anak.

*) *Other assets - net consist of interest receivables, receivables from transactions related to ATM and credit card, other receivables and receivables from customers - Subsidiary.*

Eksposur risiko kredit terhadap rekening administratif konsolidasian pada tanggal-tanggal 31 Desember 2025 dan 2024 adalah sebagai berikut:

Credit risk exposures relating to consolidated administrative accounts items as of 31 December 2025 and 2024 are as follows:

Keterangan	Eksposur maksimum/ *Maximum exposure* 2025	2024	*Description*
Fasilitas kredit kepada debitur yang belum digunakan	93,616,400	57,552,807	*Unused loan facilities*
Irrevocable letters of credit yang masih berjalan	11,086,951	9,952,660	*Outstanding irrevocable letters of credit*
Garansi yang diterbitkan	106,625,964	73,450,980	*Guarantees issued*
	211,329,315	**140,956,447**	

49. RISIKO KREDIT (lanjutan)

(i) Eksposur maksimum risiko kredit (lanjutan)

Tabel di atas menggambarkan eksposur maksimum atas risiko kredit bagi Grup pada tanggal 31 Desember 2025 dan 2024. Untuk aset pada laporan posisi keuangan konsolidasian, eksposur di atas ditentukan berdasarkan nilai tercatat bersih seperti yang diungkapkan pada laporan posisi keuangan konsolidasian.

Pada tanggal 31 Desember 2025 dan 2024, masing-masing sebesar 67,27% dan 69,88% adalah jumlah eksposur risiko kredit maksimum terhadap aset pada laporan posisi keuangan konsolidasian yang berasal dari pinjaman yang diberikan.

Manajemen yakin akan kemampuan Bank untuk mengendalikan dan memelihara eksposur risiko kredit yang berasal dari kredit yang diberikan, berdasarkan hal-hal sebagai berikut:

- Proses peningkatan pengelolaan kredit secara berkelanjutan melalui penyempurnaan *end to end credit process*, pengembangan produk, penyempurnaan organisasi perkreditan, peningkatan kemampuan SDM di bidang perkreditan dan pengembangan perangkat kredit berbasis teknologi.
- BNI telah memiliki pedoman tertulis mengenai kebijakan dan proses kredit yang mencakup seluruh aspek pemberian kredit yang dilakukan. Setiap pemberian kredit harus senantiasa mengacu pada kebijakan tersebut.
- BNI telah menetapkan *risk appetite* dan *risk tolerance* yang selaras dengan sasaran strategis Bank, yang digunakan sebagai acuan tingkat risiko yang akan diambil Bank dalam pencapaian sasaran bisnis.
- BNI telah melakukan *stress test* risiko kredit untuk menilai kemampuan Bank bertahan dalam kondisi tidak normal serta sebagai alat untuk pengambilan keputusan Bank.
- BNI telah memiliki sistem deteksi dini permasalahan melalui "*early warning system*" dan pemantauan yang disiplin.
- Seluruh kredit diberikan dengan agunan kecuali untuk jenis kredit tertentu seperti kartu kredit, *personal loans* dan fasilitas antar bank.

***49. CREDIT RISK** (continued)*

(i) Maximum exposure of the credit risk (continued)

The table above represents credit risk exposures of the Group as of 31 December 2025 and 2024. For assets on the consolidated statement of financial position, the exposures set out above are based on net carrying value as reported in the consolidated statement of financial position.

As of 31 December 2025 and 2024, the total maximum credit risk exposure toward asset in the consolidated statement of financial position from loans is 67.27% and 69.88%, respectively.

Management is confident in its ability to control and sustain exposure of credit risk to the Bank resulting from its loans based on the following:

- *The process of improving credit management in a sustainable manner by improving end to end credit process, product development, credit organization improvement, credit capability improvement of human resources and development of technology based for credit application.*
- *BNI has documented credit policies and manual procedures that cover all aspects of the Bank's lending activities. Each loan transaction must adhere to the requirements of the Bank's policy.*
- *BNI has set risk appetite and risk tolerance in accordance with the Bank's strategic objectives, which are used as a reference level of risk to be taken by the Bank in achieving business goals.*
- *BNI has performed stress test on credit risk to assess the ability of the Bank to stay in the abnormal condition and as an instrument for decision making for the Bank.*
- *BNI has an early problem detection system through "early warning system" and disciplined monitoring.*
- *All loans are secured by collaterals, except for certain loans such as credit cards, personal loans and interbank loans.*

49. RISIKO KREDIT (lanjutan)

(ii) Analisa eksposur maksimum terhadap risiko kredit setelah memperhitungkan dampak agunan dan mitigasi risiko kredit lainnya

BNI menentukan struktur kredit termasuk penentuan *covenant* yang tepat sesuai kebutuhan dan kondisi debitur, sehingga kredit yang diberikan benar-benar efektif dan menguntungkan bagi debitur maupun Bank. Jenis agunan yang yang dimiliki oleh Bank adalah kas, deposito, agunan yang diikat dengan hipotek dan hak tanggungan, garansi/ penjaminan pihak ketiga (termasuk penjaminan kredit oleh perusahaan asuransi) serta jaminan dalam bentuk aset lainnya. Perkiraan nilai wajar dari agunan yang digunakan oleh Bank didasarkan pada nilai agunan yang dinilai oleh penilai internal maupun eksternal.

Ketentuan *coverage* atau kecukupan agunan untuk tiap segmen ditentukan sebagai berikut: (tidak diaudit)

***49. CREDIT RISK** (continued)*

(ii) Analysis of maximum exposure to credit risk after taking into account the impact of collateral and other credit risk mitigation

BNI sets loan structure for every debtor through appropriate covenants that aligns with debtor needs and condition. This is to ensure the debtor uses the loan according to its original purpose so that the Bank and the debtor's interests are fulfilled. Collateral types held by the Bank are cash, deposits, registered mortgages, guarantees and other registered securities over assets. Estimates of fair value of collaterals held by the Bank is based on the value of collaterals assessed internally or externally by the independent appraisers.

The collateral coverage criteria for each segment is divided as follows: (unaudited)

Segmen/*Segment*	Jenis Agunan/*Collateral*	Jumlah *Coverage* Minimal / *Minimum Coverage Amount*
Korporasi/ *Wholesale*	Aset tetap/*Fixed Asset*	100% dari limit kredit/*from credit limit*
	Kas/*Cash*	
	Standby letter of credit ("SBLC")	
	Tanah dan Bangunan/*Land and Building*	
	Piutang/*Receivable*	
	Kendaraan/*Vehicle*	
	Agunan lain yang diterima oleh Bank/*Other collaterals held by the Bank*	
Menengah/ *Middle*	Aset tetap/*Fixed Asset*	125% dari limit kredit/*from credit limit*
	Kas/*Cash*	
	SBLC	
	Tanah dan Bangunan/*Land and Building*	
	Piutang/*Receivable*	
	Kendaraan/*Vehicle*	
	Agunan lain yang diterima oleh Bank/*Other collaterals held by the Bank*	
Kecil/*Retail*	Aset tetap/*Fixed Asset*	110% dari limit kredit/*from credit limit*
	Kas/*Cash*	
	SBLC	

Nilai tercatat dari aset keuangan bank selain kredit yang diberikan dan efek-efek yang dibeli dengan janji dijual kembali pada umumnya menggambarkan eksposur maksimum atas risiko kredit.

The carrying amounts of financial assets other than bank loans and securities purchased under agreements to resell is generally equal to the maximum exposure of credit risk.

49. RISIKO KREDIT (lanjutan)

(ii) Analisa eksposur maksimum terhadap risiko kredit setelah memperhitungkan dampak agunan dan mitigasi risiko kredit lainnya (lanjutan)

Tabel di bawah ini menunjukkan eksposur maksimum bersih atas risiko kredit untuk efek-efek yang dibeli dengan janji dijual kembali pada tanggal-tanggal 31 Desember 2025 dan 2024:

***49. CREDIT RISK** (continued)*

(ii) Analysis of maximum exposure to credit risk after taking into account the impact of collateral and other credit risk mitigation. (continued)

The table below shows the net maximum exposure to credit risk on securities purchased under agreements to resell on 31 December 2025 and 2024:

Keterangan	2025 Eksposur maksimum/ *Maximum exposure*	Agunan/ *Collateral*	Eksposur Bersih/ *Net Exposure*	*Description*
Efek-efek yang dibeli dengan janji dijual kembali	6,910,606	7,121,131	(210,525)	*Securities purchased under agreements to resell*

Keterangan	2024 Eksposur maksimum/ *Maximum exposure*	Agunan/ *Collateral*	Eksposur Neto/ *Net Exposure*	*Description*
Efek-efek yang dibeli dengan janji dijual kembali	7,971,923	8,226,650	(254,727)	*Securities purchased under agreements to resell*

Pengelompokkan kualitas kredit atas aset keuangan berdasarkan kebijakan internal Grup adalah sebagai berikut:

- **Grup 1**: Debitur baru (kurang dari 6 bulan).
- **Grup 2**: Nasabah lama yang tidak memiliki historis pernah menunggak dalam 3 tahun terakhir.
- **Grup 3**: Nasabah lama yang memiliki historis pernah menunggak (dibawah 90 hari) dalam 3 tahun terakhir.
- **Grup 4**: Nasabah lama yang memiliki historis pernah menunggak diatas 90 hari dalam 3 tahun terakhir.
- **Grup 5**: Nasabah lama yang pinjamannya pernah/telah direstrukturisasi.

The credit quality classifications of financial assets based on the Group's internal policies are as follows:

- ***Group 1**: New customers (less than 6 months).*
- ***Group 2**: Existing customers with no history of overdue for the past 3 years.*
- ***Group 3**: Existing customers with history of overdue below 90 days in the past 3 years.*
- ***Group 4**: Existing customers with history of default more than 90 days in the past 3 years.*
- ***Group 5**: Existing customers with loans that was/has been restructured.*

50. RISIKO LIKUIDITAS

Risiko likuiditas di BNI mencakup potensi ketidakmampuan Bank memenuhi kewajiban jangka pendek baik kepada deposan, investor, kreditur, maupun pemenuhan Giro Wajib Minimum yang dapat dipicu oleh keterbatasan akses pendanaan atau hambatan likuidasi aset pada harga wajar.

Tata kelola risiko likuiditas di BNI dijalankan oleh Divisi *Enterprise Risk Management* (ERM), Divisi *Treasury* (TRS), dan Kantor Luar Negeri, dengan pemisahan tugas dan tanggung jawab yang jelas. Dalam pelaksanaannya, Divisi ERM menyusun kebijakan dan prosedur sebagai panduan pengelolaan risiko likuiditas, sementara Divisi TRS dan Kantor Luar Negeri mengeksekusi strategi likuiditas, termasuk pengelolaan arus kas dan penempatan *buffer* likuid. Sebagai *second line role*, Divisi ERM melakukan pemantauan berkala terhadap pelaksanaan manajemen likuiditas, terutama kepatuhan limit dan sinyal peringatan dini, untuk memastikan kondisi likuiditas tetap terukur dan terkendali.

Divisi ERM menyusun Kebijakan Risiko Likuiditas berupa Pedoman Penerapan Manajemen Risiko Likuiditas, yang lebih lanjut dijabarkan ke dalam Prosedur Manajemen Risiko Likuiditas yang berisi panduan pelaksanaan manajemen risiko likuiditas, antara lain berupa:

a. Ketersediaan Alat Likuid: Kas, GWM, Cadangan Likuiditas, *Early Warning Signal* (EWS) untuk Likuiditas, *Liquidity Contingency Plan Head Office* atau Kantor Luar Negeri;
b. Pengukuran Risiko Likuiditas: Rasio Likuiditas, Proyeksi Arus Kas, Profil Maturitas, Rasio Kecukupan Likuiditas dan *stress testing;*
c. Pemantauan Risiko Likuiditas;
d. Pengendalian Risiko Likuiditas; dan
e. Penetapan Limit Likuiditas: Pagu Kas *bank wide* dan wilayah (Rupiah dan Mata Uang Asing), *safety level*, limit profil maturitas. Pembatasan Kredit mata uang asing berdasarkan ketersediaan likuiditas mata uang asing.

Divisi ERM juga menyusun *risk appetite* dan *risk tolerance* risiko likuiditas yang selaras dengan sasaran strategis Bank, yang digunakan sebagai acuan tingkat risiko yang akan diambil Bank dalam pencapaian sasaran bisnis.

Dalam pengelolaan likuiditas, Bank mengelola kas dan Giro Wajib Minimum sebagai *primary reserve*, cadangan likuiditas sebagai *secondary reserve*, serta *buffer* tambahan sebagai *tertiary reserve* untuk memperkuat ketahanan Bank dalam berbagai kondisi pasar.

50. LIQUIDITY RISK

Liquidity risk in BNI relates to the possibility that the Bank will be unable to meet short-term obligations to depositors, investors and creditors, as well as fulfill Statutory Reserve Requirements due to, among others, limited access to financing or the inability to liquidate assets at reasonable prices.

Liquidity risk governance at BNI is implemented by Enterprise Risk Management (ERM) Division, Treasury (TRS) Division, and Overseas Branches through a clear segregation of roles. ERM Division is responsible for policy and procedural frameworks, while TRS Division and Overseas Branches execute liquidity strategies. As the second line role, ERM Division performs periodic monitoring to ensure compliance with limits and early warning indicators, thereby maintaining liquidity within a controlled range.

ERM Division prepares Liquidity Risk Policy Guidelines in Liquidity Risk Management Implementation Guidelines, which is further elaborated into the Liquidity Risk Management Procedures which contains guidelines for liquidity risk management practices, which include:

a. Availability Liquidity Tools: Cash, Statutory Reserve Requirement, Liquidity Buffer, Early Warning Signal (EWS) for Liquidity, Liquidity Contingency Plan Head Office or Overseas Branches;
b. Measurement of Liquidity Risk: Liquidity Ratio, Cash Flow Projection, Maturity Profile, Liquidity Adequacy Ratio and stress testing;
c. Liquidity Risk Monitoring;
d. Liquidity Risk Management; and
e. Determination of Liquidity Limit: Cash Ceiling bank wide and regional (Rupiah and Foreign Currencies), safety level, maturity profile limit. Credit in foreign currencies Limit based on the availability of liquidity for foreign currencies.

ERM Division also prepares risk appetite and risk tolerance for liquidity risk in accordance with the Bank's strategic objectives, which are used as a reference level of risk to be taken by the Bank in achieving business goals.

In managing liquidity, the Bank maintains cash and statutory reserve requirement as primary reserve, liquidity buffer as secondary reserve, and additional buffers as tertiary reserve to strengthen the Bank's resilience under various market conditions.

50. RISIKO LIKUIDITAS (lanjutan)

Penetapan dan pemantauan limit, yaitu limit Pagu Kas, limit *safety level*, limit profil maturitas, dan pembatasan kredit valas berdasarkan ketersediaan likuiditas valas dilakukan secara berkala oleh Divisi ERM, sedangkan ketersediaan atas keseluruhan *reserve* dipantau secara harian, mingguan, dan bulanan oleh Divisi TRS dan Divisi ERM.

Tabel di bawah ini menunjukkan sisa jatuh tempo kontraktual dari liabilitas keuangan berdasarkan *undiscounted cash flows.*

50. LIQUIDITY RISK (continued)

The setting and monitoring of limits, i.e. cash limit, safety level limit, maturity profile limit and credit limitation for foreign currencies based on the availability of liquidity for foreign currencies is conducted periodically by the ERM Division. While the availability of the whole reserve is monitored daily, weekly, and monthly by the TRS Division and the ERM Division.

The table below shows the remaining contractual maturities of the financial liabilities based on undiscounted cash flows.

Dalam rangka meningkatkan ketahanan likuiditas, Bank menerapkan perhitungan rasio kecukupan likuiditas yaitu *Liquidity Coverage Ratio* (LCR) dan *Net Stable Funding Ratio* (NSFR) dan mengelola rasio Kecukupan Likuiditas tersebut sesuai ketentuan regulator, baik secara individu (Entitas Induk) maupun konsolidasi dengan Entitas Anak (tidak diaudit).

In order to strengthen liquidity resilience, the Bank applies the calculation of liquidity adequacy ratios, namely the Liquidity Coverage Ratio (LCR) and the Net Stable Funding Ratio (NSFR), and manages these liquidity adequacy ratios in accordance with regulatory requirements, both on an individual basis (Parent Entity) and on a consolidated basis with Subsidiaries (unaudited).

LCR bertujuan untuk meningkatkan ketahanan likuiditas jangka pendek dengan memelihara *High Quality Liquid Assets* (HQLA) yang memadai untuk memenuhi kebutuhan likuiditas Bank selama periode 30 hari ke depan dalam kondisi *stress,* sedangkan NSFR bertujuan untuk mengurangi risiko likuiditas terkait sumber pendanaan untuk jangka waktu yang lebih panjang dengan mensyaratkan Bank mendanai aktivitas dengan sumber dana stabil yang memadai dalam rangka memitigasi risiko kesulitan pendanaan pada masa depan.

LCR aims to improve the Bank's short-term liquidity resilience by maintaining High Quality Liquid Assets (HQLA) to meet liquidity needs over the next 30 days under stress conditions, while NSFR aims to reduce liquidity risk related to longer term funding sources requiring Bank to fund activities with sufficient stable funding sources in order to mitigate future financial hardship risks.

Laporan rasio Kecukupan Likuiditas Bank tersebut dilaporkan secara bulanan dan triwulanan kepada Otoritas Jasa Keuangan (OJK) (tidak diaudit).

The Bank's Liquidity Adequacy Ratio are reported monthly and quarterly to the Otoritas Jasa Keuangan (OJK) (unaudited).

51. RISIKO PASAR / *51. MARKET RISK*

Risiko pasar di BNI bersumber dari posisi neraca, rekening administratif, dan transaksi derivatif, termasuk risiko perubahan harga opsi. BNI terekspos risiko pasar pada aktivitas *trading book* maupun *banking book*. Bank secara individual terekspos risiko pasar yang bersumber dari pergerakan suku bunga dan nilai tukar. Sementara, Bank secara konsolidasian selain dari pergerakan suku bunga dan nilai tukar juga bersumber dari pergerakan ekuitas (saham) dan komoditas.

Market risk at the BNI arises from balance sheet positions, off-balance-sheet accounts, and derivative transactions, including the risk of changes in option prices. The Bank is exposed to market risk in both trading book and banking book activities. On a standalone basis, the Bank is exposed to market risk arising from movements in interest rates and foreign exchange rates. Meanwhile, on a consolidated basis, the Bank is also exposed to market risk arising from movements in equity prices and commodity prices.

51. RISIKO PASAR (lanjutan)

Dalam pengelolaan risiko pasar, Bank menerapkan pemisahan fungsi treasuri ke dalam *front office*, *middle office*, dan *back office* untuk memastikan proses berjalan independen dan saling mengontrol. *Front office* menjalankan aktivitas transaksi dan pencapaian target bisnis, sekaligus bertindak sebagai *risk owner* pada lini pertama dengan kewajiban menjaga eksposur dalam *risk appetite* dan limit yang ditetapkan. *Middle office* melakukan pemantauan dan pengendalian risiko secara independen, termasuk pemeriksaan kewajaran harga, kepatuhan penggunaan limit, dan deteksi indikasi transaksi *off-market,* sedangkan *back office* bertanggung jawab atas konfirmasi, pembukuan, dan *settlement* transaksi untuk menjaga kepastian dan integritas eksekusi.

Dari sisi *second line*, Divisi ERM melakukan pemantauan terhadap efektivitas kerangka, metodologi dan kontrol risiko pasar. Dalam pelaksanaanya, Divisi ERM melakukan pemantauan risiko pasar dan kepatuhan atas limit risiko baik limit risiko pasar, limit kewenangan maupun limit *counterpart*, melakukan validasi terhadap *fixing price*, memeriksa kewajaran harga atas transaksi treasuri dan investigasi terjadinya *off market* dan melakuan reviu penggunaan limit. Pengawasan Direksi atas risiko pasar dilakukan melalui forum rapat di tingkat Direksi, seperti pada Komite Manjamen Risiko dan *Anti Fraud* (KRA-RMC), untuk memastikan arah bisnis treasuri tetap *prudent*, terdiversifikasi, dan berkelanjutan, selaras dengan ketahanan modal dan strategi pertumbuhan Bank.

Untuk mendukung pertumbuhan bisnis yang dan prudent, Bank telah memiliki Pedoman Perusahaan (PP) Risiko Pasar yang mengatur tata laksana, metodologi, model pengukuran, dan kontrol risiko pasar, termasuk untuk aktivitas tresuri dan bisnis internasional. Pedoman ini menjadi acuan operasional bagi unit bisnis dalam menjaga eksposur agar tetap terukur dan dalam batas selera risiko Bank.

Pengukuran risiko pasar di BNI dilakukan secara berkala terhadap portofolio *trading book* dan *banking book* yang terekspos risiko pasar. Untuk pemenuhan Kewajiban Penyediaan Modal Minimum (KPMM) Risiko Pasar, BNI menggunakan pendekatan standar sesuai ketentuan regulator, yang mencakup pengukuran risiko suku bunga dan nilai tukar. Sementara untuk pengelolaan risiko pasar harian, Bank menggunakan *Value at Risk* (VaR) sebagai alat ukur potensi kerugian maksimum dalam kondisi pasar yang normal, dilengkapi pengukuran sensitivitas DV01 (per 1 bps) pada portofolio surat berharga, serta *delta* untuk transaksi opsi.

***51. MARKET RISK** (continued)*

In managing market risk, the Bank applies a segregation of treasury functions into front office, middle office, and back office to ensure independent processes and effective checks and balances. The front office conducts transaction activities and pursues business targets, while also acting as the risk owner at the first line of defense, with responsibility for maintaining exposures within the approved risk appetite and limits. The middle office independently monitors and controls risks, including the assessment of price reasonableness, compliance with limit utilization, and the detection of indications of off-market transactions. The back office is responsible for transaction confirmation, booking, and settlement to ensure the certainty and integrity of transaction execution.

From the second line of defense, the ERM Division monitors the effectiveness of the market risk framework, methodologies and controls. In carrying out its role, ERM Division monitors market risk exposures and compliance with risk limits, including market risk limits, authority limits, and counterparty limits; performs validation of fixing prices; assesses the reasonableness of prices on treasury transactions; investigates the occurrence of off-market transactions; and reviews limit utilization. The Board of Directors' oversight of market risk is exercised through Board-level forums, such as the Risk Management and Anti-Fraud Committee (KRA-RMC), to ensure that treasury business activities remain prudent, well-diversified, and sustainable, in line with the Bank's capital resilience and growth strategy.

To support prudent business growth, the Bank's has established a Market Risk Corporate Policy that governs governance arrangements, methodologies, measurement models, and market risk controls, including those related to treasury activities and international business. This policy serves as an operational reference for business units to ensure that exposures remain measurable and within the Bank's risk appetite.

Market risk measurement at the BNI is conducted on a regular basis for trading book and banking book portfolios that are exposed to market risk. For the purpose of meeting the Minimum Capital Adequacy Requirement (CAR) for market risk, the Bank applies the standardized approach in accordance with regulatory requirements, which covers the measurement of interest rate risk and foreign exchange risk. Meanwhile, for daily market risk management, BNI uses Value at Risk (VaR) as a tool to measure the maximum potential loss under normal market conditions, complemented by DV01 (per 1 basis point) sensitivity measurement for securities portfolios, as well as delta measurement for option transactions.

51. RISIKO PASAR (lanjutan)

Pengelolaan risiko suku bunga dalam *banking book* dilakukan melalui *Interest Rate Risk in The Banking Book* (IRRBB) yaitu risiko akibat pergerakan suku bunga di pasar yang berlawanan dengan posisi banking book, yang berpotensi memberikan dampak terhadap permodalan (*economic value perspective*) dan pendapatan Bank (*earning perspective*) baik untuk saat ini maupun pada masa mendatang.

Untuk mengetahui potensi dampak perubahan kondisi internal dan eksternal, pada Bank melakukan *scenario analysis* dan *stress testing* secara periodik dan insidentil. *Stress testing* secara periodik menggunakan skenario yang mengacu pada ketentuan regulator dan skenario internal Bank. Sedangkan skenario *stress testing* insidentil dan *scenario analysis* menyesuaikan kondisi faktor makro ekonomi dan faktor pasar pada saat itu. Hasil *stress testing* tersebut digunakan untuk menyiapkan *Contingency Plan* agar risiko yang terjadi dapat dimitigasi dan dikelola dengan baik.

Selanjutnya, pengendalian risiko pasar dilakukan dalam rangka mencegah terjadinya kerugian yang lebih dalam akibat Risiko Pasar melalui penetapan appetite risiko dan limit risiko pasar baik di Divisi TRS maupun Kantor Luar Negeri. Limit risiko pasar diantaranya:

1. Limit PDN,
2. Limit IRRBB (NII & EVE),
3. Limit *Value at Risk*,
4. Limit *Stress Value at Risk Limit* (SVaR *Limit*),
5. Limit *Budget Loss*,
6. *Management Action Trigger* (MAT),
7. Limit DV01,
8. Limit Delta Option,
9. Limit pembelian surat berharga
10. Limit *Nominal open position*,

Untuk mendukung keseluruhan proses pengelolaan risiko pasar tersebut, Bank telah mengembangkan perangkat pendukung serta sistem informasi manajemen risiko pasar secara menyeluruh sehingga risiko dapat terukur dan dimitigasi dengan baik.

***51. MARKET RISK** (continued)*

Interest rate risk management in the banking book is carried out through Interest Rate Risk in the Banking Book (IRRBB), which represents the risk arising from movements in market interest rates that are adverse to banking book positions and may have an impact on the Bank's capital (economic value perspective) and earnings (earnings perspective), both in the current period and in the future.

To assess the potential impact of changes in internal and external conditions, the Bank conducts scenario analysis and stress testing on a periodic and incidental basis. Periodic stress testing applies scenarios that refer to regulatory requirements as well as the Bank's internal scenarios. Meanwhile, incidental stress testing and scenario analysis are tailored to prevailing macroeconomic and market conditions at the time. The results of such stress testing are used to prepare Contingency Plan to ensure that emerging risks can be properly mitigated and managed.

Furthermore, market risk control is implemented to prevent more severe losses arising from market risk through the establishment of risk appetite and market risk limits, both at the TRS Division and Overseas Branches. Market risk limits include, among others:

1. *Net Open Position (NOP) limit;*
2. *IRRBB limits (NII and EVE);*
3. *Value at Risk (VaR) limit;*
4. *Stressed Value at Risk (SVaR) limit;*
5. *Budget Loss limit;*
6. *Management Action Trigger (MAT);*
7. *DV01 limit;*
8. *Option delta limit;*
9. *Securities purchase limit;*
10. *Nominal open position limit.*

To support the overall market risk management process, the Bank has developed comprehensive supporting tools and an integrated market risk management information system, enabling market risks to be properly measured and effectively mitigated.

51. RISIKO PASAR (lanjutan)

Sehubungan dengan penggunaan model internal yaitu *Value at Risk* (VaR) dalam pengukuran risiko pasar, Bank telah melakukan proses validasi melalui *backtesting* secara periodik untuk menilai akurasi pengukuran VaR yang digunakan. Metode yang digunakan Bank dalam menghitung VaR adalah *historical simulation* yaitu yang metode tidak membutuhkan asumsi bahwa pergerakan faktor pasar terdistribusi normal. Bank menghitung VaR berdasarkan 250 hari data faktor pasar historis pada tingkat keyakinan 99%.

Tabel di bawah ini menunjukkan VaR agregat pada portofolio *trading book* dan *banking book* milik Bank: (tidak diaudit)

***51. MARKET RISK** (continued)*

With regard to the use of an internal model, that is Value at Risk (VaR) in measuring market risk, the Bank conducts periodic validation through backtesting to assess the accuracy of the VaR measurement applied. The VaR methodology used by the Bank is historical simulation, which does not require the assumption that market factor movements are normally distributed. The Bank calculates VaR based on 250 days of historical market factor data at a 99% confidence level.

The table below presents the aggregate VaR on the Bank's trading book and banking book portfolio: (unaudited)

	2025			
	Risiko mata uang asing/ *Foreign exchange risk*	Risiko nilai wajar suku bunga/ *Fair value interest rate risk*

(i) Risiko tingkat suku bunga

Risiko tingkat suku bunga timbul pada instrumen keuangan yang mempunyai kemungkinan kerugian akibat perubahan tingkat suku bunga yang akan berdampak pada arus kas masa depan atau nilai wajar instrumen keuangan.

Komite Manajemen Risiko dan *Anti Fraud* Sub Komite Manajemen Risiko (KRA-RMC) BNI, bertanggung jawab untuk menetapkan, melaksanakan serta menjaga kebijakan pengelolaan risiko tingkat suku bunga sesuai dengan pedoman umum BNI. Tujuan utama Komite Manajemen Risiko dan *Anti Fraud* Sub Komite Manajemen Risiko (KRA-RMC) BNI adalah memaksimalkan hasil usaha BNI dengan tetap memperhatikan limit risiko yang ditetapkan.

(i) Interest rate risk

Interest rate risks arise from financial instruments which have the loss possibilities from changes in interest rates that will affect future cash flows or fair value of the financial instruments.

BNI's Risk Management and Anti Fraud Committee sub Committee Risk Management (KRA-RMC) held responsible for determining, executing and overseeing the interest rate risk management policy in accordance with the overall guidelines of BNI. The main objective of the Risk Management and Anti Fraud Committee sub Committee Risk Management (KRA-RMC) is to maximise BNI's returns within the predetermined risk limits.

51. RISIKO PASAR (lanjutan)

(i) Risiko tingkat suku bunga (lanjutan)

51. RISIKO PASAR (lanjutan)

(i) Risiko tingkat suku bunga (lanjutan)

Tabel berikut menunjukkan sensitivitas terhadap kemungkinan perubahan suku bunga dalam Rupiah yang wajar, dengan semua variabel lainnya tetap konstan, dalam laporan laba rugi Bank. Sensitivitas laporan laba rugi adalah dampak dari perubahan asumsi suku bunga pada laporan laba rugi pada tahun tersebut. Sensitivitas total laba atau rugi didasarkan pada asumsi bahwa ada pergeseran paralel kurva hasil.

***51. MARKET RISK** (continued)*

***(i) Interest rate risk** (continued)*

The following tables demonstrate the sensitivity to a reasonable possible change in Rp, interest rates, with all other variables held constant, in the Bank's profit or loss. The sensitivity of profit or loss is the effect of the changes in interest rates assumptions on the profit or loss for the year. The total sensitivity of profit or loss is based on the assumption that there are parallel shifts in the yield curve.

2025

Perubahan persentase/ *Percentage change*	**Pengaruh terhadap laporan laba rugi/ *Impact to profit or loss***
±25 bps	± 490,605
±50 bps	± 981,209

2024

Perubahan persentase/ *Percentage change*	**Pengaruh terhadap laporan laba rugi/ *Impact to profit or loss***
±25 bps	±320,582
±50 bps	±641,164

BNI memiliki eksposur terhadap risiko tingkat suku bunga dalam mata uang Dolar Singapura, Dolar Amerika Serikat, Euro dan lainnya. BNI telah melakukan penilaian atas dampak dari risiko tingkat suku bunga tersebut dan hasilnya tidak signifikan.

BNI has exposure to interest rate risks in Singapore Dollar, United States Dollar, Euro and others. BNI assessed that the impact of those interest rate risks is not significant.

(ii) Risiko mata uang

Risiko valuta asing timbul sebagai akibat adanya aset dan liabilitas keuangan dalam valuta asing dan rekening administratif konsolidasian baik pada sisi aset konsolidasian maupun liabilitas konsolidasian. Posisi valuta asing BNI dapat dikelompokkan dalam dua aktivitas yaitu: *trading book*, yang dilakukan dalam rangka memperoleh keuntungan transaksi valuta asing, dan *banking book*, yang dilakukan dalam rangka mengendalikan Posisi Devisa Neto BNI secara keseluruhan.

BNI memiliki kebijakan untuk menjaga eksposur mata uang asing dalam batas yang wajar dan berdasarkan peraturan yang berlaku. Manajemen berkeyakinan bahwa saat ini eksposur mata uang asing atas aset dan liabilitas masih dalam batas yang konservatif.

(ii) Currency risk

Foreign currency risks arise from the consolidated financial assets and liabilities and administrative accounts in foreign currency positions, both on the consolidated assets and liabilities. BNI's foreign currency position is divided into two activities: the trading book, which is prepared to generate profit from the exchange rate, and the banking book, which is prepared to control BNI's overall Net Open Position.

BNI's policy is to maintain foreign currency exposure within acceptable limits and within existing regulatory guidelines. The Management believes that its current profile of foreign currency exposure on its assets and liabilities is within conservative limits.

Informasi tambahan risiko pasar yang merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia diungkapkan pada Catatan 61m.

The following additional information market risk that is required by regulations and/or additional disclosure prepared by the Group, and is not required by Indonesian Accounting Standards is disclosed in Note 61m.

52. RISIKO OPERASIONAL

Informasi tambahan risiko operasional yang merupakan informasi disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia diungkapkan pada Catatan 61n.

52. OPERATIONAL RISK

The following additional information operational risk that is required by regulations and/or additional disclosure prepared by the Group, and is not required by Indonesian Accounting Standards is disclosed in Note 61n.

53. NILAI WAJAR ASET DAN LIABILITAS KEUANGAN

Tabel di bawah ini menyajikan perbandingan antara nilai tercatat dan nilai wajar dari semua aset dan liabilitas keuangan disajikan per kategori dari instrumen keuangan. Nilai wajar yang diungkapkan adalah berdasarkan informasi relevan yang tersedia pada tanggal-tanggal 31 Desember 2025 dan 2024, dan tidak diperbaharui untuk mencerminkan perubahan dalam kondisi pasar yang telah terjadi setelah tanggal ini.

53. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

The table below summarises the comparison between the carrying amounts and fair values of all financial assets and liabilities presented per category of financial instruments. The fair values disclosed are based on relevant information available as of 31 December 2025 and 2024, and not updated to reflect changes in market conditions which have occurred after this date.

	2025		2024

*) Aset lain-lain - bersih terdiri dari piutang bunga, piutang terkait transaksi ATM dan kartu kredit, piutang lain-lain dan piutang dari nasabah - Entitas Anak.

**) Liabilitas lain-lain terdiri dari utang ke pemegang polis, setoran jaminan, rekening dalam penyelesaian, utang reasuransi dan komisi, serta utang nasabah - Entitas Anak.

*) *Other assets - net consist of interest receivables, receivables from transactions related to ATM and credit card, other receivables and receivables from customers - Subsidiary.*

**) *Other liabilities consist of obligation to policyholders, guarantee deposits, unsettled account, reinsurance payable and commission, and payable to customers - Subsidiary.*

Bank menggunakan hirarki berikut untuk menentukan dan mengungkapkan nilai wajar dari instrumen keuangan:

(i) Tingkat 1: Harga dikutip (tidak disesuaikan) dari pasar yang aktif untuk aset atau liabilitas keuangan yang identik;
(ii) Tingkat 2: *Input* selain harga yang dikutip dari pasar yang disertakan pada Tingkat 1 yang dapat diobservasi untuk aset dan liabilitas keuangan, baik secara langsung (yaitu sebagai sebuah harga) atau secara tidak langsung (yaitu sebagai turunan dari harga);
(iii) Tingkat 3: *Input* untuk aset atau liabilitas keuangan yang tidak didasarkan pada data pasar yang dapat diobservasi (informasi yang tidak dapat diobservasi).

The Bank adopts the following hierarchy for determining and disclosing the fair value of financial instruments:

(i) Level 1: Quoted prices in active market for the same/identical financial asset or liability;

(ii) Level 2: Inputs other than quoted market prices included in Level 1 that are observable for the financial asset or liability, either directly (as a price) or indirectly (as derived from price);

(iii) Level 3: Inputs for the financial assets or liability that are not based on observable market data (unobservable information).

53. NILAI WAJAR ASET DAN LIABILITAS KEUANGAN (lanjutan)

53. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES (continued)

Tabel di bawah ini menunjukkan instrumen keuangan yang diukur pada nilai wajar yang dikelompokkan berdasarkan hirarki nilai wajar:

The table below shows the financial instruments measured at fair value grouped according to the fair value hierarchy:

	2025

53. NILAI WAJAR ASET DAN LIABILITAS KEUANGAN (lanjutan)

Teknik penilaian dan *input* signifikan atas nilai wajar tingkat 3 untuk beberapa penyertaan saham pada tanggal 31 Desember 2025 dan 2024 adalah sebagai berikut:

53. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES *(continued)*

Valuation technique and significant input for fair value of level 3 for investments as 31 December 2025 and 2024 are as follows:

Akun	Teknik Penilaian/ *Valuation Technique*	*Input* Signifikan/*Significant Input*	2025 %	2024 %	*Account*
Nilai wajar melalui laba rugi penghasilan komprehensif lain					***Fair value through comprehensive income***
PT Penyelesaian Transaksi Elektronik Nasional (PTEN)	Arus Kas yang Didiskontokan/ *Discounted cashflow*	Tingkat diskonto/*Discount rate*	11.32	16.05	*PT Penyelesaian Transaksi Elektronik Nasional (PTEN)*
		Tingkat bunga bebas risiko/*Risk-free rate*	5.01	6.89	
		Diskon Marketabilitas/*Discount for Lack of Marketability (DLOM)*	30.00	36.00	
		Diskon Minoritas/*Discount for Lack of Control (DLOC)*	30.00	35.00	
PT Fintek Karya Nusantara	- Arus Kas yang Didiskontokan/ *Discounted cashflow* (90%) - Metode Pembanding Perusahaan Tercatat di Bursa Efek (GCM)/ *Guideline Publicly Traded Company Method* (10%)	Tingkat diskonto/*Discount rate*	14.64	19.33	*PT Fintek Karya Nusantara*
		Tingkat pertumbuhan perpetuitas/*Perpetuity Growth*	4.00	3.00	
		Diskon Marketabilitas/*Discount for Lack of Marketability (DLOM)*	30.00	30.00	
		Diskon Minoritas/*Discount for Lack of Control (DLOC)*	20.00	30.00	

Tidak terdapat perpindahan antara tingkat 1 dan tingkat 2 hirarki nilai wajar.

Nilai wajar instrumen keuangan yang diperdagangkan dalam pasar aktif (contohnya surat berharga yang diukur dan tersedia untuk dijual), ditentukan dengan berdasarkan harga pasar yang dikutip pada tanggal pelaporan. Suatu pasar dianggap aktif apabila informasi mengenai harga kuotasian dapat diakses dengan mudah dan tersedia secara berkala dari suatu bursa, pedagang efek, broker, kelompok penilai harga pasar industri tertentu, regulator dan harga tersebut mencerminkan transaksi pasar yang aktual dan regular pada tingkat yang wajar. Harga pasar dikutip untuk aset keuangan yang dimiliki Grup adalah harga penawaran (*bid price*). Instrumen-instrumen tersebut digolongkan dalam Tingkat 1. Instrumen yang termasuk dalam Tingkat 1 umumnya meliputi investasi yang diklasifikasikan sebagai surat berharga yang diukur pada nilai wajar melalui laba rugi dan yang diukur pada nilai wajar melalui penghasilan komprehensif lain.

There is no transfer between level 1 and level 2 of the fair value hierarchy.

The fair value of financial instruments traded in an active market (i.e. measured and available-for-sale securities), is based on quoted market price at reporting date. A market is regarded as active if quoted prices are readily and regularly available from exchange, dealer or broker, industry group pricing service or regulatory agency, and those prices represent actual and regularly occurring market transaction on an arm's length basis. The quoted market price used for financial asset held by Group is bid price. These instruments are included in Level 1. Instruments included in Level 1 comprise primarily of securities classified as fair value through profit or loss and fair value through other comprehensive income.

53. NILAI WAJAR ASET DAN LIABILITAS KEUANGAN (lanjutan)

Nilai wajar instrumen keuangan yang tidak diperdagangkan di pasar aktif (contohnya derivatif *over-the-counter*) ditentukan dengan teknik penilaian. Teknik-teknik penilaian tersebut menggunakan data pasar yang dapat diobservasi dan sedapat mungkin meminimalisir penggunaan estimasi spesifik dari entitas. Apabila seluruh *input* yang dibutuhkan untuk menentukan nilai wajar instrumen keuangan dapat diobservasi, maka instrumen keuangan tersebut dikategorikan dalam Tingkat 2. Sebaliknya, jika salah satu atau lebih data tidak didasarkan pada data pasar yang dapat diobservasi, instrumen ini termasuk dalam Tingkat 3.

Teknik penilaian spesifik yang digunakan untuk melakukan penilaian pada instrumen keuangan, antara lain:

- Harga yang dikutip dari pasar atau pedagang efek instrumen serupa
- Nilai wajar dari *swap* tingkat suku bunga yang diperhitungkan sebagai nilai kini dari estimasi arus kas masa datang berdasarkan kurva imbal hasil yang dapat diobservasi
- Nilai wajar dari kontrak berjangka valuta asing yang ditentukan berdasarkan kurs berjangka pada tanggal pelaporan keuangan, dan
- Teknik-teknik lainnya, seperti analisis arus kas diskontoan yang digunakan untuk menentukan nilai wajar instrumen keuangan lainnya

(i) Giro pada Bank Indonesia, giro pada bank lain, penempatan pada bank lain dan Bank Indonesia, efek-efek, wesel ekspor dan tagihan lainnya, efek-efek yang dibeli dengan janji dijual kembali, penyertaan saham, tagihan akseptasi dan aset lain-lain:

Penempatan pada bank lain dan Bank Indonesia merupakan penanaman dana dalam bentuk Bank Indonesia *Deposit Facility*, *Term Deposit, Deposit Facility Syariah*, *call money*, penempatan "*fixed-term*", deposito berjangka dan lain-lain.

Estimasi nilai wajar penyertaan saham ditetapkan berdasarkan harga pasar atau harga kuotasi perantara (*broker*). Jika informasi ini tidak tersedia, nilai wajar diestimasi dengan menggunakan harga pasar kuotasian yang serupa atau dinilai dengan menggunakan metode penilaian.

Nilai tercatat dari kas dan setara kas, serta penempatan dengan suku bunga mengambang adalah perkiraan yang layak atas nilai wajar.

53. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES *(continued)*

The fair value of financial instruments that are not traded in an active market (i.e over-the-counter derivatives) is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity's specific estimates. If all significant inputs required for the fair value of an instrument are observable, the instrument is included in Level 2. Otherwise, if one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

Specific valuation techniques used to value financial instruments include:

- *Quoted market prices or dealer quotes for similar instruments*
- *Fair value of interest rate swap is calculated as the present value of estimated future cashflow based on observable yield curves*
- *Fair value of foreign exchange contracts is determined using forward exchange rates at reporting date, and*
- *Other techniques, such as discounted cash flow analysis, are used to determine fair value for other financial instruments*

(i) Current accounts with Bank Indonesia, current accounts with other banks, placements with other banks and Bank Indonesia, marketable securities, bills and other receivables, securities purchases under agreements to resell and other assets, equity investments, acceptance receivables and other assets:

Placements with other banks and Bank Indonesia represent placements in the form of Bank Indonesia Deposit Facility, Term Deposit, Sharia Deposit Facility, call money, "fixed-term" placements, time deposits and others.

The fair value for equity investment are based on the market prices or broker/dealer price quotations. When this information is not available, the fair value is estimated using quoted market prices for securities with similar characteristics or using valuation model.

The carrying amount of cash and cash equivalents, as well as placements with floating rates are a reasonable approximation of fair value.

53. NILAI WAJAR ASET DAN LIABILITAS KEUANGAN (lanjutan)

(i) Giro pada Bank Indonesia, giro pada bank lain, penempatan pada bank lain dan Bank Indonesia, efek-efek, wesel ekspor dan tagihan lainnya, efek-efek yang dibeli dengan janji dijual kembali, penyertaan saham, tagihan akseptasi dan aset lain-lain: (lanjutan)

Estimasi nilai wajar terhadap penempatan dengan suku bunga tetap, efek-efek, wesel ekspor dan tagihan lainnya, tagihan akseptasi dan aset lain-lain ditetapkan berdasarkan diskonto arus kas dengan menggunakan suku bunga pasar uang yang berlaku untuk utang dengan risiko kredit dan sisa jatuh tempo yang serupa. Karena sisa jatuh tempo di bawah satu tahun sehingga nilai tercatat dari penempatan dengan suku bunga tetap, wesel ekspor dan tagihan lainnya, efek-efek yang dibeli dengan janji untuk dijual kembali, tagihan akseptasi dan aset lain-lain adalah perkiraan yang layak atas nilai wajar.

(ii) Pinjaman yang diberikan

Portofolio kredit Bank secara umum terdiri dari pinjaman yang diberikan dengan suku bunga mengambang dan pinjaman yang diberikan jangka pendek dengan suku bunga tetap. Pinjaman yang diberikan dinyatakan berdasarkan *amortised cost*. Nilai wajar dari pinjaman yang diberikan menunjukkan nilai diskon dari perkiraan arus kas masa depan yang diharapkan akan diterima oleh Bank dengan menggunakan suku bunga pasar saat ini.

Nilai tercatat dari pinjaman yang diberikan dengan suku bunga mengambang dan nilai tercatat atas pinjaman jangka pendek dengan suku bunga tetap adalah perkiraan yang layak atas nilai wajar.

(iii) Liabilitas segera, simpanan nasabah dan simpanan dari bank lain, liabilitas akseptasi dan liabilitas lain-lain

Estimasi nilai wajar liabilitas segera, simpanan tanpa jatuh tempo, termasuk simpanan tanpa bunga adalah sebesar jumlah yang harus dibayarkan kembali sewaktu-waktu.

Estimasi nilai wajar terhadap simpanan dengan tingkat suku bunga tetap dan liabilitas akseptasi ditetapkan berdasarkan diskonto arus kas dengan menggunakan suku bunga utang baru dengan sisa jatuh tempo yang serupa. Karena sisa jatuh tempo dibawah satu tahun sehingga nilai tercatat dari simpanan dengan suku bunga tetap, liabilitas akseptasi dan liabilitas lain-lain adalah perkiraan yang layak atas nilai wajar.

53. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES *(continued)*

(i) Current accounts with Bank Indonesia, current accounts with other banks, placements with other banks and Bank Indonesia, marketable securities, bills and other receivables, securities purchases under agreements to resell and other assets, equity investments, acceptance receivables and other assets: (continued)

The estimated fair values of fixed interest bearing placements, marketable securities, bills and other receivables, acceptance receivables and other assets were based on discounted cash flows using prevailing money market interest rates for debts with similar credit risk and remaining maturity. Since the maturity is less than one year, the carrying amounts of fixed rate placements, bills and other receivables, securities purchased under agreements to resell, acceptance receivables and other assets were a reasonable approximation of their fair value.

(ii) Loans

Generally, the Bank's portfolio consists of loans with floating interest rate and short-term loans with fixed interest rate. Loans are stated at amortised cost. The estimated fair value of loans represents the discounted amount of estimated future cash flows expected to be received by the Bank using the current market rates.

The carrying amount of floating rate loans and short-term fixed rate loans are the reasonable approximation of their fair values.

(iii) Obligations due immediately, deposits from customers and deposits from other banks, acceptance payables and other liabilities

The estimated fair value of obligations due immediately, deposits with no stated maturity, which include non-interest bearing deposits, are the amounts repayable on demand.

The estimated fair values of fixed interest-bearing deposits and acceptance payables are based on discounted cash flows using interest rates for new debts with similar remaining maturity. Since the maturity is below one year, the carrying amounts of fixed rate deposits, acceptance payables and other liabilities are the reasonable approximation of their fair values.

53. NILAI WAJAR ASET DAN LIABILITAS KEUANGAN (lanjutan)

(iv) Efek-efek dan Obligasi Pemerintah

Nilai wajar untuk efek-efek dan Obligasi Pemerintah yang dimiliki hingga jatuh tempo ditetapkan berdasarkan harga pasar atau harga kuotasi perantara (*broker*)/pedagang efek (*dealer*). Jika informasi ini tidak tersedia, nilai wajar diestimasi dengan menggunakan harga pasar kuotasi efek yang memiliki karakteristik kredit, jatuh tempo dan *yield* yang serupa atau dinilai dengan menggunakan metode penilaian.

(v) Efek-efek yang diterbitkan, pinjaman yang diterima, dan efek-efek yang dijual dengan janji dibeli kembali dan efek-efek subordinasi.

Nilai wajar agregat berdasarkan model diskonto arus kas menggunakan kurva *yield* terkini yang tepat untuk sisa periode jatuh temponya.

***53. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES** (continued)*

(iv) Marketable securities and Government Bonds

The fair value for amortised cost marketable securities and Government Bonds are based on the market prices or broker/dealer price quotations. When this information is not available, the fair value is estimated using quoted market prices for securities with similar credit, maturity and yield characteristics or using internal valuation model.

(v) Securities issued, borrowings, securities sold under agreements to repurchase and subordinated securities.

Their aggregate fair values are based on discounted cash flow model using current yield curve appropriate for the remaining term to maturity.

54. MANAJEMEN MODAL

Tujuan manajemen permodalan Bank adalah untuk mempertahankan posisi modal yang kuat untuk mendukung pertumbuhan bisnis dan mempertahankan investor, deposan, pelanggan dan kepercayaan pasar. Dalam pengelolaan permodalan, Bank mempertimbangkan faktor-faktor seperti: pengembalian modal yang optimal pada pemegang saham, menjaga keseimbangan antara keuntungan yang lebih tinggi dengan *gearing ratio* serta keamanan yang diberikan oleh posisi modal yang sehat.

Informasi tambahan manajemen modal yang merupakan informasi disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia diungkapkan pada Catatan 61o.

54. CAPITAL MANAGEMENT

The Bank's capital management objective is to maintain a strong capital position to support business growth and to maintain investor, depositor, customer and market confidence. In managing its capital, the Bank considers factors such as: providing optimal capital rate of return to shareholders, maintaining a balance between high return gearing ratio and safety provided by a sound capital position.

The following additional information capital management that is required regulations and/or additional disclosure prepared by the Group, and is not required by Indonesian Accounting Standards is disclosed in Note 61o.

55. AKTIVITAS JASA LAINNYA

BNI menyediakan jasa kustodi, *trustee,* pengelolaan investasi dan reksadana kepada pihak-pihak ketiga. Aset yang terdapat dalam aktivitas jasa lainnya tidak termasuk dalam laporan keuangan konsolidasian ini. Jumlah komisi yang diterima dari pemberian jasa ini adalah masing-masing sebesar Rp82.687.538.765 (nilai penuh) dan Rp68.343.424.174 (nilai penuh) untuk tahun yang berakhir pada tanggal-tanggal 31 Desember 2025 dan 2024.

55. OTHER ACTIVITIES

BNI provides custodian, trustee, investment management and mutual fund services to third parties. Assets that are held in other activities are not included in these consolidated financial statements. Total fees received from these services amounted to Rp82,687,538,765 (full amount) dan Rp68,343,424,174 (full amount) for the year ended 31 December 2025 and 2024, respectively.

55. AKTIVITAS JASA LAINNYA (lanjutan)

Kegiatan Jasa Kustodian

Jasa Kustodian BNI mendapat izin operasi oleh Bapepam dan LK berdasarkan Surat Keputusan No. KEP-162/PM/1991 tertanggal 9 Desember 1991. Kustodian BNI merupakan bagian dari Divisi *Banking Operations* dan Divisi *International Banking and Financial Institutions*, dimana jasa-jasa yang ditawarkan adalah sebagai berikut:

a. Penyimpanan (*safekeeping*) dan administrasi (*administration*) atas efek-efek maupun dokumen berharga lainnya;
b. Penyelesaian transaksi (*settlement*) jual dan beli efek berbentuk warkat (*script*) maupun tanpa warkat (*scriptless*);
c. Pengurusan hak-hak nasabah atas kepemilikan efek-efek yang disimpan sehingga hak tersebut efektif di rekening nasabah *(corporate action)*;
d. Perwalian *(proxy)* pada Rapat Umum Pemegang Saham dan Rapat Umum Pemegang Obligasi; dan
e. Penyampaian laporan *(reporting)* dan informasi *(information)* yang terkait dengan efek-efek dan/atau dokumen berharga milik nasabah yang disimpan dan diadministrasikan oleh Kustodian BNI.

Untuk memenuhi kebutuhan investor dalam melakukan investasi pada berbagai instrumen efek-efek, Kustodian BNI memfasilitasinya dengan menyediakan beragam layanan:

a. Kustodian umum untuk melayani investor yang melakukan investasi pada instrumen pasar modal dan pasar uang di Indonesia;

b. *Sub-Registry* untuk melayani investor yang melakukan transaksi dan investasi pada Surat Utang Negara (SUN - Obligasi Pemerintah atau Surat Perbendaharaan Negara) serta Sertifikat Bank Indonesia (SBI);

c. Kustodian reksadana (*mutual fund*) dan kontrak pengelolaan dana (*discretionary fund*) yang diterbitkan dan dikelola oleh manajer investasi; dan

d. Kustodian *Euroclear* bagi nasabah yang akan melakukan investasi dan penyelesaian transaksi efek-efek yang tercatat di *Euroclear Operations Centre,* Brussels. Kustodian BNI merupakan anggota langsung dari *Euroclear.*

***55. OTHER ACTIVITIES** (continued)*

Custodian Services

BNI Custodian Services has obtained an operating license based on the Decision Letter of Bapepam and LK No. KEP-162/PM/1991 dated 9 December 1991. BNI's Custodian Department, which is part of the Division Banking Operations and Division International Banking and Financial Institutions, provides a full range of custodian services such as:

a. Safekeeping and administration of marketable securities and other valuable assets;

b. Settlement and handling services for script and scriptless trading transactions;

c. Corporate action services related to the rights of the marketable securities;

d. Proxy services for its customers' shareholder meetings and bond holder meetings; and

e. Generate reports and information regarding customers' marketable securities which are kept and administered by BNI's custodian department.

In order to fulfill the investors' needs in investing in various marketable securities and instruments, BNI's Custodian Operations facilitates various services as follows:

a. General custodian which provides services to investors investing in capital markets or money markets in Indonesia;

b. Sub-Registry service provider for settlement of Government Debenture Debt (SUN - either Government Bonds or Surat Perbendaharaan Negara) and SBI transactions;

c. Custodian for mutual funds and discretionary funds issued and managed by investment manager; and

d. Euroclear Custodian for customer who is conducting investment and settlement of securities transactions listed in Euroclear Operations Center, Brussels. BNI Custodian is a direct member of Euroclear.

55. AKTIVITAS JASA LAINNYA (lanjutan)

Kegiatan Jasa Kustodian (lanjutan)

Pada tanggal-tanggal 31 Desember 2025 dan 2024, Kustodian BNI memiliki 237 nasabah dan 173 nasabah (tidak diaudit). Nasabah utama terdiri dari dana pensiun, perusahaan asuransi, bank, yayasan, perusahaan sekuritas, reksadana, institusi/badan hukum lain dan perseorangan. Nilai portofolio yang disimpan pada tanggal 31 Desember 2025 dan 2024 adalah masing-masing sebesar Rp302.082.876.185.464 (nilai penuh) dan Rp282.093.689.329.744 (nilai penuh).

BNI mengasuransikan portofolio nasabah yang disimpan di Kustodian terhadap kemungkinan kerugian yang timbul dari penyimpanan dan pemindahan efek-efek sesuai dengan ketentuan OJK, dahulu Bapepam dan LK.

Kegiatan Wali Amanat

BNI mendapat izin operasi untuk kegiatan wali amanat berdasarkan Surat Keputusan Badan Pengawas Pasar Modal dan Lembaga keuangan No. 01/STTD-WA/PM/1996 tertanggal 27 Maret 1996. Jasa-jasa yang ditawarkan oleh wali amanat adalah sebagai berikut:

a. Jasa Wali Amanat untuk obligasi dan *medium-term notes* (MTN)
b. Jasa Agen Pengelola Rekening Penampungan
c. Jasa Agen Pembayaran
d. Jasa Penampungan Dana IPO
e. Jasa Agen Penjaminan

BNI selaku Wali Amanat, telah mengelola 117 emisi dengan nilai emisi (obligasi dan MTN) sebesar Rp26.250.424.706.259 (nilai penuh) pada tanggal 31 Desember 2025 dan 117 emisi dengan nilai emisi (obligasi dan MTN) sebesar Rp25.814.067 pada tanggal 31 Desember 2024 (tidak diaudit).

55. OTHER ACTIVITIES *(continued)*

Custodian Services *(continued)*

As of 31 December 2025 and 2024, BNI's custodians operations has 237 customers and 173 customers (unaudited), respectively. The customers are primarily pension funds, insurance companies, banks, foundations, securities companies, mutual funds, other institutions/legal entities and individual customers with total portfolio value as of 31 December 2025 and 2024 of Rp302,082,876,185,464 (in full amount) and Rp282,093,689,329,744 (in full amount) respectively.

BNI carries insurance on custodian services against potential losses from safekeeping and transit of securities in accordance with OJK, previously Bapepam and LK regulation.

Trust Operations

BNI has obtained the operating license for trustee services based on Decision Letter of Capital Market and Financial Institutions Supervisory Agency No. 01/STTD-WA/PM/1996 dated 27 March 1996. The Trustee Services Business (TSB) provides a full range of the following services:

a. Trustee for bond and medium-term notes (MTN)
b. Escrow Account Agent
c. Paying Agent
d. Initial Public Offering / IPO Receiving Bank
e. Security Agent

BNI as a Trustee, has 117 bonds and MTN issued amounting to Rp26,250,424,706,259 (full amount) as of 31 December 2025 and 117 bonds and MTN issued amounting to Rp25,814,067 as of 31 December 2024 (unaudited).

56. KREDIT KELOLAAN

BNI mengelola dana yang langsung dikeluarkan oleh Pemerintah Republik Indonesia (didanai oleh kreditur luar negeri) yang ditujukan kepada penerima pinjaman untuk keperluan pembiayaan proyek tertentu. Penerima pinjaman ini telah disetujui oleh Pemerintah Republik Indonesia. Pembayaran yang diterima oleh BNI dari penerima pinjaman dikembalikan lagi ke Pemerintah. BNI tidak menanggung risiko kredit atas transaksi-transaksi tersebut. Pinjaman tersebut bukan merupakan aset BNI dan dana yang diterima dari Pemerintah Republik Indonesia bukan merupakan liabilitas BNI. Pinjaman tersebut tidak dibukukan dalam laporan keuangan konsolidasian BNI. BNI memperoleh pendapatan atas pengelolaan pinjaman tersebut sebesar 0,25% dari rata-rata saldo baki debet pinjaman dalam mata uang Rupiah dan 0,15% dari rata-rata saldo baki debet pinjaman dalam mata uang Dolar Amerika Serikat.

Jumlah kredit yang dikelola oleh BNI atas nama Pemerintah tersebut pada tanggal-tanggal 31 Desember 2025 dan 2024 adalah sebagai berikut:

56. CHANNELLING LOANS

BNI administers loans directly disbursed by the Government of the Republic of Indonesia (financed by overseas creditors) to the borrowers of certain specified projects. These borrowers are approved by the Government of the Republic of Indonesia. Payments received by BNI from borrowers are remitted back to the Government. BNI bears no credit risk on these transactions. These loans are not the assets of BNI and funds received from the Government of Republic of Indonesia are not the liabilities of BNI. These loans are not recognised in BNI's consolidated financial statements. BNI receives fees for administering the loans of 0.25% from the average of loans outstanding balance in Rupiah and 0.15% of the average of loan outstanding balance in United States Dollar.

Following is the outstanding loans balance administered by BNI on behalf of the Government as of 31 December 2025 and 2024:

	2025	2024	
Sektor			***Sector***
Listrik, gas dan air	4,098	4,098	*Electricity, gas and water*
Pertanian	2,876	2,876	*Agriculture*
Pengangkutan, pergudangan dan komunikasi	2,747	2,747	*Transportation, warehouse and communications*
Perdagangan, restoran dan hotel	2,258	2,258	*Trading, restaurant and hotel*

58. ANALISIS KUALITAS KREDIT

Pengukuran Kerugian Kredit Ekspektasian

Peningkatan Risiko Kredit Secara Signifikan

Ketika menentukan apakah risiko gagal bayar pada instrumen keuangan telah meningkat secara signifikan sejak pengakuan awal, Bank mempertimbangkan informasi yang wajar dan terdukung, serta relevan yang tersedia tanpa biaya atau upaya yang berlebihan. Hal tersebut mencakup informasi dan analisa kuantitatif dan kualitatif, berdasarkan pada pengalaman historis dan penilaian pakar kredit dan termasuk perkiraan masa depan (*forward-looking*).

Tujuan dari penilaian ini adalah untuk mengidentifikasi apakah peningkatan risiko kredit secara signifikan atas eksposur telah terjadi dengan membandingkan:

- *Probability of default* (PD) atas umur tersisa pada tanggal pelaporan; dengan
- *Probability of default* (PD) atas umur tersisa yang diestimasi pada saat pengakuan awal eksposur (jika relevan, disesuaikan dengan perubahan ekspektasi pembayaran di muka).

58. CREDIT QUALITY ANALYSIS

Measurement of Expected Credit Losses

Significant Increase in Credit Risk

When determining whether the risk of default on financial instruments has increased significantly since initial recognition, the Bank considers reasonable and supported relevant information that is available without excessive costs or efforts. This includes quantitative and qualitative information and analysis, based on historical experience and credit expert assessments and including forward-looking estimates.

The purpose of this assessment is to identify whether a significant increase in credit risk of exposure has occurred by comparing:

- *Probability of default (PD) for the remaining age at the reporting date; with*
- *Probability of default (PD) for the estimated remaining age at initial recognition of the exposure (if relevant, adjusted for change in expectations of prepayment).*

58. ANALISIS KUALITAS KREDIT (lanjutan)

Pengukuran Kerugian Kredit Ekspektasian (lanjutan)

Peningkatan Risiko Kredit Secara Signifikan (lanjutan)

Bank menggunakan kriteria berikut dalam menentukan apakah peningkatan risiko kredit secara signifikan atas eksposur telah terjadi:

- pengujian kuantitatif berdasarkan perubahan *probability of default* (PD);
- indikator kualitatif;
- tertunggak lebih dari 30 hari.

Credit Risk Grades

Bank mengalokasikan setiap eksposur ke *credit risk grades* berdasarkan variasi data yang ditentukan dapat memprediksi risiko gagal bayar dan menerapkan pengalaman atas kredit. *Credit risk grades* ditetapkan menggunakan faktor kualitatif dan kuantitatif yang dapat mengindikasikan risiko gagal bayar. Faktor-faktor ini bervariasi tergantung pada sifat eksposur dan jenis peminjam.

Credit risk grades ditetapkan dan dikalibrasi sedemikian rupa sehingga risiko terjadinya gagal bayar meningkat secara eksponensial seiring dengan penurunan *rating* risiko kredit, sebagai contoh, selisih antara *credit risk rating grades* 1 dan 2 lebih kecil dari pada selisih antara *credit risk rating grades* 2 dan 3.

Setiap eksposur dialokasikan ke *credit risk grades* pada pengakuan awal berdasarkan informasi yang tersedia tentang peminjam. Eksposur ini dipantau secara berkelanjutan, dan dapat mengakibatkan eksposur dipindahkan ke *credit risk grades* yang berbeda. Pemantauan biasanya menggunakan data berikut: laporan keuangan, penggunaan fasilitas kredit, dan estimasi kondisi ekonomi.

Penentuan Struktur *Probability of Default*

Credit risk grades adalah *input* utama dalam penentuan struktur PD *term structure* atas eksposur. Bank mengumpulkan informasi kinerja dan gagal bayar tentang eksposur risiko kredit yang dianalisa berdasarkan yurisdiksi atau wilayah dan menurut jenis produk dan peminjam serta penilaian risiko kredit. Untuk beberapa portofolio, informasi yang dibeli dari penilai kredit eksternal juga digunakan.

***58. CREDIT QUALITY ANALYSIS** (continued)*

***Measurement of Expected Credit Losses** (continued)*

***Significant Increase in Credit Risk** (continued)*

The Bank use these criteria for determining whether there has been a significant increase in credit:

- *quantitative test based on movement in probability of default (PD);*
- *qualitative indicators;*
- *a backstop of 30 days past due.*

Credit Risk Grades

The Bank allocated each exposure to credit risk grades based on a variety of data that is determined to predict the risk of default and apply credit experience judgement. Credit risk grades are determined using qualitative and quantitative factors that can indicate the risk of default. These factors vary depending on the nature of the exposure and the type of borrower.

Credit risk grades are determined and calibrated in such a way that the risk of default is increasing exponentially as credit risk rating decreases, for example, the difference between credit risk rating grades 1 and 2 is smaller than the difference between credit risk rating grades 2 and 3.

Each exposure is allocated to credit risk grades at initial recognition based on available information about the borrower. This exposure is monitored on an ongoing basis, and can result in the exposure being transferred to different credit risk grades. Monitoring usually uses the following data: financial statements, use of credit facilities and estimates of economic conditions.

Determination of the Probability of Default Structure

Credit risk grades are the main input in determining the PD term structure of the exposure. The Bank collects performance and default information about credit risk exposures, which are analyzed by jurisdiction or region and by product and borrower type as well as credit risk assessment. For some portfolios, information purchased from external credit analyst is also used.

58. ANALISIS KUALITAS KREDIT (lanjutan)

Pengukuran Kerugian Kredit Ekspektasian (lanjutan)

Penentuan Struktur *Probability of Default* (lanjutan)

Bank menggunakan model statistik untuk menganalisa data yang dikumpulkan dan menghasilkan perkiraan *probability of default* (PD) atas umur tersisa dan bagaimana hal ini diperkirakan akan berubah sebagai akibat dari berlalunya waktu.

Analisa ini mencakup identifikasi dan kalibrasi hubungan antara perubahan tingkat gagal bayar dan perubahan dalam faktor-faktor makro ekonomi utama serta analisa mendalam tentang dampak faktor-faktor lain tertentu (misalkan restrukturisasi) pada risiko gagal bayar. Untuk sebagian besar eksposur, indikator makro ekonomi utama meliputi: pertumbuhan PDB, suku bunga acuan, dan tingkat pengangguran. Untuk eksposur pada industri dan/atau wilayah tertentu, analisa dapat mencakup harga komoditas dan/atau harga properti yang relevan.

Penentuan Terjadinya Peningkatan Risiko Kredit Secara Signifikan

Bank mempergunakan sejumlah kriteria untuk menentukan telah terjadi peningkatan risiko kredit secara signifikan.

Kriteria tersebut ditetapkan menggunakan faktor kuantitatif dan kualitatif termasuk penentuan berdasarkan status hari tunggakan yang dapat mengindikasikan telah terjadi peningkatan risiko kredit yang signifikan terhadap saat awal diberikan.

Bank dimungkinkan menggunakan penilaian dari analis kredit dan jika memungkinkan, pengalaman historis yang relevan, dalam menentukan bahwa eksposur mungkin saja telah mengalami peningkatan risiko kredit yang signifikan berdasarkan indikator kualitatif tertentu yang dianggap dapat mengindikasikan hal tersebut dimana pengaruhnya mungkin belum sepenuhnya tercermin pada saat dilakukan analisis kuantitatif secara komprehensif dan tepat waktu.

***58. CREDIT QUALITY ANALYSIS** (continued)*

***Measurement of Expected Credit Losses** (continued)*

***Determination of the Probability of Default Structure** (continued)*

The Bank uses a statistical model to analyze the collected data and produce an estimate of the probability of default (PD) for the remaining life and how this is expected to change as a result of the passage of time.

This analysis includes the identification and calibration of the relationship between changes in default rates and changes in key macroeconomic factors as well as an in-depth analysis of the impact of other certain factors (e.g. restructuring) on the risk of default. For most exposures, the main macroeconomic indicators include: GDP growth, benchmark interest rates, and the unemployment rate. For exposures in certain industries and/or regions, the analysis can include commodity prices and/or relevant property prices.

Determination of Significant Increase in Credit Risk

The Bank uses several criteria for determining that credit risk has increased significantly.

The criteria are determined using qualitative and quantitative factors including determination based on arrear day status that can indicate significant increase in credit risk since initial recognition.

The Bank can also use the judgment of credit analysts and, if possible, relevant historical experience, in determining that the exposure may have experienced a significant increase in credit risk based on certain qualitative indicators that are considered to indicate this and their effects may not be fully reflected in quantitative analysis in a comprehensive manner on a timely manner.

58. ANALISIS KUALITAS KREDIT (lanjutan)

Pengukuran Kerugian Kredit Ekspektasian (lanjutan)

Penentuan Terjadinya Peningkatan Risiko Kredit Secara Signifikan (lanjutan)

Bank menentukan bahwa peningkatan risiko kredit secara signifikan belum terjadi apabila masih kurang dari 30 hari tunggakan. Hari tunggakan ditentukan dengan menghitung jumlah hari sejak tanggal jatuh tempo awal dimana pembayaran penuh belum diterima. Tanggal jatuh tempo ditentukan tanpa mempertimbangkan masa tenggang yang mungkin tersedia bagi peminjam.

Bank memantau efektivitas kriteria yang digunakan dalam mengidentifikasi peningkatan risiko kredit yang signifikan dengan cara reviu berkala.

Modifikasi Aset Keuangan

Ketentuan kontraktual pinjaman dapat dimodifikasi untuk beberapa alasan, termasuk perubahan kondisi pasar, retensi pelanggan dan faktor-faktor lain yang tidak terkait dengan penurunan kredit saat ini. Pinjaman yang ketentuan kontraktualnya dimodifikasi dapat menyebabkan pinjaman awal dihentikan pengakuannya dan pinjaman hasil modifikasi diakui sebagai pinjaman baru pada nilai wajar.

Ketika ketentuan kontraktual pinjaman dimodifikasi dan tidak mengakibatkan penghentian pengakuan, penentuan terjadinya peningkatan risiko kredit secara signifikan dilakukan dengan cara membandingkan:
- Sisa PD sepanjang umur pada tanggal pelaporan berdasarkan ketentuan yang dimodifikasi; dengan
- Sisa PD sepanjang umur yang diestimasi berdasarkan data pada saat pengakuan awal dan ketentuan kontraktual awal.

Definisi Gagal Bayar *(Default)*

Grup menganggap aset keuangan dalam keadaan *default*/gagal bayar ketika:
- Debitur tidak mungkin membayar kewajiban kreditnya kepada secara penuh, tanpa bantuan (*recourse*) dari Grup; atau
- Debitur telah melewati jatuh tempo lebih dari 90 hari atas kewajiban kredit material apapun kepada Grup.

***58. CREDIT QUALITY ANALYSIS** (continued)*

***Measurement of Expected Credit Losses** (continued)*

***Determination of Significant Increase in Credit Risk** (continued)*

The Bank determines that a significant increase in credit risk has not occurred if it is still less than 30 days in arrears. Arrear days are determined by counting the number of days from the initial due date where full payment has not been received. The due date is determined without considering the grace period that might be available to the borrower.

The Bank monitors the effectiveness of the criteria used in identifying significant increases in credit risk by periodic review.

Modification of Financial Assets

Loan contractual terms can be modified for a number of reasons, including changes in market conditions, customer retention and other factors not related to the current credit decline. Loans with modified contractual terms can cause the initial loan to be derecognized and recognized the modified loan as a new loan at fair value.

When the contractual terms of the loan are modified and do not result in termination of recognition, determining the occurrence of a significant increase in credit risk is done by comparing:
- *PD remaining life at reporting date based on modified provision; with*
- *Residual PD throughout the estimated age based on data at initial recognition and initial contractual provisions.*

Definition of Failed Payment (Default)

The Group considers financial assets as default when:
- *The debtor is unlikely to pay its credit obligation in full, without assistance (recourse) from the Group; or*
- *The debtors have past due more than 90 days for any material credit obligations to the Group.*

58. ANALISIS KUALITAS KREDIT (lanjutan)

Pengukuran Kerugian Kredit Ekspektasian (lanjutan)

Definisi Gagal Bayar *(Default)* (lanjutan)

Dalam menilai apakah debitur dalam keadaan *default*/gagal bayar, Grup mempertimbangkan indikator berikut:
- Kualitatif seperti pelanggaran persyaratan perjanjian (*covenants*);
- Kuantitatif seperti status tunggakan; dan
- Berdasarkan data yang dikembangkan secara internal dan diperoleh dari sumber eksternal.

***Input*, Asumsi, dan Teknik yang Digunakan dalam Mengestimasi Penurunan Nilai**

Penggunaan informasi perkiraan masa depan *(forward-looking)*

Grup menggunakan informasi *forward-looking* dalam menilai apakah telah terjadinya peningkatan risiko kredit secara signifikan dan pengukuran kerugian kredit ekspektasian. Berdasarkan saran dari Komite Manajemen Risiko, pakar ekonomi dan pertimbangan berbagai informasi aktual dan perkiraan eksternal, Grup merumuskan pandangan dasar (*base case*) tentang pergerakan variabel ekonomi yang relevan di masa depan serta perkiraan skenario lain yang mungkin terjadi. Proses ini meliputi pengembangan dua atau lebih skenario ekonomi tambahan dan mempertimbangkan probabilitas relatif dari keluaran (*output*) yang mungkin. Informasi eksternal mencakup data ekonomi dan perkiraan yang diterbitkan oleh, seperti badan pemerintah dan analis sektor swasta dan akademisi terpilih.

Pandangan dasar (*base case*) mencerminkan keluaran dengan probabilitas yang paling tinggi dan digunakan dalam perencanaan strategis dan anggaran. Skenario yang lain, mencerminkan keluaran yang lebih optimis dan keluaran yang lebih pesimis.

Pengukuran Kerugian Kredit Ekspektasian

Input utama dalam pengukuran kerugian kredit ekspektasian adalah variabel berikut:
- *Probability of default* (PD);
- *Loss of given default* (LGD);
- *Exposure at default* (EAD).

***58. CREDIT QUALITY ANALYSIS** (continued)*

***Measurement of Expected Credit Losses** (continued)*

***Definition of Failed Payment (Default)** (continued)*

In assessing whether a debtor is in default, the Group considers the following indicators:

- *Qualitative such as violations of the terms of the agreement (covenants);*
- *Quantitative such as arrears status; and*
- *Based on data developed internally and obtained from external sources.*

Inputs, Assumptions, and Techniques Used in Estimating Impairment

Use of forward-looking information

The Group uses forward-looking information in assessing whether there has been a significant increase in credit risk and measurement of expected credit losses. Based on advice from the Risk Management Committee, economists and consideration of various actual information and external forecast, the Group formulated a base case for the movement of relevant economic variables in future as well as forecasts of other possible scenarios. This process involves developing two or more additional economic scenarios and considering the relative probabilities of the possible outputs. External information includes economic data and estimation published by, such as government agencies and selected private sector analysts and academics.

The base case reflects the output with the highest probability and is used in strategic planning and budgeting. Another scenario, reflects more optimistic outputs and more pessimistic outputs.

Measurement of Expected Credit Loss

The main inputs in measuring expected credit loss are the following variables:
- *Probability of default (PD);*
- *Loss of given default (LGD);*
- *Exposure at default (EAD).*

58. ANALISIS KUALITAS KREDIT (lanjutan)

***Input*, Asumsi, dan Teknik yang Digunakan dalam Mengestimasi Penurunan Nilai** (lanjutan)

Pengukuran Kerugian Kredit Ekspektasian (lanjutan)

Parameter ini umumnya berasal dari model statistik yang dikembangkan secara internal dan data historis lainnya. Parameter ini disesuaikan untuk mencerminkan informasi *forward-looking*.

Estimasi PD adalah estimasi pada tanggal tertentu, yang dihitung berdasarkan model peringkat statistik, dan dinilai menggunakan rating yang disesuaikan dengan berbagai kategori dari debitur dan eksposur untuk segmen debitur Korporasi dan Menengah. Sedangkan untuk segmen Kecil dan Konsumer, estimasi PD dinilai menggunakan bucket umur tunggakan. Model statistik ini didasarkan pada data yang disusun secara internal yang terdiri dari faktor kuantitatif dan kualitatif.

LGD adalah besarnya kerugian jika terjadi gagal bayar. Parameter LGD diestimasi secara historis berdasarkan tingkat pemulihan atas klaim terhadap debitur yang gagal bayar. Model LGD mempertimbangkan struktur, jaminan, senioritas klaim, industri debitur, dan biaya pemulihan setiap jaminan yang merupakan bagian integral dari aset keuangan.

EAD merepresentasikan estimasi eksposur jika terjadi gagal bayar. EAD suatu aset keuangan adalah jumlah tercatat bruto. Untuk komitmen pinjaman dan jaminan keuangan, EAD mencakup jumlah yang telah ditarik, serta jumlah potensial di masa depan yang akan ditarik, yang diestimasi berdasarkan pengamatan historis dan perkiraan berwawasan ke depan (*forward-looking*).

Ketika pemodelan parameter dilakukan secara kolektif, instrumen keuangan dikelompokkan berdasarkan kesamaan karakteristik risiko yang meliputi:
- jenis instrumen;
- peringkat risiko kredit;
- jenis agunan;
- tanggal pengakuan awal;
- sisa waktu jatuh tempo;
- industri; dan
- lokasi geografis debitur.

***58. CREDIT QUALITY ANALYSIS** (continued)*

***Inputs, Assumptions, and Techniques Used in Estimating Impairment** (continued)*

***Measurement of Expected Credit Loss** (continued)*

These parameters generally come from statistical models that are developed internally and other historical data. This parameter is adjusted to reflect forward-looking information.

The PD estimation is an assessment for a certain date, calculated based on a statistical rating model, and evaluated using ratings adjusted for various categories of debtors and exposures for the Corporate and Middle segments. Meanwhile, for the Retail and Consumer segments, the PD estimation is evaluated using day past due buckets. This statistical model is based on internally compiled data that consists of quantitative and qualitative factors.

LGD is the amount of loss if there is a default. LGD parameters are historically estimated based on the level of recovery of claims against debtors who default. The LGD model considers the structure, collateral, claim seniority, the debtor industry, and the cost of recovering any collateral that is an integral part of a financial asset.

EAD represents the estimated exposure in case of default. EAD of a financial asset is the gross carrying amount. For loan commitments and financial guarantees, EAD includes the amount that has been withdrawn, as well as potential future amounts to be withdrawn, which are estimated based on historical observations and forward-looking estimates.

When parameter modelling is done collectively, financial instruments are grouped according to the similarity of risk characteristics which include:

- *type of instrument;*
- *credit risk rating;*
- *type of collateral;*
- *date of initial recognition;*
- *remaining due date;*
- *industry; and*
- *debtor's geographical location.*

59. BEBAN TANGGUNG JAWAB SOSIAL DAN LINGKUNGAN (TJSL)

Beban TJSL yang telah dibebankan pada laporan laba rugi untuk tahun yang berakhir pada tanggal 31 Desember 2025 dan 2024 adalah masing-masing sebesar Rp121.505 dan Rp134.755.

59. TANGGUNG JAWAB SOSIAL DAN LINGKUNGAN (TJSL) EXPENSE

TJSL expense that was charged to profit or loss amounted to Rp121,505 and Rp134,755 for the year ended 31 December 2025 and 2024, respectively.

60. PENYAJIAN KEMBALI LAPORAN KEUANGAN KONSOLIDASIAN

Pada tanggal 1 Januari 2025, Bank mengadopsi PSAK 117 'Kontrak Asuransi' secara retrospektif sesuai dengan persyaratan standar tersebut, dengan perbandingan yang telah disajikan kembali dari tanggal transisi yaitu tanggal 1 Januari 2024.

Tabel-tabel di bawah ini menunjukkan dampak penyajian kembali pada transisi terhadap neraca konsolidasian Bank per 1 Januari 2024, laporan laba rugi konsolidasian Bank dan laporan laba rugi komprehensif konsolidasian Bank serta laporan arus kas konsolidasian Bank untuk tahun yang berakhir pada 31 Desember 2024.

Laporan posisi keuangan konsolidasian pada tanggal 1 Januari 2024

60. RESTATEMENT OF THE CONSOLIDATED FINANCIAL STATEMENTS

On 1 January 2025 the Bank adopted SFAS 117 'Insurance Contracts' and as required by the standard applied the requirements retrospectively with comparatives restated from the transition date, 1 January 2024.

The tables below provide the transition restatement impact on the Bank's consolidated balance sheet as at 1 January 2024, the Bank's consolidated income statement and the Bank's consolidated statement of comprehensive income as well as the Bank's consolidated statement of cash flows for the year ended 31 December 2024.

61. INFORMASI TAMBAHAN YANG TIDAK DIPERSYARATKAN OLEH STANDAR AKUNTANSI KEUANGAN INDONESIA

Informasi tambahan yang disajikan di bawah ini merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia:

a. Giro pada Bank Indonesia

Bank dipersyaratkan untuk memiliki Giro Wajib Minimum (GWM) dalam mata uang Rupiah dalam kegiatannya sebagai bank umum, serta GWM dalam mata uang asing dalam kegiatannya melakukan transaksi mata uang asing.

Pada tanggal 31 Desember 2025 dan 31 Desember 2024, Giro Wajib Minimum Bank telah sesuai dengan Peraturan Bank Indonesia (PBI) No. 24/4/PBI/2022 tanggal 1 Maret 2022 tentang Giro Wajib Minimum Bank Umum Dalam Rupiah dan Valuta Asing Bagi Bank Umum Konvensional dan Peraturan Anggota Dewan Gubernur (PADG) No. 8 tahun 2025 tanggal 27 Maret 2025, yang masing-masing sebesar:

61. ADDITIONAL INFORMATION THAT IS NOT REQUIRED BY INDONESIAN FINANCIAL ACCOUNTING STANDARDS

The following additional information presented below is information required by regulations and/or additional disclosure prepared by the Group, and is not information required by Indonesian Financial Accounting Standards:

a. Current accounts with Bank Indonesia

The Bank is required to maintain Minimum Statutory Reserves (GWM) in Rupiah for conventional bank and Minimum Statutory Reserves in foreign currencies for foreign exchange transactions.

As of 31 December 2025 and 2024, the Bank's Minimum Statutory Reserve has complied with Bank Indonesia Regulation (PBI) No. 24/4/PBI/2022 dated 1 March 2022 concerning Minimum Statutory Reserve of Commercial Banks with BI in Rupiah and Foreign Currency and Members of the Board of Governors (PADG) Regulation No. 8/2025 dated 27 March 2025, which are as follows:

	2025	2024	
Rupiah			*Rupiah*
- GWM Primer	3.90%	6.40%	*Primary Statutory Reserve -*
Harian*)	0.00%	0.00%	*Daily*)
Rata-rata*)	3.90%	6.40%	*Average*)
- PLM**)	4.00%	5.00%	*MPLB*) -*
Mata uang asing	4.00%	4.00%	*Foreign Currencies*
Harian	2.00%	2.00%	*Daily*
Rata-rata	2.00%	2.00%	*Average*

*) Berdasarkan PADG Nomor 8 Tahun 2025 tanggal 27 Maret 2025, Bank mendapatkan insentif berupa kelonggaran GWM dalam Rupiah pada 31 Desember 2025 sebesar 5,10% karena Bank melakukan penyediaan dana untuk kegiatan ekonomi tertentu dan inklusif. GWM dalam Rupiah yang harus dipenuhi Bank pada 31 Desember 2025 yang seharusnya sebesar 9,00% dengan ketentuan harian 0,00% dan rata-rata 9,00% menjadi sebesar 3,90% dengan ketentuan harian 0,00% dan rata-rata 3,90%.

**) Berdasarkan PADG Nomor 23 Tahun 2025 tanggal 20 Oktober 2025, kebijakan pemenuhan Penyangga Likuiditas Makroprudensial (PLM) ditetapkan sebesar 4,00%.

*) *Based on PADG No. 8/2025 dated 27 March 2025, Bank gets incentives in the form of relaxation of the Statutory Reserves in Rupiah on 31 December 2025 amounting to 5.10% because Bank provides funds for certain and inclusive economic activities. The Statutory Reserves in Rupiah that must be fulfilled by the Bank on 31 December 2025 which should be 9.00% with daily provisions of 0.00% and an average of 9.00% become 3.90% with daily provisions of 0.00% and an average of 3.90%.*

**) *Based on PADG No. 23/2025 dated 20 October 2025, the policy regarding fulfillment of Macroprudential Liquidity Buffer (MPLB) is set at 4.00%.*

61. INFORMASI TAMBAHAN YANG TIDAK DIPERSYARATKAN OLEH STANDAR AKUNTANSI KEUANGAN INDONESIA (lanjutan)

Informasi tambahan yang disajikan di bawah ini merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia: (lanjutan)

a. Giro pada Bank Indonesia (lanjutan)

Giro Wajib Minimum (GWM) adalah simpanan minimum yang wajib dipelihara oleh Bank dalam bentuk saldo Rekening Giro pada Bank Indonesia. Penyangga Likuiditas Makroprudensial (PLM) adalah cadangan minimum yang wajib dipelihara oleh Bank dalam bentuk Sertifikat Bank Indonesia (SBI), Sertifikat Deposito Bank Indonesia (SDBI), Sukuk Bank Indonesia (SukBI) dan/atau Surat Berharga Negara (SBN). Giro RIM adalah tambahan simpanan minimum yang wajib dipelihara oleh Bank dalam bentuk saldo Rekening Giro pada Bank Indonesia. Berdasarkan PADG No. 23/7/PADG/2021 tanggal 26 April 2021, besaran dan parameter yang digunakan dalam pemenuhan Giro RIM adalah batas bawah target sebesar 84% dan batas atas target sebesar 94% dengan Kewajiban Penyediaan Modal Minimum (KPMM) insentif sebesar 14%.

Rasio Giro Wajib Minimum untuk rekening Rupiah dan mata uang asing pada tanggal 31 Desember 2025 dan 2024 masing-masing sebesar:

	2025	2024	
Rupiah			*Rupiah*
- GWM Primer	6.38%	6.51%	*Primary Statutory Reserve -*
Harian	0.00%	0.00%	*Daily*
Rata-rata	6.38%	6.51%	*Average*
- PLM	18.31%	14.77%	*MPLB -*
Mata uang asing	4.02%	4.01%	*Foreign currencies*
Harian	2.00%	2.00%	*Daily*
Rata-rata	2.02%	2.01%	*Average*

BNI telah memenuhi ketentuan Bank Indonesia tentang Giro Wajib Minimum pada tanggal 31 Desember 2025 dan 2024.

Pengungkapan lebih lanjut pada giro pada Bank Indonesia diungkapkan pada Catatan 5.

b. Giro pada bank lain

Berdasarkan kolektibilitas sesuai Peraturan OJK

Seluruh giro pada bank lain pada tanggal-tanggal 31 Desember 2025 dan 2024 diklasifikasikan lancar.

Pengungkapan lebih lanjut pada giro pada bank lain diungkapkan pada Catatan 6.

61. ADDITIONAL INFORMATION THAT IS NOT REQUIRED BY INDONESIAN FINANCIAL ACCOUNTING STANDARDS *(continued)*

The following additional information presented below is information required by regulations and/or additional disclosure prepared by the Group, and is not information required by Indonesian Financial Accounting Standards: (continued)

a. Current accounts with Bank Indonesia *(continued)*

Minimum Statutory Reserve is a minimum reserve that should be maintained by the Bank in Current Accounts with Bank Indonesia. Macroprudential Liquidity Buffer (MPLB) is the minimum reserves that should be maintained by the Bank in the form of Bank Indonesia Certificates (SBI), Bank Indonesia Deposit Certificates (SDBI), Bank Indonesia Sukuk (SukBI), and/or Government Securities (SBN). RIM Current Account is an additional reserve that should be maintained by the Bank in the form of Current Accounts with Bank Indonesia. Based on PADG No. 23/7/PADG/2021 dated 26 April 2021, the amount and parameters used in fulfilling RIM Current Account are the lower target limit of 84% and the upper target limit of 94% with a Capital Adequacy Ratio (CAR) incentive of 1

The ratio of the Minimum Statutory Reserve requirement for its Rupiah and foreign currencies accounts as of 31 December 2025 and 2024, are as follows:

BNI has complied with the Bank Indonesia regulations regarding the Minimum Statutory Reserve as of 31 December 2025 and 2024.

The further disclosures on current accounts with Bank Indonesia are presented in Note 5.

b. Current accounts with other banks

By Financial Service Authority Rule collectibility

All current accounts with other banks as of 31 December 2025 and 2024 are classified as current.

The further disclosures on current accounts with other banks are presented in Note 6.

61. INFORMASI TAMBAHAN YANG TIDAK DIPERSYARATKAN OLEH STANDAR AKUNTANSI KEUANGAN INDONESIA (lanjutan)

Rasio kredit bermasalah BNI dan Entitas Anak secara *gross* (sebelum dikurangi cadangan kerugian penurunan nilai) sesuai dengan peraturan OJK yang berlaku pada tanggal 31 Desember 2025 dan 2024 masing-masing sebesar 1,93% dan 1,97% (rasio untuk BNI saja 1,93% dan 1,97% masing-masing pada tanggal 31 Desember 2025 dan 2024), sedangkan rasio kredit bermasalah BNI dan Entitas Anak secara neto pada tanggal 31 Desember 2025 dan 2024 masing-masing sebesar 0,70% dan 0,74% (rasio untuk BNI saja 0,70% dan 0,74% masing-masing pada tanggal 31 Desember 2025 dan 2024). Pengungkapan lebih lanjut pada pinjaman yang diberikan diungkapkan pada Catatan 12.

The non-performing loans ratio of BNI and Subsidiaries on a gross basis (before deducting the allowance for impairment losses) in accordance with the OJK regulation as of 31 December 2025 and 2024 were 1.93% and 1.97%, respectively (the ratios for BNI only were 1.93% and 1.97% as of 31 December 2025 and 2024, respectively), while the non-performing loans ratio of BNI and Subsidiaries on a net basis as of 31 December 2025 and 2024 were 0.70% and 0.74%, respectively (the ratios for BNI only were 0.70% and 0.74% as of 31 December 2025 and 2024, respectively). The further disclosures on loans are presented in Note 12.

61. INFORMASI TAMBAHAN YANG TIDAK DIPERSYARATKAN OLEH STANDAR AKUNTANSI KEUANGAN INDONESIA (lanjutan)

Informasi tambahan yang disajikan di bawah ini merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia: (lanjutan)

h. Pinjaman yang diberikan (lanjutan)

Pinjaman yang direstrukturisasi

Jumlah kredit yang telah direstrukturisasi dan dalam kategori kredit bermasalah berdasarkan peraturan OJK pada tanggal 31 Desember 2025 dan 2024 adalah masing-masing sebesar Rp8.312.216 dan Rp7.024.794.

Informasi pokok lainnya sehubungan dengan pinjaman yang diberikan

Pada tanggal 31 Desember 2025 dan 2024, tidak terdapat pelanggaran maupun pelampauan Batas Maksimum Pemberian Kredit (BMPK) kepada pihak berelasi dan pihak ketiga sesuai dengan peraturan yang ditetapkan Otoritas Jasa Keuangan.

i. Efek-efek yang dibeli dengan janji dijual kembali

Efek-efek yang dibeli dengan janji dijual kembali yang diungkapkan pada Catatan 14 diklasifikasikan berdasarkan kolektabilitas sesuai dengan peraturan OJK sebagai lancar.

j. Penyertaan saham - bersih

Penyertaan saham jangka panjang berdasarkan kolektibilitas sesuai Peraturan OJK adalah:

	2025	2024	
Lancar	652,311	637,280	*Current*
Total	652,311	637,280	*Total*

Pengungkapan lebih lanjut pada penyertaan saham - bersih diungkapkan pada Catatan 17.

61. ADDITIONAL INFORMATION THAT IS NOT REQUIRED BY INDONESIAN FINANCIAL ACCOUNTING STANDARDS *(continued)*

The following additional information presented below is information required by regulations and/or additional disclosure prepared by the Group, and is not information required by Indonesian Financial Accounting Standards: (continued)

h. Loans *(continued)*

Restructured loans

The total of restructured loans that are categorised as non-performing loan based on OJK's regulation amounted to Rp8,312,216 and Rp7,024,794 as of 31 December 2025 and 2024, respectively.

Other significant information relating to loans

As of 31 December 2025 and 2024, there is neither any breach nor violation of Legal Lending Limit (LLL) to related parties and third parties as required by Regulation of Financial Services Authority.

i. Securities purchased under agreements to resell

Securities purchased under agreements to resell disclosed in Note 14 are classified by Financial Service Authority rule collectability as current.

j. Equity investments - net

The classification of long-term equity investments based on Financial Service Authority Rule collectibility are as follows:

The further disclosures on equity investment - net are presented in Note 17.

61. INFORMASI TAMBAHAN YANG TIDAK DIPERSYARATKAN OLEH STANDAR AKUNTANSI KEUANGAN INDONESIA (lanjutan)

Informasi tambahan yang disajikan di bawah ini merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia: (lanjutan)

61. ADDITIONAL INFORMATION THAT IS NOT REQUIRED BY INDONESIAN FINANCIAL ACCOUNTING STANDARDS *(continued)*

The following additional information presented below is information required by regulations and/or additional disclosure prepared by the Group, and is not information required by Indonesian Financial Accounting Standards: (continued)

k. Komitmen dan Kontinjensi

Transaksi komitmen dan kontinjensi yang mempunyai risiko kredit berdasarkan kolektibilitas adalah sebagai berikut:

k. Commitments and Contingencies

Commitments and contingent transactions that have credit risk by collectability are as follows:

	2025	2024	
Lancar	208,723,922	137,900,021	*Current*
Dalam perhatian khusus	1,999,170	2,128,420	*Special mention*
Kurang lancar	40,401	41,844	*Substandard*

	211,329,315	**140,956,447**	

Pengungkapan lebih lanjut pada komitmen dan kontinjensi diungkapkan pada Catatan 45.

The further disclosures on commitments and contingencies are presented in Note 45.

l. Manajemen risiko

Penerapan Manajemen Risiko BNI berlandaskan pada regulasi nasional maupun internasional, meliputi Peraturan Otoritas Jasa Keuangan (POJK), Surat Edaran Otoritas Jasa Keuangan (SEOJK), Peraturan Bank Indonesia (PBI), Surat Edaran Bank Indonesia (SEBI), dan dokumen *Basel Committee on Banking Supervision* (BCBS).

Beberapa regulasi yang terkait dengan Manajemen Risiko Bank adalah sebagai berikut:

1. POJK No. 18/POJK.03/2016 tanggal 16 Maret 2016 dan SEOJK No. 34/SEOJK.03/2016 tanggal 1 September 2016 tentang Penerapan Manajemen Risiko bagi Bank Umum.

2. POJK No. 38/POJK.03/2017 tanggal 12 Juli 2017 dan SEOJK No. 43/SEOJK.03/2017 tanggal 19 Juli 2017 tentang Prinsip Kehati-hatian dan Laporan dalam rangka Penerapan Manajemen Risiko secara Konsolidasi bagi Bank yang Melakukan Pengendalian terhadap Perusahaan Anak.

3. POJK No. 17/POJK.03/2014 tanggal 19 November 2014 dan SEOJK No.14/ SEOJK.03/2015 tanggal 25 Mei 2015 tentang Penerapan Manajemen Risiko Terintegrasi bagi Konglomerasi Keuangan.

l. Risk management

The implementation of BNI Risk Management is based on national and international regulations, including Financial Services Authority Regulations (POJK), Financial Services Authority Circular Letters (SEOJK), Bank Indonesia Regulations (PBI), Bank Indonesia Circular Letters (SEBI), and Basel Committee on Banking Supervision (BCBS).

Some of the regulations related to the Bank's Risk Management are as follows:

1. *POJK No. 18/POJK.03/2016, dated 16 March 2016 and SEOJK No.34/SEOJK.03/2016 dated 1 September of 2016 concerning the Implementation of Risk Management for Commercial Banks.*

2. *POJK No. 38/POJK.03/2017 dated 12 July 2017 and SEOJK No. 43/SEOJK.03/2017 dated 19 July 2017 concerning Prudential Principles and Reports within the framework of the Application of Consolidated Risk Management for Banks that Control Subsidiaries.*

3. *POJK No. 17/POJK.03/2014 dated 19 November 2014 and SEOJK No. 14/ SEOJK.03/2015 dated 25 May 2015 concerning the Implementation of Integrated Risk Management for Financial Conglomerates.*

61. INFORMASI TAMBAHAN YANG TIDAK DIPERSYARATKAN OLEH STANDAR AKUNTANSI KEUANGAN INDONESIA (lanjutan)

Informasi tambahan yang disajikan di bawah ini merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia: (lanjutan)

I. Manajemen risiko (lanjutan)

BNI juga melakukan pengelolaan terhadap risiko lainnya sesuai aturan Regulator, yaitu (i) risiko hukum untuk mengurangi kemungkinan kerugian dari tuntutan hukum atau kelemahan aspek yuridis seperti ketiadaan peraturan perundang-undangan yang mendukung atau kelemahan perikatan seperti tidak dipenuhinya syarat sahnya kontrak atau pengikatan agunan yang tidak sempurna; (ii) risiko reputasi untuk mengurangi kemungkinan kerugian akibat menurunnya tingkat kepercayaan pemangku kepentingan (*stakeholder*) yang bersumber dari persepsi negatif terhadap Bank; (iii) risiko stratejik untuk mengurangi kemungkinan kerugian akibat ketidaktepatan dalam pengambilan dan/atau pelaksanaan suatu keputusan stratejik serta kegagalan dalam mengantisipasi perubahan lingkungan bisnis; dan (iv) risiko kepatuhan untuk mengurangi kemungkinan kerugian karena Bank tidak mematuhi atau tidak melaksanakan peraturan perundang-undangan dan ketentuan.

Upaya-upaya yang dilakukan untuk mengelola risiko hukum, risiko reputasi, risiko stratejik dan risiko kepatuhan seperti tersebut di atas diantaranya adalah:

- Mengelola Pedoman Perusahaan untuk manajemen risiko hukum, risiko reputasi, risiko stratejik, dan risiko kepatuhan;
- Melakukan analisis aspek risiko hukum dan uji kepatuhan terhadap produk atau aktivitas *existing* dan baru;
- Melakukan kaji ulang berkala terhadap format standar perjanjian, khususnya perjanjian kredit, guna memastikan kesesuaian dengan peraturan perundang-undangan;
- Melakukan kaji ulang secara berkala terhadap kontrak dan perjanjian antara BNI dengan pihak lain, antara lain dengan cara melakukan penilaian kembali terhadap efektivitas proses *enforcement* guna mengecek validitas hak dalam kontrak dan perjanjian yang ada;
- Melakukan pengelolaan komplain/keluhan nasabah dengan optimalisasi fungsi sarana *Online Request Management* (ORM), selanjutnya menyelesaikan permasalahan tersebut;

61. ADDITIONAL INFORMATION THAT IS NOT REQUIRED BY INDONESIAN FINANCIAL ACCOUNTING STANDARDS *(continued)*

The following additional information presented below is information required by regulations and/or additional disclosure prepared by the Group, and is not information required by Indonesian Financial Accounting Standards: (continued)

I. Risk management *(continued)*

BNI also has risk management for other risks as regulated by Regulator, as follows (i) legal risk to minimise possible losses from lawsuits or weakness in juridical aspects such as the absence of laws and regulations, or weaknesses such as non-compliance with the terms of the engagements validity of contracts or imperfect binding of collaterals; (ii) reputation risk to minimise possible losses due to stakeholder's declining levels of trust which comes from the negative perception of the Bank; (iii) strategic risk to minimise possible losses arising from inappropriate or improper implementation of the Bank's strategy and business decisions, or strategy that is not responsive to external changes; and (iv) compliance risk to minimise possible losses of the Bank from non-compliance or failure to implement the prevailing laws and regulations.

The initiatives taken to manage legal risk, reputation risk, strategic risk and compliance risk as described above, among others, are as follows:

- *Manage Operational Guidance Manual for legal risk, reputation risk, strategic risk, and compliance risk;*
- *Analysis of the legal aspects and compliance test for existing and new product or activities;*
- *Conduct periodic reviews of the standard format of the agreement, especially the credit agreement, to ensure compliance with statutory regulations;*
- *Conduct periodic reviews of contracts and agreements between BNI and other parties, among others by reassessing the effectiveness of the enforcement process to check the validity of rights in existing contracts and agreements;*
- *Manage customer complaints by optimizing the function of Online Request Management (ORM) facilities, then resolve the issue;*

61. INFORMASI TAMBAHAN YANG TIDAK DIPERSYARATKAN OLEH STANDAR AKUNTANSI KEUANGAN INDONESIA (lanjutan)

Informasi tambahan yang disajikan di bawah ini merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia: (lanjutan)

I. Manajemen risiko (lanjutan)

Upaya-upaya yang dilakukan untuk mengelola risiko hukum, risiko reputasi, risiko stratejik dan risiko kepatuhan seperti tersebut di atas diantaranya adalah: (lanjutan)

- Mengelola jumlah pemberitaan negatif yang ada di media, baik media cetak maupun media elektronik dan menindaklanjuti pemberitaan tersebut sesuai dengan ketentuan;
- Melakukan perencanaan strategis melalui serangkaian proses untuk penyelarasan strategi perusahaan dengan strategi unit;
- Melakukan pemantauan pencapaian rencana bisnis yang telah ditetapkan, dilakukan dengan membandingkan target terhadap realisasi bisnis;
- Melakukan sertifikasi kepatuhan terhadap kebijakan dan prosedur sesuai dengan ketentuan; dan
- Melakukan pemantauan terhadap jenis, signifikansi dan frekuensi pelanggaran terhadap ketentuan (*track record* kepatuhan BNI).

Sesuai dengan Surat Edaran OJK (SEOJK) No. 14/SEOJK.03/2015, BNI selaku Entitas Utama Konglomerasi Keuangan wajib menerapkan Manajemen Risiko Terintegrasi secara komprehensif dan efektif. Tujuan penerapan manajemen risiko terintegrasi tersebut yaitu untuk mengelola seluruh risiko yang melekat pada aktivitas/kegiatan usaha konglomerasi keuangan BNI serta menciptakan keunggulan kompetitif dan memelihara pertumbuhan yang berkesinambungan sehingga dapat meningkatkan nilai (*shareholder value*) konglomerasi keuangan BNI secara keseluruhan.

Secara umum, seluruh Lembaga Jasa Keuangan (LJK) anggota Konglomerasi Keuangan BNI, baik BNI sebagai LJK Induk (Entitas Utama) dan masing-masing LJK Anak telah menerapkan manajemen risiko, antara lain dengan membentuk unit risiko pada masing-masing LJK. Manajemen risiko pada masing-masing LJK Anak secara operasional dilakukan terpisah dari unit bisnis dan menjalankan fungsinya secara independen. Untuk mendukung penerapan manajemen risiko, pada organisasi LJK Anak juga dibentuk unit/fungsi internal yang melakukan pemantauan kepatuhan terhadap kontrol internal secara rutin dan berkala.

61. ADDITIONAL INFORMATION THAT IS NOT REQUIRED BY INDONESIAN FINANCIAL ACCOUNTING STANDARDS *(continued)*

The following additional information presented below is information required by regulations and/or additional disclosure prepared by the Group, and is not information required by Indonesian Financial Accounting Standards: (continued)

I. Risk management *(continued)*

The initiatives taken to manage legal risk, reputation risk, strategic risk and compliance risk as described above, among others, are as follows: (continued)

- *Managing the amounts of negative news on media, whether printed or electronic media, and follow up the proclamation in accordance with the prevailing policies;*
- *The strategic planning done through a series of strategic planning process to align the corporate strategy and strategy unit;*
- *Planning the completion of a business that has been determined, is done by comparing the target to the realisation of the business;*
- *Compliance certification to all policies and procedures in accordance with applicable regulations; and*
- *Monitoring of types, significance and frequency of violations of regulations (BNI compliance track record).*

In accordance with the Circular Letter of Financial Services Authority regulations (SEOJK) No. 14/SEOJK.03/2015, BNI as the parent entity of a financial conglomerate has to implement the integrated risk management comprehensively and effectively. The purpose of the implementation of integrated risk management implementation is to manage the whole inherent risks in the financial conglomerate's business activities, and also to create competitive advantages and maintain sustainable growth, so that it can increase the financial conglomeration shareholder value of BNI as a whole.

Generally, all of the Financial Services Institutions (FSI) as part of the BNI Financial Conglomeration, where BNI as the Parent FSI (Main Entity) and each Subsidiaries FSI have implemented risk management, among others by establishing a risk unit in each FSI. Risk management in each FSI is operating separately from the business unit and conducts its function independently. To support the implementation of risk management, the FSI have established internal control units/function in their organizational structure, which monitors the compliance with internal controls regularly and periodically on a regular basis.

61. INFORMASI TAMBAHAN YANG TIDAK DIPERSYARATKAN OLEH STANDAR AKUNTANSI KEUANGAN INDONESIA (lanjutan)

Informasi tambahan yang disajikan di bawah ini merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia: (lanjutan)

I. Manajemen risiko (lanjutan)

Disamping itu, Dewan Komisaris dan Direksi pada masing-masing LJK Anak secara aktif juga melakukan pemantauan, dan evaluasi melalui laporan-laporan yang disampaikan oleh setiap LJK Anak untuk selanjutnya digunakan sebagai salah satu bahan pertimbangan dalam menetapkan kebijakan pada LJK Anak.

BNI selaku Entitas Utama telah melakukan koordinasi dengan LJK Anak untuk menerapkan manajemen risiko sesuai ketentuan Otoritas Jasa Keuangan, antara lain dengan melakukan pemantauan dan pengukuran risiko yang dituangkan dalam bentuk penilaian Kecukupan Penyediaan Modal Minimum (KPMM) Konsolidasi, KPMM Terintegrasi, penilaian Tingkat Kesehatan Bank (TKB) konsolidasi, serta penilaian Profil Risiko Konsolidasi dan penilaian Profil Risiko Terintegrasi Konglomerasi Keuangan BNI (tidak diaudit).

Penilaian profil risiko BNI individu menggambarkan risiko yang melekat dalam kegiatan bisnis Bank (*inherent risk*) termasuk kualitas penerapan Manajemen Risiko yang mencerminkan sistem pengendalian risiko (*risk control system*) pada 8 (delapan) jenis risiko yaitu Risiko Kredit, Risiko Pasar, Risiko Likuiditas, Risiko Operasional, Risiko Hukum, Risiko Reputasi, Risiko Stratejik, dan Risiko Kepatuhan. Penilaian Profil Risiko BNI telah dilakukan sesuai dengan lampiran SEOJK No. 14/SEOJK.03/2017 tentang Penilaian Tingkat Kesehatan Bank Umum.

Berdasarkan hasil laporan terakhir atas penilaian sendiri (*self-assessment*), peringkat risiko inheren BNI posisi 31 Desember 2025 adalah *low to moderate* dengan peringkat kualitas penerapan manajemen risiko yang memadai (*satisfactory*) sehingga peringkat komposit Profil Risiko BNI adalah 2 (*low to moderate*) (tidak diaudit).

61. ADDITIONAL INFORMATION THAT IS NOT REQUIRED BY INDONESIAN FINANCIAL ACCOUNTING STANDARDS *(continued)*

The following additional information presented below is information required by regulations and/or additional disclosure prepared by the Group, and is not information required by Indonesian Financial Accounting Standards: (continued)

I. Risk management *(continued)*

In addition, the Boards of Commissioners and Directors of the respective Subsidiaries actively monitor and evaluate the internal controls of the Subsidiaries, through the reports submitted by the respective Subsidiaries, as a basis in formulating and developing appropriate policies for the Subsidiaries.

As the Parent Entity, BNI coordinates with its FSI Subsidiaries regarding the implementation of risk management policies as defined by Indonesia Financial Services Authority, among others by implementing risk monitoring and measurement in the form of consolidated Capital Adequacy Ratio (CAR) assessment, integrated Capital Adequacy Ratio (CAR) assessment, the Bank's consolidated soundness rating consolidated assessment, consolidated risk profile and also integrated risk profile assessment on BNI Financial Conglomeration (unaudited).

The risk profile assessment of BNI reflects the inherent risk of the Bank's business, including the risk control system for 8 (eight) types of risk are assessed are Credit Risk, Market Risk, Liquidity Risk, Operational Risk, Legal Risk, Reputation Risk, Strategic Risk, and Compliance Risk. The risk profile of BNI has been performed based on attachment of SEOJK No. 14/SEOJK.03/2017 about the Bank's Soundness Rating Assessment.

Based on the results of a recent self-assessment report, inherent risk rank of BNI as of 31 December 2025 is low to moderate and the quality of the risk management implementation rank is satisfactory, therefore the risk profile composite rank of BNI is 2 (low to moderate) (unaudited).

61. INFORMASI TAMBAHAN YANG TIDAK DIPERSYARATKAN OLEH STANDAR AKUNTANSI KEUANGAN INDONESIA (lanjutan)

Informasi tambahan yang disajikan di bawah ini merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia: (lanjutan)

I. Manajemen risiko (lanjutan)

Penilaian Profil Risiko Terintegrasi merupakan penilaian terhadap 10 (sepuluh) jenis Risiko berdasarkan Risiko Inheren dan Kualitas Penerapan Manajemen Risiko (KPMR) terintegrasi. Kesepuluh jenis Risiko tersebut adalah Risiko Kredit, Risiko Pasar, Risiko Likuiditas, Risiko Operasional, Risiko Hukum, Risiko Reputasi, Risiko Stratejik, Risiko Kepatuhan, Risiko Transaksi Intra-Grup dan Risiko Asuransi. Penilaian Profil Risiko BNI Terintegrasi tersebut telah dilakukan sesuai dengan lampiran SEOJK No. 14/SEOJK.03/2015 tanggal 25 Mei 2015 tentang Penerapan Manajemen Risiko Terintegrasi bagi Konglomerasi Keuangan.

Penilaian Profil Risiko Terintegrasi dilakukan semesteran. Berdasarkan hasil laporan terakhir secara penilaian sendiri (*self assessment*), peringkat risiko inheren posisi 31 Desember 2024 adalah *low to moderate* dengan peringkat kualitas penerapan manajemen risiko yang memadai (*satisfactory*) sehingga peringkat komposit Profil Risiko Konglomerasi Keuangan BNI adalah 2 *(low to moderate)* (tidak diaudit).

Tingkat Kesehatan Bank (TKB) BNI posisi 31 Desember 2025 yang dilakukan secara *self assessment* berada pada Peringkat 2 (PK 2) dengan predikat "sehat" atau stabil dibandingkan dengan TKB BNI posisi 31 Desember 2024 (tidak diaudit).

1. Profil Risiko
   Hasil penilaian Profil Risiko BNI posisi 31 Desember 2025 masih stabil di Peringkat 2 *(Low to Moderate)*.

2. Rentabilitas
   Terjadi penurunan tren risiko pada parameter Rentabilitas yang dipicu oleh pencapaian rasio profitabilitas yang telah membaik dan sesuai target.
3. Permodalan
   Penurunan tren risiko pada parameter permodalan diakibatkan peningkatan rasio CAR BNI karena peningkatan total modal BNI secara modal tier 1 melalui laba ditahan serta penerbitan *Additional Tier 1 Capital Securities* dan peningkatan modal tier 2 melalui penerbitan *subdebt*.

4. Tata Kelola
   Tata kelola BNI posisi 31 Desember 2025 dibandingkan dengan posisi 31 Desember 2024 relatif stabil.

61. ADDITIONAL INFORMATION THAT IS NOT REQUIRED BY INDONESIAN FINANCIAL ACCOUNTING STANDARDS *(continued)*

The following additional information presented below is information required by regulations and/or additional disclosure prepared by the Group, and is not information required by Indonesian Financial Accounting Standards: (continued)

I. Risk management *(continued)*

Integrated Risk Profile assessment is the assessment of the 10 (ten) types of risks based on Inherent Risks and the integrated Implementation of Risk Management Quality (KPMR). The ten types of Risks being assessed are Credit Risk, Market Risk, Liquidity Risk, Operational Risk, Legal Risk, Reputation Risk, Strategic Risk, Compliance Risk, Intra Group Transactions Risk and Insurance Risk. Assessment of the Integrated Risk Profile has complied with the SEOJK No. 14/SEOJK.03/2015 dated 25 May 2015 about Integrated Risk Management Implementation for Financial Conglomerate.

Integrated Risk Profile assessment is conducted semi annually. Based on the results of the last self- assessment report, the inherent risk rank of BNI as of 31 December 2024 is low to moderate with the quality of the risk management implementation rank as satisfactory, therefore the composite rank of BNI's Risk Profile as a financial conglomeration is 2 (low to moderate) (unaudited).

BNI Bank Soundness Level (TKB) self assessment for the position as of 31 December 2025 which is in Rank 2 (PK 2) with the predicate "healthy" or stable compared to the TKB BNI at the position in 31 December 2024 (unaudited).

1. *Risk Profile*
   The results of the BNI Risk Profile assessment for the position 31 December 2025 are still stable at Rank 2 (Low to Moderate).
2. *Rentability*
   The decreasing of risk trend which occurred in Rentability parameter which was triggered by improvement of the achievement of a profitability ratio as target.
3. *Capital*
   The decreasing risk trend in the capital parameter was due to an increase in the BNI's total capital component due to an increase of BNI's tier 1 capital from retained earnings as well as issuance of Additional Tier 1 Capital Securities and increase of tier 2 capital due to subdebt issuance.
4. *Governance*
   BNI's governance for the position of 31 December 2025 is relatively stable compared to the position in 31 December 2024.

61. INFORMASI TAMBAHAN YANG TIDAK DIPERSYARATKAN OLEH STANDAR AKUNTANSI KEUANGAN INDONESIA (lanjutan)

Informasi tambahan yang disajikan di bawah ini merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia: (lanjutan)

I. Manajemen risiko (lanjutan)

Guna melakukan penguatan fungsi manajemen risiko, BNI juga melakukan beberapa upaya antara lain:

1. Simulasi Kondisi Terburuk dan *Stress Testing*.

   Stress testing merupakan salah satu alat manajemen risiko yang digunakan BNI untuk mengevaluasi dampak suatu skenario yang *severe* namun mungkin terjadi (*plausible*) terhadap kondisi finansial Bank. BNI melakukan *stress testing* secara berkala sebagai salah satu dasar pertimbangan untuk keputusan dan arahan direksi dan dewan komisaris atau dalam pengambilan keputusan Bank serta sebagai pemenuhan atas ketentuan regulasi yang berlaku baik di Indonesia maupun ketentuan regulator pada masing-masing Kantor Luar Negeri (KLN). Selain sebagai dasar pengambilan keputusan dan pemenuhan regulasi, *stress testing* juga bertujuan untuk mengestimasi besarnya kerugian yang akan timbul serta ketahanan modal Bank dalam menyerap kerugian tersebut dan mengidentifikasi langkah-langkah yang harus dilakukan untuk memitigasi risiko dan menjaga ketahanan modal Bank. Dalam hal likuiditas, *stress test* berfungsi untuk mengestimasi kecukupan alat likuid Bank untuk memenuhi kewajiban, baik kontraktual maupun *behavioral*.

   Hasil *stress testing* yang dilakukan BNI sepanjang tahun 2025 menunjukkan bahwa permodalan BNI masih mampu untuk menyerap kerugian yang akan timbul serta mampu menjaga kecukupan likuiditas dengan antisipasi yang cepat pada sisi pengelolaan aset dan liabilitas serta kesiapan kebijakan pendukung rencana pendanaan. Selain itu, BNI juga telah menetapkan mitigasi risiko atas kemungkinan kerugian yang akan timbul.

The following additional information presented below is information required by regulations and/or additional disclosure prepared by the Group, and is not information required by Indonesian Financial Accounting Standards: (continued)

I. Risk management *(continued)*

In order to strengthen the risk management function, BNI has also carried out several efforts, including:

1. Worst Condition Simulation and Stress Testing.

   Stress testing is one of the risk management tools used by BNI to evaluate the impact of a severe but plausible scenario on the Bank's financial condition. BNI carries out stress testing periodically as a basis for consideration for decisions and directions of the board of directors and board of commissioners or in making Bank decisions as well as in compliance with applicable regulatory provisions both in Indonesia and regulatory provisions at each Overseas Branches (KLN). Apart from being a basis for decision making and compliance with regulations, stress testing also aims to estimate the magnitude of losses that will arise as well as the resilience of the Bank's capital in absorbing these losses and identifying steps that must be taken to mitigate risks and maintain the resilience of the Bank's capital. In terms of liquidity, the stress test functions to estimate the adequacy of the Bank's liquid assets to fulfill obligations, both contractual and behavioral.

   The results of stress testing carried out by BNI throughout 2025 show that BNI's capital is still able to absorb losses that will arise and is able to maintain sufficient liquidity with rapid anticipation in terms of asset and liability management as well as the readiness of policies to support funding plans. Apart from that, BNI has also established risk mitigation for possible losses that may arise.

Informasi tambahan yang disajikan di bawah ini merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia: (lanjutan)

I. Manajemen risiko (lanjutan)

2. Penyusunan Rencana Aksi *(Recovery Plan)* dan Rencana Resolusi *(Resolution Plan)*.

Recovery Plan merupakan rencana untuk mengatasi (mencegah, memulihkan dan memperbaiki) permasalahan keuangan yang mungkin terjadi di Bank Sistemik. Penyusunan *Recovery Plan* merupakan pemenuhan atas Peraturan OJK No. 14/POJK.03/2017 tanggal 4 April 2017 tentang Rencana Aksi (*Recovery Plan*) bagi Bank Sistemik, yang dimaksudkan untuk mengatasi secara dini permasalahan keuangan yang mungkin terjadi pada Bank sistemik melalui mekanisme *"bail in"* sehingga permasalahan keuangan tersebut diharapkan tidak sampai memicu dampak sistemik bagi sistem keuangan nasional. BNI sebagai Bank Sistemik wajib menyusun *Recovery Plan* kepada OJK setiap tahun secara berkala paling sedikit 1 (satu) kali dalam 1 (satu) tahun dan menyampaikan pengkinian Rencana Aksi kepada OJK paling lama akhir bulan November.

Resolution Plan merupakan rencana penanganan atau penyelesaian oleh Lembaga Penjamin Simpanan (LPS) ketika Bank dinyatakan sebagai bank gagal, tertuang dalam dokumen *Resolution Plan* yang di-reviu secara periodik setiap 2 (dua) tahun sekali. Penyusunan *Resolution Plan* merupakan pemenuhan atas Peraturan Lembaga Penjamin Simpanan No. 1 Tahun 2021 tentang Rencana Resolusi bagi Bank Umum. Rencana Resolusi merupakan komitmen Bank, pemegang saham pengendali dan/atau pihak lain untuk mewujudkan resolusi Bank yang efektif guna mengurangi gangguan sistemik ke stabilitas sistem keuangan serta meminimalisir penggunaan dana publik (APBN) dalam resolusi Bank. Rencana Resolusi berisi informasi mengenai Bank yang sejalan dengan Rencana Aksi yang dilengkapi dengan analisa opsi resolusi dan potensi hambatan pelaksanaan opsi resolusi, serta strategi komunikasi sebelum dilakukannya penanganan permasalahan solvabilitas Bank oleh otoritas resolusi.

61. ADDITIONAL INFORMATION THAT IS NOT REQUIRED BY INDONESIAN FINANCIAL ACCOUNTING STANDARDS *(continued)*

The following additional information presented below is information required by regulations and/or additional disclosure prepared by the Group, and is not information required by Indonesian Financial Accounting Standards: (continued)

I. Risk management *(continued)*

2. Preparation of Recovery Plan and Resolution Plan.

The Recovery Plan is a plan to overcome (prevent, recover and repair) financial problems that may occur at Systemic Banks. The preparation of the Recovery Plan is a fulfillment of OJK Regulation No. 14/POJK.03/2017 dated 4 April 2017 concerning Action Plans (Recovery Plan) for Systemic Banks, which is intended to overcome early financial problems that may occur in systemic Banks through a "bail in" mechanism so that it is hoped that these financial problems will not trigger a systemic impact on the national financial system. BNI as a Systemic Bank is obliged to prepare a Recovery Plan to the OJK every year on a regular basis at least 1 (one) time in 1 (one) year and submit an updated Action Plan to the OJK no later than the end of November.

The Resolution Plan is a handling or resolution plan by the Deposit Insurance Corporation (LPS) when the Bank is declared as a failed bank, contained in the Resolution Plan document which is reviewed periodically every 2 (two) years. The preparation of the Resolution Plan is a fulfillment of the Deposit Insurance Corporation Regulation No. 1 of 2021 concerning Resolution Plans for Commercial Banks. The Resolution Plan is a commitment of the Bank, controlling shareholders and/or other parties to realise an effective Bank resolution to reduce systemic disruption to financial system stability and minimise the use of public funds (APBN) in Bank resolutions. The Resolution Plan contains information about the Bank that is in line with the Action Plan which is equipped with analysis of resolution options and potential obstacles to implementing resolution options, as well as communication strategies before handling Bank solvency problems by the resolution authority.

I. Manajemen risiko (lanjutan)

3. Penilaian *Risk Maturity Index* (RMI).

Risk Maturity Index (RMI) merupakan indeks yang digunakan untuk mengukur efektivitas dan kualitas penerapan manajemen risiko dalam melindungi dan menciptakan nilai. Berdasarkan Surat Kementerian BUMN No. S-31/Wk2.MBU.A/09/2020 dimana disampaikan dalam rangka mengimplementasikan rencana strategis Kementerian BUMN tahun 2020–2024, sesuai Peraturan Menteri BUMN No. PER-08/MBU/08/2020 perlu dilakukan penguatan terhadap fungsi Manajemen Risiko salah satunya menetapkan nilai RMI sebagai salah satu indikator kinerja utama peningkatan pengelolaan Risiko BUMN. Hasil *assessment* RMI BNI telah mencapai skor *"Managed"* (tidak diaudit).

Dalam rangka pemenuhan kepatuhan terhadap Peraturan Menteri BUMN No. PER-02/ MBU/03/2023, maka akan dilakukan penilaian RMI secara berkelanjutan dengan memperhatikan keputusan deputi bidang keuangan dan manajemen risiko KBUMN No. SK-8/DKU.MBU/12/2023 tanggal 6 Desember 2023 tentang Petunjuk teknis RMI. Penilaian RMI akan dilakukan berbasis kinerja, yaitu menggabungkan penilaian RMI berdasarkan 5 dimensi yaitu (1) budaya & kapabilitas risiko, (2) organisasi & tata kelola risiko, (3) kerangka risiko & kepatuhan, (4) proses & kontrol risiko, dan (5) model, data, dan teknologi risiko, dengan realisasi kinerja yang terdiri dari Tingkat Kesehatan Peringkat Akhir (*final rating*) dan Peringkat Komposit Risiko.

Pengungkapan lebih lanjut pada manajemen risiko diungkapkan pada Catatan 48.

61. ADDITIONAL INFORMATION THAT IS NOT REQUIRED BY INDONESIAN FINANCIAL ACCOUNTING STANDARDS *(continued)*

The following additional information presented below is information required by regulations and/or additional disclosure prepared by the Group, and is not information required by Indonesian Financial Accounting Standards: (continued)

I. Risk management *(continued)*

3. Risk Maturity Index (RMI) Assessment.

Risk Maturity Index (RMI) is an index used to measure the effectiveness and quality of implementing risk management in protecting and creating value. Based on the Letter of the Ministry of BUMN No. S-31/Wk2.MBU.A/09/2020 which was submitted in order to implement the strategic plan of the Ministry of BUMN for 2020–2024, in accordance with Minister of BUMN Regulation No. PER-08/MBU/08/2020 requires strengthening the Risk Management function, one of which is determining the RMI value as one of the main performance indicators for improving BUMN Risk management. BNI's RMI assessment results have achieved a "Managed" score (unaudited).

In order to fulfill compliance with BUMN Ministerial Regulation No. PER-02/ MBU/03/2023, an ongoing RMI assessment will be carried out taking into account the decision of the deputy for finance and risk management of KBUMN No. SK-8/DKU.MBU/12/2023 dated 6 December 2023 concerning RMI technical instructions. The RMI assessment will be carried out based on performance, namely combining RMI assessments based on 5 dimensions, namely (1) risk culture & capability, (2) risk organization & governance, (3) risk & compliance framework, (4) risk processes & controls, and (5) risk models, data and technology, with performance realisation consisting of Final Rating Health Level and Risk Composite Rating.

The further disclosures on risk management are presented in Note 48.

61. INFORMASI TAMBAHAN YANG TIDAK DIPERSYARATKAN OLEH STANDAR AKUNTANSI KEUANGAN INDONESIA (lanjutan)

I. Manajemen risiko (lanjutan)

Sebagai bagian dari Strategi Manajemen Risiko, BNI menetapkan *Risk Appetite Statement* (RAS). RAS merupakan jenis dan tingkat risiko yang sanggup diambil/dihadapi Bank yang berada dalam kapasitas risiko yang dimiliki dalam rangka mencapai tujuan bisnis. Adapun *Risk Appetite Statement* BNI sebagai berikut:

Risk Appetite	*Risk Appetite Statement*
Permodalan	Memelihara modal sesuai dengan tingkat risiko dan di-reviu secara periodik.
Rentabilitas	Memelihara rentabilitas secara berkesinambungan dalam jangka panjang untuk mendukung pertumbuhan permodalan dan kinerja bank.
Risiko Kredit	a. Memelihara pertumbuhan kredit yang berkualitas fokus pada sektor prioritas. Pemberian kredit kepada sektor industri dan kegiatan usaha berisiko tinggi dilakukan dengan sangat hati-hati dan selektif. b. Mengelola risiko konsentrasi pada level yang menghasilkan *return* optimum. c. Meningkatkan kualitas kredit dan efektivitas pengelolaan kredit bermasalah.
Risiko Pasar	Memelihara tingkat Risiko Pasar sesuai ketentuan dengan tetap memperhatikan pencapaian target bisnis.
Risiko Likuiditas	Memelihara ketersediaan likuiditas sesuai ketentuan dengan tetap memperhatikan pencapaian target bisnis.
Risiko Operasional	a. Intoleransi pada *internal fraud*. b. Integritas sepenuhnya terintegrasi ke dalam semua proses pengambilan keputusan dan perencanaan. c. Bank memiliki *risk appetite* yang rendah atas risiko operasional sehingga perlu perbaikan terus menerus terhadap Kualitas Identifikasi dan Pengendalian Risiko. d. Manajemen risiko yang kuat untuk keberlangsungan layanan IT. e. Menjaga implementasi proyek IT sesuai jadwal yang telah ditetapkan. f. *Business Continuity Management* (BCM) yang kuat untuk meminimalkan dampak *external event* terhadap SDM, layanan dan aset BNI.
Risiko Hukum	Meminimalisir potensi kerugian akibat permasalahan hukum dalam kegiatan usaha BNI.

61. ADDITIONAL INFORMATION THAT IS NOT REQUIRED BY INDONESIAN FINANCIAL ACCOUNTING STANDARDS *(continued)*

The following additional information presented below is information required by regulations and/or additional disclosure prepared by the Group, and is not information required by Indonesian Financial Accounting Standards: (continued)

I. Risk management *(continued)*

As part of the Risk Management Strategy, BNI establishes a Risk Appetite Statement (RAS). RAS is the type and level of risk that a Bank can take/face within its risk capacity in order to achieve business objectives. The BNI Risk Appetite Statement is as follows:

Risk Appetite	*Risk Appetite Statement*
Capital	*Maintaining capital according to the level of risk and reviewed periodically.*
Rentability	*Maintain sustainable profitability in the long term to support capital growth and bank performance.*
Credit Risk	*a. Maintaining quality credit growth focusing on priority sectors. Lending to the industrial sector and high-risk business activities is carried out very carefully and selectively.* *b. Manage concentration risk at a level that generates optimum returns.* *c. Improving credit quality and effectiveness in managing non-performing loans.*
Market Risk	*Maintaining the level of Market Risk in accordance with regulations while taking into account the achievement of business targets.*
Liquidity Risk	*Maintaining the availability of liquidity in accordance with the provisions by taking into account the achievement of business targets.*
Operational Risk	*a. Intolerance to internal fraud.* *b. Integrity is fully integrated into all decision-making and planning processes.* *c. Bank has a low risk appetite for operational risks so it needs continuous improvement in the Quality of Risk Identification and Control.* *d. Strong risk management for continuity of IT services.* *e. Maintain the implementation of IT projects according to a predetermined schedule.* *f. Strong Business Continuity Management (BCM) to minimise the impact of external events on HR, BNI services and assets.*
Legal Risk	*Minimizing potential losses due to legal issues in BNI's business activities.*

61. INFORMASI TAMBAHAN YANG TIDAK DIPERSYARATKAN OLEH STANDAR AKUNTANSI KEUANGAN INDONESIA (lanjutan)

Informasi tambahan yang disajikan di bawah ini merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia: (lanjutan)

I. Manajemen risiko (lanjutan)

Sebagai bagian dari Strategi Manajemen Risiko, BNI menetapkan *Risk Appetite Statement* (RAS). RAS merupakan jenis dan tingkat risiko yang sanggup diambil/dihadapi Bank yang berada dalam kapasitas risiko yang dimiliki dalam rangka mencapai tujuan bisnis. Adapun *Risk Appetite Statement* BNI sebagai berikut:

Risk Appetite	*Risk Appetite Statement*
Risiko Stratejik	a. Menghasilkan pendapatan yang berkelanjutan dengan risiko yang terjaga. b. Memelihara kecukupan permodalan berada di atas ketentuan minimum regulator dan memenuhi kebutuhan saat normal maupun krisis. c. Menjaga kinerja bisnis yang berkelanjutan dengan risiko yang terjaga. d. Menjaga Tingkat Kesehatan Bank minimal pada predikat Sehat.
Risiko Kepatuhan	Meminimalisir secara berkelanjutan denda dari Regulator sehingga menurun dari waktu ke waktu.
Risiko Reputasi	a. Menjaga *rating* BNI tetap *investment grade*. b. Meningkatkan kepercayaan dan persepsi positif melalui *Customer Journey* untuk mendukung pertumbuhan bisnis.

Agar penerapan manajemen risiko dapat berjalan secara efektif, BNI menyusun *Risk Governance* sebagai bagian dari sistem Tata Kelola Perusahaan (*Corporate Governance*) yang fokus pada struktur, proses dan pendekatan pengelolaan risiko dalam upaya pencapaian tujuan bisnis.

Inisiatif dan langkah-langkah penyempurnaan telah dilakukan untuk meletakkan landasan yang kuat dalam manajemen risiko di BNI yang mencakup aspek-aspek organisasi, strategi, sistem informasi dan operasi, serta pengembangan sumber daya manusia. BNI juga telah melakukan langkah-langkah antisipatif yang menyentuh aspek humanis dan personal setiap individu BNI, yaitu dengan membangun budaya risiko yang kuat yang merupakan bagian dari budaya perusahaan BNI. BNI terus berupaya untuk meningkatkan budaya risiko segenap insan BNI agar tercipta budaya risiko yang kuat.

I. Risk management *(continued)*

As part of the Risk Management Strategy, BNI establishes a Risk Appetite Statement (RAS). RAS is the type and level of risk that a Bank can take/face within its risk capacity in order to achieve business objectives. The BNI Risk Appetite Statement is as follows:

Risk Appetite	*Risk Appetite Statement*
Strategic Risk	*a. Generate sustainable income with manageable risk.* *b. Maintaining capital adequacy that is above the minimum regulatory requirements and meets needs during normal and crisis times.* *c. Maintain sustainable business performance with controlled risks.* *d. Maintaining the Bank's Health Level at a minimum of the Healthy predicate.*
Compliance Risk	*Minimising on an ongoing basis fines from Regulators so that they decrease over time.*
Reputation Risk	*a. Maintaining BNI's investment grade rating.* *b. Increase trust and positive perceptions through Customer Journey to support business growth.*

Risk Governance is formed to enforce the effectiveness of risk management implementation, and as a part of Corporate Governance system, which focuses on structure, process and approach to risk management in achieving the business goals.

Initiatives and corrective actions have been taken to build a solid foundation for BNI's risk management, covering aspect of organization, strategies, information system and operations, and human capital. BNI has taken some anticipatory actions related to humanity and personal aspects of each individual of BNI by implementing risk culture enhancement to build a strong risk culture that is part of the BNI's company culture. BNI constantly strives to improve employee's risk culture in order to create a strong risk culture.

Pengungkapan lebih lanjut pada risiko pasar diungkapkan pada Catatan 51.

The further disclosures on market risk are presented in Note 51.

61. INFORMASI TAMBAHAN YANG TIDAK DIPERSYARATKAN OLEH STANDAR AKUNTANSI KEUANGAN INDONESIA (lanjutan)

Informasi tambahan yang disajikan di bawah ini merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia: (lanjutan)

n. Risiko operasional

Risiko Operasional terjadi karena adanya ketidakcukupan atau tidak berfungsinya proses internal, kesalahan manusia, kegagalan sistem, atau adanya gangguan eksternal yang memengaruhi operasional Bank. Kejadian Risiko Operasional merupakan kejadian risiko yang melekat pada setiap proses bisnis dan operasional yang dijalankan Bank dan dapat memicu terjadinya risiko reputasi, risiko hukum, risiko kepatuhan, serta risiko lainnya apabila tidak dikelola dengan baik.

Dalam rangka menerapkan manajemen risiko operasional, BNI mengacu pada ketentuan Otoritas Jasa Keuangan, Bank Indonesia, serta *International Best Practices*. BNI juga memiliki prosedur manajemen risiko operasional yang disusun dan dievaluasi secara berkala sebagai pedoman bagi segenap unit kerja dalam melaksanakan kerangka kerja manajemen risiko operasional yang telah ditetapkan oleh Bank. Strategi Manajemen Risiko Operasional dirumuskan sesuai strategi dan tujuan bisnis secara keseluruhan dengan memerhatikan tingkat risiko yang akan diambil (*risk appetite*) dan toleransi risiko (*risk tolerance*).

Tata kelola manajemen risiko operasional diimplementasikan berdasarkan konsep *Three Lines Model* yang membedakan antara Satuan Kerja Operasional (*Risk Taking Unit*) yang merupakan *Risk and Control Owner*, Satuan Kerja Manajemen Risiko yang independen dan Satuan Kerja Audit Intern. Satuan Kerja Operasional dalam konteks risiko operasional bermitra dengan *Senior Operational Risk Executive* (SORX) dalam memitigasi risiko yang dihadapi pada area cakupan atau sektor masing-masing. Satuan Kerja Manajemen Risiko bertugas memantau risiko dan menyediakan kebijakan/prosedur terkait manajemen risiko serta mereviu produk Bank baru. Satuan Kerja Audit Intern bertugas memastikan efektivitas pengelolaan risiko dan pengendalian intern.

61. ADDITIONAL INFORMATION THAT IS NOT REQUIRED BY INDONESIAN FINANCIAL ACCOUNTING STANDARDS *(continued)*

The following additional information presented below is information required by regulations and/or additional disclosure prepared by the Group, and is not information required by Indonesian Financial Accounting Standards: (continued)

n. Operational risk

Operational risk arises from inadequate or failed internal processes, human errors. system failures, or external events that disrupt the Bank's operations. Operational risks are inherent in all business and operational activities, and if not effectively managed, they may lead to reputational, legal, compliance, or other related risks.

In implementing operational risk management, BNI refers to the regulations of the Financial Authority Regulations, Bank Indonesia, and International Best Practices. BNI has also established operational risk management procedures, which are reviewed and updated regularly, to serve as guidelines for all work units in applying the Bank's operational risk management framework. The Operational Risk Management Strategy is formulated in alignment with the Bank's overall business strategies and objectives, taking into account the defined risk appetite and risk tolerance.

Operational risk management governance is implemented based on the Three Lines Model concept which differentiates between Risk Taking Units (RTU) that have the role as Risk and Control Owner, Risk Management Units that are independent to RTU, and Internal Audit. The Risk Taking Unit functions are carried out by the Operation Units and together with the Senior Operational Risk Executive (SORX) mitigating the potential operational risks. Risk Management Units are monitoring risks and providing policies/procedures related to risk management to minimize risks and reviewing new Bank products. Internal Audit is ensuring the effectiveness of risk management and internal control.

61. INFORMASI TAMBAHAN YANG TIDAK DIPERSYARATKAN OLEH STANDAR AKUNTANSI KEUANGAN INDONESIA (lanjutan)

Informasi tambahan yang disajikan di bawah ini merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia: (lanjutan)

n. Risiko operasional (lanjutan)

Proses manajemen risiko operasional dilakukan oleh segenap unit baik Lini Pertama (*maker-checker*, *segregation of duties*, rekonsiliasi, dll), Lini Kedua (*framework*, kebijakan, prosedur, dll), dan Lini Ketiga (audit secara berkala). Salah satu proses manajemen risiko operasional yang dilakukan di BNI adalah proses *Risk Control Self-Assessment* (RCSA) yang merupakan sebuah proses identifikasi, pengukuran, pemantauan, dan pengendalian risiko operasional yang dilakukan periodik secara *self-assessment* oleh segenap unit kerja, yang bertujuan untuk mengidentifikasi potensi kelemahan kontrol yang ada sehingga risiko dapat dimitigasi sedini mungkin. Pada proses identifikasi risiko, telah ditetapkan taksonomi risiko operasional sebagai acuan dalam pemetaan semua risiko yang ada, sehingga identifikasi menjadi lebih granular dan tindak lanjut serta prioritas yang diambil dapat menjadi lebih fokus.

Proses RCSA merupakan dasar untuk mengidentifikasikan *Control Improvement Plan* (CIP) atau perbaikan kontrol yang dibutuhkan. Selain bersumber dari aktivitas RCSA, CIP juga dapat dihasilkan dari tindak lanjut kejadian risiko operasional serta proses identifikasi lainnya. Hal ini bertujuan agar perbaikan dan peningkatan kontrol dilakukan secara berkelanjutan serta merupakan cerminan dari budaya risiko yang kuat

Terkait dengan kejadian risiko operasional, BNI menetapkan mekanisme identifikasi kejadian risiko operasional, mencatat, melaporkan dan menganalisis kejadian yang ada melalui prosedur *Operational Risk Event* (ORE) *Management*. ORE sebagai suatu sarana untuk menganalisa akar permasalahan dan menyusun tindak lanjut yang diperlukan melalui tindakan preventif kedepannya dan tindakan remediasi yang diperlukan. Selain itu, BNI memiliki mekanisme pelaporan Risiko Operasional sebagai pertimbangan dalam pengambilan keputusan strategis dan eskalasi kepada Manajemen dengan tujuan kecepatan informasi atas kejadian risiko operasional disertai dengan tindak lanjut.

61. ADDITIONAL INFORMATION THAT IS NOT REQUIRED BY INDONESIAN FINANCIAL ACCOUNTING STANDARDS *(continued)*

The following additional information presented below is information required by regulations and/or additional disclosure prepared by the Group, and is not information required by Indonesian Financial Accounting Standards: (continued)

n. Operational risk *(continued)*

The operational risk management process is implemented across all units, including the First Line (e.g., maker-checker, segregation of duties, reconciliation, etc), the Second Line (e.g., frameworks, policies, procedures, etc), and the Third Line (e.g., periodic audits). One of the operational risk management activities at BNI is the Risk Control Self-Assessment (RCSA), a process involving the periodic identification, measurement, monitoring, and control of operational risks through self-assessment conducted by all RTU, with the objective of identifying potential weaknesses in existing controls so that risks can be mitigated as early as possible. As part of the risk identification process, BNI has established an operational risk taxonomy to serve as a reference for mapping all identified risks. This taxonomy enables more granular identification of risks, thereby allowing for more focused prioritization and follow-up actions.

The RCSA process as foundation for identifying the Control Improvement Plan (CIP), or enhancements to existing controls. CIP may also be derived from follow-up actions related to operational risk events and other risk identification processes. This approach ensures that control improvements are implemented continuously and reflect a strong risk culture.

In managing operational risk events, BNI has established a structured mechanism for identifying, recording, reporting, and analyzing incidents through the Operational Risk Event (ORE) Management procedure. The ORE process serves as a tool to analyze root causes and formulate necessary follow-up actions, including preventive measures and remediation efforts. In addition, BNI has implemented an operational risk reporting mechanism to support strategic decision-making and escalation to Management, aiming to ensure timely information and appropriate response to operational risk events.

Informasi tambahan yang disajikan di bawah ini merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia: (lanjutan)

n. Risiko operasional (lanjutan)

Dalam perhitungan Aset Tertimbang Menurut Risiko (ATMR) untuk Risiko Operasional BNI menggunakan Pendekatan Standar sesuai dengan regulasi dari Otoritas Jasa Keuangan (OJK) yang dipergunakan sebagai salah satu elemen dalam mengukur kecukupan modal (*Capital Adequacy Ratio*).

Proses manajemen risiko operasional memerlukan dukungan organisasi dengan gambaran jelas terkait tugas dan tanggung jawab yang dipahami secara utuh oleh semua unit kerja. Mekanisme *maker* dan *checker* yang dijalankan secara konsisten terjadi dalam organisasi sehingga proses manajemen risiko operasional dapat berjalan sesuai dengan yang direncanakan.

Penggunaan dan penerapan teknologi informasi dapat mendukung proses manajemen risiko operasional sesuai kompleksitas Bank dan otomasi proses kontrol dapat memaksimalkan upaya mitigasi risiko. Data yang terintegrasi untuk risiko operasional dapat menghasilkan informasi yang lengkap dan akurat yang dapat digunakan dalam pengelolaan risiko operasional dan sebagai data pendukung dalam pengambilan keputusan oleh manajemen. Untuk memenuhi kebutuhan tersebut, BNI telah mengembangkan *Operational Risk Management System* (ORMS).

Pondasi yang terpenting dan fundamental dalam manajemen risiko operasional di BNI adalah budaya risiko yang kuat, perilaku pegawai yang sesuai atas *risk* & *control*, dan mindset yang tepat atas manajemen risiko. Dengan terpenuhinya aspek ini, maka proses manajemen risiko dapat berjalan dengan efektif dimana garda terdepan yang berhadapan dengan risiko dapat secara optimal memitigasi risiko dan hal ini juga akan dilengkapi oleh metodologi lainnya, sehingga upaya manajemen risiko dapat bermanfaat secara maksimal. Upaya - upaya untuk meningkatkan budaya risiko operasional dilakukan antara lain melalui berbagai program *risk awareness* yang disampaikan secara konsisten, berkelanjutan, dan fokus melalui berbagai macam media seperti buletin, poster, PC *wallpaper*, *video*, dan lain sebagainya.

61. ADDITIONAL INFORMATION THAT IS NOT REQUIRED BY INDONESIAN FINANCIAL ACCOUNTING STANDARDS *(continued)*

The following additional information presented below is information required by regulations and/or additional disclosure prepared by the Group, and is not information required by Indonesian Financial Accounting Standards: (continued)

n. Operational risk *(continued)*

For the calculation of Risk-Weighted Assets (RWA) related to operational risk, BNI adopts the Standardized Approach in accordance with regulations issued by the Financial Services Authority (Otoritas Jasa Keuangan/ OJK) which is used as one of the elements in measuring capital adequacy (Capital Adequacy Ratio.

The operational risk management process necessitates strong organizational support, with clearly defined roles and responsibilities that are well understood by all work units. The maker and checker mechanisms are consistently implemented within the organization to ensure that the operational risk management process functions as intended.

The utilization of information technology can support the operational risk management process, which align with the Bank's complexity and automation of control processes, can enhance risk mitigation efforts. Integrated data related to operational risk enables the generation of complete and accurate information, which is essential for effective risk management and serves as a valuable resource for management decision-making. To address these needs, BNI has developed the Operational Risk Management System (ORMS).

The most important and fundamental foundation of operational risk management in BNI is a strong risk culture, appropriate employee behavior regarding risk and control, and the right mindset toward risk management. By fulfilling these aspects, the risk management process can be implemented effectively, enabling the front line to optimally mitigate risks. These efforts are further supported by complementary methodologies to ensure that risk management delivers maximum value. Initiatives to enhance the operational risk culture are carried out through various risk awareness programs that are delivered consistently, continuously, and in a focused manner through multiple media channels, such as bulletins, posters, PC wallpapers, videos, and more.

61. INFORMASI TAMBAHAN YANG TIDAK DIPERSYARATKAN OLEH STANDAR AKUNTANSI KEUANGAN INDONESIA (lanjutan)

Informasi tambahan yang disajikan di bawah ini merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia: (lanjutan)

n. Risiko operasional (lanjutan)

Terkait dengan kelangsungan usaha bila terjadi kondisi *disaster* (bencana), BNI sudah mempunyai prosedur *Business Continuity Management* (BCM), yaitu suatu mekanisme formal yang merupakan kombinasi antara strategi, prosedur, dan organisasi yang dikembangkan untuk memastikan kelangsungan operasional dari fungsi-fungsi usaha yang kritikal pada tingkat layanan tertentu pada saat terjadi gangguan atau bencana. Prosedur ini mencakup semua unit usaha yang ada di BNI, baik di dalam negeri maupun di luar negeri. Untuk meningkatkan kesiapan terhadap penanganan insiden, BNI melakukan pengkinian dokumen dan pengujian BCM secara teratur.

BNI memiliki infrastruktur yang dibutuhkan dalam implementasi BCM seperti *Data Center* (DC), *Disaster Recovery Center* (DRC), dan Lokasi Alternatif Gedung BCM.

o. Manajemen modal

Pada tanggal 31 Desember 2025 dan 2024, Bank telah memenuhi semua persyaratan modal yang diwajibkan.

Rasio Liabilitas Penyediaan Modal Minimum

Rasio Liabilitas Penyediaan Modal Minimum (*Capital Adequacy Ratio* (CAR)) adalah rasio modal terhadap aset tertimbang menurut risiko (*Risk - Weighted Assets* (RWA)). Berdasarkan peraturan Bank Indonesia, jumlah modal untuk risiko kredit terdiri dari Modal Inti ("Tier I") dan Modal Pelengkap ("Tier II") dikurangi penyertaan pada Entitas Anak. Sesuai dengan Peraturan OJK No. 11/POJK.03/2016, Peraturan OJK No. 34/POJK.03/2016, dan Peraturan OJK No. 27 Tahun 2022 tentang Kewajiban Penyediaan Modal Minimum Bank Umum dan Surat Edaran OJK No.9/SEOJK.03/2020 tentang Transparansi dan Publikasi Laporan Bank Umum Konvensional, sejak akhir bulan September 2016, Cadangan Tujuan tidak dapat lagi diperhitungkan sebagai komponen Modal Bank.

61. ADDITIONAL INFORMATION THAT IS NOT REQUIRED BY INDONESIAN FINANCIAL ACCOUNTING STANDARDS *(continued)*

The following additional information presented below is information required by regulations and/or additional disclosure prepared by the Group, and is not information required by Indonesian Financial Accounting Standards: (continued)

n. Operational risk *(continued)*

To ensure business continuity in the event of a disaster, BNI has established a Business Continuity Management (BCM) framework - a formal mechanism comprising strategies, procedures, and organizational structures designed to maintain the continuity of critical business functions at a predefined service level during disruptions or disasters. This procedure covers all of BNI's business units, both domestic and international. To enhance incident response readiness, BNI regularly updates and tests its BCM documentation.

BNI has the infrastructure needed to implement BCM such as Data Center (DC), Disaster Recovery Center (DRC), and BCM Alternative Site.

o. Capital management

As of 31 December 2025 and 2024, the Bank has complied with all capital requirements.

Capital Adequacy Ratio

The Capital Adequacy Ratio (CAR) is the ratio of the Bank's capital over its Risk - Weighted Assets (RWA). Based on Bank Indonesia regulations, the total capital for credit risk consists of core capital (Tier I) and supplementary capital (Tier II) less investments in Subsidiaries. In accordance with OJK Regulation No. 11/POJK.03/2016, OJK Regulation No. 34/POJK.03/2016, OJK Regulation No. 27 of 2022 concerning the Minimum Capital Requirement for Commercial Banks and OJK Circular Letter No.9/SEOJK.03/2020 on Transparency and Publication Conventional Commercial Bank Report, since the end of September 2016, Specific Reserves can no longer be taken into account as a component of Bank's Capital.

61. INFORMASI TAMBAHAN YANG TIDAK DIPERSYARATKAN OLEH STANDAR AKUNTANSI KEUANGAN INDONESIA (lanjutan)

Informasi tambahan yang disajikan di bawah ini merupakan informasi yang disyaratkan oleh regulasi dan/atau pengungkapan tambahan yang dibuat oleh Grup, yang bukan merupakan informasi yang dipersyaratkan oleh Standar Akuntansi Keuangan Indonesia: (lanjutan)

o. Manajemen modal (lanjutan)

Rasio Liabilitas Penyediaan Modal Minimum (lanjutan)

Rasio Kecukupan Modal (hanya BNI) pada tanggal-tanggal 31 Desember 2025 dan 2024 adalah sebagai berikut:

61. ADDITIONAL INFORMATION THAT IS NOT REQUIRED BY INDONESIAN FINANCIAL ACCOUNTING STANDARDS *(continued)*

The following additional information presented below is information required by regulations and/or additional disclosure prepared by the Group, and is not information required by Indonesian Financial Accounting Standards: (continued)

o. Capital management *(continued)*

Capital Adequacy Ratio (continued)

The Capital Adequacy Ratio of BNI (BNI only) as of 31 December 2025 and 2024 is as follows:

	2025	2024	
BNI - tanpa memperhitungkan risiko pasar			***BNI - without considering market risk***
Aset Tertimbang Menurut Risiko	749,998,108	660,200,271	*Risk Weighted Assets*

Rasio Liabilitas Penyediaan Modal Minimum BNI	20.66%	21.40%	*Capital Adequacy Ratio*
Rasio Liabilitas Penyediaan Modal Minimum yang diwajibkan oleh Otoritas Jasa Keuangan	9.95%	9.80%	*Minimum Capital Adequacy Ratio required by Financial Service Authority*

62. PERISTIWA SETELAH PERIODE PELAPORAN

Berdasarkan Surat Kepala Badan Pengaturan Badan Usaha Milik Negara Republik Indonesia ("BP BUMN") No. S-18/BPU/01/2026 tanggal 6 Januari 2026 dan Surat PT Danantara Asset Management (Persero) ("DAM") No. SR.005/DI-DAM/DO/2026 tanggal 6 Januari 2026, yang keduanya ditujukan kepada Bank, BP BUMN dan DAM pada pokoknya menyampaikan bahwa pada tanggal 5 Januari 2026 telah dilaksanakan penandatanganan perjanjian pengalihan sebagian saham seri B milik DAM pada Bank kepada BP BUMN.

Pengalihan saham milik DAM kepada BP BUMN dalam rangka pelaksanaan Undang-Undang Nomor 16 Tahun 2025 yang mengatur kepemilikan saham Negara melalui Kepala BP BUMN sebesar 1% (satu persen) dari total kepemilikan Negara Republik Indonesia baik secara langsung maupun tidak langsung pada Bank. Jumlah saham ini sebelum dan sesudah perolehan adalah sebagai berikut:

- Sebelum: 434.012.799 (empat ratus tiga puluh empat juta dua belas ribu tujuh ratus sembilan puluh sembilan) lembar saham seri B milik DAM.
- Sesudah: 223.783.877 (dua ratus dua puluh tiga juta tujuh ratus delapan puluh tiga ribu delapan ratus tujuh puluh tujuh) lembar saham Seri B milik BP BUMN dan 210.228.922 (dua ratus sepuluh juta dua ratus dua puluh delapan ribu sembilan ratus dua puluh dua) lembar saham seri B milik DAM.

Persentase kepemilikan saham sebelum dan sesudah perolehan adalah sebagai berikut:

- Sebelum: BP BUMN 0,0000% (nol koma nol nol nol nol persen), dan DAM 1,16% (satu koma satu enam persen) seri B dan 58,84% (lima puluh delapan koma delapan empat persen) seri C.
- Sesudah: BP BUMN 0,60% (nol koma enam nol persen), dan DAM 0,56% (nol koma lima enam persen) seri B dan 58,84% (lima puluh delapan koma delapan empat persen) seri C.

62. SUBSEQUENT EVENT

Based on the Letter of the Head of the State-Owned Enterprises Regulatory Agency of the Republic of Indonesia ("BP BUMN") No. S-18/BPU/01/2026 dated 6 January 2026 and the Letter of PT Danantara Asset Management (Persero) ("DAM") No. SR.005/DI-DAM/DO/2026 dated 6 January 2026, both addressed to the Bank, BP BUMN and DAM essentially conveyed that on 5 January 2026 a share transfer agreement had been executed for the transfer of a portion of DAM's Series B shares in the Bank to BP BUMN.

Transfer of shares owned by DAM to BP BUMN in the context of the implementation of Law Number 16 of 2025 which require the State, through the Head of BP BUMN to hold a 1% (one percent) of the total ownership of the Republic of Indonesia, whether directly or indirectly, in the Bank. These number of shares before and after the acquisition is as follows:

- *Before: 434,012,799 (four hundred thirty-four million twelve thousand seven hundred ninety-nine) Series B shares held by DAM.*
- *After: 223,783,877 (two hundred twenty-three million seven hundred eighty-three thousand eight hundred seventy-seven) Series B shares held by BP BUMN and 210,228,922 (two hundred ten million two hundred twenty-eight thousand nine hundred twenty-two) Series B shares held by DAM.*

The percentage of share ownership before and after the acquisition is as follows:

- *Before: BP BUMN 0.0000% (zero point zero zero zero zero percent), and DAM 1.16% (one point one six percent) in Series B shares and 58.84% (fifty-eight point eight four percent) in Series C shares.*
- *After: BP BUMN 0.60% (zero point six zero percent), and DAM 0.56% (zero point five six percent) in Series B shares and 58.84% (fifty-eight point eight four percent) in Series C shares.*

1. Ikhtisar kebijakan akuntansi yang penting

Dasar penyusunan laporan keuangan tersendiri entitas induk.

Laporan keuangan tersendiri entitas induk disusun sesuai dengan Pernyataan Standar Akuntansi Keuangan ("PSAK") 227, "Laporan Keuangan Tersendiri".

PSAK 227 mengatur dalam hal entitas menyajikan laporan keuangan tersendiri maka laporan tersebut hanya dapat disajikan sebagai informasi tambahan dalam laporan keuangan konsolidasian. Laporan keuangan tersendiri adalah laporan yang disajikan oleh entitas induk yang mencatat investasi pada entitas anak, entitas asosiasi, dan pengendalian bersama entitas berdasarkan kepemilikan ekuitas langsung bukan berdasarkan pelaporan hasil dan aset bersih *investee*.

Kebijakan akuntansi yang diterapkan dalam penyusunan laporan keuangan tersendiri entitas induk adalah sama dengan kebijakan akuntansi yang diterapkan dalam penyusunan laporan keuangan konsolidasian sebagaimana diungkapkan pada Catatan 2 atas laporan keuangan konsolidasian, kecuali untuk penyertaan pada Entitas Anak yang disajikan pada biaya perolehan.

2. Penyertaan Saham

Informasi mengenai Entitas Anak yang dimiliki Bank diungkapkan pada Catatan 1j atas laporan keuangan konsolidasian.

1. Summary of significant accounting policies

Basis of preparation of the separate financial statements of the parent entity.

The separate financial statements of the parent entity are prepared in accordance with the statement of Financial Accounting Standards ("SFAS") 227, "Separate Financial Statements".

SFAS 227 regulates that when an entity presents the separate financial statements, such financial statements should be presented as supplementary information to the consolidated financial statements. Separate financial statements are those presented by a parent entity, in which the investments of subsidiaries, associated entities and jointly controlled entities are accounted for on the basis of the direct equity interest rather than on the basis of the reported results and net assets of the investees.

Accounting policies adopted in the preparation of the parent entity separate financial statements are the same as the accounting policies adopted in the preparation of the consolidated financial statements as disclosed in Note 2 to the consolidated financial statements, except for investments in Subsidiaries which are stated at cost.

2. Equity Investment

Information pertaining to Subsidiaries of the Bank is disclosed in Note 1j to the consolidated financial statements.

SEOJK No. 16/SEOJK.04/2021: Annual Report of Public Company

Description			Page
I.	**General Provision**		
	1.	In this Financial Services Authority Circular Letter what is meant by:	
		a. The Annual Report is a report on the Board of Directors and Board of Commissioners accountability in managing and supervising issuers or public companies within a period of 1 (one) fiscal year to the general meeting of shareholders prepared based on the provisions of the Financial Services Authority Regulation concerning the Annual Report of issuers or public companies	√
		b. Issuers are parties who make public offerings	√
		c. A Public Company is a company whose shares are owned by at least 300 (three hundred) shareholders and has a paid-up capital of at least Rp3,000,000,000.00 (three billion rupiah) or a number of shareholders and paid-up capital as determined by the Financial Services Authority	√
		d. A Public Company is an Issuer that has made a public offering of equity securities or a Publically- listed Company	√
		e. A Sustainability Report is a report published to the public that contains the economic, financial, social, and environmental performance of a financial service institution, Issuer, and Public Company in running a sustainable business	√
		f Board of Directors:	
		1) For an Issuer or a Public Company in the form of a limited liability company, it is the Board of Directors as referred to in the Financial Services Authority Regulation concerning the Board of Directors and Board of Commissioners of an Issuer or Public Company; and	√
		2) For an Issuer or a Public Company in the form of a legal entity other than a limited liability company, it is the body that carries out the management of the legal entity as referred to in the laws and regulations concerning the legal entity.	√
		g. Board of Commissioners:	
		1) For an Issuer or a Public Company in the form of a limited liability company, the Board of Commissioners as referred to in the Financial Services Authority Regulation concerning the Board of Directors and Board of Commissioners of an Issuer or Public Company; and	√
		2) For the Issuer or Public Company in the form of a legal entity other than a limited liability company, it is the body that supervises the legal entity as referred to in the laws and regulations concerning the legal entity.	√
		h. General Meeting of Shareholders hereinafter abbreviated as GMS:	
		1) For an Issuer or a Public Company in the form of a limited liability company, it is the GMS as referred to in the Financial Services Authority Regulation concerning the Planning and Organizing of the General Meeting of Shareholders of a Public Company; and	√
		2) For an Issuer or Public Company in the form of a legal entity other than a limited liability company, it is the body that has authority that is not given to any other body that carries out management and supervisory functions, within the limits specified in the legislation and/or articles of association governing the legal entity.	√
	2.	The Annual Report of Issuers or Public Companies is an important source of information for investors or shareholders as one of the basic considerations in making investment decisions and a means of supervision of Issuers or Public Companies.	√
	3.	Along with the development of the capital market and the increasing need for information disclosure by investors or shareholders, the Board of Directors and the Board of Commissioners are required to present quality, accurate, and accountable information through the Annual Reports of Issuers or Public Companies.	√
	4.	Annual Reports that are prepared regularly and informatively can provide convenience for investors or shareholders and stakeholders in obtaining the required information.	√
	5	This Financial Services Authority Circular is a guideline for Issuers or Public Companies that must be applied in preparing Annual Reports and Sustainability Reports.	√
II.	**Format of Annual Report**		
	1.	Annual Report should be presented in the printed format and in electronic document copy.	√
	2.	The printed version of the Annual Report should be printed on light-colored paper of fine quality, in A4 size, bound and can be reproduced in good quality.	√
	3.	The Annual Report may present information in the form of pictures, graphs, tables, and/or diagrams by including clear titles and/or descriptions, so that they are easy to read and understand.	√
	4.	The Annual Report presented in electronic document format is the Annual Report converted into pdf format.	√

Description	Page
III. Content of Annual Report	
1. Annual Report should contain at least the following information:	
a. Summary of key financial information;	24-27
b. Stock information (if any);	33-35
c. The Board of Directors report;	62-80
d. The Board of Commissioners report;	48-60
e. Profile of Issuer or Public Company;	86-235
f. Management discussion and analysis;	236-437
g. Corporate governance applied by the Issuer or Public Company;	648-1213
h. Corporate social and environmental responsibility of the Issuer or Public Company;	Sustainability Report
i. Audited annual report; and	1248-1583
j. Statement that the Board of Directors and the Board of Commissioners are fully responsible for the Annual Report;	84-85
2. Description of Content of Annual Report	
a. Summary of Key Financial Information	
Summary of Key Financial Information contains financial information presented in comparison with previous 3 (three) fiscal years or since commencement of business if the Issuers or the Public Company commencing the business less than 3 (three) years, at least contain:	
1) income/sales;

Description		Page
VI.	**Information Related to the Bank's Business Group (if applicable) The Bank's business group consists of entities consolidated by the Bank or entities with joint arrangements with the Bank in accordance with financial accounting standards. Banks that are part of a business group and/or have Subsidiaries shall additionally disclose the following:**	
	A. Bank business group structure which includes:	
	1. The structure of the Bank's business group, including the Bank, Subsidiaries, related companies (sister companies), Parent Entity up to the final controlling shareholder;	180, 187, 200-201
	2. The structure of management relationships within the Bank's business group; and	
	3. Shareholders acting on behalf of other shareholders. The definition of a shareholder acting on behalf of another shareholder is an individual shareholder or entity that has a common goal of controlling the Bank, based or not based on an agreement;	
	B. Transactions between the Bank and parties that have special relationships within the Bank's business group, taking into account:	
	1. Information on transactions with related parties, whether carried out by the Bank or by any entity within the Bank's business group operating in the financial sector with the Bank;	414-421
	2. Types of transactions with related parties include:	
	a. Cross-ownership;	
	b. transactions of one business group acting for the benefit of another business group;	
	c. short-term liquidity management within a business group;	
	d. provision of funds provided or received by other entities within a business group;	
	e. exposure to the majority shareholder, including in the form of credit, commitments, and contingencies; and	
	f. purchase, sale, and/or lease of assets with other entities within a business group, including those conducted under repurchase agreements (repos);	
	C. Transactions with related parties conducted by any entity within the Bank's financial group;	**414-421**
	D. Provision of funds, commitments, or other comparable facilities from any entity within the Bank's business group to debtors and/or parties who have received funds from the Bank; and	**422**
	E. The existence of prohibitions, restrictions, and/or other significant obstacles to transferring funds or meeting capital requirements required by the competent authorities between the Bank and other entities within the same business group.	**422**
VII.	**Governance Implementation Report**	
	The scope and guidelines for completion refer to the Financial Services Authority's provisions regarding the implementation of governance for commercial banks.	648-1191
VII.	**Internal Control Report in the Bank's Financial Reporting Process**	
	The internal control report in the Bank's financial reporting process complies with Financial Services Authority regulations regarding the integrity of bank financial reporting.	1004-1006
VIII.	**Financial reports audited by a public accountant registered with the Financial Services Authority, including the independent auditor's report.**	**1248-1583**
IX.	**Other reports in accordance with statutory provisions.**	
	Other reports include reports that can be combined or separated from the Financial Publication Report and annual financial performance information in accordance with statutory provisions, including:	
	A. An annual report on the implementation of integrated governance for a Bank that is a holding company of a financial conglomerate in accordance with the Financial Services Authority Regulation concerning the implementation of integrated governance for financial conglomerates;	**1142**
	B. A public company plan approved at a general meeting of shareholders that has not been implemented within 12 (twelve) months from the date of approval at the general meeting of shareholders for a Bank that is a public company in accordance with the Financial Services Authority Regulation concerning the implementation of capital market activities;	**N.A**
	C. Complaint handling materials in accordance with the Financial Services Authority Regulation concerning consumer and public protection in the financial services sector;	**1108-1110**
	D. A sustainability report in accordance with the Financial Services Authority's provisions concerning the implementation of sustainable finance for financial services institutions, issuers, and public companies; and/or	√
	E. A report on the implementation of social and environmental responsibility in accordance with the provisions of laws and regulations concerning social and environmental responsibility for limited liability companies, including social responsibility implemented by a UUS for Banks with UUS.	**Sustainability Report**
	If the Bank has presented other reports as referred to in letters A) through E) above in a separate report, the Bank is exempt from disclosing such reports in the Annual Financial Published Report and financial performance information. For example, the Bank presents a sustainability report in a separate report, then the Bank does not disclose the report in the Financial Publication Report and annual financial performance information.	√
X.	**Additional Information for Banks that are Issuers or Public Companies**	
	Banks that are issuers or public companies must supplement the scope of information as stipulated in the Financial Services Authority regulations regarding the format and content of annual reports for issuers or public companies.	√
